# The Budget Summary

---

The FY 2020 Executive Budget strengthens State Government's solid fiscal position – paying down debt and saving for the future, all while making responsible investments that will benefit Arizonans now and for generations.

**"Four years ago we were broke. Today, it's not by accident-- I stand before you with the largest projected budget surplus in a decade.**

**"But we're not going on a spending spree. We're going to live within our means. We're going to fulfill teacher pay raises, and we're going to be better prepared for the next downturn so it doesn't become a calamity.**

**"Whatever limited new spending we do will be smart and targeted and aimed at helping the people who need it most, so they can access the abundant opportunity that is Arizona."**

Gov. Doug Ducey, 2019 Inaugural Address

Arizona remains a place of opportunity for all. Since taking office in January 2015, Governor Ducey has sought to move the Grand Canyon State forward on the things that matter greatly to the majority of Arizonans:

- A balanced State budget.
- Significant investments in teachers and students.
- Protecting our most vulnerable adults and children.
- Combating opioid addiction.
- Securing our border.
- Supporting public safety and first responders.
- Protecting Lake Mead and our water future.
- Embracing innovation that grows jobs and opportunity.

All of this is done in a fiscally responsible manner. Average spending growth over the past five years remains at 4.5% compared to 11.0% in the five years leading up to the Great Recession. The Executive Budget preserves future financial flexibility by ensuring that more than half of the new FY 2020 investments are one-time, doubling the State's Rainy Day Fund, and paying down debt.

The FY 2020 Executive Budget is rooted in the rich Arizona tradition of finding meaningful solutions that transcend partisan politics and bring together the people of our state. The Executive Budget strengthens State Government's solid fiscal position – paying down debt and saving for the future, all while making

responsible investments that will benefit Arizonans now and for generations.

## FY 2019 Budget Forecast

---

The Executive forecasts a current fiscal year structural surplus of \$572 million and an ending cash balance of \$854 million.

## FY 2020 Executive Budget

---

The FY 2020 Executive Budget, as in prior years, delivers on the Executive's consistent promise to increase funding for Arizona's K-12 public education system – with \$637 million in new, additional monies for K-12 education.

Including the baseline changes and Executive initiatives, the Executive forecasts a structural surplus of \$244 million, resulting in an ending cash balance of \$109 million.

## Securing Arizona's Fiscal Future

---

**Maximizing the State's Rainy Day Fund.** Today's balance in the State's Budget Stabilization Fund (BSF), or the "Rainy Day Fund," is in poor condition compared to the BSF's historical balances ahead of the two prior recessions.

The FY 2020 Executive Budget makes a record-breaking \$542 million BSF deposit and raises the statutory cap on how much the State can contribute to the BSF. Together, these initiatives will position the State to recover from future economic downturns more quickly and with greater fiscal strength than ever before.

**Reclaiming Ownership of the State Capitol.** The State has aggressively repaid debt that it incurred during the Great Recession. A decade later, the State can now refinance the existing debt at lower interest rates, saving Arizona taxpayers over \$100 million between FY 2020 and 2030 and allowing the State to regain free-and-clear ownership of its Capitol buildings.

## Education

---

A robust state economy lies on the strength of its K-12 and higher education systems. Since 2015, the Executive has prioritized student achievement and outcomes, encouraged innovation in our schools, and provided the targeted resources

to expand the quantity of our public schools that demonstrate the highest levels of educational excellence.

The State has made significant investments in K-12 education, including:

- Proposition 123.
- Results Based Funding.
- Arizona Public School Credit Enhancement Program.
- 20x2020 teacher pay plan.
- Restoration of the additional assistance formula funding.
- The 20-year extension of Proposition 301.
- Capital for university research and development infrastructure.

The FY 2020 Executive Budget allocated 50% of new discretionary spending, or \$269.9 million, to funding public K-12 and higher education. When counting General Fund baseline and Executive initiatives, the Executive Budget includes \$705.8 million, or 70% of spending increase. The Executive's clear emphasis continues to be addressing the teacher shortage and building stronger pathways for career and workforce training.

## K-12 Education

---

The Executive Budget for FY 2020 continues its ardent support of our public schools:

- Continues implementation of the "20x2020" plan that funds a permanent 20% teacher pay raise by school year 2020-2021.
- Continues restoration of additional assistance formula funding.
- Includes more high-performing schools in the Results Based Funding formula.
- Creates a new incentive program for career and technical education to address Arizona's workforce needs.
- Increases resources for school safety programs.
- Proactively funds new school construction and increases funding for building renewal.

## Higher Education

---

For Arizona's public higher education institutions – the University of Arizona, Arizona State University, and Northern Arizona University – and the two largest community college systems in the state, the Executive Budget in FY 2020:

- Addresses Arizona's teacher shortage crisis by significantly expanding the K-12 teacher pipeline through permanent State funding of the Arizona Teachers Academy.

- Covers in full the university insurance premium increases to the Health Insurance Trust Fund, freeing up university tuition dollars for other operational purposes.
- Continues State support for resident university students.
- Provides capital to the community colleges in Pima, Maricopa and Pinal counties for the expansion of workforce training programs to meet the increasing demands of Arizona's aviation, healthcare, and advanced manufacturing employment sectors.

## Natural Resources

---

The Executive Budget commits \$30 million (in addition to the existing \$6 million approved in the FY 2018 budget) for conservation efforts dedicated to protecting the water level in Lake Mead, and an additional \$5 million to support infrastructure projects for agriculture. These investments support a viable proposal that preserves the resilience of the Colorado River and protects Arizona's reliance on it for water.

The Executive Budget also fully funds the State's program for hazardous waste cleanups, using the statutorily required formula for the first time since FY 2007 to support the Department of Environmental Quality's efforts to evaluate and safely remediate polluted land.

## Public Safety

---

The Executive Budget makes targeted investments to enhance public safety in all parts of Arizona, while continuing the Executive's commitment to help those who have served their time succeed in work and life after their release from incarceration.

**Public Safety Salary Increases.** The Executive Budget includes \$74 million as part of an enterprise-wide compensation package that focuses primarily on public safety and is designed to recruit and retain the State's best law enforcement and corrections personnel. Key examples include:

- \$35.5 million for salary adjustments ranging from 5% to 15% in the Department of Corrections, with over 94% of the increase dedicated to security personnel. (The Executive plans to phase in a 15% raise for these staff over two years, with 10% in the first year.) Similarly, The Executive Budget funds \$3.2 million for pay raises at the Department of Juvenile Corrections, with most of the funding allocated for security personnel.
- \$21.5 million for a 10% increase in Department of Public Safety (DPS) Trooper salaries increasing starting Trooper pay from \$46,988 to \$51,687, placing starting Trooper pay on par with other Arizona law enforcement agencies. The pay package includes a 5% increase in DPS civilian salaries.

**Investments in State Troopers.** In addition to the compensation package aimed at lowering the vacancy rates of existing

Trooper positions, the Executive Budget further enhances Trooper coverage and adds:

- 24 Troopers to patrol the Phoenix area's Loop 202 South Mountain Freeway, opening in the fall of 2019;
- 12 additional Troopers dedicated to overnight patrols in southern Arizona, needed to interdict and reduce illegal activity near the Arizona-Mexico border during the evening hours; and
- 6 additional Troopers patrolling Maricopa County between 8 p.m. and 6 a.m. to intercept wrong-way and impaired drivers.

All new FY 2020 DPS highway patrol investments are funded by the General Fund to keep the Public Safety Fee constant. In the out years, the Executive Budget contemplates that General Fund spending will be offset by the natural growth in the number of vehicle registration transactions.

**Reducing Inmate Recidivism.** The Executive has implemented pre-release workforce training for inmates since 2017, with the ultimate goal of reducing the State's prison population by offering inmates additional pathways to employment and post-release success in life.

The State provided increased resources for combatting recidivism in FY 2019. To build upon these efforts, the Executive is reinvesting workforce training funds to newly implement a computer-programming academy that will lead to immediate information technology job opportunities post-incarceration.

## Health and Welfare

---

The Executive Budget protects programs that benefit thousands of Arizona children, while helping low-income working parents remain in the workforce to pursue opportunities for advancement that can ultimately free them from the need for government assistance.

In addition, funding is provided to protect vulnerable adults and the elderly from neglect and exploitation.

**Safe, Healthy Children.** The Executive Budget:

- Repeals provisions of Laws 2017, Chapter 309 that imposed an enrollment freeze in the KidsCare program. KidsCare currently provides health insurance for over 32,000 Arizona children of working, yet low-income parents. The Executive forecasts that, under current law, 6,000 children who qualify for KidsCare would be unable to access coverage in FY 2020. If this provision remains in law through 2022, the number of children losing coverage is projected to increase to almost 26,000.
- Improves access to child care for low-income working families and foster parents by (a) immediately adding \$56 million in new federal funding for child care subsidies in the current FY 2019 budget year and (b) continuing that appropriation in FY 2020 and beyond. Providing parents with

quality and reliable child care gives added incentive for parents to work and lift themselves out of the cycle of poverty.

- Targets salary adjustments for mission-critical staff at the Department of Child Safety (DCS), to make meaningful strides in investigating child welfare cases, enhancing in-home preventive services, and reducing the number of out-of-home child placements.
- Continues development funding for the DCS child welfare data system.
- Supports investment in a new child support enforcement system to enhance government efficiency and increase collections.

**Protecting Vulnerable Adults and the Elderly.** The Executive Budget utilizes federal funds to meet the higher caseload demands for Adult Protective Services and the longstanding backlog of elderly individuals in need of home and community-based services (HCBS), which help our seniors safely remain independent and in their own homes for a longer period of time.

In addition, the FY 2020 Executive Budget:

- Targets salary adjustments for nurses, behavioral health technicians, and security officers at the Arizona State Hospital to increase staff retention that fosters stronger staff-patient relationships and better patient behavior.
- Establishes a new Prenatal Care Telemedicine program that awards grants to rural healthcare providers to purchase equipment that increases access to prenatal care for expectant mothers and improve health outcomes for mothers and children.
- Includes funding to continue Arizona's veterans suicide prevention program as part of an ongoing statewide effort to reduce suicides among Arizona's military and veteran population.

## Government That Works

---

The Executive Budgets strengthens stewardship of State assets, including:

- Resources to improve State Government's cyber preparedness by establishing a new, Statewide Cybersecurity Risk Management Program that covers financial losses from cyber incidents and helps the State execute timely response and recovery efforts.
- A one-time increase in agency health care premiums, while holding the university system harmless, to provide adequate time for the procurement of a new, more cost-effective State employee health plan.
- A rental rate increase for State-owned buildings to generate additional revenue to renovate and maintain the State's building system.

The Executive Budget also includes State support for building a new cold room inspection facility at the Mariposa Port of Entry in Nogales, which will improve the competitiveness of that port relative to other border states as carriers decide where to transport their temperature-sensitive cargo.

The Executive Budget makes other infrastructure investments into the State's highway system, such as:

- Accelerating and expanding the Interstate 17 widening project between Anthem and Sunset Point, to ease congestion and enhance safety.
- Continuing to expand funding for preventive road surface maintenance to a level sufficient to meet the recommended maintenance schedule that maximizes the life of pavement in good condition.

Finally, the Executive Budget reverses a baseline reduction of \$6 million to the Arizona Competes Fund, adds another \$1 million, and earmarks \$3 million to create a rural broadband grant program.

## Major General Fund Budget Issues, FY 2020

### **K-12: Baseline Spending**

Enrollment Growth and Inflation.....	\$200.0 million
Next phase of 20x2020 Teacher Salary Increase.....	\$164.7 million
School Facilities Board (SFB) New Schools .....	\$92.1 million
K-12: Additional Assistance.....	\$67.8 million
SFB: Building Renewal Grants.....	\$62.8 million
Civics Education.....	\$0.5 million

### **K-12: Initiative Spending**

SFB New Schools.....	\$98.8 million
Results Based Funding Expansion.....	\$59.7 million
K-12: School Safety Package.....	\$15.6 million

### **Higher Education Initiatives**

Universities: Capital and Operational Funding.....	\$35 million
Universities: Arizona Teachers Academy .....	\$21 million
Community Colleges: Pima Aviation Center.....	\$20 million
Community Colleges: Maricopa Healthcare Center.....	\$5.8 million
Northern Arizona University: Biomedical Research.....	\$3 million

### **PROJECTED ENDING BALANCES**

FY 2019.....	\$854.1 million
FY 2020.....	\$109.3 million
FY 2021.....	\$20.4 million
FY 2022.....	\$96.6 million

### **PROJECTED STRUCTURAL BALANCES**

FY 2019.....	\$572.2 million
FY 2020.....	\$244.1 million
FY 2021.....	\$104.6 million
FY 2022.....	\$142.0 million

## Sources and Uses of Funds

The General Fund's Sources and Uses of Funds statement that follows summarizes the Executive Budget in tabular form. The statement presents the following:

- The *FY 2018 Preliminary Actual* column reflects currently known revenues and expenditures for FY 2018, from the State's Accounting and Financial Information System.
- *FY 2019 Enacted* reflects the enacted appropriations.
- The *FY 2019 Net Changes* column shows Executive's changes to the enacted appropriations.
- The *FY 2019 Executive Budget* column shows the Executive's revenue projections and expenditures.
- The *FY 2020 Net Changes* column shows Executive's changes to the enacted appropriations.
- The *FY 2020 Executive Budget* column shows the Executive's revenue projections and expenditures.
- The *FY 2021 and FY 2022 Net Changes* column reflect the changes in those years compared to the prior year for the Executive's revenue and expenditure projections.
- The *FY 2021 and FY 2021 Executive Budget* column reflect the Executive's revenue projections and expenditures.

## HISTORICAL REVENUES TO SPENDING

## GENERAL FUND STRUCTURAL BALANCE

## COMPARISON OF REVENUES TO SPENDING

<sup>1</sup>Year-over-year growth compares total spending, including supplemental appropriations, to the prior year.

<sup>2</sup>Includes enhanced revenue from additional Department of Revenue auditors, collectors, and fraud prevention in FY 2019.

Average annual General Fund spending growth over the past 5 years has been just 4.5% compared to 11% in the 5 years prior to the Great Recession

The Executive Budget maintains long-term spending discipline while increasing the Rainy Day Fund balance to historic levels and fulfilling the Executive's K-12 funding commitments

New FY 2019 Spending: \$ 53,950,900  
New FY 2020 Spending: \$ 999,635,600

#### GENERAL FUND SPENDING GROWTH RATES, FY 2004 to FY 2008 vs. FY 2016 to FY 2020

#### GENERAL FUND SPENDING DISTRIBUTION, FY 2010 to FY 2020 (billions)

<sup>3</sup> The Baseline Adjustments for School Facilities Board include removal of one-time funding in FY 2019 and retired debt service on construction of new schools that occurred in the 2000s.

<sup>4</sup> The amounts in the FY 2020 Executive Budget column may not equal to the sum of the FY 2018 and other FY 2019 columns because of supplementals included in FY 2019 that are considered one-time spending and not necessarily carried into FY 2020.

## GENERAL FUND SPENDING BREAKDOWN

### KEY HIGHLIGHTS

- The Executive Budget increases the balance in the Budget Stabilization Fund to \$1B, reflecting the Governor's commitment to ensuring the financial stability of this State
- Additionally, the Budget reflects his commitment to fully funding the State's '20x2020' Education plan

## K-12 AND HIGHER EDUCATION

### DEPARTMENT OF EDUCATION

#### \$381.4M FY 2020 Baseline

\$164.7M	Additional Teacher Salary Increase
\$140.4M	Inflation Adjustment
\$67.8M	Increase Additional Assistance
\$64.1M	Proposition 301 Bridge
\$59.6M	Enrollment Growth
\$8M	Fund Shift
\$2.9M	Higher Cost Per Pupil

# The Economy

---

Fueled in 2018 by population and job growth, Arizona's economy is strong relative to its historical performance and to the current U.S. economy. Further expansion is anticipated in the coming year, and the initiatives featured in the FY 2020 Executive Budget reflect reasonable expectations for sustained growth in State revenues.

**"With our high quality of life, growing economy and abundance of new jobs, and some of the best schools in the nation, Arizona continues to prove itself as an unbeatable place to live, raise a family and retire."**

- Gov. Doug Ducey, "Arizona Top-Five State in New Residents, Growth," Official Statement, December 20, 2018

In 2018, national economic growth accelerated in response to newly implemented expansionary policies and corporate tax rate reductions. Arizona's economy prospered at an even higher rate, thanks in large part to the state's pro-business regulatory environment.

Even if, as some observers expect, the stimulating effects of federal tax policy moderate, the ingredients for continued expansion in Arizona and across the nation remain in place for 2019.

**The Nation.** As this forecast was prepared, the nation's economy was on track to finish the year above 3% growth in gross domestic product (GDP) for the first time since 2005. Current data puts the third-quarter economic growth rate at 3.5%, following a 4.2% rate in the second quarter.

The 2019 outlook can be assessed based on opportunities and threats. Optimism stems from soaring consumer confidence levels and a tax and regulatory environment that has the potential to make long-term changes to the nation's growth trajectory.

While pessimists continue to point to an aging population and other structural changes in the U.S. economy to support their arguments for a permanently slower growth hypothesis, the experience of the past year suggests that policy-driven faster growth, nationally and in Arizona, is achievable.

**Arizona.** Boosted by the momentum of recent economic and revenue growth and continued tailwinds, Arizona is well positioned to continue its strong economic performance through FY 2020 and perhaps beyond. Arizona continues to add new jobs at a robust pace, and the business climate is conducive to continued expansion.

The FY 2020 Executive Budget recognizes Arizona's strong fiscal health, with revenue projections and spending priorities tempered by the potential return to a more normal business cycle.

## National Outlook

---

The consensus national outlook assumes growth will moderate slightly from the lofty levels of 2018 as the impacts of various stimulating policies diminish. However, consensus also suggests that consumer confidence will remain high, and, coupled with tight labor markets and wage gains and expanding capital expenditures, the economy will continue its expansion for at least the next 18 months. Overall, the short-term prospects for national growth are brighter today than they have been in recent years.

The most recent consensus outlook suggests real GDP growth trajectory through 2020 in the range of 2.3% to 2.7%, with slowing in 2021 and beyond. The key to achieving continued 2019 and 2020 growth will be the expansion of fixed business investment and equipment purchases (at least partly fueled by one-time federal tax reforms) while facing an impending Federal Reserve Board tightening cycle and increasing uncertainties surrounding the pace of global trade.

Given recent rhetoric about the long duration of the current U.S. expansion and the possibility of a mild recession in 2020, experts are quick to caution that expansions die not of old age but from external shock, such as excessive Federal Reserve tightening or other negative economic stimuli. While those factors could be present in the next 18 months, historically low interest rates make short-term growth prospects brighter than they have been in years. If inflation rates remain subdued, the Federal Reserve can remain deliberate in tightening. Further, a newly divided national government is unlikely to lead to substantial deviations from the policy course set over the past two years.

State Government will be monitoring how the Federal Reserve Board anticipates and responds to changes in business conditions, by either maintaining the pace of the announced tightening cycle or instituting a pause in the sequence of planned rate hikes. The Fed's challenge will be to avoid any adverse implications that will result from excessive or premature tightening. Similarly, policymakers in Washington must continue to allow business and the economy to grow by promoting smart, pro-growth policies with a sensible regulatory touch.

## EMPLOYMENT

The national labor market is very healthy. As the Executive expected last year, the federal tax package and other reforms

provided a powerful stimulus for job growth. The result: one of the lowest national unemployment rates in U.S. history.

Consensus projections for employment contemplate 1.8% employment growth nationally, with unemployment rates remaining well below 4%.

In light of the low unemployment rate and continued strong job gains, the conversation must shift to labor force participation and wage growth (which has otherwise lagged during the current cycle). A tightening labor market, in concert with continued strong employer demand, should lift wages and increase labor force participation over the next few years. Both outcomes would be bullish for the Executive Budget.

## CONSUMER SPENDING

Consumer confidence was high throughout 2018, and that sentiment is expected to continue well into the current year.

The Consumer Sentiment Index (CSI), measured by the University of Michigan, is sustaining 18-year highs, as shown in Figure 1. Consumer attitudes are bolstered by tight labor markets, improving economic confidence looking forward, and generally rising wages and household incomes. Further, optimism at the small business level should translate into more hiring, plant expansion, and equipment purchasing in 2019.

As consumers confront higher borrowing costs and perhaps higher costs of consumer and durable goods, the Executive will be closely watching the CSI for signs of eroding confidence.

Figure 1

## INTEREST RATES

Debate among the Federal Reserve Board watchers intensified in late 2018 as the Fed weighed options in the face of an extremely tight labor market, increased equity market volatility, and worries that sluggish growth globally will cause headwinds for the U.S.

Consensus estimates suggest three or four rate hikes in 2019, which could take the Federal Funds rate above 3%. However, in light of recent comments by Fed Chairman Jerome Powell and the equity market struggles in the fourth quarter of 2018, these estimates may not materialize.

The overall pace of the rate hiking cycle will be determined by the change in economic growth as well as how equity markets respond to a higher interest rate environment. Although interest rates are trending higher, historical comparison suggests that the economy will continue to benefit from relatively expansionary monetary policy, and recent signals suggest a slowing or moderating of the schedule to raise the Federal Funds rate. For example, in November 2018 Chairman Powell suggested benchmarks were “just below” neutral, versus “a long way” from neutral earlier in the year.

## MARKET VOLATILITY

While most economists predict 2019 will be a solid growth year, the stock market’s behavior since October 2018 suggests that Wall Street thinks otherwise.

If investors focus just on the economy, the markets will likely stabilize; if the current sell-off is due to tariff fears or lack of confidence in global political leadership, concerns over the disruption of global supply chains may persist for some months.

With respect to its impact on the General Fund, long-term stock market volatility could dampen capital gains realizations in FY 2020 and perhaps FY 2021. If stability returns this year, the markets can continue to deliver modest capital gains appreciation. Current volatility will not likely impact FY 2019 estimates unless the flurry of selling generates unexpected capital gains.

## BUSINESS SPENDING

Capital spending picked up in 2018 as businesses responded to an improving economy, lower corporate tax rates, and federal provisions encouraging the repatriation of foreign earnings and lowering the regulatory and tax costs of capital investment. In fact, during 2018, total capital expenditures surged to a 25-year high, and corporate research and development spending jumped by 14%, according to estimates prepared by Goldman Sachs. Thanks to continued support from permanent changes to federal tax law and regulatory postures, the prospects for business investment over the next few years remain strong.

As businesses look forward to the 10-year expiration of some provisions of the 2017 Tax Cuts and Jobs Act, they may adjust behaviors accordingly. This sort of thinking can mean the difference between permanent changes in the rate of U.S. economic growth versus a one-time level shift.

The Executive will continue to monitor federal policy and its potential impact on national business spending.

## CURRENT EVENTS AND RISKS

There is general agreement among economists that the nation’s economy is unlikely to sustain its recent rate of growth, but there is little consensus regarding how much the economy will moderate and when.

The Executive Budget’s outlook calls for more moderate national growth in the next few years than experienced in 2018,

with national GDP growth of approximately 2.5%. Correspondingly, growth in Arizona and in State revenues could slow somewhat, and the cautious optimism that underlies the Executive Budget will ensure that funding commitments, particularly for K-12 education, are protected.

## Arizona Outlook

Last year, the Executive anticipated the strength of the national and Arizona economies and developed a revenue and spending plan in line with those indicators for the State's General Fund.

Looking forward, the FY 2020 Executive Budget balances the strong fundamentals that Arizona is currently enjoying, and is expected to continue in 2019, with the acknowledgement that the State must always be prepared for uncertainty.

Arizona's economic performance is strong relative to that of the nation, fueled in particular by population and job growth in 2018. With further expansion likely to continue in 2019, State revenues are forecast to sustainably grow to support the Executive's commitments.

### EMPLOYMENT

In contrast to many of the years since the Great Recession, when the pace of employment growth in Arizona often improved but lagged by historical standards, in 2018, Arizona added more than 85,000 jobs, total employment reached an all-time high, and the state's unemployment rate fell to a 10-year low (see Figure 2).

Figure 2

Employment gains in 2018 are projected to exceed 3% on a year-over-year basis for the first time since the recession; going forward, the Executive is committed to protecting and extending those gains at a State policy level.

The labor market has weathered large increases in minimum wage rates and transitioned from its historical dependency on large numbers of construction and hospitality workers. The business-friendly tax and regulatory environment suggests that job opportunities will continue to be plentiful in 2019. Large rates of in-migration from outside the state should support this growth, even as the unemployment rate tightens.

Arizona's economy today is more diverse than it was before the Great Recession, when construction accounted for nearly 9% of Arizona's employment. By the end of 2018, construction jobs comprised less than 5% of the state's employment base; with a heavier manufacturing and service-sector orientation, the state's economy is more mature and diverse, with no signs of the heavy sectoral concentration that made the Great Recession so severe.

The ongoing diversification of Arizona's economy into professional services, high-tech manufacturing, and health care delivery means a more robust economy relative to its pre-recession employment base.

According to a recent report by *Forbes* magazine, Arizona's "economy is projected to expand at the second-fastest rate in the U.S. through 2022" because of major economic development wins, including:

- A billion-dollar private investment in electric car manufacturing in Pinal County that is projected to support nearly 4,000 jobs, and
- A \$230 million private investment to build the nation's first international air cargo hub, which will house Mexican and U.S. customs and create 17,000 jobs.

The latter development affirms the Executive's commitment to fostering stronger relationships with Arizona's leading international trading partner.

Moreover, with the announcement of the preliminary United States–Mexico–Canada Agreement (USMCA), the Executive expects an acceleration of growth in the Mexican economy over the next two years, supporting higher export growth from Arizona.

**Manufacturing.** The state's manufacturing sector is closely connected to federal defense spending and the electronics industry, both of which are poised to expand in the near term, thanks in part to double-digit increases in defense spending in 2018 and 2019. In Arizona, year-over-year growth in manufacturing employment has held at about 5% for nearly a year and a half – one of the strongest periods for manufacturing job creation in recent memory and coincident with a national manufacturing employment renaissance that runs contrary to conventional wisdom that U.S. manufacturing was a stagnant sector.

**Construction.** Consistent with population and employment trends, Arizona's construction industry has rebounded sharply in recent years.

Despite recent industry health and Arizona's top ranking in construction job growth through October 2018, current construction levels still have not caught up with the activity achieved in the mid-2000s, suggesting that there is more growth to come in the construction industry and supporting the Executive's contention that the current rates of economic and job growth are sustainable.

In 2018, more single-family housing permits were issued than in any year since 2007. So far, rising home prices and interest

rates do not appear to have dramatically changed the market trend, although the Executive continues to monitor these indicators, as they might offer early warning of a slowdown in home sales.

## PERSONAL INCOME

Similar to the employment picture, Arizona's post-Recession personal income growth has generally lagged when benchmarked against the State's historical standards.<sup>1</sup>

However, with the national and state unemployment rates falling toward all-time and natural lows, and inflation again approaching its longer-term 2% trend, the ingredients are in place for income growth to accelerate beyond historical norms.

During 2017, quarterly personal income grew at an average rate of 5.6% – its fastest clip since 2014. During the first two quarters of 2018, growth averaged 5.4%. The Executive forecast calls for growth in the 5% to 5.5% range over the next 12 months, reflecting the higher trends.

## IN-MIGRATION

People and businesses are moving to Arizona. Since the end of the Great Recession, Arizona has outpaced the average net migration rate for Western states; in 2017, Arizona comprised 22% of total migration in the West, even though it makes up only 9% of the region's population.

The state continues to attract with abundant job and quality-of-life opportunities. Recent business relocation announcements, opportunities for wage appreciation, and Arizona's long-standing reputation as a permanent destination for businesses and families will help to sustain the expansion.

Arizona maintains its coveted status as a top destination state for domestic in-migrants. There are, in fact, far fewer movers overall than in previous decades, and rates of cross-state migration are lower across the United States since the Great Recession, due in part to a general change in the pace of economic growth.

The quality and skill levels of the workers Arizona attracts and retains will continue to be dictated by the needs of Arizona employers. As advanced manufacturing and professional business service, research and healthcare needs grow, so too will the need for workers with requisite skills. The Executive expects these trends to continue, with large numbers of younger professional job seekers moving into Arizona to start their families and careers.

## RISKS

While predicting economic changes is an imperfect exercise and current prognostications are largely positive, prudence demands considering both the length of the expansion and the state's recent acceleration and budgeting accordingly.

As in previous years, the most serious risk to Arizona comes from a scenario in which the nation falls back into recession due to macroeconomic conditions beyond the state's control.

Arizona remains reliant, in many ways, on the health of the defense sector, e.g. Boeing, Raytheon and many other private-sector defense contractors. Various factors suggest that the positive impacts unique to Arizona will combine to position the state more favorably than the national average in the event of an economic shock.

A return to faster growth over the past 18 months has fueled speculation in both the labor market – through increased rates of voluntary job-hopping – and investment markets. Also, as outlined above, the potential adverse impacts of Federal Reserve tightening must be viewed as a risk. Considered together, the Executive believes these factors require preparing for the possibility of a return to more normal business cycles of expansion and, eventually, mild economic contraction.

In light of the extremely strong economic growth observed in 2018, the rate of growth in calendar 2019 and beyond is likely to be relatively slower, although growth itself will continue. To that end, the Executive reflects that perspective in its revenue estimates during the three-year budget window.

## UPSIDE POTENTIAL

The compelling attributes discussed above combine to make Arizona one of the top states for economic growth in 2019, which support the Executive's General Fund revenue forecast.

Arizona maintains several advantages that position the state for further growth: low taxes, a pro-business state government, relatively light business regulation, and a governing posture that promotes innovation and new ideas. Such an environment has created a magnetism that continues to attract people and businesses to the State, which will help sustain growth going forward.

To be sure, key indicators that the Executive will watch for signs of continued economic performance closer to 2018 compared to the several years prior include:

- the labor market, which for some observers has been overdue for a slowdown after surging in recent months;
- wage income; and
- consumer confidence and its response to interest-rate hikes and other higher costs.

The Executive forecast takes a conservative approach. If conditions continue to exceed lower long-term expectations, and the national and state economies post growth rates closer to what were observed more recently, this will positively impact State revenues.

<sup>1</sup> Aggregate personal income is determined by the sum of real income growth per person,

number of people working, and an inflation component.

## The Revenue Outlook

General Fund revenues in FY 2018 surged in response to growth in the Arizona economy. Transaction privilege tax and individual income tax receipts grew at a robust pace, with the latter fueled by a significant surge in capital gains income. Corporate income tax collections showed signs of stabilization at the end of FY 2018, and more signs of stability appeared in the first four months of FY 2019. Accelerating growth in personal income propelled by significant employment growth and modest wage inflation will help sustain the flow of revenue collections throughout FY 2019.

### ACHIEVING THE FY 2020 BASELINE REVENUE FORECAST

Overall, collections from the “Big 3” revenue sources – Transaction Privilege Tax, Individual Income Tax, and Corporate Income Tax – are on track to achieve the revised Executive forecast estimates for FY 2019, while running approximately 4.8% above the FY 2019 enacted budget’s forecast (see Figure 3). This outcome adds more confidence to achieving the Executive Budget’s three-year revenue estimates going into FY 2020.

The State’s Transaction Privilege Tax – the largest component of General Fund revenue and a key bellwether of state economic and fiscal health – has been a strong performer, posting fiscal year-to-date growth of nearly 7% through November 2018 – more than 3.4% ahead of the enacted FY 2019 budget forecast.

The flow of Individual Income and Corporate Income taxes in the first five months of FY 2019 displayed 8% and 66.1% growth, respectively, over flows observed in those two revenue streams in FY 2018. That pace puts revenue flows for each component ahead of the enacted FY 2019 budget forecasts for the year by 1.9% and 58.4%, respectively.

**Table 1**  
**HISTORICAL & PROJECTED REVENUE GROWTH**

	8-Year Avg.	FY 2019 <sup>2</sup>	FY 2020
TPT	4.5%	5.5%	4.8%
IIT	8.3%	5.8%	4.2%
CIT	0.8%	12.6%	1.7%

Because of the volatility induced by significant changes in federal tax law pursuant to the 2017 Tax Cuts and Jobs Act, the Executive Budget’s projections for the Individual Income Tax assume that the estimated fourth-quarter 2018 payments will revert to more normal levels, compared to the huge influx witnessed in 2017. Conversely, spring revenue flows in 2019 will display substantial growth over the depressed levels observed in the spring of 2018.

Overall, considering both the pace of recent revenue growth and the tailwinds boosting Arizona’s economy, the Executive Budget is well positioned to either meet or exceed its baseline forecast of approximately 3.2% ongoing General Fund revenue growth in FY 2020.

### INTERNAL REVENUE CODE CONFORMITY

In December 2017, passage of the federal Tax Cuts and Jobs Act provided the largest change to federal tax law in decades. This has resulted in significant tax savings to Arizona residents. The Executive supports conforming to these changes, since Arizona, like most states, uses federal definitions of “income” as the starting point for determining state income tax liabilities.

Not only have these federal changes had a positive impact on Arizona’s economy, as previously outlined, they are likely to have a significant impact on taxpayer behavior. Therefore, the Executive remains committed to providing Arizonans with a simple, predictable path to completing their income taxes and will be working with the Legislature in the 2019 session to conform to federal tax law changes as quickly as possible.

### INDEX THE DEPENDENT EXEMPTION FOR INFLATION

Beginning in TY 2019, the state’s \$2,200 personal exemption was indexed for inflation – joining the already indexed standard deduction and income tax brackets. However, the dependent exemption was not similarly indexed. The Executive continues to believe that benefits offered to taxpayers should be protected from erosion in value due simply to inflation pressure.

Therefore, beginning in FY 2021, the Executive Budget includes \$3.0 million to permanently index the value of the dependent exemption to inflation. This change is expected to increase the value of the exemption from \$2,300 to \$2,346 in TY 2020, and it would continue to grow every year thereafter.

<sup>2</sup> Adjusted for prior tax law changes.

# General Fund Revenue Summary

	Actual FY 2018	Estimate FY 2019	Estimate FY 2020	Estimate FY 2021	Estimate FY 2022

\*Other Appropriated Funds Revenues include all revenues for funds which may only be partially subject to statutory or legislative appropriation. The expenditures shown in the "Other Funds Budget Summary" are for the appropriated portion of these funds only and may represent only a small portion of the funds' total expenditures. There are several funds where a General Fund appropriation is deposited into an "Other Appropriated Fund" and these deposits are reflected in the figures above; as such General and Other Fund Revenues may not sum to total State revenue.

# Fiscal Responsibility

The FY 2020 Executive Budget makes a record-breaking contribution to the State's Rainy Day Fund balance and addresses recession-era debt.

## Securing Arizona's Fiscal Future

### BUDGET STABILIZATION FUND

The State's Budget Stabilization Fund (BSF), often referred to as the "Rainy Day Fund," was established in 1990 to mitigate the operational impacts of State revenue losses and countercyclical spending pressures on the budget during downturns in the national and state economies.

At the end of FY 2018, the BSF balance was approximately \$457.8 million, or 4.5% of General Fund revenues, far short of the 7% statutory fund balance cap. Today's BSF balance is in poor condition compared to the Fund's historical balances ahead of the two prior recessions (see Figure 4). Even those historical balances proved inadequate to avoid the harmful, massive spending cuts and application of budgetary gimmicks that were employed to weather the downturn.

Fiscal experts have estimated that Arizona's BSF balance should hold at least 10% of General Fund revenues to better shield the State against recessionary downturns.

The Executive Budget places the State in a stronger position by making the largest BSF deposit – \$542 million – in the Fund's history, bringing the fund balance to its highest level since inception, at \$1 billion, or about 9% of projected FY 2020 General Fund revenues. Further, the Executive Budget raises the 7% statutory cap to 10%.

Together, these initiatives secure Arizona's fiscal future; when the next economic downturn occurs, the State will be positioned to recover more quickly and with a more solid fiscal foundation.

### REFINANCING RECESSION-ERA DEBT AND RECLAIMING FREE AND CLEAR OWNERSHIP OF THE STATE CAPITOL

In FY 2010, the State secured three separate "working capital" financings, totaling \$1.42 billion, to help address significant General Fund operating deficits in the midst of the Great Recession. Two of the financings were Certificates of Participation (COPs), totaling \$998.8 million, that borrowed against existing State buildings, including the Legislative, Executive, and Judicial buildings located on the Capitol Mall. The State secured another

financing, for \$425.4 million, that was secured by and payable from revenues generated by the State Lottery.

Since that time, the State has paid off \$474 million, leaving an outstanding balance of \$950.2 million. In FY 2020, the remaining balance on each of these debt issuances becomes eligible for refinancing at lower, short-term rates, generating substantial interest cost savings. The lower outstanding debt level on the COPs also reduces the amount of State facilities pledged as collateral.

In January 2019, the Executive directed the Department of Administration (ADOA) to proceed with refinancing this Recession-Era debt, saving Arizona taxpayers over \$100 million between FY 2020 and FY 2030 and allowing the State to regain ownership, free and clear, of its Capitol buildings.

The Executive intends to capture the savings from the refinance in level payments, or equal amounts, between FY 2020 and FY 2029 at an estimated \$10 million a year, having an ongoing, structural impact on the General Fund (see Table 2).

Table 2  
Annual Debt Service Savings from Working Capital Refinancings

Fiscal Year	Refunded Debt Service	Refunding Debt Service*	Future Value Savings
2020	\$ 77,969,441	\$ 66,758,474	\$ 11,210,967
2021	121,597,276	111,524,124	10,073,152
2022	121,601,988	111,525,250	10,076,738
2023	121,594,500	111,519,749	10,074,751
2024	121,598,225	111,518,624	10,079,601
2025	121,598,763	111,526,875	10,071,888
2026	121,601,556	111,524,124	10,077,432
2027	121,599,956	111,529,999	10,069,957
2028	121,595,238	111,523,000	10,072,238
2029	121,594,813	111,516,625	10,078,188
2030	84,098,594	77,013,375	7,085,219
Total	\$ 1,256,450,350	\$ 1,147,480,219	\$ 108,970,131

Figure 4  
Budget Stabilization Fund Balance, FY 1991-FY 2022 (est.)

# Education

The Executive Budget primarily focuses on attracting and retaining teachers as an essential part of ensuring that Arizona's K-12 and higher education students are equipped with the skills and knowledge they need to be successful in life and career.

**"K-12 education is a box that we will never check."**

- Gov. Doug Ducey, "20x2020" speech, April 12, 2018

## K-12 Education

### PROMISES MADE, PROMISES KEPT

The FY 2020 Executive Budget delivers on Governor Ducey's ongoing promise to increase State funding above and beyond inflation and enrollment growth for Arizona's public K-12 education system in every year that he is in office. This is being done while making historic investments in the Rainy Day Fund, paying down debt, and maintaining a balanced budget.

The Executive's FY 2020 spending plan:

- Continues implementation of the 20x2020 plan that funds a 20% teacher pay raise by the beginning of school year 2020.
- Continues the second-year phase-in of the restoration of District Additional Assistance (DAA) and Charter Additional Assistance (CAA) formula funding.
- Rewards more public schools that achieve the highest academic outcomes for their students.
- Incentivizes public schools to offer career and technical education programs that result in industry certificates.
- Increases resources for school safety measures.
- Proactively and predictably funds new school construction.
- Tackles the teacher shortage crisis by expanding the K-12 teacher pipeline through permanent State support of the Arizona Teachers Academy.

### PRIOR K-12 INVESTMENTS

The FY 2020 Executive Budget builds on a strong commitment to K-12 education that the Governor made during his first term in office. Since 2015, the State has added \$2.7 billion to K-12 education from significant investments starting with Proposition 123, which increased K-12 funding distributions from the State Land Trust from 2.9% to 6.5%, providing an estimated \$300 million annually.

Figure 5

### Impact of Key K-12 Investments FY 2020–FY 2023

The FY 2018 enacted budget provided \$34 million for the first round of teacher pay raises. In that same fiscal year, the budget further increased per-pupil amounts by fully funding inflation and enrollment growth, and established the Results Based Funding program, and other outcome-focused initiatives.

The FY 2019 enacted budget included \$645.2 million to fund the "20x2020" plan to increase average teacher salaries 20% by the beginning of school year 2020. The FY 2019 enacted budget funded the first year of the full restoration of \$371 million in recession-era cuts made to DAA and CAA and included \$138.6 million to address school building renewal projects.

Along with these initiatives and other technical adjustments, the FY 2019 enacted budget increased formula funding by \$398 per pupil (\$293 when adjusted for inflation). A per-pupil increase of this magnitude has not occurred since the implementation of Proposition 123.

While committing over \$1 billion to K-12 education in one budget and during one Legislative session is unprecedented, Governor Ducey is also committed to ensuring predictability and confidence in sustaining these investments. As a result, these new dollars are advance-appropriated over the next three to five years, ensuring that the intended increases will be automatically enacted into law each year and budgeted accordingly into base-line assumptions and forecasts.

In March 2018, the Executive added more funding certainty for public schools by championing the approval of the 20-year

extension of Proposition 301, which provides nearly \$700 million annually for K-12 education.

As a result of Proposition 123, the teacher pay increases, restoring DAA and CAA, and the Prop. 301 extension, over \$6.5 billion in additional funding will infuse into K-12 education between FY 2020 and FY 2023, the fiscal years of Governor Ducey's second term in office (see Figure 5).

## FUTURE K-12 INVESTMENTS

During his first term in office, Governor Ducey made K-12 education his top funding priority in every budget he proposed. His second term, beginning with FY 2020, will be no exception. The Executive Budget continues momentum from the first term by increasing formula funding from the General Fund for inflation, enrollment, and related adjustments by \$381.4 million, approximately \$340 per pupil, or \$290 when adjusted for inflation. This amount includes \$232.5 million in new funding for the 5% increase for 20x2020 teacher pay and restoring cuts made to DAA and CAA as part of the baseline.

In addition to an increase in formula funding, the Executive recommends \$255.3 million in other essential K-12 investments that include:

- Increasing the efficacy of Results Based Funding by expanding eligibility to low-income "B" schools.
- Providing funding for meaningful levels of staffing at the State Board for Charter Schools, to monitor operational and financial performance and provide greater oversight and accountability.
- Further enhancing school safety programs by adding school resource officers and school counselors.
- Creating a new Career and Technical Education (CTE) program that incentivizes schools to offer students more opportunities to earn industry certifications that align with Arizona's growing workforce needs.

In total, the FY 2020 Executive Budget increases funding for K-12 Education by \$636.7 million dollars.

**Inflation and Enrollment Growth.** The Executive Budget includes \$200 million in permanent funding for student enrollment growth and inflationary increases. The State's General Fund share of that increase is partially offset by higher property tax revenues generated from new construction and increased distributions from the Permanent School Fund. These offsets result in a net General Fund baseline increase of \$141.4 million for enrollment growth, inflation, and related adjustments, or \$127 per pupil. Inflation is projected to be 2.0% in FY 2020, its highest rate of increase since FY 2013.

**Teacher Salary Increases.** The Executive's 20x2020 plan began in the enacted FY 2018 budget with a \$34 million investment, and increased to 10% in FY 2019 for a cumulative investment of \$306 million.

The FY 2020 Executive Budget provides new funding of \$164.7 million for an additional 5% teacher pay increase. The second 5% increase is already funded at \$174.5 million in the FY 2021 baseline budget. When fully implemented, the 20x2020 plan provides educators with a 20% increase, totaling \$645.2 million in permanent and sustainable funding.

**DAA/CAA Restoration.** DAA and CAA are permanent, flexible funding sources for capital and operational costs, and in some cases may include additional pay for all categories of certificated teachers and classified staff. The enacted FY 2019 budget included \$100 million for the first installment of a five-year plan to restore \$371 million suspended in the Basic State Aid formula for DAA and CAA during the recessionary years. As part of the first-year payment, the reductions incurred by smaller, predominantly rural schools were repaid in full.

Currently, the DAA formula provides annual per-pupil funding of approximately \$450 to \$600 to school districts, while the CAA formula provides annual per-pupil funding of \$1,775 to \$2,069 to charters. CAA funding has been historically higher than DAA because, unlike school districts, charters cannot levy property taxes and do not receive State funding for capital or some types of maintenance and operations costs.

The FY 2020 Executive Budget continues the second-year phase-in of the DAA and CAA restoration, with an additional investment of \$68 million in new, permanent, and flexible funding for operations and capital expenses. To date, the total amount restored is \$168 million, with the remaining funding to be added over the next three years:

- \$236 million in FY 2021;
- \$303 million in FY 2022; and
- \$371 million in FY 2023.

**Results Based Funding.** The Executive introduced Results Based Funding (RBF) in FY 2018 to provide incentives for the expansion and replication of high-performing schools. In FY 2018 and FY 2019, funding was distributed on a per-pupil basis to schools whose students scored proficient in the top 10% on the

Figure 6

AzMERIT test. The monies could be used to increase teacher salaries, provide professional development opportunities for teachers, and expand enrollment capacity. Schools with 60% or more students who qualified for free or reduced-price lunch (FRL) received \$400 per pupil, and schools below the 60% threshold received \$225 per pupil. In FY 2018, 298 schools received \$39.2 million and in FY 2019, 285 schools received \$38.3 million.

In October 2018, the State Board of Education fully implemented the A-F letter grading system for school year 2017-2018. The FY 2020 Executive Budget distributes RBF using the A-F letter grade designation where “A” schools with a 60% or higher FRL rate will receive \$400 per pupil and schools with FRL rates below that threshold will receive \$225 per pupil. This conversion and other important policy changes have increased the cost of RBF in FY 2020 by \$59.7 million, for a total of \$98.3 million.

In addition to funding both high- and low-income “A” schools, the Executive Budget expands RBF’s scope to recognize growth toward achievement at schools with higher needs by including “B” schools with a 60% or higher FRL rate. As part of this policy change, “B” schools will receive \$225 per pupil. The Executive estimates that, as shown in Figure 6, 951 schools will qualify for RBF in FY 2020.

To ensure that the RBF is rewarding high outcomes and incentivizing expansion, the Executive proposes more detailed and centralized reporting of the uses of the RBF at the school site level. In addition, the Executive believes that this data will provide insight into the best practices that Arizona’s highest performing schools are utilizing to produce their outstanding academic outcomes. These success strategies can then be shared publicly to assist struggling schools to improve student achievement.

## MEETING WORKFORCE NEEDS

Career and Technical Education (CTE) creates a positive student-engagement strategy that ensures that high school graduates can enter the workforce or advance to postsecondary education with the academic and hands-on skills they need to be successful. Research indicates that CTE students are more likely than their non-CTE peers to graduate, with 96% of those graduates entering the workforce, joining the military, or enrolling in postsecondary institutions for additional credentials or degrees.

Arizona’s growing economy is rooted in its demand for highly skilled workers with specific technical training. The Executive Budget recognizes the importance of aligning educational outcomes to industry needs by growing the pipeline of talent provided through the CTE pathways offered in high schools and CTE districts.

Consistent with that view, the Executive Budget creates a \$10 million incentive program that gives schools offering CTE programs up to \$1,000 for each high school student who graduates with specific industry certifications. The Arizona Commerce Authority (ACA) will designate the industry certificates that will qualify, based on ACA’s analysis of in-demand employment

sectors and specific vocations that business and industry identify as labor shortage areas.

## ARIZONA SAFE SCHOOLS PLAN

**Funding the School Resource Officer Waitlist.** The Executive Budget prioritizes the security and safety of Arizona students, schools, and communities with an ongoing \$9.3 million investment to add more law enforcement personnel on campus.

School resource officers (SROs) serve an important role on school campuses by maintaining a visible police presence, deterring substance abuse and violence, and acting as a community liaison. During the FY 2017-FY 2020 school safety grant cycle for SROs, 203 schools applied for officers; however, due to limited funding availability, only 114 received awards. The Executive Budget provides the funding necessary for the 89 SROs that were not awarded or funded in the current grant cycle. The Executive also proposes that the Arizona Department of Education (ADE) open its FY 2021-FY 2023 grant cycle one year early, as a proactive measure to allow the Executive to incorporate the total estimated costs of funding all anticipated SRO requests into the FY 2021 Executive Budget.

**Mental Health Support for Students.** Research also shows a strong correlation between a healthy and productive academic experience and the student’s access to school counselors and social workers.

In addition to the support that law enforcement can provide, school counselors who interact with students on an academic, social, and cultural basis are integral to identifying and managing “red flags” that can pose a threat of intentional acts of school violence. School counselors know their students individually, build relationships with them, and are able to notice subtle, gradual, or dramatic behavior changes, such as failing grades, depression, or signs of substance abuse. Further, school counselors are trained to provide short-term counseling to students who are emotionally at risk and long-term referrals for students that may require more intense interventions.

The FY 2020 Executive Budget includes \$12 million over the next two years to fund approximately 112 new school counselors or social workers in FY 2020 and another 112 in FY 2021, through a new school-safety grant program that awards school counselors or social workers to public schools in a manner similar to SROs.

When fully implemented, this investment could result in a 17% reduction in Arizona’s counselor/student caseload.

**Safe Schools Guidelines Study.** The Executive Budget includes \$250,000 for the School Facilities Board to study national best practices in school safety, including design elements and non-facilities items such as crisis notification mobile alert applications. The results of this study will provide clearer guidance on the most effective physical and virtual infrastructure modifications needed to improve school-site safety. The Executive will

review the results of the study and consider the appropriate level of funding needed as part of the FY 2021 Executive Budget.

## CHARTER SCHOOL OVERSIGHT AND ACCOUNTABILITY

**Financial Accountability for Charter Schools.** The State Board for Charter Schools (Board) grants charter status and oversees over 500 charter schools statewide. Over 17% of Arizona students attend charter schools, and enrollment continues to grow. The Executive supports the Board's position that strong financial management is an integral component to ensuring that charter schools are meeting high expectations for academic and operational quality. The long-term sustainability of a charter school certainly depends on academic performance, but it also requires financial solvency and sustainability.

The Board is currently finalizing the financial performance framework that will be used to determine a new intervention process for schools that do not meet financial performance standards. The Board is authorized to censure or revoke a charter if the school does not take action to correct financial issues.

The FY 2020 Executive Budget includes \$785,500 to hire 10 staff members to conduct more frequent school site visits to address financial management issues. With additional staff, the Board will increase on-site monitoring and inspections of charter schools to monitor academic, operational, and financial performance and investigate complaints (See Figure 7). The additional funding will increase the frequency of site visits to schools from once every five years to once every three years.

Figure 7

## BUILDING RENEWAL AND NEW SCHOOL CONSTRUCTION

**Full Funding of the Building Renewal Grant Program.** The School Facilities Board (SFB) is statutorily required to administer a grant program to provide financial assistance to school districts to repair or replace existing school building systems through the Building Renewal Grant (BRG) program. As school buildings age, the SFB has seen a large uptick in the number of BRG grant requests over the past several fiscal years (see Figure 8).

Figure 8

### Building Renewal Applications

The Executive Budget includes funding of \$79.5 million, which is \$62.8 million more than the "base" amount of \$16.7 million that the State typically appropriates for BRG funding for school districts' capital needs. This infusion of \$79.5 million in building renewal funding is a 56% increase over the \$51.1 million appropriated for building renewal in FY 2019.

Additionally, the Executive Budget includes a \$25.0 million FY 2019 supplemental appropriation for the BRG program. This funding is necessary given the number of school district requests already received and approved by the SFB. To date, \$45.6 million, or 89%, of the \$51.1 million FY 2019 appropriation has been awarded to districts for building renewal projects.

**New School Construction.** The Executive Budget funds \$191 million in new school construction for 12 schools (See Table 3).

Table 3

### New Construction: Projected Need Through FY 2022

School District	FY Over Capacity	FY 2020 Funding <sup>3</sup>
Chandler USD	2019	\$ 29,969,000
Douglas USD	2019	19,634,002
Maricopa USD	2019	26,211,250
Pima USD	2019	1,319,693
Safford USD	2019	6,515,114
Somerton ESD <sup>4</sup>	2019	6,615,000
Laveen ESD	2020	13,762,056
Vail USD <sup>5</sup>	2020	26,892,348
Yuma Union HSD	2021	26,836,250
Sahuarita USD	2022	31,328,500
Other <sup>6</sup>	-	1,820,235
<b>Total</b>		<b>\$ 190,903,448</b>

The Executive Budget returns to the pre-2013 statute governing the approvals of new school construction. Previously, approval and the requisite funding were provided if school districts needed additional student capacity in the next two years

<sup>3</sup> These amounts do not reflect the per-square-foot inflation factor approved by JLBC on December 18 2018. Doing so would increase the total approval to \$200,314,400.

<sup>4</sup> The Somerton ESD amount funds two schools of \$3.3 million each.

<sup>5</sup> The Vail USD amount funds two schools of \$9.8 million and \$17.1 million.

<sup>6</sup> Site conditions and contracting

for an elementary school and three years for a middle or high school. After 2013, statute required the State to fund a new school if capacity was needed in the current year. This one-year policy has resulted in school districts outgrowing their facilities, forcing students into temporary structures and other less-than-ideal facilities not built for classroom use while the new schools are being built. Further, returning to the pre-2013 standard will allow the State to avoid paying higher school design and construction costs associated with accelerated building schedules that schools are pursuing to address their capacity shortage as quickly as possible.

The school districts listed in Table 3 as exceeding capacity in FY 2020-FY 2022 are based on SFB conceptual approvals as of December 2018. The Executive expects SFB to re-evaluate this data in the Spring of 2019, which may impact the schools listed and the funding included.

## Higher Education: Colleges and Universities

### ARIZONA TEACHERS ACADEMY

In the FY 2018 Executive Budget, Arizona's public universities were called upon to respond to one of the biggest challenges facing the State today: the teacher shortage crisis.

As the number of college students enrolled in and completing teacher preparation programs across the country continues to decline, and the number of teachers who become eligible for retirement rises, the risks for teacher attrition in K-12 public education have never been higher.

Equally important, as the consumers of a quality K-12 system, universities are directly impacted by academically underprepared students, and employers suffer from non-skilled workers.

To address these critical problems, the FY 2020 Executive Budget makes the Arizona Teachers Academy the cornerstone of its education policy agenda by making significant investments in the existing programs at our public universities and expanding programmatically through the entire public postsecondary system.

The Executive Budget expands the existing institutional investment in the Arizona Teachers Academy to a permanent \$21 million State investment. Since the Academy's inception in 2017, prospective teacher participation has increased dramatically, affirming the interest of students and the public schools that are embracing the program by providing employment opportunities during the student-teaching experience and upon graduation.

The Executive Budget expands the Arizona Teachers Academy in four ways.

**1. Expanded Eligibility.** Academy eligibility is no longer limited to education majors. Students majoring in Science, Technology, Engineering, and Math (STEM) disciplines at the State's public universities are eligible for the Arizona Teachers Academy.

- The Arizona Teachers Academy currently provides funds to cover the cost of tuition and fees – net of institutional aid, federal grants, and other scholarships – if a student is enrolled in the university's College of Education.
- If a student is not enrolled in the College of Education, or in an undergraduate education degree path, but is pursuing a degree in the STEM fields and is enrolled in full- or part-time education degree required coursework, the Arizona Teachers Academy will cover tuition and fees for two academic years (four semesters).
- For community college post-baccalaureate students, tuition and fees will also be waived for up to two academic years (four semesters).
- In exchange, students must agree to teach one year in Arizona for every year they participate in the Arizona Teachers Academy.

**2. Four Years of Benefits.** Students who participate in the Arizona Teachers Academy may request tuition benefits for up to four years. However, juniors and seniors will receive priority status.

**3. \$1,000 Stipend.** The Arizona Teachers Academy provides a \$1,000 annual stipend as an extra incentive to students who agree to teach in one of these critical-need areas:

- STEM programs of study
- Special education
- Schools in low-income areas
- Tribal and rural communities

**4. Broadened Participation.** Participation in the Arizona Teachers Academy is broadened to include non-resident and community college post-baccalaureate students.

The Executive intends that the FY 2020 investment in the Arizona Teachers Academy and funding each subsequent year will be used proactively to attract the best and the brightest into Arizona's K-12 classrooms.

### OTHER UNIVERSITY ISSUES

**Arizona Teacher Student Loan Program.** The FY 2020 Executive Budget expands the Arizona Teacher Student Loan Program (ATSLP) by \$250,000, to serve approximately 35 additional prospective teachers who are in their junior or senior year in any postsecondary institution in the state.

ATSLP covers up to \$7,000 per year in tuition and fees and requires the student to agree to teach STEM or special education or teach in a low-income, tribal, or rural community. With this increase, the total FY 2020 funding for this program will be \$676,000.

**Health Insurance Trust Fund "Hold Harmless."** As a result of a shortfall in the State's Health Insurance Trust Fund (HITF), one-time agency premium increases were implemented across State government for FY 2019, including the State's university system.

The universities planned to use a portion of tuition collections to pay the premium increase.

The FY 2020 Executive Budget includes a FY 2019 supplemental appropriation of \$9.3 million to cover the universities' full cost of the premium surcharges, freeing up a commensurate amount of tuition dollars to be used for other operational purposes. The amount to be paid to each university budget unit is:

- Arizona State University: \$4.6 million
- Northern Arizona University: \$91,500
- University of Arizona: \$4.7 million (including \$650,300 for Health Sciences)

In addition, the Executive Budget includes another one-time agency insurance premium increase in FY 2020 to improve the cash position of HITF as the State moves toward issuing a Request for Proposal (RFP) for a new State health insurance plan that provides innovative health care coverage in a cost-effective way for employees and employers. Consistent with the FY 2019 supplemental, the FY 2020 Executive Budget provides the universities with the full amount of this premium increase, which will allow them to avoid using tuition dollars on the State's HITF. (For more information on the FY 2020 HITF agency premium increase, see the "Government That Works" section of the Budget Message.)

**State Support for Resident Students.** The Executive Budget includes \$35 million in one-time General Fund support for university operating and capital improvements, providing universities with budget flexibility to address their high-priority needs and provide additional support to Arizona resident students.

## WORKFORCE INVESTMENTS

**Pima Aviation Technology Program.** The continued growth of Arizona's aerospace industry – particularly in the southern part of the state – requires critical infrastructure to meet the labor demands of incumbent and new businesses.

Bombardier and Ascent, along with Skywest Airlines, have expressed interest in having more students graduate in this field to keep up with their vacancies.

The Executive Budget includes \$20 million to Pima Community College (PCC) to expand its Aviation Technology Program

(ATP). The ATP is one of only two aviation technology programs in the state and provides students with hands-on experience with a variety of aircraft. This one-time investment is part of PCC's larger \$100 million funding plan that relies on the issuance of revenue bonds, obtaining federal grants, and reallocating resources across the district.

**MCCCD Healthcare Specialty Expansion.** According to the Bureau of Labor Statistics, the number of available jobs in the Phoenix area's healthcare sector is expected to grow by 24% between 2018 and 2025. Jobs that are in high demand include registered nurses, nursing assistants, and other allied health care professionals.

The Executive Budget includes a one-time \$5.8 million investment for the Maricopa County Community College District (MCCCD) for equipment to expand its capacity in specialty area offerings in the operating room, emergency care, telemetry, oncology, intensive care unit, and home care programming.

The District houses several state-of-the-art facilities that allow students to practice medical procedures on life-like simulators. Valley healthcare companies frequently send their employees to MCCCD's Center for Nursing Excellence and comparable facilities for additional specialty certifications in response to rapid changes in health care.

To date, MCCCD has invested \$1.6 million in its health care training facilities, primarily from Proposition 301 monies, to acquire additional simulators, build skill lab classrooms, and equip control rooms that allow faculty to oversee students' interactions with simulators.

**Pinal County Regional Workforce Training Center.** Arizona is becoming a magnet for electric vehicle manufacturing. With major announcements from two electric vehicle companies that intend to locate their production plants in Pinal County, State and local entities, including the Arizona Commerce Authority, the Office of Economic Opportunity, the City of Casa Grande, and Central Arizona College are partnering together to create a training center that will equip current and future residents in the region with advanced manufacturing skills that these motor companies and the growing industrial sector need.

The Executive is reinvesting workforce training funds into this project that will facilitate its completion.

# Natural Resources

---

The Executive Budget provides the resources necessary to help protect the water levels in Lake Mead, secure Arizona's Colorado River interests, and prepare for the drier future ahead.

**"We have a viable proposal. We need to complete that proposal to protect the Colorado River and those of us who rely on it. The time is now. Let's seize the moment."**

- Gov. Doug Ducey, *Arizona Republic* Op-Ed on the Drought Contingency Plan, December 1, 2018

Effective management and stewardship of Arizona's most precious natural resource — water — is vital to the state's future. The FY 2020 Executive Budget commits funding for the Drought Contingency Plan, which will ensure the supply of water for generations of responsible users throughout Arizona.

The Executive Budget also fully funds the State's program for hazardous waste cleanups, continuing the momentum for safely closing decades old polluted sites.

## Department of Water Resources

---

### DROUGHT CONTINGENCY PLAN

The Southwest has experienced severe drought conditions for almost two decades. As a result, water levels in Lake Mead — the primary storage reservoir for the Lower Basin states (Arizona, California, and Nevada) and other Colorado River System reservoirs — have been declining. Projections indicate that this trend will continue. With as much as 40% of the State's total water supply coming from the Colorado River, there is no denying that Arizona faces a drier future.

In 1963, the U.S. Supreme Court affirmed the legal entitlements of Arizona, California, and Nevada to Colorado River water. Five years later, Congress authorized the Central Arizona Project (CAP) to bring water from the Colorado River into central Arizona, on the condition that, in the event of a water shortage, the volume of water available to CAP would be reduced before more senior Colorado River water users in Arizona, California, and Nevada would be affected.

In 2007, the Lower Basin states and the federal government entered into an agreement tying the severity of cutbacks in water deliveries from the Colorado River to the water levels in Lake Mead at 1,075 feet, 1,050, and 1,025. The agreement provides for increasing cutbacks at each elevation. If Lake Mead's water level drops below 1,025 feet, Arizona would lose access to at least 480,000 acre-feet, or 17%, of its Colorado River allocation. The magnitude of that cutback is equivalent to providing a year's worth of water to approximately a million family households. The

U.S. Bureau of Reclamation forecasts a 50% chance of this draconian scenario occurring by 2026. In such an event, the Bureau of Reclamation could order additional reductions in Colorado River water deliveries to stabilize Lake Mead.

Arizona's FY 2018 budget committed \$6 million over three years to proactively preserve elevations at Lake Mead by incentivizing Arizona's Colorado River water users to forego a portion of their allocation, with the goal of preventing Lake Mead's water level from falling below the first shortage step of 1,075 feet. To date, the Arizona Department of Water Resources (ADWR) has expended \$2 million on this effort. Nevertheless, the Bureau of Reclamation is expected to issue a shortage declaration by 2020.

ADWR has been in negotiations with California, Nevada, and the Bureau of Reclamation to prepare a Lower Basin Drought Contingency Plan (DCP) to protect water levels at Lake Mead. While the plan will likely not head off the first shortage declaration, the DCP will help reduce the likelihood of Lake Mead falling to a more critical elevation, such as the severe 1,025 feet.

The terms of the proposed DCP, which would amend the 2007 agreement and run through December 2026, ensure that no single user of Colorado River water would bear the brunt of imminent cutbacks. The DCP includes earlier and deeper reductions of Colorado River supplies for Arizona and Nevada, beyond the currently agreed-upon limits, in exchange for California, which had no set cuts under the 2007 agreement, also taking reductions in its Colorado River deliveries if water levels in Lake Mead deteriorate to specific levels. Based on ADWR projections (see Figure 9 on the next page), Arizona's DCP offers a real possibility of protecting Lake Mead and providing more time for Arizona to prepare for a drier future.

In the summer of 2018, ADWR and CAP jointly convened a committee of Arizona stakeholders to develop an intrastate DCP implementation plan that balances the broad-ranging interests of the State's Colorado River water users. Many stakeholders, including the State of Arizona, plan to contribute significant resources for implementation.

The Executive Budget includes \$30 million, in addition to the original \$6 million, for conservation efforts dedicated to protecting water levels in Lake Mead, and an additional \$5 million to support infrastructure projects for agriculture, to secure Arizona's water future.

Figure 9

## DEPARTMENT OF ENVIRONMENTAL QUALITY

The Executive Budget continues support of the Water Quality Assurance Revolving Fund (WQARF) program, through which the State actively pursues remediation of land and groundwater that have been contaminated by hazardous waste. There are 36 active remediation sites on the WQARF registry.

Due to the severity of the contamination required to be listed on the registry, site remediation tends to be a complex, multi-year process. In recent years, however, process efficiencies achieved by the Arizona Department of Environmental Quality (DEQ) has safely accelerated site evaluation and remediation, resulting in lower costs and shorter timelines per cleanup.

Focusing on efficient and effective investigation and remedial technologies, DEQ has closed sites at an accelerating rate. In FY 2018, DEQ was able to begin remediation on a new site within 180 days of contamination discovery, which is one example of how the Department has been able to lower the average time to implement site remedies from 4.2 years to 1.4 years.

Five years ago, the program had closed only one contaminated site since its inception in 1986. As Figure 10 illustrates, by

the end of FY 2018 the number of sites removed from the WQARF registry had grown to six.

To ensure that such valuable gains continue unabated, the Executive Budget includes full funding for WQARF from the statutorily required Corporate Income Tax diversion for the first time since FY 2007.

Figure 10

# Public Safety

The Executive Budget makes targeted investments to enhance and modernize public safety statewide, targets white-collar and organized crime, and helps individuals succeed in work and life after their release from incarceration.

**"Every day Arizona's law enforcement personnel and first responders take risks and face dangers to protect public safety and keep the peace, and our state is grateful for their bravery in the line of duty."**

- Gov. Doug Ducey, "Arizona Medal of Valor" Official Statement, August 5, 2018

The FY 2020 Executive Budget makes targeted investments to enhance public safety in all parts of Arizona: metropolitan areas, rural counties, and border communities.

The Executive Budget also continues to invest in efforts to reduce recidivism, ensure that individuals who have paid their debt to society are given a genuine second chance, and demonstrate that, in Arizona, "corrections" is not merely a label, but an achievable objective.

Additional investments targeting the prosecution of white-collar and organized crime rings will strengthen existing law-enforcement efforts, to ensure that Arizona is safe and secure for residents and visitors.

The Executive Budget also provides needed funding to enhance patrols in the metropolitan and border communities, especially during the evening hours when criminal activity is high.

## Public Safety Salary Increases

Below-market employee compensation in the State's law-enforcement and corrections agencies puts them in a competitive disadvantage in recruiting and retaining top people, resulting in high turnover costs and negatively impacting agency operations.

The Executive Budget's \$74 million in targeted investments for key positions, which will result in salary increases for an estimated 14,485 State employees (approximately 40% of State Government's workforce, excluding the university system), includes a major focus on public safety.

The Public Safety Pay Package is designed to recruit and retain the State's best law enforcement and corrections personnel.

### DEPARTMENT OF PUBLIC SAFETY

The starting salary at the Department of Public Safety (DPS) is the lowest among Arizona's seven largest law enforcement agencies. As a consequence, DPS has been unable to recruit, train,

and hire a sufficient number of sworn Troopers to replace retirees and fill newly created positions.

In September 2018, approximately 12% of DPS Trooper positions were vacant.

Many factors determine where a prospective law enforcement officer chooses to apply, but there is no denying that the low starting salary at DPS is a major handicap in resolving the Trooper deficit.

To enhance recruitment and retention of critical law enforcement personnel, the Executive Budget includes \$21.5 million for a 10% increase in DPS Trooper salaries and a 5% increase in DPS civilian salaries. The funding will increase starting Trooper pay from \$46,988 to \$51,687, which meets or exceeds the starting salary of four of Arizona's six other large law enforcement agencies (See Table 4).

Table 4

Entry Officer Salary - Largest Arizona Law Enforcement Agencies			
Department	Salary	\$ Difference from DPS	% Diff. from DPS (FY 2019)
Mesa PD	\$ 57,117	\$ 10,129	21.6%
Glendale PD	55,116	8,128	17.3%
<b>DPS - FY 2020</b>	<b>51,687</b>	<b>4,699</b>	<b>10.0%</b>
Maricopa Sheriff	51,584	4,596	9.8%
Phoenix PD	51,480	4,492	9.6%
Pima Sheriff	48,880	1,892	4.0%
Tucson PD	47,133	145	0.3%
<b>DPS - FY 2019</b>	<b>46,988</b>	<b>N/A</b>	<b>N/A</b>

Source: DPS Annual Personnel Report, September 2018

### DEPARTMENT OF CORRECTIONS

The Arizona Department of Corrections (ADC) competes with federal detention centers, local county detention, police departments, and private companies to recruit, hire, and retain top Correctional Officer II (COII) candidates. As more jobs become available outside of State service, competition becomes more intense, and attracting large numbers of quality applicants becomes even more challenging.

Vacancy rates for COII positions increased from 1.1% in July 2011 to 14.3% in July 2018; during FY 2018 alone, 1,078 COIIs with an average ADC tenure of four years left the Department, producing an 18.6% turnover rate. The Executive Budget includes

\$35.5 million to increase pay in several positions across ADC. Security personnel, such as COIIs, will receive 94% of that funding. Under the Executive's plan, the average COII pay will increase from \$37,002 to \$40,703, which exceeds the average correctional officer and jailer mean wage for the Arizona nonmetropolitan area.

Table 5 illustrates the current pay gap between the ADC and its competitors:

Table 5

Correctional Officer and Jailers Mean Annual Wage			
Area	Average Salary	\$ Difference from ADC	% Diff. from ADC (FY 2019)
Phoenix - Mesa - Scottsdale	\$ 45,380	\$ 8,378	22.6%
Arizona	44,290	7,288	19.7%
Tucson	41,950	4,948	13.4%
<b>ADC - FY 2020</b>	<b>40,703</b>	<b>3,701</b>	<b>10.0%</b>
Arizona nonmetropolitan area	40,050	3,048	8.2%
<b>ADC - FY 2019</b>	<b>37,002</b>	<b>N/A</b>	<b>N/A</b>

Source: U.S. Bureau of Labor Statistics, May 2017

In addition to raising COII compensation, the Executive Budget includes pay increases for ADC positions that are dedicated to reducing recidivism – i.e., decreasing the relapse of former inmates into criminal behavior.

Two key positions that are vital to that effort are Correctional Educational Program Teachers and Correctional Substance Abuse Counselors. These positions provide needed treatment and education services that have shown to help reduce recidivism among individuals who successfully complete programs intended to help inmates achieve success after their release. Higher pay will enhance the Department's ability to compete with other agencies in attracting qualified candidates for these positions.

## DEPARTMENT OF JUVENILE CORRECTIONS

The Department of Juvenile Corrections (DJC) faces many of the staffing challenges that plague ADC. In FY 2018, DJC experienced 60% turnover within the Youth Correctional Officer I and II FTE positions. The resulting costs of recruiting and training, and the consequences of relative inexperience in those positions, are a major burden for the Department. The Executive Budget includes \$3.2 million to increase pay in several positions across DJC. Security personnel, such as Youth Corrections Officers, will receive 89% of that funding.

The Executive Budget's salary adjustments will closely align DJC's salary schedules with those of ADC for comparable positions and alleviate inter-agency recruiting and retention competition.

Additionally, the salary increase funds an eight-year "step plan" for Youth Correctional Officers that will provide an annual salary increase for the first eight years of an individual's employment. This plan is comparable to the one in use at ADC and will

provide an annual incentive to remain in service with the Department.

For additional details on this funding initiative, please see the "Government that Works" section of the Executive Budget Summary.

## Reducing Inmate Recidivism

In an effort to create safer communities by reducing recidivism, in January 2017 Governor Ducey directed ADC and the Department of Economic Security (DES) to establish pre-release workforce services for inmates, to prepare them for success and self-sufficiency. As a result of the agencies' efforts, in March 2017, the State opened its first Second Chance Center. Since that time, the number of Second Chance centers has grown to three, at the Perryville, Lewis, and Tucson prison complexes.

The Executive's Second Chance initiatives seek to reduce the State's prison population and offer inmates additional pathways to employment and post-release success in life. Reducing the recidivism rate will curb future incarceration spending, enhance public safety, and give former inmates a better opportunity to become engaged and productive citizens.

Second Chance centers provide:

- Hard and soft skills training.
- Résumé and job search assistance.
- Job interview preparation (which includes explaining offenses to potential employers).
- Participation in on-site job fairs.
- Enrollment in health care.
- Connections to housing, clothing, and transportation.

Since the inception of Second Chance, 2,001 inmates have successfully completed the eight-week program, and 986 individuals have obtained gainful employment upon release. In FY 2018, hundreds of inmates received comprehensive workforce-readiness services within 60 days of their release, and 509 of those individuals were employed post-release.

The FY 2019 Executive Budget included and ultimately received funding to expand the Lewis and Perryville Second Chance centers, adding space for another 175 and 20 inmates, respectively, at those facilities.

**IT Opportunities.** To build upon these efforts, the Executive plans to invest existing resources to implement a pilot computer-programming academy. Over the last year, the Arizona Commerce Authority has identified 33 business expansion or attraction projects in the information technology (IT) sector that could add 7,000 new jobs in Arizona with an average wage of \$67,000.

As a growing component of the state's 21<sup>st</sup> Century economy, IT training reflects a meaningful commitment from the Executive to provide relevant and in-demand workforce development opportunities to individuals who have paid their debt to society

and are committed to using their second chance to become productive members of their communities.

## Public Safety Fee

---

The Executive is committed to protecting public safety in a way that is fiscally sustainable. The Public Safety Fee, currently set at \$32 per vehicle registration transaction, is projected to fully fund the highway patrol function of the Department of Public Safety.

The FY 2020 Executive Budget includes DPS investments that will be financed with the General Fund to prevent any increase in the Public Safety Fee. In the out years, the Executive Budget contemplates this General Fund spending will be offset by the natural growth in the number of vehicle registration transactions.

This structure accelerates critical public safety investments while holding the Public Safety Fee constant, providing fee stability for Arizonans.

## Enhanced Trooper Presence

---

### SECURING ARIZONA'S BORDER

The need to secure Arizona's border by partnering with local, State, tribal, and federal authorities to target border-related crimes led Governor Ducey to create the Border Strike Force in 2015. This multi-layered collaboration has led to thousands of arrests and significant seizures of illegal contraband.

The multi-agency approach guides Executive investments in expanding the Border Strike Force, particularly for 24/7 highway patrol coverage in southern Arizona. Since 2017, 24 new Trooper positions have been added to support this initiative.

In response to needs identified by local law enforcement leaders, the Executive Budget provides funding for an additional 12 Troopers dedicated to overnight patrols. The Executive remains committed to ensuring that DPS and local law enforcement leaders have the resources they need to interdict and reduce illegal activity at night.

### INTERCEPTING WRONG-WAY AND IMPAIRED DRIVERS

The FY 2019 Executive Budget included and ultimately received funding for six new Trooper positions dedicated to patrolling the Maricopa County metropolitan areas between 8 p.m. and 6 a.m., when impaired driving is disproportionately high.

The FY 2020 Executive Budget continues efforts to mitigate and prevent wrong-way driving by including funding for six additional Trooper positions dedicated to the "night watch" shift.

## HIGHWAY PATROL STAFFING

The FY 2020 Executive Budget also includes funding for 21 Trooper and three Sergeant positions, along with the vehicles and other necessary equipment to patrol the Phoenix area's Loop 202 South Mountain Freeway, which will open in the fall of 2019. Trooper presence will enhance traffic enforcement, reduce emergency response times, and deter criminal activity.

## Public Safety Equipment

---

### DPS VEHICLE REPLACEMENT

DPS troopers depend on reliable vehicles to safely and effectively perform duties such as criminal investigations and gang and border operations. Vehicles are often driven at high speeds and on rough terrain to respond to emergencies, and maintaining and replacing vehicles at regular intervals helps ensure the safety of these troopers.

Currently, the DPS vehicle replacement budget meets 58% of its annual vehicle replacement need. The Executive Budget includes \$1 million in new funding to enable DPS to purchase approximately 18 additional replacement vehicles each year.

## Southern Arizona White Collar & Criminal Enterprise Section

---

The Attorney General's Southern Arizona White Collar & Criminal Enterprise Section (SAWCCE) prosecutes all cases within the Attorney General's statutory jurisdiction for southern Arizona. Primarily focusing on complex white-collar and anti-cartel criminal enterprises, SAWCCE actively works with Attorney General's Office special investigators, local police agencies, and federal law enforcement personnel to prepare cases, from the initial complaint through sentencing. SAWCCE also concentrates on anti-cartel prosecutions of criminal enterprises comprised of international, interstate, and Arizona-based drug traffickers.

With a staff of eight attorneys and nine support positions, SAWCCE attorneys closed 272 total cases in FY 2018. The office brought in approximately \$1.4 million in ordered restitution and \$237,000 in fines.

Due to resource and staffing limitations, SAWCCE has been unable to keep up with its caseload. In FY 2018, SAWCCE delayed or did not pursue prosecution of 54 cases against 143 defendants. The Executive Budget includes an increase in SAWCCE staffing of three new positions (attorney, legal assistant and legal secretary) funded from the Collections Enforcement Revolving Fund (CERF). These three positions will expedite the processing of the delayed and unprosecuted cases and allow SAWCCE to handle an increased caseload going forward.

# Health and Welfare

---

Health and welfare programs within State Government provide services and support for Arizona's most needy and vulnerable citizens.

**"There are a lot of things that divide us, but taking care of these kids is something that should unite us."**

- Gov. Doug Ducey, KidsCare Letter to Arizona's Congressional Delegation, November 1, 2017

The State of Arizona constantly seeks to improve its service delivery in meeting legitimate and compelling needs in the areas of child safety, assistance for low-income individuals and families, and public health.

The FY 2020 Executive Budget preserves the safety net that protects thousands of Arizona children by ensuring that KidsCare remains available to low-income working parents; continuing critical investments that provide more safe and loving homes for children; and detecting and responding to child abuse.

The Executive Budget also provides resources for protecting the elderly and other vulnerable adults from neglect and exploitation.

## Programs that Benefit Arizona Children

---

### KIDSCARE

The Executive Budget includes funding for the KidsCare program, which provides health insurance for over 32,000 Arizona children whose family incomes are above the limit for Medicaid eligibility but below 200% of the federal poverty level (FPL).

Through KidsCare, working parents who cannot afford private health insurance can still obtain health coverage for their children at affordable premiums that vary, with family size and income, from \$10 to \$70 per month.

The federal government currently covers 100% of the cost of this program. However, Laws 2017, Chapter 309 freezes KidsCare enrollment if the federal match drops below 100%, which is expected to occur in September 2019 when the federal match will drop to 90.5%. If this change remains in place, over 6,000 children who currently qualify for KidsCare will be unable to access coverage in FY 2020. If this provision remains in law through 2022, the number of children losing coverage is projected to increase to almost 26,000.

Without KidsCare, there is a real risk of Arizona families choosing to forego routine medical care for their children or, in order to qualify for Medicaid, reducing their working hours or ceasing to work altogether.

The Executive Budget calls for eliminating the enrollment freeze by repealing Section 7 of Chapter 309, helping parents remain in the workforce and pursue opportunities for advancement that can free them from the need for government assistance.

The FY 2020 difference in cost to the General Fund between the currently forecast population and the frozen population is \$1.6 million.

### CHILD CARE DEVELOPMENT FUND

The Child Care Development Fund (CCDF) provides subsidies that help low-income working families and foster parents afford child care. The Executive Budget makes a crucial investment in the accessibility of child care subsidies by increasing the CCDF appropriation.

In May 2018, the federal government awarded Arizona an additional \$55.8 million for child care subsidies. This additional award, with no state match requirement, will be utilized by the Department of Child Safety (DCS) and the Department of Economic Security (DES) in their child care subsidy programs.

DCS provides child care subsidies to foster parents for the children in their care, and to parents with children who are in their own home and are receiving DCS preventive services.

DES serves the low-income working portion of the child care subsidy program, which had an average monthly waiting list of 1,141 in FY 2018 and limits eligibility to

- low-income parents who are working;
- teen parents in high school or General Education Development (GED) classes; and
- residents of homeless or domestic violence shelters.

The additional funding will increase the average monthly DCS and DES child care subsidy rate by 16% and 17%, respectively, for approximately 39,000 children. It will also significantly lower and possibly eliminate the waiting list in FY 2020.

The Executive seeks immediate authority to use the increased funding through a FY 2019 supplemental appropriation.

### CHILD SAFETY

Through the ongoing implementation of lean management practices, DCS continues to make significant strides in investigating child welfare cases, improving in-home preventive services, and reducing the number of out-of-home child placements.

In 2013, the revelation of uninvestigated reports of child abuse brought to light the undisputable need to reform Arizona's child safety agencies. Since then, the backlog of more than 16,000 inactive cases and over 33,000 open reports that required investigation dropped to an all-time low. The backlog is now well below the Legislative benchmarks of 1,000 inactive cases and 8,000 open reports, as DCS met the benchmarks six months ahead of the July 2018 Legislative deadline.

Additionally, DCS continues to improve its processes through performance management and standardization that has resulted in the following accomplishments:

- DCS has reduced wait times for the child abuse hotline from 12 minutes to less than 40 seconds and its call abandonment rate from 32% to 3.2%, ensuring that children suffering abuse and neglect can quickly get the help they need.
- 95% of child abuse and neglect investigations are completed within their mandated response times.
- DCS has achieved a net reduction in the number of children entering State foster care (see Figure 11).
- Improvement in its child placement practices has allowed DCS to place more children in family-like environments. Group home placements and shelter placements have been reduced by 15% and 60%, respectively.
- Similarly, targeted family-finding and permanency efforts are moving record numbers of children out of group homes and emergency shelters and into kinship care and foster homes.
- Almost 90% of children in foster care have found permanency through reunification, guardianship, or adoption.
- The number of families receiving in-home services, which can mitigate the need to remove a child from the home, is on the rise.

Figure 11

**Supporting Mission-Critical Staff.** In working to create a safe and secure environment for Arizona's vulnerable children, DCS

caseworkers and mission-critical staff work vigilantly to respond to and investigate reports of child abuse and neglect, and provide crucial in-home services, and safely reduce the out-of-home children population.

Retaining qualified and experienced staff is a major challenge facing DCS, as the agency has been consistently unable to meet the Legislative benchmark of retaining 1,406 caseworkers (see Figure 12). Handicapped by salaries that are 13.6% below market, DCS loses caseworkers to the private sector, non-profit employers, and other government agencies.

In FY 2018, the turnover rate for DCS caseworker positions was 35%. Caseworker exit surveys indicate that pay is the second-biggest reason for caseworker turnover (after "not feeling valued or recognized.") Using a tool from the Annie E. Casey Foundation, DCS estimates that the State's direct and indirect costs associated with the current turnover rate are between \$6 million and \$7.5 million per year. Further, a 2005 study suggests that caseworker turnover reduces by 57% the likelihood of a child achieving permanency within one year.

Figure 12

The Executive recognizes the impact of DCS staff in ensuring that children remain safe. Preserving the State's progress in child safety requires lowering the rate of staff turnover and reducing vacancies.

The Executive Budget includes \$7.2 million from the General Fund and \$1.5 million from Child Safety Expenditure Authority to fund targeted salary adjustments for DCS.

**Other Advances.** DCS's mission to protect children, strengthen families, and achieve permanency continues.

- With the launch of its mobile solution for caseworkers now complete, DCS continues to develop its child welfare technology system with added business components such as intake/hotline, safety assessment, case management, and permanency functions.
- To provide more effective health care for children who are wards of the State, DCS works diligently to integrate behavioral health services into its existing health plan for foster children.

- DCS continues to tackle contract renegotiations focused on service quality; process-improvement projects that free caseworkers to devote more time to families; and initiatives aimed at safely reducing the number of children in the State's care.

#### CHILD SUPPORT ENFORCEMENT

Locating noncustodial parents who do not meet their financial and legal responsibilities is a long-standing priority of the Executive. The Deadbeat Parent Initiative involves posting on social media the names and photos of parents who are not paying their child support. Since the initiative began, DES had located 165 child support evaders as of December 2018 and collected \$850,000 in child support payments.

In FY 2020, the Executive continues this effort by investing in a five-year replacement of the State's child support computer system. The new system, adapted from the Delaware child support system, will automate several core functions, such as audit logs, federal timeline requirement tracking, and uploading court information, thereby allowing DES caseworkers to spend less time entering data and more time enforcing child support orders. Once the project is complete, these efficiencies will allow the State to achieve significant increases in child support collections.

With federal funding and an increase in fees paid by non-custodial parents, DES can complete the automation projection without any additional State monies.

#### Biomedical Research

From FY 2015 to FY 2019, Northern Arizona University (NAU) received \$3 million annually for biomedical research, which the institution awarded to the Translational Genomics Research Institute (TGen). TGen is a not-for-profit organization whose mission is to make genomic discoveries that advance human health.

In the last two years, treatment of a child at TGen's Center for Rare Childhood Disorders helped researchers discover a genomic mutation that causes physical abnormalities and developmental delays in children.

In addition, TGen produced a study illustrating how blocking nerve growth restricts pancreatic cancer cells to nearby nerves. That study may lead to the development of new drugs to reduce pain in pancreatic cancer patients.

Those two achievements offer a small illustration of TGEN's impact on human health.

TGEN's value to Arizona does not end with its unique discovery mission. In FY 2016, a study conducted for TGen reported that the organization had a total economic impact of \$174 million for Arizona and created more than 1,400 jobs. During the ten years preceding the study, TGen's economic impact increased eight times.

The Executive Budget continues to provide NAU with \$3 million annually to ensure continued success.

#### Protecting Vulnerable Adults and the Elderly

The Department of Economic Security and other State agencies strive to make Arizona safer for at-risk adults by providing temporary assistance to those in need, protecting Arizona's most vulnerable citizens, and helping low-income working families and persons with disabilities achieve independence. The Executive Budget supports that mission.

#### ADULT PROTECTIVE SERVICES, AND HOME AND COMMUNITY-BASED SERVICES

Ensuring that Arizona's vulnerable adults are safe from neglect and from physical, emotional, and financial abuse is a high priority of Governor Ducey.

Adult Protective Services (APS) works with adults suffering from abuse. In recent years, reports of abuse and neglect have increased at an average rate of 18% per year, requiring more resources to meet growing needs.

In FY 2019, the Executive has used federal support to include more APS hotline and field staff to meet caseload demands. In FY 2020, the Executive will continue using federal funding for projected caseload growth while adding increased support to address the backlog of individuals in need of home and community-based services (HCBS). In Maricopa County, that backlog increased by 412% between FY 2010 and FY 2017 (See Figure 13).

HCBS programs include case management, adult day care, home-delivered meals, transportation, nurse home visits, and other preventive health services, allowing vulnerable Arizona seniors to remain safely independent and in their own homes for a longer period.

Figure 13

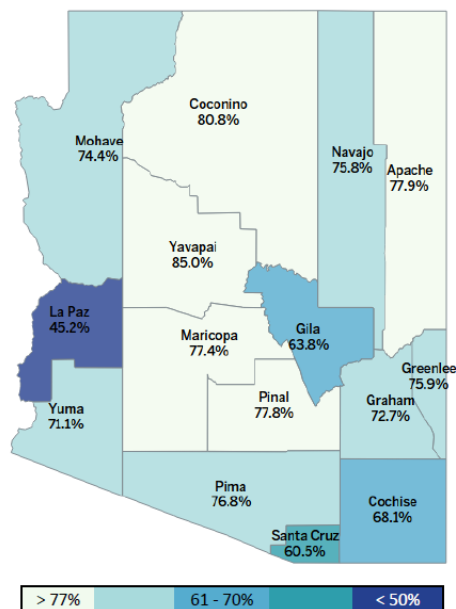

#### IMPROVING HEALTH OUTCOMES FOR EXPECTANT MOTHERS

Access to adequate health care as an expectant mother is essential in ensuring healthy outcomes for both the mother and the newborn. Unfortunately, as illustrated in Figure 14 there are areas across the state, primarily in rural Arizona, where expectant mothers do not have ready access to adequate health care, are forced to travel extensively for services in larger cities, or go without recommended checkups. Without proper care, expectant

mothers are more likely to face complications during pregnancy, maternal morbidity, and even maternal mortality.

Committed to addressing this public health problem, the Executive Budget provides a one-time \$1 million investment for a new Prenatal Care Telemedicine Program to increase rural healthcare providers' capacity to serve expectant mothers. DHS will manage and award the funds through a competitive grant process that prioritizes geographic areas of greatest need.

**Figure 14**  
**Access to Prenatal Care in Arizona**

The State's investment will allow providers to purchase necessary equipment and make technology upgrades to adequately serve expectant mothers or connect them with health professionals elsewhere. This initiative will decrease gaps in care throughout rural Arizona, increase access to prenatal care for expectant mothers, and improve health outcomes for mothers and children.

The Executive Budget also contemplates an additional \$1 million in one-time funding over FY 2021 and FY 2022 for loan repayment assistance for health care professionals who provide prenatal care in key areas throughout the state.

#### ARIZONANS WITH MENTAL ILLNESS

The Arizona State Hospital (ASH) provides inpatient care for Arizonans with mental illnesses that are a danger to themselves, a danger to others, or have committed violent crimes. The high

acuity of patients at ASH requires significantly more medical care while simultaneously posing safety risks for staff providing that care.

Because of the high acuity of patients at ASH and the nature of their psychiatric illnesses, assaults on staff continue to remain a significant issue. The three ASH staffing groups that bear the greatest exposure to injury are nurses, behavioral health technicians, and security officers. Those staffing groups are also critical to the health and safety of patients, visitors, and each other, and the Department of Health Services (DHS) faces difficulty in retaining them.

In FY 2018, positions in the three staffing groups experienced an average turnover rate of 32%. With salaries ranging from 8.5% to 24% below market, DHS loses staff to private hospitals and other governmental agencies, such as the Department of Corrections. By providing salary increases, DHS will be better equipped to increase staff retention, avoid the costs of turnover and temporary staffing, and maintain quality care for ASH patients.

Consistent staffing allows patients to build relationships with staff, which helps mitigate patients' violent behavior, making ASH a safer place for staff and patients. The Executive Budget includes \$3.5 million from the General Fund to reduce ASH staff turnover and vacancy rates.

#### VETERANS SUICIDE PREVENTION

In 2017, the Arizona Veteran Survey found that 41% of veterans have had thoughts of suicide, and one in three requires mental health services but has not sought them.

To help address these issues, the Department of Veterans' Services (DVS) became a leadership partner for the Be Connected program. The program is a statewide effort to reduce suicides in Arizona's military and veteran population by connecting service members, veterans, and their families to resources provided by groups such as DVS, AHCCCS, the Arizona National Guard, the Arizona Coalition of Military Families, TriWest Healthcare, and the U.S. Department of Veterans Affairs.

The federal government has been supporting this program in Arizona since 2017, funding a 24/7 call center, an online resource matching tool, and training for providers, veterans and concerned community members to help address the varied needs of veterans and active-duty service members and their families. The Executive Budget includes \$1.2 million from the General Fund to ensure that these vital services continue to be available in Arizona.

# Government that Works

---

The FY 2020 Executive Budget strengthens stewardship of State assets, and provides targeted pay increases for critical public safety positions.

## Protecting the State's Data Assets

---

In March 2018, Governor Ducey issued Executive Order 2018-03 that created the Arizona Cybersecurity Team to protect Arizonans from a cyber attack. The FY 2020 Executive Budget includes a package of cybersecurity-related initiatives that improve State Government's cyber preparedness.

### STATE GOVERNMENT CYBERSECURITY

**Statewide Cybersecurity Risk Management Program.** The Executive Budget provides \$20.7 million to establish a new Cybersecurity Risk Management Program, complementing the work of the State Information Security and Privacy Office (SISPO), which is the State's primary defense against cybersecurity threats. Central to this new program is a partnership with a cyber insurance vendor that will help the State continuously improve its cybersecurity practices while insuring against financial losses from cyber incidents and helping the State execute response and recovery efforts.

**New Cybersecurity Control and Data Center Costs.** The Executive Budget includes \$700,000 for a new cybersecurity control implemented across State Government. This single-sign-on system streamlines user authentication and allows for greater control over access to data and IT systems.

Additionally, the Executive Budget funds \$1.4 million in increased operating costs associated with relocating the State Data Center to a private facility. The new facility provides the State with upgraded network infrastructure, reduced environmental threats, and increased physical security, contributing to more secure and stable IT operations.

**Consolidate Cybersecurity Office Operations and Security Controls.** The Executive Budget renames the current ADOA "Statewide Information Security and Privacy Controls" special line item to "Statewide Information Security and Privacy Office and Controls" to consolidate the primary activities of SISPO. The Executive Budget also increases funding for SISPO to improve security of the State's IT assets and data.

## Accelerating Performance with Technology

---

### ENTERPRISE EMAIL AND CALENDAR SOLUTION

In FY 2018, the State began implementing an email and calendar solution that will be used by all Executive agencies. The FY 2020 Executive Budget establishes a new \$4.5 million special

line item for funds that ADOA will collect from participating agencies to pay annual licensing costs.

This solution will resolve agencies' use of disparate email and calendar systems that are not integrated, allowing for greater collaboration and more efficient communication statewide. In addition, this solution centralizes control over access to data, which strengthens the State's cybersecurity. This solution is expected to be fully implemented in FY 2020.

### DEPARTMENT OF CHILD SAFETY

The Executive Budget includes \$10.1 million to continue a multi-year project to replace the Children's Information Library and Data Source (CHILDS) system at the Department of Child Safety (DCS). The secure, cloud-based system will employ mobile technology to assist with key agency functions, including intake processing, case management, provider management, and financial management.

In FY 2020, DCS will complete major releases for case management, permanency requirements, and remaining components of the assessment function. DCS expects the project to cost a total of \$86 million (\$43 million in State funds), with a completion date in FY 2021, after the final deployment of the new Guardian information management system and the decommissioning of the CHILDS system.

### DEPARTMENT OF EDUCATION

The Executive Budget includes \$3 million in funding for the first year of a multi-year project to replace the school finance system at the Arizona Department of Education (ADE). The school finance system, built on obsolete programming code, calculates and processes 48 unique payment streams to determine and distribute funding for Arizona's public schools. ADE expects this project to cost a total of \$9 million, with a completion date in FY 2022.

### MEDICAL BOARD

The Executive Budget includes \$300,000 for the Arizona Medical Board to migrate data to cloud-based servers. The Board currently maintains over 15.5 terabytes of data in a physical server that supports daily operations and the Board's website. The Board expects this project to be completed in FY 2020.

## DEPARTMENT OF PUBLIC SAFETY

The Executive Budget includes \$2.7 million for IT projects at the Department of Public Safety:

- \$2.3 million for the final phase of a project to upgrade the Arizona Criminal Justice Information System, which is used to collect, store, and disseminate complete Arizona criminal history records; and
- \$410,000 to replace the Arizona Concealed Weapons Tracking System, which is used by law enforcement officers to verify the validity of concealed weapons permits.

The Department of Public Safety expects both projects to be completed in FY 2020.

## Arizona Is Open for Business

---

Arizona's thriving business climate requires infrastructure. Investments included in the Executive Budget support commerce that will continue to bring high-paying jobs to the state.

### DEPARTMENT OF AGRICULTURE

**Mariposa Port of Entry Cold Inspection Facility.** In recent years, the Mariposa Port of Entry in Nogales has been the focus of millions of dollars in infrastructure investment and modernization to increase capacity and efficiency for processing cargo at the Port. One notable exception is development of cold room storage to better accommodate the inspection of temperature-sensitive products, including berries, avocados, seafood, and even some pharmaceuticals.

The State is working with the Greater Nogales and Santa Cruz County Port Authority, Santa Cruz County, the Fresh Produce Association of the Americas, and U.S. Customs and Border Protection to construct a new prefabricated cold room within an existing federal inspection station. The Executive Budget includes \$700,000 to build a cold room, with local partners also contributing resources.

Once completed, this facility will better equip Arizona to compete with other border states in attracting new imports. A University of Arizona study estimates that the new economic activity associated with the increased imports would lead to an estimated annual increase of \$27 million to \$30 million in gross State product, and \$3.7 million to \$4.1 million in additional State and local tax revenues.

### ARIZONA COMMERCE AUTHORITY

**Rural Broadband Internet Development.** High-speed internet is essential for accelerating economic development, enhancing education, expanding access to healthcare, improving public safety, and modernizing government services.

Up to 54% of households in certain rural counties do not have access to high-speed internet. In FY 2020 the Executive will authorize a full-time state broadband director housed at the Arizona Commerce Authority. The position will be responsible for

coordinating all State government broadband planning and serving as a resource for local leaders seeking to improve rural broadband connectivity. Among other responsibilities, the state broadband director will help organize local broadband initiatives; advocate for Arizona's broadband development priorities with local, state, and federal stakeholders; and manage a competitive rural broadband development grants program.

The grants program will set aside \$3 million in FY 2020 to provide matching funding to offset the construction costs of expanding broadband services in underserved rural areas across the state. Grants will be awarded to local partnerships or ventures with clear and achievable plans to improve broadband services in one or more underserved rural areas.

## DEPARTMENT OF TRANSPORTATION

**Interstate 17 Expansion.** Expanding Interstate 17, a critical commerce corridor, will reduce congestion and improve highway safety. The Executive Budget includes \$130 million between FY 2020 and FY 2022 to accelerate and expand construction of a third highway lane on northbound and southbound segments of I-17 between Anthem and Black Canyon City.

This investment is in addition to the State Transportation Board's scheduled allocation of \$193 million to design and construction the I-17 expansion project. The Board's resources alone are not sufficient to expand I-17 from two lanes to three for all northbound and southbound traffic.

## Stewardship of Capital Assets

---

### DEPARTMENT OF ADMINISTRATION

The ADOA building system includes an inventory of 4,492 structures comprised of 24 million gross square feet and an estimated replacement value of \$5.3 billion.

**Rental Charges.** The Executive Budget increases the rental rate of State-owned buildings to generate additional revenue needed to renovate and maintain the ADOA building system. The rental rate for office space will increase from \$16.08 to \$17.87 per square foot, and the rate for storage space will increase from \$5.79 to \$6.43 per square foot. This increase, which is expected to generate an additional \$3.2 million in rental income, moves the State closer to rates for commercial space, generating additional funding for ADOA to perform more building maintenance and renewal.

**ADOA Building System Investments.** The Executive Budget includes \$17 million in one-time funding for building renewal investments in the ADOA building system, including fire and life safety projects as well as targeted infrastructure repair, replacement, and renovation. Funding for this issue is derived primarily from rental rates paid by State agencies for space occupied in State buildings.

In addition, \$10.6 million for capital projects comes from agency-specific funds. This consists of:

- \$6.8 million at the Department of Corrections for building renewal;
- \$1.9 million at the Game and Fish Department for building renewal and maintenance of dams and hatcheries;
- \$1.3 million at the Exposition and State Fair for building renewal and grounds maintenance;
- \$414,000 at the Pioneers' Home for targeted repair and replacement of infrastructure and equipment; and
- \$134,100 at the Lottery Commission for building renewal and maintenance.

**Building Renewal at Capitol Buildings.** The Executive Budget includes \$5.6 million for much-needed repairs and replacement of infrastructure in the Capitol complex, including:

- \$4.6 million in FY 2019 supplemental funding for elevator modernization at the House of Representatives, Senate, and Executive Tower buildings; and
- \$1 million for replacement of the air handler units at the House of Representatives and Senate buildings.

#### DEPARTMENT OF PUBLIC SAFETY

The Executive Budget includes \$2.7 million for capital projects at the Department of Public Safety (DPS) in response to operational needs, including:

- \$2.4 million to replace modular housing units that are well beyond their expected useful life and have rapidly deteriorated. These residential facilities, strategically located around the state, are used by DPS Troopers who are assigned to patrol remote sections of Arizona's highways.
- \$309,000 to build a new radio communications tower. In FY 2020, the Department of Transportation will open the new Loop 202 South Mountain freeway, which will be patrolled by DPS. Radio coverage in this area is inadequate; the new tower will provide better coverage, which will enhance officer safety and allow for more efficient coordination of emergency response efforts.

#### DEPARTMENT OF TRANSPORTATION

**Highway Maintenance and Construction.** The Arizona Department of Transportation (ADOT) maintains more than 21,600 highway lane-miles throughout the state. The funding to build and maintain those roads, as well as some funding to build and maintain local roads, is generated from in-state highway revenues such as the State Motor Vehicle Fuel Tax (i.e., the "gas tax"), registration fees, and vehicle license tax. Historically, the State's Highway Patrol has also been funded using those monies.

As a result of the new Public Safety Fee enacted in Laws 2018, Chapter 265, \$99.3 million that was previously diverted from State and local highway funds to fund the Highway Patrol will be returned in FY 2020 for State and local road projects. Approximately \$49.2 million more will be distributed for road projects to

cities, towns, and counties than in FY 2018, and \$50.1 million will be deposited in the State Highway Fund.

The Executive Budget uses a portion of those restored State Highway Fund monies by including an additional \$10.5 million for preventive road surface maintenance, which includes liquid asphalt overlays that repair cracks and improve road smoothness. The investment will bring ADOT's total surface maintenance budget to \$51.1 million, enough to meet the recommended maintenance schedule to maximize the life of pavement in good condition.

**Building Renewal.** ADOT also manages an independent building system, which includes 1,200 structures comprised of 3.3 million square feet and an estimated replacement value of \$761.6 million. The Executive Budget includes \$13.3 million for ADOT to replace or repair infrastructure and major building systems. This funding will allow ADOT to address high-priority capital needs.

**Maintenance Yard Facilities.** The Executive Budget includes \$4.6 million for improvements at the Wickenburg Maintenance Yard. An office that is beyond its expected useful life and is prone to flooding will be replaced with a larger facility. This new office will also be shared with a DPS unit that operates in the area. A truck barn that is too small for modern trucks will be replaced with a larger barn, and several small sheds and shops will be consolidated into one building that can properly meet equipment maintenance needs.

This funding will also be used to construct a new fueling station at the maintenance yard. The State currently must refill vehicles operating in this area at retail fueling locations, and the new fueling station will allow the State to purchase fuel at wholesale prices.

**Maintenance Buildings.** The Executive Budget includes \$2.3 million for ADOT to replace two maintenance buildings. The existing buildings, located in Seligman and Williams, no longer meet operational needs due to their small size and poor condition.

### Supporting a Strong State Workforce

In a strong economy with low unemployment rates, the job market requires employers to compete for top talent. The Executive Budget makes strategic investments in benefits and compensation to support employee recruitment and retention.

#### STATE EMPLOYEE HEALTH INSURANCE

The Executive Budget includes a one-time increase in premiums paid by into the Health Insurance Trust Fund (HITF) by State agencies on behalf of their employees. The increased premiums are expected to generate an additional \$88.7 million, with \$54 million of the total originating from the General Fund. The HITF supports the State's self-insured medical, pharmacy, and dental insurance for State employees.

Although the State has recently experienced slower growth in medical and pharmacy costs, expenditures continue to outpace

Figure 15

revenues, leading to a declining fund balance. The one-time increase allows the State to continue offering excellent health insurance benefits to employees while the Department of Administration continues to explore options to make the HITF financially sustainable (See Figure 15). A procurement process is underway, and new contracts with health insurance vendors will take effect in January 2021.

**Universities.** A concern of the State's public universities — using student tuition dollars to cover a portion of the premium surcharges — is addressed in the Executive Budget.

Premium surcharges amounted to \$9.3 million in FY 2019. The Executive Budget includes a supplemental appropriation in the current budget year to free up those tuition dollars for other university purposes. Further, the Executive Budget holds the universities harmless from the FY 2020 premium increase, allowing them to avoid using tuition dollars on the State's HITF.

#### TARGETED SALARY ADJUSTMENTS

Working to create a safe and secure environment for Arizona citizens and visitors is one of the State's greatest responsibilities and challenges.

**Emphasis on Public Safety.** State public safety agencies often compete with local and federal operators that currently pay higher salaries than State positions, limiting the State's ability to recruit and retain highly qualified employees.

The Executive Budget includes \$63.2 million from the General Fund (\$74.0 million Total Funds) for targeted salary adjustments, focused primarily on vital public safety positions (See Table 6).

**Table 6**  
**TARGETED SALARY ADJUSTMENTS, FY 2020**

Agency	General Fund	Other Funds	Total
Department of Corrections	\$ 35,479,200	\$ 0	\$ 35,479,200
Department of Public Safety	13,744,900	7,745,000	21,490,100
Department of Child Safety	7,158,600	1,492,700	8,651,300
Department of Health Services	3,481,400	0	3,481,400
Department of Juvenile Corrections	3,241,300	0	3,241,300
Game and Fish Department	0	609,500	609,500
Department of Transportation	0	570,400	570,400
Office of the Attorney General	54,800	118,700	173,500
Department of Liquor Licenses and Control	0	85,700	85,700
Arizona State Parks and Trails	0	82,500	82,500
Department of Agriculture	34,900	0	34,900
Department of Insurance	33,100	0	33,100
Arizona Corporation Commission	0	30,800	30,800
<b>Total</b>	<b>\$ 63,228,200</b>	<b>\$ 10,735,600</b>	<b>\$ 73,963,700</b>

Of the total funding package, 88.4%, or \$65.6 million, will go to the Department of Corrections, Department of Public Safety, and Department of Child Safety.

The specific employee positions and salary adjustment amounts included in the Executive Budget were informed by agency requests and subsequent analyses of hiring, retention, and distance-to-market data. Salary adjustments will reduce high turnover and vacancy rates, resulting in a more efficient government that will expend fewer resources on hiring and training new staff.

Specific increases can be found in affected agencies' narrative of the Agency Budgets book.

# FY 2020 Executive Budget

(Dollars in Thousands)

	General Fund	Other Appropriated	Non- Appropriated	All Funds Total

## Board of Accountancy

The Arizona State Board of Accountancy consists of five certified public accountants (CPAs) and two public members, all of whom are residents of the state and are appointed by the Governor. The Board also has six advisory committees consisting of 46 members appointed by the Board whose work directly supports the Board's mission. The advisory committees are Accounting and Auditing, Tax Practice, Peer Review, Certification, Continuing Professional Education, and Law Review. The Board and its committees qualify candidates for the Uniform CPA Examination, certify individuals to practice as CPAs, register accounting firms owned by CPAs, and biennially renew certificates for CPAs and registered accounting firms. The Board and its committees also receive and investigate complaints, take enforcement action against licensees for violation of statutes and regulations, monitor compliance with continuing education requirements, and review the work product of CPAs to ensure adherence to professional standards through the Board's peer review program.

# Acupuncture Board of Examiners

The Board licenses and regulates acupuncturists and certifies auricular (ear) acupuncturists for detoxification or substance abuse programs. The Board also oversees the licensing and certification of acupuncture training, continuing education programs, and visiting professors. The Board evaluates professional competency, investigates complaints, and enforces the standards of practice for the acupuncture profession. The Board regulates the educational, clinical, and clean needle technique programs approved to teach the practice of acupuncture in the State.

## Major Executive Budget Initiatives and Funding

### Administrative Staff Consolidation

The Executive Budget includes a decrease in the operating budget of the Acupuncture Board of Examiners.

The Acupuncture Board of Examiners and the Board of Homeopathic and Integrated Medicine Examiners have agreed to consolidate staff through the use of an interagency services agreement (ISA). Despite sharing staff, the boards will remain separate and independent, resulting in overall efficiency savings.

# Department of Administration

The Department of Administration (DOA) supports the operation of State government in Arizona by providing centralized services, enabling State agencies to focus their efforts on their unique missions. DOA processes accounting transactions statewide, purchases goods and services needed to conduct business, provides medical and other health benefits to State employees, manages insurance claims for property losses and workers' compensation, maintains and operates office buildings, provides information technology and telecommunication services for employees, and oversees human resources functions statewide.

<b>Agency Total</b>	<b>1,160,016.8</b>	<b>1,224,740.3</b>	<b>81,562.0</b>	<b>1,306,302.3</b>

## Major Executive Budget Initiatives and Funding

### Health Insurance Trust Fund - Agency Premiums

The Executive Budget includes an increase in one-time funding for agency premium increases to the Health Insurance Trust Fund (HITF).

The HITF supports the State's self-insured medical, pharmacy, and dental insurance for State employees. Although the State has experienced slower growth in medical and pharmacy costs recently, expenditures continue to outpace revenues, leading to a declining fund balance. The previous two budgets also included one-time employer premium increases to improve the HITF's cash position.

The one-time employer premium increase in FY 2020 will allow DOA to continue exploring options to improve benefits and make the HITF financially sustainable. DOA released a public request for information (RFI) in December 2018 to collect suggestions and feedback on the benefit offerings from experts and potential vendors. After reviewing and incorporating this information, DOA will release a formal request for proposal (RFP) for vendors to bid on the opportunity to administer the health plans in future years. The current vendor contracts for medical and pharmacy benefits, set to expire at the end of calendar year (CY) 2019, will be extended through CY 2020 while the RFI and RFP processes take place. The new contracts will take effect starting in CY 2021.

In prior years, adjustments to agency appropriations for premium increases were made proportionally based on the fund sources that agencies used to pay premiums in the previous fiscal year. In FY 2020, the Executive Budget allocates the appropriation adjustments similarly, except for the increases to the Universities, which will be funded entirely from the General Fund. This approach will result in holding the Universities financially harmless from this premium increase.

The agency and fund impact from this premium change is included in the Statewide Adjustments section of the Executive Budget.

<b>Funding</b>	<b>FY 2020</b>
Special Employee Health Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

## Statewide Cybersecurity Risk Management Program

The Executive Budget includes an increase in funding to develop a statewide cybersecurity risk management program.

To establish the program, the Executive Budget makes a one-time deposit using transfers of \$10.7 million from the Risk Management Fund and \$10 million from the Construction Insurance Fund into a new Cybersecurity Risk Management Fund.

From this deposit, \$20 million will be reserved to cover the insurance deductible for two catastrophic breaches. Some portion of this funding may be used to cover losses incurred due to smaller breaches that would not exceed the deductible amount. As DOA estimates the program will require nine months to be underwritten, \$425,000 will be used for three months of insurance premiums. These expenses will be tracked under a newly created special line item called "Cybersecurity Risk Management Losses and Premiums."

The remaining \$275,000 from the deposit will be used for operational needs, including funding for two new positions created through this program. The first position, located in the Risk Management Division at DOA, will administer the program, work with insurance vendors, and enhance statewide incident response plans. The second position, located in the Statewide Information Security and Privacy Office (SISPO) at DOA, will work directly with State agencies to identify and mitigate cybersecurity risks to internal agency technology systems. Expenditures related to this position will be tracked in the SISPO special line item.

When the program is fully implemented in FY 2021, the Executive Budget contemplates baseline operational funding for this program to be \$2 million. To fund the ongoing program costs in future fiscal years, DOA will allocate charges to agencies based on various cyber risk factors.

<b>Funding</b>	<b>FY 2020</b>
Cybersecurity Risk Management Fund	20,700.0
<b>Issue Total</b>	<b>20,700.0</b>

## Statewide Cybersecurity Controls and Operations

The Executive Budget includes an increase in funding for the Statewide Information Security and Privacy Office (SISPO) at DOA to improve the security of the State's information technology (IT) assets and data.

SISPO employs cybersecurity controls to combat cyber threats. In FY 2018 and FY 2019, DOA implemented a new cybersecurity control for identity management. Introduction of the control was integrated with the implementation of the enterprise email solution, allowing for smoother adoption by users. In FY 2019, when the control covered only a portion of the State's users, DOA was able to absorb licensing costs. In FY 2020, when the control is fully implemented and covers all users, licensing costs will increase.

In prior budgets, SISPO activities and funding have been spread across multiple funds and appropriations. The Executive Budget consolidates SISPO operations and cybersecurity controls to provide greater transparency into State cybersecurity operations. To achieve this consolidation, the Executive Budget renames the current ADOA "Statewide Information Security and Privacy Controls" special line item to "Statewide Information Security and Privacy Office and Controls."

In prior budgets, a portion of SISPO funding was provided through one-time appropriations from the Automation Projects Fund. The function of SISPO has shifted from developmental to operational in nature, which requires more stable funding. The Executive Budget includes an increase in the appropriation for the newly renamed SISPO special line item. A transfer of appropriation authority from the general operating lump sum to the special line item will partially fund the increase. To cover the remaining increases in funding, the Executive Budget increases the IT pro rata from 0.3% to 0.43%.

The agency and fund impact from this rate change is included in the Statewide Adjustments section of the Executive Budget.

<b>Funding</b>	<b>FY 2020</b>
Information Technology Fund	2,888.6
<b>Issue Total</b>	<b>2,888.6</b>

## Enterprise Email and Calendar Solution

The Executive Budget includes an increase in funding through a special line item to cover licensing and administrative costs for an enterprise email and calendar solution implemented across State government.

The new solution is housed in DOA and requires a centralized payment. This issue provides the necessary appropriation authority to pay the vendor and fund operating costs associated with administering the system.

Previously, the State operated disparate email and calendar platforms, often with individual agencies administering their own systems. The new enterprise solution, which first launched in FY 2018, allows for greater collaboration and more efficient communication statewide. In addition, this solution provides enhanced control over access to data, which strengthens the cybersecurity of the State.

<b>Funding</b>	<b>FY 2020</b>
Automation Operations Fund	4,500.0
<b>Issue Total</b>	<b>4,500.0</b>

## Government Transformation Office Operations

The Executive Budget includes an increase in funding for Government Transformation Office (GTO) operations.

GTO strives to improve State Government by deploying and maintaining the Arizona Management System (AMS) at State agencies, leading breakthrough projects to make government run at the speed of business, and conducting performance analytics.

In FY 2019, GTO received \$1 million in one-time funding, a net decrease of \$1 million from the amount appropriated in FY 2018. This reduction has prevented GTO from effectively assisting agencies in the maintenance and continuous improvement of AMS activities after deployment. Without this support, continued AMS deployment and enhanced agency efficiency and performance are limited.

The Executive Budget converts the \$1 million of one-time funding to be ongoing and increases funding by an additional \$1 million. This funding will allow GTO to address staffing needs, including filling vacant positions for Lean Coaches and a Data Analyst, converting a part-time Lean Coach position to full-time, and creating a new Data Scientist position. The funding will also allow GTO to enhance and expand the State's ability to collect, analyze, and take action on agency performance data.

<b>Funding</b>	<b>FY 2020</b>
State Web Portal Fund	1,000.0
<b>Issue Total</b>	<b>1,000.0</b>

## Government Website Support

The Executive Budget includes an increase in one-time funding to support State agency websites.

In FY 2019, DOA hosted and maintained over 138 websites for State agencies and related organizations on a shared platform. This platform provides greater consistency across the enterprise, reduces cybersecurity threats, ensures State websites are compliant with accessibility policies, and allows agencies without dedicated IT staff to successfully manage website content. The Executive Budget includes funding to maintain this platform for existing websites.

In prior budgets, DOA received appropriations for this project that were routed through the Automation Projects Fund. The nature of the initiative has transitioned from developmental to operational. For this reason, the funding for this initiative is appropriated directly to DOA instead of through the Automation Projects Fund.

This issue includes one-time funding in order to realign expenditures with the fiscal year budget cycle. Prior appropriations for this initiative have been spent across two fiscal years. At the end of the current fiscal year, DOA is expected to have half of the FY 2019 appropriation remaining. As a result, only half of the baseline funding amount is needed in FY 2020. The Executive Budget contemplates \$500,000 for baseline funding for this initiative in FY 2021.

<b>Funding</b>	<b>FY 2020</b>
State Web Portal Fund	250.0
<b>Issue Total</b>	<b>250.0</b>

## Shared Hosted Data Center Operating Costs

The Executive Budget includes an increase in funding for operating costs associated with the relocation of the State Data Center to a private facility.

In FY 2019, DOA relocated information technology (IT) equipment and infrastructure to a privately owned Shared Hosted Data Center (SHDC). The prior space at 1510 W. Adams in Phoenix was vacated because the building had deteriorated and is scheduled for demolition by DOA. In the new facility, the Department is subject to higher rental and utility rates, as well as increased charges for switch management. The increased costs are balanced out by the additional benefits the State will receive, including upgraded network infrastructure, reduced environmental threats, and increased physical security. This will provide more secure and stable IT operations for the State.

The Department currently pays \$493,000 from the Automation Operations Fund annually for rent charges at 1510 W. Adams. Because DOA is moving from State property, the Executive Budget removes the amount in the Statewide Adjustments section. In this Executive Initiative, the current allocation for State rent would be restored plus \$861,300 to cover the full cost of the new SHDC space.

<b>Funding</b>	<b>FY 2020</b>
Automation Operations Fund	1,354.3
<b>Issue Total</b>	<b>1,354.3</b>

## Agriculture IT System Modernization Assessment

The Executive Budget includes an increase in one-time funding for DOA to assess the feasibility of replacing or upgrading an information technology system at the Department of Agriculture.

The Department of Agriculture's Weights and Measures Services Division (WMSD) relies on a single computer system for aspects of every major WMSD function. The system is used by 25.0 FTE positions to track and manage all licenses, invoices, complaints, inspections, programs, and data processed by WMSD. This includes licensing all commercial devices that weigh, measure, meter, or count to determine the direct cost of goods, as well as processing 2,000 to 5,000 complaints per year.

The system was originally built in-house and is customized for WMSD operations. The system has become increasingly difficult to maintain, due to the obsolete programming code used. Considering the condition of the system, as well as how critical it is to commerce in Arizona, an upgrade or replacement must be explored.

The Arizona Strategic Enterprise Technology office (ASET) within DOA oversees information technology project development throughout the State. The Executive Budget includes funding for ASET to evaluate the feasibility and scope of an upgrade or full system replacement. This one-time increase is made to the Information Technology Project Management and Oversight special line item.

<b>Funding</b>	<b>FY 2020</b>
Air Quality Fund	200.0
<b>Issue Total</b>	<b>200.0</b>

## Employee Travel Reduction

The Executive Budget strikes the footnote restricting DOA's ability to set the rates for public transit subsidies for State employees.

In accordance with A.R.S. § 49-588, the State operates a travel reduction program to encourage State employees to commute using alternatives to single-occupancy vehicle travel. However, the program has experienced limited success, resulting in the State not being in compliance with statutory requirements capping the percentage of employees using alternative modes of travel.

One of the strategies utilized in the travel reduction program is to provide subsidies to offset costs for State employees who utilize public transportation for their commute. Surveys of State employees indicate that, if the State were to increase the subsidy amount, more employees would be likely to use public transportation.

Prior enacted budgets have included a footnote limiting the subsidy to 50% of the cost. The Executive Budget strikes that footnote and directs DOA to explore pilot projects in an effort to reduce employee travel, bring the State into compliance with statutory requirements, and improve air quality.

This issue can be enacted with no additional funding.

<b>Funding</b>	<b>FY 2020</b>
Air Quality Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

## Executive Budget Baseline Changes

The Executive Budget includes an increase in funding for expected liability and workers' compensation claims against State agencies.

Each year, an independent actuary prepares a study of each agency's exposure and claims history for its property, liability, and workers' compensation insurance programs. The Executive Budget aligns the expected exposure and the amount of appropriation available to pay claims.

<b>Funding</b>	<b>FY 2020</b>
Risk Management Fund	1,998.0
<b>Issue Total</b>	<b>1,998.0</b>

### **Remove One-Time FY 2019 Appropriation**

The Executive Budget includes a decrease in funding for Wesley Bolin Plaza Improvements.

The FY 2019 budget included a one-time appropriation of \$25,300 to repair the World War I monument in the Wesley Bolin Plaza. The Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
Statewide Monument and Memorial Repair Fund	(25.3)
<b>Issue Total</b>	<b>(25.3)</b>

## **Executive Budget Supplemental Changes**

### **Federal Repayment**

The Executive Budget includes a non-lapsing FY 2019 supplemental appropriation for federal reimbursements that may be due before June 30, 2019.

Monies collected from a variety of funding sources at State agencies and used for statewide functions, such as employee health care or general liability insurance, are a key funding mechanism for the State. One funding source for those services is money from the federal government. State agencies receive federal money for use in specific ways and with detailed restrictions. Federal auditors have notified the State that some uses of federal funds in FY 2018 have been disallowed, and the State will likely be required to reimburse the disallowed costs. This reimbursement has occurred each spring for several years.

<b>Funding</b>	<b>FY 2019</b>
Information Technology Fund	350.4
Risk Management Fund	5,881.1
Automation Operations Fund	2,936.9
<b>Issue Total</b>	<b>9,168.4</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

*The Executive Budget provides a lump-sum appropriation to the agency.*

# Department of Agriculture

The Arizona Department of Agriculture, often in cooperation with federal entities, regulates facets of the agriculture industry to promote the general welfare of the agricultural community, inform consumers, and protect public health and safety. The Department conducts food quality and safety inspections of meat, dairy, vegetable, citrus, fruit, and egg products; registers, licenses, and samples feed, fertilizer, seed, and pesticide companies or products; regulates agricultural pesticide use; trains and certifies pesticide applicators; protects native plants; guards against the risks associated with the entry, establishment and spread of plant pests, diseases and noxious weeds; licenses produce dealers and shippers; provides education on pesticide safety and air quality; provides forensic, product quality, food safety, and other agricultural laboratory analysis, identification, certification, and training services; provides administrative support for the citrus, lettuce, and grain commodity councils and the Agricultural Employment Relations Board; inspects, tests, and licenses commercial weighing and measuring devices; and regulates pest management and pest management services.

## Major Executive Budget Initiatives and Funding

### Mariposa Port of Entry Cold Inspection Facility

The Executive Budget includes an increase in one-time funding to upgrade the cold inspection facility at the Mariposa Port of Entry (POE) in Nogales to better accommodate temperature-sensitive commodities.

Nogales is Arizona's largest port of entry for fresh produce originating in Mexico. Last year more than 6.2 billion pounds of produce passed through Nogales into the United States. Currently, the Mariposa POE lacks the refrigeration capacity needed for the inspection of many temperature-sensitive goods, including berries, avocados, seafood, and some pharmaceuticals, which results in carriers of these products choosing alternate POEs in other border states.

The upgrade will consist of installing a pre-fabricated cold room at the current facility. The Greater Nogales Santa Cruz County Port Authority will be managing the project with oversight from United States Customs and Border Protection. The State's contribution will support project construction costs. Other private and local entities, including Santa Cruz County and Fresh Produce Association of the Americas, are also expected to contribute \$300,000 to the project.

Once completed, this facility will make Arizona better equipped to compete with other border states in attracting new imports. A University of Arizona study estimates that the new economic activity in the state from the increased imports would lead to an estimated annual increase of \$27 to \$30 million in gross State product, and \$3.7 to \$4.1 million in additional State and local tax revenues.

<b>Funding</b>	<b>FY 2020</b>
General Fund	700.0
<b>Issue Total</b>	<b>700.0</b>

### Public Safety Compensation Strategy

The Executive Budget includes an increase in funding of \$34,900 to provide salary increases to key agency positions, primarily with a focus on public safety, that are currently experiencing difficulty in recruiting and retaining highly qualified staff. This initiative is projected to result in increases for 14,485 State employees.

Funding for this initiative appears in the Statewide Adjustments section.

<b>Funding</b>	<b>FY 2020</b>
General Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

FTE Series Title	PS + ERE Increase	Avg. % Salary Increase for Series	Previous Weighted-Average Salary	New Weighted-Average Salary
Livestock Officers	\$34,900	5.00%	\$44,560	\$46,788
<b>Total</b>	<b>\$34,900</b>			

### State Agricultural Laboratory Relocation

The Executive Budget includes an increase in funding for the Department's costs associated with relocating the State Agriculture Lab (SAL) to privately owned space in Chandler.

SAL is moving because its current space in Phoenix at 1520 W. Adams St. has deteriorated to the extent that the Department of Administration (DOA) has scheduled it for demolition.

The Department plans to split the FY 2019 relocation costs evenly among five non-appropriated funds associated with SAL operations. The FY 2020 costs include 10 months of rent and 12 months of utilities.

The Arizona Department of Agriculture Advisory Council has raised concerns about the long-term sustainability of using non-appropriated funds for rent. Consequently, the Executive Budget shifts ongoing rent costs to the General Fund.

For its space at 1520 W. Adams St., the Department currently pays \$132,100 annually from the General Fund to DOA. Because SAL is moving from State property, the Executive Budget removes that amount in the Statewide Adjustments section. In this Executive Initiative, the current allocation for State rent would be restored, plus \$279,800 to cover the full cost of SAL's new space.

<b>Funding</b>	<b>FY 2020</b>
General Fund	411.9
<b>Issue Total</b>	<b>411.9</b>

## Executive Budget Baseline Changes

### Industrial Hemp Program

The Executive Budget includes an increase in one-time funding per Laws 2018, Chapter 287, which establishes the Industrial Hemp Program effective August 3, 2019.

To carry out the program, Chapter 287 appropriates 3.0 FTE positions and \$250,000 from the General Fund to the Plant Services Division (PSD) and an additional \$500,000 from the General Fund to the Department of Agriculture. PSD will administer the program, and the State Agriculture Lab will regulate the quality of the hemp.

When the program is operational, the Department will collect licensing fees to administer the program in the long term.

<b>Funding</b>	<b>FY 2020</b>
General Fund	750.0
<b>Issue Total</b>	<b>750.0</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

# Arizona Health Care Cost Containment System

The Arizona Health Care Cost Containment System (AHCCCS), the State's Medicaid agency, uses federal, State, and county funds to provide health care coverage to the State's acute and long-term care Medicaid population and low-income groups.

Since 1982, when it became the first statewide Medicaid managed care system in the nation, AHCCCS has operated in accordance with a federal research and demonstration waiver that allows for a total managed care model of service delivery. Unlike other states' Medicaid programs that rely solely on fee-for-service reimbursement, AHCCCS makes prospective capitation payments to contracted health plans responsible for the delivery of care. The result is a managed care system that mainstreams recipients, allows them to select their providers, and encourages quality cost-effective care and preventive services.

AHCCCS administration is responsible for planning, developing, implementing, and administering the health care programs for low-income Arizonans. Specifically, it provides direction and oversight of operations related to eligibility, enrollment, quality of care, contracted health plans and providers, and procurement of contracted services.

Major medical programs include acute care, long-term care, and behavioral health services. AHCCCS administration determines eligibility for the Arizona Long Term Care System (ALTCs), Children's Health Insurance Program (KidsCare), Qualified Medicare Beneficiaries, and other Supplemental Security Income-related Medical Assistance Only programs. Federal funding through Title XIX and Title XXI of the Social Security Act is provided to AHCCCS by the Centers for Medicare and Medicaid Services (CMS), a federal agency within the U.S. Department of Health and Human Services.

<b>Agency Total</b>	<b>12,931,420.1</b>	<b>13,804,328.2</b>	<b>830,758.2</b>	<b>14,635,086.4</b>

## Major Executive Budget Initiatives and Funding

### Eliminate KidsCare Freeze

The Executive Budget includes an increase in funding for the KidsCare program and repeals the statutorily-imposed enrollment freeze.

KidsCare provides insurance for children in families with incomes above the limit for Medicaid eligibility but below 200% of the federal poverty level (FPL). Families with children who are insured through KidsCare have to pay premiums that vary with family size and income from \$10 to \$70 per month.

Laws 2017, Chapter 309 added language to State statutes freezing the KidsCare population if the federal match drops below 100%. The federal Affordable Care Act provides Arizona with a 100% federal match for KidsCare through September 30, 2019, when, based on current federal law, the federal match will drop to 90.5%. At that time, under current State law, no new children would be eligible to enter the program.

The Executive Budget eliminates the statutory language requiring this freeze. The FY 2020 difference in cost to the General Fund between the currently forecast population and the frozen population is \$1.6 million.

<b>Funding</b>	<b>FY 2020</b>
General Fund	1,586.9
Children's Health Insurance Program Fund	15,141.5
<b>Issue Total</b>	<b>16,728.4</b>

## Asset Verification System

The Executive Budget includes an increase in funding for ongoing operating costs for a federally required computer system to verify the assets of elderly, blind, or disabled people applying for AHCCCS through the Arizona Long Term Care System (ALTCs) program.

ALTCs members, as single individuals, can have no more than \$2,000 of countable assets and an income not exceeding 300% of the Federal Benefit Rate, which amounts to \$27,000 annually for a household of one. Assets that are not countable include members' homes, a single vehicle, personal belongings, and burial plots. If a member has a spouse in the community, higher income limits and other provisions are made to ensure the spouse's ability to remain independent. Members over the income limits can still be eligible if they put their assets in a "special treatment trust," from which AHCCCS deducts members' share of costs and receives reimbursement for costs upon a member's death.

To ensure that states have a means to automatically discover assets that may not have been disclosed in other ways, the federal government is mandating that all states have an Asset Verification System in place.

The Executive estimates that the General Fund increase included in this issue will be matched with an additional \$324,600 in federal funds for the operating costs of the new system.

Due to enhanced federal matches for project development, the agency will be able to fund the state match for the system build from its base budget. The increase in the Executive Budget funds the project's ongoing operating costs; consequently, the Department of Administration Automation Projects Fund is not used.

<b>Funding</b>	<b>FY 2020</b>
General Fund	125.1
<b>Issue Total</b>	<b>125.1</b>

## Electronic Visit Verification System

The Executive Budget includes an increase in funding for ongoing operational costs of a new computer system that will require home care providers to verify that they have provided the services that they have billed to AHCCCS.

Federal law mandates that an Electronic Visit Verification system be implemented for non-skilled in-home services by January 1, 2020, and for in-home skilled nursing services by January 1, 2023. The system must, at a minimum, electronically verify:

- type of service;
- individual receiving the service;
- date and time service began and ended;
- location; and
- individual providing the service.

The Executive Budget contemplates that AHCCCS will contract with a third-party vendor to implement a commercial off-the-shelf product. In addition to the General Fund increase, the Executive estimates that the federal government will provide a \$3,490,700 match for the operating costs of this project.

Due to enhanced federal matches for project development, the agency will be able to fund the state match for the system build from its base budget. The increase in the Executive Budget funds the project's ongoing operating costs; consequently, the Department of Administration Automation Projects Fund is not used.

<b>Funding</b>	<b>FY 2020</b>
General Fund	1,163.0
<b>Issue Total</b>	<b>1,163.0</b>

## Provider Management System

The Executive Budget includes an increase in funding to replace the provider management component of the AHCCCS Medicaid Management Information System (MMIS).

In order to continue to receive federal funding, AHCCCS must replace the MMIS using modular, reusable components. The first portion to be replaced is the component that enables healthcare providers to enroll as AHCCCS providers. The agency believes that, because portions of the current process are manual, there are significant opportunities for process improvements in its provider enrollment with an automated software product.

The Executive estimates that the General Fund increase included in this issue will be matched with an additional \$3,994,700 in federal funds for the operating costs of the new system.

Due to enhanced federal matches for project development, the agency will be able to fund the state match for the system build from its base budget. The increase in the Executive Budget funds the project's ongoing operating costs; consequently, the Department of Administration Automation Projects Fund is not used.

<b>Funding</b>	<b>FY 2020</b>
General Fund	779.9
<b>Issue Total</b>	<b>779.9</b>

## Executive Budget Baseline Changes

### Developmental Disabilities (DD) Access to Care

The Executive Budget includes an increase in funding to make permanent the one-time increases for Proposition 206 costs included in the FY 2019 budget.

The FY 2019 budget included \$36.1 million in total funds for providers of developmental disabilities (DD) services. The Executive Budget for DES makes those increases permanent.

As equity in salaries paid to DD providers and providers of elderly and physically disabled (EPD) services is important to maintain access to care, the Executive Budget increases EPD rates corresponding to changes provided in the DES DD budget.

The General Fund in this issue will generate an estimated \$26 million in federal funds, hospital assessment and county funds. The FY 2020 Proposition 206 cost increases for EPD providers are not included here, as they are funded in the 5% ALTCS capitation rate increase discussed in the Caseload and Capitation Rates section of this narrative.

<b>Funding</b>	<b>FY 2020</b>
General Fund	4,800.0
<b>Issue Total</b>	<b>4,800.0</b>

### Annualize Children's Rehabilitative Services (CRS) Shift to the DES Developmental Disabilities Program

The Executive Budget includes a decrease in funding in the AHCCCS budget and a corresponding increase in the Department of Economic Security (DES) budget to reflect the annualization of the FY 2019 transfer of DD Children's Rehabilitative Services (CRS) to DES.

The CRS program funds specialized therapies for children under age 21 with multiple chronic and disabling conditions. A contract amendment effective October 1, 2018, integrated into the DD contract CRS services and behavioral health services for the CRS children.

Accordingly, in the FY 2019 budget, \$15.2 million from the General Fund and \$35.2 million in non-appropriated federal match was transferred from AHCCCS to DES to fund the consolidation of Behavioral Health and CRS services for DD CRS children into DES. Because this change was effective at the beginning of the federal fiscal year on October 1, 2018, as opposed to the State fiscal year, an additional \$5.1 million from the General Fund and \$11.7 million in federal match authority needs to be transferred from AHCCCS to DES for the last quarter of funding.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(5,070.9)
<b>Issue Total</b>	<b>(5,070.9)</b>

### **Developmental Disabilities (DD) Behavioral Health Services (BHS) Consolidation into DES**

The Executive Budget includes a decrease in funding in the AHCCCS budget and a corresponding increase in the DES budget to reflect the transfer of funding for behavioral health services for DD clients who are not part of the CRS program.

In the FY 2019 budget, \$15.2 million from the General Fund and \$35.2 million in non-appropriated federal match were transferred from AHCCCS to DES to fund the consolidation into DES of behavioral health and CRS services for DD CRS children.

Effective October 1, 2019, DES will fully integrate DD and BHS for all DD clients into the DES DD program. Accordingly, the Executive Budget transfers to DES the remaining funding for behavioral health for DD clients in the AHCCCS budget. The Executive Budget annualizes this transfer in the FY 2021 baseline.

## Caseload and Capitation Rates

The Executive Budget includes an increase in funding for anticipated caseload and other fund changes in the Acute Care, Behavioral Health Services, and Arizona Long Term Care System (ALTCs) programs.

The increase in the AHCCCS General Fund appropriation is based on forecast increases in caseloads and capitation rates, as well as changes in the amounts of Tobacco Tax and Prescription Drug Rebate funds that are available to offset the General Fund need. Additionally, the structure of the AHCCCS programs have changed with the integration of behavioral and acute care funding and management for the vast majority of its population in the AHCCCS Complete Care (ACC) program.

The Executive Budget anticipates growth in the acute base population of 1.6% for June 2019 over June 2018, with the population remaining flat for June 2020 over June 2019. Funding for the acute base population receives its State match from the Tobacco Tax, Prescription Drug Rebate Fund, county funds, and General Fund.

The Executive Budget estimates that capitation rates will increase by 3% in contract year 2020 over 2019 for the integrated acute base and behavioral health services programs. The Executive Budget does not anticipate an increase in provider rates but, based on recent history and the fact that a new five-year integrated contract will be starting in FY 2019, forecasts that member utilization growth at current provider rates will necessitate the increase in capitation rates. In ALTCs, a 5% capitation rate increase is forecast, making provision for future increases in the State minimum wage as mandated by Proposition 206 passed in 2016.

The Federal Medicaid Assistance Percentage (FMAP) regular match rate will increase slightly, from 69.81% in federal fiscal year (FFY) 2019 to 70.02% in FFY 2020.

Tobacco Tax revenues have declined in recent years, and receipts that provide the AHCCCS match have fallen from \$125.8 million in FY 2017 to \$124.8 million in FY 2018. The Executive Budget predicts that the recent trend of Tobacco Tax reductions will continue, dropping to \$123.8 million in FY 2019 and to \$121.8 million in FY 2020.

The Proposition 204 program, passed in 2000 to expand eligibility to 100% of the Federal Poverty Level (FPL), receives its State match from Tobacco Tax revenues and monies received from tobacco companies as a result of the 1998 Master Settlement Agreement (MSA). Those monies are supplemented by an assessment on hospital discharges and the General Fund. The only tobacco-related fund used for Proposition 204 that is subject to Legislative appropriation is the Emergency Health Services Account of the Tobacco Products Tax Fund, which is forecast to bring in (\$430,600) less revenue than in the FY 2019 appropriation. The non-appropriated tobacco MSA payment is estimated to bring in \$101.6 million in FY 2019 and FY 2020, which is \$14.6 million more per year than was forecast in generating the FY 2019 appropriation.

The Executive Budget also includes increases in funding for the KidsCare program, which provides insurance for children in families with incomes above the limit for Medicaid eligibility but below 200% of the FPL. KidsCare eligibility was frozen from January 1, 2010, until September 1, 2016, when the freeze was lifted after the passage of Laws 2016, Chapter 112. With the lifting of the freeze, the population grew from 520 children in August 2016 to 31,680 in November 2018. Based on historical patterns, the Executive forecasts that after that point the growth of KidsCare enrollment will slow to 2% annually.

The federal Affordable Care Act provides Arizona with a 100% federal match for KidsCare through September 30, 2019. This funding is received in and expended from the appropriated Children's Health Insurance Program (CHIP) Fund, which includes both member premiums and the federal match. Starting in October 2019, the General Fund will provide a state match, estimated at \$4.4 million in FY 2020. As discussed in the KidsCare Freeze issue and the Legislative Changes section of the Executive Budget, the Executive Budget eliminates the language added in Laws 2017, Chapter 309 that restores a freeze on the KidsCare population when the federal match drops below 100%.

<b>Funding</b>	<b>FY 2020</b>
General Fund	22,335.4
Tobacco Tax and Health Care Fund	(626.7)
Tobacco Products Tax Fund	(430.6)
Children's Health Insurance Program Fund	(19,168.7)
Budget Neutrality Compliance Fund	147.2
<b>Issue Total</b>	<b>2,256.6</b>

## Commission on the Arts

Through the Commission, the State and the National Endowment for the Arts make strategic investments of public dollars to support the statewide arts and culture sector, helping Arizona communities attract and retain skilled workers and creative businesses. This public investment leverages additional contributions from the private sector, increasing the sustainability of Arizona's arts and culture sector and promoting statewide economic growth.

### Major Executive Budget Initiatives and Funding

#### Arts Trust Fund Decrease

The Executive is concerned that the revenues into the Arts Trust Fund have dropped below historic averages in FY 2019. Revenues are derived from a portion of the filing fees for annual reports submitted to the Corporation Commission. This issue warrants ongoing investigation, will continue to be monitored, and may require a supplemental appropriation for FY 2019.

<b>Funding</b>	<b>FY 2020</b>
Arizona Arts Trust Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

### Executive Budget Baseline Changes

#### Remove One-Time FY 2019 Appropriation

The Executive Budget includes a decrease in funding for grants to arts organizations.

The FY 2019 budget included a one-time appropriation of \$2 million to the Arizona Arts Trust Fund, and the Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
Budget Stabilization Fund	(2,000.0)
<b>Issue Total</b>	<b>(2,000.0)</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

### Performance Measures

	<b>FY 2017 Actual</b>	<b>FY 2018 Actual</b>	<b>FY 2019 Expected</b>	<b>FY 2020 Expected</b>
Individuals benefiting from programs sponsored by Agency (in thousands)	8,903.6	8,623.2	8,000.0	8,250.0

Link to the **AGENCY'S STRATEGIC PLAN**

### Number of Outreach Activities

Outreach includes arts education, community arts support and providing resources to connect artists to grant opportunities.

### Agency Expenditures

(in \$1,000s)

General Fund expenditures decreased from FY 2007 through FY 2011 due to reduced appropriations as a result of the financial crisis, and have been eliminated completely since 2012.

*The Executive Budget provides a lump-sum appropriation to the agency.*

# Attorney General - Department of Law

The Attorney General (AG) is a constitutionally established, elected position and holds office for a four-year term. The Attorney General is the legal advisor to all State agencies, boards, and commissions, except those few exempted by law. Other primary responsibilities include prosecuting and defending proceedings in which the State has an interest and rendering written opinions upon questions of law.

To fulfill these responsibilities, the Department of Law is divided into legal services and administrative operations. The legal divisions are the Child and Family Protection Division, Civil Litigation Division, Criminal Division, Solicitor General's Office, and the State Government Division. Each division is further organized into sections that specialize in a particular area of practice. Two divisions are primarily responsible for administrative operations: the Operations Division and the Communications Division.

Legal, policy, administrative, and support functions are coordinated and promoted by the Executive Office.

Link to the **AGENCY'S WEBSITE:** <https://www.azag.gov/>

All dollar amounts are expressed in thousands.

## Agency Budget Summary

	<b>FY 2018 Actual</b>	<b>FY 2019 Exp. Plan</b>	<b>FY 2020 Net Change</b>	<b>FY 2020 Exec. Bud.</b>

## Major Executive Budget Initiatives and Funding

### Capital Postconviction Prosecution Special Line Item (SLI)

The Executive Budget renames the Capital Postconviction Prosecution special line item (SLI) as "Capital Appeals," which will allow the Attorney General's Office (AG) to use this SLI on both State and federal capital postconviction appeals.

Death row inmates are allowed three rounds of appeal: First, the inmate may petition for a direct appeal to the Arizona Supreme Court. Second, if not granted a direct appeal, the inmate may initiate a postconviction relief (PCR) proceeding. Third, if no relief is granted in the PCR proceeding, the inmate may initiate a federal habeas proceeding.

When this SLI was created in FY 2014, there was a backlog of capital cases at the PCR stage of appeal. Now there is a backlog developing in the third round of appeal (federal habeas).

The AGO's position is that the SLI limits the appropriation to State courts. The Executive Budget modifies the SLI, allowing the AG to work on any capital cases instead of being limited to only PCR proceedings.

<b>Funding</b>	<b>FY 2020</b>
General Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

### Public Safety Compensation Strategy

The Executive Budget includes an increase in funding of \$173,500 to provide salary increases to key agency positions, primarily with a focus on public safety, that are currently experiencing difficulty in recruiting and retaining highly qualified staff. This initiative is projected to result in increases for 14,485 State employees.

Funding for this initiative appears in the Statewide Adjustments section.

<b>Funding</b>	<b>FY 2020</b>
General Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

<b>FTE Series Title</b>	<b>PS + ERE Increase</b>	<b>Avg. % Salary Increase for Series</b>	<b>Previous Weighted-Average Salary</b>	<b>New Weighted-Average Salary</b>
Investigators	\$173,500	5.00%	\$71,106	\$74,662
<b>Total</b>	<b>\$173,500</b>			

### Southern Arizona White Collar & Criminal Enterprise Section

The Executive Budget includes an increase in funding and 3.0 FTE positions for the Southern Arizona White Collar & Criminal Enterprise Section (SAWCCE). In addition, the Executive Budget shifts funding of 5.0 FTE positions in SAWCCE from the AG Anti-Racketeering Fund (RICO) to the Collections Enforcement Revolving Fund (CERF).

The new positions will cost \$319,000 and consist of a prosecutor, legal assistant, and legal secretary. The 5.0 FTE positions to be moved off of RICO funding and onto CERF will cost \$476,000.

SAWCCE prosecutes all cases within the AG's statutory jurisdiction for southern Arizona. Primarily focusing on complex white collar and anti-cartel criminal enterprise, SAWCCE actively works local police agencies, and federal law enforcement to prepare cases from the initial complaint through sentencing. SAWCCE also concentrates on anti-Cartel prosecutions of criminal enterprises comprised of international, interstate and Arizona-based drug traffickers.

During FY 2018 with a staff of 8.0 FTE attorney positions and 9.0 FTE support positions, SAWCCE closed 272 total cases. SAWCCE brought in \$1.4 million in restitution ordered and \$237,000 in fines paid. This level of staffing has not been enough to keep up with caseload. As a result, in FY 2018 SAWCCE had 54 cases against 143 defendants that were not prosecuted or prosecution has been delayed.

<b>Funding</b>	<b>FY 2020</b>
Attorney General Collection Enforcement Fund	795.0
<b>Issue Total</b>	<b>795.0</b>

### Executive Budget Baseline Changes

#### Remove One-Time FY 2019 Appropriation

The Executive Budget includes a decrease in funding for one-time legal costs.

The FY 2019 budget included \$500,000 for supporting legal costs associated with the Secretary of State's election litigation. The Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
Risk Management Fund	(500.0)
<b>Issue Total</b>	<b>(500.0)</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

*The Executive Budget provides a lump-sum appropriation to the agency with special lines.*

# Automation Projects

State agencies regularly engage in information technology (IT) and automation projects to build new systems or repair and upgrade existing systems. The Arizona Strategic Enterprise Technology office in the Department of Administration (DOA-ASET) oversees the development of major automation projects, such as those that affect multiple State agencies, are critical to State operations, or expose the State to risk or liability if the project is unsuccessful. Funding for these projects is routed through the Automation Projects Fund, which triggers additional oversight mechanisms. These mechanisms include giving DOA-ASET fiduciary responsibility over the funds, obtaining Legislative approval of expenditure plans, and periodic reporting on the status of projects.

All numbers representing dollars are expressed in thousands.

## Agency Budget Summary

	<b>FY 2020</b>
	<b>Exec. Rec.</b>
General Fund	5,100.0
Other Appropriated Funds	22,122.0
<b>Agency Total</b>	<b>27,222.0</b>

## Major Executive Budget Initiatives and Funding

### Deposits into the Automation Projects Fund

The Executive Budget makes one-time deposits into the Automation Projects Fund (APF) from the General Fund and other appropriated funds for automation projects in FY 2020.

Depositing the funds into the APF triggers oversight mechanisms that provide greater transparency into project development and reduce wasteful spending. The funds are deposited into subaccounts established for each agency with an automation project under development for enhanced expenditure tracking.

The description and funding amount for each project are included in individual issue narratives in this section.

<b>Funding</b>	<b>FY 2020</b>
General Fund	5,100.0
Arizona Highway Patrol Fund	2,301.0
Medical Examiners Board Fund	300.0
Concealed Weapons Permit Fund	410.0
Empowerment Scholarship Account Fund	3,000.0
<b>Issue Total</b>	<b>11,111.0</b>

### Child Safety - CHILDS Replacement Initiative

The Executive Budget includes a one-time deposit from the General Fund into the Automation Projects Fund above the baseline for the Department of Child Safety (DCS) to continue a multi-year project to replace its child welfare data system.

The Department is replacing the archaic Children's Information Library and Data Source (CHILDS) system with a new information management system called "Guardian." An unforeseen delay in procurement in FY 2018 resulted in that year's appropriation for the project being rolled forward into FY 2019, thereby lowering the resource needs and capacity in FY 2019. The contract for the technical integrator, a vendor that designs, builds, tests, and deploys the system, was awarded in April 2018. Now that the technical integrator is in place, DCS expects to fully expend FY 2018 and FY 2019 monies in the current budget year. Without any anticipated monies rolling forward into FY 2020, the expenditure forecast requires additional funding over the baseline amount of \$5.0 million. DCS does not expect the total project budget to be affected, despite the delay.

DCS expects the project to cost a total of \$86.0 million (\$43.0 million in State funds) with a completion date in FY 2021, after the final deployment of Guardian and the decommissioning of the CHILDS system.

<b>Funding</b>	<b>FY 2020</b>
APF Subaccount - Department of Child Safety	5,100.0
<b>Issue Total</b>	<b>5,100.0</b>

## Education - School Finance System Replacement

The Executive Budget includes a one-time deposit from Empowerment Scholarship Account Fund to the Automation Projects Fund for the Department of Education (ADE) to replace the school finance system.

The school finance system, which is part of the larger Arizona Education Learning Accountability System, includes one component for State funding apportionment for districts and another for charter school payments. Together, these components calculate and process 48 unique payment streams to determine and distribute funding for Arizona's school districts. The system operates on an obsolete platform that is no longer supported.

By replacing the system, ADE can reduce cybersecurity risks, eliminate manual calculations, reduce calculation errors, and explore comparisons of various funding scenarios.

ADE expects this project to cost a total of \$9.0 million with a completion date in FY 2022.

<b>Funding</b>	<b>FY 2020</b>
APF Subaccount - Department of Education	3,000.0
<b>Issue Total</b>	<b>3,000.0</b>

## Medical Board - Cloud Migration

The Executive Budget includes a one-time deposit from the Medical Examiners Board Fund into the Automation Projects Fund for the Arizona Medical Board to migrate data to cloud servers.

The Board currently maintains over 15.5 terabytes of data in a physical server that supports daily operations and the Board's website. This issue will allow the Board to migrate data from the local hardware to a cloud solution which will improve security.

The Board expects this project to be completed in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
APF Subaccount - Medical Board	300.0
<b>Issue Total</b>	<b>300.0</b>

## Public Safety - Concealed Weapons Tracking System

The Executive Budget includes a one-time deposit from the Concealed Weapons Permit Fund into the Automation Projects Fund for the Department of Public Safety (DPS) to replace the Arizona Concealed Weapons Tracking System.

Pursuant to A.R.S. § 13-3112 (J), DPS is required to maintain a computerized permit record system that is accessible to criminal justice agencies for the purpose of confirming the permit status of any person who is contacted by a law enforcement officer and who claims to hold a valid concealed weapons permit.

The current digital system resides on a mainframe computer in an antiquated programming language and is incapable of interfacing with other database systems. The new system is expected to allow permittees to renew permits online, improve internal workflow management, and reduce application processing time.

DPS expects this project to be completed in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
APF Subaccount - Department of Public Safety	410.0
<b>Issue Total</b>	<b>410.0</b>

## Public Safety - Criminal Justice System Updates

The Executive Budget includes a one-time deposit from the Highway Patrol Fund into the Automation Projects Fund for the Department of Public Safety (DPS) to complete updates to the Arizona Criminal Justice Information System (ACJIS).

Pursuant to A.R.S. § 41-1750, DPS is responsible for the effective operation of the central State repository in order to collect, store, and disseminate complete and accurate Arizona criminal history records and related criminal justice information. This information is housed in ACJIS, which resides in a mainframe computer environment and utilizes old programming languages and technologies.

DPS is in the process of modernizing ACJIS to an open system that uses newer applications, databases, and languages.

DPS expects this project to cost a total of \$7.5 million with a completion date in FY 2020, the final year of this three-year project.

<b>Funding</b>	<b>FY 2020</b>
APF Subaccount - Department of Public Safety	2,301.0
<b>Issue Total</b>	<b>2,301.0</b>

## Extend Appropriation Lapsing Dates

The Executive Budget includes a Legislative change to extend, to three fiscal years, the standard length of appropriations for information technology and automation projects.

The current two-year window is insufficient to accommodate all of the planning, coordination, and extensive procurement necessary for complex projects. As a result, agencies must make decisions about various aspects of a project - scoping, procurement, design, and build - primarily based on the time required. Rushing these processes may lead to suboptimal outcomes for the State.

The same challenges apply to capital outlay and building renewal projects. The Executive Budget includes a parallel Legislative change to extend appropriations for these types of projects in the Capital Projects section.

<b>Funding</b>	<b>FY 2020</b>
General Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

## Executive Budget Baseline Changes

### Child Safety - CHILDS Replacement Baseline

The Executive Budget includes a continuation of a baseline deposit from the General Fund into the Automation Projects Fund for the Department of Child Safety (DCS) to continue a multi-year project to replace its child welfare data system.

The Department is replacing the archaic Children's Information Library and Data Source (CHILDS) system with a new information management system called "Guardian." Guardian will be a secure, cloud-based system that employs mobile technology to assist with key agency functions, including intake processing, case management, provider management, and financial management.

In FY 2018, DCS on-boarded the technical integrator, a vendor that will design, build, test, and deploy the Guardian system. In FY 2019, DCS will complete major system releases, which include configuring and coding the modules for the intake and hotline functions and part of the assessment function. In FY 2020, DCS will complete additional releases for the remainder of the assessment, case management, and permanency functions, as well as build the financial management and data warehouse requirements.

DCS expects the project to cost a total of \$86.0 million (\$43.0 million in State funds) with a completion date in FY 2021, after the final deployment of Guardian and the decommissioning of the CHILDS system.

<b>Funding</b>	<b>FY 2020</b>
APF Subaccount - Department of Child Safety	0.0
<b>Issue Total</b>	<b>0.0</b>

### Remove One-Time FY 2019 Appropriations

The Executive Budget includes a decrease in funding for one-time FY 2019 appropriations for automation projects.

The FY 2019 budget included the following one-time appropriations:

Board of Behavioral Health Examiners: \$450,000 for e-licensing

Department of Administration: \$4.7 million for the State Data Center; \$3.0 million for replacement of the State's procurement system; \$821,900 for upgrades to the Human Resource Information System; and \$500,000 for expanding agency website capabilities

Department of Environmental Quality: \$3.2 million for e-licensing

Department of Financial Institutions: \$1.4 million for e-licensing

Department of Public Safety: \$2.8 million for upgrades to the Criminal Justice Information System; and \$1.3 million for upgrades to the statewide Microwave Radio System.

The Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
APF Subaccount - Statewide Board e-Licensing	(450.0)
APF Subaccount - Department of Public Safety	(4,056.2)
APF Subaccount - Department of Financial Institutions	(1,400.0)
APF Subaccount - Department of Environmental Quality	(3,200.0)
APF Subaccount - Department of Administration	(9,018.9)
<b>Issue Total</b>	<b>(18,125.1)</b>

## Automation Projects Summary

			Remaining Appropriation

## Board of Behavioral Health Examiners

The Board licenses and biennially renews licensure for approximately 11,000 behavioral health professionals, requiring these professionals to meet minimum standards of education, experience, and competency, as measured by examination. The Board also receives and investigates complaints, takes necessary disciplinary action, and responds to inquiries from consumers regarding the licensure status and complaint history of individual behavioral health professionals.

*The Executive Budget provides a lump-sum appropriation to the agency.*

# Capital

The State of Arizona owns, operates, and maintains a variety of facilities and other physical infrastructure. These capital assets enable the State to conduct efficient operations, provide services to customers, and ensure public safety. As specific needs emerge, the State invests in capital outlay projects, including new construction or infrastructure additions. The State invests in building renewal on a systematic basis, which includes any major activity that involves the repair or reworking of a facility and the supporting infrastructure that will result in maintaining the capital asset's expected useful life.

All numbers representing dollars are expressed in thousands.

## Agency Budget Summary

	<b>FY 2020</b>
	<b>Exec. Rec.</b>
Other Appropriated Funds	48,787.8
Non-Appropriated Funds	2,709.0
<b>Agency Total</b>	<b>51,496.8</b>

## Major Executive Budget Initiatives and Funding

### Administration - Building Renewal

The Executive Budget includes an increase in one-time funding for Department of Administration building renewal.

As the building components and structural systems of many of the State's buildings have exceeded their expected useful lives, building renewal money is an increasingly important investment in the State's infrastructure. These funds support a variety of projects, including fire and life safety and targeted infrastructure repair, replacement, and renovation.

<b>Funding</b>	<b>FY 2020</b>
Capital Outlay Stabilization Fund	17,000.0
<b>Issue Total</b>	<b>17,000.0</b>

### Administration - Replacement of Air Handler Units

The Executive Budget includes an increase in one-time funding for the replacement and repair of air handler units.

Air handler units are a critical component of a building's air conditioning system. The units at the House of Representatives and Senate buildings at 1700 W. Washington St. in Phoenix have exceeded their expected useful service life. The poor condition of these units can result in higher utility costs, less effective cooling of buildings, and the threat of unpredictable and imminent failure. This issue will allow for the replacement of the outdated units.

<b>Funding</b>	<b>FY 2020</b>
Legislative, Executive, Judicial Public Buildings Land Fund	1,000.0
<b>Issue Total</b>	<b>1,000.0</b>

## Administration - Rent

The Executive Budget includes an increase in rental rates paid by State agencies for office and storage space in State-owned buildings to generate additional resources for the Department of Administration to address deteriorating building conditions.

The rate for office space will increase from \$16.08 to \$17.87 per square foot, and the rate for storage space will increase from \$5.79 to \$6.43 per square foot. These rates are an 11.1% increase over FY 2019 rates and represent 84% of the mid-2018 statewide average (the most recent data available) for Class B commercial office space.

The Capital Outlay Stabilization Fund (COSF) collects rent on State buildings, and the revenues are used for facility operations, maintenance, and building renewal. The building renewal formula, which considers the age, replacement value, and life expectancy of State buildings, is an estimate of the amount of money required to maintain the buildings at the current level. In the past 10 years, the State has funded an average of 28% of the building renewal formula. As a result, the building system has accrued over \$560 million in deferred maintenance.

The rental rate increase will cost the General Fund \$2 million (\$3.2 million Total Funds). The agency and fund impact from this rate change is included in the Statewide Adjustments section of the Executive Budget.

<b>Funding</b>	<b>FY 2020</b>
Capital Outlay Stabilization Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

## Corrections - Building Renewal

The Executive Budget includes an increase in one-time funding for Arizona Department of Corrections (ADC) building renewal.

ADC maintains 1,500 structures with a total area of 8.8 million square feet and a replacement value estimated at \$2 billion. The FY 2020 building renewal formula is calculated to be \$24.2 million.

The ADC Building Renewal & Preventive Maintenance Fund receives revenues from annual fund transfers, a visitation background-check fee, and a 1% inmate banking fee. Combined, they generate revenue that exceeds the Fund's annual appropriation.

The Executive Budget includes base funding of \$5.5 million, consistent with the four prior years, plus an additional \$1.4 million from the accumulated fund balance. This funding will allow the Department to address high-need capital projects.

<b>Funding</b>	<b>FY 2020</b>
DOC Building Renewal & Preventive Maintenance Fund	6,864.3
<b>Issue Total</b>	<b>6,864.3</b>

## Exposition and State Fair - Building Renewal

The Executive Budget includes an increase in one-time funding for Exposition and State Fair (ESF) building renewal and repayment to the Department of Administration for the cost of emergency repairs that occurred in FY 2019.

ESF maintains 26 structures with a total area of 681,100 square feet and a replacement value estimated at \$112.6 million.

In FY 2019, the Department of Administration contributed \$400,000 for emergency repairs to the ESF Coliseum cooling tower. ESF repaid \$100,000 in FY 2019 and will transfer the outstanding balance of \$300,000 in FY 2020 from the funding displayed in this issue. The remaining \$1 million for building renewal funding will allow ESF to conduct necessary repairs and renovations of facilities around the fairgrounds.

<b>Funding</b>	<b>FY 2020</b>
Arizona Exposition and State Fair Fund	1,300.0
<b>Issue Total</b>	<b>1,300.0</b>

### Game and Fish - Building Renewal and Maintenance

The Executive Budget includes an increase in one-time funding for the Department of Game and Fish building renewal, fully funding the agency's building renewal formula.

Game and Fish maintains 500 structures with a total area of 851,700 square feet and a replacement value estimated at \$92.6 million. Game and Fish also maintains a large number of outdoor facilities.

The funding will support maintenance projects on various agency properties, including repairing hatcheries and maintaining dam safety.

<b>Funding</b>	<b>FY 2020</b>
Game and Fish Fund	1,043.7
Capital Improvement Fund	850.0
<b>Issue Total</b>	<b>1,893.7</b>

### Health Services - Lab Utilities Fund Source Shift

The Executive Budget includes a shift in the funding source for utility expenses at the Department of Health Services (DHS) State Laboratory.

In prior budgets, the Department received an appropriation from the Capital Outlay Stabilization Fund (COSF) for utility expenses at 150 N. 18th Ave. in Phoenix. The Executive Budget decreases this funding and shifts the expenses to the DHS Indirect Cost Fund.

Due to the structural deficit of the DHS Indirect Cost Fund, implementation of this cost shift is contingent on enactment of the DHS Licensing Division spending authority increase in the Executive Budget. Funding for this issue is displayed in the DHS section of the Executive Budget.

<b>Funding</b>	<b>FY 2020</b>
Capital Outlay Stabilization Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

### Lottery Commission - Building Renewal

The Executive Budget includes an increase in one-time funding for Lottery Commission building renewal, fully funding the agency's building renewal formula.

The Lottery Commission maintains two structures with a total area of 47,600 square feet and a replacement value estimated at \$8.1 million. The funding will support replacement or repair of aging building systems and equipment, and address general infrastructure needs.

<b>Funding</b>	<b>FY 2020</b>
Lottery Fund	134.1
<b>Issue Total</b>	<b>134.1</b>

### Pioneers' Home - Building Renewal

The Executive Budget includes an increase in one-time funding for Pioneers' Home building renewal.

The Pioneers' Home maintains 10 structures with a total area of 66,000 square feet and a replacement value estimated at \$14 million. The Home was built in 1911, and many of its building components have exceeded their useful lives. These funds support a variety of projects to repair and replace infrastructure and equipment at the Home.

<b>Funding</b>	<b>FY 2020</b>
Pioneers' Home State Charitable Earnings Fund	414.0
<b>Issue Total</b>	<b>414.0</b>

## Public Safety - Radio Communications Tower

The Executive Budget includes an increase in one-time funding for the Department of Public Safety (DPS) to build a radio communications tower on 17th Avenue in Phoenix near the new Loop 202. This funding, totaling \$309,000, will originate from the Board of Fingerprinting Fund.

In November 2019, the Arizona Department of Transportation (ADOT) will open the Loop 202 South Mountain freeway, which will include 22 new highway miles. DPS does not have sufficient land mobile radio (LMR) coverage along the new freeway, which exposes troopers to physical danger and restricts DPS in efficiently coordinating emergency response.

This issue will support the construction of a 100-foot radio tower on State property as well as the hardware needed to provide sufficient radio coverage for first responders along the new highway.

<b>Funding</b>	<b>FY 2020</b>
General Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

## Public Safety - Remote Housing

The Executive Budget includes an increase in one-time funding for replacement of Department of Public Safety (DPS) remote housing units. This funding, totaling \$2.4 million, will originate from the Board of Fingerprinting Fund.

DPS provides law enforcement coverage to urban and rural highways throughout the state and maintains 55 housing units in remote areas, far from population centers, where it is impractical for DPS troopers to commute for each shift. Many of the units are well beyond their expected useful life and have rapidly deteriorating building systems. This funding will allow for the replacement of the worst units.

<b>Funding</b>	<b>FY 2020</b>
General Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

## Transportation - Building Renewal

The Executive Budget includes an increase in one-time funding for Arizona Department of Transportation (ADOT) building renewal.

ADOT maintains 1,216 structures with a total area of 3.3 million square feet and a replacement value estimated at \$761.6 million. This funding will allow ADOT to replace or repair infrastructure and major building systems.

<b>Funding</b>	<b>FY 2020</b>
State Aviation Fund	281.7
State Highway Fund	13,000.0
<b>Issue Total</b>	<b>13,281.7</b>

## Transportation - Maintenance Buildings

The Executive Budget includes an increase in one-time funding for the Department of Transportation (ADOT) to replace two maintenance buildings.

ADOT operates 1,200-square-foot modular maintenance buildings in Seligman and Williams. The 46-year-old facilities are unable to support current operational needs due to their small size and poor condition. Renovation of the buildings is not practical, considering their age and the expected cost of asbestos remediation.

This funding will allow ADOT to construct new 2,500-square-foot modular buildings that provide offices, meeting rooms, computer work areas, and working restrooms.

<b>Funding</b>	<b>FY 2020</b>
State Highway Fund	2,300.0
<b>Issue Total</b>	<b>2,300.0</b>

## Transportation - Maintenance Yard Facilities

The Executive Budget includes an increase in one-time funding for the Department of Transportation (ADOT) to update facilities at the Wickenburg Maintenance Yard to meet current needs.

An office at the maintenance yard, which was originally constructed as a residential facility in 1947, is prone to flooding and presents multiple operational challenges for maintenance crews deployed from the facility. This funding will allow ADOT to demolish the obsolete office and construct a new 5,200-square-foot facility. The new office will also house a Department of Public Safety (DPS) unit that operates in the area.

The maintenance yard does not have adequate storage and maintenance facilities. ADOT will demolish a truck barn that is too small for modern trucks and rebuild a larger barn. Additionally, several small buildings, sheds, and shops will be demolished and consolidated into one larger facility. This will ensure that equipment is protected and maintenance crews can safely and efficiently complete repairs.

The maintenance yard does not have a fueling station, which requires ADOT and DPS staff to refill vehicles at retail locations. With this funding, ADOT will construct a new on-site fueling station, allowing the State to purchase fuel at wholesale prices.

<b>Funding</b>	<b>FY 2020</b>
State Highway Fund	4,600.0
<b>Issue Total</b>	<b>4,600.0</b>

## Modify Capital Appropriation Lapsing Standards

The Executive Budget includes a Legislative change to extend the standard length of appropriations for capital outlay or building renewal to three fiscal years.

The current two-year window is insufficient to accommodate all of the planning, coordination, and extensive procurement necessary for complex projects. As a result, agencies are forced to make decisions about various aspects of a project - scoping, procurement, design, and build - primarily based on the time required. Rushing these processes may lead to suboptimal outcomes for the State.

The same challenges apply to information technology and automation projects. The Executive Budget includes a parallel Legislative change to extend appropriations for these types of projects in the Statewide and Large Automation Projects section.

<b>Funding</b>	<b>FY 2020</b>
General Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

## Executive Budget Baseline Changes

### Transportation - Highway Construction

The Executive Budget continues funding for the State's \$4.8 billion transportation infrastructure program.

In accordance with A.R.S. § 28-6953, actual expenditure levels are determined within the scope of the Five-Year Highway Construction Program approved by the State Transportation Board. Debt service on existing ADOT construction bonds will be \$313 million in FY 2020. Construction projects and debt service payments are supported by fuel taxes, vehicle registration fees, vehicle license taxes, federal funding, and a half-cent Maricopa County sales tax.

<b>Funding</b>	<b>FY 2020</b>
State Highway Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

## Executive Budget Supplemental Changes

### Administration - Elevator Modernization

The Executive Budget includes a supplemental increase in one-time funding for elevator modernization projects in FY 2019.

The elevators at the House of Representatives, Senate, and Executive Tower buildings located at 1700 W. Washington St. in Phoenix are past their expected useful service life and depend on increasingly unreliable machinery. The controls and cabins are not ADA-compliant, and the lobby enclosures are not compliant with building codes. This issue will allow the elevators to be renovated and machinery replaced, resulting in fewer service interruptions and better access for users.

Due to the condition of the elevators, the Department of Administration has already initiated work on this project.

<b>Funding</b>	<b>FY 2019</b>
Legislative, Executive, Judicial Public Buildings Land Fund	4,100.0
<b>Issue Total</b>	<b>4,100.0</b>

# Board for Charter Schools

The Arizona State Board for Charter Schools sponsors and regulates charter schools. The Board oversees the academic and operational compliance of charter holders and reviews the fiscal viability of the schools. The Board also continuously reviews applications for new and replication charter schools as well as renewal applications for existing schools.

Link to the **AGENCY'S WEBSITE:** <http://www.asbcs.az.gov/>

All dollar amounts are expressed in thousands.

## Agency Budget Summary

	<b>FY 2018 Actual</b>	<b>FY 2019 Exp. Plan</b>	<b>FY 2020 Net Change</b>	<b>FY 2020 Exec. Bud.</b>
General Fund	1,069.9	1,209.8	785.5	1,995.3
Non-Appropriated Funds	61.1	61.5	0.0	61.5
<b>Agency Total</b>	<b>1,130.9</b>	<b>1,271.3</b>	<b>785.5</b>	<b>2,056.8</b>

## Major Executive Budget Initiatives and Funding

### Charter Accountability

The Executive Budget includes an increase in funding for the Board for Charter Schools to implement revisions to the Board's Financial Performance Framework and to increase the number of on-site monitoring visits from 95 in FY 2018 to 364 in FY 2020.

The additional funding will enable the Board to hire nine additional program managers and one audit manager to ensure charter schools' academic and operational quality and sound financial management.

Under the current staffing structure, program managers are able to conduct a charter school site visit only once every five years. Pursuant to A.R.S. §15-183, a charter holder must undergo a performance review at five-year intervals throughout the term of the charter. The number of five-year interval reviews conducted in any given fiscal year varies based on the age of the charter term held by schools in the Board's portfolio.

The recommended funding will enable the Board to increase visit frequency to once every three years. Also, this initiative provides dedicated resources to the Board's Government and Financial Affairs division to implement the revised Financial Performance Framework.

<b>Funding</b>	<b>FY 2020</b>
General Fund	785.5
<b>Issue Total</b>	<b>785.5</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

## Performance Measures

	<b>FY 2017 Actual</b>	<b>FY 2018 Actual</b>	<b>FY 2019 Expected</b>	<b>FY 2020 Expected</b>

# Department of Child Safety

The Department of Child Safety (DCS) is Arizona's State-administered child welfare services agency. DCS provides child abuse and neglect investigations; child safety and risk assessments; family support, preservation, and reunification services; family foster care and kinship care services; services to promote the safety, permanence, and well-being of children in foster and adoptive families; adoption promotion and support services; and health care services for children in out-of-home care.

The primary purpose of DCS is to protect children. To achieve this purpose, the Department seeks to accomplish the following in equal priority: (a) investigate reports of child abuse and neglect; (b) assess, promote and support the safety of a child in a safe and stable family or other appropriate placement; (c) work cooperatively with law enforcement regarding reports that include criminal conduct allegations; and (d) without compromising child safety, coordinate services to achieve permanency on behalf of the child, strengthen the family, and provide prevention, intervention, and treatment for abuse and neglected children.

Link to the **AGENCY'S WEBSITE:** <https://dcs.az.gov/>

All dollar amounts are expressed in thousands.

## Agency Budget Summary

	<b>FY 2018 Actual</b>	<b>FY 2019 Exp. Plan</b>	<b>FY 2020 Net Change</b>	<b>FY 2020 Exec. Bud.</b>
General Fund	348,285.5	375,838.7	0.0	375,838.7

## Major Executive Budget Initiatives and Funding

### Child Care Development Fund Authority

The Executive Budget includes an increase in funding for the Department's child care subsidy program to increase the subsidy rate.

DCS provides child care subsidies to foster parents and to parents with children who are receiving preventive services. The additional funding will increase the average child care subsidy rate by 16%, from \$406 per month to \$470 per month, for approximately 10,000 children in foster care.

<b>Funding</b>	<b>FY 2020</b>
Child Care and Development Fund	7,400.0
<b>Issue Total</b>	<b>7,400.0</b>

### CHILDS Replacement: Guardian Initiative

The Executive Budget includes a one-time deposit from the General Fund into the Automation Projects Fund above the baseline for the Department of Child Safety (DCS) to continue a multi-year project to replace its child welfare data system.

The Department is replacing the archaic Children's Information Library and Data Source (CHILDS) system with a new information management system called "Guardian." An unforeseen delay in procurement in FY 2018 resulted in that year's appropriation for the project being rolled forward into FY 2019, thereby lowering the resource needs and capacity in FY 2019. The contract for the technical integrator, a vendor that designs, builds, tests, and deploys the system, was awarded in April 2018. Now that the technical integrator is in place, DCS expects to fully expend FY 2018 and FY 2019 monies in the current budget year. Without any anticipated monies rolling forward into FY 2020, the expenditure forecast requires additional funding over the baseline amount of \$5.0 million. DCS does not expect the total project budget to be affected, despite the delay.

DCS expects the project to cost a total of \$86.0 million (\$43.0 million in State funds) with a completion date in FY 2021, after the final deployment of Guardian and the decommissioning of the CHILDS system.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

**Funding**

General Fund

**FY 2020**

0.0

**Issue Total****0.0****Public Safety Compensation Strategy**

The Executive Budget includes an increase in funding of \$8.7 million to provide salary increases to key agency positions, primarily with a focus on public safety, that are currently experiencing difficulty in recruiting and retaining highly qualified staff. This initiative is projected to result in increases for 14,485 State employees.

Funding for this initiative appears in the Statewide Adjustments section.

<b>Total</b>	<b>\$9,951,300*</b>			

\*The Department has \$1.3 M General Fund available from the Retention Pay Special Line Item to be allocated to the pay package.

**Executive Budget Baseline Changes****Adoption Services**

The Executive Budget includes an increase in funding to fully support Adoption Services for the growing population of adopted children.

Funding will come from three sources: (1) \$3.4 million in General Fund monies shifted from the Foster Home Placement special line item (SLI) to the Adoption Services SLI; (2) \$1.8 million of Child Safety Expenditure Authority shifted from the Foster Home Placement SLI to the Adoption Services SLI; and (3) an increase of \$926,700 in Child Safety Expenditure Authority.

The Adoption Services program supports the Department's effort to provide permanent adoptive placements for children in State care. Funding for the program covers adoption home recruitment costs and expenses related to the legal process of adoption and to maintenance and special services subsidies for the adoptive families.

The growth in the number of children receiving adoption subsidies has been consistent for several years. In FY 2018, the average monthly adoption population was 28,556, and the year-over-year growth averaged 10.2% or 2,635 more children receiving adoption subsidies compared to FY 2017. The Executive Budget projects the adoption caseload growth will continue to increase by 7.5% in FY 2019 and 8.1% in FY 2020.

## CHILDS Replacement: Guardian Baseline

The Executive Budget includes a continuation of a baseline deposit from the General Fund into the Automation Projects Fund for the Department of Child Safety (DCS) to continue a multi-year project to replace its child welfare data system.

The Department is replacing the archaic Children's Information Library and Data Source (CHILDS) system with a new information management system called "Guardian." Guardian will be a secure, cloud-based system that employs mobile technology to assist with key agency functions, including intake processing, case management, provider management, and financial management.

In FY 2018, DCS on-boarded the technical integrator, a vendor that will design, build, test, and deploy the Guardian system. In FY 2019, DCS will complete major system releases, which include configuring and coding the modules for the intake and hotline functions and part of the assessment function. In FY 2020, DCS will complete additional releases for the remainder of the assessment, case management, and permanency functions, as well as build the financial management and data warehouse requirements.

DCS expects the project to cost a total of \$86.0 million (\$43.0 million in State funds) with a completion date in FY 2021, after the final deployment of Guardian and the decommissioning of the CHILDS system.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

<b>Funding</b>	<b>FY 2020</b>
General Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

## Remove One-Time FY 2019 Appropriation

The Executive Budget includes a decrease in funding for litigation expenses.

The FY 2019 budget included a one-time appropriation of \$3.8 million for litigation expenses. The Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>

<b>Issue Total</b>	<b>(3,770.0)</b>

## Executive Budget Supplemental Changes

### FY 2019 Supplemental Appropriation

The Executive Budget includes an increase in funding for the Department's child care subsidy program above the original FY 2019 appropriation, to increase the child care subsidy rate.

The State of Arizona received additional funding from the federal government in late spring of 2018. Due to timing, this additional funding was not included in the enacted FY 2019 budget.

In FY 2020, the Executive Budget includes an increased appropriation to allow the Department to increase child care subsidy rates. (See the Child Care Development Fund Authority narrative for details.)

<b>Funding</b>	<b>FY 2019</b>
Child Care and Development Fund	7,400.0
<b>Issue Total</b>	<b>7,400.0</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

## Citizens' Clean Elections Commission

The Citizens Clean Elections Act is a campaign finance reform measure initiated by Arizona citizens and passed by voters in 1998. The Act provides for campaign financing for qualified candidates, enhanced campaign finance enforcement and reports for State and Legislative candidates and independent expenditures. The Act also provides for voter and public education, including sponsorship of debates and publication of the primary and general election candidate statement pamphlets.

# Commerce Authority

The Arizona Commerce Authority (ACA) was established in 2011 as a public-private partnership whose primary objective is advancing and diversifying the state's economy, primarily through high-value job creation. The ACA serves as Arizona's State-level economic development organization, leading and coordinating economic development and marketing efforts throughout the state.

## Major Executive Budget Initiatives and Funding

### Arizona Competes Funding - Restoration

The Executive Budget includes an increase in the General Fund deposit into the Arizona Competes Fund, in addition to one-time funding to establish the Rural Development Broadband Grants Program.

The Arizona Competes Fund provides grants to attract and support businesses in Arizona. Support for the Fund is provided by income tax withholding and Lottery revenues.

Laws 2018, Chapter 283 reduces the General Fund into the Arizona Competes Fund by (\$6 million) in FY 2020. The Executive Budget reverses this action and includes a one-time appropriation and a \$1 million increase to support broadband grants. The Arizona Commerce Authority (ACA) will allocate \$3 million of the total Arizona Competes Fund deposit to the Rural Development Broadband Grants program in FY 2020, which will increase broadband penetration throughout the state's most rural areas.

<b>Funding</b>	<b>FY 2020</b>
General Fund	7,000.0
<b>Issue Total</b>	<b>7,000.0</b>

## Executive Budget Baseline Changes

### Arizona Competes Funding - Reduction

The Executive Budget includes a decrease in the Arizona Competes Fund.

The Fund provides grants to attract and support businesses in Arizona. Support for the Arizona Competes Fund is provided by income tax withholding and Lottery revenues.

Laws 2018, Chapter 283 reduces the deposit by (\$6 million) in FY 2020; however, the Executive Budget includes an initiative that reverses that adjustment (see "Arizona Competes Funding – Restoration").

<b>Funding</b>	<b>FY 2020</b>
General Fund	(6,000.0)
<b>Issue Total</b>	<b>(6,000.0)</b>

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.

## Major Executive Budget Initiatives and Funding

### Maricopa County Community College District Health Care Specialty Expansion

The Executive Budget includes a one-time increase in funding for the Maricopa County Community College District (MCCCD) to expand the District's health care learning facilities.

Due to expected growth in metropolitan Phoenix's health care market, MCCCD is investing to expand its learning environments for in-demand specialty areas such as operating room, emergency care, telemetry, oncology, intensive care unit, and home care.

MCCCD has allocated \$1.7 million of its own resources to increase the number of classroom simulators in those target areas and to build labs and outfit control rooms. Classroom simulators allow teachers to oversee students and their interactions with life-like mannequins.

Combined with State support, the investment is projected to increase student enrollment in the aforementioned specialty areas by more than 300%. Additionally, the planned enhancements will allow students to gain hands-on experience, which improves the likelihood of timely completion of clinical certification.

<b>Funding</b>	<b>FY 2020</b>
General Fund	5,800.0
<b>Issue Total</b>	<b>5,800.0</b>

### Pima Community College Aviation Center Expansion

The Executive Budget includes \$20 million in one-time funding for the expansion of the Pima Community College (PCC) Aviation Technology program.

The program gives students the opportunity to gain hands-on experience with a variety of aircraft. The majority of program graduates are placed in high-demand jobs within the aerospace and defense industries, particularly in Pima County.

PCC's Aviation Technology Center is equipped to provide training for both commercial and semi-commercial regional jets. The Center's expansion is part of a larger \$100 million investment that relies on a number of funding sources, including PCC bond funding, federal grants, and program reprioritization. PCC has secured funding of about \$70 million for the overall investment.

<b>Funding</b>	<b>FY 2020</b>
General Fund	20,000.0
<b>Issue Total</b>	<b>20,000.0</b>

## Executive Budget Baseline Changes

### Equalization Assistance

The Executive Budget includes an increase in funding for Equalization Aid to Cochise, Graham, and Navajo counties.

The Equalization Aid formula established in A.R.S. § 15-1468 supports community college districts that have an insufficient property tax base compared to the minimum assessed value as described in A.R.S. § 15-1402.

<b>Funding</b>	<b>FY 2020</b>
General Fund	1,361.4
<b>Issue Total</b>	<b>1,361.4</b>

### Operating State Aid

The Executive Budget includes a decrease in funding for Operating State Aid to community colleges.

The Operating State Aid formula established in A.R.S. § 15-1466 is based on each community college district's enrollment change from the previous year. In FY 2018, full-time student equivalent enrollment declined by (2,525) students statewide, generating a reduction in Operating State Aid.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(442.9)
<b>Issue Total</b>	<b>(442.9)</b>

### STEM and Workforce Programs State Aid

The Executive Budget includes an increase in funding for STEM and Workforce Programs Aid to community colleges.

The STEM and Workforce Programs State Aid formula established in A.R.S. § 15-1464 is allocated based on full-time student equivalent enrollment. Community college districts with FTSE enrollment over 5,000 receive \$160 per FTSE, while districts with less than 5,000 receive \$210 per FTSE.

While FTSE enrollment declined by (2,525) students statewide in FY 2018, the increase in STEM and Workforce Programs Aid reflects enrollment increases at certain districts throughout the state.

<b>Funding</b>	<b>FY 2020</b>
General Fund	129.7
<b>Issue Total</b>	<b>129.7</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

Link to [EXECUTIVE BUDGET LEGISLATIVE CHANGES](#)

### Full-Time Equivalent Student Enrollment

## Agency Expenditures

(in \$1,000s)

*In FY 2012, there was a total operating expenditure reduction of (6.2)% allocated across the Community College system, reflected here in the reduction between General Fund expenditures in FY 2011 and FY 2012.*

# Corporation Commission

The Corporation Commission is composed of five elected Commissioners. Staffing is provided in nine divisions, each headed by a division director serving under the Commission's executive director. The Commission's primary responsibilities are established in the Arizona Constitution and statutes and include reviewing and establishing public utility rates; regulating the sale of securities; ensuring pipeline and railroad safety; and serving as the repository of corporate and LLC business entity filings in accordance with State law.

## Major Executive Budget Initiatives and Funding

### Public Safety Compensation Strategy

The Executive Budget includes an increase in funding of \$30,800 to provide salary increases to key agency positions, primarily with a focus on public safety, that are currently experiencing difficulty in recruiting and retaining highly qualified staff. This initiative is projected to result in increases for 14,485 State employees.

Funding for this initiative appears in the Statewide Adjustments section.

<b>Funding</b>	<b>FY 2020</b>

<b>Total</b>	<b>\$30,800</b>			

## Executive Budget Baseline Changes

### Remove One-Time FY 2019 Appropriation

The Executive Budget includes a decrease in one-time funding per Laws 2018, Chapter 333, which funded Railroad Inspectors for FY 2019.

Chapter 333 created a one-time appropriation of \$196,600 for Railroad Safety Inspectors. The Executive Budget backs out this funding in FY 2020

<b>Funding</b>	<b>FY 2020</b>

# Department of Corrections

The Department of Corrections (ADC) serves and protects the people of Arizona by incarcerating inmates in correctional facilities and supervising conditionally released offenders in the community. During incarceration, welfare and health care services, including medical, dental, and mental health, are provided to inmates. In addition, structured programming - including work, education, career training, substance abuse treatment, sex offender treatment, spiritual services, and recreation - is provided to inmates to promote employability, literacy, sobriety, and accountability to crime victims and to increase the likelihood that inmates will become law-abiding citizens upon release. In the community, the Department supervises offenders released from prison to serve the remainder of their sentence on community supervision. The Department ensures the accurate release, effective re-entry, transition, and supervision of released offenders, utilizing a continuum of supervision services, strategies, evidence-based programs, and meaningful incentives and sanctions. The Department also facilitates the swift return to custody of those offenders who violate conditions of supervision and who represent a serious threat to the safety of the community.

## Major Executive Budget Initiatives and Funding

### Prison Construction and Operations Fund Backfill

The Executive Budget includes a shift in funding from the Prison Construction and Operations Fund (PCOF) to the General Fund to backfill inmate food expenses allocated to PCOF.

PCOF provides mission-critical food and health care funding from revenues generated by increased surcharges on DUI fines. The FY 2019 appropriation exceeds estimated revenues for FY 2020.

<b>Funding</b>	<b>FY 2020</b>
General Fund	2,200.0
Prison Construction and Operations Fund	(2,200.0)
<b>Issue Total</b>	<b>0.0</b>

### Public Safety Compensation Strategy

The Executive Budget includes an increase in funding of \$35.5 million to provide salary increases to key agency positions, primarily with a focus on public safety, that are currently experiencing difficulty in recruiting and retaining highly qualified staff. This initiative is projected to result in increases for 14,485 State employees.

Funding for this initiative appears in the Statewide Adjustments section.

<b>Funding</b>	<b>FY 2020</b>
General Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

<b>FTE Series Title1</b>	<b>PS + ERE Increase</b>	<b>Avg. % Salary Increase for Series</b>	<b>Previous Weighted-Average Salary</b>	<b>New Weighted-Average Salary</b>
Security	\$33,482,600	10.00%	\$39,254	\$43,179
Education	\$1,247,300	9.17%	\$60,766	\$66,337
Correctional Records	\$288,200	5.00%	\$27,855	\$29,248
Counseling/Treatment	\$358,800	13.16%	\$46,812	\$52,973
Religion	\$102,400	5.00%	\$39,372	\$41,341
<b>Total</b>	<b>\$35,479,300*</b>			

\*To achieve a 10% raise, ADC will fund 1.9%, \$13 million, from vacancy savings as a one-time initiative. The Department would then seek authorization to request a General Fund backfill of that \$13 million as part of the ADC FY 2021 budget request.

### Transition Program Appropriation Adjustment

The Executive Budget includes an increase in funding to support costs associated with providing programming to inmates who are eligible to participate in the Department's Transition program.

The Transition Program gives an inmate who meets certain criteria the opportunity to be released three months earlier than their earliest release date. As part of the Transition Program, the inmate is connected with specific programs in the community to aid them in transitioning back into society.

Laws 2018, Chapter 344 expanded the population eligible to participate in the Transition program to include inmates convicted of the possession or use of marijuana, a narcotic drug, or drug paraphernalia and who are not serving a concurrent sentence. Increased participation in the Transition program as a result of Chapter 344 is expected.

<b>Funding</b>	<b>FY 2020</b>
Transition Program Fund	600.0
<b>Issue Total</b>	<b>600.0</b>

### Executive Budget Baseline Changes

#### 1,000 Bed COP Savings

The Executive Budget includes a reduction in funding to account for the elimination of a certificate of participation (COP) payment.

Laws 2003, 2nd Special Session, Chapter 5, authorized the Department of Administration to issue a COP in FY 2004 for correctional facilities expansion to add 1,000 beds throughout the prison system: 500 beds at Perryville, 300 at Tucson, and 200 at Douglas. The beds house minimum-custody inmates and opened in December 2004. FY 2019 is the last year the COP payment is required.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(3,072.9)
<b>Issue Total</b>	<b>(3,072.9)</b>

#### FY 2020 Inmate Health Care Needs

The Executive Budget includes an increase in funding to pay for higher costs of providing health care services to inmates in FY 2020.

ADC currently contracts with Corizon for inmate health care services, and that contract ends June 30, 2019.

The Department has evaluated responses to its request for proposals (RFP) for a new two-year contract with three one-year renewal options and has selected a different vendor, Centurion.

<b>Funding</b>	<b>FY 2020</b>
General Fund	31,885.9
<b>Issue Total</b>	<b>31,885.9</b>

## Leap Year

The Executive Budget includes an increase in funding to pay for a one-time increase in prison operation costs, such as inmate health care and food, associated with the extra day in the fiscal year resulting from Leap Year.

<b>Funding</b>	<b>FY 2020</b>
General Fund	1,092.8
<b>Issue Total</b>	<b>1,092.8</b>

## Remove One-Time FY 2019 Appropriations

The Executive Budget includes a decrease in funding for equipment.

The FY 2019 budget includes a one-time appropriation to fund equipment costs associated with expanding inmate education and substance abuse programming. The Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
Transition Program Fund	(540.0)
State Charitable, Penal & Reformatory Land Earnings Fund	(418.0)
<b>Issue Total</b>	<b>(958.0)</b>

## Executive Budget Supplemental Changes

### FY 2019 Supplemental Inmate Health Care Needs

The Executive Budget includes an increase in funding to pay for higher costs of providing health care services to inmates in FY 2019.

ADC currently contracts with Corizon for inmate health care services. That contract ends June 30, 2019.

While ADC has requested supplemental funding of \$15 million, offsets due to performance sanctions, staffing vacancies, and a lower-than-projected average daily inmate population have lowered the Department's cost of providing health care in FY 2019.

<b>Funding</b>	<b>FY 2019</b>
General Fund	8,635.9
<b>Issue Total</b>	<b>8,635.9</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

## Performance Measures

*The Executive Budget provides a lump-sum appropriation to the agency.*

# Board of Cosmetology

The Board of Cosmetology issues licenses to salons, schools, and individuals who qualify by reciprocity or through the administration of a written and practical examination. The Board performs health and safety inspections of salons and schools, investigates consumer complaints, conducts hearings, and imposes enforcement action when appropriate. The Board also establishes health and safety standards, establishes educational and curriculum standards and oversight, and provides monthly classes on infection control and statutory and regulatory compliance for the licensees.

Link to the **AGENCY'S WEBSITE:** <http://www.azboc.gov/>

All dollar amounts are expressed in thousands.

## Agency Budget Summary

	<b>FY 2018 Actual</b>	<b>FY 2019 Exp. Plan</b>	<b>FY 2020 Net Change</b>	<b>FY 2020 Exec. Bud.</b>
Other Appropriated Funds	1,681.4	1,926.3	(25.5)	1,900.8
<b>Agency Total</b>	<b>1,681.4</b>	<b>1,926.3</b>	<b>(25.5)</b>	<b>1,900.8</b>

## Major Executive Budget Initiatives and Funding

### Digitization

The Executive Budget includes an increase in one-time funding from the Cosmetology Board Fund in FY 2020 to complete the document scanning and digitization of all active and historical licensing files that was initiated in FY 2019 as part of a broader effort to move licensing and license-renewal processes online.

The digitization of records aligns with the State's initiative for agencies to conduct business electronically as circumstances allow. In FY 2019, the Board received \$75,000 for this project and digitized approximately half of its paper files. The FY 2020 funds will pay for contracted services to finish scanning the remaining 1.1 million pages into searchable digital files and securely disposing of the paper copies.

The Executive Budget continues \$10,400 of this amount for ongoing digitization expenses after FY 2020.

<b>Funding</b>	<b>FY 2020</b>
Cosmetology Board Fund	70.0
<b>Issue Total</b>	<b>70.0</b>

### SLI Annual Leave Payout Continuation

The Executive Budget continues \$13,700 in one-time funding for annual leave payouts from the Board of Cosmetology Fund in FY 2020. This amount is the remainder of the FY 2019 appropriation of \$34,200 for annual leave balances after two eligible employees retired.

The Board of Cosmetology anticipates payment of accrued annual leave balances to the five remaining retirement-eligible employees from FY 2019 through FY 2020. Upon payment of those balances, the Executive intends to remove the line item.

<b>Funding</b>	<b>FY 2020</b>
Cosmetology Board Fund	13.7
<b>Issue Total</b>	<b>13.7</b>

## Executive Budget Baseline Changes

### Remove One-Time FY 2019 Appropriations

The Executive Budget includes a decrease in funding for digitization and annual leave costs.

The FY 2019 budget included a one-time appropriation of \$75,000 to digitize files. The Executive Budget backs out this funding in FY 2020.

The FY 2019 budget included a one-time appropriation of \$34,200 to pay accrued annual leave balances for seven retirement-eligible employees. The Executive Budget backs out this funding in FY 2020.

**Funding**

Cosmetology Board Fund

<b>Agency Total</b>	<b>20,292.6</b>	<b>20,105.1</b>	<b>(200.0)</b>	<b>19,905.1</b>

## Major Executive Budget Initiatives and Funding

### Appropriate Statistical Analysis Center FTEs

The Executive Budget includes an increase of 2.0 FTE positions for the Criminal Justice Commission's Statistical Analysis Center. The positions will conduct research related to statutorily mandated criminal justice reports and other research as requested by the Commission.

Additional funding is not required to fund the new positions, as adequate funding exists within the Commission's operating budget. The Commission intends to pay for the positions from the Drug and Gang Prevention Resource Center Fund.

<b>Funding</b>	<b>FY 2020</b>
Drug and Gang Prevention Resource Center Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

## Executive Budget Baseline Changes

### Continue Ongoing Funding for Criminal History Repository Upgrades

The Executive Budget continues funding for upgrades to county-run criminal history databases.

The FY 2019 budget included funding of \$1.8 million for this project, spread across FY 2019, FY 2020, and FY 2021 at the rate of \$600,000 per year from the Fingerprint Clearance Card Fund.

The Executive Budget recognizes the advanced appropriations and accounts for them accordingly. Because the FY 2019 budget included \$600,000, no adjustment is required to maintain funding in FY 2020, making the net change in appropriation \$0, as displayed below.

<b>Funding</b>	<b>FY 2020</b>
Fingerprint Clearance Card Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

### Remove One-Time FY 2019 Appropriation

The Executive Budget includes a decrease in funding for the Criminal Justice Statistics pilot program.

The FY 2019 budget included a one-time appropriation of \$200,000 to fund a criminal justice statistics pilot program. The Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
Drug and Gang Prevention Resource Center Fund	(200.0)
<b>Issue Total</b>	<b>(200.0)</b>

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.

# Schools for the Deaf and the Blind

Arizona State Schools for the Deaf and the Blind (ASDB) was founded in 1912 – the year of Arizona statehood. ASDB provides education and support services to over 2,000 children who are blind, visually impaired, deaf, hard of hearing, or deafblind, from birth to grade 12. ASDB operates two schools for the deaf, one school for the blind, a statewide birth-to-three early childhood and family education program, and five regional cooperatives that provide services to students attending local schools.

ASDB is committed to excellence and innovation in (a) education for all Arizona children who are hard of hearing or deaf or have vision loss; (b) leadership and service; (c) collaboration with families, school districts, communities, and others; and (d) partnership with other agencies that will enable children who are hard of hearing or deaf or have vision loss to succeed now and in the future.

## Agency Budget Summary

	<b>FY 2018 Actual</b>	<b>FY 2019 Exp. Plan</b>	<b>FY 2020 Net Change</b>	<b>FY 2020 Exec. Bud.</b>
General Fund	21,800.7	21,659.3	1,600.0	23,259.3
Other Appropriated Funds	11,164.6	13,607.9	(2,070.0)	11,537.9
Non-Appropriated Funds	18,915.0	19,161.7	0.0	19,161.7
<b>Agency Total</b>	<b>51,880.3</b>	<b>54,428.9</b>	<b>(470.0)</b>	<b>53,958.9</b>

## Executive Budget Baseline Changes

### Fund Shift

The Executive Budget shifts ongoing costs for the Early Childhood and Family Education Program expansion included in the FY 2019 budget from the Telecommunications for the Deaf Fund to the General Fund.

<b>Funding</b>	<b>FY 2020</b>
General Fund	1,600.0
Telecom for the Deaf Fund	(1,600.0)
<b>Issue Total</b>	<b>0.0</b>

### Remove One-Time FY 2019 Appropriation

The Executive Budget includes a decrease in funding for fleet vehicles and other one-time costs associated with the Early Childhood and Family Education Program expansion.

The FY 2019 budget included a one-time appropriation of \$470,000 for fleet vehicles and other one-time costs. The Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
Telecom for the Deaf Fund	(470.0)
<b>Issue Total</b>	<b>(470.0)</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

# Commission for the Deaf and the Hard of Hearing

The Commission for the Deaf and the Hard of Hearing (ACDHH) acts as an information bureau for the deaf, hard of hearing, deafblind, and individuals with speech difficulties. The Commission works with State and local government agencies and other public and private community agencies to educate staff to better provide services to their deaf, hard of hearing, and deafblind consumers. ACDHH administers a telecommunications equipment distribution voucher program that loans equipment to qualified Arizona residents. The Arizona Relay Service (7-1-1), which allows equal accessibility of public telephone service, is also administered by the Commission. The relay service is required by the Federal Communications Commission. ACDHH is also mandated to license American Sign Language interpreters and certify American Sign Language teachers.

## Major Executive Budget Initiatives and Funding

### Public Research and Policy FTE Position

The Executive Budget includes an increase of 1.0 FTE position to lead policy research and response for issues affecting Arizona's deaf and hard of hearing population.

The Commission has experienced a growing research and analysis workload as the FCC has begun, in earnest, to reevaluate the national reimbursement regime surrounding Internet Protocol-Captioned Telephone Service (IP-CTS), a process that is likely to last for several years. The FCC currently reimburses the total cost for all IP-CTS services but has announced the intent to build a cost-sharing model with the states, similar to the existing model for traditional analog Captioned Telephone Services (CTS).

This position would be an in-house expert on research, analysis, compliance, legal filings and coordinated messaging that will save the agency from contracting with hourly outside services and legal counsel. A thoroughly-researched and well-coordinated response from the states could protect state taxpayers from millions of dollars in unfunded mandates.

Additional funding is not required to for this FTE position given that adequate funding is already appropriated to the Commission from the Telecommunication Fund for the Deaf.

# Board of Dental Examiners

The State Board of Dental Examiners examines, licenses, and certifies professionals to practice in the field of dentistry; registers business entities providing dental services; and permits mobile dental facilities. The Board also accepts complaints against licensees, certificate holders, business entities, and mobile dental facilities; investigates allegations; and administratively adjudicates complaints. The Board regulates approximately 9,900 business entities and professionals that are licensed or certified to practice in the state, and serves all Arizona citizens who receive their professional services.

## Early Childhood Development and Health Board

The Arizona Early Childhood Development and Health Board seeks to ensure the quality and accessibility of early childhood development and health programs at the community level. A voter-approved initiative, Proposition 203, created the Board, which is commonly known as "First Things First."

First Things First establishes regional partnership councils throughout the state. Each regional council is funded based on the number of children, from birth to age five year, living in the area, as well as the number of young children whose family income does not exceed 100% of the federal poverty level. Programs funded through First Things First may be conducted by grantees in the region or by the regional partnership council. First Things First receives revenues from an additional tax levied on tobacco products.

# Department of Economic Security

The Department of Economic Security (DES) is an integrated human services agency that provides critical opportunity, assistance, and care for approximately two million Arizonans. Across its 40 programs, DES employees seek to serve fellow Arizonans with integrity, humility, and kindness.

More specifically, DES works with job creators to provide employment assistance, including vocational rehabilitation for individuals with physical or mental impairment and job training for economically disadvantaged adults and youth. Eligible working parents receive child care assistance. The Department manages the Unemployment Insurance Program, including collecting taxes and providing benefits.

DES provides temporary assistance and services that support Arizonans' goals of obtaining greater self-sufficiency. DES provides children with food, health care, and parental financial support; services to individuals with disabilities; and protection for the vulnerable by investigating allegations of abuse, neglect, and exploitation. DES operates with fiscal discipline and actively identifies and prosecutes fraudulent receipt of benefits.

The Department provides safety net services to victims of domestic violence; individuals experiencing homelessness and hunger; families needing assistance with utility bills; and vulnerable adults who are victims of abuse, neglect, and exploitation. The Department assists individuals and families by determining eligibility for temporary cash assistance, nutritional assistance, Medicaid, Social Security Disability Insurance (SSDI), and Supplemental Security Income (SSI). In addition, DES provides support to newly arrived refugees.

The Department provides early intervention services for infants and toddlers with developmental delays and home and community-based services for clients with intellectual and developmental disabilities. The Department assists parents in receiving child support payments by locating absent parents, establishing paternity, establishing the legal obligation to pay, and evaluating the absent parent's ability to pay.

<b>Agency Total</b>	<b>4,116,683.8</b>	<b>4,260,939.2</b>	<b>346,072.7</b>	<b>4,607,011.9</b>

## Major Executive Budget Initiatives and Funding

### Child Care Development Fund Authority

The Executive Budget includes an increase in funding for the DES child care subsidy program to increase the child care subsidy rate and to serve children on the waitlist.

The program serves three client categories: Temporary Assistance for Needy Families (TANF), Transitional Child Care (TCC), and Low-Income Working (LIW). LIW has a waiting list and limits eligibility to low-income families who are working, teen parents in high school or GED classes, or residents of homeless or domestic violence shelters.

The additional funding will serve approximately 400 children per month from the waitlist and increase the average child care subsidy rate from \$365 per month to \$438 per month.

<b>Funding</b>	<b>FY 2020</b>
Child Care and Development Fund	48,400.0
<b>Issue Total</b>	<b>48,400.0</b>

## Division of Developmental Disabilities Caseload & Capitation Growth

The Executive Budget includes an increase in funding for projected program cost increases in the Division of Developmental Disabilities (DDD).

Below are FY 2020 forecasts for DDD programs relative to FY 2019:

- DDD Arizona Long Term Care System (ALTCS): a 4.25% increase with an anticipated 5% increase in per-member monthly capitation payments
- State Funded Long Term Care (SFLTC): 3.3% increase
- Targeted Case Management (TCM): 5% increase
- State Only Case Management: 5% increase.

The FY 2018 budget included \$2 million from the General Fund as a one-time 6.5% rate increase for room-and-board providers. Additionally, in FY 2018, DES received \$10 million in one-time funding from the General Fund for DDD providers in proportion to their reported costs associated with the Proposition 206 minimum wage increase. The FY 2019 budget continued this funding with a \$1 million increase. The Executive Budget makes the \$13 million ongoing in FY 2020.

Another component of the DDD program cost projection is the annualization of costs associated with Proposition 206. The FY 2019 budget included funding for the increased payments to contract providers to cover the cost of raising wages paid to direct-care workers to the higher minimum wage effective January 1, 2018. Since the increase occurred midway through the State fiscal year, the Executive Budget annualizes this increase in FY 2020 at a cost of \$1.7 million. The Executive Budget also includes \$3.4 million for the minimum wage increase occurring in January 2019, when the wage increased by another \$0.50 per hour to \$11. The Executive Budget annualizes this increase in the FY 2021 baseline.

<b>Funding</b>	<b>FY 2020</b>
General Fund	63,262.3
<b>Issue Total</b>	<b>63,262.3</b>

## Executive Budget Baseline Changes

### Integration of Children's Rehabilitative Services and Behavioral Health Services for DD into DES DDD

The Executive Budget includes an increase in funding to annualize the transfers to DES from the Arizona Health Care Cost Containment System (AHCCCS) of (a) the Children's Rehabilitative Services (CRS) program and (b) Behavioral Health Services. Corresponding decreases in funding appear in the AHCCCS section of the Executive Budget.

As part of a statewide effort to better integrate the delivery, management, and financing of healthcare, the Executive Budget transferred to DES the contract management for CRS services for developmentally disabled (DD) members, effective October 1, 2018. Due to this timing, the Executive Budget transferred funding for three quarters from AHCCCS to DES for DDD CRS in FY 2019. The FY 2020 Executive Budget annualizes this transfer by moving the last quarter of funding to DES.

In addition, the Executive Budget transfers the contract management for Behavioral Health Services for DD members to DES, effective October 1, 2019. Due to this timing, the Executive Budget transfers funding for three quarters of FY 2020 from AHCCCS to DES for DD Behavioral Health Services. The FY 2021 Executive Budget will annualize this transfer in the FY 2021 baseline.

<b>Funding</b>	<b>FY 2020</b>
General Fund	31,125.0
<b>Issue Total</b>	<b>31,125.0</b>

## Technical Adjustments

The Executive Budget includes several technical adjustments to align organizational structure and provide additional transparency, including the following:

(a) Moving the Coordinated Hunger Services special line item (SLI), which coordinates with various organizations to provide food assistance to the hungry, from the Division of Benefits and Medical Eligibility to the Division of Aging and Adult Services.

(b) Moving the Independent Living Rehabilitation Services SLI, which helps to foster the independence of individuals with severe disabilities who are unable to function independently, from the Division of Employment and Rehabilitation Services to the Division of Aging and Adult Services.

(c) An increase of \$7.9 million in the Arizona Early Intervention Program (AzEIP) SLI and a commensurate decrease in the Home and Community Based Services - State Only SLI. The Executive Budget also renames the AzEIP SLI to the Home and Community Based Services 0-3 - State Only SLI.

(d) An increase of \$29,000 in the DES operating budget and a commensurate decrease in the DDD Administration SLI to account for DES centralizing security and training costs.

(e) An increase of \$4,000 in the DES operating budget and a commensurate decrease in the Attorney General Legal Services SLI to pay for centralized Enterprise Licensing and Information Technology costs.

(f) An increase in expenditure authority in the Medical Services SLI equal to the General Fund FY 2020 appropriated amount. In order to draw down federal dollars, the Department transfers the General Fund appropriation to AHCCCS. AHCCCS draws down the federal revenue and transfers back to the Department both the General Fund and federal revenue. As the General Fund has already been accounted for when initially appropriated, it is double-counted when it comes back to DES. Increasing SLI appropriation equal to the FY 2020 General Fund amount will allow the Department to accurately account for the transfers to and from AHCCCS.

(g) Adjusting the Budget Stabilization Fund (BSF) timeline to align with DES payment schedules. Pursuant to Laws 2018, Chapter 276, DES may use up to \$25 million from the BSF when the Department experiences cash flow needs. In FY 2019, the Executive Budget makes the BSF available on April 1, 2019, instead of July 1, 2019. The Department's need to use the BSF in FY 2019 occurs earlier in the year, due to the timing of bills. Without an adjustment, the Department would have to delay paying vendors until receiving the funds on July 1.

(h) Removal of FY 2019 one-time and non-lapsing appropriations.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(14,400.0)
Special Administration Fund	(2,271.0)
Spinal and Head Injuries Trust Fund	(1,900.0)
<b>Issue Total</b>	<b>(18,571.0)</b>

## Executive Budget Supplemental Changes

### Child Care Development Fund Authority FY 2019 Supplemental Funding

The Executive Budget includes an increase in funding for the DES child care subsidy program above the original FY 2019 appropriation, to increase the child care subsidy rate and to serve children on the waitlist.

The State received additional funding from the federal government in late spring of 2018. Due to timing, this additional funding was not included in the enacted FY 2019 budget.

In FY 2020, the Executive Budget includes a supplemental appropriation to allow the Department to increase child care subsidy rates and serve additional children from the waitlist (see the Child Care Development Fund Authority narrative for more details).

<b>Funding</b>	<b>FY 2019</b>
Child Care and Development Fund	44,800.0
<b>Issue Total</b>	<b>44,800.0</b>

## Division of Developmental Disabilities FY 2019 Supplemental Funding

The Executive Budget includes an increase in funding for DDD caseload growth above the original FY 2019 projections and for additional costs of the CRS program.

Targeted Case Management (TCM) growth has exceeded the projected FY 2019 caseload growth. Without additional funding, TCM will not be able to draw down the full capitation amount from the federal government.

Previously, DES would have used the equity balance from the Long Term Care System Fund to cover such shortfalls. However, per Laws 2017, First Regular Session, Chapter 309 the Department may no longer use the equity balance beginning in FY 2019. The Executive Budget includes \$950,000 from the General Fund to cover the TCM shortfall.

State Only (SO) growth has also exceeded the FY 2019 projected caseload growth of 3% and is currently trending at 5%. Without additional funding in FY 2019 to cover this increase, DES would need to restrict caseload in the SO program, requiring a reduction of eligibility and removal of SO services. The Executive Budget includes \$600,000 from the General Fund and \$1.0 million from the Health Services Lottery Fund to cover the SO shortfall.

As part of a statewide effort to better integrate health care, the FY 2019 budget transferred to DES the contract management for CRS services for DD members effective October 1, 2018. Due to this timing, in the Executive Budget transferred, from AHCCCS to DES, FY 2019 funding for three quarters for DDD CRS. Therefore, the Executive Budget provides \$2.1 million from the General Fund to address the one-quarter shortfall.

Funding	FY 2019
General Fund	3,662.6
Health Services Lottery Fund	1,000.0
<b>Issue Total</b>	<b>4,662.6</b>

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.

# State Board of Education

The State Board of Education is constitutionally charged with regulating the conduct of the public school system. Arizona law requires the Board to regulate and exercise general supervision over the conduct of the public school system and adopt rules and policies it deems necessary to accomplish this purpose. Regulation and supervision includes the following:

- (a) prescribe a minimum course of study and competency requirements for promotion of students from third and eighth grade as well as for graduation from high school;
- (b) supervise and control the certification of persons engaged in instructional work in a school district;
- (c) approve alternative teacher and administrator preparation programs;
- (d) adopt proficiency exams and passing scores for those exams;
- (e) adopt rules governing the methods for administering proficiency exams;
- (f) impose disciplinary action on all certificate holders who are found to have engaged in immoral conduct;
- (g) serve as the State Board for Vocational and Technological Education; and
- (h) delegate to the Superintendent of Public Instruction the execution of board policies and rules.

# Department of Education

The Department of Education is administered by the Superintendent of Public Instruction, an elected position. The Superintendent, in conjunction with the State Board of Education, leads the State in developing and implementing educational guidelines and standards. The Superintendent supports direct services to 230 locally governed school districts, including 14 vocational districts and nine accommodation districts. The Superintendent, in conjunction with the State Board for Charter Schools, oversees 447 charters (as of August 2018). The Department executes educational guidelines through evaluation, training, school improvement assistance, dissemination of information, and administration and allocation of funds. The Department also serves as the primary source for information on the status and needs of the public school system.

<b>Agency Total</b>	<b>6,405,327.7</b>	<b>7,074,797.5</b>	<b>476,368.7</b>	<b>7,551,166.2</b>

## Major Executive Budget Initiatives and Funding

### Results Based Funding

The Executive Budget includes an increase in funding for expanding the Results Based Funding program.

The Executive Budget distributes Results Based Funding to schools that have a letter-grade designation of A, or a letter-grade designation of B and 60% or more of students participating in free and reduced-priced lunch (FRL) programs.

Expanding Results Based Funding to include B schools recognizes highly performing schools by taking into account the extra resources required by schools that have high rates of FRL participation and continue to perform above the state average. The Executive Budget increases funding for this program by 157% over FY 2019 levels, largely due to the impact of allocating funding by letter grade per A.R.S. § 15-249.08. A total of 951 schools are estimated to receive Results Based Funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
General Fund	59,718.1
<b>Issue Total</b>	<b>59,718.1</b>

### Career and Technical Education

The Executive Budget includes an increase in funding to create a career and technical education incentive program.

The program will provide a \$1,000 incentive payment to schools for each high school graduate that earned select industry certifications, up to 10,000 students. If more than 10,000 high school graduates qualify, program funding will be distributed equally per pupil to participating schools.

The Arizona Commerce Authority will annually identify high-demand industries and certifications. Rewarding schools that help students earn these certifications will further align student outcomes with Arizona's growing workforce needs.

<b>Funding</b>	<b>FY 2020</b>
General Fund	10,000.0
<b>Issue Total</b>	<b>10,000.0</b>

## School Resource Officers

The Executive Budget includes an increase in funding to expand the School Safety Program.

The School Safety Program is authorized by A.R.S. § 15-154 to promote safe learning environments by supporting the costs of placing school resource officers (SROs) on school campuses. Laws 2017, Chapter 158 relocated administration of the School Safety Program from the State Board of Education to the Department of Education.

The Department awards funding for SROs to schools on a competitive basis. Out of 203 schools that applied for SROs, 89 did not receive grant money due to program funding limitations. This issue fully funds all requests.

<b>Funding</b>	<b>FY 2020</b>
General Fund	9,256.0
<b>Issue Total</b>	<b>9,256.0</b>

## School Counselors and Social Workers

The Executive Budget includes an increase in funding to establish a grant program for schools to hire counselors or social workers.

There is a growing body of empirical research evaluating the correlation of improved student outcomes associated with access to school counselors and school social workers. More than ever, there is a need for these critical staff to help prevent school violence and provide mental health support to students in times of crisis. This funding will provide between 110 and 150 more mental health professionals for schools.

<b>Funding</b>	<b>FY 2020</b>
General Fund	6,000.0
<b>Issue Total</b>	<b>6,000.0</b>

## Department Audit

The Executive Budget includes an increase in one-time funding to enable the Department to conduct an independent audit of its operations and finances.

Independent audits can assist agencies in ensuring that operations and business practices are efficient and comply with law.

<b>Funding</b>	<b>FY 2020</b>
General Fund	250.0
<b>Issue Total</b>	<b>250.0</b>

## School Finance System Replacement

The Executive Budget includes a one-time deposit from Empowerment Scholarship Account Fund to the Automation Projects Fund for the Department of Education (ADE) to replace the school finance system.

The school finance system, which is part of the larger Arizona Education Learning Accountability System, includes one component for State funding apportionment for districts and another for charter school payments. Together, these components calculate and process 48 unique payment streams to determine and distribute funding for Arizona's school districts. The system operates on an obsolete platform that is no longer supported.

By replacing the system, ADE can reduce cybersecurity risks, eliminate manual calculations, reduce calculation errors, and explore comparisons of various funding scenarios.

ADE expects this project to cost a total of \$9.0 million with a completion date in FY 2022.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

<b>Funding</b>	<b>FY 2020</b>
Empowerment Scholarship Account Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

## Executive Budget Baseline Changes

### Additional Teacher Salary Increase

The Executive Budget includes an increase in funding to continue the second year of a three-year plan to raise teacher pay by 20%.

Laws 2018, Chapter 276 advances appropriated monies for additional teacher pay increases in FY 2020. The Executive Budget includes an increase of \$164.7 million as part of the cumulative increase in teacher salaries by school year 2020-2021 (FY 2021).

<b>Funding</b>	<b>FY 2020</b>
General Fund	164,700.0
<b>Issue Total</b>	<b>164,700.0</b>

### **Inflation Adjustment**

The Executive Budget includes an increase in funding for a 2% inflation adjustment from the FY 2019 base level amount, the transportation route-mile factor, and charter school additional assistance.

The 2% inflation adjustment will add \$79.20 to the FY 2019 per-pupil amount of \$3,960.07, for a total of \$4,039.27 in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
General Fund	140,380.9
<b>Issue Total</b>	<b>140,380.9</b>

### **Increase Additional Assistance**

The Executive Budget includes an increase in funding to continue Additional Assistance restoration for district and charter schools.

Laws 2018, Chapter 285 advances appropriated monies to continue restoring Additional Assistance funding in FY 2020 as part of a five-year plan to fully reverse, by FY 2023, long-standing suspensions to Additional Assistance to districts and charter schools. Additional Assistance to districts and charters will increase by \$67.8 million in FY 2020. By FY 2023, restored funding for Additional Assistance will total \$371.1 million.

<b>Funding</b>	<b>FY 2020</b>
General Fund	67,774.6
<b>Issue Total</b>	<b>67,774.6</b>

### **Proposition 301 Bridge**

The Executive Budget includes a one-time increase in funding from the General Fund for teacher salary increases.

This General Fund obligation will be fully replaced in FY 2022, when an equivalent amount can be obtained from the Classroom Site Fund pursuant to Laws 2018, Chapter 74 to provide ongoing funding for the base-level increases as part of the 20% teacher pay package.

<b>Funding</b>	<b>FY 2020</b>
General Fund	64,100.0
<b>Issue Total</b>	<b>64,100.0</b>

### **Enrollment Growth**

The Executive Budget includes an increase in funding for anticipated enrollment growth.

The Executive Budget projects an overall increase of 0.8% in Average Daily Membership (ADM) in FY 2020, comprised of increases of 0.07% for district schools and 4.18% for charter schools. The cost for enrollment growth is based on the average cost per pupil in FY 2019 for both districts and charters, adjusted for inflation.

<b>Funding</b>	<b>FY 2020</b>
General Fund	59,626.2
<b>Issue Total</b>	<b>59,626.2</b>

### **Fund Shift**

The Executive Budget shifts funding from the Special Education Fund (SEF) to the General Fund.

The FY 2019 budget included a one-time shift in funding from the General Fund to the SEF to spend down a carry-forward balance in the SEF. The Executive Budget shifts this funding back to the General Fund in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
General Fund	8,000.0
<b>Issue Total</b>	<b>8,000.0</b>

## Higher Cost Per Pupil

The Executive Budget includes an increase in funding for anticipated growth in certain segments of the student population that generate additional State Aid funding through Group B weights, due to specific disabilities or other factors.

This subset of students is growing faster than the overall student population. Under the projected 0.8% student enrollment growth, Group B weights would increase by 1,235 ADM. However, enrollment growth for students that generate Group B weights is projected to increase by 1.3%, or 1,998 students. The Executive Budget includes additional funding for this growth.

<b>Funding</b>	<b>FY 2020</b>
General Fund	2,924.6
<b>Issue Total</b>	<b>2,924.6</b>

## Civics Education

The Executive Budget includes an increase in one-time funding to develop an American Civics curriculum.

Laws 2018, Chapter 289 amends A.R.S. § 15-701.01 to require the State Board of Education to include American civics education in academic standards prescribed for social studies. Chapter 289 also appropriates a one-time increase of \$500,000 for this program in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
General Fund	500.0
<b>Issue Total</b>	<b>500.0</b>

## Increase Permanent Fund Projections

The Executive Budget includes a decrease from the General Fund and a commensurate increase from the Public Institution Permanent School Earnings Fund, which is expected to increase in distributions in FY 2020, offsetting General Fund requirements for Basic State Aid.

In May 2016, Arizona voters approved Proposition 123, which increased annual distributions from the Public Institution Permanent School Earnings Fund from 2.5% to 6.9% of the five-year average of the Fund's monthly market values. The additional 4.4% increment that was authorized by Proposition 123 offsets General Fund requirements for Basic State Aid.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(14,261.2)
Public Institution Permanent School Earnings Fund	14,261.2
<b>Issue Total</b>	<b>0.0</b>

## Property Taxes from New Construction

The Executive Budget includes a decrease in funding to reflect increases in property taxes from new construction.

The Executive Budget projects a 2.2% increase in Net Assessed Value (NAV) due to new construction, which will generate additional local property taxes that offset General Fund requirements for Basic State Aid.

For FY 2020, the Executive Budget forecasts a 4.36% increase in Primary NAV: 2.16% growth in existing property values and 2.2% growth from new construction. The NAV increase for existing property does not affect the General Fund share of formula funding, as Truth in Taxation requires the qualifying tax rate (QTR) to be adjusted each year to offset changes in existing property values. The increase in new construction is projected to decrease the General Fund obligation by (\$59.4 million). Part of that reduction will be offset by an expected \$12.2 million increase from the General Fund to cover the State cost of the Homeowner's Rebate for new construction.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(47,196.6)
<b>Issue Total</b>	<b>(47,196.6)</b>

## Remove One-Time FY 2019 Appropriations

The Executive Budget includes a decrease in funding for the Prop. 301 Bridge, Code Writers, and Gifted Education.

The FY 2019 budget included one-time appropriations of \$64.1 million for the Prop. 301 Bridge, \$1 million for Gifted Education, and \$500,000 for the Code Writers Program. The Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(65,100.0)
State Web Portal Fund	(500.0)
<b>Issue Total</b>	<b>(65,600.0)</b>

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.

# Department of Emergency and Military Affairs

The Department of Emergency and Military Affairs (DEMA) is commanded by the Adjutant General of Arizona and consists of the Army National Guard, Air National Guard, Joint Task Force-AZ, Division of Emergency Management, and Division of Administrative Services. Collectively, these components provide military and emergency management capabilities and services to the citizens of Arizona at three distinct levels: community, state, and federal.

These components utilize State and federal resources to perform homeland defense and emergency management activities to protect the citizens of Arizona, provide trained military units in support of civil authorities for domestic emergencies, and support federal combatant commanders for national defense and homeland security missions.

Other Appropriated Funds	1,482.7	1,461.6	0.0	1,461.6
Non-Appropriated Funds	58,563.7	82,339.6	(17,641.1)	64,698.5
<b>Agency Total</b>	<b>70,886.8</b>	<b>94,899.4</b>	<b>(16,382.0)</b>	<b>78,517.4</b>

## Major Executive Budget Initiatives and Funding

### Integration of Incident Awareness Technology

The Executive Budget includes an increase in one-time funding to acquire equipment that will enable the Department of Emergency & Military Affairs to better utilize its air fleet.

MQ-9 drones and RC-26 reconnaissance aircraft are equipped with incident awareness and assessment (IAA) capabilities that include electro-optical, infra-red, and full-motion video technologies. These technologies can provide clear images through smoke and inclement weather conditions, allowing emergency commanders to receive live, full-situational awareness during emergency events. Using this technology, first responders will be better able to plan for and adapt to changing situations in real time.

While the aircraft are currently used for federal missions, the Arizona Air National Guard lacks the network equipment to employ IAA capabilities for state missions. This funding will enable the Arizona Air National Guard to better protect the public during state active duty missions.

<b>Funding</b>	<b>FY 2020</b>
General Fund	259.1
<b>Issue Total</b>	<b>259.1</b>

### National Guard Tuition Reimbursement

The Executive Budget includes an increase in funding for tuition benefits to help National Guard members attain a postsecondary certificate or degree.

Education benefits are a strong driver in the recruitment and re-enlistment of National Guard members. According to a U.S. Department of Defense study, 72% of new recruits cited funding for college education as "very" or "extremely" influential in their decision to enlist in the National Guard.

The State's tuition reimbursement program was eliminated in FY 2010 to help address the budget crisis. Arizona is now the only state in the country not to offer tuition assistance to its National Guard members. The Executive Budget will restart the program.

The program will function as a last-dollar award, closing the gap between actual costs and any other assistance received, such as scholarships or federal aid. The program will be open to any bona fide National Guard member in good standing. The competitive program will help hundreds of National Guard members pursue a postsecondary degree or diploma at a certified technical school or accredited public or private institution.

<b>Funding</b>	<b>FY 2020</b>
General Fund	1,000.0
<b>Issue Total</b>	<b>1,000.0</b>

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.

All dollar amounts are expressed in thousands.

## Agency Budget Summary

	<b>FY 2018 Actual</b>	<b>FY 2019 Exp. Plan</b>	<b>FY 2020 Net Change</b>	<b>FY 2020 Exec. Bud.</b>
General Fund	0.0	0.0	15,000.0	15,000.0
Other Appropriated Funds	67,366.2	82,063.5	(13,552.0)	68,511.5
Non-Appropriated Funds	56,004.8	82,393.6	(160.2)	82,233.4
<b>Agency Total</b>	<b>123,370.9</b>	<b>164,457.1</b>	<b>(13,712.2)</b>	<b>165,744.9</b>

## Major Executive Budget Initiatives and Funding

### WQARF Funding

The Executive Budget includes a one-time increase in funding to the Water Quality Assurance Revolving Fund (WQARF) from the Corporate Income Tax (CIT) for FY 2020, restoring program funding to the formula specified in A.R.S. § 49-282(B).

Statute specifies that the first \$15 million in CIT revenues be annually appropriated to WQARF before CIT funds flow into the General Fund. Therefore, the Executive Budget displays this one-time initiative as a General Fund appropriation. WQARF also receives revenues directly from the public water systems tax and direct fees. Statutorily, if total revenues to the fund have not reached \$18 million by the end of the fiscal year, the General Fund will be used to make up the difference. The Executive anticipates in FY 2020 that WQARF will earn enough in other revenues to reach \$18 million and will not need additional General Fund backfill beyond the initial \$15 million CIT diversion.

WQARF is Arizona's alternative to the U.S. Environmental Protection Agency's approach to remediation of contaminated hazardous waste sites. Through WQARF, the State maintains control over determining financial and other responsibility for site remediation. After completing remediation on six WQARF sites over the past five years, 36 sites remain on the WQARF program registry.

WQARF is the Department's only program that does not have a sustainable, non-General Fund funding source. The FY 2019 budget included \$15.8 million in funding for WQARF from fees, public water system tax revenue, and fund transfers. For FY 2020, the Executive returns program funding to the source and levels outlined in statute on a one-time basis.

<b>Funding</b>	<b>FY 2020</b>
General Fund	15,000.0
<b>Issue Total</b>	<b>15,000.0</b>

## Executive Budget Baseline Changes

### Remove One-Time Funding for WQARF

The Executive Budget includes a decrease in one-time funding as a baseline adjustment from the FY 2019 budget for the Water Quality Assurance Revolving Fund (WQARF) program. This funding was composed of transfers of \$5 million from the Air Quality Fund, \$6.5 million from the Emission Inspection Fund, and \$2.05 million from the Recycling Fund. FY 2020 funding for the WQARF program is outlined under Executive Initiatives.

<b>Funding</b>	<b>FY 2020</b>
DEQ Emissions Inspection Fund	(6,500.0)
Air Quality Fund	(5,000.0)
Recycling Fund	(2,052.0)
<b>Issue Total</b>	<b>(13,552.0)</b>

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.

# Office of Economic Opportunity

Laws 2016, Chapter 372 created three new governmental entities: The Office of Economic Opportunity (OEO), the Arizona Finance Authority (AFA), and the Arizona Industrial Development Authority (AZIDA). AFA is established in OEO and the AFA board serves as the board of AZIDA. The following agency budget includes all three entities' funding, though each is an operationally unique unit.

The Office of Economic Opportunity coordinates Arizona's workforce planning with economic development, supports the Workforce Arizona Council, and provides economic, demographic, regulatory, and tax research and analysis, at both the state and local level.

OEO's responsibilities will be to:

Pursue a strategy of engaging the business community to determine their immediate and future needs, and coordinate with the economic development community and workforce system to address gaps.

Systematically review and analyze the State's tax and regulatory provisions to ensure Arizona has the least burdensome government possible.

Produce the authoritative source of economic and demographic data in Arizona.

Apply data analytics to create new data products that inform outreach, education, and collaboration with our partners and stakeholders.

AFA is established in OEO and includes the Water Infrastructure Finance Authority (WIFA) and the Greater Arizona Development Authority (GADA), in addition to being the State recipient of private activity bonding authority. AFA oversees the Arizona Industrial Development Authority which is the State issuer of private activity bonds. AFA also offers homebuyer assistance programs to help first-time homebuyers.

WIFA finances the acquisition, construction, rehabilitation, and improvement of drinking water, wastewater, wastewater reclamation, and other water projects.

GADA helps lower the costs of financing for local governments and tribal entities on debt incurred for infrastructure development and construction.

AZIDA is a non-profit corporation designated as a political subdivision of the State that issues both taxable and tax-exempt bonds for commercial activities.

## Board of Equalization

The State Board of Equalization is comprised of 41 members: 21 (including the chairman) appointed by the Governor and 10 each from Maricopa and Pima counties (appointed by the boards of supervisors of those counties). The Board of Equalization's jurisdiction is primarily over locally assessed real and personal property in Maricopa and Pima counties. Under A.R.S. § 42-14001 et al., the Board's authority extends to centrally assessed property statewide. By statute, the Board also can provide hearing officer services for outlying counties; currently, the Board provides services to Mohave, Pinal, Santa Cruz, and Yavapai counties. The Board, formerly Division I of the State Board of Tax Appeals, was created on August 1, 1995, through a consolidation of the property valuation and classification appeals process.

## Board of Executive Clemency

The Board of Executive Clemency is a five-member board appointed by the Governor and is statutorily empowered to make decisions regarding:

- (a) discretionary release of those inmates who are eligible for parole and/or home arrest (inmates whose crimes were committed on or before December 31, 1993);
- (b) revocation of parole (or community supervision for crimes committed on or after January 1, 1994) for offenders found to be in violation of the terms and conditions of their release;
- (c) absolute discharge from parole; and
- (d) modification of release conditions and release rescissions.

The Board also makes clemency recommendations to the Governor on requests for commutation of sentence, including death penalty sentences; reprieves in matters related to death penalty cases; and pardons.

## Exposition & State Fair

The Arizona Exposition and State Fair (AESF) is a 96-acre entertainment facility that showcases a variety of events, including one of the preeminent state fairs in the country. The AESF, which owns the property and buildings it occupies, rents its facilities to a variety of tenants and promoters, such as the Arizona National Livestock Show and the Maricopa County Fair. The AESF provides a location to showcase industry, agriculture, education, and entertainment for the enjoyment of Arizona citizens.

All dollar amounts are expressed in thousands.

### Agency Budget Summary

	<b>FY 2018 Actual</b>	<b>FY 2019 Exp. Plan</b>	<b>FY 2020 Net Change</b>	<b>FY 2020 Exec. Bud.</b>
Other Appropriated Funds	12,018.9	12,549.3	655.6	13,204.9
<b>Agency Total</b>	<b>12,018.9</b>	<b>12,549.3</b>	<b>655.6</b>	<b>13,204.9</b>

### Major Executive Budget Initiatives and Funding

#### Prop. 206 Minimum Wage Increase

The Executive Budget includes an increase in funding for AESF to pay temporary staff at the higher minimum wage level pursuant to Proposition 206.

In November 2016, Arizona voters passed Proposition 206, which increases the State's minimum wage from \$8.05 per hour to \$12 over four years. On January 1, 2019, the minimum wage increased to \$11 per hour. The minimum wage will increase again on January 1, 2020, to \$12.

Temporary staff for Exposition and State Fair are impacted by Proposition 206, as many of the staff earn less than the State's minimum wage. Although those state employees are legally exempt from the minimum wage increase, this funding issue will allow AESF to compete with private employers in attracting and retaining quality employees.

<b>Funding</b>	<b>FY 2020</b>
Arizona Exposition and State Fair Fund	90.6
<b>Issue Total</b>	<b>90.6</b>

#### Security

The Executive Budget includes an increase in funding for improved security measures at the Arizona State Fair.

The State Fair is one of the largest public events held annually in Arizona. The fair, which is located in central Phoenix, runs for 18 days in October and usually attracts over a million visitors. This initiative will allow AESF to renew its security contract with off-duty law enforcement and add supplementary security measures such as metal detectors, security cameras, and increased concert security.

<b>Funding</b>	<b>FY 2020</b>
Arizona Exposition and State Fair Fund	565.0
<b>Issue Total</b>	<b>565.0</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

# Department of Financial Institutions

The Department of Financial Institutions (DFI) licenses, supervises, and regulates State-chartered financial institutions and enterprises to ensure the safety and soundness of these financial entities, and verifies compliance with State and federal laws. DFI also serves Arizona citizens by investigating complaints that are filed by consumers against licensed individuals and entities and applies appropriate remedial action when the violations are substantiated.

## Major Executive Budget Initiatives and Funding

### Public Safety Compensation Strategy

The Executive Budget includes an increase in funding of \$609,500 to provide salary increases to key agency positions, primarily with a focus on public safety, that are currently experiencing difficulty in recruiting and retaining highly qualified staff. This initiative is projected to result in increases for 14,485 State employees.

Funding for this initiative appears in the Statewide Adjustments section.

<b>Funding</b>	<b>FY 2020</b>
Game and Fish Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

<b>FTE Series Title</b>	<b>PS + ERE Increase</b>	<b>Avg. % Salary Increase for Series</b>	<b>Previous Weighted- Average Salary</b>	<b>New Weighted- Average Salary</b>
Wildlife Law Enforcement	\$176,900	5.00%	\$55,892	\$58,620
Wildlife Managers	\$432,600	5.00%	\$53,526	\$56,202
<b>Total</b>	<b>\$609,500</b>			

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

# Department of Gaming

The Legislature, pursuant to A.R.S. § 5-604, established the Department of Gaming in 1995. The Department of Gaming is charged with the regulation of tribal gaming, pari-mutuel racing and wagering, and boxing and mixed martial arts. The Department also runs the Division of Problem Gambling, which provides and supports problem gambling prevention, treatment, and education programs. Tribal gaming in Arizona is governed by the tribal-state gaming compacts.

<b>Agency Total</b>	<b>16,140.8</b>	<b>19,076.9</b>	<b>113.7</b>	<b>19,190.6</b>

## Major Executive Budget Initiatives and Funding

### Racing Regulation Fund Appropriation Increase

The Executive Budget includes an increase in funding for the staffing needs at a racetrack that is expected to open in May 2019.

The Arizona Racing Commission approved a three-year (2019-2021) temporary racing permit for a new racetrack in Yavapai County. The Commission awarded 35 live racing days between May 24, 2019, and September 2, 2019.

A.R.S. § 5-106 requires a minimum of five officials to run a live sanctioned race. The Commission typically includes a sixth official at the track to license late entries and recommends additional security officers.

<b>Funding</b>	<b>FY 2020</b>
Racing Regulation Fund	252.0
<b>Issue Total</b>	<b>252.0</b>

## Executive Budget Baseline Changes

### Racing Regulation Fund Appropriation Increase

The Executive Budget includes an increase in funding to account for the creation of the Unarmed Combat Subaccount per Laws 2018, Chapter 283.

Chapter 283 created the Unarmed Combat Subaccount as part of the Racing Regulation Fund. The law stipulates that all non-license revenues related to boxing and mixed martial arts (MMA), including the levy of the tax on gross receipts imposed on boxing and MMA events, shall be deposited into the Unarmed Combat Subaccount within the Racing Regulation Fund. Laws 2018, Chapter 318 directed the licensing fees into the Racing Regulation Fund.

The increased appropriation is necessary to fund the Department's boxing and MMA expenditures.

<b>Funding</b>	<b>FY 2020</b>
Racing Regulation Fund	100.0
<b>Issue Total</b>	<b>100.0</b>

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.

# Office of the Governor

The Governor serves as the Chief Executive Office of the Arizona state government. The Constitution provides that the Governor shall be the Commander-in-Chief of Arizona's military forces and authorizes the Governor to grant reprieves, commutations, and pardons, pursuant to law. The Governor is also responsible for making appointments to positions in state government pursuant to law, representing Arizona in official dealings with other governmental entities, taking action on bills approved by the Legislature, and informing the public on issues affecting the state.

## Major Executive Budget Initiatives and Funding

### Foster Youth Education Success

The Executive Budget continues funding through the Governor's Office of Education for the Foster Youth Education Success Program.

In FY 2019, the Governor's Office was appropriated \$1 million to improve the educational outcomes of children in Arizona's foster care system. An additional \$500,000 was appropriated contingent upon the Governor's Office obtaining matching donations of up to the same \$500,000. The Executive Budget continues this as an ongoing appropriation.

<b>Funding</b>	<b>FY 2020</b>

# Governor's Office of Strategic Planning and Budgeting

This office provides a central Executive branch resource for the compilation, analysis, and investigation of state fiscal matters. It advises the Governor in preparation of the Executive budget and advocates for that budget through the legislative process. The office assists and advises all entities of state government in budget development and execution. It also coordinates the process of defining state government programs, developing strategic plans, and measuring program performance to achieve desired results.

## Agency Budget Summary

	<b>FY 2018 Actual</b>	<b>FY 2019 Exp. Plan</b>	<b>FY 2020 Net Change</b>	<b>FY 2020 Exec. Bud.</b>
General Fund	84,930.0	89,931.2	2,416.6	92,347.8
Other Appropriated Funds	46,092.2	51,203.7	3,546.5	54,750.2
Non-Appropriated Funds	329,472.6	333,907.1	0.0	333,907.1
<b>Agency Total</b>	<b>460,494.9</b>	<b>475,042.0</b>	<b>5,963.1</b>	<b>481,005.1</b>

## Major Executive Budget Initiatives and Funding

### Alzheimer's Research Funding

The Executive Budget includes an increase in one-time funding for Alzheimer's research.

The FY 2019 budget included \$2 million in one-time funding from the Health Research Fund for Alzheimer's research. The Executive Budget continues this funding on a one-time basis for FY 2020, consisting of \$1 million from the General Fund and \$1 million from the Health Research Fund.

This funding will be distributed to the Arizona Alzheimer's Consortium (AAC), which provides dollar-for-dollar grants to universities, research centers, and hospitals for Alzheimer's research.

<b>Funding</b>	<b>FY 2020</b>
General Fund	1,000.0
Health Research Fund	1,000.0
<b>Issue Total</b>	<b>2,000.0</b>

### Improving Health Outcomes for Expectant Mothers

The Executive Budget includes a one-time increase in funding for telemedicine and sonogram equipment, to help rural hospitals that lack adequate access to prenatal providers to provide care to expectant mothers.

Several Arizona counties do not have adequate access to care for expectant mothers, which increases the potential for complications during pregnancy, maternal morbidity, and even maternal mortality. This initiative will allow rural hospitals to buy telemedicine and sonogram equipment and enhance their ability to reach out to urban partners for assistance when providing prenatal care to expectant mothers, reducing the need to travel.

The Executive Budget contemplates one-time funding of \$500,000 for this initiative in FY 2021 and FY 2022 to provide student loan repayment options for health care professionals who provide prenatal care in one of the designated rural areas.

<b>Funding</b>	<b>FY 2020</b>
General Fund	1,000.0
<b>Issue Total</b>	<b>1,000.0</b>

### Lab Utilities Fund Source Shift

The Executive Budget includes a shift in the funding source for utility expenses at the DHS State Laboratory.

In prior budgets, the Department received an appropriation from the Capital Outlay Stabilization Fund (COSF) for utility expenses at 150 N. 18th Ave. in Phoenix. The Executive Budget decreases this funding and shifts the expenses to the DHS Indirect Cost Fund.

Due to the structural deficit of the DHS Indirect Cost Fund, implementation of this cost shift is contingent on the enactment of the DHS Licensing Division Spending Authority Increase in the FY 2020 budget.

<b>Funding</b>	<b>FY 2020</b>
Capital Outlay Stabilization Fund	(230.1)
DHS - Indirect Cost Fund	230.1
<b>Issue Total</b>	<b>0.0</b>

### Licensing Division Spending Authority Increase

The Executive Budget includes an increase in funding and 25.0 FTE positions to reflect the increased responsibilities of the Licensing Division.

The Executive Budget includes an increase from the Health Services Licensing Fund to account for growth throughout the Division. From FY 2014 to FY 2018, the Division experienced 25.36% growth in active licenses (13,357 to 16,745), yet its appropriation has not changed to keep up with the growth.

Also, the Executive Budget includes an increase from the Health Services Licensing Fund to meet new licensing requirements. Laws 2018, 1st Special Session, Chapter 1 require DHS to regulate community health workers, pain management clinics, and sober living homes. To do so, the Division must hire an additional 25.0 FTE positions at \$2,686,500.

Finally, the Executive Budget includes a \$660,000 increase from the Health Services Licensing Fund for the Radiation Regulatory Special Line Item. After the consolidation of the Radiation Regulatory Agency into the DHS Licensing Division, DHS increased the salaries of radiation regulatory staff to match the salaries of DHS equivalent positions to ensure parity throughout the Division. In addition, the increase allows the Division to account for employee-related expenses, rule writer allocations, nuclear waste disposal, and indirect costs.

<b>Funding</b>	<b>FY 2020</b>
Health Services Licenses Fund	4,546.5
<b>Issue Total</b>	<b>4,546.5</b>

### Public Health Emergency Funding

The Executive Budget includes an increase in one-time funding for the Public Health Emergency Fund.

In FY 2018, DHS spent \$106,600 from the Public Health Emergency Fund in response to the opioid epidemic. Since the fund does not have a designated revenue source, the Executive Budget appropriates \$106,600 from the General Fund increase the funding level to \$500,000.

The Public Health Emergency Fund is used only in the event of a public health emergency declaration by the Governor. Maintaining \$500,000 as the fund balance ensures the immediate availability of resources in the event of such an emergency.

<b>Funding</b>	<b>FY 2020</b>
General Fund	106.6
<b>Issue Total</b>	<b>106.6</b>

### Public Safety Compensation Strategy

The Executive Budget includes an increase in funding of \$3.5 million to provide salary increases to key agency positions, primarily with a focus on public safety, that are currently experiencing difficulty in recruiting and retaining highly qualified staff. This initiative is projected to result in increases for 14,485 State employees.

Funding for this initiative appears in the Statewide Adjustments section.

<b>Funding</b>	<b>FY 2020</b>
General Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

<b>FTE Series Title</b>	<b>PS + ERE Increase</b>	<b>Avg. % Salary Increase for Series</b>	<b>Previous Weighted-Average Salary</b>	<b>New Weighted-Average Salary</b>
Behavioral Health Technicians	\$1,808,700	15.00%	\$32,890	\$37,823
Nurses	\$985,800	8.50%	\$67,360	\$73,086
Security	\$686,900	24.00%	\$29,252	\$36,272
<b>Total</b>	<b>\$3,481,400</b>			

## Executive Budget Baseline Changes

### ASH Temporary Staffing Contract Increase

The Executive Budget includes an increase in funding for the Arizona State Hospital (ASH) temporary staffing contract.

As of January 1, 2019, the State will centralize all temporary staffing contracts through the Department of Administration's contract with Knowledge Services. That company sets the rate at which temporary staff is paid.

Due to this change, ASH has to pay a higher rate for its temporary staff, which primarily consists of behavioral health technicians and nurses. The increase in funding will allow ASH to continue utilizing temporary staffing to meet both State and federal staffing requirements.

<b>Funding</b>	<b>FY 2020</b>
General Fund	310.0
<b>Issue Total</b>	<b>310.0</b>

### Remove One-Time FY 2019 Appropriation

The Executive Budget includes a decrease in funding for Alzheimer's research.

The FY 2019 budget included a \$2 million one-time appropriation for Alzheimer's research. The Executive Budget backs out this funding in FY 2020.

However, because the Executive Budget also includes \$2 million in new funding for Alzheimer's research in FY 2020, the net impact on this program is \$0. (See the Alzheimer's Research Funding narrative for more details).

<b>Funding</b>	<b>FY 2020</b>
Health Research Fund	(2,000.0)
<b>Issue Total</b>	<b>(2,000.0)</b>

## Executive Budget Supplemental Changes

### Additional Licensing Staff

The Executive Budget includes an increase in funding and 25.0 FTE positions for DHS to meet new statutory requirements.

Laws 2018, 1st Special Session, Chapter 1 requires DHS to begin the regulation of pain management clinics, community health workers, and sober living homes on or before January 1, 2019. DHS did not receive additional funding in FY 2019 to meet these requirements.

Without the supplemental initiative, DHS will not be able to meet the new statutory requirements to inspect and license per Chapter 1.

<b>Funding</b>	<b>FY 2019</b>
Health Services Licenses Fund	718.5
<b>Issue Total</b>	<b>718.5</b>

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.

*The Executive Budget provides a modified lump-sum appropriation by program with special lines.*

# Governor's Office of Highway Safety

The Governor's Office of Highway Safety develops the Arizona Highway Safety Plan through annual problem identification and analysis of traffic records, citations, judicial outcomes, incarcerations, assessments, screening, treatment, prevention, and surveys. The Office seeks to reduce traffic crashes and resulting deaths, injuries, and property damage by developing, promoting, and implementing effective education and enforcement programs geared toward ending preventable crashes and reducing economic costs associated with vehicle use and highway travel.

# Arizona Historical Society

The Arizona Historical Society is a member- and government-supported nonprofit State agency. It is governed by a Governor-appointed board consisting of one representative of each county, one representative of each of five historical organizations, and five appointees at large.

Museums and historic properties are located in Flagstaff, Tempe, Tucson, Yuma, Douglas, and Pine-Strawberry. The Society maintains an extensive library and archival collections used by a diverse audience, and it produces the Journal of Arizona History and various historical books. The Society certifies and supports 73 local historical societies in preserving and disseminating Arizona history. The Society also supports other board-approved community activities.

# Prescott Historical Society of Arizona

The Prescott Historical Society operates the Sharlot Hall Museum, which was founded in 1928 and is located on the grounds of the first territorial governor's residence and offices. The nearly four-acre landscaped campus features 11 exhibit buildings, including four restored historic structures: the territorial Governor's Mansion (1864), Fort Misery (1864), the Fremont House (1875), and the Victorian-era Bashford House (1877). The Lawler Exhibit Center (1977) hosts both permanent and changing exhibits, an historic theater, and storage of extensive historic and prehistoric objects. A large Archive Library (1993) houses several hundred thousand images and documents.

In March 2013, a new facility constructed with non-State funds was completed. In April 2014, a new admissions building, also privately financed, was added. The Bob Stump VA Medical Center hosts a branch museum that interprets the history of Fort Whipple. Public programs include the annual Folk Arts Fair, Prescott Indian Art Market, Folk Music Festival, Frontier Christmas, Western History Symposium, musical and theatrical historical productions, living history interpretations in both indoor and outdoor settings, heritage gardens, lecture series, education tours, and outreach opportunities for children and adults.

## Number of Grant Projects

# Board of Homeopathic Medical Examiners

The Board of Homeopathic and Integrated Medicine Examiners regulates the practice of homeopathic medicine in Arizona. The Board reviews and examines the education, experience, and background of applicants to determine whether they possess the qualifications required by law to practice homeopathic medicine and any of the subspecialties within the scope of practice. The Board conducts investigations into complaints against physicians and holds hearings, taking disciplinary action as necessary to protect the public safety. The Board also registers homeopathic medical assistants that work under the direct supervision of licensed homeopathic physicians.

## Major Executive Budget Initiatives and Funding

### Administrative Staff Consolidation

The Executive Budget includes a decrease in the operating budget of the Board of Homeopathic and Integrated Medicine Examiners.

The Board has agreed to enter into an interagency service agreement (ISA) with the Acupuncture Board of Examiners to consolidate staff. Although the boards will share staff, they will remain separate and independent. This will result in overall efficiency savings.

# Department of Housing

The Department of Housing is a cabinet-level agency, created in 2002 by the Legislature to serve as the State's primary agency to address housing issues. Primarily funded through federal resources and fees, the Department administers housing and community development resources, serves as the State's public housing authority, and regulates Arizona's manufactured housing industry.

## Independent Redistricting Commission

The Independent Redistricting Commission was established with the approval of Proposition 106 by voters in November 2000. The Commission has five members, four of whom are selected by the House and Senate majority and minority leadership. The final member is selected by the other four members and cannot be registered with a political party already represented on the Commission. The five-member Commission is responsible for redrawing Arizona's congressional and legislative district boundaries based on the decennial census.

*Most redistricting expenditures occur immediately following the release of the decennial census.*

*The Executive Budget provides a lump-sum appropriation to the agency.*

# Industrial Commission of Arizona

The Industrial Commission of Arizona (ICA) was established to oversee laws protecting the life, health, safety, and welfare of Arizona workers. The ICA administers the State's workers' compensation provisions and other employee protections, such as laws related to occupational safety and health, minimum wage, unpaid wage claims, and youth employment. The ICA also provides workers' compensation benefits to claimants of uninsured and bankrupt self-insured employers.

## Major Executive Budget Initiatives and Funding

### Public Safety Compensation Strategy

The Executive Budget includes an increase in funding of \$33,100 to provide salary increases to key agency positions, primarily with a focus on public safety, that are currently experiencing difficulty in recruiting and retaining highly qualified staff. This initiative is projected to result in increases for 14,485 State employees.

Funding for this initiative appears in the Statewide Adjustments section.

<b>Funding</b>	<b>FY 2020</b>
General Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

<b>FTE Series Title</b>	<b>PS + ERE Increase</b>	<b>Avg. % Salary Increase for Series</b>	<b>Previous Weighted- Average Salary</b>	<b>New Weighted- Average Salary</b>
Insurance Fraud Investigators	\$33,100	5.00%	\$54,286	\$57,000
<b>Total</b>	<b>\$33,100</b>			

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.

*The Executive Budget provides a lump-sum appropriation to the agency.*

# Court of Appeals

The Court of Appeals has jurisdiction in all proceedings appealable from the Superior Court, except for criminal death penalty cases, which are automatically appealed to the Supreme Court. Division I also has statewide responsibility for reviewing appeals from the Arizona Corporation Commission, Industrial Commission, Department of Economic Security unemployment compensation rulings, and Arizona Tax Court. Division I convenes in Phoenix and encompasses the counties of Apache, Coconino, La Paz, Maricopa, Mohave, Navajo, Yavapai, and Yuma. Division II convenes in Tucson and encompasses the counties of Cochise, Gila, Graham, Greenlee, Pima, Pinal, and Santa Cruz.

## Agency Budget Summary

	<b>FY 2018 Actual</b>	<b>FY 2019 Exp. Plan</b>	<b>FY 2020 Net Change</b>	<b>FY 2020 Exec. Bud.</b>
General Fund	14,645.9	15,992.4	103.7	16,096.1
<b>Agency Total</b>	<b>14,645.9</b>	<b>15,992.4</b>	<b>103.7</b>	<b>16,096.1</b>

## Major Executive Budget Initiatives and Funding

### Risk Management Adjustment

The Executive Budget includes an increase in funding to correct a prior year risk management appropriation.

The FY 2019 budget appropriated the Supreme Court \$137,000 for the entire Judiciary's risk management costs. The Executive Budget reduces the Supreme Court's risk management appropriation by \$(42,700) and shifts \$27,600 to the Court of Appeals - \$19,800 in Division I and \$7,800 in Division II - and \$15,100 to the Superior Court. This would accurately represent how the risk management costs are allocated across the Judiciary. Corresponding adjustments are found in the aforementioned narratives.

<b>Funding</b>	<b>FY 2020</b>
General Fund	27.6
<b>Issue Total</b>	<b>27.6</b>

## Executive Budget Baseline Changes

### Deputy Clerk/Staff Attorney Funding

The Executive Budget includes an increase in funding for annualizing the costs of one Deputy Clerk and one Staff Attorney.

In the 2013 Legislative Session, those two new positions were appropriated to the Court of Appeals Division II. The \$50,000 appropriation increase was enough to cover only half of the fiscal year, with no benefits. The Court Of Appeals requested the annualization plus benefits in FY 2015 and FY 2016, and both times the requests were denied.

The Court of Appeals' request is meant to fully fund those positions annually with benefits. The positions were appropriated in order to address the backlog of both criminal and juvenile appellate cases and to reduce the time required for case processing. Those cases are statutorily mandated to take priority for disposition over other appellate cases.

<b>Funding</b>	<b>FY 2020</b>
General Fund	76.1
<b>Issue Total</b>	<b>76.1</b>

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.

The Executive Budget provides a lump-sum appropriation to the agency.

# Superior Court

The Superior Court, which has a division in every county, is the State's only general jurisdiction court. Superior Court judges hear all types of cases except small claims, minor offenses, or violations of city codes and ordinances. In addition, the responsibility for supervising adults and juveniles who have been placed on probation resides in the Superior Court.

## Major Executive Budget Initiatives and Funding

### Probation Officer Salary/Employee Related Expenses (ERE) Deficits

The Executive Budget includes an increase in funding for adult and juvenile probation officer salaries and ERE.

Per A.R.S. § 12-252, counties have the authority to set the salary of probation officers. During FY 2018 and FY 2019, nine counties approved salary increases to stay competitive in staff recruitment and retention. Because the State funds a portion of the salaries and ERE for adult probation and juvenile probation officers, the Executive Budget increases appropriations for the following special line items (SLIs) to meet the new county salary levels.

Broken out by SLI, the Executive Budget provides the following increases:

Adult Standard Probation \$383,400  
Adult Intensive Probation: \$134,100  
Adult Interstate Compact: \$7,300  
Adult Drug Court: \$8,900  
Juvenile Standard: \$88,300  
Juvenile Intensive Probation \$123,000  
Juvenile Drug Court: \$2,800  
Juvenile Diversion: \$178,300  
Juvenile Treatment Services: \$112,200

<b>Funding</b>	<b>FY 2020</b>
General Fund	1,038.3
<b>Issue Total</b>	<b>1,038.3</b>

### Risk Management Adjustment

The Executive Budget includes an increase in funding to correct a prior year risk management appropriation.

The FY 2019 budget appropriated the Supreme Court \$137,000 for the entire Judiciary's risk management costs. The Executive Budget reduces the Supreme Court's risk management appropriation by \$(42,700) and shifts \$27,600 to the Court of Appeals - \$19,800 in Division I and \$7,800 in Division II - and \$15,100 to the Superior Court. This would accurately represent how the risk management costs are allocated across the Judiciary. Corresponding adjustments are found in the aforementioned narratives.

<b>Funding</b>	<b>FY 2020</b>
General Fund	15.1
<b>Issue Total</b>	<b>15.1</b>

## Executive Budget Baseline Changes

### Adult Standard Probation Officers Annualization

The Executive Budget includes an increase in funding for the annualization of 10 case-carrying adult probation officers.

The FY 2019 budget included \$413,000 for 10 additional case-carrying officers. That amount covered costs for only nine months of funding. In order to annualize these positions, the Superior Court requires an additional \$137,500.

<b>Funding</b>	<b>FY 2020</b>
General Fund	137.5
<b>Issue Total</b>	<b>137.5</b>

### Corrections Officer Retirement Plan Increase

The Executive Budget includes an increase in funding for employer retirement contribution increases associated with probation and surveillance officers.

Probation and surveillance officers are members of the Corrections Officer Retirement Plan (CORP). In FY 2019, the employer contribution rate for CORP increased by 9.64%, yet the officers were not included in the adjustment. This issue resolves that oversight in FY 2020. The Executive Budget also includes an FY 2019 supplemental funding for the increase.

<b>Funding</b>	<b>FY 2020</b>
General Fund	2,354.0
<b>Issue Total</b>	<b>2,354.0</b>

### State Funding for Maricopa County Superior Court Judges

The Executive Budget includes an increase for Maricopa County Superior Court judges' salaries.

The FY 2019 budget requires the State to fund 50% of Maricopa County Superior Court judges' salaries by FY 2021. Beginning in FY 2020, the State will pay 25%, increasing to 50% in FY 2021. The total salary cost for the judges is \$14,639,500, with the State's share totaling \$3,659,900. The total employee related expense (ERE) rate is 64.47%, which adds \$2,359,600 to the overall State cost.

The State also covers 100% of the employer health and dental benefit costs of a judge who elects State benefits. (If county benefits are selected, the county covers the entirety of the employer cost.) Sixty-five Maricopa County judges are on State health benefits, and 48 judges are on State dental benefits. Based on the judges' current health and dental elections, the total cost of the State health and dental benefit is \$952,600.

The FY 2021 baseline estimates the State cost will be \$12,991,400.

<b>Funding</b>	<b>FY 2020</b>
General Fund	6,972.0
<b>Issue Total</b>	<b>6,972.0</b>

### Superior Court Judges Health and Dental Cost Deficit

The Executive Budget includes an increase in funding to address a funding deficit in the Judges Compensation special line item due to health and dental elections.

Superior Court judges may elect either State or county health and dental benefits. The State and counties cover 100% of the employer costs associated with their own plans. The health and dental adjustments for the Superior Court in the FY 2019 budget do not cover the full cost of judges' health and dental elections, as more judges elected State benefits than anticipated. This issue resolves that shortfall.

<b>Funding</b>	<b>FY 2020</b>
General Fund	54.1
<b>Issue Total</b>	<b>54.1</b>

## Executive Budget Supplemental Changes

### Corrections Officer Retirement Plan Increase

The Executive Budget includes supplemental funding for employer contribution increases associated with probation and surveillance officers.

Probation and surveillance officers are members of the Corrections Officer Retirement Plan (CORP). In FY 2019, the employer contribution rate for CORP increased by 9.64%, yet the officers were not included in the corresponding statewide adjustments. This issue resolves that oversight.

<b>Funding</b>	<b>FY 2019</b>
General Fund	2,354.0
<b>Issue Total</b>	<b>2,354.0</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

# Department of Juvenile Corrections

The Department of Juvenile Corrections (DJC) is responsible for youth adjudicated as delinquent and committed to its jurisdiction by county juvenile courts. DJC is accountable to the citizens of Arizona for the promotion of public safety through the management of the State's secure juvenile correctional facility and a continuum of services for youth as they transition from the facility back to their communities. This mission is accomplished by providing supervision, rehabilitation, treatment, and education to the youth committed to its care.

## Major Executive Budget Initiatives and Funding

### Permanently Eliminate Juvenile Corrections County Cost Sharing

The Executive Budget includes an increase in funding to offset county costs associated with the Department of Juvenile Corrections (DJC).

A.R.S. § 41-2832 requires DJC to assess a cost-sharing fee annually to each county. As of FY 2019, the assessment charged to all counties totaled \$11.2 million. The Executive Budget permanently repeals A.R.S. §§ 41-2832 and -2833, ending the youth-confinement cost-sharing fee, annually saving counties \$11.2 million in an ongoing manner.

<b>Funding</b>	<b>FY 2020</b>
General Fund	11,260.0
Local Cost Sharing Fund	(11,260.0)
<b>Issue Total</b>	<b>0.0</b>

### Public Safety Compensation Strategy

The Executive Budget includes an increase in funding of \$3.2 million to provide salary increases to key agency positions, primarily with a focus on public safety, that are currently experiencing difficulty in recruiting and retaining highly qualified staff. This initiative is projected to result in increases for 14,485 State employees.

Funding for this initiative appears in the Statewide Adjustments section.

<b>Funding</b>	<b>FY 2020</b>
General Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

FTE Series Title	PS + ERE Increase	Avg. % Salary Increase for Series	Previous Weighted-Average Salary	New Weighted-Average Salary
Security	\$3,050,500	14.90%	\$37,793	\$44,410
Education	\$190,800	8.45%	\$60,762	\$66,367
<b>Total</b>	<b>\$3,241,300</b>			

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, ~~charges for~~ services at 1740 West Adams, and pay increases.

# Land Department

The State Land Department manages more than nine million acres of State Trust land and resources on behalf of 13 beneficiaries. As a fiduciary, the Department generates revenue for the beneficiaries through the selling and leasing of State Trust land. It also exercises sound stewardship principles to ensure that the Trust is a viable and productive asset for beneficiaries today and for generations to come.

## Executive Budget Baseline Changes

### CAP Water Rights Fees

The Executive Budget includes an increase in funding for projected Central Arizona Project (CAP) fees.

ASLD holds rights to an allotment of 32,076 acre-feet of CAP water that benefits State Trust lands. The Department is required to pay for capital charges on those rights annually. If a parcel of land that contains water rights is sold, all previously paid water-right fees, plus interest and administrative fees, are reimbursed to the General Fund. Failure to pay the annual fees would result in the Department forfeiting all or part of its CAP allocation and all capital fees paid thus far, which totals approximately \$23 million.

Historically, CAP releases a provisional rate for the upcoming year by the preceding June but does not set the firm rate until early June of the year in question. The provisional rate has often been lower than the firm rate, and the Department has regularly needed to seek a supplemental appropriation, which results in a late payment to CAP. While other customers are subject to late fees, CAP has not yet penalized the State.

The firm rate for FY 2019 was actually lower than the provisional rate, and therefore the Department will not need a supplemental for FY 2019. However, the provisional rate for FY 2020 set by CAP in June 2018 is 66% higher than the FY 2019 firm rate. Even if the firm rate for FY 2020 is lower than the provisional rate, the projected increase is so significant that the firm rate will likely be higher than the current appropriation.

The Executive Budget includes additional funding to meet the higher provisional rate. Due to the unpredictable nature of CAP fees, the Executive Budget also delays the lapsing date of this appropriation until June 30, 2021, with the intent that a two-year lapsing period be the normal practice in the future. Doing so would allow the Department to use any remaining amount on CAP fees in FY 2021, thereby potentially reducing the out-year budgetary impact of increased CAP fees.

<b>Funding</b>	<b>FY 2020</b>
General Fund	737.7
<b>Issue Total</b>	<b>737.7</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

## Auditor General

The Auditor General is appointed by the Joint Legislative Audit Committee and approved by a concurrent resolution of the Legislature. By law, the Auditor General is required to express an opinion on the financial statements of audited entities, determine compliance with applicable federal and Arizona laws, and conduct comprehensive performance audits (or reviews) of State agencies and the programs they administer. In addition, the Auditor General is required to conduct performance audits of school districts and monitor the percentage of dollars spent in the classroom.

### Executive Budget Baseline Changes

#### Conducting More Frequent Sunset Reviews

The Executive Budget includes an increase in funding for the Auditor General to conduct more frequent sunset reviews.

The FY 2019 budget (Laws 2018, Chapter 276) provided funding to increase the frequency of Auditor General sunset reviews, aligning with the Legislative policy to sunset agencies after eight years rather than ten.

Chapter 276 included an increase of \$585,500 in FY 2019 and an additional \$497,500 in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
General Fund	497.5
<b>Issue Total</b>	<b>497.5</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

### Performance Measures

	<b>FY 2017 Actual</b>	<b>FY 2018 Actual</b>	<b>FY 2019 Expected</b>	<b>FY 2020 Expected</b>
Percentage of administrative recommendations implemented or adopted within two years for performance audits	95	90	90	90
Percentage of single audit recommendations implemented or adopted within one year for financial audits	79	75	75	75
Percentage of legislative recommendations implemented or adopted within two years	100	83	60	60

# House of Representatives

The House of Representatives consists of 60 members elected by the public. Two members are elected from each of the 30 legislative districts in biennial elections. Members of the Legislature participate in activities related to the review and adoption of a wide range of topics that affect the citizens of Arizona. Members serve on standing committees, participate in interim projects and handle constituent concerns.

# Department of Liquor Licenses and Control

The Department licenses and regulates the production, distribution, and sale of alcoholic beverages throughout the State of Arizona. In instances involving allegations against licensees, the Department investigates complaints, develops police reports, and enforces civil and criminal violations. The Department maintains key partnerships within and outside of the public sector in promoting youth education and outreach addressing underage drinking.

<b>Agency Total</b>	<b>4,355.5</b>	<b>4,214.4</b>	<b>181.3</b>	<b>4,395.7</b>

## Major Executive Budget Initiatives and Funding

### Funding to Support Litigation Costs

The Executive Budget includes an increase in funding to pay for litigation expenses incurred by the Department.

The Department is required to pay for litigation expenses associated with contested cases that are brought before the Office of Administrative Hearings and the State Liquor Board.

In FY 2018, the Department spent \$20,400 litigating three contested cases before the Office of Administrative Hearings and the State Liquor Board.

The Executive Budget provides ongoing funding at a level of \$20,000 to support these litigation costs.

<b>Funding</b>	<b>FY 2020</b>
Liquor Licenses Fund	20.0
<b>Issue Total</b>	<b>20.0</b>

### Increase AAG Assignment to Full Time

The Executive Budget includes an increase in funding to pay for the services of a full-time Assistant Attorney General (AAG) at the Department.

The Department utilizes the services of an AAG to assist with the handling of licensing, compliance, and other liquor-related legal matters that require specific knowledge of A.R.S. Title 4.

The Executive Budget provides funding to increase the hours of services provided from 1/3 time to full time.

<b>Funding</b>	<b>FY 2020</b>
Liquor Licenses Fund	69.6
<b>Issue Total</b>	<b>69.6</b>

### Information Technology Funding

The Executive Budget includes an increase in funding to pay for 15 portable tablets to leverage the Department's recently established e-licensing system.

The Department received a total of \$1 million in FY 2015 and FY 2016 to develop its e-Licensing system, which provides an online interface for licensees to apply for and renew liquor licenses.

In order to utilize the online functionalities of this new software, including remote licensing and compliance monitoring through portable tablets, the Executive Budget provides funding to the Department to allow for the purchase of this information technology hardware.

Of this funding, \$8,000 is for ongoing wireless connectivity costs.

<b>Funding</b>	<b>FY 2020</b>
Liquor Licenses Fund	50.0
<b>Issue Total</b>	<b>50.0</b>

### Public Safety Compensation Strategy

The Executive Budget includes an increase in funding of \$85,800 to provide salary increases to key agency positions, primarily with a focus on public safety, that are currently experiencing difficulty in recruiting and retaining highly qualified staff. This initiative is projected to result in increases for 14,485 State employees.

Funding for this initiative appears in the Statewide Adjustments section.

<b>Funding</b>	<b>FY 2020</b>
Liquor Licenses Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

FTE Series Title	PS + ERE Increase	Avg. % Salary Increase for Series	Previous Weighted-Average Salary	New Weighted-Average Salary
Investigations	\$85,800	5.00%	\$56,823	\$59,664
<b>Total</b>	<b>\$85,800</b>			

### Executive Budget Baseline Changes

#### Restore FTE Voluntarily Surrendered in FY 2019

The Executive Budget includes an increase in funding to restore 1.0 FTE position within the Department's Licensing Division.

As part of a FY 2019 budget savings initiative, the Department held 1.0 Customer Service Representative FTE position vacant for the duration of FY 2019.

Due to a rising trend in the number of liquor licenses the Department processes annually, the Executive Budget restores funding for this position in FY 2020 to help the Department process liquor licenses in a timely and efficient manner.

<b>Funding</b>	<b>FY 2020</b>
Liquor Licenses Fund	41.7
<b>Issue Total</b>	<b>41.7</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

*The Executive Budget provides a lump-sum appropriation to the agency.*

## Local Government

The State provides additional funding to counties for the maintenance of county services, offset local cost sharing of elected officials retirement plan liabilities, and for county sheriff reentry planning services.

All numbers representing dollars are expressed in thousands.

### Major Executive Budget Initiatives and Funding

#### Permanently Eliminate Juvenile Corrections County Cost Sharing

The Executive Budget includes an increase in funding to offset county costs associated with the Department of Juvenile Corrections (DJC).

A.R.S. § 41-2832 requires DJC to assess a cost-sharing fee annually to each county. As of FY 2019, the assessment charged to all counties totaled \$11.2 million. The Executive Budget permanently repeals A.R.S. §§ 41-2832 and -2833, ending the youth-confinement cost-sharing fee, annually saving counties \$11.2 million in an ongoing manner.

The General Fund adjustment appears in the DJC narrative.

<b>Funding</b>	<b>FY 2020</b>
General Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

### Executive Budget Baseline Changes

#### Remove One-Time FY 2019 Appropriations

The Executive Budget includes a decrease in funding that had offset county costs associated with DJC and Elected Officials' Retirement Plan (EORP) costs.

The FY 2019 budget included one-time appropriations of \$11.2 million to offset DJC costs and \$1.6 million for increased EORP costs. The Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(12,915.5)

# Lottery Commission

The Arizona Lottery was established to maximize net revenue dedicated to a variety of beneficiaries assigned through a statutory distribution formula. An advisory commission and an executive director, both appointed by the Governor, oversee operations. The Lottery sells products through a licensed retailer network to provide players with innovative, entertaining, and rewarding games of chance.

## Executive Budget Baseline Changes

### SLI Baseline Revenue Adjustments

The Executive Budget projects FY 2019 Lottery revenues to be higher than was forecast in the FY 2019 budget. As the Executive Budget was prepared, FY 2019 sales growth was projected to be 5.62% higher than FY 2018. In FY 2020, the Executive Budget forecasts 8.78% growth over FY 2019. This anticipated growth is largely attributable to projected increases in scratcher and tab ticket sales, as well as anticipated revenues from the introduction of a new Lottery game. Total revenues in FY 2019 and FY 2020 are projected to be, respectively, \$1.037 billion and \$1.13 billion.

The Executive Budget does not include supplemental adjustments to the FY 2019 appropriations for Lottery. The existing appropriations provide sufficient flexibility.

Appropriations for the Charitable Commissions, Instant Tickets, Online Vendor Fees, and Retailer Commissions Special Line Items (SLIs) depend on actual ticket sales volume and are adjusted annually. These adjustments are outlined below for FY 2020.

For Charitable Commissions (20% of actual tab ticket sales), the Executive Budget provides an increase of \$226,200.

For Instant Tickets (3.6% of actual instant ticket sales), the Executive Budget provides an increase of \$5,343,500.

For Online Vendor Fees (4.256% of actual online ticket sales), the Executive Budget provides an increase of \$795,500.

For Retailer Commissions (6.5% of gross lottery game sales minus charitable tab tickets, with an additional amount up to 0.5% of gross game sales for performance payments to retailers [this combined percentage is currently 6.7% of total ticket sales]), the Executive Budget provides an increase of \$11,728,000.

<b>Funding</b>	<b>FY 2020</b>
Lottery Fund	18,093.2
<b>Issue Total</b>	<b>18,093.2</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

## Performance Measures

# Massage Therapy

The Board of Massage Therapy licenses and regulates massage therapists who are entrusted to increase wellness, relaxation, stress reduction, pain relief, or postural improvement or provide general or specific therapeutic benefits. The Board evaluates the professional competency of massage therapists seeking to be licensed Arizona. Further, the Board promotes continued competence and fitness by investigating complaints against massage therapists, holding hearings, monitoring the activities of its licensees, and enforcing the standards of practice for the massage therapy profession as set forth by law.

## Medical Board

Agency staff supports two boards, the Arizona Medical Board and the Arizona Regulatory Board of Physician Assistants. The agency processes license applications, handles public complaints against licensees, and disseminates information pertaining to licensees and the regulatory process. The two boards determine and administer disciplinary action in the event of proven violations of their respective practice acts. Together, the boards regulate over 27,000 licensees.

### Major Executive Budget Initiatives and Funding

#### Cloud Migration

The Executive Budget includes a one-time deposit from the Medical Examiners Board Fund into the Automation Projects Fund for the Arizona Medical Board to migrate data to cloud servers.

The Board currently maintains over 15.5 terabytes of data in a physical server that supports daily operations and the Board's website. This issue will allow the Board to migrate data from the local hardware to a cloud solution which will improve security.

The Board expects this project to be completed in FY 2020.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget

# Mine Inspector

The State Mine Inspector is a statewide elected constitutional officer and director of the Office of the State Mine Inspector. The Office enforces laws and regulations applicable to mine safety, health, explosives, and land reclamation. The Office inspects the health and safety conditions and practices at active mining operations; investigates mine accidents and employee and public complaints; and conducts federally certified miner and instructor safety training.

The Office administers reclamation financial assurance and enforces the mined land reclamation laws and regulations for the restoration of disturbed lands to a safe and stable environmental condition. The Office promotes public safety regarding abandoned mines. The Office conducts complaint investigations; issues mine-owner compliance notifications; and identifies, assesses, and secures mine safety hazards. The Office also issues permits, licenses, and certificates for elevators and electrical connections and monitors the manufacturing, storing, selling, transferring, and disposal of all explosives or blasting agents.

# Navigable Stream Adjudication Commission

The Arizona Navigable Stream Adjudication Commission (ANSAC) is a single-program agency. The Commission is charged with gathering evidence, holding hearings, and making determinations regarding navigability of the 39,039 streams and rivers in Arizona as of February 14, 1912. Part of this responsibility is to respond to issues raised by the Arizona Court of Appeals and returned to the Commission for additional hearings regarding specific topics. The Commission must litigate cases in court, including defending appeals and other legal actions that are filed in State Court against the Commission, and must complete Commission reports to be recorded in each appropriate county following the appeals processes.

Link to the **AGENCY'S WEBSITE:** <http://www.ansac.az.gov/>

	FY 2018 Actual	FY 2019 Exp. Plan	FY 2020 Net Change	FY 2020 Exec. Bud.
General Fund	119.0	127.4	0.0	127.4
Other Appropriated Funds	32.9	200.0	0.0	200.0
<b>Agency Total</b>	<b>151.9</b>	<b>327.4</b>	<b>0.0</b>	<b>327.4</b>

## Major Executive Budget Initiatives and Funding

### Legal Fees

The Executive Budget continues funding for attorney and hearing-related services.

The FY 2019 budget included \$200,000 from the Arizona Water Banking Fund for legal obligations associated with ongoing navigability adjudications. The Executive Budget maintains that appropriation in FY 2020.

Because the Commission received \$200,000 in one-time funding in FY 2019, and the Executive Budget continues this amount in FY 2020, the net impact of this initiative is \$0.

#### Funding

# Board of Nursing

The State Board of Nursing protects the public by assuring that standards of practice are defined and that persons engaged in the practice of nursing are competent. It approves individuals for licensure, registration, and certification; approves educational programs for nurses and nursing assistants; investigates complaints concerning licensee and certificate holder compliance with the law; and determines and administers disciplinary actions in the event of proven violations of the Nurse Practice Act.

## Nursing Care Ins. Admin. Examiners

The Board of Nursing Care Institution Administrators and Assisted Living Facilities Managers evaluates and processes initial applications and renewals from individuals seeking nursing home administrator licenses and assisted living facility manager certificates. As administrators and managers are required by law to meet continuing education requirements, the Board also approves continuing education programs. In addition, the Board approves, renews, and regulates assisted living facility manager and caregiver training programs, and investigates complaints received from the public or the Department of Health Services and imposes disciplinary action on licensees or certificate holders when necessary. All Board functions are accomplished through a fee-financed program of examination, licensure, and regulation.

# Board of Osteopathic Examiners

The Board of Osteopathic Examiners regulates osteopathic physicians in Arizona. The Board is responsible for the licensure of osteopathic physicians and residents, the enforcement of standards of practice, and the review and adjudication of complaints. The Board protects the public by setting educational and training standards for licensure and by reviewing complaints made against osteopathic physicians, interns, and residents to ensure that their conduct meets the standards of the profession, as defined by A.R.S. § 32-1854.

<b>Agency Total</b>	<b>846.0</b>	<b>903.5</b>	<b>93.7</b>	<b>997.2</b>

## Major Executive Budget Initiatives and Funding

### Increased Investigation Staff Hours

The Executive Budget includes an increase in funding for an additional 0.3 FTE Medical Consultant position and 0.5 FTE Senior Medical Investigator position to reduce the time needed to resolve complaints received by the Board.

The Arizona Auditor General's Office has determined that Arizona health regulatory boards should resolve complaints within 180 days of receiving them. Over the past five years, the Osteopathic Board's average for resolving complaints has been consistently over 180 days, due to limited staff time. This initiative will increase the hours of two current part-time investigation staff, which will allow the Board to resolve complaints in a shorter amount of time.

<b>Funding</b>	<b>FY 2020</b>
Osteopathic Examiners Board Fund	93.7

# Arizona State Parks

The Arizona State Parks and Trails was created in 1957 by the Legislature to enhance the economies of rural Arizona while protecting Arizona's most precious historic and natural resources, which attracted more than 3.1 million visitors in FY 2018, one-half of which are typically visitors to the state. Arizona State Parks develops, and in collaboration with partners, manages 35 State parks and natural areas and provides safe and enjoyable facilities and programs throughout the state. The agency manages over 64,000 acres, much of which is open for the public to enjoy.

Other agency programs include the State Historic Preservation Office, which is responsible for the identification, evaluation, and protection of Arizona's prehistoric and historic heritage resources and compliance with federal and State laws. The agency also coordinates outdoor recreation grant programs and statewide recreation resource planning, public involvement and educational opportunities through partnerships for public purposes. Arizona State Parks is comprised of the Director's Office and three divisions: Park Development and Operations; Partnerships and Grants; and Administrative Services.

## Major Executive Budget Initiatives and Funding

### Public Safety Compensation Strategy

The Executive Budget includes an increase in funding of \$82,500 to provide salary increases to key agency positions, primarily with a focus on public safety, that are currently experiencing difficulty in recruiting and retaining highly qualified staff. This initiative is projected to result in increases for 14,485 State employees.

Funding for this initiative appears in the Statewide Adjustments section.

<b>Funding</b>	<b>FY 2020</b>
State Parks Revenue Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

<b>FTE Series Title</b>	<b>PS + ERE Increase</b>	<b>Avg. % Salary Increase for Series</b>	<b>Previous Weighted- Average Salary</b>	<b>New Weighted- Average Salary</b>
Park Ranger- Law Enforcement Officers	\$82,500	5.00%	\$48,069	\$50,472
<b>Total</b>	<b>\$82,500</b>			

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.

## Personnel Board

The State Personnel Board is responsible for hearing and reviewing, via an administrative hearing process, appeals filed by covered State employees who have been dismissed from State service, suspended for more than 80 working hours, or involuntarily demoted resulting from disciplinary action. The Board also hears and reviews complaints filed under the whistleblower statute. Under the direction of the presiding hearing officer, the proceedings are conducted on an informal basis through the taking of direct testimony, the cross examination of witnesses, and the admission of evidence. A record of the proceedings is taken and made available, upon request, to hearing officers, board members, and parties to the appeal. The hearing officer determines the facts based on the evidence presented and makes a recommendation regarding discipline to the Board. Board members are subsequently provided with case information so they may determine whether proper discipline has been imposed.

# Board of Pharmacy

The Board of Pharmacy has four primary functions. The first is to issue licenses to pharmacists, pharmacy interns, and pharmacy technicians. Additionally, it is responsible for issuing permits to pharmacies, stores selling over-the-counter (OTC) products, manufacturers, wholesalers, and distributors. The Board also conducts compliance inspections of permitted facilities and investigates complaints and adjudicates violations of applicable State and federal laws and rules. The Board promulgates and reviews State rules and regulations in regard to the industry. The Board oversees the Controlled Substance Prescription Monitoring Program (CSPMP), which is a tool that enables practitioners to prescribe appropriately.

## Agency Budget Summary

	<b>FY 2018 Actual</b>	<b>FY 2019 Exp. Plan</b>	<b>FY 2020 Net Change</b>	<b>FY 2020 Exec. Bud.</b>
Other Appropriated Funds	2,060.4	2,190.0	452.2	2,642.2
Non-Appropriated Funds	2,432.9	2,379.5	(895.0)	1,484.5
<b>Agency Total</b>	<b>4,493.3</b>	<b>4,569.5</b>	<b>(442.8)</b>	<b>4,126.7</b>

## Major Executive Budget Initiatives and Funding

### Compliance Officer and Investigator

The Executive Budget includes an increase in funding for an additional 1.0 FTE compliance officer position and 2.0 FTE investigator positions to handle increased caseload.

The Board has five compliance officers who, on average, inspect 250 facilities and complete 80 investigations each year. While the number of permittees requiring inspection has stayed fairly constant (estimated 2%-3% growth from FY2015 to FY2018), investigations are increasing at a much faster pace. From FY 2017 to FY 2018, investigations increased by 262% (150 to 393).

As a result of the Board's handling significantly more investigations, the permit inspection period has gradually been extended from one year to two. That extension is cause for concern, as pharmacies may be using unsafe products and not following regulations, creating a danger to the public.

The additional compliance officer is expected to reduce the permit inspection caseload to 200 facilities per officer per year. In the absence of funding, the permit inspection delays will continue to increase, and investigations may not be completed in a timely manner.

<b>Funding</b>	<b>FY 2020</b>
Pharmacy Board Fund	329.0
<b>Issue Total</b>	<b>329.0</b>

### Full-Time Assistant Attorney General

The Executive Budget includes an increase in funding for an additional 0.4 FTE for the Pharmacy Board's Assistant Attorney General (AAG) to bring the position to a full 1.0 FTE position.

Pursuant to a review of the Board's need for legal work, the Attorney General's Office requested that the Board increase its AAG to a 1.0 FTE position, due to increased caseload.

The Board has seen an increase in investigations, some of which can be attributed to the oversight mechanisms created by the Arizona Opioid Epidemic Act (Laws 2018, 1st Special Session, Chapter 1). In FY 2017 to FY 2018, investigations increased by 262%. That rate is projected to grow as State and federal requirements continue to increase.

During the investigations of facilities or licensees, the Board utilizes its AAG in drafting notices of hearings, court orders, subpoenas, and other court documents. Each investigation takes at least one month to complete, but some can last up to a year and are becoming more complex and time consuming. AAG assistance is also needed to negotiate settlements with license/permit holders and their attorneys after investigations are complete.

**Funding**

Pharmacy Board Fund

**FY 2020**

68.2

**Issue Total****68.2****New Office Equipment**

The Executive Budget includes an increase in one-time funding for equipment.

The Board's desktop computers are outdated and have had system failures, causing file loss. The Board needs to replace all of its desktop computers and purchase computers for the new staff. The remaining funding increase will be used to purchase desk areas, landline and mobile phones, and laptops for staff when traveling.

# Pioneers' Home

The Arizona Pioneers' Home was established in 1909 by the territorial government of Arizona as a home for the aged and infirm to repay the faithful and longtime Arizona residents who helped pioneer and build the state. It opened its doors in 1911. In 1929, the scope of the home was broadened to serve also as Arizona's hospital for disabled miners. The Arizona Pioneers' Home is a continuing care retirement home that serves 105 Arizona pioneers and disabled miners. Pioneers' Home employees provide direct nursing care, food service, activities, social services, housekeeping, laundry, maintenance, and business and administrative services and support to the residents, and strive to meet Department of Health Services residential facilities licensing standards through modeling best practices. The Home is surveyed periodically by the Department of Health Services.

# Commission for Postsecondary Education

The Arizona Commission for Postsecondary Education (ACPE) is composed of 16 commissioners, 14 of whom are appointed by the Governor. Commissioners represent public and private postsecondary education and its constituencies. Core responsibilities of the ACPE are related to student financial assistance programs, including administration of State grants, scholarships, forgivable loans, and the Arizona Family College Savings (529) Program. The Commission provides timely and effective communication and programs to help students and their families plan, transition, and succeed in postsecondary education. The Commission offers the single forum where all sectors of postsecondary education dialogue, collaborate, and problem-solve issues of common interest.

## Major Executive Budget Initiatives and Funding

### Arizona Teacher Student Loan Program

The Executive Budget includes an increase in funding to provide financial support to an additional 30-40 college students who participate in the Arizona Teacher Student Loan Program (ATSLP).

Formerly known as the Math, Science, and Special Education Teacher Loan Forgiveness Program, ATSLP offers forgivable loans to students who pursue a teaching degree at a postsecondary institution and who agree, upon graduation, to teach math, science, or special education at an Arizona public school.

ATSLP was created to help Arizona (a) address a teacher shortage in specific discipline areas and (b) reduce teacher attrition caused by modest pay and high levels of student loan debt. Current funding levels allow the Commission to finance approximately 60 college juniors and seniors annually.

<b>Funding</b>	<b>FY 2020</b>
General Fund	250.0
<b>Issue Total</b>	<b>250.0</b>

### Internal IT System Development

The Executive Budget includes a one-time increase in funding for the Commission to develop and implement a standalone IT system.

The Commission manages a number of large databases that store confidential information about Arizona students and their families (e.g., Free and Financial Student Aid [FAFSA], 529 Plan reports, AZ Grants State Student Financial Aid applications, etc.). For 21 years, the Commission has contracted with the Arizona Board of Regents to receive IT services, at an annual cost of \$11,000, and the contract's provisions have remained largely unchanged.

During a sunset review by the Auditor General in FY 2018, the Board of Regents was informed that the contract was outdated and security measures were too relaxed. Due to the large number of private students that the Commission assists throughout the year, it plans to develop its own internal IT system.

<b>Funding</b>	<b>FY 2020</b>
General Fund	34.1

## Power Authority

The Arizona Power Authority (APA) manages Arizona's allocation of hydroelectric power from the Hoover Dam for the overall benefit of the State. The APA cooperates with federal, state, and non-governmental agencies to address regulatory, environmental, and other matters that impact electric power and water uses of the Colorado River. In addition, the APA serves as an information resource for its customers on topics that impact their electric resources and the utilization of these resources. The Authority may also pursue generation and/or transmission projects that are within the APA's legislative mandate and are in the best interest of the State.

# Board for Private Postsecondary Education

The Board licenses and regulates 215 private postsecondary educational institutions that serve approximately 264,000 students annually. The Board determines compliance, investigates complaints and violations, and takes disciplinary action. The Board also administers the Student Tuition Recovery Fund, which provides financial restitution to students injured by private postsecondary institutional closures and provides students access to their educational records.

# Department of Public Safety

The Department of Public Safety (DPS) enforces State law with primary responsibility in the areas of traffic safety, criminal interdiction, narcotics, organized crime, auto theft, and specific regulatory functions. Services include homeland security, criminal intelligence, scientific analysis, air rescue, criminal information system, training, and statewide communications. Operational and technical assistance is provided to local and State agencies and other components of the criminal justice community. The Department also promotes and enhances the quality of public safety through cooperative enforcement and community awareness programs.

## Major Executive Budget Initiatives and Funding

### Border Strike Force Enhancement

The Executive Budget includes an increase in funding for an additional 11.0 FTE Trooper positions and 1.0 FTE Sergeant position to improve 24/7 coverage in southern Arizona.

The new positions build on the 11 troopers and one sergeant added in FY 2017 and again in FY 2019 for the same purpose. The lack of 24/7 coverage in most parts of southern Arizona raises public safety concerns, with the potential for criminals to shift illegal activities into the evening hours when the law enforcement presence is decreased.

Border county sheriffs and other stakeholders have expressed a desire to have the highways in southern Arizona patrolled around the clock. The Department of Public Safety (DPS) will continue its progress toward achieving 24/7 coverage to improve highway safety and enhance law enforcement interdiction efforts.

<b>Funding</b>	<b>FY 2020</b>
General Fund	2,974.6
<b>Issue Total</b>	<b>2,974.6</b>

### Concealed Weapons Permit IT System

The Executive Budget includes a one-time deposit from the Concealed Weapons Permit Fund into the Automation Projects Fund for the Department of Public Safety (DPS) to replace the Arizona Concealed Weapons Tracking System.

Pursuant to A.R.S. § 13-3112 (J), DPS is required to maintain a computerized permit record system that is accessible to criminal justice agencies for the purpose of confirming the permit status of any person who is contacted by a law enforcement officer and who claims to hold a valid concealed weapons permit.

The current digital system resides on a mainframe computer in an antiquated programming language and is incapable of interfacing with other database systems. The new system is expected to allow permittees to renew permits online, improve internal workflow management, and reduce application processing time.

DPS expects this project to be completed in FY 2020.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

**Funding**

Concealed Weapons Permit Fund

**FY 2020**

0.0

**Issue Total****0.0****Criminal Justice Information System Conversion**

The Executive Budget includes a one-time deposit from the Highway Patrol Fund into the Automation Projects Fund for the Department of Public Safety (DPS) to complete updates to the Arizona Criminal Justice Information System (ACJIS).

Pursuant to A.R.S. § 41-1750, DPS is responsible for the effective operation of the central State repository in order to collect, store, and disseminate complete and accurate Arizona criminal history records and related criminal justice information. This information is housed in ACJIS, which resides in a mainframe computer environment and utilizes old programming languages and technologies.

DPS is in the process of modernizing ACJIS to an open system that uses newer applications, databases, and languages.

DPS expects this project to cost a total of \$7.5 million with a completion date in FY 2020, the final year of this three-year project.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

**Funding**

Arizona Highway Patrol Fund

**FY 2020**

0.0

**Issue Total****0.0****Loop 202 South Mountain Freeway Patrol**

The Executive Budget includes an increase in funding for an additional 21.0 FTE Trooper positions, 3.0 FTE Sergeant positions, and 6.0 FTE Dispatcher positions.

In November 2019 the Arizona Department of Transportation (ADOT) will open the Loop 202 South Mountain Freeway. The new positions will provide 24/7 dispatch and patrol coverage for the 176 new freeway lane-miles.

**Funding**

General Fund

**FY 2020**

6,433.5

**Issue Total****6,433.5****Public Safety Compensation Strategy**

The Executive Budget includes an increase in funding of \$21.5 million to provide salary increases to key agency positions, primarily with a focus on public safety, that are currently experiencing difficulty in recruiting and retaining highly qualified staff. This initiative is projected to result in increases for 14,485 State employees.

Funding for this initiative appears in the Statewide Adjustments section.

<b>Total</b>	<b>\$21,490,100</b>			

**Restoring Funding to Police Academy Training**

The Executive Budget includes an increase in funding for the Arizona Peace Officer Standards and Training (AZPOST) Board to cover critical law enforcement training expenses.

A 16.64% distribution from the Criminal Justice Enhancement Fund (CJEF) provides the AZPOST Board's operating revenue. Annual revenue to AZPOST from CJEF declined by (29.49%) from FY 2008 to FY 2018.

The FY 2019 budget included \$837,000 to supplement CJEF revenues for AZPOST. The Executive Budget increases this amount to account for lower projected CJEF revenue.

<b>Issue Total</b>	<b>1,027.3</b>

### Shift of Highway Patrol Expenditures to the HPF

The Executive Budget includes a funding shift to the Highway Patrol Fund (HPF) from several sources that historically funded the DPS Highway Patrol function.

Laws 2018, Chapter 265 establishes a public safety fee to be charged on vehicle registrations and set by the ADOT director at a level to fund 110% of the Highway Patrol budget. The fee began in January 2019, with revenues deposited into the Highway Patrol Fund. As anticipated during the 2018 Legislative session, the shift eliminates DPS appropriations from the Highway User Revenue Fund (HURF) and State Highway Fund, and it reduces the appropriation of several other funds that had historically funded the Highway Patrol.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(41,314.8)
State Highway Fund	(7,850.9)
Arizona Highway Patrol Fund	73,480.8
Safety Enforcement and Transportation Infrastructure Fund	(1,643.5)
Motor Vehicle Liability Insurance Enforcement Fund	(1,250.0)
Public Safety Equipment Fund	(2,254.2)
Parity Compensation Fund	(1,428.6)
Highway User Revenue Fund	(15,508.7)
DPS Forensics Fund	(2,230.1)
<b>Issue Total</b>	<b>0.0</b>

### Vehicle Replacement

The Executive Budget includes a funding increase to better meet the recommended replacement cycle for DPS vehicles.

DPS's annual budget for replacing its 1,088 vehicles used by sworn employees is not sufficient to meet the recommended replacement benchmark of 8-years or 120,000 miles. The ongoing funding will enable DPS to replace approximately 18 additional vehicles each year, which will be used outside of its highway patrol function.

The dedicated funding will decrease DPS's reliance on vacancy savings and reductions in critical services in order to meet its vehicle needs.

<b>Funding</b>	<b>FY 2020</b>
General Fund	1,000.0
<b>Issue Total</b>	<b>1,000.0</b>

### Wrong Way Driving Patrol

The Executive Budget includes an increase in funding for an additional 6.0 FTE Trooper positions to provide support to DPS's 8:00 p.m. to 6:00 a.m. shift, referred to as the "Night Watch," as part of the Executive's strategy to mitigate wrong-way and impaired driving.

After adding 6.0 FTE Trooper positions in FY 2019, the Night Watch is staffed by 50 Troopers, seven Sergeants, and one Captain. Increased staffing will allow the Department to respond more quickly to reports of wrong-way driving and other public safety needs in the Phoenix area.

<b>Funding</b>	<b>FY 2020</b>
General Fund	1,468.8
<b>Issue Total</b>	<b>1,468.8</b>

## Executive Budget Baseline Changes

### Remove One Time FY 2019 Appropriations

The Executive Budget includes a decrease in funding for the following one-time FY 2019 expenditures:

1. Border Strike Force Enhancement: One-time equipment funding for 11 new Trooper positions and one new Sergeant position.
2. Wrong Way Driver Patrol: One-time equipment funding for six new Trooper positions.
3. Pharmaceutical Task Force: One-time equipment funding for two new Trooper positions and one new Sergeant position.
4. AZPOST Funding: One-time funding to restore cuts made in FY 2018 due to declining revenue to the Peace Officer Training Fund (see FY 2020 issue, "Restoring Funding to Police Academy Training").
5. Peace Officer Training Equipment: One-time funding for a non-lapsing appropriation for overtime pay, virtual training simulators, and public service announcements.

Funding	FY 2020
Arizona Highway Patrol Fund	(1,190.9)
Drug and Gang Prevention Resource Center Fund	(198.6)
Concealed Weapons Permit Fund	(837.0)
Peace Officer Training Equipment Fund	(3,053.0)
<b>Issue Total</b>	<b>(5,279.5)</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

## Department of Real Estate

The Department oversees the administration of licensing examinations and issuance of licenses, as well as the activities of licensees to ensure compliance with the Arizona Department of Real Estate Revised Statutes and the Commissioner's Rules. Also within the purview of the Department is the regulation of the sale of subdivided and certain unsubdivided lands, builder and development services, timeshares, condominiums, membership campgrounds, and cemeteries. The Arizona Department of Real Estate regulates real estate schools and educators, monitoring pre-licensing and continuing education courses to ensure the quality of the content of courses and the competence of the instructors, as well as the quality and timeliness of materials being taught.

## Residential Utility Consumer Office

The Residential Utility Consumer Office (RUCO) is an agency comprised mainly of attorneys and financial analysts. RUCO participates in matters before the Corporation Commission regarding utility rate increases, renewable energy standards, and Commission rulemaking. RUCO reviews utility financial records, conducts discovery, offers testimony and presents witnesses at evidentiary hearings to argue positions in favor of residential utility ratepayers.

# Board of Respiratory Care Examiners

Respiratory care practitioners work in therapeutic, surgical, and/or clinical settings to monitor respiration and lung health, as well as to diagnose and treat disorders. The Board of Respiratory Care Examiners regulates the practice of respiratory care in Arizona. The Board examines and licenses respiratory care practitioners based on minimum competence standards set by the Legislature. Additionally, the Board enforces State laws, rules, and regulations set forth to ensure public safety and investigates complaints filed against members of the respiratory care community.

<b>Agency Total</b>	<b>147,807.4</b>	<b>179,403.3</b>	<b>6,372.1</b>	<b>185,775.4</b>

## Major Executive Budget Initiatives and Funding

### Reduce Full-Time Equivalent Positions

The Executive Budget includes a decrease in the number of FTE positions by five in order to capture headcount reduction.

The reduction of FTE positions is a reflection of the workforce cost shift associated with ASRS' strategic priority of enhancing data security. The agency replaced 10 administrative positions with five new IT positions that require higher salaries due to job market conditions, for a net decrease of 5.0 FTE positions.

<b>Funding</b>	<b>FY 2020</b>
Retirement System Appropriated Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

### Reduce Long-term Disability Appropriation

The Executive Budget includes a decrease in funding for the Long Term Disability (LTD) Trust Fund in order to capture budget savings.

In FY 2018 the LTD program's overall administrative costs declined by (12.8%) from FY 2017, due in part to decreases of (7.8%) in new LTD claims and (12.2%) in open disability claims and a decrease in fees paid to the program's third-party administrator.

<b>Funding</b>	<b>FY 2020</b>
LTD Trust Fund	(400.0)
<b>Issue Total</b>	<b>(400.0)</b>

## Executive Budget Baseline Changes

### Remove One-Time FY 2019 Appropriation

The Executive Budget includes a decrease in funding for one-time IT expenses.

The FY 2019 budget included a one-time appropriation of \$500,000 for IT expenses. The Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
Retirement System Appropriated Fund	(500.0)

## Major Executive Budget Initiatives and Funding

### Formalize ISA from Arizona Healthcare Cost Containment System for Tobacco Tax Unit

The Executive Budget includes an increase in funding for the Department of Revenue's (DOR) tobacco enforcement activities as required by the Master Settlement Agreement (MSA).

Since FY 2015, the Arizona Health Care Cost Containment System (AHCCCS) has transferred an additional \$400,000 annually to DOR for tobacco enforcement activities alone. The \$436,000 that AHCCCS is required to transfer annually to DOR is pursuant to budget recurring footnotes. The Executive Budget formalizes this increase in the General Appropriations Act Footnote section.

Funding is reflected in the Non-Appropriated Funds Expenditure section.

<b>Funding</b>	<b>FY 2020</b>
IGA and ISA Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

## Executive Budget Baseline Changes

### Remove One-Time FY 2019 Appropriation

The Executive Budget includes a decrease in funding for a one-time prime contracting noncompliance study.

The FY 2019 budget included a one-time appropriation of \$75,000 from the Residential Contractors Recovery Fund for an independent study of noncompliance rates with statutory prime contracting Transaction Privilege Tax (TPT) requirements. The Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>

# School Facilities Board

The School Facilities Board (SFB) is a capital management agency. The SFB maintains a facilities database consisting of information reported by each school district that aids in determining the eligibility for State funding from the New School Facilities and Building Renewal Grant funds. Through periodic inspections, the SFB is mandated to ensure compliance with building adequacy standards and routine preventative maintenance guidelines with respect to the construction of new buildings and maintenance of existing buildings. The SFB also administers an Emergency Deficiencies Correction program and validates Adjacent Ways expenditures.

## Major Executive Budget Initiatives and Funding

### Extending Timeframe for New School Construction

The Executive Budget requires the SFB to fund the construction of new schools, if needed, in two years for an elementary school or in three years for a middle or high school. This change will result in an additional 5 schools being funded for construction in the FY 2020 budget.

Currently, A.R.S. § 15-2011 requires the School Facilities Board (SFB) to fund new schools, or additional space in existing schools, for districts whose student population in the current year causes them to exceed per-square-foot standards established in the statute. Student counts are based on Average Daily Membership (ADM) data provided by the Arizona Department of Education.

The Executive Budget amends A.R.S. § 15-2011 to return to the language included prior to Laws 2013, 1st Special Session, Chapter 3, which required the funding of a new school if it was needed in the two years after the current year for an elementary school, or in the three years after the current year for a middle or high school. The current-year policy has resulted in school districts outgrowing their facilities, forcing students into temporary structures and other less-than-ideal facilities not built for classroom use while the new schools are being built. Further, returning to the pre-2013 standard will allow the State and the school districts to avoid paying higher school design and construction costs associated with accelerated building schedules that schools are pursuing to address their capacity shortage as quickly as possible.

For the period from the 2019-2020 school year through the 2021-2022 school year, the preliminary 40-day ADM indicates that new school space is needed in school districts listed in right hand portion of the table below.

Based on SFB estimates of space needed to accommodate forecast growth in the districts, statutory per-square-foot construction costs, and forecast land costs, the Executive Budget provides funding for new schools or school expansion in these school districts, along with land and site conditions, as needed. The districts exceeding capacity in FY 2020 through FY 2022 are based on SFB conceptual approvals as of December 2018. The Executive expects SFB to re-evaluate this data in the Spring of 2019, which may impact the schools listed and the funding included.

<b>Funding</b>	<b>FY 2020</b>
General Fund	98,819.1
<b>Issue Total</b>	<b>98,819.1</b>

## School Safety Guidelines Study

The Executive Budget includes an increase in one-time funding for a contract study to determine best practices for school safety.

As a step in the effort to mitigate risk in light of recent school shootings, the Executive Budget directs the SFB to contract for a study to identify the common elements of a safe school facility, including consideration of items such as building design elements that enhance safety, as well as non-facilities items such as crisis notification mobile computer applications for school faculty and staff. With this funding, experts in the field will produce guidance that SFB and schools can use as they consider safety improvements.

<b>Funding</b>	<b>FY 2020</b>
General Fund	250.0
<b>Issue Total</b>	<b>250.0</b>

## Executive Budget Baseline Changes

### New School Facilities

The Executive Budget includes an increase in funding for 7 new schools or school expansions for districts that are over capacity in the current year.

A.R.S. § 15-2011 requires the School Facilities Board (SFB) to fund new schools, or additional space in existing schools, for districts whose student population in the current year causes them to exceed per-square-foot standards established in the statute. Student counts are based on Average Daily Membership (ADM) data provided by the Arizona Department of Education.

For the 2018-2019 school year the preliminary 40-day ADM indicates that new school space is needed in school districts listed in the left hand portion of the table below.

Based on SFB estimates of space needed to accommodate forecast growth in the districts, statutory per-square-foot construction costs, and forecast land costs, the Executive Budget provides funding for new schools or school expansion in these school districts, along with land and site conditions, as needed.

<b>Funding</b>	<b>FY 2020</b>
General Fund	92,084.3
<b>Issue Total</b>	<b>92,084.3</b>

Projected Need Through FY 2022					
New School Construction Baseline			Extended Timeframe		
School District	Fiscal Year to be Over Capacity	FY 2020 Funding <sup>a</sup>	School District	Fiscal Year to be Over Capacity	FY 2020 Funding <sup>a</sup>
Chandler USD	2019	\$ 29,969,000	Laveen ESD	2020	\$ 13,762,056
Douglas USD	2019	\$ 19,634,002	Vail USD	2020	\$ 9,813,000
Maricopa USD	2019	\$ 26,211,250	Vail USD	2020	\$ 17,079,348

Total Baseline:		\$ 92,084,294	Grand Total New School Construction:		\$ 190,903,448
(a) These amounts do not reflect the per-square-foot inflation factor approved by the Joint Legislative Budget Committee on December 18, 2018. Doing so would increase the total approval to \$200,317,400.					

## Building Renewal Grants

The Executive Budget includes an increase in one-time funding for building renewal.

Between 1999 and 2004, the SFB completed deficiency corrections projects totaling \$1.3 billion. As many of those projects are nearing the end of their useful life, SFB has recently seen an increase in school district building renewal requests. From FY 2012 to FY 2018, building renewal requests from school districts have nearly tripled, from 313 to 875.

The Executive Budget includes an increase of \$62.8 million for one-time building renewal. When combined with the ongoing budget of \$16.7 million, increased funding will make a total of \$79.5 million available to the SFB for building renewal grants in FY 2020, a 56% increase over the \$51.1 million appropriated for building renewal in FY 2019.

<b>Funding</b>	<b>FY 2020</b>
General Fund	62,790.9
<b>Issue Total</b>	<b>62,790.9</b>

## Prior Year New School Construction

The Executive Budget includes a technical adjustment for prior-year new school construction appropriations.

This issue includes (a) a decrease of (\$87,626,500) to back out FY 2019 new school construction appropriations made in the FY 2018 and FY 2019 budgets and (b) an increase of \$36,726,700 to include an advance FY 2020 new school appropriation that was included in the FY 2019 budget.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(50,899.8)
<b>Issue Total</b>	<b>(50,899.8)</b>

## Prior Year Building Renewal Grants

The Executive Budget includes a decrease in funding, as a technical adjustment, to remove one-time FY 2019 building renewal.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(34,417.9)
<b>Issue Total</b>	<b>(34,417.9)</b>

## New School Facilities Debt Service

The Executive Budget includes a decrease in funding to reflect lower debt service costs for previously authorized new school construction.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(2,426.7)
<b>Issue Total</b>	<b>(2,426.7)</b>

## Executive Budget Supplemental Changes

### Building Renewal Grants

The Executive Budget includes supplemental funding for building renewal grants to school districts in FY 2019. This supplemental will make a total of \$76.1 million available for building renewal in FY 2019, representing almost a 50% increase over the original \$51.1 million appropriation for FY 2019 building renewal.

In FY 2017, SFB was appropriated \$31.7 million, but late in the year the agency had expended the entire appropriation and had to delay \$4.7 million of projects until the FY 2018 budget was available. In FY 2018, including a supplemental appropriation of \$10 million, the SFB was appropriated \$43.8 million and had to delay \$12.5 million of projects until the FY 2019 appropriation was available.

<b>Funding</b>	<b>FY 2019</b>
General Fund	25,000.0
<b>Issue Total</b>	<b>25,000.0</b>

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.

### Performance Measures

	FY 2017 Actual	FY 2018 Actual	FY 2019 Expected	FY 2020 Expected
Percent of all school district schools inspected to ensure minimum adequacy guidelines	0	0	7	7
Percent of inspected schools determined to have an adequate preventative maintenance program	0	0	50	50
Number of new school construction projects completed	0	2	4	8

Link to the [AGENCY'S STRATEGIC PLAN](#)

### Building Renewal Grants

The Building Renewal Grant program was initiated in FY 2009 as an alternative to the Building Renewal formula. Under this program, the school facilities board distributes monies from the fund based on grant requests from school districts to fund primary building renewal projects.

### Agency Expenditures

(in \$1,000s)

Total expenditures include transfers from the General Fund to non-appropriated funds. The combined General Fund transfers and the non-appropriated funds' expenditures cause a double counting of expenditures in some instances.

## Department of State - Secretary of State

The Department of State is headed by a publicly elected Secretary of State, who serves as Acting Governor in the absence of the Governor and succeeds the Governor should a vacancy occur. The Secretary of State is the keeper of the Great Seal of the State of Arizona and is also the Chief State Election Officer who administers election functions, including canvass and certification of statewide elections, and coordinates statewide voter registration. The Secretary of State's office receives and records various filings, including Uniform Commercial Code transactions, trademark and trade name registrations, and limited partnership and limited liability partnership filings. The Office also registers lobbyists and accepts periodic lobbyist and campaign finance filings; publishes all official acts of the State of Arizona including laws, the Arizona Administrative Code, and the Arizona Administrative Register; files the notices of the Governor's appointments to State boards and commissions; appoints notaries public; and applies apostilles to all international transactions.

The Arizona State Library, Archives and Public Records division provides general information services as well as research and reference services in the subject areas of law, government, public policy, genealogy, and Arizona. The division administers state and federal grants for public libraries and offers consultant services to both public libraries and government agencies. The division also offers special library and information services for anyone who is unable to read or use standard printed materials as a result of temporary or permanent visual or physical limitations, manages public record archival retention programs, and creates exhibits to educate the public regarding governmental and Arizona history and the legislative process.

### Major Executive Budget Initiatives and Funding

#### Enhanced Operational Support

The Executive Budget includes an increase in funding for three FTE positions in the Secretary of State's Office: one Southern Arizona Director, one Rural Outreach Director, and one Tribal Liaison.

The Secretary of State's Office does not have Director-level positions outside of Maricopa County. Expanding the staff to include a Southern Arizona Director and a Rural Outreach Director would allow the office to be more efficient and proactive in working with county and city officials, businesses, and consumers in areas of Arizona outside of Maricopa County. The Southern Arizona Director would be responsible for Tucson and the surrounding areas, while the Rural Outreach Director would be responsible for the northern portion of the state outside of Maricopa County. During elections, these directors would be responsible for working with city and county elections officials to ensure that all issues have been resolved by Election Day. These FTE positions would also be responsible for meeting with the chambers of commerce and business communities to learn what issues they face in interacting with the Secretary of State's Business Services Division.

The Secretary of State's Office has not created a position or designated an employee in the office to consult and work with the tribal nations on areas such as cybersecurity, voting opportunities, and business services. The Tribal Liaison will work with the Governor's Office on Tribal Relations to create partnerships in all divisions of the Secretary of State's Office.

## Executive Budget Baseline Changes

### Funding of Presidential Preference Election and Fund Shift of Elections Services Special Line Item

The Executive Budget includes an increase in funding for the Presidential Preference Election (PPE).

A.R.S. § 16-250 requires the State to reimburse the counties for the cost of the PPE at a rate of \$1.25 per active registered voter. The number of active registered voters is determined on January 1 of the year of the election.

Based on population estimates from the Office of Economic Opportunity, Arizona's population is projected to be 7,346,800 in 2020. In both 2012 and 2016, active registered Arizona voters comprised 48% of the population. Applying that percentage to the projected population on January 1, 2020, the State would reimburse the counties for 3,526,464 registered voters, at a total cost to the State of \$4,408,100.

In FY 2019, the Secretary of State's Office was appropriated \$4 million for Elections Services. Of that amount, \$3,384,500 came from the General Fund and \$615,500 came from other appropriated funds. The Executive Budget shifts funding from the other fund appropriations to the General Fund while adding \$408,100 in one-time monies to cover the projected cost of the 2020 PPE.

Funding	FY 2020
General Fund	1,023.6
<b>Issue Total</b>	<b>1,023.6</b>

### Reduction of Elections Services Line Item

The Executive Budget includes a decrease in funding for the 2018 statewide primary and general elections.

In FY 2019, \$115,500 from the Data Processing Acquisition Fund and \$500,000 from the Records Services Fund were appropriated for the 2018 statewide elections. The Executive Budget removes these other fund appropriations and shifts the funding to the General Fund. (See the fund shift of Elections Services Line Item above for more information.)

Funding	FY 2020
Data Processing Acquisition Fund	(115.5)
Records Services Fund	(500.0)
<b>Issue Total</b>	<b>(615.5)</b>

### Remove One-Time FY 2019 Appropriation

The Executive Budget includes a decrease in funding for the development of a new voter registration system and election security improvements.

The FY 2019 budget included one-time funding for second-year development costs of a new voter registration system and improvements for elections security.

Funding	FY 2020
Election Systems Improvement Fund	(7,463.7)
<b>Issue Total</b>	<b>(7,463.7)</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

## Executive Budget Baseline Changes

### Remove One-Time FY 2019 Appropriation

The Executive Budget includes a decrease in funding for e-licensing operational costs that are no longer applicable.

The FY 2018 and FY 2019 budgets included ongoing appropriations of \$88,000 and \$65,000, respectively, to fund ongoing operational costs associated with e-licensing. The Executive Budget backs out \$102,000 of the e-licensing funding in FY 2020.

In late 2018, the Board's e-licensing vendor failed to deliver a functioning licensing system after multiple attempts to cure defects. As a result, the Board transitioned back to its Legacy customer relationship management (CRM) database.

The Executive Budget backs out \$102,000 while maintaining \$51,000 of the system maintenance funds for technical support to operate the Board's Legacy CRM database. The Board plans to migrate to an e-licensing system for its seven regulated professions gradually in the next few years.

<b>Funding</b>	<b>FY 2020</b>
Technical Registration Board Fund	(102.0)
<b>Issue Total</b>	<b>(102.0)</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

# Office of Tourism

The Arizona Office of Tourism is a State government agency dedicated to developing, implementing, and maintaining global marketing programs that promote Arizona as a leading travel destination.

Tourism strengthens Arizona's economy and enhances the quality of life for all its residents. The agency produces a variety of year-'round initiatives to stimulate national and international visitation to the state.

## Major Executive Budget Initiatives and Funding

### Destination Marketing

The Executive Budget includes an increase in funding for destination marketing programs.

Tourism is one of Arizona's largest economic drivers. To support the industry, the Office of Tourism maintains multiple marketing programs in cities throughout the United States and abroad. These programs have proven successful in attracting visitors to Arizona, which in turn supports local businesses and the state economy. The funding will be used to establish additional markets to remain competitive as a brand and promote further visitation.

<b>Agency Total</b>	<b>2,781,809.3</b>	<b>450,096.9</b>	<b>44,597.7</b>	<b>494,694.6</b>

## Major Executive Budget Initiatives and Funding

### Interstate 17 Expansion

The Executive Budget includes an increase in funding to construct a third highway lane on Interstate 17 for approximately eight miles northbound and 15 miles southbound between Anthem and Black Canyon City.

The State Transportation Board has programmed \$193 million in its FY 2019-FY 2023 Highway Construction Program to design and construct expansion projects on Interstate 17 between Anthem and Sunset Point. Projects include new gated flexible lanes between Black Canyon City and Sunset Point and approximately seven miles of a new third southbound lane extending south of Black Canyon City. The existing projects do not have sufficient funding to expand I-17 from two lanes to three for all northbound and southbound traffic between Black Canyon City and Anthem.

This additional appropriation, along with \$45 million in FY 2021 and FY 2022, will complete the I-17 widening between Black Canyon City and Anthem.

This appropriation will be funded primarily from an ongoing increase in Highway User Revenue Fund (HURF) monies distributed to the State Highway Fund in FY 2020 as a result of the new public safety fee.

<b>Funding</b>	<b>FY 2020</b>
General Fund	40,000.0
<b>Issue Total</b>	<b>40,000.0</b>

## Shift from Highway Construction to Maintenance

The Executive Budget includes an increase in funding for restorative road surface treatments, focusing on fog seals and chip seals.

Surface pavement ravel and cracks as roads age, and highways require expensive reconstruction more frequently if surface asphalt deteriorates without repair.

To extend the life of roads, ADOT periodically treats highways with restorative surface treatments. These treatments include fog seals, which are liquid asphalt overlays, and chip seals, which add a layer of gravel immediately after liquid asphalt treatments. In FY 2019, ADOT's surface treatment budget increased from \$15 million to \$40.6 million. The FY 2019 appropriation increase provided ADOT with approximately 80% of the funding it needs to meet the recommended maintenance schedules to maximize the life of pavement in good condition.

The additional funding in FY 2020 will provide ADOT with 100% of the funding it needs to meet recommended maintenance schedules for qualifying roads. The FY 2020 appropriation will be funded primarily from an increase in Highway User Revenue Fund (HURF) monies distributed to the State Highway Fund in FY 2020 as a result of the new public safety fee.

The Executive Budget transfers the FY 2019 State-funded portion of the surface treatment budget from the Maintenance Special Line Item, as well as the FY 2020 funding, to a new Restorative Surface Treatment Special Line Item.

<b>Funding</b>	<b>FY 2020</b>
State Highway Fund	10,535.2
<b>Issue Total</b>	<b>10,535.2</b>

## New South Mountain Freeway Maintenance

The Executive Budget includes an increase in funding for maintenance of 176 new lane-miles opening in November 2019 as part of the South Mountain Freeway.

For the first time, ADOT entered into a public-private partnership to design, build, and maintain a stretch of Arizona freeway. The developer is responsible for specific maintenance functions for 30 years, and ADOT will make annual inflation-adjusted payments for those services. The appropriation will pay for eight months of maintenance (November 2019 through June 2020) that will be delivered by the developer, including pavement preservation, lighting, and guardrail repair. The appropriation will also fund eight months of maintenance that ADOT will provide directly, including electrical utility maintenance and repairs for dynamic intelligent transportation system signs.

<b>Funding</b>	<b>FY 2020</b>
State Highway Fund	2,173.0
<b>Issue Total</b>	<b>2,173.0</b>

## Security Systems - Ports of Entry

The Executive Budget includes an increase in funding for the purchase of alarm system components, cabling and hardware, cameras, and required software and labor to improve security at 10 facilities that have undergone a security vulnerability assessment (SVA).

ADOT operates 15 fixed ports of entry. Officers at the Department's ports inspect commercial traffic entering Arizona for compliance with registration, size and weight restrictions; licensing and insurance requirements; and other State and federal mandates. Inspections often uncover illegal activity such as drug trafficking.

Officers rely on surveillance systems to ensure officer safety during those inspections. In January 2016, ADOT established Physical Security System Standards for building security, access controls, and surveillance technologies.

The FY 2019 budget provided funding to address security vulnerabilities at five ports of entry that had undergone SVAs. The FY 2020 Executive Budget addresses vulnerabilities at the remaining 10 ports of entry. The funding will enable ADOT to improve physical security for officers and other Department staff.

<b>Funding</b>	<b>FY 2020</b>
Motor Vehicle Liability Insurance Enforcement Fund	951.5
<b>Issue Total</b>	<b>951.5</b>

## Aeronautics Program Grant Management

The Executive Budget includes an increase in funding to add 2.0 FTE grant manager positions in the Aeronautics Group, which distributes State Aviation Fund monies to local airports across the state.

Recent Auditor General reports recommend increasing project monitoring, which the Group is unable to accomplish with current staffing. Two current grant managers oversee 48 grants with \$12.9 million under active management. An additional 29 grants are under review for FY 2019.

The funding is expected to enable ADOT to hire additional staff to improve the Group's quality and efficiency in reviewing grant applications, awarding grants, developing and executing contracts, and monitoring compliance.

<b>Funding</b>	<b>FY 2020</b>
State Aviation Fund	178.0
<b>Issue Total</b>	<b>178.0</b>

## Highway Damage Recovery Appropriation Adjustment

The Executive Budget includes an increase in funding to ensure that ADOT can use the revenue it recovers from at-fault parties to repair highway damage.

The FY 2018 budget created the Highway Damage Recovery Account to pay for highway damage caused by at-fault third parties. The fund consists of monies recovered by ADOT from individuals (and their insurers) who are liable for damages to state highway infrastructure. The FY 2019 budget increased the fund's appropriation from \$3 million to \$4 million. Higher-than-expected revenue to the fund has led to a fund balance of recovered monies that ADOT is unable to spend to repair highway damages.

The increase in funding will allow ADOT to spend any available monies to repair highway damages.

<b>Funding</b>	<b>FY 2020</b>
Highway Damage Recovery Account	4,000.0
<b>Issue Total</b>	<b>4,000.0</b>

## Second Special License Plate

The Executive Budget includes an increase in funding to produce additional special license plates for drivers who choose to purchase a second special plate.

Under ADOT's special license plate program, vehicle owners pay a \$25 annual fee to receive one of 53 special plate types. Of the \$25 fee, \$17 is donated to the charity associated with the chosen special plate. Starting in September 2019, drivers may choose to pay an additional \$10 to receive a second special plate for commemorative purposes.

The funding ensures that a portion of the \$10 revenue may be used to manufacture the second special plate.

<b>Funding</b>	<b>FY 2020</b>
State Highway Fund	122.5
<b>Issue Total</b>	<b>122.5</b>

## Rent Appropriation Correction

The Executive Budget includes funding to correct an inadvertent FY 2019 rent adjustment.

The Office of the Attorney General (AG) provides legal services to ADOT, and ADOT pays for those services using an interagency service agreement (ISA). In FY 2018, the AG staff that provide legal services to ADOT moved from one State-owned building to another. Inadvertently, ADOT received an FY 2019 appropriation decrease of (\$127,800) for rent that the AG no longer pays for its previous location. Because ADOT pays for its legal services through an ISA that includes any rent cost associated with the services, ADOT should not have received an appropriation decrease.

<b>Funding</b>	<b>FY 2020</b>
State Highway Fund	127.8
<b>Issue Total</b>	<b>127.8</b>

### New Flagstaff Office Appropriation Extension

The Executive Budget includes an appropriation extension of an FY 2018 appropriation for technology equipment and furnishing for a new office and laboratory in Flagstaff.

ADOT is building a facility in Flagstaff using a public-private partnership. The new space will improve operational efficiencies, eliminate \$146,900 in annual lease costs, and reduce maintenance costs. The project was originally expected to be finished in FY 2018, but construction now is expected to be completed in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
State Highway Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

### SETIF and VITEF Appropriation Adjustments

The Executive Budget includes a decrease in funding from the Safety Enforcement and Transportation Fund (SETIF) and a commensurate increase in the Vehicle Inspection and Certificate of Title Enforcement Fund (VITEF).

SETIF generates revenue from fees assessed at ports of entry and is used to enforce vehicle safety requirements (among other uses) within 25 miles of the Arizona-Mexico Border. VITEF generates revenue from inspection fees for salvage, stolen, or non-repairable vehicles subject to total-loss insurance settlements and is used to defray investigation costs involving certificates of title, licensing fraud, and registration enforcement among other issues.

SETIF historically generates less annual revenue than the amount appropriated from the Fund; however, revenue to VITEF exceeds its annual appropriation. The shift will ensure the long-term sustainability of both funds while continuing the work authorized by each.

<b>Funding</b>	<b>FY 2020</b>
Safety Enforcement and Transportation Infrastructure Fund	(600.0)
Vehicle Inspection and Certificate of Title Enforcement Fund	600.0
<b>Issue Total</b>	<b>0.0</b>

### Maintenance SLI Appropriation Adjustment

The Executive Budget include an increase in funding from the Maintenance special line item (SLI) and a commensurate decrease in ADOT's operating lump sum appropriation.

The Maintenance SLI is intended to reflect expenditures for the maintenance of integral components of the highway system. This includes pavement restoration, operation of traffic signals, intelligent transportation system (ITS), guardrails, and other similar expenses.

Personnel and operating expenditures used to maintain the fixed weigh scales located at ADOT's 15 fixed ports of entry are reflected in ADOT's Motor Vehicle Enforcement Services Program. Shifting those expenditures to the Maintenance SLI will better reflect ADOT's maintenance expenditures.

<b>Funding</b>	<b>FY 2020</b>
State Highway Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

## Ignition Interlock Device Appropriation Shift

The Executive Budget includes a decrease in funding from the Driving Under the Influence Abatement Fund and the State Highway Fund and a commensurate increase in the Ignition Interlock Device (IID) Fund to cover the total cost of administering the IID program.

IIDs are machines that attach to vehicle ignitions and test drivers' blood alcohol levels before allowing them to start their vehicles. Certain Arizona laws mandate use of an IID following a period of driver license suspension or revocation. Laws 2017, Chapter 331 requires ADOT to establish a fee to be collected by IID technicians upon installation of any IID. The fee began on July 1, 2018.

The FY 2019 budget included a \$150,000 appropriation from the IID Fund for the first year in which fee revenue was collected. The FY 2020 appropriation increase will shift the cost of administering the program entirely to the IID fund and away from other sources that had historically funded the program.

The total cost of ADOT's Ignition Interlock Program is approximately \$320,000 and includes 6.0 FTE positions.

<b>Funding</b>	<b>FY 2020</b>
State Highway Fund	(16.9)
Ignition Interlock Device Fund	170.0
Driving Under Influence Abatement Fund	(153.1)
<b>Issue Total</b>	<b>0.0</b>

## Public Safety Compensation Strategy

The Executive Budget includes an increase in funding of \$570,400 to provide salary increases to key agency positions, primarily with a focus on public safety, that are currently experiencing difficulty in recruiting and retaining highly qualified staff. This initiative is projected to result in increases for 14,485 State employees.

Funding for this initiative appears in the Statewide Adjustments section.

<b>Funding</b>	<b>FY 2020</b>
State Highway Fund	0.0
<b>Issue Total</b>	<b>0.0</b>

<b>FTE Series Title</b>	<b>PS + ERE Increase</b>	<b>Avg. % Salary Increase for Series</b>	<b>Previous Weighted-Average Salary</b>	<b>New Weighted-Average Salary</b>
Enforcement and Compliance Officers	\$570,400	5.00%	\$50,886	\$53,430
<b>Total</b>	<b>\$570,400</b>			

## Executive Budget Baseline Changes

### Highway Maintenance Workload

The Executive Budget includes an increase in funding for maintenance of new highway lane-miles.

The cost to properly maintain the state highway system increases as the system expands. Approximately five new urban lane-miles and 90 new rural lane-miles will be added to the state highway system in FY 2019. ADOT calculates the average annual cost to maintain an urban lane-mile is \$22,300, and a rural lane-mile is \$4,450. Major costs include roadside and shoulder maintenance, landscaping, surface treatments, and traffic signals.

<b>Funding</b>	<b>FY 2020</b>
State Highway Fund	514.9
<b>Issue Total</b>	<b>514.9</b>

## Driver License and License Plate Volume Increase

The Executive Budget includes an increase in funding for driver license, ID card, and license plate production.

Arizona drivers pay fees to receive license plates, ID cards, and driver licenses, and those revenues are deposited in the Highway User Revenue Fund. As the number of drivers and vehicles in Arizona increases, the costs to produce the plates and identification credentials also increase.

In FY 2018, ADOT produced more than 1.8 million driver licenses and ID cards and 1.9 million license plates. ADOT expects the volume of credentials it manufactures to increase, in addition to normal population growth, as individuals replace current ID credentials with "Real ID" cards. As a result of the federal Real ID Act of 2005, ID cards must be compliant with federal standards in order to be used as a form of identity to board an airplane or enter a secure federal facility. Citizens will need to replace non-compliant ID credentials through ADOT before the October 2020 effective date.

Funding	FY 2020
State Highway Fund	297.7
<b>Issue Total</b>	<b>297.7</b>

## Remove One-time FY 2019 Appropriations

The Executive Budget includes a decrease in funding for the following one-time FY 2019 expenditures:

Maricopa Association of Governments (MAG): One-time funding for distribution to MAG to establish and maintain an intergovernmental cooperative agreement to administer and plan a northwest valley transit system.

Intelligent Traffic Systems: One-time upgrades to ADOT's lighted roadway signs, roadway weather information systems, high definition cameras, weather information systems, and related software.

Ehrenburg Port of Entry: One-time equipment and furnishings for the new Ehrenburg Port of Entry administrative building.

Security Enhancements: One-time security improvements for five ports of entry statewide.

Funding	FY 2020
General Fund	(65.0)
State Highway Fund	(2,434.2)
<b>Issue Total</b>	<b>(2,499.2)</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

# Treasurer

The primary responsibilities of the elected State Treasurer are to receive and keep custody over all monies belonging to the State that are not required to be kept by some other entity; to pay warrants of the Department of Administration; and to keep an account of all monies received and disbursed. The Office also invests State monies and operates the local government investment pool for public entities throughout Arizona.

## Major Executive Budget Initiatives and Funding

### Modernization and Technology Updates

The Executive Budget permits the Treasurer's Office to use up to \$100,000 of the existing cash balance in the State Treasurer's Operating Fund, without affecting the fund's overall appropriation, for technology modernization and system upgrades.

The Treasurer's Office seeks to upgrade six desktop computers that were purchased between 2013 and 2015, and to purchase ten laptop computers to aid in improving disaster-recovery contingencies.

The Treasurer's general ledger was built in 1998 and has been modified over the past 10 years. The system is used to record all deposits and wires received by the State and tracks outstanding monies deposited at the bank but not recorded in the Arizona Financial Information System (AFIS). The system also processes all invest and divest actions and records the purchases, sales, interest, and maturity payments made to the State.

The distributions portion of the system allows the office to facilitate the distribution of State shared revenues to cities, towns, counties, charters, and district schools. The distributions module allows the office to track all outgoing monies, warrants, automated clearinghouses (ACH), and wires to facilitate entry into AFIS. Finally, all court fees collected for all State agencies are processed in the system to facilitate deposits to appropriate State agencies. All of the ancillary functions feed into the main general ledger portion of the system, which creates a ledger report that is uploaded to AFIS and made publicly available.

The Executive Budget includes a legislative change allowing the use of the cash balance in the State Treasurer's Operating Fund for this funding issue in FY 2020, which avoids an appropriation increase and results in no impact to the General Fund.

### Portfolio Manager and General Counsel FTE Positions

The Executive Budget permits the Treasurer's Office to use up to \$200,000 of the existing cash balance in the State Treasurer's Operating Fund without affecting the fund's overall appropriation. Additionally, the Executive Budget includes an increase in FTE positions for an additional Portfolio Manager FTE and a General Counsel FTE in the Treasurer's Office.

PORTFOLIO MANAGER. Currently there are five FTE positions allocated to the investment room: three Portfolio Managers and two Financial Analysts. These personnel manage the State's investments. There has been no increase in staffing since FY 2010, yet the State's Assets Under Management have grown from \$10.2 billion in FY 2010 to \$15.4 billion in FY 2018. Over that time, the State's investment portfolio also increased in complexity; stocks owned have risen from 700 to 1,500.

Portfolio Managers maintain proper risk management of assets. This additional FTE position will enhance the Treasurer's administration of the State's Assets Under Management.

GENERAL COUNSEL. With more than \$15 billion in Assets Under Management, the Treasurer's office is in need of general legal counsel to review complex financial management contracts to protect the State's interest in security transactions and banking relationships and to keep up with the complexity of federal regulation from the 2010 Dodd Frank Act. These regulations continue to increase in complexity and affect the broker-dealers and financial institutions with which the Treasurer's office interacts. These regulations are issued by the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, and the Office of the Comptroller of the Currency, as well as the traditional regulatory bodies such as the Securities and Exchange Commission.

The joint regulatory protocols and amendments to existing contracts require in-house counsel so that portfolio managers can concentrate their time on investing and not on legal contracts and agreements.

The Executive Budget includes a legislative change allowing the use of the cash balance in the State Treasurer's Operating Fund for this funding issue in FY 2020, which avoids an appropriation increase and results in no impact to the General Fund.

<b>Funding</b>	<b>FY 2020</b>

## Governor's Office on Tribal Relations

The Governor's Office on Tribal Relations has a Legislative mandate to assist each State agency in providing equitable programs and services and establishing intergovernmental agreements with tribal nations and communities. The Office reports annually on the implementation of tribal consultations policies; hosts an annual state-tribal summit; requests information to advance intergovernmental cooperation; facilitates Indian Nations and Tribes Legislative Day; implements town hall forums for American Indian people to impart their knowledge on statewide issues; serves as an informational clearinghouse and provides training on cross-cultural situations; promotes increased participation of American Indians in state affairs; and designs and initiates programs to stimulate economic growth of the American Indian population. The office may establish executive committees as needed.

## Major Executive Budget Initiatives and Funding

### Arizona Teachers Academy

The Executive Budget includes an increase in funding for the Arizona Teachers Academy at Arizona's community colleges and three public universities.

The Arizona Teacher Academy was established in 2017 as one step in addressing the State's critical teacher shortage. Since then, the program has been met with enthusiasm and interest from aspiring teachers, and the Executive is eager to expand it.

Teacher candidates who enter the Academy are extended a waiver that, through net institutional aid, federal grants, and other scholarships, covers the cost of tuition and mandatory fees. Similarly, the student agrees to teach one year in Arizona for every year that they receive a waiver. The Academy will continue to offer this benefit but will offer it for up to four academic years (eight semesters) at the university level.

Moreover, if a student is not enrolled in a university's college of education, or in an undergraduate education degree path, but is pursuing a degree in a Science, Technology, Engineering, Mathematics (STEM) discipline, the Academy will cover the cost for up to two academic years (four semesters). In exchange, students must teach one year in Arizona for every year they participate in the Academy.

As an added incentive, university juniors and seniors will receive a \$1,000 yearly stipend during their studies if they agree to teach in one of the following critical-need areas upon graduation: STEM, special education, low-income, rural, and tribal.

Finally, beginning in the 2019-2020 academic year, the Academy will accept bachelor's or advanced degree holders who are participating in an Arizona Department of Education-approved teacher certification post-baccalaureate program. These students will receive waivers to complete the program. Students who agree to teach in a critical shortage area upon completion of the post-baccalaureate program will receive an additional \$1,000 stipend to assist with other schooling costs.

The Executive contemplates that the Board of Regents and the Community College Coordinating Council will jointly establish a steering committee to develop outreach, recruitment, and support strategies for Academy participants.

# Arizona State University

Arizona State University is "one university in many places" - four distinctive campuses throughout metropolitan Phoenix that create a federation of unique colleges and schools. They are all ASU, providing access to all the university's strength and innovation, yet each offers attributes and focuses to meet the needs of any learner. ASU at the Tempe Campus, which includes the Downtown Phoenix campus, is a major public research university offering programs from the baccalaureate through the doctorate. ASU at the West Campus is a comprehensive campus that balances the traditions of liberal arts education with responsiveness to the dynamics of workforce requirements. ASU at the Polytechnic Campus is a nexus for studies in interdisciplinary sciences, engineering, management, technology, and education. Industry partnerships are key to the campus' distinctive course offerings, which provide opportunities for project-based learning within advanced laboratory spaces.

## Agency Budget Summary

	<b>FY 2018 Actual</b>	<b>FY 2019 Exp. Plan</b>	<b>FY 2020 Net Change</b>	<b>FY 2020 Exec. Bud.</b>
General Fund	5,985.8	328,775.8	13,405.0	342,180.8
Other Appropriated Funds	994,310.2	663,674.4	0.0	663,674.4
Non-Appropriated Funds	1,979,722.5	2,200,607.7	59,301.2	2,259,908.9
<b>Agency Total</b>	<b>2,980,018.5</b>	<b>3,193,057.9</b>	<b>72,706.2</b>	<b>3,265,764.1</b>

## Major Executive Budget Initiatives and Funding

### Additional Investment

The Executive Budget includes an increase in one-time funding that universities may use for general operating expenditures or capital improvements.

The funding will allow universities to address high-priority needs and help support costs associated with educating Arizona resident students. The funding will be allocated proportionally to universities based on their resident student enrollment.

<b>Funding</b>	<b>FY 2020</b>
General Fund	18,900.0
<b>Issue Total</b>	<b>18,900.0</b>

## Executive Budget Baseline Changes

### Remove One-Time FY 2019 Appropriations

The Executive Budget includes a decrease in funding for one-time operating expenditures and academic initiatives.

The FY 2019 Budget included a one-time \$4.2 million appropriation for capital and operating expenditures, \$1 million for the School of Civic and Economic Thought and Leadership, and \$250,000 for the Economic Development special line item.

The Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(5,495.0)
<b>Issue Total</b>	<b>(5,495.0)</b>

## Executive Budget Supplemental Changes

### Health Insurance Trust Fund Cost Restoration

The Executive Budget includes FY 2019 supplemental funding for the State's Health Insurance Trust Fund (HITF) premiums.

Due to an expected HITF shortfall for FY 2019, premiums were raised and charged against several university funds, including the Collections Fund. The supplemental funding covers the expected increase amounts, net of the General Fund appropriation made for FY 2019 to cover the premium increases.

Funding	FY 2019
General Fund	4,551.0
<b>Issue Total</b>	<b>4,551.0</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

# Northern Arizona University

Founded in 1899, Northern Arizona University is a vibrant university committed to teaching as learning, research as innovation, and service as shared leadership.

With an estimated enrollment in fall 2018 of approximately 31,000 students, Northern Arizona University reaches out to students regionally with statewide campuses and opportunities for distance learning. From its inception, NAU has implemented innovative and accountable teaching practices, including the effective use of technology

Accredited by the Higher Learning Commission, the university embraces diversity and promotes inclusion across the university community as a means to prepare graduates to contribute to the social, economic, and environmental needs of a culturally rich society. It inspires students to become active citizens, leaders, visionaries, and problem solvers with an understanding of global issues. The reaffirmation of the university's accreditation occurred in 2017-2018, and the university celebrated its successful reaccreditation extension through 2027-2028.

In addition to integrating sustainability themes across curriculum, Northern Arizona University's beautiful 683-acre campus models sustainable operations through multi-modal transportation, environmentally responsible waste disposal, energy-efficient green construction, and sustainability in food procurement. In March 2017, the University maintained a gold rating from the Sustainability, Tracking, Assessment and Rating System (STARS) of the Association for the Advancement of Sustainability in Higher Education, a rating initially achieved in 2014.

<b>Agency Total</b>	<b>655,925.7</b>	<b>681,434.6</b>	<b>24,810.7</b>	<b>706,245.3</b>

## Major Executive Budget Initiatives and Funding

### Additional Investment

The Executive Budget includes an increase in one-time funding that universities may use for general operating expenditures or capital improvements.

The funding will allow universities to address high-priority needs and help support costs associated with educating Arizona resident students. The funding will be allocated proportionally to universities based on their resident student enrollment.

<b>Funding</b>	<b>FY 2020</b>
General Fund	6,650.0
<b>Issue Total</b>	<b>6,650.0</b>

### Biomedical Research

The Executive Budget includes an ongoing increase in funding for a biomedical research grant.

From FY 2015 to FY 2019, NAU received \$3 million annually for biomedical research, which the institution awarded to the Translational Genomics Research Institute (TGen). TGen is a not-for-profit organization whose mission is to make genomic discoveries that advance human health. To ensure that adequate funding for TGen continues, the Executive Budget restores this funding.

<b>Funding</b>	<b>FY 2020</b>
General Fund	3,000.0
<b>Issue Total</b>	<b>3,000.0</b>

### Executive Budget Baseline Changes

#### Remove One-Time and Ongoing FY 2019 Appropriations

The Executive Budget includes a decrease in funding for one-time operating expenditures and academic initiatives.

The FY 2019 budget included an ongoing appropriation of \$3 million for the Biomedical Research special line item and one-time appropriations of \$1.6 million for capital and operating expenditures and \$500,000 for the Economic Policy Institute.

The Executive Budget backs out this funding in FY 2020.

<b>Funding</b>	<b>FY 2020</b>
General Fund	(5,090.2)
<b>Issue Total</b>	<b>(5,090.2)</b>

### Executive Budget Supplemental Changes

#### Health Insurance Trust Fund Cost Restoration

The Executive Budget includes FY 2019 supplemental funding for the State's Health Insurance Trust Fund (HITF) premiums.

Due to an expected HITF shortfall for FY 2019, premiums were raised and charged against several university funds, including the Collections Fund. The supplemental funding covers the expected increase amounts, net of the General Fund appropriation made for FY 2019 to cover the premium increases.

<b>Funding</b>	<b>FY 2019</b>
General Fund	91.5
<b>Issue Total</b>	<b>91.5</b>

*In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.*

# University of Arizona - Main Campus

The University of Arizona in Tucson, including branch campuses in Sierra Vista and downtown Phoenix, is a land-grant, doctoral research university. Its research and development expenditures place it among the nation's top public universities and it is a member of the Association of American Universities. It offers a broad array of programs leading to degrees from baccalaureate through the doctorate. It has a total student body enrollment of over 42,000 full-time and part-time students. As a land-grant university, it maintains programs in production agriculture, mining, and engineering and serves the State through its cooperative extension services, technology transfer, economic development assistance, distributed education, and cultural programming. The University provides distinguished undergraduate, graduate, and professional education; excels in basic and applied research and creative achievement; and promotes the integration of these activities and outcomes into advancement of Arizona's economy.

# University of Arizona - Health Sciences Center

The Arizona Health Sciences Center in Tucson is the State's only academic health sciences center. It provides the state and its people with education, research, patient care, and services through its Colleges of Medicine, Nursing, Pharmacy, Public Health, Phoenix Bio-Medical Campus, University Medical Center, and university physicians. AHSC serves as the core of a broad network of State-wide health services, health education, health restoration, health promotion, and illness prevention.

## Executive Budget Supplemental Changes

### Health Insurance Trust Fund Cost Restoration

The Executive Budget includes FY 2019 supplemental funding for the State's Health Insurance Trust Fund (HITF) premiums.

Due to an expected HITF shortfall for FY 2019, premiums were raised and charged against several university funds, including the Collections Fund. The supplemental funding covers the expected increase amounts, net of the General Fund appropriation made for FY 2019 to cover the premium increases.

<b>Funding</b>	<b>FY 2019</b>
General Fund	650.3
<b>Issue Total</b>	<b>650.3</b>

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the [Statewide Adjustment section](#), which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2020 include changes for health insurance premiums, IT pro-rata charges, retirement contributions, rent charges, risk management premiums, charges for shared services at 1740 West Adams, and pay increases.

# Department of Veterans' Services

The Arizona Department of Veterans' Services assists veterans and their dependents obtain state and federal entitlements. The Department operates the State Veteran Homes in Phoenix and Tucson. Both homes are self-funded, skilled nursing facilities that provide short and long term care services to veterans and their spouses. The Department operates three state veterans cemeteries which are located in Sierra Vista, Marana, and Camp Navajo. The Department is the State Approving Agency that qualifies schools to offer curriculum to veterans under the GI Bill. The Department also administers the Military Family Relief Fund, coordinates statewide services to eliminate homelessness, decrease veteran suicides and increase employment opportunities for Arizona veterans.

## Major Executive Budget Initiatives and Funding

### Veteran Suicide Prevention

The Executive Budget includes an increase in funding for Arizona's "Be Connected" suicide prevention program.

The federal Clay Hunt Suicide Prevention for American Veterans Act (2015) required the U.S. Department of Veterans Affairs (VA) to collaborate with other entities in a three-year pilot program on suicide prevention efforts. That pilot program led to the creation of the Be Connected program, which is a collaborative, statewide effort focused on reducing deaths by suicide in Arizona's military and veteran population. The Be Connected program connects service members, veterans, and their families to support and resources. In calendar year 2018, the program assisted over 2,000 individuals.

While the VA's Arizona offices have voluntarily provided support with funding and personnel since 2017, they have not made a long-term commitment. To ensure that the program continues to benefit Arizona's military families, the Executive Budget includes ongoing State support.

Funds will be utilized across all three components of the program, which include:

1. Call: operation of a 24/7 support line.
2. Match: an online resource match tool and community-based navigators.
3. Learn: training for service members, veterans, family members, providers, and community members to help veterans in need.

Additionally, funds will be used to hire a Program Project Specialist who will help coordinate State resources. This position will also conduct further community outreach to find additional public, private, and non-profit partnership opportunities and increase awareness of the critical resources available to Arizona's military and veteran communities.

# Department of Water Resources

ADWR administers the State's water laws through the compilation and analysis of water supply and demand data, coordination of research to augment water supplies for future demand and development of policies that promote conservation and water availability.

ADWR defends the integrity of the state water supply by overseeing surface water, groundwater, and Colorado River water supplies. As the technical experts for the state, ADWR represents and supports the General Stream Adjudication proceedings and negotiates with national and international partners.

ADWR protects Arizona against the loss of life and property through the implementation of the dam safety, flood warning, and floodplain management programs.

Non-Appropriated Funds	14,560.6	12,817.2	0.0	12,817.2
<b>Agency Total</b>	<b>30,355.4</b>	<b>31,414.1</b>	<b>34,500.0</b>	<b>65,914.1</b>

## Major Executive Budget Initiatives and Funding

### Drought Contingency Plan

The Executive Budget includes an increase in one-time funding for the Drought Contingency Plan.

The FY 2018 budget committed \$6 million over three years to proactively preserve elevations at Lake Mead by incentivizing Arizona's Colorado River water users to forego a portion of their allocation, with the goal of preventing Lake Mead's water level from falling below the first shortage step of 1,075 feet of elevation. To date, the Arizona Department of Water Resources (ADWR) has expended \$2 million on this effort. Nevertheless, the U.S. Bureau of Reclamation is expected to issue a shortage declaration by 2020.

ADWR has been in negotiations with California, Nevada, and the Bureau of Reclamation to prepare a Lower Basin Drought Contingency Plan (DCP) to further protect water levels at Lake Mead. While the plan will likely not head off the first shortage declaration, the DCP will help reduce the likelihood of Lake Mead falling to more critical elevations, such as the severe 1,025 feet.

In the summer of 2018, ADWR and the Central Arizona Project jointly convened a committee of Arizona stakeholders to develop an intrastate DCP implementation plan that balances the wide-ranging interests of the state's Colorado River water users. Many stakeholders, including the State of Arizona, plan to contribute significant resources for implementation. The Executive Budget includes \$30 million, in addition to the original \$6 million, for conservation efforts dedicated to protecting water levels in Lake Mead, and an additional \$5 million to support infrastructure projects for agriculture, to secure Arizona's water future.

<b>Funding</b>	<b>FY 2020</b>
General Fund	35,000.0
<b>Issue Total</b>	<b>35,000.0</b>

## Executive Budget Baseline Changes

### Remove One-Time FY 2019 Appropriations

The Executive Budget includes a decrease in funding for a one-time Northwest Basins groundwater study and a deposit to the Water Protection Fund.

The FY 2019 budget included a one-time appropriation of \$100,000 for the Northwest Basins groundwater study and \$400,000 for a one-time deposit to the Water Protection Fund. The Executive Budget backs out this funding in FY 2020.

# Executive Budget Legislative Changes

---

The following Legislative changes are needed to implement the FY 2020 Executive Budget.

## Statewide

---

### COSF Rental Rate Changes

As permanent law, change the COSF rental rate charged by ADOA from \$16.08 per square foot to \$17.87 per square foot for office space and from \$5.79 per square foot to \$6.43 per square foot for storage space.

### IT Pro Rata Rate Change

As permanent law, change the Information Technology pro rata rate from 0.3% to 0.43%.

### Forms for Budget Unit Estimates; Date of Transmittal

As permanent law, change the deadline, from June 1 to July 1, for the Governor to provide the forms to be used by budget units in submitting their budget estimates and request for appropriations.

### Increase the Budget Stabilization Fund Balance Cap

As permanent law, amend A.R.S. § 35-144 to increase the fund balance cap to 10% of General Fund Revenue

## Administration, Department of

---

### Create Cybersecurity Risk Management Fund

As permanent law, create the Cybersecurity Risk Management Fund for costs associated with a cybersecurity risk management program.

### Cybersecurity Risk Management Fund Transfers

As session law, transfer \$10.7 million from the Risk Management Fund and \$10 million from the Construction Insurance Fund into the newly Created Cybersecurity Risk Management Fund.

### Extend Automation Projects Appropriations

As session law, extend the lapsing date of FY 2018 automation project appropriations to FY 2020 and the lapsing date of FY 2019 automation project appropriations to FY 2021. FY 2020 automation project appropriations will lapse in FY 2022. As permanent law, automation project appropriations will be three-year appropriations.

### Reallocate AFIS Charges

As session law, continue to allow charges for the Arizona Financial Information System to be reallocated among State agencies based on transactions within the accounting system.

## Settlement Authority

As session law, allow the Department to use the Risk Management Fund, Automation Operations Fund, and Information Technology Fund to settle any debts owed to the federal government due to disallowed costs.

## Surplus Property Sales Proceeds

As session law, continue to allow Surplus Property to expend revenues it receives in excess of its appropriation.

## Web Portal Fund Use

As permanent law, amend A.R.S. § 18-421 to expand the allowable uses of the State Web Portal Fund to include operations of the Government Transformation Office.

## Agriculture, Department of

---

### Continue Authority to Raise Fees

As session law, continue to allow the Director to increase or lower fees and exempt changes to those fees from rulemaking.

## AHCCCS

### Arizona Health Care Cost Containment System

---

### County Acute Care Contributions

As session law, require counties to contribute \$46.1 million, through county acute care contributions, for the AHCCCS Acute Care program.

### County ALTCS Contributions

As session law, require counties to contribute a total of \$283.3 million for the AHCCCS Arizona Long Term Care System.

### County Expenditure Limitations

As session law, continue to exempt from the county expenditure limitations all county payments that are deposited into the Budget Neutrality Compliance Fund for Proposition 204 administration.

### County Transfer

As session law, continue to avoid violation of the Patient Protection and Affordable Care Act's maintenance-of-effort provisions, and transfer back to counties any monies that exceed the county portion of AHCCCS funding in place in March 2010.

### **Disproportionate Share Hospital**

As session law, the Disproportionate Share Hospital payments for FY 2020 shall not exceed \$88,721,200 for the Maricopa Special Healthcare District and \$28,474,900 for the Arizona State Hospital. The private hospital DSH program shall be \$884,800.

### **Managed Care Organization Risk Contingency and Administrative Funding**

As session law, continue the reduction in the capitation rates paid to the health plans, from 2% to 1% in risk contingency and from 8.5% to 8% in administrative allowance, imposed annually since contract year 2011.

### **KidsCare**

As permanent law, eliminate changes in Laws 2017, Chapter 309, Section 7 that require a KidsCare program freeze if the federal match falls below 100%.

### **Prescription Drug Rebate Fund Transfer**

As session law, transfer \$59 million to the General Fund from the Prescription Drug Rebate Fund - State Account.

## **Attorney General**

---

### **Use of the Consumer Remediation Subaccount**

As session law, continue to allow the Attorney General to expend monies up to \$1,489,000 from the Consumer Remediation Subaccount of the Consumer Restitution and Remediation Revolving Fund for the Attorney General's Case Management Information Technology System Upgrade and Licensing Compliance. This allowance would be limited to FY 2019 and FY 2020.

### **State Aid to Indigent Defense Fund Transfer**

As session law, transfer to the State Aid to Indigent Defense Fund any unobligated balance from the Attorney General's State Aid to Indigent Defense Fund.

### **Colorado River Land Claims Revolving Fund Transfer**

As session law, on June 30, 2019, transfer to the General Fund any unobligated balance from the Colorado River Land Claims Revolving Fund.

## **AZPOST**

---

### **Authority to Set Fees**

As session law, continue to allow the Director to set fees for Arizona Peace Officer Standards and Training Board services.

## **Corporation Commission**

---

### **K-12 Broadband Expansion**

As session law, continue to require the Corporation Commission to make available to eligible applicants all monies

collected for K-12 broadband expansion that remain after the 2018 E-Rate cycle in subsequent years.

## **Capital Outlay**

---

### **Extend Capital Appropriations**

As session law, extend the lapsing date of FY 2018 capital outlay and building renewal appropriations to FY 2020 and the lapsing date of FY 2019 capital outlay and building renewal appropriations to FY 2021. FY 2020 capital outlay and building renewal appropriations will lapse in FY 2022. As permanent law, capital outlay and building renewal appropriations will be three-year appropriations.

## **Commerce Authority, Arizona**

---

### **Arizona Competes Fund Deposit**

As permanent law, amend Laws 2018, Chapter 283, Section 3, increasing the Arizona Competes Fund deposit to \$12.5 million starting in FY 2020 and \$11.5 million in each fiscal year after FY 2020.

## **Community Colleges**

---

### **Science, Technology, Engineering, Mathematics (STEM) and Workforce Programs Funding Formula**

As session law, continue to suspend the community college capital funding formula outlined in A.R.S. § 15-1464.

### **Operating Funding Formula**

As session law, continue to suspend the community college operating funding formula outlined A.R.S. § 15-1466.

## **Economic Security, Department of**

---

### **Arizona Industries for the Blind**

As session law, transfer any unobligated balance from the Arizona Industries for the Blind fund to the successor nonprofit corporation per Laws 2016, Second Regular Session, Chapter 341.

### **Budget Stabilization Fund Bridge Loan**

As session law, allow the Department to utilize up to \$25 million from the Budget Stabilization Fund as a bridge loan on April 1, 2019, and April 1, 2020, with the requirement that it be paid back in full no later than September 1 in the calendar year the bridge loan was provided.

### **Child Care Assistance Adjustments**

As session law, continue to allow the Department to reduce maximum eligibility levels for child care assistance in order to manage within available funds.

### **Child Support Enforcement Fund**

As session law, continue to allow the Department to expend Child Support Enforcement Fund retained earnings, fees, and federal incentives in excess of \$16.9 million.

### **Domestic Violence Prevention Fund**

As session law, continue to allow the Department to expend Domestic Violence Prevention Fund revenues in excess of \$2.2 million.

### **JOBS Contract Savings**

As session law, due to lower caseloads, continue to redirect to the Governor's Office \$2 million of the Governor's Workforce Innovation and Opportunity Act (WIOA) allocation from the JOBS special line item within the Department of Economic Security (DES).

### **TANF Cash Benefits Drug Testing**

As session law, continue to require Temporary Assistance for Needy Families (TANF) Cash Benefits recipients to pass a drug test in order to be eligible for benefits, if the Department has reasonable cause to believe that the recipient uses illegal drugs.

### **Division of Child Support Enforcement**

As permanent law, replace all mentions of the "Division of Child Support Enforcement" (DCSE) with the "Division of Child Support Services" (DCSS).

### **Division of Child Support Fee Increase**

As permanent law, increase the annual fee for never-assisted child support cases from \$25 to \$35 per an amendment to Section 454(6)(B)(ii) of the federal Social Security Act.

## **Education, Department of**

---

### **Deferral of State Aid**

As session law, continue the deferral of school district State Aid in the amount of \$930,727,700.

### **Inflation Adjustment**

As permanent law, increase by 2% the base level amount prescribed in A.R.S. § 15-901(B)(2), the transportation funding levels prescribed in A.R.S. § 15-945(A)(5), and the charter school Additional Assistance amounts prescribed in A.R.S. § 15-185(B)(4).

### **Results Based Funding Allocation**

As permanent law, allocate Results-Based Funding using letter grade designations as prescribed in A.R.S. § 15.249.08 to include letter grade "B" designated schools with 60% or more of students qualifying for free and reduced price lunch. As permanent law, require reporting requirements for results-based funding recipients.

### **School Counselors and Social Workers**

As permanent law, amend A.R.S. § 15-154 to create a competitive grant program to fund salaries for school counselors or social workers.

### **School Resource Officers**

As session law, require the Department to use the \$9.2 million allocated to the School Safety Program to fund school resource officers for schools that applied but did not receive funding in the FY 2017-FY 2020 grant cycle.

### **Use of the Empowerment Scholarship Account Fund**

As session law, notwithstanding A.R.S. §15-2402 to allow the Department of Education to use monies in the Empowerment Scholarship Account Fund for school finance system replacement.

## **Emergency and Military Affairs, Department of**

---

### **Military Installation Fund Use**

As session law, extend to FY 2020 the lapsing date of the FY 2019 appropriation of \$1.25 million from the Military Installation Fund for the construction of a new Readiness Center.

## **Environmental Quality, Department of**

---

### **Underground Storage Tank (UST) Fund Cap**

As session law, continue to allow the Department to use up to \$6,531,000 from the UST Fund for administrative costs.

### **Vehicle Emissions Inspection (VEI) Fund Use for Travel Reduction Program**

As permanent law, amend A.R.S. § 49-544 to allow the Department to use the VEI Fund to pay for the travel reduction program.

## **Fingerprinting, Board of**

---

### **Board of Fingerprinting Fund Use**

As session law, allow the Department of Public Safety (DPS) use the Board of Fingerprinting Fund for capital expenditures.

## **Funeral Directors and Embalmers, Board of**

---

### **Extend Spending Authority**

As session law, monies appropriated for document digitization services are made non-lapsing through June 30, 2020.

## **Gaming, Department of**

---

### **Authority to Raise Fees**

As session law, allow the Director of the Boxing and Mixed Martial Arts Commission to raise fees.

## Health Services, Department of

---

### Alzheimer's Research

As session law, continue to notwithstanding A.R.S. § 36-773 in order to allow the Department to use Tobacco Tax and Health Care Fund - Health Research Account monies for Alzheimer's disease research.

### Disease Control Research Fund Use

As session law, continue to allow the Disease Control Research Fund to fund the AIDS Reporting and Surveillance special line item in FY 2020.

### Restoration to Competency Funding

As session law, continue to require counties to reimburse the Arizona State Hospital for 100% of the cost of Restoration to Competency services, and allow counties to use any source of county revenue to make the transfers.

### DDD State-Only Funding

As session law, notwithstanding A.R.S. § 36-108.01 in order to allow the Department of Economic Security to use the Health Services Lottery Fund for a Division of Developmental Disabilities (DDD) State-Only shortfall in FY 2019.

## Insurance, Department of

---

### Fee Collection

As session law, continue to notwithstanding the provision that fees collected by the Department fall between 95% and 110% of the Department's appropriations.

## Judiciary

---

### Suspension of County Non-Supplanting Requirements

As session law, continue to suspend county non-supplanting requirements associated with funding for probation services, criminal case processing, and alternative dispute resolution programs, and require the counties to report on reductions in county funding as a result of the non-supplanting provisions.

### Suspension of County Reimbursement Requirements for Certain Court-Related Expenses

As session law, continue to suspend the requirement of 50% reimbursement to counties for grand jury expenses and for State-funded representation of indigent defendants in first-time capital post-conviction relief proceedings, and reimburse only the amount provided in the General Appropriation Act.

## Juvenile Corrections, Department of

---

### Eliminate County Cost Sharing

As permanent law, repeal A.R.S. §§ 41-2832 and 41-2833 as they relate to county cost sharing for Department operations.

## Navigable Stream Adjudication Commission

---

### Water Banking Fund Appropriation

As session law, continue to provide Arizona Water Banking Fund monies to pay for attorney fees.

## Parks and Trails, Arizona State

---

### Capital Appropriation Extension

As session law, extend by one fiscal year the full amount of capital appropriations of \$1.5 million made in FY 2017 and \$5.3 million made in FY 2018 for capital improvements paid from the State Parks Revenue Fund, expiring at the end of FY 2020. As permanent law, future Parks and Trails capital outlay appropriations will be three-year appropriations.

### Off-Highway Vehicle Recreation Fund

As permanent law, allow the Board to use up to \$692,100 annually from the Off-Highway Vehicle Fund for operational expenses.

## Postsecondary Education, Commission for

---

### LEAP Institutional Match

As session law, continue to require that institutions participating in the Leveraging Educational Assistance Partnership (LEAP) are to match State LEAP funds, and that LEAP's administrative expenses are to be paid from the institutional match.

## Public Safety, Department of

---

### Drug and Gang Prevention Resource Center Fund Use

As session law, allow the Department to use the Drug and Gang Prevention Resource Center Fund for operating expenses.

### Indigent Defense Fund

As session law, continue to allow the Department to use the State Aid to Indigent Defense Fund for operating expenses.

### Public Safety Equipment Fund Transfer

As session law, continue to require the Treasurer to deposit directly to the General Fund any monies over \$1.2 million, as defined by A.R.S. § 41-1723(B).

### Public Safety Fee – FY 2020 Expenditures

As session law, require the Department to spend any excess revenue generated by the Public Safety Fee in FY 2020 to pay for new FY 2020 Highway Patrol costs before spending General Fund monies appropriated to cover those costs.

### Fund Transfers

As session law, transfer to the State Highway Fund the following amounts from the following funds:

- Safety Enforcement And Transportation Infrastructure Fund: \$1,643,500

- Motor Vehicle Liability Insurance Enforcement Fund: \$1,250,000
- Highway Patrol Fund: \$15,492,300

## Regents, Board of

---

### Arizona Financial Aid Trust

As session law, continue to suspend the requirement to provide a General Fund match of two dollars for every one dollar raised by a surcharge on resident undergraduate tuition to provide need-based financial aid to resident students.

### Arizona Teachers Academy

As permanent law, amend A.R.S. § 15-1655(A) to require the Board of Regents and the community colleges to establish a steering committee to implement the Arizona Teachers Academy, to incentivize Arizona resident and non-resident students to enter the teaching profession and to commit to teach in Arizona public schools. Further, the steering committee shall develop metrics to assess the efficacy of the Academy and an outreach plan to recruit students for the Academy.

As permanent law, amend A.R.S. § 15-1655(B) to make eligible, for the Arizona Teachers Academy (1) all undergraduate students in each university college of education; (2) all undergraduate education majors enrolled outside the college of education, beginning in the first year of enrollment; and (3) all junior and senior students enrolled in any major related to science, technology, engineering, and mathematics.

As permanent law, amend A.R.S. § 15-1655(D) to establish a university priority system for students receiving funding:

- a student enrolled in the college of education,
- a resident student, and
- seniors and juniors.

As permanent law, amend A.R.S. § 15-1655 to require that a non-education major student complete one or more teacher preparation courses, which will ensure the likelihood that the student will transition into a post-baccalaureate program following graduation, required for receiving certification to teach.

As permanent law, amend A.R.S. § 15-1655(D) to require participating community colleges to provide, to each student who is enrolled in the Arizona Teachers Academy, a waiver for all tuition and fees associated with the student's post-baccalaureate program — net of any institutional aid, federal grants, and other scholarships received — for no more than two years (i.e., four semesters).

As permanent law, amend A.R.S. § 15-1655(D) to require each university to provide, to each full-time student who is enrolled in the Arizona Teachers Academy, an annual waiver for all tuition and fees associated with the student's program of study

— net of any institutional aid, federal grants, and other scholarships received — for a maximum of four academic years (i.e., eight semesters).

As permanent law, amend A.R.S. § 15-1655(D) to require that, as a prerequisite for admission, an applicant for the Arizona Teachers Academy must possess and, after admission, must maintain a minimum grade-point average of 3.2 on a 4.0 scale.

As permanent law, amend A.R.S. § 15-1655(D) to require that, as a prerequisite for admission, a post-baccalaureate applicant for the Arizona Teachers Academy has graduated from an accredited bachelor's degree program with a minimum grade-point average of 3.2 on a 4.0 scale.

As permanent law, amend A.R.S. § 15-1655(D) to require universities to award, during their studies, a \$1,000 annual stipend to senior and junior Arizona Teachers Academy participants who agree to teach, after graduation, a subject in a critical-need discipline (e.g., STEM or special education) or in a critical-need environment (rural or low-income schools), subject to the same conditions outlined in Section D, Paragraphs 1, 2, 3 and 4.

As permanent law, amend A.R.S. § 15-1655(D) to require community colleges to award, during their studies (for no more than 2 years), a \$1,000 annual stipend to Arizona Teachers Academy participants who agree to teach, after graduation, a subject in a critical-need discipline (e.g., STEM or special education) or in a critical-need environment (rural or low-income schools), subject to the same conditions outlined in Section D, Paragraphs 1, 2, 3 and 4.

### Tuition Remittance

As permanent law, amend A.R.S. § 35-146 to allow each university to retain revenue from tuition and fees instead of remitting those monies to the State Treasurer.

## School Facilities Board (SFB)

---

### New School Construction

As permanent law, require the SFB to fund the construction of new schools, if needed, in two years for an elementary school or in three years for a middle or high school.

### New School Construction Authority Reduction

As permanent law, at the point when the SFB approves the distribution of new school construction funding, allow the SFB to decline a portion of the funding if the square footage is no longer needed due to revised enrollment projections.

### School District Capital Plan Submittal Date

As permanent law, change the date, from July 1 to September 1, for school districts to submit their capital plans to the SFB.

### **New School Construction Approval Date**

As permanent law, change the date, from December 1 to December 15, for the SFB to approve new school construction projects.

### **SFB Authority to Procure Assessment Services**

As permanent law, give the SFB the authority to procure professional services to assess, and determine a scope of work to address, building deficiencies for the building renewal and emergency deficiency corrections programs.

## **Transportation, Department of**

---

### **Office Furnishings: New Flagstaff Office**

As session law, make non-lapsing through FY 2020 an FY 2018 appropriation to equip and furnish a new Flagstaff office building.

## **Treasurer's Office**

---

### **State Treasurer's Operating Fund**

As session law, allow the State Treasurer to expend \$300,000 from the cash balance of the State Treasurer's Operating Fund in excess of its appropriation.

## **Water Resources, Department of**

---

### **Water Fees**

As permanent law, allow the Director to raise fees of up to \$100,200 annually and exempt from rulemaking any changes to those fees.

### **Water Protection Fund**

As session law, continue to allow the Arizona Water Protection Fund Commission to grant up to \$336,000 to the Department to be used for administrative costs.

# Major Executive Budget Footnote Changes

---

This section contains the Executive's major additions, deletions, or modifications to the FY 2020 General Appropriation Act. The Executive remains neutral on all footnotes expected to continue unless they are one-time in nature or modified below.

## Administration, Department of

---

### Transit Subsidy

Delete the footnote that dictates the level of subsidy that the Department may provide for public transit opportunities and replace with a footnote requiring the Department to report on pilot projects implemented in FY 2020 with those monies.

### Enterprise Email Revenue

Add a footnote to restrict to \$10.42 per user per month the amount that the Department may charge for the enterprise email and calendar service.

## AHCCCS

### Arizona Health Care Cost Containment System

---

#### Hospital Rates

Delete the footnote that increases inpatient and hospital rates by 2.5%.

#### Disproportionate Share Hospital Local Pool

Delete the footnote that appropriates from political subdivisions disproportionate share hospital payments in excess of \$21.7 million.

#### Nursing Facility Assessment

Set Nursing Facility supplemental payments at \$109.8 million and continue to stipulate that any supplemental payments received that exceed that amount be appropriated.

#### Graduate Medical Education

Set Graduate Medical Education supplemental payments at \$293.6 million and continue to stipulate that any supplemental payments received that exceed that amount be appropriated.

#### Nursing Facility Rates

Delete the footnote that increases skilled-nursing assisted-living facility provider rates by 3%.

## Capital Outlay

---

### State Fair Repayment

Add a footnote to require the Exposition and State Fair to transfer \$300,000 from capital outlay to the Department of Administration for repayment of building renewal funds.

## Child Safety, Department of

---

### Out-of-Home Population Benchmark

Delete the footnote that sets a quarterly benchmark for a reduction in the number of children in out-of-home care.

## Commerce Authority, Arizona

---

### Broadband Grant Expenditures

Add a footnote that requires the Arizona Commerce Authority to expend at least \$3 million of the FY 2020 AZ Competes Fund deposit for rural broadband development grants.

## Education, Department of

---

### Career and Technical Education Incentive Program

Add a footnote that states that monies appropriated for the career and technical incentive program are intended to help fund a grant program for local education agencies. This program will reward high schools with graduates that earn a specific industry certification, up to \$1,000 per graduate. Approved certifications will be identified annually by the Arizona Commerce Authority. If the appropriated amount is insufficient to fund all grant requests, the Department shall reduce grant amounts on a proportional basis in order to cap total statewide allocations at \$10 million. The appropriated amount is exempt from the provisions of A.R.S. § 35-190 relating to lapsing of appropriations through FY 2021.

## Forestry and Fire Management, Department of

---

### Hazardous Vegetation

Continue the footnote to make the appropriation for the Hazardous Vegetation Removal special line item non-lapsing through June 30, 2021.

## Northern Arizona University

---

### Biomedical Research Reporting

Continue the footnote that requires a nonprofit foundation that receives monies from Northern Arizona University for biomedical research to annually submit an expenditure and performance report to Northern Arizona University.

# General Fund Revenue By Agency

	(in thousands)		
	Actual	Estimate	Estimate
	FY 2018	FY 2019	FY 2020
<b><u>TAXES</u></b>			
Individual Income	4,544,087.0	4,801,000.0	5,008,630.0

\*Other Appropriated Funds Revenues include all revenues for funds which may only be partially subject to statutory or legislative appropriation. The expenditures shown in the "Other Funds Budget Summary" are for the appropriated portion of these funds only and may represent only a small portion of the funds' total expenditures. There are several funds where a General Fund appropriation is deposited into an "Other Appropriated Fund" and these deposits are reflected in the figures above; as such General and Other Fund Revenues may not sum to total State revenue.

# Assumptions and Methodology for Developing the Executive Budget

---

Preparing the State budget is a 12-month process that influences the size and scope of government for the State of Arizona.

A.R.S. § 35-125 requires that the General Appropriations Act include revenue and expenditure estimates for the three subsequent years. The Executive Budget provides those estimates for FY 2018, FY 2019, and FY 2020.

## Budget Process

---

The budget process begins on or before July 1, when the Governor's Office of Strategic Planning & Budgeting (OSPB) provides the instructions and software required for agencies to submit their budget information. By statute, agency information must be submitted to OSPB by September 1. Copies of the agencies' budget submissions are also provided to the Joint Legislative Budget Committee (JLBC) Staff and made available on State agency and OSPB websites.

Annually, from September 1 to no later than five days after the opening of the Legislative session, the Governor's Office reviews budget submissions and prepares the Executive Budget, which contains operating and capital outlay expenditure plans and estimated revenues for all State funding sources. It also contains any Legislative changes necessary for implementation.

Review of agency requests by the Legislative staff occurs during the fall. Legislative deliberation of the Executive Budget typically begins shortly after the regular session convenes and culminates in budget negotiations between the Legislature and the Governor. Public hearings for the appropriations of some State agencies are held by the Senate and House Appropriations committees. The committees may recommend adoption of the Executive Budget or elect to recommend a budget containing other elements. Committee recommendations may become part of floor discussions in both chambers. Legislative leadership must assemble an appropriation package acceptable to a majority of members in each chamber.

Before July 1, the Legislature enacts appropriations through the passage of General Appropriations and Capital Outlay acts and any legislative changes necessary for the implementation of the adopted budget. Once adopted by the House of Representatives and the Senate, the bills are then presented to the Governor for consideration.

Upon presentation, the Governor has five days to sign the bills into law, veto them in their entirety, line-item veto individual items of appropriation, or allow the bills to become law without a signature.

The Legislature may, with a two-thirds majority vote of each house, override a veto or line-item veto.

The operating budget is prepared and enacted using a cash basis of accounting, which recognizes expenditures when paid and revenues when received by the Treasurer.

Budgetary control is maintained by appropriation, including expenditure limits for each item of appropriation and by funding source. The allocation of an appropriation over the course of the year is also controlled.

Unless specific exemptions are enacted, operating appropriations lapse at the end of the fiscal year, and the cash becomes available for appropriation in the future. Capital outlay appropriations do not lapse until the end of the fiscal year following the fiscal year for which the money was appropriated. Unspent cash reverts to its fund source.

## Information Technology Request Guidelines

---

Funding requests for information technology projects in excess of \$25,000 must have prior approval by the Strategic Enterprise Technology Office at the Department of Administration.

## Incremental Budgeting

---

The starting point in building the budget – the base appropriation and expenditure levels – are the amounts appropriated for FY 2019. For non-appropriated funds, the starting point is the planned expenditure amounts for FY 2019. The incremental changes in the Executive Budget for FY 2020 are the changes from the FY 2019 appropriations and expenditure-plan levels.

## Types of Changes in the Executive Budget

---

The Executive Budget provides three basic types of changes to agency appropriations: baseline changes, standard adjustments, and Executive initiatives.

*Baseline changes* are comprised of caseload changes, changes due to legal mandates from a court, or actions needed for continued efficient operations. Caseload increases or decreases generally require funding changes, assuming the agency's mandates for services are unchanged.

*Standard adjustments* are a special type of baseline change that addresses technical changes to fundamental operating costs, such as annual changes for rent in State-operated buildings;

retirement contributions; health, dental, and life insurance premiums; and risk management (liability insurance) premiums.

Standard adjustments are displayed and calculated separately from the rest of each agency's budget. The itemization of each standard adjustment for each agency and fund is located in the Statewide Adjustment section of the *State Agency Budgets* book, immediately following the section for the Department of Water Resources.

Finally, *Governor's Initiatives* include all funding items beyond standard or baseline adjustments and are designed to improve or change what the State does or how an activity is performed or funded.

## Standard and Statewide Adjustments

The FY 2020 Executive Budget contains two technical adjustments.

- Retirement rates change for all retirement systems, by an average of 0.31% increase for the State Retirement System (ASRS), 0.41% increase for the Public Safety Personnel Retirement System (PSPRS), and (1.19%) decrease for the Correctional Officer Retirement System (CORP). The specific change for each retirement system by agency is calculated independently.
- Risk management charges are determined every two years for each agency. Adjustments are included for FY 2020.

The amounts of these adjustments, by agency and by fund, are listed in the *State Agency Budgets* book in the section immediately following the Department of Water Resources.

## Calculation of Employee-Related Expenditures

When changing the number of positions or personal services, the Executive Budget uses the following methodology.

**ERE.** Two separate rates are used in calculating Employee-Related Expenditures (ERE) funding requirements for changes to the number of employees or personal services:

- A health, dental, and life insurance premium rate calculates, by agency, the costs per full-time-equivalent (FTE) employee based on specific rates of participation in the State's insurance programs.
- Any changes to personal services are multiplied by the rates for FICA, workers' compensation, unemployment insurance, a DOA pro rata charge for personnel costs, an information technology pro rata charge, long-term disability insurance, retirement sick leave pro rata, and retirement contributions.

The following rates are used for the development of each of the ERE components:

**FICA.** The rate is comprised of a 6.2% Social Security tax on the first \$126,000 of an employee's personal services and a 1.45% Medicare tax on the full amount of an employee's personal services.

**Workers' Compensation.** Every two years, the Department of Administration's Risk Management Division develops workers' compensation rates based on agency loss histories, program budget needs, and data provided by the National Council on Compensation Insurance (NCCI). There are no changes in the estimated rates from FY 2018 to FY 2019.

**Unemployment Insurance.** The rate of 0.15% is continued for FY 2020.

**DOA Personnel Division Pro Rata.** The rate of 0.98% of personal services is assessed on the payroll of the majority of State agencies to fund the operations of the Personnel Division.

**Information Technology Pro Rata.** The rate of 0.2% of personal services is assessed on all agencies (except the universities and community colleges) to fund the operations of the Strategic Enterprise Technology Office at the Department of Administration.

**Disability Insurance.** Most State employees are covered by long-term disability insurance through the State Retirement System. A rate of 0.24% is charged against personal services paid to employees not in the State Retirement System and is used for disability coverage for those employees.

**Retirement.** The following rates apply to FY 2019:

Arizona State Retirement System .....	11.80%
Return to Work .....	10.53%
CORP (Tier 1 and 2)	
Administrative Office of the Court.....	32.98%
Correctional Officers .....	28.38%
Juvenile Corrections .....	47.20%
Public Safety Dispatchers .....	40.16%
Public Safety Detention Officers.....	29.22%
CORP (Tier 3 DB Plan – Probation/Surveillance)	
Administrative Office of the Court.....	29.77%
Correctional Officers .....	25.61%
Juvenile Corrections .....	44.11%
Public Safety Dispatchers .....	37.31%
Public Safety Detention Officers.....	21.53%
CORP (Tier 3 DC Plan)	
Administrative Office of the Court.....	30.52%
Correctional Officers .....	27.06%
Juvenile Corrections .....	45.56%
Public Safety Dispatchers .....	38.06%
Public Safety Detention Officers.....	22.28%
Elected Officials Retirement Plan	
Legacy System.....	61.50%
Defined Contribution Plan.....	61.63%
Return to Work .....	30.16%

#### PSPRS (Tier 1 and 2)

ASU Campus Police.....	42.25%
Attorney General Investigators .....	75.13%
DEMA Fire Fighters .....	34.75%
Game and Fish.....	106.41%
Liquor Commission Investigators.....	89.10%
NAU Campus Police.....	62.83%
Public Safety.....	90.72%
State Park Rangers.....	67.45%
UA Campus Police.....	48.03%

#### PSPRS (Tier 3 DB Plan Only)

ASU Campus Police.....	37.35%
Attorney General Investigators .....	71.69%
DEMA Fire Fighters .....	32.83%
Game and Fish.....	103.99%
Liquor Commission Investigators.....	85.96%
NAU Campus Police.....	60.49%
Public Safety.....	85.87%
State Park Rangers.....	64.26%
UA Campus Police.....	43.50%

#### PSPRS (Tier 3 DB/DC Hybrid Plan)

ASU Campus Police.....	40.35%
Attorney General Investigators .....	74.69%
DEMA Fire Fighters .....	35.83%
Game and Fish.....	106.99%
Liquor Commission Investigators.....	88.96%
NAU Campus Police.....	63.49%
Public Safety.....	88.87%
State Park Rangers.....	67.26%
UA Campus Police.....	46.50%

#### PSPRS (Tier 3 DC Plan)

ASU Campus Police .....	37.92%
Attorney General Investigators .....	72.26%
DEMA Fire Fighters.....	33.40%
Game and Fish.....	104.56%
Liquor Commission Investigators.....	86.53%
NAU Campus Police .....	61.06%
Public Safety .....	85.83%
State Park Rangers.....	64.83%
UA Campus Police.....	44.07%

University Optional Retirement.....7.00%

Funding for retirement rates changes for FY 2020 is included in the Statewide Adjustments section of the *State Agency Budgets* book.

**Retirement Accumulated Sick Leave Fund.** Funding from a 0.4% pro rata assessment against personal services is used to compensate retiring employees for a portion of unused sick leave.

## Budgeting by Government Function

Budget information is also available in a format that shows expenditures by agency programs and subprograms, which are based on each of the mandated functions for each agency as enacted by the Legislature.

For example, in the General Appropriations Act the Game and Fish Department is funded largely by a lump-sum appropriation

for the entire agency. In the *Master List of State Government Programs*, funding is identified for each specific program, such as Sportfishing or Wildlife Conservation.

## Other Items in the Executive Budget

**Appropriation Format.** The appropriation format is located at the end of each agency's section.

**Legislative Changes.** Implementation of some Executive Budget provisions requires Legislative changes. Those required changes are addressed in the *Executive Budget State Agency Budgets* book.

## Expenditures for FY 2018

By law, the Executive Budget contains a reporting of the amounts expended from the immediately preceding fiscal year's appropriations, by accounting object category. The expenditures reported are provided by each agency, with subsequent reconciliation by OSPB to the State Annual Financial Report.

## Budget Performance Measures

The Executive Budget contains agency descriptions and budget performance measures.

In accordance with A.R.S. § 35-115, the Executive Budget includes selected performance measures for the budget unit for the previous fiscal year, the current year, and the next year.

OSPB has selected a series of performance measures that will most accurately communicate how well an agency is performing its mandated functions. The intent is to offer decision makers and citizens a better understanding of agencies and their operations with a continuity of data, as the performance measures published will remain largely consistent from year to year.

In addition to the performance measures displayed in the Executive Budget, the full array of agency performance measures is published in the *Master List of State Government Programs*. This reference document also contains a comprehensive inventory of all State programs and subprograms, including descriptions, expenditure data, and performance measures for every function of State government.

## Administrative Costs

To comply with A.R.S. § 35-115, each agency reports administrative costs as a percent of its total funds budget. The definition of what constitutes an administrative cost is unique to each agency. The calculations provided are strictly for compliance with A.R.S. § 35-115 and are not meaningful for any other purpose.

\* The costs are esimated independently by each agency and include all funding sources. These administrative costs are estimated for the express purpose of satisfying A.R.S. § 35-115.5 and should not be used for any other purpose. The administrative costs for the Universities represent funds subject to legislative appropriation only.

# Glossary

---

## Part 1: Budget Terms

**90/10** Professional and occupational regulatory agencies funded through the collection of fees and the issuance of licenses. These agencies retain 90% of the fees collected annually in separate agency fund accounts and deposit 10% of the fees collected into the *General Fund*.<sup>1</sup>

### A

---

**accountability** Monitoring, measuring, and evaluating the performance and progress of policies, plans and programs to ensure that results are achieved.

**actual expenditure** An expenditure made in the prior *fiscal year* as reported in the State of Arizona Annual Financial Report, including *Personal Services, Employee-Related Expenditures, All Other Operating Expenditures* and all *below-the-line items* as authorized by the Legislature.

**administrative adjustment** Adjustments made to reflect expenditures made by an agency after the close of the *fiscal year*. Administrative adjustments include the time period from the close of the 13th month to June 30 of the next fiscal year.

**administrative cost** An expense associated with the support, management and oversight of services delivered pursuant to the agency or program *mission*. Typical administrative costs include those associated with accounting, human resources, budgeting, strategic planning, public information, auditing, executive management, etc.

**AFIS** The Arizona Financial Information System is the statewide accounting system maintained by the Department of Administration.

**AHCCCS** The Arizona Health Care Cost Containment System is the State's Medicaid program designed to deliver quality managed healthcare to qualifying individuals.

**All Other Operating Expenditures (AOOE)** Category of expenditure accounts that include Professional and Outside Services, In-State Travel, Out-of-State Travel, Food, *Other Operating Expenditures*, and *Equipment*.

**ALTCS** The Arizona Long Term Care System is a single federally defined program providing services through two State agencies: AHCCCS, which serves the elderly and physically disabled, and the Department of Economic Security (DES), which serves the developmentally disabled.

**annualization** An adjustment, made to the current year funding base, that will allow a partially-funded program to operate for a full year or accounts for a full-year of budget savings due to mid-year reductions.

**appropriated fund** The Legislatively mandated segregation of funds. It is used and monitored by the *General Accounting Office* as a separate self-balancing set of accounts.

**Arizona Administrative Code (AAC)** State agency rules of practice setting forth the nature and requirements of all formal procedures available to the public.

**Arizona Revised Statutes (A.R.S.)** The laws governing the State of Arizona.

### B

---

**base budget** An adjusted budget base that reflects the current year appropriation, amended to include changes for *standard operating adjustments*.

**below-the-line item** A specific expenditure or budgetary account that has been singled out through the appropriation process to provide high visibility of expenditure. Also known as "special line item."

**biennial budgeting** A process that estimates revenues and appropriates funding for a two-year period.

**block grant** Allocations of federal money to a state or its subdivisions in accordance with a distribution formula prescribed by law or administrative regulation, for activities of a continuing nature within a restricted subject area (e.g., social services, maternal and child health, and childcare).

**budget** A financial plan that estimates the revenues and expenditures for a given period of time. (SEE ALSO: *capital outlay* and *operating budget*).

**budget program** Functions and activities of a *budget unit* or within a budget unit that are pre-planned to fulfill a distinct *mission*.

**budget reform legislation** Refers to the provisions contained in Laws 1993, Chapter 252; Laws 1994, Chapter 218; Laws 1995, Chapter 283; Laws 1996, Chapter 339; Laws 1997, Chapter 210, and Laws 2002, Chapter 210.

**budget unit** A department, commission, board, institution or other State organization receiving, expending, disbursing or incurring obligations against State funds.

<sup>1</sup> Italicized terms are defined in this Glossary.

## C

---

**capital outlay** Expenditures for upkeep, preservation, development, improvement or acquisition of lands, buildings or certain associated equipment.

**Capital Outlay Stabilization Fund (COSF)** A fund into which rent monies collected from agencies occupying State-owned rental space are deposited. The monies partially offset building operating and maintenance costs.

**Career and Technical Education Districts (CTEDs)** Formerly known as “Joint Technical Education Districts (JTEDs)”, are school districts that offer high school career and technical education programs to partner school districts.

**categorical eligibility** Automatic eligibility for certain federal-State matched public assistance programs, based on criteria established in federal law. Admission to a program (e.g., Medicaid) is mandatory to certain groups of beneficiaries who meet the legal criteria for eligibility to the specified program.

**categorical program** A broad category of joint federal-State public assistance programs that provide financial assistance to individuals or that may subsidize a particular activity (e.g., Medicaid pays for medical services on behalf of certain groups of low-income persons).

**certificate of participation (COP)** A financing tool used by the State for the acquisition and construction of State facilities.

**comptroller object** An obsolete identifier that was formerly used in the statewide accounting system to identify the detailed revenue or expenditure account affected by a transaction; replaced in the new accounting system by *object*.

**continuing appropriation** An appropriation that is automatically renewed without further Legislative action, period after period, until altered, revoked or liquidated by expenditure.

**current services budget** A financial plan that incorporates the *base budget* needs of an agency and the addition of funding to support demographic growth in client caseloads and workload functions.

## D

---

**decision package** A funding request made by State agencies.

**defined contribution** A predetermined contribution amount set aside for an employee’s future retirement.

**defined benefit plan** A retirement plan in which contributions over time will provide a retiree with a predetermined amount of retirement income.

**detail fund** A fund designation used in the statewide accounting system to segregate agency-specific activity. The balance of an *appropriated fund* is comprised of the sum of all of its detail funds.

**Disproportionate Share Hospital (DSH)** A hospital that serves a disproportionate share of low-income and Medicaid patients,

thereby qualifying for federal aid pursuant to Section 1923 of the Social Security Act. The federal basis for payments is either a reflection of a hospital’s number of Title XIX in-patient days or a “low-income” utilization rate. States may also establish optional payment categories. Arizona has established optional groups that include county, State and private hospitals.

## E

---

**Employee-Related Expenditures (ERE)** The State’s contribution to an employee’s benefit package. ERE include FICA; retirement; Worker’s Compensation; health, dental, and life insurance; unemployment insurance; Personnel Division charges; Government Information Technology Agency charges; and uniforms for certain classes of employees.

**entitlement program** A broad category of *categorical* public assistance programs that provide services (e.g., cash assistance, medical services, etc.) to certain population groups (e.g., low-income families with minor children). Admission is often mandatory for qualified individuals who meet the legal eligibility criteria (e.g., individuals who are low-income and aged, blind or disabled), hence the reference “entitlement.”

**Equipment** In the operating budget, a specific item of expenditure divided into capitalized equipment (purchased for \$5,000 or more) and non-capitalized equipment (usually between \$300 and \$4,999).

**ERE rate** The quotient of *Employee-Related Expenditures* and *Personal Services* expressed as a percentage.

**Executive Issue** An adjustment to the prior-year appropriation to change the scope of current programs or service levels.

**expenditures** See actual expenditures.

## F

---

**federal funds** Amounts collected and made available to the State by the federal government, usually in the form of *categorical* or *block grants* and *entitlement programs*.

**Federal Insurance Contribution Act (FICA)** Requires employees and employers to make matching contributions into the Social Security fund.

**Federal Waiver Program** Experimental, pilot or demonstration projects that, in the judgment of the Secretary of the U.S. Department of Health and Human Services, are likely to assist in promoting the objectives of the Medicaid Statute. Projects approved under this authority are referred to as “waiver” programs.

**fiscal year** The State’s yearly accounting period beginning July 1 and ending June 30. (The federal fiscal year begins October 1 and ends September 30.)

**FPL (Federal Poverty Level)** Refers to the poverty guidelines, in relation to income standards, as updated annually in the FEDERAL REGISTER by the U.S. Department of Health and Human Services.

**free and reduced lunch (FRL)** Meals provided at no cost or low-cost to public and nonprofit private schools and residential child care institutions through the federal meal assistance program known as the National School Lunch Program.

**full-time equivalent (FTE) position** A position budgeted at 2,080 hours per year.

**fund** An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves and equities, which are segregated for the purpose of carrying on specific activities in accordance with limitations, restrictions or regulations.

**fund balance** The excess of the assets of a fund over its liabilities and reserves.

## G

---

**General Accounting Office (GAO)** A division of the Department of Administration that provides diverse statewide financial services and ensures compliance with related *statutes* and rules.

**General Fund** The primary State account into which monies are collected for the general purposes of government. The primary sources of revenues for the General Fund include sales taxes, income taxes and other taxes and transfers. The General Fund is also the major expenditure source from which agencies make payments for specified purposes.

## I

---

**inflation** An allowance made for an increase in price levels of operating expenditures from one *fiscal year* to the next.

**input** A *performance measure* that identifies the amount of resources needed to provide particular products or services.

## J

---

**JLBC Staff** The Legislative counterpart to the Governor's *Office of Strategic Planning and Budgeting (OSPB)*. The Joint Legislative Budget Committee Staff is often referred to as the JLBC but should not be confused with the Legislative committee of the same name. The JLBC Staff prepares an analysis of the Executive Budget as soon as it is presented to the Legislature. The analysis includes the JLBC Staff's recommendations for revisions in expenditures.

**Joint Committee on Capital Review (JCCR)** A Legislative committee created by Laws 1986, Chapter 85, to establish the Building Renewal Formula, approve the creation of Building Systems, and review the State Capital Improvement Plan. The JCCR is also responsible for reviewing all construction projects before commencement of the project. The JCCR consists of the following 14 members of the Legislature: Chairs of the House and Senate Appropriations Committees, majority and minority leaders from the House and

Senate, four members of the House Appropriations Committee, and four members of the Senate Appropriations Committee.

**Joint Legislative Budget Committee (JLBC)** A Legislative committee consisting of the following 16 members of the Legislature: Majority Leaders of both the House and Senate; Chairs of both the House and Senate Appropriations Committees; Chair of the Senate Finance Committee; Chair of the House Ways and Means Committee; five members of the House Appropriations Committee; and five members of the Senate Appropriations Committee. The JLBC meets as often as is necessary to transact business related to fiscal management of the State's resources.

**Joint Substance Abuse Treatment Program (JSAT)** Also known as "Arizona Families First," JSAT is a substance abuse program jointly administered by the Department of Child Safety and the Department of Health Services. The program pays for services to parents, guardians or custodians whose substance abuse is a significant barrier to preserving the family. Services can also be provided to federal Temporary Assistance for Needy Families (TANF) Block Grant recipients whose substance abuse is a significant barrier to obtaining or maintaining employment.

## L

---

**lapsing appropriation** An appropriation that terminates automatically. Except for a *continuing appropriation*, an appropriation is made for a certain period of time, generally one year. At the end of this period (including an *administrative adjustment* period), unexpended or unencumbered balances revert to the fund from which the appropriation was made. Also known as a "reverting appropriation."

**line item appropriation** A method of appropriation that separates the budget into specific objects of expenditure. The specific items include *Personal Services*, *ERE*, Professional and Outside Services, In-State Travel, Out-of-State Travel, Food, *Other Operating Expenditures*, and *Equipment*.

**lump-sum appropriation** An appropriation made for a stated purpose, or for a named department, without specifying further the amounts that may be spent for specific activities or for particular objects of expenditure.

## M

---

**Master List of State Government Programs** *Budget reform legislation* requires *OSPB* to publish a "Master List" of programs run by or overseen by State government. Laws 2002, Chapter 210 slightly changed the format of the Master List and designated this annual submittal as the operational plan for State agencies and conformed to the budget cycles. Required information for each agency, program and subprogram includes the agency description, *mission*

statement, strategic issues, and financial and *FTE* position information, as well as the description, *mission* statements, goals, and *performance measures* for all programs and subprograms.

**means-tested program** Eligibility to a public assistance program restricted by an applicant's income or other resources specified by law. Resources include bank accounts and similar liquid assets as well as real estate, automobiles and other personal property whose value exceeds specified financial limits.

**mission** A brief, comprehensive statement of purpose of an agency, program, or subprogram.

**modified lump-sum appropriation** A method of appropriation in which *Personal Services*, *Employee-Related Expenditures*, *All Other Operating Expenditures* and *below-the-line items* are specified in the appropriations bill.

**modified standard adjustment** The difference, as calculated by the agency, between the actual *Personal Services* base and the amount allocated for Personal Services by the agency in its expenditure plan. Any amount identified as a modified standard adjustment must be explained by the agency requesting the adjustment.

## N

---

**non-appropriated funds** Generally, funds set up as Enterprise or revolving funds. These funds are considered statutorily appropriated and are not subject to the annual or biennial appropriation process.

**non-lapsing appropriation** An appropriation that does not revert to the fund from which it was appropriated at the end of the *fiscal year*, as provided by law. (SEE *continuing appropriation*).

## O

---

**object** The unit used in the State accounting system to identify, categorize and group governmental expenditures.

**object category** The aggregation of similar objects of expenditure or revenue in the State accounting system.

**objective** A specific and measurable target for accomplishing goals.

**one-time adjustment** A budget adjustment that must be made because of a one-time circumstance that is not continued through the next *fiscal year*. The end of a project would bring about a one-time decrease the following year.

**operating budget** A plan of all proposed expenditures other than capital expenditures (SEE *capital outlay*). An operating budget is composed of various objects of expenditure, such as *Personal Services*, *Employee-Related Expenditures*, *In-State Travel*, etc.

**operational plan** A practical, action-oriented guide that directs goal-setting to achieve meaningful results with the existing resources through the shorter budget cycle period. The operational plan

should provide incremental steps towards achieving the strategic long-range plan. SEE ALSO: *Master List*

**OSPB (Office of Strategic Planning and Budgeting)** A State agency charged with preparing the Governor's budget guidelines and the Executive Budget recommendation for review by the Governor. The Office also facilitates a strategic planning process for State government and is responsible for implementing many of the provisions of *budget reform legislation*. The OSPB staff is the Executive counterpart to the *JLBC Staff*.

**other appropriated funds** All amounts, excluding *General Fund* amounts, appropriated by the Legislature for predetermined uses. These include Special Revenue Funds, revolving funds, etc.

**other operating expenditure** According to the ARIZONA ACCOUNTING MANUAL, everything using an object code of 7000. This refers to operating expenditures necessary to operate a budget unit, e.g., office supplies, utilities, communication, etc.

**outcome** A *performance measure* that reflects the actual results achieved, as well as the impact or benefit, of a program.

**output** A *performance measure* that focuses on the level of activity in a particular program or subprogram.

## P

---

**per diem compensation** Compensation paid to board or commission members for their work. Per diem compensation is a daily rate set statutorily.

**per diem travel** Cost of meals and incidentals reimbursed to employees and board or commission members.

**performance accountability** A means of judging policies and programs by measuring their progress toward achieving agreed-on *performance targets*. Performance accountability systems are composed of three components: defining performance measures (including outcomes), measuring performance and reporting results.

**performance measure** Used to measure results and ensure accountability. (SEE ALSO: *input*, *output*, *outcome*, and *quality*).

**performance target** Quantifiable estimate of results expected for a given period of time.

**personal services** Line item of expenditure for salaries and wages paid to employees, elected officials and board or commission members. Payments for leave categories, overtime and other miscellaneous earnings are also recorded in this line item.

**privately owned vehicle (POV)** Those miles to be used in calculating reimbursement of staff for use of private vehicles on State business.

**privatization** The opening of government markets allowing for equitable competition between the private and public sectors for the privilege of delivering services to the public.

**program budgeting** A budget system that focuses on program *missions*, program achievements, and program cost effectiveness. Pursuant to *statute*, the *program structure* for program budgeting is governed by the *Master List* structure. Program budgeting is linked to planning and *accountability* through alignment of the structures and merging of the planning and budget information.

**program enhancement** An upward revision in the funding level of a specific program in order to enhance the level of services being provided by that program.

**program structure** An orderly, logical arrangement of an organization's programs and subprograms. This structure provides the framework for planning, budgeting and strategic program authorization review.

**Proposition 105 Voter Protection Act** A 1998 voter-approved constitutional amendment that prohibits the Legislature from amending or repealing voter-approved referendums except under certain circumstances. Amendments to voter-approved language may only be passed by a three-fourths vote of the Legislature and must further the original intent of the voter-approved measure.

**Proposition 108** A 1992 voter-approved constitutional amendment that requires a two-thirds vote of the Legislature to increase state revenues through taxation.

**Proposition 123 Arizona Education Finance Amendment** A 2016 voter-approved constitutional amendment that increased the total state land trust distribution contribution to the Permanent State School Fund from 2.5% to 6.9% to pay for new school construction debt service, school maintenance and operations, and Classroom Site Fund distributions.

**Proposition 204 Medical Program** A 2000 voter-approved AHCCCS program that expands eligibility to include individuals whose annual incomes are at or below 100% of the *FPL*. The program is funded through monies received by the State from the tobacco litigation settlement, tobacco tax funds, and the Hospital Assessment Fund.

**Proposition 206** A 2016 voter-approved initiative that provides a series of increases in the Arizona minimum wage for private-sector employees and entitles most Arizona wage earners and salaried employees to paid sick leave.

**Proposition 301** A 2000 voter-approved initiative that dedicates a six-tenths of a cent sales tax to Arizona education programs. The original Proposition 301 was set to expire in 2021; it was renewed legislatively until June 30, 2041 by Laws 2018, Chapter 74.

## Q

**quality** A *performance measure* that reflects the effectiveness in meeting the expectations of customers and stakeholders.

## R

**receipt** Unless otherwise defined, cash received. There are five general categories of receipts: taxes, licenses and permits, charges for services, fines and forfeitures, and other receipts that do not fall into another category.

**resource allocation** Determination and allotment of resources or assets necessary to carry out strategies within the priority framework established in the goal-setting process.

**results-based funding** An incentive program that rewards top performing public schools with funding for teacher salary increases, teacher professional development, and replication.

**revenue** Additions to assets that do not increase any liability, do not represent the recovery of an expenditure, do not represent the cancellation of certain liabilities without a corresponding increase in other liabilities or a decrease in assets, or do not represent contributions of fund capital in Enterprise and Intergovernmental Service Funds.

**revenue source** The tax, fee or fine that generates income to a fund.

**risk management** The charges assessed by the Department of Administration to guard against the risk of loss by an employee or agency acting on behalf of the State of Arizona.

## S

**special line item** See *below-the-line item*

**standard adjustment** Change to the current year's appropriation to arrive at the new year's *base budget*. Examples include *annualization* of programs partially funded during the current year, annualization of the pay package, restoration of *vacancy savings*, and one-time increases and decreases.

**standard operating adjustment** An adjustment to the *base budget* that includes *annualization* of programs partially funded by the Legislative appropriation during the current year; a one-time increase or decrease to the *operating budget*.

**State service** All offices and positions of employment in State government except offices and positions specifically exempted by law from the State personnel system.

**statute** A written law, either new or revised, enacted by the Legislature and signed by the Governor.

**strategic management** Process of positioning an organization so it can prosper in the future. The overall framework within which policy development, strategic, operational, *quality* planning, budgeting, *capital outlay* planning, information technology planning, program implementation, and evaluation and *accountability* take place.

**strategic plan** A visionary guide, based on an examination of internal and external environmental and political factors, that directs goal-setting and future resource requirements to achieve meaningful

results over time. Strategic projections are long-range and usually cover a five-year period.

**subprogram** An integral component of a program that can be separately analyzed to gain a better understanding of the larger program.

**subtask** In AFIS, the element used to represent each of the subprograms of an agency as established by the Governor's Office and Legislature.

**supplemental appropriation** An appropriation granted for the current fiscal year. Agencies request a supplemental appropriation when the need for funding is urgent and cannot wait for the passage of the next regular appropriations act.

---

## T

**task** In AFIS, the element used to represent each of the programs of an agency as established by the Governor's Office and Legislature.

**tracking system** A system that monitors progress, compiles management information and keeps goals on track.

---

## U

**uniform allowance** An amount budgeted for specific agencies for the cost of uniforms required by the agency.

---

## V

**vacancy savings** Savings generated by not filling vacant positions, by not filling newly authorized positions, or by filling a vacant position at a lower grade or step.

# Sources and Uses of State Funds

---

Preparing a budget involves analysis of all State funds.

The following pages include financial information and a brief description of nearly a thousand State funds. There are two sections. In the first section, each listing depicts summary information for FY 2018 expenditures and for FY 2019 and FY 2020 estimated revenues and expenditures. The second section contains flow charts for each fund that show the flow of money through the fund, including the statutorily allowable sources of revenue to the fund and the distributions that are mandated or allowed.

The FY 2018 beginning cash balances, revenues by type, expenditures by type, and transfers were retrieved from the Arizona Financial Information System (AFIS) using data through the end of the General Accounting Office's 13<sup>th</sup> month. Estimates and recommendations for FY 2019 and FY 2020 were determined by the Governor's Office of Strategic Planning and Budgeting (OSPB) and are incorporated into the Executive Budget.

While most funds receive revenue from a single source and are used for a unique purpose at a specified agency, many of the funds shown in these tables are not exclusive to a single agency or activity.

The fund descriptions explain the revenue sources and the legally allowable uses of the fund. The descriptions were compiled from the establishing statutes, session laws, and other sources.

The FY 2018 beginning balances reflect cash, cash invested with the State Treasurer, outstanding warrants, and warrants in the process of being printed.

In cases of appropriations made before FY 2017, but which have authority to expend that appropriation beyond FY 2017, the expenditures are classified as "Prior Committed or Obligated Expenditures." When possible, reservations are made against the cash available from non-lapsing, prior-year appropriations that have yet to be expended and are identified as "Expenditure/Reserve for Prior Appropriations." This concept applies to only appropriated funds.

The term "Administrative Adjustments" refers to liabilities that were incurred during the previous year but not paid before the end of the fiscal year in which the liability was incurred. The concept of administrative adjustments applies only to appropriated funds.

"Operating Expenditures/Appropriations" denotes the use of the monies for an agency's operational (non-capital) functions. Monies designated for capital functions are listed as "Capital Expenditures/Appropriations."

The term "Non-Appropriated Expenditures" is used when agencies have the prior authorization to expend money from a fund (due to the nature of the fund) without annual authorization by the Legislature. Some funds have statutory caps limiting the amount of money that can remain at the end of the fiscal year; in such cases, the term "Transfer Due to Fund Balance Cap" is used.

Occasionally, the Legislature transfers monies from specific funds to other funds, mostly commonly to the General Fund or to the Automation Projects Fund. Those transfers are labeled "Legislative Fund Transfers."

There are several standard adjustments that affect fund balances. Standard adjustments are more technical changes to an agency's budget for such things as rent, risk management premiums, retirement contributions, health and dental insurance premiums, enterprise-wide pro rata charges, and annualization of the pay raises enacted the previous year.

# SOURCES AND USES OF FUNDS INDEX

Agency Name	AFIS Fund	Fund Name
Accountancy, Board of	2001	Accountancy Board Fund

## Child Care and Development Fund

Section 418 of the Social Security Act

The funds are received as a block grant from the U.S. Department of Health and Human Services. CCDF funds are expended to subsidize low-income, working families' monthly child care expenditures so that they can work or attend training or education. Funds are also expended for eligibility determination, family and provider case management, and licensing and certification of centers and qualifying homes.

### Expenditure Authority

Laws 2016 Ch. 117

Child safety Expenditure Authority includes all Department funding sources excluding General Fund, the federal Child Care and Development Block Grant, the federal Temporary Assistance for Needy Families block grant, the Child Abuse Prevention fund and the Children and Family Services Training Program fund. The Expenditure Authority appropriation represents a cap for spending, which may exceed actual funds available.

### Prosecuting Attorney Council Fund

A.R.S. § 41-1830

Revenues are derived from 3.03 percent of the court penalty assessments deposited into the Criminal Justice Enhancement Fund. Other revenues may include contributions, grants, donations, or other financial assistance from individuals or organizations having an interest in prosecution training. Monies are used for costs of training, technical assistance for prosecuting attorneys of the state and any political subdivisions, and for the operation of the Arizona Prosecuting Attorneys' Advisory Council.

### Child Support Enforcement Administration Fund

42.U.S.C. § 657

The state has the responsibility to collect payments made to former Cash Assistance recipients. The algorithm for distributing those funds includes the retention of funds to assist in the operation of the state's child support program. In addition, this fund includes federal Title IV-D funds received from the U.S. Department of Health and Human Services. The funds are used in support of the operation of the state's child support enforcement program.

## Fund Number 2180ICA Special Fund

A.R.S. § 23-1065

The main sources of funding comes from workers compensation taxes for both insurance companies that write workers compensation insurance in Arizona and also from Self-Insured employers doing business in the State of Arizona. The fund also generates revenue from the externally managed investment pool and also from rent collected from the two buildings owned and operated by the Special Fund. One of which is in Phoenix and the other in Tucson. The fund is used to pay for medical, rehabilitation, compensation, and retraining programs for injured workers in Arizona.

## Fund Number 2264 Security Regulatory and Enforcement Fund

A.R.S. § 44-2039

Revenues include part of a registration fee for each dealer and salesman, part of the fee for a salesman transferring registration from one registered dealer to another, and an exchange registration fee for each unit of a security exchanged. The Commission uses these monies for education, regulatory, investigative, and enforcement operations in the securities division. All revenue in excess of the appropriation is deposited into the General Fund.

### Prescription Drug Rebate Fund

A.R.S. § 36-2930

The fund receives funds (recorded in the state accounting system not as revenues but as contra-expenses) from drug manufacturers, who are required by the federal health reform bill to pay rebates to the state for drugs dispensed to individuals enrolled in a Medicaid Managed Care Organization. The federal share of these rebates is refunded to the federal government and the state portion is used for the state medicaid match.

### Tax Fraud Interdiction Fund

A.R.S. §42-1116.02

Laws 2018, Chapter 190 makes the possession, use, sale, purchase or creation of sales tax suppression devices, also known as zappers, illegal, and punishable as a Class 4 felony and a fine of up to \$100,000 for an individual and \$500,000 for a corporation. These fines will be deposited in the DOR Tax Fraud Interdiction Fund, which is subject to legislative appropriation. Fifty percent of the monies deposited into the fund will be used by DOR to detect tax fraud violations and 50% will be transferred to the Attorney General's office to prosecute tax fraud violations.

### Regional Area Road Fund Debt Service Fund

A.R.S. § 28-6303

The source of funding is excise tax revenue collected in Maricopa County and dedicated to this program. This fund is used for repayment of principal and interest on Transportation Excise Tax Revenue Bonds. These bonds are issued to fund various projects in the Maricopa County Regional Transportation Plan Freeway Program.

## Fund Number 9507 Arizona Innovation Accelerator Fund

A.R.S. § 35-142

The Arizona Innovation Accelerator Fund provides debt financing for eligible small businesses. The program has the ability to provide up to 49.9% of the financing package that includes both public and private capital. Original monies for the program came from a federal appropriation from the U.S. Treasury. Ongoing revenues are from interest income and loan origination fees for the loans the Authority participates in with partner lending institutions.
