About This Publication

The Strategic and Operational Plans of State Government Agencies are Critical Components of Program Budgeting and Transparency and the Operation of State Agencies

There are three components that display strategic planning for agencies in this document:

The *Master List of State Government Programs* provides monitoring and tracking of the functions of each state agency (no exceptions). For each function (in this document referred to as programs and subprograms) that is mandated by the legislature or a court decision, the agency provides:

- A mission statement
- A description of the function
- Goals for accomplishing the function
- Performance measures to determine how well the function is being accomplished
- The cost and staffing needed to accomplish the function

The Five-Year Strategic Plans are required of all Executive agencies (does not include universities or legislative or judicial agencies) and are required to show:

- The strategic issues confronting the agency
- The agency's strategies for overcoming each strategic issue
- A five-year estimate of the resources needed to operate the agency

All cabinet agencies provide a two-page summary of their Strategic Plans, which display their:

- Strategic priorities
- Annual objectives to achieving the strategic priorities
- Performance metrics for evaluating the success of the objectives
- Annual initiatives used to meet the objectives
- Summary of the progress being made

Cabinet agencies have aligned their strategic plan, budget, and performance measures to track specific agency performance measures, identify areas for continuous improvement, and ensure accountability for results.

Combined, all three provide transparency and understanding of the functions of state agencies and what they are trying to do. These planning and budgeting mechanisms were enacted or implemented in a way that allows citizens and policy makers to track the operational goals and performance measures of each mandated function of state government, as well as the revenues and expenditures for each.

On the pages that follow, for each cabinet agency, the strategic plan summary is displayed first, followed by the detailed information for each agency's programs and subprograms.

For each non-cabinet agency, the *Five Year Plan* is displayed first and contains strategic issues facing the agency, along with the agency's strategies for managing the issues. It also contains resource

assumptions projected through fiscal year 2024. Following the Five-Year Plan is detailed program information, which contains performance and resource information through fiscal year 2022.

State Agencies submitted their Five Year Plans and program information on September 1, 2020, prior to the creation of the Governor's Executive Budget that will be released in January 2021. The two-page summaries of the cabinet agencies' strategic plans were completed in July 2020 in preparation of operations in FY 2021.

When first developed in 1994, each mandated function of state government was isolated within a discrete program or subprogram, to the extent possible. At that time, the Master List contained 1,267 programs. Shortly thereafter, the number of programs was consolidated to 528, the effect being that any single program may now contain several related functions. Currently, *The Master List* is the most complete list of State government programs available.

About the Master List

The Governors' Office of Strategic Planning and Budgeting compiles *The Master List of State Government Programs, State Agencies' Five Year Strategic Plans*, and *Cabinet Agencies' Strategic Plan Summaries* with information provided by state agencies in July, August, and September of each year. In the interest of faithfully communicating the intentions of the agencies, OSPB only edits content to the extent necessary for clarity and makes no changes to the funding or performance data provided by agencies. Funding amounts for current and future years include all monies the agency is requesting, or plans to request, and is not related to the recommendations made in the Executive Budget.

BOARD OF ACCOUNTANCY

Monica L. Petersen, Executive Director
Phone: (602) 364-0804
A.R.S. § 32-701

Mission:

To protect the public from unlawful, incompetent, unqualified, or unprofessional certified public accountants through certification, regulation, and rehabilitation.

Description:

The Arizona State Board of Accountancy consists of five certified public accountants (CPAs) and two public members, all of whom are residents of the state and are appointed by the Governor. The Board also has six advisory committees consisting of 46 members appointed by the Board whose work directly supports the Board's mission. The advisory committees are Accounting and Auditing, Tax Practice, Peer Review, Certification, Continuing Professional Education, and Law Review. The Board and its committees qualify candidates for the Uniform CPA Examination, certify individuals to practice as CPAs, register accounting firms owned by CPAs, and biennially renew certificates for CPAs and registered accounting firms. The Board and its committees also receive and investigate complaints, take enforcement action against licensees for violation of statutes and regulations, monitor compliance with continuing education requirements, and review the work product of CPAs to ensure adherence to professional standards through the Board's peer review program.

Issue 1 Records Retention

Description To simplify the Board’s retention schedule and ensure consistent adherence for all public records regardless of medium. The Board’s retention schedule is onerous, not properly followed and requires archiving of records longer than they are of administrative value which comes at an unnecessary expense.

The records maintained by the Board as well as other state and local governments are among the most valuable resources in their care. They are essential for the conduct of ongoing operations and the official documentation of legally binding decisions and actions of the government. Records allow the public to understand civic issues and they are the community’s memory. Records need to be adequately preserved because:

- Officials use them to administer and monitor government operations
- Records document the conduct of public business
- Records ensure and measure government accountability
- Records contain information that is used by researchers from within and from outside government
- Historians and other researchers use government records for information on individuals, groups and the communication, on the development of the government and its operations, and on the life of the community itself.

Solutions:

1.Perform analysis on existing records retention schedule and determine business need for both onsite and offsite retention and revise retention accordingly and submit to Library and Archives for approval

- 1.1.Exam files
- 1.2.Certification files
- 1.3.Registrant (CPA) files
- 1.4.Registrant (firm) files
- 1.5.Compliance Files
- 1.6.Disciplinary Actions
- 1.7.Board and Committee Meetings

2.Evaluate the following general records retention schedules that apply to all public bodies and determine current compliance/noncompliance.

- 2.1.Administrative records
- 2.2.Audit records
- 2.3.Bond records
- 2.4.Copy center and mail room records
- 2.5.Election records
- 2.6.Electronic Communications, Social Networking and Website Records
- 2.7.Environmental Quality Management and Sustainability Records
- 2.8.Equipment/Vehicle Services Records
- 2.9.Facilities/Grounds Management Records
- 2.10.Financial Records
- 2.11.Human Resources/ Personnel Records
- 2.12.Information Technology (IT) Records
- 2.13.Law Enforcement Records
- 2.14.Library Records
- 2.15.Management Records
- 2.16.Medical Records
- 2.17.Official Records
- 2.18.Public Health Records
- 2.19.Public Information and Marketing Records
- 2.20.Purchasing/Procurement Records
- 2.21.Warehouse/Supply Records
- 2.22.Historic Preservation Records
- 2.23.Civic, Convention, and Cultural Facilities and Visitors' Bureau Records
- 2.24.Parks and Recreation Records

3. Develop records retention policies and procedures

4. Train staff on records retention policies and procedures

5. Archive or dispose of records as necessary to ensure compliance with the following:

5.1. New records retention schedule approved by Library and Archives for Board specific records

5.2. Areas of non-compliance identified in strategy 2.

Issue 2 Five-Year Rule Review and Rulemaking

Description Statute requires agencies to regularly review each rule to determine whether the rule still meets the criteria in A.R.S. § 41-1056(A) and A.A.C. R1-6-301. If a rule fails to meet these criteria, the rule can be amended or repealed. In the process of reviewing its rules for compliance with A.R.S. § 41-1056(A), the agency may discover issues with its rules, ranging from inconsistencies with applicable statutes to outdated language. The agency then develops a proposed course of action to address any issues identified in the report. This proposed course of action guides the agency's future rulemaking activity. If an agency determines that the rule is no longer necessary, the agency can complete a rulemaking to repeal the rule or choose to allow the rule to expire by not including the rule in the scheduled report.

Solutions:

1. Complete and submit Five-Year Review Report to the Governor's Regulatory Review Council (GRRC)

2. Draft proposed rules and economic impact statement

3. Seek exemption from Executive Order 2019-01 regarding rulemaking moratorium

4. Begin rulemaking process

4.1 File Notice of Docket Opening and a Notice of Proposed Rulemaking with the Secretary of State for publication in the Administrative Register

4.2. Conduct an oral proceeding and close the rulemaking record

4.3 Based on feedback, make technical corrections and non-substantial amendments

4.4 Submit proposed rules economic impact statement to GRRC for approval

4.5 If approved by GRRC, file a Notice of Final Rulemaking with the Secretary of State for publication in the Administrative Register

5 Operationalize new rules

5.1 Update website content

5.2 Update letter, applications, forms, etc.

5.3 Send communication to registrants to educate them about rule changes

Issue 3 Digitize Paper Documents

Description In the digital age, we all know paper is a temporary medium for information. Large quantities of paper are expensive to maintain, difficult to store and fraught with risk from deterioration, loss, water, and fire. Scanning paper documents is a business decision that can reduce costs, improve security and help the environment. The following are some valuable reasons to work toward digitizing paper documents.

1. Secure document storage - scanning offers improved security for sensitive documents. Scanned documents can be securely stored in an online document management system, with security access at a user or role level. Documents can be shared and accessed by multiple users at the same time.
2. Increase office space - Document scanning reduces the volume of paper to be filed, thus eliminating the need for filing cabinets, which frees up office space, recaptures floor space, and reduces cluttered office environment
3. Improves customer service - Searching paper documents is time-consuming which can affect the response time to your customer. Digital documents can be found quickly and easily using a simple keyword search.
4. Better for the environment - Scanning documents can help any organizations in its move to become more environmentally friendly. The use of less paper and toner are not only good for the environment but also reduces business costs.
5. Reduce costs - Storing and maintaining records is an expensive business, including office square footage and costs associated with misfiled or lost documents.
6. Risk mitigation and business continuity - Documents, records, and reports are vital to the Board's daily operations. That is why it's so important to safeguard them from theft, fire, severe weather, sprinkler damage, mold, and mildew or any other type of hazard that might occur in the workplace. Protecting business records ensures the information they contain is available anytime it is needed and also speeds recovery from an unplanned disruption.

Solutions:

1. Beginning in FY 2020, the Board's regulatory and compliance team will only maintain files digitally.
2. Digitize historical exam scores
 - 2.1 Hire temporary service to enter paper exam scores into the Board's database.
 - 2.2 Work with the National Association of State Boards of Accountancy (NASBA) to get exam scores from the Gateway program from 2004, when the Uniform CPA exam became a national computerized-based exam, to date in an FTP format that can be uploaded in the Board's database.
 - 2.3 Work with NASBA to get exam scores on a regular basis via FTP that can be uploaded in the Board's database.
3. Complete records retention initiative
4. Convert registrant files to a document management system
 - 4.1 Design system to determine requirements and software needs
 - 4.2 Evaluate document management software available on state contract or develop RFP and hire vendor
 - 4.3 Train team on new tools
 - 4.4 Plan implementation
5. Implement the system
6. Test the system

ACUPUNCTURE BOARD OF EXAMINERS

David Geriminsky, Executive Director
Phone: (602) 364-0145
A.R.S. § 32-3901

Mission:

To protect the health, safety, and welfare of the public by regulating and maintaining standards of practice in the field of acupuncture.

Description:

The Acupuncture Board of Examiners licenses and regulates acupuncturists and certifies auricular (ear) acupuncturists for detoxification or substance abuse programs. The Board also oversees the licensing and certification of acupuncture training, continuing education programs, and visiting professors. The Board evaluates professional competency, investigates complaints, and enforces the standards of practice for the acupuncture profession. The Board regulates the educational, clinical, and clean needle technique programs approved to teach the practice of acupuncture in the State.

5 Year Plan

Issue 1 Technology and operational upgrades.

Description Description: As the Board plans for the future, the need to explore technology advances that will assist the Board in fulfilling its obligations is becoming critically important. The general public and licensed professionals are requesting the Board to update its information delivery systems.

Solutions:

Strategy: The Board has recently taken part in an E-Licensing project with 12 other agencies. While this system is an improvement on what was available to licensees in the past as they are able to file and pay for renewal and initial applications online there are several opportunities for improvement or enhancement. These would include making available to licensees the ability to conduct all business with the Board online including license verifications, payment of Civil Penalties etc.

However, continuing costs for the E-licensing system are becoming prohibitive and the Board is researching alternative platforms or restructuring how salesforce is used.

Issue 2 Health and Safety Challenges.

Description Description: As part of the Board's role in protecting the safety and welfare of the general public, the Board continues to review its statutes and rules to ensure the profession is regulated in concert with the changes taking place at the state and national level.

Solutions:

Strategy:

The Board is considering changes that may be necessary in statute to reduce regulatory burdens.

The Board plans to remove the requirement that Auricular Acupuncturists operate only in approved chemical dependency programs.

Further, the Board is considering expanding auricular acupuncture to include the treatment of trauma.

Additionally, the Board will seek to clarify the definition of Acupuncture in order to provide more clear direction to the public and practitioner.

The Board introduced a bill in last legislative session to meet these issues. It died due to the Covid-19 shut down. However, the Board will re-address this bill this upcoming session.

Lastly, the Board has filed proposed rules with the Secretary of States Office that will resolve many of the audit recommendations, increase opportunity for licensees to obtain Continuing Education, streamline the Complaint Process, and make other changes to reduce the regulatory burden on the licensee. This rules package is on hold in order to be filed combined with the rule changes which will be made necessary by statutory changes.

Issue 3 Health care profession and provider changes.

Description Description:

The Board is aware of and concerned about the growing opioid epidemic and the need to find alternative treatments to successfully help patients find relief from their medical ailments and as well as chemical dependency.

Solutions:

Strategy:

The Board has approved a Substantive Policy Statement which will provide structure for Chemical dependency programs to be approved by the Board as allowed by statute. The Board will seek a rule change to clarify its position and amend the language in the existing rule regarding the requirements for Board-approval of alcoholism, substance abuse, or chemical dependency programs. Additionally the Board will seek legislation to remove the requirement that Auricular Acupuncturists operate only in chemical dependency programs so that rural areas may be served and to conform to the example of other states.

The Board will continue to approve any alcoholism, substance abuse, or chemical dependency program that is approved by the State of Arizona (including DHS) or the federal government, pursuant to A.A.C. R4-8-302, and will use the criteria as found in the Substantive Policy Statement to evaluate any other alcoholism, substance abuse, or chemical dependency program that seek approval.

This will have the effect of creating additional avenues for employment for Auricular Acupuncturists while simultaneously making this therapy designed to assist those with Chemical Dependency issues more available. The Board is considering what can be done with its rules and statutes to make auricular acupuncture available to those most in need including those who are incarcerated or living in underserved areas.

The Board has approved additional training programs for auricular acupuncturists and hopes this will increase the number of qualified individuals providing Auricular Acupuncture to those in need.

Vision: Excellence in Arizona government with leading-edge enterprise support

Mission: To deliver effective and efficient enterprise support services to our agency customers, allowing them to focus more on their unique missions.

Agency Description: As the administrative and business operations hub of state government, ADOA provides medical and other health benefits to state employees, administers the state personnel system, protects employees and mitigates hazards, maintains office buildings for employees to work in, purchases goods and services needed to conduct business, provides information technology and telecommunication services for employees, and much more. These centralized support services enable state agencies to focus their efforts on their own unique missions.

Executive Summary: ADOA's customer-centric support creates strong agency partnerships which leads to the adoption of Enterprise standards while utilizing continuous improvement methodologies. Key areas for the Strategic Plan year are outlined below.

- 1. Enhance Customer Service:** To build an inclusive enterprise partnership with the private and public sectors to serve the citizens of the great State of Arizona.
- 2. Drive Enterprise Efficiencies:** Focus on key business process utilizing Arizona Management System. Maximize the deployment of innovative technologies and security controls.
- 3. Transform the Employee Experience:** Provide the necessary tools and resources for the Arizona Department of Administration and State of Arizona workforce to attract and retain a high performing workforce.

Issue 1 Fiscal Year 2020 Strategic Plan 2-pager (Page 1)

Description Vision: Excellence in Arizona government with leading-edge enterprise support

Mission: To deliver effective and efficient enterprise support services to our agency customers, allowing them to focus more on their unique missions.

Agency Description: As the administrative and business operations hub of state government, ADOA provides medical and other health benefits to state employees, administers the state personnel system, protects employees and mitigates hazards, maintains office buildings for employees to work in, purchases goods and services needed to conduct business, provides information technology and telecommunication services for employees, and much more. These centralized support services enable state agencies to focus their efforts on their own unique missions.

Solutions:

Executive Summary:

ADOA's customer-centric support creates strong agency partnerships which lead to the adoption of Enterprise standards while utilizing continuous improvement methodologies. Key areas for the Strategic Plan year are outlined below.

1. Transform the Employee Experience: Ensure ADOA's workforce is inspired and enabled to function at the highest level.
2. Drive Innovative IT Solutions: Maximize the deployment of innovative technologies while enhancing the security of those networks and information.
3. Optimize State Data: Deploy impactful solutions that create value and meet statewide needs in real time.
4. Strengthen State Capital Infrastructure: Increase efficient buildings to ensure responsible use of tax dollars.
5. Enhance Customer Service: Create a customer value proposition to improve customer experience

Strategic Priorities:

1. Boldly Transform the Employee Experience (2019)

Improved ADOA AMS Maturity score from 2.06 to 3.4 (March 2019)

Improved ADOA Employee Engagement score from 5.9 (2018) to 6.1 (2019)

ADOA Voluntary Turnover from 23.4% (Jul'18) to 16.6% (Apr'19)

2. Drive Innovative IT Solutions (2019)

HRIS Migration: On track. Project recalibrated in April 2019.

Google Migrations: 81 agencies/27K mailboxes migrated. Phase 3 tracking for completion 6/30

Enterprise security controls: Deployed 2 new cyber controls focusing on Insider Threats to Executive Branch agencies, targeting end of FY19 for full completion. 3rd control scheduled to be completed for deployment by 12/31/19. Cyber insurance legislation was not approved in FY19. Efforts to secure Executive and Legislative approval to implement will continue in FY20.

3. Optimize StateData Analytics & Management 2020

4. Strengthen & Stabilize State Capital Infrastructure (2019)

Reduced energy usage by 10%

Reduced water usage by 5%

Reduced Work Orders/Preventative Maintenance, ratio by 9%

5. Enhance Customer Experience (2020)

Issue 2 Fiscal Year 2020 Strategic Plan 2-pager (Page 2)

Description ADOA manages or supports operational services for 3.8 million square feet (GSF) in the Governmental Mall, Phoenix Metro, Tucson, and Kingman, including office space, parking garages, mechanical structures, labs, and data centers. The Legislature fully funded the Building System's Building Renewal Formula (for annual major maintenance) in only two of the last 31 fiscal years. Full funding of the Formula is a reference to the cumulative amount of annual appropriation required to sustain a given year's current facilities conditions, assuming all prior annual major maintenance requirements are completed. The 30+ years of funding shortfalls has resulted in an \$531.9M of accumulated deferred capital maintenance of the ADOA Building System. The postponed major maintenance requirements have created expensive utility, repair, maintenance, and replacement expenditures in deteriorating and poorly performing facilities.

In FY 2016, a Facility Condition Assessment (FCA) of 3 million GSF of ADOA owned and/or managed buildings in the Governmental Mall and Tucson indicated that over 36% of the structures assessed were in "below average," "poor," or "replacement" condition. The analysis of the overall conditions shows a higher than normal percentage of buildings in a below average condition. Most, if not all, renewable building system components have exceeded their statistical life cycle of 20-30 years of service. Some buildings are in such poor condition that the FCA recommends total replacement. Arizona is facing the inevitable long-term consequences of under investment in major maintenance requirements.

A.R.S. § 41-1001					

Mission:
To deliver effective and efficient enterprise support services to agencies allowing them to focus more on their unique missions.

Description:
 The Council is composed of seven members and, while tasked with several responsibilities, has two primary functions. First, the Council is the final step in the rulemaking process for most state agencies. The Council staff reviews rules, unless exempted from Council review by statute, to ensure that the rules are necessary and to avoid duplication and adverse impact on the public. The Council assesses whether a rule is clear, concise, and understandable, legal, consistent with legislative intent and within the agency's statutory authority, and whether the benefits of a rule outweigh the cost. If a rule does not meet these criteria, the Council returns it to the agency for further consideration.

Secondly, the Council is responsible for reviewing five-year review reports. Arizona law requires an agency to review its rules every five years to determine whether the rules need to be amended or repealed. After doing this review, the agency is required to submit a report of its findings to the Council, which will approve the report or return it to the agency for additional work. (NOTE: With regards to new rules, the agencies determine whether to complete a rulemaking action, and if not exempt from the rulemaking moratorium, must request an exception from the Governor's Office before beginning the process.)

TRAVEL REDUCTION

Emily Rajakovich, Assistant Director
 Phone: (602) 542-3630
 A.R.S. § 49-588

Mission:

To deliver effective and efficient enterprise support services to agencies allowing them to focus more on their unique missions.

Description:

The sub program has moved under Administration. Through promotion, education and incentives, the Travel Reduction Program encourages non-university state employees in Maricopa County to carpool, vanpool, ride transit, bicycle or walk to work. Other forms of travel reduction such as telecommuting and virtual office are also pursued. A.R.S. § 49-588, which mandates this program, is a committed transportation control measure in several EPA-approved air quality plans. Failure to implement these legally binding commitments could lead to federal sanctions. Annual surveys are administered by this program to measure conformance. (NOTE: Customer satisfaction measures, unless otherwise noted, are based on an annual survey using a scale of 1-8 with 8 being the best rating.)

STATE PROCUREMENT

Ed Jimenez, State Procurement Administrator
 Phone: (602) 542-1268
 A.R.S. § 41-2501

Mission:

To actively partner with our State Agency customers and Suppliers to reduce costs and increase the overall value to the State of Arizona while increasing the quality of the product, the level of service and performance visibility.

Description:

The State Procurement Office (SPO) serves as the central procurement authority for the State of Arizona. In doing so, SPO focuses on providing procurement leadership, procurement delegation, policy development, technical assistance, and maximizing strategic sourcing opportunities. The SPO conducts strategic sourcing for statewide non-programmatic specific contracts including: office supplies and equipment, temporary services, information technology equipment, software and telecommunication equipment and services. SPO also conducts specialized procurements for a large number of small agencies with limited procurement authority. Additionally, SPO provides and supports a central e-procurement system for state agencies and cooperative members (ie., counties, cities, schools) to use in conducting their procurements.

ARIZONA STRATEGIC ENTERPRISE TECHNOLOGY OFFICE

JR Sloan, Assistant Director, State CIO

Phone: (602) 364-4770

A.R.S. §§ 41-711, 41-712, 41-713, 41-704

Mission:

To deliver results that matter by providing best in class support services.

Description:

The Arizona Strategic Enterprise Technology (ASET) Office is comprised of the State Data Center and Enterprise Capabilities and Delivery (both formerly ISD), Enterprise Infrastructure and Communications (formerly TPO) and Strategic Transformation and Innovation (formerly GITA). The Enterprise Infrastructure and Communications Office is responsible for overseeing AZNet, the statewide telecommunications network. AZNet provides state agencies a scalable, centralized, statewide converged voice, video and data solution to streamline state agency communications. The State Data Center and Enterprise Capabilities and Delivery Office is responsible for providing information technology services to state agencies. These services include transaction processing; application development and maintenance; system and technical support; and relevant security assessments, evaluation, provisioning, and consulting. Services are charged back to the customer through monthly billing processes. The State 9-1-1 Office is a subprogram of STI, responsible for oversight of the 9-1-1 program throughout the State. Revenue is generated through the Emergency Telecommunications Excise Tax and is used for capital upgrades and remedial costs associated with the service delivery of emergency 9-1-1 calls.

5 Year Plan

Issue 1 Strategic Issue 1:

Statement: Stay up-to-date and enhance technological resources available to the OAH

Description Discussion: The OAH is technically sophisticated, and its efficiencies depend on developing, maintaining, and expanding automated technology.

Challenge: Technology is constantly changing with new possibilities being presented. In addition, software must be updated and equipment replaced in regular rotations.

Solutions:

Strategies:

a. OAH will continue to enhance efficiency and productivity by utilizing automation to complete routine clerical tasks such as filing documents in docketing system and forwarding notice of the filing of such documents. To this end, OAH has implemented its proprietary automated system to docket the tens of thousands of motions and other documents filed by parties each year. This has saved OAH thousands of dollars in labor costs and will continue to do so over the coming years as it has largely eliminated the work load associated with staff manually docketing such entries.

B. OAH will continue to refine and enhance its utilization of Google Email and Google Calendaring in conformity with ADOA requirements. To this end, OAH has developed proprietary methodologies to make Google compatible with OAH's existing docketing system, saving tens of thousands of dollars that would have otherwise been required to purchase and deploy new docketing system software.

C. OAH will continue to transition all server functions to the cloud in the coming year.

D. OAH will continue to regularly survey technological advances through relevant literature in order to stay abreast of and implement time and cost saving technologies.

E. OAH will consult with other central panel directors regarding technological approaches to the delivery of efficient administrative hearing services.

F. OAH will replace aging equipment and update software.

Expected Outcome: OAH will ensure greater business efficiency and continuity.

Issue 2 Strategic Issue 2

Statement: To have all state agencies and superior courts exchange documents with OAH electronically.

Description Discussion: All agencies save one for which OAH provides hearing services currently exchange requests for hearings, final agency actions, agency records, and decisions electronically. In addition, OAH has implemented electronic record exchange with the Maricopa County Superior Court for judicial appeals from final agency decisions.

Challenge: While all agencies save one have now converted to electronic documents, electronic exchange of documents with some of the superior courts in Arizona is still not available to OAH.

Solutions:

Strategies:

a. OAH will continue to work with any agency that has not yet converted to electronic documentation to accomplish that goal.

B. OAH will continue to foster relationships among client agencies with differing technological capabilities to ensure that efficient and up to date methodologies are utilized for electronic filing.

C. OAH will look for ways to implement, increase and enhance electronic filing for matters appealed to superior courts outside of Maricopa County. In the past fiscal year, several superior courts in Arizona have begun electronic filing through the E Courts filing system. OAH will work to obtain the ability to electronically file appeals records with those courts.

Expected Outcome: Both OAH and agencies will experience increased efficiency and lower costs.

Issue 3 Strategic Issue 3

Statement: To provide parties with options for mediation and other means of alternative dispute resolution.

Description Discussion: Within the last ten years, alternative dispute resolution, and in particular, mediation, has become widespread as an alternative to expensive litigation. Mediation has been used not only to resolve judicial matters but administrative matters as well and has seen widespread acceptance among administrative agencies in several states. Mediation offers parties the ability to settle their disputes at a fraction of the cost that administrative litigation would otherwise entail. In addition, mediation offers state agencies the ability to reduce demands on already overburdened state resources which in turn reduces agency expenditures.

Challenge: Until FY 2016, OAH had not looked at utilizing mediation as a means of dispute resolution. In 2016, that focus changed and OAH began to offer mediation services to a limited number of agencies.

Solutions:

Strategies:

- a. OAH has fully implemented mediation for several state agencies which send cases to OAH.
- b. OAH will continue to educate agencies and the public about the benefits of mediation. OAH will continue to encourage agencies and the public to explore mediation and alternative dispute resolution to litigation.
- c. OAH has 7 trained mediators, thus permitting OAH to expand the availability of mediation to parties seeking mediation. OAH will continue to offer parties and agencies expanded mediation resources.

Expected Outcome: OAH's expanding mediation resources will save parties time, effort, money and anxiety and conserve precious state resources. In turn, this will ultimately reduce state expenditures associated with protracted litigation in administrative proceedings.

Agency Summary

AFRICAN-AMERICAN AFFAIRS

Cloves Campbell, Director
Phone: (602) 542-5484
A.R.S. § 41-531

Mission:

To address challenges facing the African-American community.

Description:

The Commission of African-American Affairs advises State and federal agencies on policies, legislation, and rules that affect the African-American Community. The Commission develops, reviews, and recommends policies that affect the areas of health and human services, housing, education, employment, business formation and development, public accommodations and contracting, and procedures to ensure that programs affecting African-Americans are effectively implemented with input from members of the African-American community.

5 Year Plan

Issue 1 Equitable Public Education

Description Arizona has a diverse population which extends into the schools. Currently, there is a lack of teachers overall. However, there is a clear lack of African American teachers in the state.

Solutions:

As the African American community continues to grow, more African American teachers must be recruited and retained in your schools. There also needs to be more equitable funding for public schools, especially in low-income communities which do not have sufficient tax bases for quality public education. The need for trained behavioral specialists must be addressed to end the dismissal/suspension rate of African American Students. Additionally, early childhood education and after-school programs must be maintained. Additionally, Black students are lacking adequate internet access to continue education at home during the Pandemic.

Issue 2 Economic Development

Description Currently, more African American Businesses suffer from a lack of access to capital and contracts.

Solutions:

There must be a creation of an African American-owned financial institution in Arizona and more accountability in increasing the participation of African American Businesses in the contracting process. The recent effect of COVID-19 on Black Businesses has been disproportionate and more needs to be done at the State level to provide accessible funding to them. The current process prohibits companies from surviving the COVID-19 pandemic.

Issue 3 Available and Affordable Healthcare

Description With African Americans becoming sick and dying disproportionately of a variety of chronic diseases, which has been evidenced again during the COVID-19 pandemic, there is a need for available and affordable healthcare for Black people.

Solutions:

Too often, African Americans do not have access to adequate healthcare due to lack of proximity and unaffordable costs. Available and affordable healthcare will provide equity needed to improve the health of African Americans and reduce the mortality rate.

Issue 4 Political Equity

Description We have more African Americans seeking office than ever before. These candidates are as qualified as all others.

Solutions:

We demand that all political parties treat these candidates with the same respect and resources that they provide to all other candidates in their party. We demand that governmental officeholders, political parties and candidates have African Americans on their staffs in order to show true commitment to inclusion. On the ninth floor in the Governor's Office, more African Americans must be on the governor's key staff located there.

Issue 5 Community policing and fair justice

Description With these two aspects constantly at issue in our community, we insist on fair, just, nondiscriminatory treatment by police and the court system as well as having community training programs to enhance the positive interaction between police and citizens and non-citizens.

Solutions:

We would expect greater transparency of the dissemination of information to the public. We also want more access to the prosecutor to have a better understanding of their roles when it comes to the African American community. The creation of a citizen review board for DPS incidents must be addressed. Additionally, body cameras for DPS officers should be mandatory.

◆ **Goal1** To facilitate communication between the African-American community with elected officials and other state agencies.

Vision: To be recognized as a global leader in enhancing and protecting agricultural commerce, championing consumer awareness and protection while fostering and promoting an understanding of Arizona agricultural products and producers.

Mission: To support and promote Arizona agriculture in a way that encourages farming, ranching and agribusiness, protects the well-being of people, plants, animals and the environment while safeguarding commerce, consumers and natural resources.

Agency Description: AZDA facilitates commerce, promotes equity in the Arizona marketplace, and safeguards market access both domestically and internationally through a variety of inspection and certification programs involving plants, livestock, meat, dairy, vegetables, citrus, fruit, eggs, feed, fertilizer, seed, agricultural and non-agricultural pesticides, packaged consumer goods, retail pricing and commercial weighing and measuring devices. AZDA protects and guards against the risks associated with the entry and spread of plant and livestock pests and diseases. AZDA conserves native plants. AZDA implements education and training programs in regards to pesticide use, air quality and gasoline vapor recovery. AZDA provides agricultural and metrological laboratory services.

Executive Summary: The Arizona Department of Agriculture (AZDA) identified four strategic priorities to reach our vision:
Attract, Develop and Retain Talented Employees - This is AZDA's number one priority because it is crucial to providing exceptional customer service. AZDA will develop and implement a strategy to increase and sustain telework for employees and virtual services for customers.
Modernize Processes, Services, Information Technology, Equipment and Administrative Rules - AZDA will identify and analyze current agency functions which are not required by statute for possible elimination. AZDA will maintain information technology security score. AZDA will complete Salt River Horse Management Plan.
Safeguard Agricultural Products While Expanding and Creating New Markets - AZDA will continue to maintain phytosanitary/sanitary status for Arizona commodities (plant and animal), safeguard agricultural products. AZDA will conduct food safety inspections in compliance with the Food Safety Modernization Act (FSMA). AZDA will work with GTO to complete the Nogales inspection project.
Achieve Awareness of the Importance of Agriculture to Society - AZDA will increase awareness of Arizona agriculture through social media, earned media and personal and virtual interactions.

Summary of 5 Year Strategic Priorities

#	Multi-Year Strategy	Start Year	Progress / Successes
1	Attract, Develop and Retain Talented Employees	2018	Divisional succession plans were developed. Flex and telecommuting schedules were approved and implemented where appropriate. Progressive salary schedules were created where possible. Additional General Funds of \$200,000 were appropriated for salary increases for Livestock Officers and Inspectors in FY 2019, and \$29,900 for Livestock Officer salary increases and \$137,000 for an additional Dairy Inspector and Dairy Inspector increases in FY 2020.
2	Modernize Processes, Services, Information Technology, Equipment and Administrative Rules	2018	Almost 200 rulemakings were completed in FY 2020. Information Technology (IT) security score increased from 727 to 749, which is an acceptable level. The IT feasibility study was completed in December 2019. \$385,000 of the General Fund appropriation for the hemp program was used to replace equipment at the State Agricultural Laboratory.
3	Safeguard Agricultural Products While Expanding and Creating New Markets	2018	State remains free-from the highest profile agricultural pests and diseases. AZDA continued to implement the Food Safety Modernization Act (FSMA) Produce Safety Rule (PSR) with the verification of 94 new farms. The Industrial Hemp Program, which began May 31, 2019, is fully operational.
4	Achieve Awareness of the Importance of Agriculture to Society	2018	The Director of the Western United States Agricultural Trade Association (WUSATA) made a presentation at the Arizona Agribusiness Roundtable in December. WUSATA/AZDA held 4 webinars with individual agricultural companies.

Strategy #	FY21 Annual Objectives	Objective Metrics	Annual Initiatives
1	Increase staff retention Workable telework program	12-month rolling average attrition Telework hours	Develop and implement a strategy to increase and sustain telework for employees and virtual services for customers to include: surveying employees; addressing technological barriers where financially feasible; and improving leadership team communications among team members and staff

ANIMAL PRODUCTS FOOD SAFETY AND QUALITY INSPECTION

Jack Peterson, Associate Director
Phone: (602) 542-3575
A.R.S. §§ 3-101 et seq.

Mission:

To protect against the distribution of unsafe, unwholesome, and improperly labeled meat, poultry, milk, and eggs.

Description:

This subprogram is designed to help protect the public health and safety from microbiological, chemical, and physical food hazards or substandard quality resulting from the processing and packaging of meat, poultry, milk, and eggs. Slaughtering facilities and processors receive licensing and permitting services, on-site inspections, and testing of samples for microbiological, drug, and chemical residues. State and federal regulations are administered relating to the sale, packing, and movement of eggs and egg products. Inspection activities include egg products control, shell egg grading, dairy farm, dairy plant and milk tanker inspections. Poultry used in school lunch programs also is inspected for quality and safety.

Subprogram Summary

FRESH PRODUCE STANDARDIZATION AND INSPECTION

Ed Foster, Associate Director
 Phone: (602) 542-0947
 A.R.S. §§ 3-101 et seq.

Mission:

To inspect the quality of fresh produce in the marketing chain from farm to consumer through established standards of the Arizona or United States Department of Agriculture and applicable marketing orders.

Description:

This subprogram inspects the quality of fresh produce in accordance with standards established by the United States Department of Agriculture (USDA) and provides food safety audits under the Arizona Leafy Green Products Shipper Marketing Agreement (AZ LGMA). Under a cooperative agreement, USDA inspections are given by federal/state inspectors and take place primarily at the shipping point (point of origin), port of entry (Arizona-Mexico border), or the terminal market (point of destination). Inspections encompass several areas, including quality, maturity, processing, labeling, storage, handling, and refrigeration of products. USDA grade inspections are fee-based and given at the request of industry desiring either to market their produce under USDA quality grade standards, or to fulfill requirements for United States imports, exports, marketing orders, or military shipments. Food Safety Audits consist of an official review conducted by an auditor to verify and document that the best practices are adhered to and includes a physical visit to the farm or facility subject to audit while it is in operation, where practical. An audit represents a "snapshot in time" based on documentation review, persons interviewed, and operations observed and is intended to reflect past and ongoing activities. The Standardization Inspection Program has moved toward a food safety program versus a produce quality program. The Standardization Program statutes and rules, which have been updated to include food safety and still include licensing and labeling requirements, will remain in place to ensure industry uniformity.

NON-FOOD PRODUCT QUALITY ASSURANCE

Jack Peterson, Associate Director
 Phone: (602) 542-3575
 A.R.S. §§ 3-101 et seq.

Mission:

To protect the public's interest by ensuring the quality of feeds, fertilizers, pesticides and seed.

Description:

This program serves to assure public confidence in the quality of feed, fertilizer, pesticide and seed products. All of these products range from the envisioned agricultural products to those used in the urban setting for caring for your pets, tending a garden, cleaning a home, or controlling pests in and around the home. Regulation of the various industries is accomplished through two basic functions. First, regulatory processes are undertaken to register pesticides and fertilizers and to issue licenses to feed, fertilizer, and seed dealers and labelers. Secondly, enforcement activities are conducted by inspectors who confirm product registrations and company licensing, and who regularly sample feed, fertilizer, pesticide, and seed products to ensure that label statements, product guarantees, and applicable laws are adhered to. Inspectors also respond to individual consumer complaints regarding product quality concerns.

ANIMAL DISEASE, OWNERSHIP AND WELFARE PROTECTION

Jack Peterson, Associate Director
 Phone: (602) 542-3575
 A.R.S. §§ 3-101 et seq.

Mission:

To protect livestock from disease, abuse or theft.

Description:

This program regulates the importation of livestock, poultry, and live fish into Arizona to identify, diagnose, and prevent existing and emerging diseases that would threaten those industries and possibly compromise the supply of safe and wholesome animal products to the consuming public. It also monitors livestock ownership and movement, investigates cases of alleged livestock abuse and theft, and assists in containing livestock that endanger the public safety.

PEST EXCLUSION AND EXPORT SERVICES

G. John Caravetta, Associate Director
 Phone: (602) 542-0996
 A.R.S. §§ 3-101 et seq.

Mission:

To ensure the provision of pest-free agricultural products and protect the public from agricultural pests through prevention, control, and eradication, thereby, maximizing domestic and international market access for Arizona produced commodities and maximizing product availability for the public.

Description:

The Pest Exclusion and Export Services program has moved to incorporate new technology, advance inspector training, update quarantine requirements and employ intensive pest trapping methods to meet the challenges of rapid urban development, increased global and domestic trade and expanded export opportunities for Arizona's agricultural commodities and value added products. The mission is executed through the concerted efforts within the division that incorporates a comprehensive survey and detection program. Arizona's "pest free" status for federally regulated pests evidences the synergy of these efforts. Pest detection, management, and eradication are a large part of the division's regulatory function. Division staff perform regular and systematic surveys to prevent the introduction, establishment, and spread of pests which pose a threat to Arizona's residents and plant industries and regulate the movement of commodities and facilitate imposition of in-state quarantines where pest eradication is required, or restricted movement of a commodity is necessary.

STATE AGRICULTURAL LABORATORY

Doug Marsh, Assistant Director
 Phone: (602) 744-4924
 A.R.S. §§ 3-101 et seq.

Mission:

To support the Department of Agriculture and other regulatory agencies in protecting consumers and natural resources through the provision of quality laboratory services.

Description:

This program provides scientific analyses of regulatory samples in areas such as meat and dairy products, fruits and vegetables, feeds, fertilizers, pesticides, insects, and plant diseases. Analyses determine if agricultural products meet labeling specifications and provide authoritative identification and detection of biological organisms and residue level contaminants that affect the public and the environment. The program also provides technical resource expertise and training to the Department of Agriculture and other agencies, including lab and sampling certification services.

AGRICULTURAL CONSULTATION AND TRAINING

Susan Chase, Assistant Director
 Phone: (602) 542-0984
 A.R.S. §§ 3-101 et seq.

Mission:

To guide the agricultural community in a non-enforcement posture on regulatory matters administered by the Arizona Department of Agriculture.

Description:

The Agricultural Consultation and Training (ACT) Program is an innovative compliance assistance program that guides the agricultural community in a non-enforcement posture on regulatory matters, and administers the Livestock and Crop Conservation and Specialty Crop Block Grant Programs. Through requested on-site visits (OSV), program staff provides non-regulatory advice to the agricultural community on how to comply with State statutes, regulations, policies, and federal mandates that the Arizona Department of Agriculture is responsible for directly administering or indirectly administering through contractual agreements. No regulatory actions may be taken as a result of the OSV, except in cases of imminent danger. This program was first established in FY 1995. The ACT Program oversees administrative support for the Arizona Citrus Research Council, Arizona Grain Research and Promotion Council, Arizona Iceberg Lettuce Research Council, and Agricultural Employment Relations Board.

COMMODITY DEVELOPMENT AND PROMOTION

Phone:
A.R.S. §§ 3-101 et seq.

Mission:

To foster the domestic and international consumption of Arizona agricultural commodities.

Description:

The Commodity Development and Promotion Program provides programs to stimulate, educate, encourage and foster the consumption of Arizona agricultural products. The Environmental Services Division oversees the issuance of certificates of free sale and the sale of merchandise with the Arizona Grown trademark. The funding provided to the Arizona Cotton Research and Protection Council through self-assessed fees paid by growers/producers is reflected in this Program.

WEIGHTS AND MEASURES

Kevin Allen, Associate Director
 Phone: (602) 771-4933
 A.R.S. §§ 3-101 et seq.

Mission:

To promote equity and fairness of Arizona commerce involving weighing or measuring for commercial purposes by regulating and supporting businesses in a manner that protects both the buyers and sellers interests.

Description:

This program carries out its mission by maintaining the State standards of weight and measure based on national standards maintained by the Federal government, licensing weighing and measuring devices used in Arizona, conducting a wide variety of inspection programs to protect the marketplace, and auditing measuring devices and enforcing the statutes, rules, and regulations governing their use.

PEST MANAGEMENT

Vince Craig, Associate Director
Phone: (602) 255-3663
A.R.S. §§ 3-101 et seq.

Mission:

To help ensure the safe application of pest control technologies, through education, training and enforcement. This results in the maximization of the health and safety of all Arizonans while at the same time ensuring the protection of property and the environment.

Description:

The Office of Pest Management (OPM) licenses and regulates pest control companies, qualifying parties, and applicators. The OPM provides education and training to applicants and licensees. The Office also provides education and information to the public regarding pest control activities in non-agricultural settings.

Vision: Shaping tomorrow's managed health care...from today's experience, quality, and innovation.

Mission: Reaching across Arizona to provide comprehensive, quality health care for those in need

Agency Description: The Arizona Health Care Cost Containment System (AHCCCS), the State's Medicaid Agency, uses federal, state, and county funds to provide health care coverage to eligible enrollees. Since 1982, when it became the first statewide Medicaid managed care system in the nation, AHCCCS has operated under a federal Research and Demonstration 1115 Waiver authority that allows for the operation of a statewide managed care model.

Executive Summary: As a delivery system that serves approximately 2 million Arizonans with a budget of slightly more than \$14 billion, it is critical that AHCCCS pursue a broad array of strategies that are focused on creating a sustainable program.

It is within this context that this plan was developed. The plan continues to work toward four overarching strategies which will guide the overall direction AHCCCS will take over the course of the new fiscal year. These four strategies build on previous accomplishments and represent the collaborative efforts of the AHCCCS leadership team.

Summary of Multi-Year Strategic Priorities

#	Multi-Year Strategy	Start Year	Progress / Successes (through end of Q3)
1	Pursue and implement long-term strategies that bend the cost curve while improving member health outcomes	2017	<ul style="list-style-type: none"> Ability to achieve target of 53% of health plan spend in alternative payment modes (APM) by CYE20 will likely to be impacted by COVID-19 Exceeded target set for the provision of behavioral health in schools by 33 percentage points Successfully housed 25 individuals who were chronically homeless
2	Pursue continuous quality improvement	2017	<ul style="list-style-type: none"> Established 6 American Indian Medical Homes To date have served more than 25,000 individuals under the State Opioid Response grant; reduced the number of opioids prescribed by TBD (available after end of the fiscal year)
3	Reduce fragmentation driving toward an integrated sustainable healthcare system	2017	<ul style="list-style-type: none"> At the end of the third quarter, 96.9% of Targeted Investment Program participants had been retained Increased the number of provider organizations participating in the HIE by 146, bringing the total to date to 713 Increased the number of pre-release inmates who receive a service within 3 months of release to nearly 49% YTD Increased the number of CMDP enrollees accessing behavioral health services by more than 12% by the third quarter
4	Maintain core organizational capacity, infrastructure and workforce planning that effectively serve AHCCCS operations	2017	<ul style="list-style-type: none"> 94 staff successfully completed mental health awareness training, falling slightly short of the target of 100; we had to cancel the remaining classes due to COVID-19 as this class cannot be presented virtually

Strategy#	FY21 Annual Objectives	Objective Metrics	Annual Initiatives
#	Annual Objectives:	Metrics	Annual Initiatives:
1	Incentivize performance-based contracting	Health plan spend in alternative payment models	Include requirement in MCO contract and AHCCCS policy
1	Increase Arizona Medicaid providers' capacity to deliver services via telemedicine	Telemedicine utilization	Update AMPM on telehealth to reflect appropriate expansion of benefit based on COVID-19 experience
2	Stand up Electronic Visit Verification (EVV) system, aimed at enhancing the provision of quality care while reducing fraud, waste, and abuse (FWA)	Percentage of providers required to use EVV that either complete minimum training requirements to utilize Sandata EVV system or successfully complete testing of an alternate EVV system	Offer training to impacted providers, facilitate user testing and ensure implementation no later than 1/1/2021
2	Stand up automated provider enrollment system (AHCCCS Provider Enrollment Portal or APEP)	Percentage of active providers who have created an APEP account	Address remaining Priority 1 defects, conduct necessary provider training, ensure implementation no later than 8/31/2020 and measure number of providers that create an APEP account
2	Address health disparities through care coordination and case management	Percentage of American Indian Health Program members empaneled with an American Indian Medical Home	Partner with IHS and Tribal leadership to onboard new AIMHs and work with existing medical homes to increase the number of AIHP members empaneled through ongoing outreach, technical assistance and convening an annual summit
3	Promote integration at practice level/point of care	Average increase in Integrated Practice Assessment Tool [IPAT] score from Year 3 to Year 4	Partner with ASU to support Targeted Investment participants' peer learning and sharing of integration best practices
3	Promote AHCCCS member connectivity to critical social services	Organizations expressing an interest in involvement with the SDOH closed-loop referral system	Work with Health Current to issue a solicitation, evaluate submitted proposals, and award a contract no later than first quarter of FFY21
3	Establish singular entity to administer the distribution of housing funding, including housing and housing supports, statewide	Number of responsive and responsible bids submitted	Develop an RFP, evaluate submitted proposals and award a contract in November 2020
4	Maintain ongoing functionality of AHCCCS eligibility system, HEAplus	Percentage of auto-renewals following 10/1/2020 implementation of the contract	Complete evaluation of proposals and award contract with an effective date of 10/1/2020
4	Increase employee engagement	Percent of employees indicating favorable v. unfavorable v. neutral response on annual engagement survey	Implement action plan addressing all measures rated at below 80%; monitor action on a bi-monthly basis
4	Ensure staff have technology needed to perform job functions in office and in remote work environments	Percent of staff that indicate they have the tools and equipment needed to do their job	Supply remote staff with soft phones, laptops, etc. so they can effectively work from home and develop dedicated trainers/team to support and maintain equipment and technology platforms

5 Year Plan

Issue 1 Pursue and implement long-term strategies that bend the cost curve while improving member health outcomes

Description One of the biggest challenges facing health care today is that incentives are often not aligned for providers and payers. Even with significant managed care penetration in Arizona Medicaid, many providers still are reimbursed through fee-for-service mechanisms that reward volume over value.

Payment modernization is a critical policy strategy for moving to a financially sustainable and value-based healthcare delivery system, which rewards high quality care provided at an affordable cost. There are many value based approaches with varying degrees of breadth and depth within Medicaid, Medicare and commercial coverage. Reforms include outcome based care models, risk bearing models, population based payments and episodic payments that can lead to improved health and overall program savings. Many AHCCCS stakeholders are engaged in developing initiatives and arrangements that embrace the key features of alternative payment models.

AHCCCS remains committed to maximizing the efficiencies within its program as demonstrated by the multi-year contractual requirements for Managed Care contractors. AHCCCS has supported a market based approach that incentivizes payers and providers to establish new value based arrangements that align incentives to improve efficiency and member outcomes.

Additionally, AHCCCS has pursued adjustments in the fee-for-service payment schedule to incentivize certain value measures for providers. For example, AHCCCS recently created a program for first responders to provide for treatment and referrals instead of requiring transportation to an emergency room to receive payment. AHCCCS also created a model to incentivize providers to offer integrated care of both physical and behavioral health services.

Finally, as part of the efforts to bend the cost curve and ensure overall fiduciary oversight, AHCCCS continues to dedicate significant agency resources to Program Integrity efforts. The agency develops an annual strategic plan focused entirely on efforts to reduce fraud, waste and abuse along with improving coordination of benefits and other important initiatives.

Solutions:

STRATEGY 1.1

Incentivize performance-based contracting

PERFORMANCE MEASURE 1.1.1

Health Plan spend in alternative payment models

STRATEGY 1.2

Increase Arizona Medicaid providers' capacity to deliver services via telemedicine

PERFORMANCE MEASURE 1.2.1

Telemedicine utilization

Issue 2 Pursue continuous quality improvement

Description AHCCCS has built its quality structure over time by continual review of applicable national standards and regional trends, collaboration with partners, and its own experiences. The Quality Strategy includes both the Medicaid and CHIP programs and encompasses all AHCCCS contractors. It also incorporates measures to improve the Agency's internal processes involving enrollee information, monitoring and evaluation.

AHCCCS regularly identifies key clinical and non-clinical areas on which to focus future quality improvement efforts. This is done through analyses of state and national trends and in consultation with other entities working to improve health care in Arizona, such as the Medicare Quality Improvement Organization (QIO), community leaders, other state agencies, and AHCCCS Contractors. In addition, AHCCCS utilizes the Consumer Assessment of Healthcare Providers and Systems (CAHPS). It is a survey tool created by the Agency for Healthcare Research and Quality (AHRQ) to support and promote the assessment of members' experiences with health care. The member data collected may be used to identify areas of program success and areas in need of targeted improvement.

AHCCCS also establishes performance measures based on the CMS Core Measure sets and the National Committee for Quality Assurance (NCQA) HEDIS measures, as well as measures unique to Arizona's Medicaid program. Over time, the number and content of CMS measure sets has grown significantly and shifted the focus to align more with outcomes and experiences of care. AHCCCS has adopted measures from these sets that are the most relevant for the AHCCCS population, when reliable data sources exist and where the results of measurement would yield actionable opportunities to improve outcomes and member satisfaction. To support the transition to and implementation of new measures, AHCCCS continues to expand its information technology and business analytics capabilities to support expanded data source opportunities.

AHCCCS also establishes minimum performance standards and goals for each performance measure that are based on national standards, such as the NCQA National Medicaid means, whenever possible. Contractors are expected to achieve the minimum performance standard for performance measures. Performance measure reports may compare the Contractors' results with one another and with national Medicaid and commercial health plan averages. Contractors are expected to develop methods to continuously increase the well-being of their respective populations through the removal of barriers to care and ongoing process improvement. AHCCCS also participates in national efforts focused on developing Medicaid and CHIP Core Measures to allow comparability across States' programs.

Care coordination is an important element of ensuring quality of care and positive outcomes for AHCCCS members. Quality management and quality improvement initiatives focused on communication and coordination for follow-up after discharge, medication management, receipt of chronic disease recommended care and services and data sharing among the care team are anticipated to result in improved outcomes, member satisfaction and more appropriate utilization of health care services. AHCCCS monitors the effectiveness of these activities through the measurement of inpatient, emergency department and re-admission rates.

AHCCCS Contractors are expected to conduct Performance Improvement Projects (PIPs) in clinical care and non-clinical areas that are anticipated to have a favorable impact on health outcomes and member satisfaction. Utilizing financial, population, and disease-specific data and input from the Contractors, AHCCCS selects an indicator of performance improvement to be measured across Contractors. Focused PIPs may also be assigned to individual Contractors when needs are identified. For each mandated PIP, AHCCCS develops a methodology to measure performance in a standardized way across Contractors and manages data collection and analysis. In this way, AHCCCS ensures that the project is implemented by Contractors in a consistent manner and yields results that can be analyzed on the individual Contractor level, as well as by other stratifications and for the program overall. In addition, Contractors are required to review their data and quality measures to determine Contractor-specific PIPs

The health and safety of AHCCCS members receiving covered services remains a focus for the Agency. AHCCCS utilizes a multi-Agency and Contractor approach in implementing oversight health and safety requirements.

Solutions:**STRATEGY 2.1**

Stand up Electronic Visit Verification (EVV) system, aimed at enhancing the provision of quality care while reducing fraud, waste, and abuse (FWA)

PERFORMANCE MEASURE 2.1.1

Providers required to use EVV that either complete minimum training requirements to utilize Sandata EVV system or successfully complete testing of an alternate EVV system
STRATEGY 2.2

Issue 3 Reduce fragmentation driving toward an integrated sustainable healthcare system

Description The definition of a system is an assemblage or combination of things or parts forming a complex or unitary whole. Unfortunately, health care delivery has become increasingly fragmented, leading to coordination and communication challenges for patients and clinicians. Ultimately, this fragmentation degrades the quality of health care due to disrupted relationships, poor coordination of care and communication within and across provider groups. In an effort to address this issue, the structure of the AHCCCS program is transforming. Integrated care delivery systems and the proper alignment of incentives efficiently improve health outcomes. Both are critical for reducing fragmentation.

AHCCCS has been engaged in a multi-year effort to reduce fragmentation at the provider, payer and policy level for AHCCCS members. Starting in 2013 AHCCCS has successfully integrated services for a number of populations. System design matters and AHCCCS has worked with a variety of important stakeholders to develop new delivery systems that are focused on whole person health integrating both physical and behavioral health services. These integration efforts include:

- 1.Children’s Rehabilitative Services – Previously 17,000 children with complex medical needs were served by three different payers. These included an acute plan, RBHA and CRS plan. These members are now served by a single Integrated Contractor.
- 2.Individuals with Serious Mental Illness – In 2014 and 2015 almost 40,000 individuals with Serious Mental Illness went from potentially up to 4 different payers involved in covering select services to a single organization that was responsible for all services for that member.
- 3.General Mental Health and Substance Abuse services for dual eligible members – In 2015, AHCCCS integrated services for 80,000 dual eligible members.
- 4.American Indian members –In 2016, as a result of the DBHS merger, AHCCCS was able to streamline the requirements for TRBHA organizations creating an opportunity to integrate services and work more closely with Tribes on the delivery and coordination of services.
- 5.Dual Eligible members – AHCCCS continues to pursue strategies to better align services for members that are enrolled in both Medicare and Medicaid. In 2016, AHCCCS had approximately 48% of the population aligned which is the highest percentage ever.
- 6.AHCCCS/DBHS merger – In 2016 AHCCCS completed a merger with the Department of Health Services Division of Behavioral Health. This merger brings behavioral health and physical health together at the policy level that will ensure behavioral health and physical health policies and system requirements are established with a focus on whole person health.

Looking ahead the work around transformation through integration and reducing fragmentation will continue. AHCCCS will continue to look at opportunities to support providers that want to integrate services for members. This includes continuing to focus on value based opportunities that align incentives and reducing the administrative burden. In addition there will be further efforts to integrate services for Individuals with Developmental Disabilities and other AHCCCS populations.

Solutions:

STRATEGY 3.1

Promote integration at practice level/point of care

PERFORMANCE MEASURE 3.1.1

Integrated Practice Assessment Tool [IPAT] score from year 3 to year 4

STRATEGY 3.2

Promote AHCCCS member connectivity to critical social services

PERFORMANCE MEASURE 3.2.1

Organizations expressing an interest in involvement with the SDOH closed-loop referral system

STRATEGY 3.3

Establish singular entity to administer the distribution of housing funding, including housing and housing supports, statewide

PERFORMANCE MEASURE 3.3.1

Responsive and responsible bids submitted

Issue 4 Maintain core organizational capacity, infrastructure and workforce planning that effectively serve AHCCCS operations

Description If the agency is going to be successful in pursuing these important delivery system transformations then there are a number of other important infrastructure capabilities that must be addressed over the next several years.

Workforce

In order for AHCCCS to achieve the established operational and strategic objectives, the organization must have a dedicated, professional staff that is committed to the mission. Based on the most recent state survey AHCCCS had 12 staff engaged for every staff member not engaged. This compares to the state government rate of 2.2 to 1. A few other important metrics include the fact that 97% of the AHCCCS staff believe in the mission, 97% respect and value team members and 94% understand what is expected.

However, there are challenges to sustaining the high level performance of the AHCCCS workforce. AHCCCS continues to operate with approximately twenty five percent less staff than prior to the start of the Great Recession. Turnover rates are, on the average, in the 19% range, while approximately 15% of the current AHCCCS workforce is eligible to retire

AHCCCS is pursuing several strategies to address these challenges.

1. Increasing AHCCCS' presence in the employment marketplace for purposes of enhancing our ability to attract the most qualified applicants;
2. Identifying and implementing relevant compensation strategies;
3. Maintaining an environment conducive to staff engagement;
4. Expanding innovative, low-cost professional development opportunities for existing employees;
5. Retaining critical staff;
6. Workforce and succession planning in order to ensure continuity of services and avoid leaving a significant gap in the Agency's knowledge base; and
7. Continuing to provide flexibility.

Approximately 22% of the AHCCCS workforce is Virtual Office with an even higher percentage on some variation of a flexible work schedule. This type of flexibility has proven essential to retention and assisting employees with striking a work-life balance.

Systems

System resources will continue to be a challenge and maintaining the appropriate infrastructure to manage and analyze the millions of records generated by the AHCCCS system requires appropriate investment.

Security

The AHCCCS Information Systems Division (ISD) must be ever vigilant regarding the security posture of the systems and important information contained within these systems. Proactive mitigation of security risks strengthens the ability to safeguard and protect Personally Identifiable Information (PII) and Protected Health Information (PHI) data entrusted to the Agency by our more than 1.9 million members. In addition to the AHCCCS mainframe system (PMMIS), ISD will continue to keep non-mainframe systems and applications running consistently and efficiently. This includes server based applications, network infrastructure, the data warehouse, and digital communication.

Leveraging Data Analytics

The availability of reliable and valid information and the capacity to make that information actionable is critical to the decision-making process. Data-driven decision-making is the best way for true reform to occur in the healthcare system. However, determining the most effective way to utilize data, and having the time and resources to effectively review or explore data can produce challenges. As a result, there is an increased value and emphasis being placed on

data analytics. The Office of Business Intelligence (OBI) is responsible for the AHCCCS Data Warehouse, which provides the Agency with information that is easily accessible and reliable. The information allows the organization to gain greater insight into its operations. AHCCCS will work with internal and external data analytics experts to develop the organization’s capacity as a whole to turn solid information into effective actions.

ADMINISTRATION

Jami Snyder, Director
Phone: (602) 417-4458
A.R.S. Title 36; Title XIX, SSA

Mission:

To provide comprehensive, quality health care for those in need.

Description:

The Administration contracts with health plans and program contractors that agree to accept a capitated monthly payment for the cost of providing medical care to enrolled members. Responsibilities of Administration that relate to health plans and program contractors include rate negotiations, financial and operational oversight of health plans and program contractors, and quality of care assessments. The Administration also manages a fee-for-service payment system that covers medical bills for IHS enrolled members and emergency services for qualified aliens.

Additional responsibilities of Administration include the development and maintenance of the management information system, coordination of provider or eligibility grievances, policy development and research, agency financing and accounting, agency development and monitoring, third party liability recovery, and eligibility determinations for the Arizona Long-Term Care System and KidsCare. Eligibility for the Acute Care program is conducted by the Department of Economic Security and the Social Security Administration.

This Program Contains the following Subprograms:

- ▶ Central Administration
- ▶ Pass-thru to Other State Agencies
- ▶ Division of Health Care Management
- ▶ Division of Fee-for-Service Management
- ▶ Division of Member Services

CENTRAL ADMINISTRATION

Jami Snyder, Director
 Phone: (602) 417-4458
 A.R.S. § 36-2901

Mission:

To provide strategic leadership, policy, technology, legal, and financial direction and coordination for AHCCCS.

Description:

Central Administration consists of six operating offices or divisions that provide the following services:

- (1) The Office of the Director provides the overall policy direction for the agency, dedicating specific staff to public information, government relations, medical policy oversight, and strategic plan coordination;
- (2) The Information Services Division develops, acquires, and maintains automation for the agency;
- (3) The Division of Business and Finance oversees internal financial operations, third party liability, contracts, budget development and monitoring, purchasing, and facilities management;
- (4) Human Resources and Development addresses training, personnel assistance, guidance on organizational development, recruitment, retention, and equal opportunity;
- (5) The Office of Administrative Legal Services provides legal counsel for AHCCCS, manages contracted legal services, and offers members, contractors, and providers a fair, expeditious, and cost-effective process for informal grievance adjudication;
- (6) The Office of Inspector General is responsible for the prevention, detection, and investigation of fraud and abuse by providers, health plans, and members in the AHCCCS program.

PASS-THRU TO OTHER STATE AGENCIES

Jami Snyder, Director
 Phone: (602) 417-4458
 A.R.S. Title 36, Title XIX, SSA

Mission:

To partner with other state agencies for administrative services to reach across Arizona to provide comprehensive quality health care for those in need.

Description:

The Department of Economic Security (DES), Department of Health Services (DHS), Office of Administrative Hearings (OAH) and the Department of Administration's Data Center (DOADC) coordinate with AHCCCS by providing administrative support for the program. DES performs eligibility determination for approximately three-fourths of the AHCCCS members, which include 1931(b) Eligibility (TANF), SOBRA pregnant women and children, Proposition 204, and other "medical assistance only" groups for families with minor children. AHCCCS passes through state and federal funds to DES to cover the costs of determining eligibility and automation of the eligibility systems. Preadmission screening and annual resident reviews are conducted by DES and DHS by conducting level II screenings for eligible patients in Title XIX certified nursing facilities. These residents have been identified through a level I screening process as potentially having a mental retardation or mental illness. The DES, Disability Determination Services, determines disability entitlement for the Arizona Long Term Care System's applicants, SSI/MAO, and SSI-related Federal Emergency Services applicants.

In addition, DHS, Nursing Facility Licensure, determines whether institutions and suppliers of service meet the requirements for participation in the Medicaid program as it applies to licensure, certification, or registration. DOA provides computer processing services, operating manuals, documentation services, and back-up support in case of equipment failure. And OAH provides legal hearings for providers and members, ensuring equitable treatment of all participants in the Arizona Health Care Cost Containment System. (Pass-Thru funding includes DES, DHS, OAH, DOADC and Trauma Center.)

DIVISION OF HEALTH CARE MANAGEMENT

Jakenna Lebsock, Assistant Director
Phone: (602) 417-4299
A.R.S. Title 36; Title XIX, SSA

Mission:

To enhance the capability of the AHCCCS program to ensure the provision of quality health care services to its members, while obtaining full economic value for monetary resources expended.

Description:

The Division of Healthcare Management (DHCM) is the main contact with AHCCCS health plans and program contractors. It ensures that the health plans and program contractors continue to be viable economic entities while providing quality health care to members. In addition to regular on-site audits, health plans and program contractors have periodic reporting requirements to DHCM such as utilization of service, financial statements, network participants, and grievance and appeals. DHCM, with the assistance of actuaries, is responsible for developing and negotiating contracts with health plans and program contractors as well as rate setting and encounter reporting. DHCM also coordinates oversight of the delivery of behavioral health services through Arizona Long Term Care System (ALTCS) program contractors and through a contract with the Department of Health Services for acute care members. In addition, for purposes of monitoring performance and quality of care, there are sections for clinical research and data management, as well as clinical quality management.

DIVISION OF FEE-FOR-SERVICE MANAGEMENT

Markay Adams, Assistant Director
Phone: (602) 417-4616
A.R.S. Title 36; Title XIX, SSA

Mission:

To place a greater emphasis on the health care of our fee-for-service members through oversight of provider registration, prior authorization, and claims administration.

Description:

The Division of Fee-for-Service Management (DFSM) consists of prior authorization and claims administration. The prior authorization unit ensures that proposed services are medically necessary, provided in the most appropriate setting, and within the scope of AHCCCS coverage for fee-for-service members. The accuracy of payment for services is carefully monitored.

DIVISION OF MEMBER SERVICES

Joni Shipman, Assistant Director

Phone: (602) 417-7631

A.R.S. Title 36; Title XIX, SSA

Mission:

To assist AHCCCS-eligible members in accessing health care.

Description:

The Division of Member Services (DMS) is responsible for the determination of eligibility for the Arizona Long Term Care System (ALTCS) and for other SSI-related Medical Assistance Only (MAO) programs; the state's Children's Health Insurance Title XXI Program (KidsCare) as well as Families with Children Medicaid programs for households that have both KidsCare and Medicaid-eligible members, Freedom to Work (FTW), Breast and Cervical Cancer (BCC), and for three Medicare cost-sharing programs.

In addition, DMS is responsible for enrolling eligible acute care and ALTCS members, and for providing member eligibility and enrollment information. DMS maintains day-to-day liaison with, and oversight of, the Department of Economic Security in performing AHCCCS eligibility determinations.

DMS also conducts quality control targeted and statistically valid sample management evaluation reviews for these specific programs, in addition to predetermination quality control reviews.

AZ LONG TERM CARE SYSTEM (ALTCS)	
Michelle Olivares, Administrator	
Phone: (602) 417-6068	
A.R.S. Title 36; Title XIX, SSA	

Mission:

To provide quality long-term care, acute care, behavioral health, and case management services to eligible Arizona Long Term Care System (ALTCS) members.

Description:

AHCCCS implemented the first phase of ALTCS for persons with developmental disabilities on December 19, 1988, and the second phase for the elderly and physically disabled persons on January 1, 1989. Eligibility is performed by AHCCCS. Available services include care in a nursing facility, Intermediate Care Facility for the Mentally Retarded, Residential Treatment Facility, alternative residential settings, and a wide range of home and community-based services. On October 1, 1992, behavioral health services were added for Early Periodic Screening, Diagnostic and Treatment (EPSDT) ALTCS children, under age 21. The remaining populations were phased in until October 1, 1995, when all Title XIX members became eligible for behavioral health services.

ACUTE CARE

Jakenna Lebsock, Assistant Director
Phone: (602) 417-4229
A.R.S. Title 36; Title XIX, SSA

Mission:

To provide quality health care to eligible populations through contracted health plans.

Description:

Health plans receive a monthly capitation payment to cover the full range of approved services for AHCCCS enrollees. In addition to prospective capitation, health plans receive funding to pay for certain services provided to members prior to enrollment in a health plan. AHCCCS also maintains some populations in a fee-for-service environment, the largest segment being the Native American population served by or through Indian Health Services. AHCCCS also pays Medicare premiums for qualified low-income Medicare beneficiaries and special low-income Medicare beneficiaries, so that the federal Medicare program serves as a source of payment for some of AHCCCS' medical services. (Acute funding: county contributions are allocated to capitation programs proportionately, tobacco taxes are allocated between acute program lines proportionately, and third party liability is grouped into fee-for-service programs proportionately.)

TRADITIONAL SERVICES

Matthew Isiogu, Assistant Director
Phone: (602) 417-4168
A.R.S. § 36-2901.4(b)

Mission:

To provide quality health care to families eligible for 1931(b) Medicaid for families with dependent children.

Description:

When the federal Personal Responsibility and Work Opportunity Reconciliation Act was enacted, it unlinked Medicaid benefits from the Aid to Families with Dependent Children (AFDC) cash assistance program. The Medicaid 1931 family coverage group was established to provide medical assistance to families who would have met the AFDC cash assistance eligibility criteria already in place on July 1996, and the requirements in Section 1931 of the Social Security Act. This coverage category includes parents or other adult relatives and their children under age 18; if 18, they must be students in a secondary school with the expectation of completing their education before they reach age 19; applicants who are in the last trimester of pregnancy and have no other children. When these persons become ineligible, due to excess income from employment, they qualify for transitional medical assistance for up to 12 months. If they become ineligible, due to receipt of child or spousal support income, they qualify for continued medical coverage for four consecutive months. (Breast and Cervical Cancer Treatment funding is included in this program.)

PROPOSITION 204 - SENATOR ANDREW NICHOLS COMPREHENSIVE HEALTH INSURANCE COVERAGE ACT

Joni Shipman, Assistant Director

Phone: (602) 417-7631

A.R.S. Title 36, Title XIX, SSA

Mission:

To expand Medicaid coverage for persons with income at or below 100% of the Federal Poverty Level, per a voter mandate.

Description:

Laws 2001, Chapter 344, authorizes AHCCCS to streamline and simplify the expansion of Medicaid. This act expanded eligibility for persons with income at or below 100% of the Federal Poverty Level (FPL). Beginning in January 2001, the federal government has continued to approve Arizona's request to expand eligibility to provide Medicaid coverage to individuals with income at or below 100% of FPL, as well as to individuals who incur medical bills sufficient to reduce their income to a level at or below 40% of FPL.

On July 8, 2011, the program was placed on an enrollment freeze due to the economic downturn. On June 17, 2013, Governor Brewer signed into law the AHCCCS Restoration Plan. As a result, coverage will be restored for childless adults who are eligible for AHCCCS under the voter mandated Proposition 204 and will also include coverage for adults from 100-133% of the federal poverty level, beginning January 1, 2014.

NON-TITLE XIX BEHAVIORAL HEALTH

Jakenna Lebsock, Assistant Director
 Phone: (602) 417-4229
 A.R.S. § 36-2912

Mission:

To provide behavioral health services to individuals not enrolled in Title XIX Medicaid coverage.

Description:

Effective July 1, 2016 the following Non-Title XIX behavioral health programs will transfer from the Arizona Department of Health Services (ADHS) to the Arizona Health Care Cost Containment System (AHCCCS):

The Seriously Mentally Ill (Non-Title XIX) program provides behavioral health services to adults with Serious Mental Illness (SMI) who are not eligible to received Medicaid Title XIX services. Specific covered services include mental health and substance abuse related treatment, rehabilitation, medical, support, crisis intervention, inpatient, residential, and day program services.

The Supported Housing program provides housing services that will enable individuals to live in the community. These funds may serve the Medicaid and 100% state funded recipients. Medicaid does not, however, provide federal matching funds for housing assistance.

The Crisis Services program provides emergency behavioral health assistance to persons in need, who are not eligible for the Medicaid Title XIX program. Services may include 24-hour crisis telephone lines, mobile crisis response teams, and facility-based crisis services.

CHILDREN'S HEALTH INSURANCE (CHIP)

Joni Shipman, Assistant Director
 Phone: (602) 417-7631
 A.R.S. § 36-2982

Mission:

To provide comprehensive quality health care to individuals eligible for the Children's Health Insurance Program (KidsCare).

Description:

This Title XXI program (KidsCare) was implemented in November 1998, covering uninsured eligible children up to the age of 19 with a gross household income up to 200% of FPL. KidsCare eligibility was streamlined, with the benefit package remaining the same as the Title XIX services package. It is delivered through contracted AHCCCS health plans.

The program has been placed on an enrollment freeze since January 2010 due to lack of funding for the program. Families in this income group will have access to affordable healthcare coverage in the Marketplace beginning October 1, 2013.

DIRECT SERVICE CLAIMING (DSC)

Markay Adams, Assistant Director
 Phone: (602) 417-4616
 34 CFR Part 300

Mission:

To fund specific medically-necessary Title XIX covered services furnished through public school special education programs with special needs children.

Description:

Through Direct Service Claiming (DSC), Medicaid-covered services are provided in the school setting in order to allow special needs children to obtain a public school education. Services and administration costs are reimbursed through federal Medicaid funds and Local Education Authority (LEA) matching funds. LEAs include participating school districts, charters schools not affiliated with a school district, and the Arizona School for the Deaf and Blind. AHCCCS-initiated school-based claiming began in January 2001 after contracting with a Third Party Administrator (TPA) to administer the program.

Public Consulting Group (PCG), our current TPA, is responsible for training, compliance monitoring, and claims processing. A handbook, website, and training materials are designed to assist the LEAs with program participation, and to ensure the availability of updated information regarding program requirements. Regular Regional Information Sessions have also been established to assist and inform the LEAs. Each LEA has a network of providers that offer services under DSC. Providers include therapists (occupational, physical, and speech), nurses, audiologists, health aides, psychologists and counselors, and transportation providers.

CHILDREN'S REHABILITATIVE SERVICES

Jakenna Lebsock, Assistant Director
Phone: (602) 417-4229
A.R.S. § 36-263

Mission:

To provide health care to children with complex needs who require specialized services coordinated by a multi-disciplinary team.

Description:

Children's Rehabilitative Services (CRS) provides medical care, rehabilitation, and related support services to AHCCCS-enrolled children diagnosed with one or more of the qualifying chronic and disabling conditions defined in state statute. In 2008, following a competitive bid process, ADHS sub-contracted management of the entire CRS program to Arizona Physicians/IPA (AP/IPA). APIPA already served as a contractor for three AHCCCS programs: the Acute Care program, the Arizona Long Term Care System Division of Developmental Disabilities (ALTCS/DDD) program, and the Arizona Long Term Care System Elderly and Physically Disabled (ALTCS/EPD) program. The current APIPA-CRS contract expires in 2012.

Effective January 2011, a process was initiated to integrate CRS into AHCCCS. This offers a way to ensure access to specialty care and the opportunity to consider more efficient coordination of services. AHCCCS is working to create a CRS integrated plan, effective October 1, 2013, that would manage care, not only for CRS conditions, but for ALL other medical and behavioral health conditions as well.

ACA ADULT EXPANSION

Joni Shipman, Assistant Director
 Phone: (602) 417-7631
 ARS 36-2901.07(A)

Mission:

To expand Medicaid coverage for adults age 19-64 with income from 100-133% of the federal poverty level, per the Affordable Care Act

Description:

The Supreme Court ruling on the Affordable Care Act (ACA) provides states multiple and complex opportunities with respect to the future of their Medicaid programs. With these opportunities in mind, Governor Brewer signed into law the AHCCCS Restoration Plan which restores Medicaid coverage to thousands of Childless Adults and provides coverage for adults age 19-64 between 100-133% of the Federal Poverty Level, beginning January 1, 2014.

COMMISSION ON THE ARTS

Jaime Dempsey, Executive Director
Phone: (602) 771-6520
A.R.S. § 41-982

Mission:

To foster and stimulate a statewide environment in which everyone can participate in and experience the arts.

Description:

The Commission on the Arts, in collaboration with the National Endowment for the Arts, makes strategic investments of public dollars to support the statewide arts and culture sector, helping Arizona communities attract and retain skilled workers and creative businesses. This public investment leverages additional contributions from the private sector, increasing the sustainability of Arizona's arts and culture sector and promoting statewide economic growth.

5 Year Plan

Issue 1 Arts and culture delivery agents lack capacity to sustain quality service to residents of Arizona and the taxpaying public.

Description PLAN METHODOLOGY:

- This is a 5-year plan, for Fiscal Years 2018–2022.
- Strategic Issues 1-5 briefly outline key challenges facing the arts and culture sector.
- Goals/Desired Outcomes 1-5 are developed as ideal results for the Arizona arts and culture sector.
- Strategies (numbered “a” through “e-f”) are developed as methods of action to address strategic issues.

Each Strategy is "coded" with any of the following which apply:

Leadership and Partnerships – LP

The Arizona Commission on the Arts is best known, statewide and nationally, as a leader in arts administration, a pacesetter in research and analysis, and as a catalyst for innovative partnerships in support of Arizona’s arts and culture sector. Leadership and Partnerships reflects the Arts Commission’s role as a leading arts policy and information source and as a catalyst brokering cross-sector and intra-sector partnerships.

Programs and Services – PS

The Arizona Commission on the Arts continually develops and offers professional development training and learning opportunities meant to enhance the skills of statewide delivery agents of arts and cultural programming, including individuals working in arts organizations, schools, and community service organizations as well as individual artists, educators, and arts patrons. Programs and Services support participation and learning in, through, and about the arts, meet identified needs, and positively impact agency grantmaking activities.

Strategic Funding – SF

The Arizona Commission on the Arts provides funding support to the Arizona arts industry through several established grantmaking processes. Grants are delivered to support applicant learning, promote artistic quality and authenticity, encourage responsible business practices, reach a broad range of Arizona citizens, and increase public participation and public benefit. Strategic Funding is distributed through transparent public processes constructed to ensure efficiency and accountability.

STRATEGIC ISSUE 1:

As stated in the Agency Description, the Arts Commission’s primary functions include providing leadership, programs, services, and grants to support the availability and sustainability of arts/culture and arts education programs. These functions are coincident with the agency’s statutorily required duties which include (ARS §41-982, §41-983):

- Stimulating the arts in Arizona by encouraging the study and presentation of the arts as well as encouraging public interest and participation;
- Working with arts organizations in the State to encourage public participation in and appreciation of the arts; and
- Encouraging public interest in the State’s cultural heritage and expanding the State’s cultural resources.

As a result of the recession, the State of Arizona’s fiscal crisis and reductions to the Arizona Commission on the Arts’ overall budget, available state grant funding in support of these duties diminished greatly.

Arts organizations currently receiving grant support – 300+ nonprofit organizations across the state – now receive 50% to 80% less support than in previous years, when even at its peak level of funding Arizona’s state arts agency funding support was far below the national average. These grant reductions come at a time when the arts and culture sector

continues to struggle mightily against decreased support from local businesses, foundations, and charitable donations. The Arts Commission is focused on meeting the new and tremendous needs of these “delivery agents” of arts and cultural services in non-monetary ways, as reductions in funding have given birth to other acute needs: for technical support, counsel, accountability training, and crisis management guidance, all of which the agency provides as a part of its core charter.

Through this work with and on behalf of Arizona’s arts and culture sector, the Arts Commission seeks to increase the capacity of these delivery agents in service to the primary beneficiary of the whole of these efforts: residents of Arizona, the taxpaying public.

GOAL/DESIRED OUTCOME 1:

Arizonans can access vibrant, quality arts and cultural activities that nurture and celebrate the creative potential of individual Arizonans, and the creative assets and promise of every Arizona city, town, and neighborhood.

Solutions:

- a. Provide learning opportunities to delivery agents of arts and cultural programming to help them leverage assets, procure funding, develop and maintain audiences, improve the quality of products and services, honor Arizona’s diverse cultural heritage, and deepen and expand their mission-focused service of communities through the arts. Example programs: Arts Learning Field Training, AZ Creative Aging, Cultural Data Project, artist and organization cohort programs, annual workshops and convenings. – LP, PS
- b. Continue to deliver grant funding to statewide arts organizations, schools, community service organizations, and individuals which demonstrate quality artistic programming, evidence of public benefit and public participation, and responsible fiscal practices. Example grant programs: Community Investment Grants, Arts Learning Grants, Strengthening Schools Through Arts Partnerships Grants, Festivals Project Grants, Lifelong Arts Engagement Grants, Opportunity Grants, Artist Research and Development Grants. – SF
- c. Make focused financial and programmatic investments in both geographic and programmatic areas where demonstrable needs exist but where arts and cultural programming is scarce, nonexistent, or vulnerable. Example programs: Arts Learning Grants, AZ ArtWorker, AZ Creative Aging, AZ Creative Communities, Strengthening Schools Through Arts Partnerships Grants, Festivals Project Grants,. – LP, PS, SF
- d. Serve as Arizona’s chief delivery agent – through technology, communications, publications, and expertise – for research and information related to arts resources, funding, and learning opportunities. Example services: Comprehensive website content and participatory social media efforts, newsletters, searchable website portals, interactive online technical assistance. – LP, PS
- e. Work to maintain existing levels of public funding for the arts in Arizona, while developing more protected private funds sources supported by Arizona foundations, corporations, and individual donors. – LP, SF
- f. Reimagine agency programs alongside community partners and those most affected by Arts Commission services, as part of a comprehensive commitment to a just and equitable distribution of resources and opportunities in better alignment with Arizona demographics and the geographic location of residents. Support the development and implementation of policy and practices supporting this goal. – LP, PS, SF

Issue 2 The contributions of Arizona's arts and culture sector workers are undervalued.

Description STRATEGIC ISSUE 2:

Artists, arts administrators, and arts educators provide substantial value to Arizona communities and are part of a significant labor market growth sector. According to Americans for the Arts' nationwide "Creative Industries Report," creative sector jobs increased in Arizona from 2008 to 2012 – during the recession – by 22%. However as a subsector of creative sector jobs, jobs in Arizona's nonprofit arts and culture sector, though increasing in numbers, are chronically undervalued and underpaid according to regional benchmarks.

The Arts Commission seeks to rebuild value for the contributions of Arizona residents working in the arts and culture sector; to demonstrate and showcase best practices; to provide opportunities for innovative, sequential professional development opportunities; and to foster a sector in which Arizonans can more successfully pursue their artistic goals.

GOAL/DESIRED OUTCOME 2:

Arizona residents can make healthy livable wages working in myriad facets of the arts. The contributions of artists, makers, and tradition-bearers of all experience levels, living and working across Arizona, are valued and respected.

Solutions:

- a. Continue to develop and deliver adaptive, sequential skills-building programs to Arizona artists and arts administrators to help them compete for local and national funding, increase professional capacity, promote their creative contributions to Arizona communities, and build support for the arts and arts education. Example programs: Arts Learning Field Training, AZ ArtWorker, AZ Creative Aging, AZ Creative Communities, Cultural Data Project, annual workshops and convenings. – LP, PS
- b. Deliver grant funding and work to develop new funding programs in support of individual artists and administrators. Example grants: Opportunity Grants, Artist Research and Development Grants, Master-Apprentice Awards in partnership with Southwest Folklife Alliance. – SF
- c. Introduce incentives within grantmaking processes to challenge Arizona arts organizations to meet regional benchmarks for artist and administrator pay and benefits. – LP, SF
- d. Promote and provide visibility to individuals working in the arts; connect Arizona arts professionals to other professional sectors to encourage partnership, mutual benefit and employment. Example services: providing visibility through AZ ArtWorker, AZ Creative Aging, AZ Creative Communities, artist and organization cohort programs, and myriad communications vehicles; formal networking opportunities. – LP, PS
- e. Nurture existing arts service organizations based on artistic disciplines and cultural initiatives; support the development of independent arts service organizations in geographic and programmatic areas where service organizations are scarce, nonexistent, or vulnerable. Example services: service organizations can be nurtured and incubated through strategic consulting services delivered by Arts Commission staff; funding required for statewide travel. – LP, PS
- f. Reimagine agency programs alongside community partners and those most affected by Arts Commission services, as part of a comprehensive commitment to a just and equitable distribution of resources and opportunities in better alignment with Arizona demographics and the geographic location of residents. Support the development and implementation of policy and practices supporting this goal. – LP, PS, SF

Issue 3 Statewide investment in arts learning (lifelong learning in, through and about the arts) is inadequate and must be strengthened.

Description STRATEGIC ISSUE 3:

Because of increased financial pressures on education at all levels, access to quality arts education opportunities within Arizona's in-school and out-of-school settings is at considerable risk. In addition, though Arizona students are expected to meet the Department of Education's Academic Standards in the Arts for preK-12 Arizona students, a significant number of Arizona schools are not financially prepared to provide adequate instruction in arts-based learning, and/or instructors are not qualified/prepared to provide satisfactory arts-based learning opportunities to students. Finally, arts and culture organizations (which provide a substantial percentage of arts learning opportunities to both preK-12 students and lifelong learners) face a dearth of funding support for arts-based education programs.

The Arts Commission seeks to rebuild value for investment in lifelong learning in, through, and about the arts; to educate, prepare and deliver critical funding to diverse statewide delivery agents of arts education programs and opportunities; and to incentivize engagement in innovative, current, and sequential arts learning opportunities for all Arizonans.

GOAL/DESIRED OUTCOME 3:

Arizonans of all ages have access to quality, robust arts learning opportunities, whether in-school, out-of-school, or in community settings.

Solutions:

- a. Develop and provide innovative and current learning opportunities to delivery agents of statewide arts learning programs. Offer practical training to diverse arts education stakeholders and cultivate the next generation of arts educators. Example services: continue to provide training to teaching artists; develop additional formal professional development offerings for classroom teachers and representatives of arts organizations, focus on asset-based and creative youth development frameworks. – LP, PS
- b. Activate and expand partnerships with local, state, and federal arts education policymakers. Contribute as an expert conduit, providing research and information to policymakers, and then providing context to resources delivered to Arizona arts organizations, parents, classroom educators, art specialists, teaching artists, school administrators, and school boards. Example services: partnerships nurtured through ongoing research and by leadership provided by Arts Commission staff such as the Arizona Arts Education Data Project; funding required for statewide travel, investment in research, and related materials. – LP, PS
- c. Continue to deliver grant funding to quality arts programming which supports lifelong learning in, through, and about the arts, and to quality youth-centered arts programming. Example grants and programs: Arizona Youth Arts Council, Arts Learning Grants, Lifelong Arts Engagement Grants, AZ Creative Aging, Strengthening Schools Through Arts Partnerships Grants. – SF
- d. Introduce incentives within grantmaking processes to challenge Arizona schools, arts organizations, and community organizations to broaden, deepen, and diversify their development and delivery of in school, out-of-school, and community-based arts learning programs. Example initiatives: include the development of funding incentives within primary grants to arts organizations. – LP, SF
- e. Make focused financial and programmatic investments in both geographic and programmatic areas where demonstrable needs exist but where arts education programming is scarce, nonexistent, or vulnerable. Example grants and programs: Arizona Youth Arts Council, Arts Learning Grants, Lifelong Arts Engagement Grants, AZ Creative Aging, Strengthening Schools Through Arts Partnerships Grants. – LP, PS, SF
- f. Reimagine agency programs alongside community partners and those most affected by Arts Commission services, as part of a comprehensive commitment to a just and equitable distribution of resources and opportunities in better alignment with Arizona demographics and the geographic location of residents. Support the development and implementation of policy and practices supporting this goal. – LP, PS, SF

Issue 4 Community-focused arts and cultural partnerships across Arizona must be nurtured and fortified.

Description STRATEGIC ISSUE 4:

Arizona arts and culture organizations have long provided great value to neighborhoods in rural, urban, and suburban communities, through increased civic engagement, improved community vitality, creative and aesthetic benefits, and increased local economic activity. Because of decreased financial investment from the public sector, local businesses, foundations and individuals, arts and culture organizations are seeking new partners, programmatic opportunities, and sources of revenue to allow them to continue co-creating positive outcomes in Arizona communities.

The Arts Commission seeks to rebuild value for community-focused arts and cultural partnerships across Arizona; to demonstrate and showcase best practices; and to provide opportunities for intra- and cross-sector networking, resource-sharing and mutually-beneficial community outcomes.

GOAL/DESIRED OUTCOME 4:

Arts and cultural programs and organizations are considered societal cornerstones; their vital role is demonstrated and lifted up in myriad contexts.

Solutions:

- a. Conduct, aggregate, and provide access to best-practices research related to partnerships between arts delivery agents and community-based initiatives, government agencies, and other-sector local businesses. Counsel arts organizations, community organizations, and artists to utilize resources to fullest advantage. Example programs and services: AZ ArtWorker, AZ Creative Aging, AZ Creative Communities, partnerships nurtured through ongoing research and by counsel and leadership provided by Arts Commission staff; funding required for statewide travel, investment in research, related materials; resources aggregated, contextualized, and disseminated through communications vehicles. – LP, PS
- b. Activate and expand agency relationships with existing and nontraditional partners in order to facilitate collaborations between Arizona arts programs and other-sector initiatives. Example programs and services: AZ ArtWorker, AZ Creative Aging, AZ Creative Communities, partnerships nurtured by counsel and leadership provided by Arts Commission staff; funding required for statewide travel, and participation in sector-wide and other-sector initiatives. – LP
- c. Deliver grant funding to collaborative projects which employ quality arts and cultural programming in the pursuit of community-led outcomes. Deliver funding for this purpose in every Arizona county. Example grants and programs: AZ Youth Arts Council, AZ ArtWorker, AZ Creative Aging, AZ Creative Communities, Arts Learning Grants, Festivals Project Grants. – LP, SF
- d. Provide opportunities for arts leaders, in particular next-generation arts leaders, to network with community officials, diverse cultural leaders, faith leaders, and local businesspeople. Example services: networking and integration opportunities provided through participation in other-sector initiatives and existing Arts Commission programs such as community workshops and trainings, artist and organization cohort programs. – PS
- e. Reimagine agency programs alongside community partners and those most affected by Arts Commission services, as part of a comprehensive commitment to a just and equitable distribution of resources and opportunities in better alignment with Arizona demographics and the geographic location of residents. Support the development and implementation of policy and practices supporting this goal. – LP, PS, SF

Issue 5 Statewide private investment in arts and culture is inadequate and must be strengthened.

Description STRATEGIC ISSUE 5:

Arizona arts organizations have long provided great value to Arizona corporate and small-business constituencies through individuals' and families' engagement in arts and cultural activities, improved quality of life indices, and measurable on-the-ground revenue-generating partnerships. However, statewide corporate and small-business support of arts and culture was significantly curtailed as a result of the recession, for several reasons:

-- Arizona lacks a critical mass of midsized and large corporate headquarters which might be inclined to support arts and culture sector programs and initiatives.

-- Prior to the recession, Arizona's business sector had become chronically under-diversified and largely dependent on new construction, which, coupled with the challenges within the real estate market, meant that developers and construction companies did not have funds to invest in quality of life ventures.

The Arts Commission seeks to rebuild value for arts and cultural investment among corporate and small-business constituencies; and to provide opportunities for intra- and cross-sector networking, resource-sharing, and mutually-beneficial community and financial outcomes.

GOAL/DESIRED OUTCOME 5:

Recognizing the arts industry's role in economic viability and enhanced quality of life, Arizona's for-profit businesses invest in the arts as partners, supporters, and champions.

Solutions:

a. Serve as leading reliable resource for information and research related to cultural policy, emerging and hybrid business models, economic impact of the arts and culture industry, and public support for arts and culture. Promote opportunities to share research with Arizona's elected officials, small businesses, and corporate leaders. Example services: partnerships nurtured through ongoing research and by counsel and leadership provided by Arts Commission staff; funding required for statewide travel, investment in research, related materials; resources aggregated, contextualized, and disseminated through communications vehicles. – LP, PS

b. Introduce incentives within grantmaking processes to encourage Arizona arts organizations to develop mutually beneficial and mission-supported partnerships with for-profit entities. Example initiatives: include the development of funding incentives within primary grants to arts organizations; AZ ArtWorker, AZ Creative Aging, AZ Creative Communities. – LP, SF

c. Facilitate opportunities for arts leaders to participate in other-sector policy forums, convenings, and initiatives. Example services: networking and integration opportunities provided through participation in other-sector initiatives and existing Arts Commission programs such as community workshops and trainings; AZ ArtWorker, AZ Creative Aging, AZ Creative Communities. – LP, PS

d. Develop communications strategies to focus and adapt agency messaging based on the needs and interests of diverse audiences and authorizers. Example services: Comprehensive website content and participatory social media efforts, newsletters, searchable website portals, interactive online technical assistance. – PS

e. Reimagine agency programs alongside community partners and those most affected by Arts Commission services, as part of a comprehensive commitment to a just and equitable distribution of resources and opportunities in better alignment with Arizona demographics and the geographic location of residents. Support the development and implementation of policy and practices supporting this goal. – LP, PS, SF

Issue 1 Improve eLicensing user interface and workflow.

Description The Board of Athletic Training implemented eLicensing in May of 2018. While this has reduced the amount of time required by Board staff to manually enter applications, there are many issues with the system that prevent the application submission and license issuance processes from being as fluid as they should be.

Solutions:

A.The Board will continue to work with ASET to fine-tune the eLicensing system.

Agency Summary

ATTORNEY GENERAL - DEPARTMENT OF LAW

Mark Brnovich, Attorney General
Phone: (602) 542-7000
A.R.S. § 41-191

Mission:

To provide comprehensive legal protection to the citizens of Arizona and quality legal services to the State agencies by upholding the Constitution and enforcing the law in a fair and just manner.

Description:

The Attorney General (AG) is a constitutionally established, elected position and holds office for a four-year term. The Attorney General is the legal advisor to all State agencies, boards, and commissions, except those few exempted by law. Other primary responsibilities include prosecuting and defending proceedings in which the State has an interest and rendering written opinions upon questions of law.

To fulfill these responsibilities, the Department of Law is divided into legal services and administrative operations. The legal divisions are the Child and Family Protection Division, Civil Litigation Division, Criminal Division, Appeals and Constitutional Litigation Division, and the State Government Division. Each division is further organized into sections that specialize in a particular area of practice. Two divisions are primarily responsible for administrative operations: the Operations Division and the Communications Division.

Legal, policy, administrative, and support functions are coordinated and promoted by the Department of Law Executive Office.

5 Year Plan

Issue 1 To Defend the State from Criminal Activities

Description To disrupt and dismantle criminal organizations and aggressively prosecute criminals; reducing the financial power of criminal enterprises and continuing to serve as a national leader among the nation's Medicaid Fraud Control Units.

Solutions:

GOAL 1: To disrupt and dismantle criminal organizations and aggressively prosecute criminals.

STRATEGIES:

- Coordinate efforts with federal, state, local, and neighboring countries law enforcement.
- Provide technical assistance to other law enforcement agencies, including the use of financial transaction data, to develop evidence relating to underlying criminal activity.
- Cooperate with and build effective working relationships with federal agencies.
- Provide federal and state law enforcement agencies with training on relevant legal issues and investigative techniques.
- Aid in and conduct wiretap and undercover investigations, including the investigations and prosecutions of multi defendant, highly complex drug trafficking organizations.
- Specialize in fighting drug trafficking and money laundering through court-authorized electronic interception focused against Mexican cartels and United States-based transportation cells involved in the smuggling of drugs, weapons, and bulk currency across Arizona's southern border.
- Assist in the support of a chain of inter-related task forces in the Southwest Border area, concentrating on anti-money laundering enforcement at the highest levels.

GOAL 2: To reduce the financial power of criminal enterprises.

STRATEGIES:

- Dismantle racketeering enterprises through aggressive prosecution and the proper use of civil racketeering remedies.
- Remediate the economic injury caused by individuals and criminal enterprises who engage in profit-motivated felonies, thereby increasing the compensation ultimately provided to victims for their economic loss.
- Deprive criminal enterprises of property and profit that keep them in business.
- Specialize in complex financial prosecutions to reduce the financial power of criminal enterprises.
- Foster multi-jurisdictional collaboration to identify, investigate, and disrupt financial activities that facilitate cross-border violence and money laundering.
- Enhance coordination of the Southwest Border states' anti-money laundering efforts.

GOAL 3: To continue to serve as a national leader among the nation's Medicaid Fraud Control Units.

STRATEGIES:

- Work collaboratively with federal law enforcement partners including the Department of Health & Human Services Office of Inspector General (HHS-OIG), DEA and the FBI to prosecute Medicaid fraud related crimes.
- Combat the enormous problem of health care fraud related to prescription drug crimes.
- Investigate and prosecute cases that involve the falsification of medical records; the filing of false or inflated Medicaid billing claims; thefts and embezzlements from AHCCCS clients and health care institutions; the illegal diversion of prescription drugs by health care providers; and the physical, sexual and emotional abuse of residents being cared for in AHCCCS-funded facilities.

Issue 2 To Protect Vulnerable Citizens Against Crime

Description To promote the safety, economic sufficiency and well-being of children. Combat financial and physical abuse of Arizona's senior population. To promote and facilitate justice, healing and restitution for all of Arizona crime victims

Solutions:

GOAL 1: Promote the safety, economic sufficiency and well-being of children.

STRATEGIES:

- Protect children through effective litigation and efficient case management in dependency, guardianship, severance, and adoption proceedings.
- Provide training to AGO, DCS, and DES staff, DCS caseworkers and supervisors, members of the judiciary, and various child welfare system stakeholders throughout Arizona for effective case management.
- Increase enforcement activity in judicial and administrative establishment of new child support orders.
- Aggressively prosecute child exploitation cases.
- Increase investigative involvement and provide dedicated resources to focus on Internet Crimes Against Children, and to aggressively prosecute individuals found guilty of Internet-related and associated child abuse charges.

GOAL 2: Combat financial and physical abuse of Arizona's senior population.

STRATEGIES:

- Develop cases internally and work collaboratively with outside law enforcement agencies and other state teams in order to pursue and prosecute allegations of abuse and neglect, including those that take place within health care settings.
- Work closely with other law enforcement offices, state and local agencies, and senior-focused groups to assure an aggressive investigative and prosecutorial presence in the State.
- Provide a dedicated telephone number through which the public, other law enforcement agencies, caregivers and family members can report concerns and receive information and referrals.
- Offer educational opportunities around the state in which seniors can participate.
- Offer training and education to groups who have significant interactions with the senior population.
- Use the strengths, skills, and resources across AGO Divisions to ensure the success of the Taskforce Against Senior Abuse (TASA).
- Prosecute telephone solicitation and phone scam crimes initiated by individuals and companies targeting seniors.
- Initiate legislative remedies and provide federal strategies that will help reduce the number of unwanted and illegal phone calls.

GOAL 3: To promote and facilitate justice, healing and restitution for all of Arizona crime victims.

STRATEGIES:

- Improve the treatment of crime victims by exhibiting leadership, promoting public policy reforms where needed, and increase the quality of victim services through the administration of the Victims' Rights Program.
- Provide for efficient and effective delivery of quality services to victims during all stages of criminal prosecutions.
- Serve as a leader statewide on victims' rights issues through participation in networking events, leading the Victims' Rights Advisory Committee and through the provision of statewide victim's rights training.
- Investigate allegations of victims' rights violations statewide.
- Created programs that advance and enforce statewide uniformity and efficiency in following victims' rights in Arizona.
- Take a unique approach by combining state funding, program audits, technical assistance, training, compliance and collaboration in order to increase awareness statewide about victims' rights, as well as increase compliance with victims' rights statutes and the Arizona Victims' Bill of Rights.
- Competently and efficiently defend the State in all capital and non-capital appellate cases.
- Enhance written and oral advocacy skills through participation in training.
- Improve expertise in handling federal habeas litigation through participation in training related to federal appeals under 28 U.S.C. § 2254.

Issue 3 To Protect Consumers

Description To deter fraudulent business practices as a means to protect consumers against fraud and increase the amount of restitution recovered on behalf of Arizona consumers. To reduce the number of unwanted and illegal telephone solicitation calls received by Arizonans.

Solutions:

GOAL 1: To deter fraudulent business practices as a means to protect consumers against fraud and increase the amount of restitution recovered on behalf of Arizona consumers.

STRATEGIES:

- Investigate and prosecute violations of the Arizona Consumer Fraud Act and other state and federal consumer protection laws.
- Increase public awareness through consumer education and alerts, presentations, and the distribution of literature.
- Increase the amount of pre-litigation restitution recovered on behalf of Arizona consumers.
- Prioritize AGO consumer fraud recovery efforts on consumer restitution.
- Reform the multistate consumer fraud recovery process to focus on consumer restitution.
- Aggressively litigate against companies, individuals, and corporations that blatantly defraud or deceive Arizona consumers.

GOAL 2: To reduce the number of unwanted and illegal telephone solicitation calls received by Arizonans.

STRATEGIES:

- Work with and encourage the FTC to develop rules and guidelines allowing carriers and states to take a more proactive approach in blocking unwanted phone calls.
- To test and make available call-blocking technology to Arizona seniors.
- To aggressively prosecute Arizona companies that blatantly violate and disregard the Do Not Call List.
- Educate Arizona consumers on how to reduce the number of unwanted calls and what to do when they receive illegal telephone solicitation calls.
- Work with the Arizona Legislature to pass legislation giving Arizona some of the strongest consumer protection laws in the country.

Issue 4 To Provide Legal Services for State Agencies, Boards and Commissions

Description To provide a superior level of legal services to our client agencies, the public and the State of Arizona.

Solutions:

GOAL 1: To provide a superior level of legal services to our client agencies, the public and the State of Arizona.

STRATEGIES:

- Improve efficiency of legal services delivery through client relations meetings with agencies that frequently require our services.
- Provide advanced client agency training sessions in the areas of public records law, open meeting law, conflict of interest law, contracting and procurement law, and related legal restrictions on the activities of public officials and employees. Ethics training for elected officials and appointed agency heads is now available online for ease of access and updating.
- Maintain and enhance the Continuing Legal Education (CLE) programs currently being offered by the Appeals and Constitutional Litigation Division.
- Reduce the need for outside counsel whenever possible, thereby preserving precious taxpayer resources.

LEGAL SERVICES

Leslie Welch, Operations Director
Phone: (602) 542-8046
A.R.S. § 41-191

Mission:

To protect the safety, health, economic and environmental well-being, and civil rights of Arizonans by fairly and aggressively prosecuting criminal activity, safeguarding the rights of crime victims, protecting consumers and providing high quality, innovative legal representation to the State and our client agencies.

Description:

Legal services are provided through the following divisions of the Attorney General's Office: (1) Child and Family Protection Division; (2) Civil Litigation Division; (3) Civil Rights Division; (4) Criminal Division; (5) Appeals and Constitutional Litigation; (6) State Government Division. The Child and Family Protection Division provides legal services to the Department of Economic Security and Department of Child Safety through the Protective Services Section, the Child Support Services Section, and the Civil & Criminal Litigation and Advice Sections. The Civil Litigation Division enforces the State's consumer protection and antitrust laws, enforces tobacco laws, and provides legal advice and litigation services to the executives and judicial branches. The Civil Rights Division enforces state and federal statutes prohibiting discrimination in employment, voting, public accommodations and housing. The Criminal Division prosecutes a broad array of crimes (including border-related crimes and crimes committed by organized criminal syndicates), using experienced criminal prosecutors and highly trained investigators. The Appeals and Constitutional Litigation Division represents the State in capital and non-capital criminal appeals and federal habeas actions. The State Government Division focuses on specialty areas of Civil law and provides day-to-day legal services for a myriad of State agencies, departments, boards and commissions as well as enforcing environmental laws.

CIVIL RIGHTS DIVISION

Joseph Sciarrotta, Division Chief Counsel
Phone: (602) 542-7778
A.R.S. §§ 41-191 and 41-1401

Mission:

To enforce civil rights laws and eliminate discrimination statewide by increasing public awareness of civil rights through education and enforcement and providing greater access to victims, including offering dispute resolution services to the people of Arizona.

Description:

The section's major duty is to enforce state statutes that prohibit discrimination in employment, voting, public accommodations, and housing by investigating and litigating civil rights complaints. In addition, the section provides conflict resolution services and mediation programs statewide, including many court and agency programs. The section not only is responsive to complaints it receives but is proactive in addressing discriminatory activity by providing education. It also may conduct surveys and inquiries in efforts to eliminate discrimination and publish reports to highlight civil rights issues in Arizona. The section has an internal time limited reconsideration procedure where new evidence is reviewed and closed investigations are reopened where the new evidence may change the outcome.

The section has administrative, community service, and civil functions. Its staff is comprised of lawyers, compliance officers, program managers, coordinators, support personnel, volunteers, and interns. The section has offices in Phoenix and Tucson.

Subprogram Summary

CRIMINAL DIVISION

John Johnson, Division Chief Counsel

Phone: (602) 542-7909

A.R.S. §§ 41-191 and 21-427

Mission:

To protect the citizens of Arizona by successfully investigating, aggressively and fairly prosecuting cases involving sophisticated and complex financial crimes, human trafficking, identity theft-related crimes; technology crimes, gang-related crimes, drug traffickers, trafficking organizations, money launderers, and individuals involved in criminal enterprises within the State of Arizona. To provide high quality investigative support to the Attorney General's Office and to law enforcement agencies throughout the State. To promote and facilitate safety, justice, healing and restitution for Arizona's crime victims, and support statewide criminal and juvenile justice system entities in the administration of victims' rights laws.

Description:

Drug & Racketeering Enforcement Section (DRG): The Drug & Racketeering Enforcement Section combats major drug trafficking in Arizona. This includes prosecuting individuals and organizations that traffic in illegal drugs, money laundering of illicit proceeds and commit violent crimes. DRG works closely with law enforcement agencies from throughout the State and provides review and assistance in wiretap and undercover investigations. Additionally, the attorneys in DRG provide training on a statewide basis on issues involving search and seizure law, wiretap law, prosecuting cases involving children found at drug-related scenes, and courtroom testimony. Attorneys in DRG will also provide assistance to Arizona County Attorneys on complex, major drug cases.

Fraud & Special Prosecution's Section (FSP): The Fraud & Special Prosecution Section investigates and prosecutes white collar and organized fraudulent criminal activity, including but not limited to, identity theft-related crimes, human smuggling, mortgage fraud, high technology crimes, child exploitation through the use of computers, public corruption, securities fraud, computer fraud, financial exploitation of the elderly, telemarketing fraud, charity fraud, tax fraud, public corruption, insurance fraud, banking fraud, home improvement fraud, real estate fraud, employee embezzlement, gang related crimes and other types of financial crimes involving racketeering offenses. FSP also works closely with the Financial Remedies Section to insure that any ill-gotten moneys are subject to forfeiture. FSP attorneys also prosecute cases referred by other prosecutorial offices throughout the State when those offices have a conflict of interest.

Healthcare Fraud & Abuse Section (HCFA): The Healthcare Fraud & Abuse Section, also known as the Arizona Medicaid Fraud Control Unit, investigates and prosecutes health care fraud crimes that are aimed at the State's billion dollar Medicaid program known as AHCCCS. In addition, HCFA is charged with investigating allegations of abuse and neglect that take place within health care settings that receive at least a portion of their funding from the State's AHCCCS program. HCFA investigates and prosecutes cases involving the falsification of medical records, the filing of false or inflated Medicaid billing claims; thefts and embezzlements from AHCCCS clients and health care institutions; crimes related to the illegal diversion of prescription drugs by health care providers; and the physical, sexual, and emotional abuse of residents being cared for in AHCCCS-funded facilities.

Financial Remedies Section (FRS): The Financial Remedies Section (FRS) disrupts criminal enterprises and dismantles their organizations by prosecuting lawsuits charging them with racketeering offenses that give rise to the remedy of forfeiture. FRS effectively combats the impact of racketeering on Arizona's citizens and on legitimate commerce in Arizona. It does this primarily through forfeiture, which enables FRS not only to deprive organized crime of the property and profit that keep it in business, but also to use forfeited property and proceeds to fund future investigations and prosecutions of racketeering crimes. FRS conducts investigations of offenses relating to organized crime and racketeering, primarily money laundering, fraud, and drug trafficking; facilitates the seizure of property; manages the seized property; prosecutes lawsuits seeking forfeiture of the seized property; liquidates forfeited property; and distributes the proceeds to victims of racketeering crime and to law enforcement agencies for additional investigations and prosecutions of racketeering offenses committed by other criminal organizations.

Office of Victim Services (OVS): The Office of Victim Services is a service-oriented Section within the Criminal Division of the Attorney General's Office whose programs are established for directly benefiting both crime victims and the many state-and-local governmental entities in Arizona who serve them. The OVS provides statutorily-mandated services to victims of various crimes being investigated and prosecuted by the AGO as well as those crime victims whose cases are being appealed. OVS staff also provides more than twenty types of non-mandated services to address the needs of crime victims recovering from the personal and social effects of victimization. Additionally, OVS supports state, county, and municipal law enforcement, custodial, prosecutorial, and correctional agencies, and courts, having duties established and defined by Arizona's victims' rights laws. These entities benefit from the Victims' Rights Program administered by OVS

which provides funding, training and other forms of assistance that further uniformity, efficiency, and victims' rights compliance.

Southern Arizona White Collar & Criminal Enterprise Section (SAWCCE): The Southern Arizona White Collar & Criminal Enterprise Section fights border-related crime by focusing its efforts against the Mexican cartels and U.S.-based transportation cells involved in the smuggling of drugs, weapons, money and humans across Arizona's southern border. SAWCCE also specializes in complex financial prosecutions, including mortgage fraud, securities fraud, and public corruption cases, along with identity theft, social security fraud, AHCCCS fraud, manufacturing of fraudulent credit cards, identity theft, and many other economic crimes. SAWCCE also emphasizes prosecution of elder financial exploitation crimes. SAWCCE attorneys also prosecute cases referred by other prosecutorial offices throughout the State when those offices have a conflict of interest.

Special Investigations Section (SIS): The Special Investigations Section consists of special agents, supervising agents, analysts, auditors and administrative personnel with specialized areas of experience unavailable from other law enforcement agencies. SIS is divided into six investigative units which function primarily within the following AGO Sections: Consumer Protection and Advocacy, Fraud & Special Prosecutions, Healthcare Fraud & Abuse, Border Crimes Enforcement, Financial Remedies and the Arizona Financial Crimes Task Force. SIS personnel provide expertise in the special areas of prosecution upon which the AGO has sole jurisdictional responsibility. Investigative assistance by SIS personnel is provided in the complex areas of white collar crimes, public corruption, consumer fraud, drug trafficking, human smuggling, environmental crimes, gangs and violence, medical fraud, abuse of the vulnerable, money laundering, forfeiture, tobacco violations and prosecution of crimes which occur in Arizona but the perpetrator has fled to the Republic of Mexico.

Criminal Appeals Section (CAS) & Capital Litigation Section (CLS): The primary function of these two Sections is defending the State of Arizona in appeals and federal habeas actions initiated by convicted felons. In non-capital appeals, the Criminal Appeals Section represents the State on direct appeal in the Arizona Court of Appeals and in the Arizona Supreme Court. The Section also represents the State in federal court cases arising from state-court convictions. The Capital Litigation Section defends the State in death penalty proceedings from the time a death sentence is imposed until the sentence is carried out or until the case is otherwise concluded. Those proceedings include the direct appeal, state post-conviction, and federal habeas corpus matters. Both Sections also provide trial and research assistance at the request of county attorneys.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
Cases open (SAWCCE & DRG Section Totals)	1,016	1,100	803	900	950

Explanation: Decrease in FY20 cases open was due to a decrease in case submittals during the COVID19 pandemic along with a high turnover of attorneys in the Drug Section. For FY21, we expect our law enforcement partners to submit many currently pending cases.

Opened cases resolved within the year (SAWCCE & DRG Section Totals)	456	500	295	500	550
--	-----	-----	-----	-----	-----

Explanation: For FY20, decrease in number of resolved cases was due to the decreased number of defendants charged because of the COVID19 pandemic and the grand jury being suspended. In addition, charged defendants are awaiting sentencing and final disposition.

Number of defendants charged (SAWCCE & DRG Section Totals)	655	750	412	600	650
---	-----	-----	-----	-----	-----

Explanation: For FY20, decrease in number of defendants charged was again due to the decreased number of cases submitted by law enforcement agencies because of the COVID19 pandemic and the grand jury being suspended from March 16, 2020 through August 7, 2020. It should be noted that during the time of the COVID19 pandemic, 14 cases and 23 defendants cannot be counted in FY20 numbers and thus gives some reason for the decline in this measurement. The grand jury will be hearing cases again starting August 17, 2020. In addition, the higher number of defendants charged in FY19 was due to the finalization and charging of numerous multi-defendant cases during that time.

Number of child abuse victims (SAWCCE & DRG Section Totals)	11	5	5	5	5
--	----	---	---	---	---

Explanation: For FY19, increase in the number of child abuse victims was due to the previous FY18 case involving 10 children.

- ◆ **Goal4** To investigate and prosecute complex financial fraud crimes and high technology crimes throughout the State of Arizona, which many cases are referred to this office due to other prosecution offices' limitation in manpower, experience or resources.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
----------------------	-------------------	---------------------	-------------------	---------------------	---------------------

Cases open (SAWCCE, FSP & HCF Section Totals)	1,972	2,000	2,095	2,100	2,200
--	-------	-------	-------	-------	-------

Explanation: For FY19 and FY20, CRM prosecutions sections continued to develop good relationships with law enforcement agencies and task forces that we previously had not worked with. Those agencies are continuing to bring many new cases to the Office. These new task force operations and agency relationships account for the significant increase in caseloads and case numbers that we have seen over the past year. For example, our relationship with the FBI/AZDPS Career Criminal Offender Task Force and the ICAC Task Force has resulted in many new submittals. That relationship has resulted in several successful prosecutions and we expect to continue to work with these law enforcement agencies going forward.

Opened cases resolved within the year (SAWCCE, FSP & HCF Section Totals)	852	650	761	750	800
---	-----	-----	-----	-----	-----

Explanation: For FY19, due to the increased caseloads, more cases were resolved and closed. For FY20, decrease in number of resolved cases was due to the decreased number of defendants charged because of the COVID19 pandemic and the grand jury being suspended from March 16, 2020 through August 7, 2020. It should be noted that during the time of the COVID19 pandemic, 123 cases and 196 defendants cannot be counted in FY20 numbers and thus gives reason for the decline in this measurement. The grand jury will be hearing cases again starting August 17, 2020. In addition, charged defendants are awaiting sentencing and final disposition.

Matters reviewed but not opened (SAWCCE, FSP & HCF Section Totals)	258	100	264	100	100
---	-----	-----	-----	-----	-----

Total victim losses (\$ millions) (SAWCCE, FSP & HCF Section Totals)	128.1	130	99.6	110	120
---	-------	-----	------	-----	-----

Explanation: Increase in FY19 was due to the increased number of cases submitted for prosecution which involved numerous victim losses and the number of victims. For FY20, decrease in number of victim losses, number of victims and restitution ordered was again due to the decreased cases submitted or charged during the COVID19 pandemic, along with the court's inability to sentence defendants who had previously taken a plea during this time. Therefore, FY21's measurements in these categories will be higher.

Total number of victims (SAWCCE, FSP & HCF Section Totals)	4,331	4,000	4,166	4,200	4,300
---	-------	-------	-------	-------	-------

Explanation: Increase in FY19 was due to the increased number of cases submitted for prosecution which involved numerous victim losses and the number of victims. For FY20, decrease in number of victim losses, number of victims and restitution ordered was again due to the timeframe during the COVID19 pandemic when cases were not opened and/or charged, along with the court's inability to sentence defendants who had previously taken a plea during this time. Therefore, FY21's measurements in these categories will be higher

Restitution ordered by the courts (\$ millions) (SAWCCE, FSP & HCF Section Totals)	10.8	10	7.9	9	10
---	------	----	-----	---	----

Explanation: For FY20, decrease in number of restitution ordered was again due to the decreased number of defendants being sentenced.

- ◆ **Goal5** To assist prosecutorial offices throughout the state by prosecuting matters that are referred due to conflicts of interest.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
----------------------	-------------------	---------------------	-------------------	---------------------	---------------------

County Attorney conflict of interest referrals (SAWCCE, DRG, FSP & HCF Section Totals)	36	30	38	30	30
---	----	----	----	----	----

- ◆ **Goal6** To protect legitimate commerce from loss, prevent unfair competitive advantage based on criminal proceeds, reduce the financial power of criminal enterprises and compensate the victims of financially motivated crimes by dismantling racketeering enterprises through civil racketeering remedies.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
----------------------	-------------------	---------------------	-------------------	---------------------	---------------------

New Forfeiture cases opened	1,086	1,050	622	700	750
-----------------------------	-------	-------	-----	-----	-----

Explanation: Decrease in FY20 cases opened was due to fewer case submittals from law enforcement agencies. The decrease is attributable to the COVID19 pandemic and restrictions on law enforcement operations in the last four months of the fiscal year. Legislative restrictions in 2017 also attributed to the decrease in case submittals. FRS also experienced temporary decreases in attorney staff in the second half of FY20. FY21 and FY22 estimates assume a continuing trend in a reduced number of cases submittals.

Opened cases resolved within the year	708	675	1,112	750	800
---------------------------------------	-----	-----	-------	-----	-----

Explanation: Decrease in FY19 resolved cases was due to the reduced number of case submittals. The decrease in FY19 was also attributable to attorney and staff vacancies. FY21 and FY22 estimates assume a continuing trend in reduced number of case submittals. The decrease in cases resolved; however, does not necessarily correlate to a decrease in the number of in rem assets and in personam defendants. Increase in FY20 cases resolved was due to the resolution of several cases with a high number of assets. FY21 and FY22 estimates are derived by identified continuing trends in reduced new forfeiture cases opened.

Number of defendants (in rem/in personam)	2,754	2,200	1,193	1,000	1,100
---	-------	-------	-------	-------	-------

Explanation: Decrease in FY20 number of defendants does not necessarily correlate to a similar decrease in new cases opened or opened cases resolved because individual cases resolve at different rates and can have a very high or very low Number of in rem assets or in personam defendants.

Amount forfeited to State (\$ millions)	16.7	14	8.5	9	9.5
---	------	----	-----	---	-----

Explanation: Increase in FY19 amount forfeited was due to the increased number of defendants in that year and a resulting increased value recovered despite the reduced number of case submittals and cases resolved during that year.

Decrease in FY20 amount forfeited was due to the decreased number of defendants, a resulting decreased value recovered, and a reduced number of new cases opened.

- ◆ **Goal7** To support statewide prosecution and forfeiture efforts through training, research and property management support.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
----------------------	-------------------	---------------------	-------------------	---------------------	---------------------

Law enforcement training seminars	55	20	21	10	15
-----------------------------------	----	----	----	----	----

Explanation: Increase in FY19 trainings was due to additional training provided by the Arizona Financial Crimes Task Force along with the members of the Financial Remedies Section. Decrease in FY20 trainings was due to cancelled trainings because of COVID19 shutdowns and restrictions.

Financial inquiry assists	3,542	3,000	2,756	2,500	3,000
---------------------------	-------	-------	-------	-------	-------

Explanation: Increase in FY19 financial inquiries was due to the number of complex investigations, interstate human sex trafficking and investigations involving complicit money remitter services as well as the introduction of additional interest in pursuing financial cases at the federal, state and local level law enforcement agencies. Decrease in FY20 financial inquiries was due to the Transaction Record Analysis Center (TRAC) agency users being more experienced with the database system and required less assistance from TRAC analysts. Increases are anticipated for future fiscal years due to potential expansion of TRAC users.

- ◆ **Goal8** To improve the treatment of crime victims in Arizona by exhibiting leadership, promoting public policy reforms where needed and increasing the quality of victim services and victims' rights compliance through the administration of the Victims' Rights Program (VRP).

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
Number of victim service network events participated in	147	130	110	130	130
Total awards disbursed (\$ millions)	2.2	2.2	2.2	2.2	2.2
Percent of VRP recipients in compliance with mandates	98	100	100	100	100
Number of trainings and presentations given	79	75	62	75	75

Explanation: Decrease in FY20 number of trainings and presentations was due to the COVID19 pandemic and inability to conduct on-site trainings

Number of attendees at trainings and presentations	1,887	1,700	1,363	1,350	1,350
--	-------	-------	-------	-------	-------

Explanation: Increase in FY19 was due to increased awareness of the AGO's Victims' Rights education availability to conduct trainings. Decrease in FY20 was due to decreased number of trainings for attendees to participate in.

% of victims' rights violation allegations responded to	100	100	100	100	100
% of Victims' Rights award recipients satisfied with the Victim's Rights Program	94	90	100	90	90
Number of agencies audited	6	8	5	8	8

Explanation: Decrease in FY20 agencies audited was due to the COVID19 pandemic and inability to travel to agency offices to conduct audits.

- ◆ **Goal9** To foster victims' recovery from the traumatic short and long-term effects of victimization, to prepare victims to cope with the impact of criminal justice system involvement, and to provide for the efficient and effective delivery of quality services to victims during all stages of criminal prosecutions.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
Number of victims served	10,127	9,500	10,301	10,000	10,000
Number of mandated services provided	43,178	20,000	32,734	30,000	30,000

Explanation: Increase in FY19 mandated services was due to increased training of advocates to ensure mandated services are provided. Decrease in FY20 mandated services was due to the decrease in mandated services because of fewer large volume victim related cases opened.

Number of non-mandated services provided	86,126	75,000	88,561	75,000	75,000
--	--------	--------	--------	--------	--------

Explanation: Increase in FY19 non-mandated services was due to increased training of advocates to ensure non-mandated services are provided.

Open restitution cases	411	350	425	350	350
Compliance checks of restitution orders conducted	1,687	1,750	1,661	1,770	1,770

Explanation: While there was a slight decrease in compliance checks of restitution orders FY19 and FY20, the service numbers in this area fluctuate yearly and are dependent on the number of cases in OVS, victim needs and defendant compliance.

◆ **Goal 10** To provide competent and timely investigations of criminal conduct.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
-----------------------------	---------------------------	-----------------------------	---------------------------	-----------------------------	-----------------------------

Open cases	465	475	529	550	600
------------	-----	-----	-----	-----	-----

Explanation: Although FY20 open cases increased, Special Agents had 179 matters (open/close) that were reviewed, but not opened as the matters did not meet the standards for a criminal investigation. It should be noted that many open cases in FY20 have been related to more complex fraud schemes which requires long term investigations and, often times, additional manpower on each case.

Law enforcement assists	73	75	65	75	85
-------------------------	----	----	----	----	----

Explanation: Decrease in FY20 assists was related to a number of agencies directly referring SIS cases to open rather than assisting their agency. In addition, due to the COVID19 pandemic, requests for assists have declined.

Matters reviewed but not opened by Duty Agent	3,780	3,800	3,674	3,800	3,800

Subprogram Summary	
CHILD AND FAMILY PROTECTION DIVISION	
Virginia Gonzales, Division Chief Counsel	
Phone: (602) 542-9942	
A.R.S. § 41-191	

Mission:

To provide the Department of Economic Security (DES) and the Department of Child Safety (DCS) with high quality and timely legal advice and representation to promote the safety, economic sufficiency and well-being of children, adults and families.

Description:

The Division is responsible for providing legal services to all programs and business operations of the DES and the DCS. The Division provides these services through three distinct sections.

The Protective Services Section (PSS) provides comprehensive legal representation to the DCS throughout Arizona’s 15 counties with offices located in Flagstaff, Gila/Pinal, Kingman, Mesa, Phoenix I, Phoenix II, Prescott, Sierra Vista, Tucson and Yuma. PSS represents the DCS in all dependency, guardianship, termination and appellate proceedings brought for the protection of abused and neglected children. PSS also handles some adoption proceedings on behalf of the DCS. PSS handles cases in accordance with state and federal law designed to expedite dependency court proceedings and place children in safe, permanent homes.

The Child Support Section (CSS) represents DES’ Division of Child Support Services (DCSS). This includes establishing paternity and obtaining, modifying and enforcing child support orders to ensure the economic well-being of children. CSS also represents DCSS in appeals, complex litigation actions and provides comprehensive legal advice and support to DCSS in 14 of the 15 Arizona counties.

The Civil and Criminal Litigation & Advice Section (CLA) provides legal advice and representation in administrative hearings and state and federal courts to DCS on matters other than those handled by PSS and a myriad of programs within DES. Other than Child Support Services, CLA represents all DES programs (approximately 100) some of which include: Developmental Disabilities, Procurement, Unemployment Insurance, Collections, Supplemental Nutrition Assistance, Child Care Assistance and Licensing (developmental homes). CLA also represents DCS and DES in all personnel and operations matters and prosecutes criminal cases relating to various DES program violations, including recipient benefit fraud, employee benefit fraud, employee embezzlement, as well as, all related appeals.

Funding:	<u>FY 2020 Actual</u>	<u>FY 2021 Estimate</u>	<u>FY 2022 Estimate</u>
General Fund	2.6	350.0	350.0
Other Appropriated Funds	0.0	900.0	900.0
Other Non Appropriated Funds	0.0	0.0	0.0
Total Funding	2.6	1,250.0	1,250.0
FTE Positions	2.0	2.0	2.0

- ◆ **Goal1** To assist the DCS in protecting children from abuse and neglect by providing legal services and representation in compliance with the timeframes established by federal and state law.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
Number of preliminary protective hearings within five to seven days of filing initial dependency petition	5,286	4,700	5,499	5,700	5,700

Explanation: There has been an increase in the number of actual children in care. Also, due to Covid-19, and children home with parents this trend is anticipated to grow. This will result in an increase in Preliminary Protective Hearings.

Number of dependencies filed by the DCS (including supplemental and in-home petitions)	4,737	4,700	4,782	5,000	5,000
--	-------	-------	-------	-------	-------

Explanation: In an effort to slow the increase of dependency petitions, the DCS has reinstated prevention programs and implemented safety plans to reduce the number of children removed.

- ◆ **Goal2** To assist the DCS in establishing permanent living situations for children by providing legal services and representation in all stages of judicial proceedings that comply with federal and state timeframes for new cases.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
Number of hearings held to establish a permanent plan within 12 months	6,673	6,600	7,203	7,500	7,500

Explanation: Since the number of dependency petitions and children in care has increased, so has the number of Permanency Hearings. Also, due to this number of filings increasing and Covid-19, we anticipate this number to continue to rise.

Number of reunifications achieved (child back with parents)	2,847	2,800	2,962	3,000	3,000
---	-------	-------	-------	-------	-------

Explanation: The Department's objective and emphasis remains in achieving a timely and safe reunification with a parent. This includes providing a wide range of services and implementation of safety plans. These efforts combined with an increase in the number of children in care has led to a higher number of children reunified with a parent. Due to Covid-19 these efforts were increased.

Number of guardianships achieved (child placed with guardian)	615	600	616	650	650
---	-----	-----	-----	-----	-----

Explanation: The DCS has reassessed their permanency plans and is attempting to utilize more guardianships as case plans. This has resulted in an increase in guardianships.

Number of terminations achieved (child removed from parents)	2,846	2,800	2,233	2,900	2,900
--	-------	-------	-------	-------	-------

Explanation: The DCS continues to focus on providing a wide range of services and safety plans in an effort to help parents achieve reunification. As a result, the number of terminations has decreased.

- ◆ **Goal3** To assist the DCSS in establishing paternity orders for families by providing legal services and representation in all stages of litigation.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
Number of children with paternity established	999	1,000	626	1,000	1,000

Explanation: The number of children for whom a paternity order was established through court action decreased this year because of the COVID-19. In April and May, certain counties, including Maricopa County and Pima County continued all Title IV-D hearings. Due to COVID-19, from April through June 30, DCSS did not ask the court to enter default Paternity orders.

◆ **Goal4** To provide legal representation in DES and DCS litigation and to prosecute and deter fraud.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
Administrative, Civil and Appellate litigation resolved (cases closed)	1,074	900	1,113	900	1,000

Explanation: The number of cases closed is dependent on the number of cases referred to us by our client agencies, which fluctuates from fiscal year to fiscal year. In addition, it is not unusual for cases referred to our office in the latter half of one fiscal year to be set for hearing in the following fiscal year per the normal procedural course of these cases or for a hearing to take place in one fiscal year with a decision issued in the following fiscal year. An appeal may also be filed by the appellant in the following fiscal year. These factors will cause increases or decreases beyond what can be anticipated when calculating estimates for future fiscal years.

Civil Collection litigation resolved (judgments)	532	475	303	475	475
--	-----	-----	-----	-----	-----

Explanation: The decrease below estimate is due to a slight decrease in case referrals and due to requests for default judgments filed in the second half of FY20 that are still pending. Due to DES staffing increases and the increase in unemployment insurance claims due to COVID-19, we expect increases going forward.

Criminal prosecutions completed successfully (sentenced)	287	230	288	350	350
--	-----	-----	-----	-----	-----

Explanation: Cases are not necessarily resolved in the year that they are filed because some defendants either cannot be served or they fail to appear and have warrants issued for their arrest. Defendants on warrant status can be arrested or may voluntarily come to court to have a warrant quashed in the years after the case was originally filed, resulting in their cases being resolved in subsequent years. These factors will cause increases or decreases beyond what can be anticipated when calculating estimates for future fiscal years. Due to DES staffing increases and the increase in unemployment insurance claims due to COVID-19, we expect increases in the number of criminal prosecution referrals going forward.

◆ **Goal5** To generate funds for the State via criminal restitution and civil judgments.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
Civil judgments (\$)	1,538,499	1,200,000	913,186	1,100,000	1,200,000

Explanation: The decrease below estimate is due to a slight decrease in case referrals and due to requests for default judgments filed in the second half of FY20 that are still pending. Due to DES staffing increases and the increase in unemployment insurance claims due to COVID-19, we expect increases going forward.

Garnishment funds received (\$)	681,795	550,000	821,623	600,000	600,000
---------------------------------	---------	---------	---------	---------	---------

Explanation: The increase over estimate is due to a larger than expected increase in the number of garnishment cases related to unemployment insurance benefits, an increase in the dollar amount garnished in cases related to unemployment insurance benefits, and an overall increase in garnishment cases.

Criminal restitution ordered (\$)	689,536	625,000	755,008	750,000	850,000
-----------------------------------	---------	---------	---------	---------	---------

Explanation: Cases are not necessarily resolved in the year that they are filed because some defendants either cannot be served or they fail to appear and have warrants issued for their arrest. Defendants on warrant status can be arrested or may voluntarily come to court to have a warrant quashed in the years after the case was originally filed, resulting in their cases being resolved in subsequent years. These factors will cause increases or decreases beyond what can be anticipated when calculating estimates for future fiscal years. Also, it is important to note that criminal restitution ordered, which occurs at sentencing, and criminal restitution received prior to sentencing (next line item), represent the total restitution paid by defendants. It is the defendants who choose whether to pay any restitution prior to sentencing.

Criminal restitution received prior to sentencing (\$)	788,577	775,000	686,808	750,000	850,000
--	---------	---------	---------	---------	---------

Explanation: Cases are not necessarily resolved in the year that they are filed because some defendants either cannot be served or they fail to appear and have warrants issued for their arrest. Defendants on warrant status can be arrested or may voluntarily come to court to have a warrant quashed in the years after the case was originally filed, resulting in their cases being resolved in subsequent years. These factors will cause increases or decreases beyond what can be anticipated when calculating estimates for future fiscal years. Also, it is important to note that criminal restitution ordered (prior line item), which occurs at sentencing, and criminal restitution received prior to sentencing, represent the total restitution paid by defendants. It is the defendants who choose whether to pay any restitution prior to sentencing.

◆ **Goal6** To provide comprehensive legal advice to the Department of Economic Security and Department of Child Safety.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
Hours of counsel and advice	32,329	32,000	29,143	31,000	32,000

Explanation: Although there has not been a decrease in providing legal advice as requested, the counsel and advice hours are lower than estimated due to unexpected attorney turnover throughout the fiscal year.

Subprogram Summary

CIVIL DIVISION

Joe Sciarrotta (CLD) & Dawn Northup (SGD), Division Chief Counsel

Phone: (602) 542-7778

A.R.S. § 41-191

Mission:

To provide high-quality, effective, and innovative legal representation to the State of Arizona, its agencies, officers, and employees acting within the scope of their employment and provide legal advice and litigation services to the Executive and Judicial branches of State Government.

Use the discretionary power of the Office of the Attorney General to pursue those who prey upon the public and threaten the economic well-being of all Arizonans and provide legal advice and litigation services to the Executive and Judicial branches of State Government.

Protect the public from consumer fraud and provide advocacy and public education regarding consumer protection issues. Ensure that tobacco manufacturers and distributors comply with state laws and enforce the tobacco settlement that benefits state health programs. Protect competition and consumer welfare by enforcing Arizona's antitrust statutes. Promote and enforce Arizona's civil rights laws. Collect debts owed to the State of Arizona efficiently, expeditiously and fairly. Travel state-wide providing prevention education on a variety of topics and interact with the public through trainings and hosting public events.

Description:

The Division consists of attorneys and staff whose principal assignments focus on specialty areas of civil law. The Division also provides day-to-day legal services to a number of departments, boards, and commissions in the State of Arizona. The Division is divided into the Sections listed below.

Agency Counsel Section (ACS) – ACS provides legal advice and litigation services to the Office and a number of State agencies, boards and commissions including the Executive and Judicial branches of government. Some of the Section's clients include the Department of Administration, Administrative Offices of the Courts, Department of Corrections, Department of Gaming, Office of the Secretary of State, Arizona State Retirement System, and Arizona State Lottery Commission.

Environmental Enforcement Section (EES) – EES provides advice, enforcement, litigation, and representation services related to state and federal environmental and natural resource laws. The Section represents the Department of Environmental Quality (ADEQ) in matters arising under state and federal laws pertaining to water quality control, air quality control, and waste management and remediation.

Education and Health Section (EHS) – EHS includes the Education and Health Units. The Health Unit provides legal services to the Department of Health Services including the Arizona State Hospital, the Division of Public Health Licensure, the Division of Public Health Preparedness, the Division of Public Health Prevention, and other health programs. The Health Unit also provides legal services to the Commission for the Deaf and the Hard of Hearing. The Health Unit does not represent AHCCCS or any local health department.

The Education Unit provides legal services to the Arizona Department of Education, the Arizona State Board of Education, the Arizona Commission for Postsecondary Education, the School Facilities Board, the Arizona State School for the Deaf and the Blind and the State Board for Charter Schools. The Education Unit does not represent any Colleges, Universities, or School Districts.

Employment Law Section (ELS) – ELS provides employment law advice and litigation support to state agencies and represents the State in employee appeals from personnel actions. Further, ELS defends the State, its agencies and employees in employment lawsuits brought by current, former or prospective employees. ELS also defends the State and Risk Management in contested workers compensation cases.

Licensing and Enforcement Section (LES) – LES provides legal services to more than forty State agencies, boards and commissions, most of which regulate professions, occupations or businesses. The Section provides legal advice to client agencies regarding their statutes and rules as well as open meeting law and public records issues. In addition, the Section provides litigation services by prosecuting administrative hearings against licensees and defending appeals of agency actions in the Superior Court and the Court of Appeals. Moreover, LES has adopted the role of Independent Advisor in addition to Prosecutor. This enables LES to provide a new level of service to its clients. Some of the agencies represented by the Section include the Accountancy Board, the Arizona Medical Board, the Dental Board, the Registrar of Contractors, the Department of Liquor Licenses and Control and the Nursing Board.

Liability Management Section (LMS) – LMS represents the State and its employees in Risk Management covered lawsuits that allege liability

for personal injuries, property damage and constitutional law violations.

Natural Resources Section (NRS) - NRS provides agency advice and representation to a variety of State agencies, but primarily the Arizona State Land Department (ASLD). ASLD manages over nine million acres of state trust land, so NRS' services relate to a myriad of issues, including urban and rural development, sales and long-term leasing, and grazing, mining, agricultural, utility, and transportation uses. Further, NRS represents the State where its agencies claim water rights in the two water adjudications, with water rights claims on state trust lands comprising the majority of those claims. The Section also provides legal counsel to the Arizona State Parks Board, the Department of Forestry and Fire Management, the State Mine Inspector, the Board of Geographic and Historic Names, and the Prescott Historical Society.

Public Law Section (PLS) - PLS serves the State of Arizona by providing legal advice and representation to a variety of state agencies. Some of these state agencies include the Department of Financial Institutions, Department of Veterans' Services, and the Arizona Exposition and State Fair Board.

Tax Section (TAX) – TAX advises the Arizona Department of Revenue on property tax, income tax, transaction privilege (sales) tax and various other tax areas, and represents the Department when taxpayers challenge their taxes in court and before the State Board of Tax Appeals and the State Board of Equalization. Tax also advises and represents the Arizona Department of Transportation on fuel tax and aircraft license matters as well as on all other tax issues that arise at that Department.

Transportation Section (TRN) – TRN represents the Arizona Department of Transportation in a number of areas, including eminent domain litigation, construction contract litigation, highway right of way encroachments, procurement contracts, vehicle license and driver license suspensions / revocations and related appeals. The Section also represents the Arizona Department of Public Safety in a number of areas including criminal history records, fingerprint records and clearance cards, procurement contracts, licensing and permit suspensions and revocations and commercial vehicle enforcement.

The responsibilities of the Division's civil sections include managing the State's civil appellate matters, and handling matters to protect the state's sovereignty from federal overreach including litigating complex cases involving significant constitutional and statutory interpretation, or institutional issues. The civil section also supervises the production of formal Attorney General opinions, as well as defending state statutes from legal challenges, handling election enforcement matters on behalf of the office, taking civil enforcement actions for improper expenditure of public monies, and handling legislative requests for investigation pursuant to SB 1487. The civil section also serves as a clearinghouse for lawyers throughout the Attorney General's Office on a variety of special projects, and providing policy support in the specific areas of ethics, specialized litigation, and key programs as prioritized by the Attorney General.

The Division's major duties are to enforce the consumer protection, state debt collection, and antitrust laws in a largely pro-active manner. The Division has administrative and civil functions. While most of its work involves using the Attorney General's independent authority to pursue wrongdoing, the Division also has client representation duties. The Division is divided into the Sections listed below.

Bankruptcy Collection & Enforcement (BCE): BCE provides debt collection representation for state agencies, boards and commissions. This includes representing the state when debtors file bankruptcy and owe back-taxes or owe the state for other debts.

Consumer Protection and Advocacy (CPA): CPA enforces the Consumer Fraud Act and other state and federal consumer protection laws. Further, the Section handles all complaints reported to the office by consumers. The Antitrust Unit within the Section enforces laws that protect competition and consumer welfare. The Tobacco Enforcement Unit (TEU) also is part of the Section. TEU is responsible for enforcing the Tobacco Master Settlement Agreement and related statutes, which brings to Arizona approximately \$100 million each year. In partnership with the Arizona Department of Health Services, TEU also runs a robust Youth Tobacco Counter Strike Program.

Community Outreach and Education (CMO): CMO travels state-wide providing prevention education to more than 60,000 Arizonans annually. Staff work closely with schools across the state to educate children, parents and community groups on a variety of topics, including internet safety, suicide prevention, human trafficking, consumer scams, and life care planning, among others. CMO maintains interaction with the public through these trainings, in addition to responding to phone and email inquiries, building partnerships with outside organizations, and hosting public events. Outreach staff also maintains a network of neighborhood satellite offices and centers throughout Arizona. Satellite offices are staffed by volunteers trained to provide information and take complaints on consumer fraud, predatory lending, civil rights and other topics of community concern.

Amounts recovered, generated, and/or saved (in millions of dollars)	108	100	52	150	100

Explanation: The amounts are a calculation of revenues received by the State Land Department from successful litigation, sales for cash or on terms, and long-term leases of state trust lands, for which the Attorney General’s Office provided assistance at the original transaction stage or on an ongoing basis. The year-to-year results vary based on number and size of transactions, as well as how much purchasers pay initially versus how much they finance. The FY 2020 figure reflects the postponement of a major transaction until Fall 2020. Based on matters for which NRS is currently providing assistance, the FY 2020 estimate is substantially higher because of two very large transactions scheduled for Fall 2020, plus the results of litigation for which success is anticipated.

- ◆ **Goal2** To provide quality legal services that are more efficient and less costly than outside legal counsel (AGO = Attorney General's Office and OSC = Outside Counsel).

CENTRAL ADMINISTRATION

Leslie Welch, Director of Operations
 Phone: (602) 542-8046
 A.R.S. § 41-191

Mission:

To provide administrative and policy support in addition to direction for the Department of Law and to collect debts owed to the State, provide budgetary, contract, accounting, financial control services and information technology support, and manage employee relations and process personnel actions, and provide centralized distribution to the Attorney General's Office.

Description:

The program is comprised of three areas: Executive Office, Operations Division, and Communications

The Attorney General and Executive Staff are responsible for providing legal advice to state officials, legislators, county attorneys, and all client state agencies in addition to certifying rules promulgated by state agencies. The Operations Division is committed to providing premier employee services through clear communication, employee training, and centralized processes in Accounting, Budgeting, Human Resources, Procurement, Facilities Management, Information Technology and all logistical services. The Communications division is responsible for Legislative and Public Affairs.

BOARD OF BARBER EXAMINERS

Bruce Bueno, Executive Director
Phone: (602) 542-4498
A.R.S. §§ 32-301 et seq.

Mission:

To preserve the public welfare and health through the development and enforcement of adequate sanitation procedures, rules, and laws governing barbers and barbering establishments.

Description:

The Board of Barbers administers barbering examinations, grants and renews licenses, inspects barbering establishments, investigates consumer complaints regarding unlawful activities, and takes measures to resolve complaints, including holding hearings, levying fines, and suspending or revoking licenses.

5 Year Plan

Issue 1 To service licensees in an efficient manner.

Description Provide our licensee's with quick and accurate service, to assist our licensees with the information they need and to keep administrative costs as low as possible.

We wish to render efficient responses to other departments with whom we work (attorney general, general accounting, etc).

Solutions:

We issue or deny an applicant's request for a license within our time-frame. We assist our licensee with questions they may have, thereby allowing them to obey the laws that govern their license. By helping them with their questions with sanitation, we are also helping to protect the public's health. In order to protect the public's health, three-fourths of our staff spends most of their time investigating complaints and inspecting barber shops and barber schools; this also helps keep our administrative costs low.

Issue 2 To enforce legislative requirements concerning the regulation of barbers

Description We try to inspect each barber shop or barber school each year for compliance with Arizona statutes. During this inspection, we are also checking each barber or instructor for compliance with Arizona statutes.

Solutions:

If there is problem with a licensee's failure to comply with Arizona statutes the inspection is brought to the attention of the Governing Board. The Governing Board decides whether to dismiss the case or to proceed to a legal proceedings which might result in a civil penalty, probation, suspension or revocation of a license.

Issue 3 To ensure the proper use of sanitary procedures to prevent the transmission of diseases, parasite, or injury to the public

Description The Board answers questions from the public or licensees regarding proper methods of sanitation. During inspections, barbers have their stations and equipment checked for compliance with Arizona standards.

Solutions:

The Board attends the annual conference of the National Association of Barber Boards of America to stay informed of new standards and techniques. The conference also allows us to learn of legislation other states are considering. The Board also gives demonstrations at the various barber schools and other events.

Issue 4 To ensure that all licenses issued by the Board meet minimum requirements.

Description We check each application for a license to ensure that all of the requirements of Arizona laws are met.

Solutions:

Each application is checked to verify that the paper requirements have been presented. This includes, but is not limited to, the State requirement that the applicant be a citizen of the United States or be a legal resident of the United States. If the applicant is student who has just graduated from a barber school, we give a written and practical examination to ensure the applicant meets the basic knowledge expected from a new graduate.

Issue 5 To update the website.

Description Our new website was designed by ASET and has been launched. The feedback from the public has been favorable. The website was completely restructured bringing many of its sections up to date and new sections added. We feel this will help the public and our licensees.

Solutions:

We also want to make the website more user friendly for our staff by attending sessions hosted by ASET to teach our staff to make corrections directly on the website without going through a third party.

Issue 6 Acceptance of electronic payments

Description In order to comply with Governor Ducey's Executive Order 2015-001 that requires each agency to accept electronic payments, our Agency is working closely with Aset.

Solutions:

Aset has brokered a contract with Deloitte as our vendor to transfer our data to a new format that will allow electronic payments. Aset is also transferring our internet provider to Google Enterprise. These improvements will give enhanced data protection and will result in more responsive customer service.

Issue 7 To update the laws and rules governing the Board.

Description The Board has many issues with its rules which it wishes to update. Many of these issues involve bringing the rules up to date to match other laws which have been modified or enacted. However, several of the rules we wish to implement involve the safety of the public, barber students, barbers, instructors, schools and establishment.

We also have an issue with our laws. There are many new circumstances which to be addressed legislatively.

Solutions:

Changes were made to our rules last year. We also have changed to our rules to eliminate the acceptance of cash. Many changes are on the horizon when we can have electronic payments and submission of applications. We will address them with the help of our legal counsel.

BOARD OF BEHAVIORAL HEALTH EXAMINERS

Tobi Zavala, Executive Director
Phone: (602) 542-1617
A.R.S. §§ 32-3251 to 32-3322

Mission:

To establish and maintain standards of qualifications and performance for licensed behavioral health professionals in the fields of counseling, marriage and family therapy, social work, and substance abuse counseling, and to regulate the practice of licensed behavioral health professionals for the protection of the public.

Description:

The Board of Behavioral Health Examiners licenses and biennially renews licensure for approximately 12,900 behavioral health professionals, requiring these professionals to meet minimum standards of education, experience, and competency, as measured by examination. The Board also receives and investigates complaints, takes necessary disciplinary action, and responds to inquiries from consumers regarding the licensure status and complaint history of individual behavioral health professionals.

5 Year Plan

Issue 1 The increased volume of licensure applications is impacting the processing time from application receipt to license issuance.

Description In FY18, the Board received 1705 applications, and in FY20 received 2242, which is an increase of 537 applications (31%) in the two year period. The anticipated volume is expected to continue to increase with the Board's changes in 2018 to A.R.S. § 32-3274 which regulates licensure by endorsement, and the Universal Recognition path to licensure passed in Laws 2019, Chapter 55.

Ongoing challenges related to the increased volume:

1. The same number of staff are processing 31% more applications.
2. Increased paperwork, tracking, applicant follow up and incoming phone traffic.
3. Prioritizing different types of applications and those in varying stages in the process is more challenging with the influx.
4. Increased traffic in background investigations.

Solutions:

The Board plans to address these challenges as follows:

1. The Board will continue to streamline application processing through increased use of electronic systems.
2. The Board will maximize existing credentialing staff by restructuring responsibilities by application type and level of complexity.
3. The Board delegated authority to the Executive Director to approve licenses pursuant to Laws 2019, Chapter 195, which allowed the Board to issue licenses biweekly rather than monthly.
4. The Board is continuing to LEAN the application process by eliminating inefficient or redundant procedures.

Issue 2 Continued migration to conducting business electronically

Description The Board recognizes the need to move to a more paperless environment to assist the public with submitting information to the Board and help staff process incoming work more efficiently.

The Board has moved the licensure renewal process to an electronic platform which integrates the renewal payment and form submission. For the renewals received in FY20, 90% were submitted online which is easier for the licensees and more efficient for staff to receive, process and store the documents electronically.

The Board also converted to email notifications for upcoming license expiration dates which expedited the communication and reduced the costs of production and postage for sending notices via mail.

Solutions:

The Board plans to continue evaluating processes and communication that can be moved to an electronic platform as follows:

1. Using secure email for updates regarding applications, renewals, investigations and public inquiries.
2. Gradually converting forms used by the public to webforms that are submittible online.
3. Using digital signature programs to secure authorization on forms requiring signatures.
4. Improving the Board's digitization of records originally in paper format for archiving according to retention schedules.
5. Continuing to research a replacement for the Board's database which would allow for additional citizen access to conduct business electronically through a public facing portal.
6. Removing notary requirements where it is not specified in the Board's regulations.

STATE BOARD FOR CHARTER SCHOOLS

Ashley Berg, Executive Director
Phone: (602) 364-3091
A.R.S. §§ 15-181 to 15-189

Mission:

To improve public education in Arizona by sponsoring charter schools that provide quality educational choices.

Description:

The Arizona State Board for Charter Schools sponsors and regulates charter schools. The Board oversees the academic and operational compliance of charter holders and reviews the fiscal viability of the schools. The Board also continuously reviews applications for new and replication charter schools as well as renewal applications for existing schools.

Funding:

5 Year Plan

Issue 1 Provide effective oversight of a charter’s financial performance and expectations for ensuring that all charter holders are viable organizations with strong fiscal management practices.

Description During the 53rd Second Regular Legislative Session, the budget was passed with language requiring charters to meet the financial performance expectations set forth in the performance framework. House Bill 2263 amends A.R.S. §15-183 (2018) and gives the Board the authority to take action against a charter it sponsors based on its Financial Performance Framework. The Board updated its Financial Performance Framework and adopted rule and policy to which the Board can use for accountability purposes, including intervention and improvement policies. Statute requires the Board ground its actions in evidence of a charter holder’s performance in accordance with its adopted performance frameworks.

Solutions:

In July 2019, the Board implemented its new Financial Performance Framework and fiscal year 2020 transition plan , which was approved by the Board at the December 10, 2018 meeting. The Financial Performance Framework communicates the Board's expectations for ensuring that all charter holders in its portfolio are viable organizations with strong fiscal management practices. With the new Financial Performance Framework implemented the Board will hire additional staff dedicated to its successful implementation, including staff members to guide charters through the new financial intervention process. The Board will continue to improve financial compliance within the charter portfolio by holding schools accountable to the Financial Performance Framework and ensuring disciplinary action is implemented with validity. Financial compliance oversight includes disciplinary action up to and including closure.

Issue 2 Provide effective oversight of a charter’s operational performance and compliance- related expectations that a charter is required to meet through state and federal law, the charter contract, and administrative rule.

Description Laws 2012, Ch. 155 required that in implementing its oversight and administrative responsibilities, the Board shall adopt a performance framework that includes “the operational expectations of the charter school, including adherence to all applicable laws and obligations of the charter contract, and intervention and improvement policies.”

Statute requires the Board ground its actions in evidence of a charter holder’s performance in accordance with its adopted performance frameworks. The Board’s Operational Performance Framework was adopted in October of 2014 and in order for the charter holder to meet the operational performance expectations, it must have an overall rating of “Meets Standard” for the most recent two prior years for which an overall rating was calculated and has no measure that receives a “Falls Far Below Standard” rating in the current year, as represented in its dashboard. Operational compliance oversight includes disciplinary action up to and including closure.

Solutions:

The Board will continue to improve operational compliance within the charter portfolio by holding schools accountable to the Operational Performance Framework and ensuring disciplinary action is implemented with validity. Additional staff dedicated to the successful implementation of the Board's Operational Performance Framework will be added to enhance monitoring and oversight of the charter portfolio. This will include, at a minimum, an additional staff member dedicated to targeted site visits related to complaints submitted to the Board and schools associated with low academic achievement. With the additional staff, targeted site visits will be increased to enhance the Board’s oversight ability. The Board will review and revise the Operational Performance Framework as a means to improve operational accountability within its charter portfolio by holding schools accountable to high expectations.

Issue 3 Provide effective oversight of a charter’s academic performance and hold charters accountable for high achievement to ensure all schools in its portfolio are providing a quality learning environment that improves pupil achievement.

Description Laws 2012, Ch. 155 required that in implementing its oversight and administrative responsibilities, the Charter Board (“Board”) shall adopt a performance framework that includes “the academic performance expectations of the charter school and the measurement of sufficient progress toward the academic expectations, the operational expectations of the charter school, including adherence to all applicable laws and obligations of the charter contract, and intervention and improvement policies.”

Statute requires the Board ground its actions in evidence of a charter holder’s performance in accordance with its adopted performance frameworks. Successful implementation of the Board’s Academic Performance Framework relies on the State A-F accountability determinations and school improvement designations. The Department of Education has identified schools for school improvement and has assigned letter grades to all traditional public schools in FY 2017- FY 2019. The Board calculates ratings for its schools under its Academic Performance Framework and provides monitoring and oversight for charters that do not meet the Board’s academic performance expectations. Oversight includes disciplinary action up to and including closure.

Solutions:

In order to increase the quality of educational choices for students, the Board will continue to hire additional staff, through previously approved FTEs, and enhance the processes within the Board's Academic Performance Framework. With the additional staff, the Board will increase the number of and expand its review of schools during its academic site visits. The Board will continue to improve academic rigor within its charter portfolio by holding schools accountable to high expectations within its Academic Performance Framework and ensure disciplinary action is implemented with validity.

Agency Summary

DEPARTMENT OF CHILD SAFETY

Mike Faust, Director
Phone: (602) 255-2500
A.R.S. § 8-451

Mission:

To engage children and families successfully to ensure child safety, strengthen families, and achieve permanency.

Description:

The Department of Child Safety (DCS) is Arizona's State-administered child welfare services agency. DCS provides child abuse and neglect investigations; child safety and risk assessments; family support, preservation, and reunification services; family foster care and kinship care services; services to promote the safety, permanence, and well-being of children in foster and adoptive families; adoption promotion and support services; and health care services for children in out-of-home care.

The primary purpose of DCS is to protect children. To achieve this purpose, the Department seeks to accomplish the following in equal priority: (a) investigate reports of child abuse and neglect; (b) assess, promote and support the safety of a child in a safe and stable family or other appropriate placement; (c) work cooperatively with law enforcement regarding reports that include criminal conduct allegations; and (d) without compromising child safety, coordinate services to achieve permanency on behalf of the child, strengthen the family, and provide prevention, intervention, and treatment for abuse and neglected children.

Vision

Children thrive in family environments free from abuse and neglect.

Mission

Successfully engage children and families to ensure safety, strengthen families, and achieve permanency.

Agency Description

DCS provides child abuse and neglect investigations; child safety and risk assessments; family support, preservation and reunification services, family foster care and kinship care services; services to promote the safety, permanence and well-being of children with foster and adoptive families; adoption promotion and support services; and health care services for children in out-of-home care.

Executive Summary

The Arizona Department of Child Safety (AZDCS) strategies, objectives, metrics, and initiatives have been developed and aligned to reach our vision through daily application of our shared values:

- **Safety** - *We are safety experts. We create physically and psychologically safe environments for children, families, caregivers, staff, and service providers. Our organizational culture provides safety to explore all ideas and topics, learn about other perspectives, and support one another.*
- **Compassion** - *We are Compassioners. Every day, we work with empathy and respect for all. We lead with kindness in understanding that families are influenced by their experiences. We treat every child, family and caregiver as if they were our own, and connect with people by seeking all points of view.*
- **Change** - *We are all born to grow. We are curious, open to change, and seek continuous improvement, driven toward our vision and mission.*
- **Accountability** - *We hold ourselves to the highest levels of professionalism. We embrace practice and process standards in order to provide the very best services consistently and efficiently, with transparency and privacy for children and families.*
- **Advocacy** - *When children can't speak for themselves, we can. As leaders in child well-being, we advocate to make the world a better place for children, while helping their families improve and heal. We champion actions that strengthen communities, families, and our staff.*
- **Family** - *Family reaches beyond the home. As the DCS family, we strengthen each other by connecting people with their communities so that all can thrive in a safe and supportive environment.*
- **Engagement** - *Engagement means listening and being responsive to earn the trust of all we encounter. Through engagement, we make discoveries together and build upon individual strengths. We involve families in decisions and help them find family-specific solutions.*
- **Teaming** - *The best decisions are made together. We use our collective knowledge and consider everyone's viewpoints to identify opportunities, solve problems, and provide the best possible outcomes, because child safety is a responsibility we all share.*

IN-HOME MITIGATION

Robert Navarro, Assistant Director of Budget and Finance
Phone: (602) 255-2778
A.R.S. § 8-802, 8-481, 8-453

Mission:

To provide services that assist in supporting and improving the family unit with the goal of maintaining children in the home and reunifying the family whenever safely possible.

Description:

In-home children services seek to prevent further dependency or child abuse and neglect through provision of social services to stabilize family life and preserve the family unit. These services, including voluntary services without court involvement and court-ordered in-home intervention, are available statewide. Services include parent aide, parenting skills training, counseling, self-help, and contracted case management. Families may also receive referrals for services provided by other state agencies including behavioral health services and other community resources.

Contracted services provided are available statewide. Services are provided based upon the needs of the child and family through collaborative partnerships between DCS, community social service agencies, family support programs, and other community and faith-based organizations. Cases served include voluntary foster care, in-home court intervention, in-home dependency, integrated services, and other in-home support cases.

ADOPTION SERVICES

Robert Navarro, Assistant Director of Budget and Finance
Phone: (602) 255-2778
A.R.S. § 8-141 - 8-173

Mission:

To promote timely placements of children into permanent adoptive homes, to provide adoption support services to these children and families to maintain the placement and to provide for the special needs of the children who are adopted.

Description:

The Adoption services program primarily provides adoption subsidy maintenance payments to adoptive parents who adopt a special needs child. A special needs child is defined as A.R.S. § 8-841 as a child with, or at risk of, a physical, mental, or developmental disability, an emotional disturbance; or with characteristics that made adoption more difficult, such as children age six and older, sibling groups, or racial/ethnic factors. The physical, mental, or emotional disorders may be a direct result of the abuse or neglect the children suffered before entering the child welfare system.

In addition to monthly subsidy payments, the Adoption Services program provides special services, non-recurring adoption costs, and adoptive home recruitment. Special services included payments for services not covered by the subsidy, such as specialized therapy, accommodations for a disability or other specialized services needed to maintain the adoptive placement. Non-recurring costs are legal costs associated with the adoption process.

PERMANENT GUARDIANSHIP SUBSIDY

Robert Navarro, Assistant Director of Budget and Finance
Phone: (602) 255-2778
A.R.S. § 8-814

Mission:

To provide permanency for children by strengthening the guardianship placement with a monetary subsidy to persons appointed permanent guardians of a dependent child.

Description:

The permanent guardianship subsidy provides a monthly partial reimbursement to caretakers appointed as permanent guardians of children in the care, custody, and control of the Department. These are children for whom reunification and adoption has been ruled out as unachievable or contrary to the child's best interest. Many of the permanent homes supported by Subsidized Guardianship are kinship placements.

BOARD OF CHIROPRACTIC EXAMINERS

Martin Kollasch, D.C., Executive Director
Phone: (602) 542-9101
A.R.S. §§ 32-900 et seq.

Mission:

To protect the health, welfare, and safety of Arizona citizens through the enforcement of laws governing chiropractic care.

Description:

The Board of Chiropractic Examiners conducts examinations and evaluates applications from chiropractors seeking original licensure and renewal of licensure, and from persons seeking participation in Board-approved preceptorship or chiropractic assistant programs. The Board investigates complaints made against chiropractors and conducts administrative hearings as required. The Board provides information to the public concerning applicants, licensees, and regulatory actions.

5 Year Plan

Issue 1 Update information technology to ensure capable management of practitioner licensure, consumer complaints, and other board responsibilities and activities.

Description The Board's Access database has been in use for over 10 years and does not possess adequate capabilities for the capture, processing, integration, tracking, and reporting of all the above-referenced duties and tasks. Importantly, Microsoft Corp. has announced that it will discontinue support for Access 2010 effective October 13, 2020. Consequently, there is concern the system might become unstable, corrupt, or lose critical data, and it is not compatible with a modern E-Licensing platform.

Solutions:

The Board has identified an appropriate Access expert to perform necessary fixes to ensure data integrity and database functionality during the transition to a modern and robust system. The Board is also planning to conduct an "IT Modernization Assessment". The study's purpose is to inform an RFP and help plan the eventual transition.

Issue 2 Improve the timelines to complete investigations, formal interviews and formal hearings.

Description The Auditor General's Office recommends that cases be concluded within 180 days. The Board's ability to increase the percentage of complaints resolved within 180 days of receipt when no hearing is required, as well as the average number of months to resolve cases in which administrative hearings continues to improve.

Solutions:

The Board made changes to the personnel structure, separating the duties of the Deputy Director from that of the Investigator, allowing the Investigator to focus his/her full attention to the receipt, analysis, presentation and processing of all complaints through final adjudication.

The Board approved the establishment of an Interagency Service Agreement with the Attorney General's office to provide for the appointment of a dedicated Assistant Attorney General to represent the Board, prevent the risk of interrupted services, and enhance the timely completion of Formal Interviews and Formal Hearings.

The Board is continuing to reduce the amount of time involved in a case by streamlining the complaint process and having a qualified and trained investigator review and process complaints.

The Board has conducted a AZLEAN process on the complaint process and through the use of new tools like Google Suite has streamlined the initial complaints process.

Issue 3 Cross-train all staff in routine office, business, and customer service policies, operations, procedures and, processes to the extent appropriate.

Description The board staff consists of 4.5 FTEs and recently experienced the turn over of three of them: the Deputy Director, the Licensing Manager, and the Administrative Asst. Although customer service and Board business affairs were uninterrupted, other staff were taxed with not simply picking up the duties of the absent staff member but with also learning an efficient manner to complete those duties while also attending to their primary responsibilities.

Solutions:

The Board entered into an ISA with another licensing agency to provide training for the new staff members. Board staff, in consultation with their ADOA HR team, updated Position Descriptions (PD) and shared the PDs among staff. As time permits, staff members learn and then perform those tasks that are appropriate for them to be cross-trained in.

Issue 4 Establish the capability of accepting Continuing Education applications and fees in electronic formats.

Description The Board currently only accepts hard copy applications and payments in the form of check or money order.

Solutions:

Board Staff is developing the applications in an electronic format. The Board will work with ADOA ASET and Dept. of Treasury to implement an online credit card payment portal for fees.

Description Simplify and improve the Citizens Clean Elections Act while maintaining its effectiveness and purpose.

Solutions:

Work with the Legislature to develop and provide technical assistance with drafting legislation that will further the purpose of the Act.

Promulgate rules to further the purpose of the Act.

Work with other agencies or groups to improve the implementation of the Act.

Issue 2 Public Education and Public Relations

Description Inform citizens about public issues related to the Citizens Clean Elections Act

Solutions:

To provide the public with communications, reports and publications that are clear and informative.

To effectively use all channels of communication, including new technologies, to publicize the Act and its implementation.

To provide leadership for outreach activities, including debates, public participation, candidate awareness and media relations.

To provide visibility to the new rules, policies and procedures promulgated by the Commission.

To evaluate and improve the effectiveness of the educational programs and information that the Commission provides to the public.

To successfully inform voters about the candidates running for statewide and legislative offices through candidate debates, statement pamphlets, and online publications.

Continue to promote understanding of Arizona's political system and constructive participation within the system.

Issue 3 Training, Management Development, and Commission Operations

Description Ensure that the staff is competent to carry out the objectives and mandates of the Act

Solutions:

Ensure that the staff understands the Commission's mission and the expectations of their jobs.

Eliminate or combine jobs as necessary to maintain a lean staff

Utilize contract services or other services of other agencies

Attend management and leadership classes by staff members.

Issue 4 Enforcement

Description To facilitate easier and more universal compliance with the Citizens Clean Elections Act

Solutions:

Provide frequent and effective client education programs and publications.

Simplify and improve reporting forms and procedures.

Provide clarity and consistency in actions taken by the Commission.

Revise candidate training programs to address new issues and to promote compliance.

Assist the Secretary of State to provide and continually improve a campaign finance management software application and encourage its use by the maximum number of political committees and political funds.

Issue 5 Financial, Fiscal Operations, Information Systems and Strategic Planning

Description To abide by the statutory expenditure authority. To plan, develop and implement effective and efficient information systems that will help the Commission carry out its mission.

Solutions:

Monitor the amounts expended from the budget to ensure that expenditures do not exceed funds available.

Ensure that the revenues from other agencies are paid into the fund.

Use technology more effectively to identify compliance problems and to provide clients with resources to avoid problems.

Evaluate and improve the Commission's financial activities on an ongoing basis.

Ensure the Commission's educational obligations are met efficiently and effectively.

Determine when the fund contains insufficient monies or the spending cap would be exceeded were all candidates' accounts to be fully funded as early as possible.

ARIZONA COMMERCE AUTHORITY

Sandra Watson, CEO
Phone: (602) 845-1215
A.R.S. § 41-1501

Mission:

To grow and strengthen Arizona's economy and facilitate the creation of quality jobs for its citizens by supporting and attracting businesses in targeted, high-value base sectors throughout the state.

Description:

The Arizona Commerce Authority (ACA) was established in 2011 as a public-private partnership whose primary objective is advancing and diversifying the state's economy, primarily through high-value job creation. The ACA serves as Arizona's state-level economic development organization, leading and coordinating economic development and marketing efforts throughout the state.

Funding:

Vision: Arizona is the top location for high-quality business growth.

Mission: To grow and strengthen Arizona’s economy and facilitate the creation of quality jobs for its citizens by supporting and attracting businesses in targeted, high-value base sectors throughout the state.

Agency Description: The Arizona Commerce Authority (ACA) was established in 2011 as a public-private partnership whose primary objective is advancing and diversifying the state’s economy, primarily through high-value job creation. The ACA serves as Arizona’s leading economic development organization, leading and coordinating economic development and marketing efforts throughout the state. The ACA also houses the Office of Economic Opportunity (OEO), established in 2016, (A.R.S. § 41-5301) which coordinates Arizona’s workforce planning with economic development, supports the Workforce Arizona Council, and provides economic, demographic, regulatory, and tax research and analysis, at both the state and local levels.

Executive Summary:

To achieve its core mission, the ACA utilizes a three-pronged strategy focused on attracting businesses to Arizona, growing Arizona’s existing businesses and creating new Arizona businesses.

The ACA executes these three strategies through ten specific tactics:

1. Monitor and strengthen competitiveness
2. Increase awareness
3. Lead economic development efforts
4. Target high-value industries
5. Accelerate advanced manufacturing
6. Cultivate entrepreneurial ecosystem
7. Expand international trade
8. Create workforce of the future
9. Encourage infrastructure
10. Enhance rural economic growth

Develop training material, resource documentation, and an outreach strategy to engage state and local partners. Identify underutilized data sources and develop a suite of tools to enhance analytical capabilities.

5 Year Plan

Issue 1 Job Creation: Lead efforts to create 80,000 projected new jobs with a focus on high-wage target industries.

Description High-wage jobs are the foundation of economic prosperity. They drive the broader economy through higher household incomes and higher discretionary spending. The ACA will continue to focus its attraction, expansion and creation activities on companies offering higher-wage jobs, specifically through the identification and targeting of five established industries (Business Services, Manufacturing, Aerospace & Defense, Bioscience & Health Care and Innovation & Technology). These industries create high-wage jobs, generate exports and encourage capital in-flows, have strong supply chains and multiplier effects, and generate tax revenues that support public services.

Solutions:

Increase business attraction and expansion activities that will achieve key goals in targeted sectors.

Focus a dedicated team on each target industry and consistently support that industry throughout the ACA.

Engage industry stakeholders to maximize awareness and delivery of the Arizona value proposition.

Implement strategies for industry growth identified by the three Arizona Zanjeros subcommittees.

Issue 2 Entrepreneurial Vitality: Facilitate the creation of \$210 million in new capital formation by ACA early-stage clients.

Description Arizona's long-term economic vitality relies on entrepreneurship, the creation of new businesses, and the commercialization of ideas and products. The ACA plays a leading role in Arizona's entrepreneurial ecosystem through a variety of programs that foster growth and technology commercialization in Arizona's early-stage companies.

Solutions:

Leverage the ACA's entrepreneurial programs and startup data into an analytics platform for benchmarking and growing Arizona's startup ecosystem.

Increase venture capital investments made in Arizona companies, both originating in Arizona, and from outside the state.

Launch a new public-private accelerator network to mature early stage ventures that attract follow-on venture capital.

Provide mentorship and growth services to new ventures from a network of accomplished business leaders, serial entrepreneurs, investors and technical experts.

Issue 3 Increased Exports: Expand export revenues across target industries by 25% over 2016 export revenues.

Description Exports drive economic growth through job creation, foreign direct investment and the overall expansion of gross state product. Arizona's superior geographic location, adjacent to some of the world's largest economies, make it an ideal location for companies looking to export their goods and services.

The ACA will attract new target industry employers engaged in producing goods and services for export, help existing Arizona exporters expand their business and provide assistance to existing Arizona companies looking to enter into the export market.

Solutions:

Strengthen Arizona's partnerships throughout Mexico, particularly in our neighboring state of Sonora.

Support the economic diversification and trade capacity of Arizona's border communities through engagement of public and private experts to mobilize Arizona's trade-facilitating assets.

Position Arizona as both a gateway and destination for international trade and investment with Mexico, Canada, Asia, and Europe.

Provide international trade and export assistance programs to increase the number of new exporters, new market exports, and global supply chain penetration.

REGISTRAR OF CONTRACTORS

Jeffrey Fleetham, Director
Phone: (602) 771-6777
A.R.S. § 32-1101 et seq.

Mission:

To protect the health, safety, and welfare of the public through a regulatory system designed to promote quality construction by Arizona contractors.

Description:

The Registrar of Contractors issues and maintains contractor licenses, investigates and cites violators, adopts construction standards, educates the public and contractors regarding such standards and rules and policies, and assists in dispute resolution.

Vision: To be the premier contractor licensing agency, wisely managing our resources and effectively navigating external relationships to further our mission. *Esse Quam Videri - To be, rather than to seem*

Mission: Protect the health, safety and welfare of the public through a regulatory system designed to promote quality construction by Arizona contractors.

Agency Description: The Arizona Legislature established the Registrar of Contractors in 1931.

A.R.S. § 32-1104 enumerates the powers and duties of the Registrar to issue and maintain contractor licenses, investigate and cite violators, adopt construction standards, educate the public and contractors regarding such standards and rules/policies, and assist in dispute-resolution.

Executive Summary:

Consumers are not aware of the benefits of hiring licensed contractors and that hiring unlicensed entities to do construction comes with significant risk. Front line employees are unaware of Agency outreach and external collaborations. *Increase awareness of Agency activities.*

The expectations of the citizens we serve have fundamentally changed to wanting digital access to services anytime and anywhere. *Modernize technology/expand self-service options.*

“Decades of overreach by government and special interest groups have left burdensome regulations scattered throughout our economy,” Governor Ducey. *Continue to reduce “red tape.”*

The shortage of properly trained Construction Science Professional workforce continues to be a factor in the industry’s recovery. Stakeholder collaboration has increased industry awareness, training and apprenticeship efforts. *Continue collaboration.*

A person’s skills do not diminish when they cross state lines. Legislation passed last year allows those who have moved from other states to “get to work faster and without all the red tape.” As a result of statutory examination requirements, applicants are often required to take time off and travel to Arizona to take examinations in brick and mortar locations. *Open for business/universal licensing*

Summary of Multi-Year Strategic Priorities

#	Five Year Strategy	Start Year	Progress / Successes
1	Increase awareness and improve access to and use of Agency services	2016	Reached 1526 people by attending 15 Getting AZ Involved in Neighborhoods (G.A.I.N.) events around the Valley; targeting communities based on number of unlicensed complaints and permits pulled. Joined Nextdoor and delivered over 1.7M impressions since Oct. 7, 2019.
2	Modernize Agency technology solutions to meet customer needs	2015	Moved 75% of Agency service capabilities to online portal to better serve all citizens. Employed automatic email and text capability technology for applicants.
3	Reduce regulatory burden and scope confusion for improved government outcomes	2015	Championed and implemented largest update to Title 32, Chapter 10 since 1981; improvements included, eliminating of a 20-day waiting period, updating Registrar’s Residential Recovery Fund, and increasing public access to information on Doing Business As (DBAs) and individuals convicted of unlicensed contracting.
4	Collaborate with stakeholders to influence industry awareness, training and apprenticeship efforts	2017	Teamed up with Build Your Future on launching its website and marketing campaign. Director toured Yuma and Mohave Counties meeting business, construction and elected leaders. 800 students and military along with 30 sponsors scheduled to participate in Apprenticeship Fair with AZ D-backs; postponed due to delay in Major League Baseball (MLB) season.
5	Make it easier for people who are residing or already licensed in another state to get licensed in AZ	2019	Implemented Universal Recognition law (A.R.S. § 32-4302) the day it was signed by the Governor and since then approved 507 licenses in FY20; the most of any AZ licensing Agency, board, or commission - according to Goldwater Institute.

5 Year Plan

Issue 1 Increase awareness of Agency activities.

Description Specifically: Through proper and targeted outreach, the Agency aims to stem deficiencies in the complaint and application processes.

Generally: Consumers are not aware of the benefits of hiring licensed contractors and that hiring unlicensed entities to do construction comes with significant risk. Front line employees are unaware of Agency outreach and external collaborations.

Solutions:

Agency is requiring staff attempt to make contact with applicants and licensees prior to taking adverse action by phone, email and mailing a letter. Legal and Compliance Departments will attempt contact prior to default decisions and when a complaint is filed and the Licensing Department will attempt contact prior to a license denial.

Agency is beginning an educational seminar where prospective license applicants will be invited to learn how to use the agency portal to apply for a license, what documents are necessary and common deficiencies that cause delays in licensing processing.

Agency continues to work with media and public through media and community affairs strategies to engage with populations likely needing the services of a licensed contractor.

Issue 2 Modernize technology/expand self-service options.

Description The expectations of the citizens we serve have fundamentally changed to wanting digital access to services anytime and anywhere.

Much of the Agency's work is informational and historically required significant amounts of paperwork. Paper-bound processes are increasingly seen as too slow and expensive. The expectations of the citizens we serve have fundamentally changed to wanting digital access to services anytime and anywhere. Self-service ROC isn't just convenient, it's expected.

Solutions:

Move all external-facing services online.

In FY 20, the Agency moved its application process online and observed amazing results with applicants using the portal to complete their application. By the end of CY20, the Agency believes it will have successfully moved 100 percent of its external-facing services to the portal. As of the beginning of FY21, we offer approximately 74 of services online in the portal.

Integrate External Partners Processes

By working with external partners and integrating Application Programming Interfaces into the agency's portal, we will better serve customers. Currently we offer 8 links to external departments including Arizona Corporation Commission and address verification companies. The Agency plans to integrate 3 additional APIs by the end of FY21 and will be working to identify additional opportunities in the future.

Ensuring the Public is Aware of Technological Services

COVID-19 allowed the agency to test the robustness of the case management system and portal by encouraging use of these technologies when the agency was physically closed to customers. We will have to ensure the technology presents itself in an easy and effective manner to maintain the current usage rate of approximately 80 percent and begin to train staff on suggesting its use and pointing social media to its existence.

Issue 3 Reduce Regulatory Burden

Description "Decades of overreach by government and special interest groups have left burdensome regulations scattered throughout our economy," Governor Ducey. Continue to reduce "red tape."

Solutions:

Agency's five-year rule review is due to begin in 2021. Agency is proactively reviewing its rules to ensure ineffective rules were improved or replaced and to remove currently ineffective or unnecessary rules. Agency will be tracking # of rules eliminated separate from # of rules improved to aid in tracking.

Issue 4 Construction Workforce Shortages

Description The shortage of properly trained Construction Science Professional workforce continues to be a factor in the industry’s recovery. Stakeholder collaboration has increased industry awareness, training and apprenticeship efforts.

Solutions:

Agency Director acts as a central figure on various committees and commission intending to address construction workforce shortages; includes those targeting students, veterans, prisoner reentry, and retraining unemployed individuals.

Agency is teaming up with AZ D-backs to launch a Construction Science Apprenticeship Fair targeting students and veterans with a VIP component to ensure legislators and industry leaders are aware of current issues in construction workforce development.

Issue 5 Open for Business/Universal License Recognition

Description A person’s skills don’t diminish when they cross state lines. Legislation recently passed to allow those who have moved from other states to “get to work faster and without all the red tape.” Agency aims to make it easier for people who are already licensed in another state to get licensed in AZ.

Solutions:

Agency actively implemented Universal License Recognition in FY20 and ran a Senate Bill to adopt the language from the ULR bill into Title 32, Chapter 10.

The Agency's examination vendor is unable and unwilling to provide online proctoring of examinations due to technological and security reasons. COVID-19 closed many of their brick and mortar facilities, whether completely or at a significantly reduced capacity, making it statutorily impossible for applicants to apply for a license. Agency is working with ADOA SPO on an RFP to locate and secure a vendor able and willing to provide online proctoring. Outside of and beyond the pandemic, the Agency's providing of online examination proctoring will significantly aid in an out-of-state company's ability to move to AZ with a license in hand.

CORPORATION COMMISSION

Matthew Neubert, Executive Director

Phone: (602) 542-3931

Arizona Constitution Article XV, A.R.S. §§ 40-101 et seq.

Mission:

To exercise exclusive State regulatory authority over public service corporations (public utilities) in the public interest; to grant private-sector corporate status and maintain business entity records; to ensure the integrity of the securities marketplace; and to foster the safe operations of railroads and gas pipelines in Arizona.

Description:

The Corporation Commission is composed of five elected Commissioners. Staffing is provided in nine divisions, each headed by a division director serving under the Commission's executive director. The Commission's primary responsibilities are established in the Arizona Constitution and statutes and include reviewing and establishing public utility rates; regulating the sale of securities; ensuring pipeline and railroad safety; and serving as the repository of corporate and LLC business entity filings in accordance with State law.

5 Year Plan

Issue 1 Electronic filing for Utilities and Other Parties

Description The Commission has been successful in implementing online filing for most of its requirements. This has been beneficial especially during the recent pandemic which allowed services to continue even while buildings were closed to the public. The ACC will continue to develop its online filing options to allow all requirements to be filed online. Upgrades will continue as necessary as technology develops over time.

Solutions:

For FY2021 and beyond, the Commission is working on a few remaining initiatives to make the Commission as paperless as possible.

1.To move Utility Annual Report filings online

a.Water Annual Reports integrated with the online filing of the Arizona Department of Water Resources (ADWR) and displaying in ACC systems subject to resource availability from ADWR.

b.Second annual report by end of FY2021.

3.To make exhibit case hearings electronic.

a.Submission of exhibits electronically by the Divisions and respondents.

b.Exhibits viewed electronically during hearing events.

4.To move to Securities Mutual Fund electronic payment, subject to state approval timing.

5.To add electronic note taking capability to docket documents, to avoid printing and duplicating electronic documents

Issue 2 Succession Planning

Description Like every knowledge-based organization, our personnel are our most valuable resource. The Commission has been very successful in retaining its personnel for relatively long tenures. However, retention success has created two unintended but significant consequences: 1) limited career development/upward mobility, and 2) impending loss of knowledge base through retirement. Nearly 36 percent (35.7 percent) of the Commission's workforce is eligible for retirement today. This will increase to 57.4 percent by 2025.

Solutions:

The Commission is continually working to identify the skills gaps we expect to face within the next three to four fiscal years and to identify potential internal candidates to fill these gaps. Likewise, we are seeking out new and better recruitment strategies for entry- and mid-level employees. To ensure we have the very best candidates, the Commission is utilizing national resources, such as the National Association of Regulatory Utility Commissioners, for leadership recruitment. The Commission will partner with ADOA to continue to enhance and refine our recruitment process, as well as work to create better career paths for ACC employees.

HEARINGS

Jane Rodda, Chief Administrative Law Judge
 Phone: (520) 628-6552
 A.R.S. § 40-243 to 40-255

Mission:

To preside over administrative hearings and procedural conferences concerning complex utility and securities matters, and to write and submit Proposed Opinion and Orders for the Commissioners' consideration at Open Meeting.

Description:

The Hearing Division exercises the Commission's authority to hold public hearings and arbitrations on matters involving the regulation of public service corporations, the sale of securities, and the registration of non-municipal corporations. Under the direction of the Administrative Law Judges, proceedings are conducted through formal hearings that include taking sworn testimony, cross-examination of witnesses, admission of documentary and other physical evidence, and submission of oral arguments or post-hearing briefs. The Administrative Law Judges process Rate and Certificate of Convenience and Necessity applications under a procedural schedule that complies with the Commission's "timeclock" rules to ensure that Recommended Opinion and Orders are issued in a timely manner. The Hearing Division is also responsible for Commission record-keeping through its Docket Control Center. The Hearing Division is working towards improving efficiency through modernization of electronic processing and enhancing the Division's information technology and infrastructure.

CORPORATIONS

Tanya Gibson, Director
Phone: (602) 542-3521
A.R.S. Title 10

Mission:

To approve corporate names and grant corporate or limited liability company status to entities organizing under the laws of the State of Arizona; to approve applications from foreign corporations and limited liability companies to transact business in this State; to collect annual reports from all corporations of record; and to maintain corporate and limited liability company records for the benefit of public record and service of process.

Description:

The Corporations Division is comprised of six sections (Examination, Records, Call Center, Customer Contact Center, Same Day/Next Day and Initial Processing). The Division also has two staff members in the Tucson office of the Corporation Commission to provide some services to the residents of Southern Arizona.

The Corporations Division approves for filing all articles of incorporation, amendments to articles, mergers, consolidations, withdrawals, and dissolutions for Arizona corporations; approves corporate and limited liability company (LLC) names; approves all articles of organization, amendments, changes and terminations for LLCs; grants authority to foreign corporations and LLCs transacting business in this State; propounds interrogatories when necessary; and may administratively dissolve or revoke corporations and LLCs that do not comply with specific provisions of Arizona law.

The Division collects from every corporation an annual report reflecting the current statutory agent, corporate address, amount of stock issued (forprofits), lists of officers and directors, Certificate of Disclosure and Statement of Bankruptcy. The Division updates the corporation's public record with information provided by the annual report and also when amendments or changes are submitted by the corporation. The Division must maintain all information on corporations and LLCs in a data format conducive to public access; respond to public questions concerning Arizona corporations and LLCs; and respond to the needs of the business sector by disseminating information. The Division has limited investigatory powers and no regulatory authority. Arizona corporations and LLCs, however, may be administratively dissolved if certain statutory requirements are not met. Likewise, the authority of foreign (non-Arizona) corporations or LLCs to transact business in Arizona may be administratively revoked. The Division acts as an agent for Arizona corporations and limited liability companies whenever either entity does not maintain a statutory agent or when the agent cannot be located. In these instances, services of process directed to the entity are accepted by the Records Section on behalf of the entity.

New measures were added to FY2020 Actuals. Specifically, total paper filings and total electronic filings are now being captured individually, as are total active corporations and LLCs. The addition of these numbers this fiscal year is why there is no data for prior years.

SECURITIES

Mark Dinell, Director
 Phone: (602) 542-0626
 A.R.S. §§ 44-1801 to 44-2041

Mission:

To ensure the integrity of the securities marketplace through investigative actions as well as the registration and/or oversight of securities, securities dealers and brokers, investment advisers, and their representatives; to enhance legitimate capital formation; and to minimize the unnecessary burden and expense of regulatory compliance by legitimate businesses.

Description:

The Division reviews prospective offerings of securities to ascertain that full and fair disclosure is made to potential securities investors and that the terms of offerings are not inherently fraudulent. Securities dealers and salespersons are required to register with the Division. Investment advisers and their representatives are required to be licensed by the Division unless exempt. The Division reviews these applications and monitors the conduct of dealers and salespersons, investment advisers, and their representatives and investigates possible violations. Where the evidence warrants, the Division brings administrative, civil, or criminal enforcement actions. The Division is working towards improving efficiency through modernization of electronic processing and enhancing the Division's information technology and infrastructure.

RAILROAD SAFETY

Chris Watson, Director
 Phone: (602) 262-5601
 A.R.S. §§ 42-201 et. seq.

Mission:

To ensure that the citizens of Arizona as well as railroad employees throughout the State have a Railroad System that is operated and maintained in as safe a manner as possible.

Description:

The Railroad Safety Section is responsible for inspection activities on both intrastate and interstate railroads operating in Arizona. Inspection activities are carried out under the authority of the federal government by way of an Interagency Agreement between the Commission and the Federal Railroad Administration (FRA). It is through this agreement that the Commission's Rail Safety Staff obtains the authority to fulfill its mission objectives.

Under the terms of the agreement, Commission Inspectors must be FRA certified. Inspectors conduct inspections, informing railroads of any defects that are found. Defects must be corrected and verified by a re-inspection. If an inspector finds that defects were not corrected and no effort was made to address the problem, he/she may submit a federal violation against the company. The Division is working towards improving efficiency through modernization of electronic processing and enhancing the Division's information technology and infrastructure.

DEPARTMENT OF CORRECTIONS

David Shinn, Director
Phone: (602) 542-5225
A.R.S. § 41-1601

Mission:

To provide safer communities by implementing court imposed sentences and removing those who victimize our citizens to appropriately secured environments. Facilitating structured programming designed to develop inmates' personal responsibility for their successful re-integration to the community through rehabilitative opportunities for change. Upon return of these citizens to our communities, we provide effective supervision designed to result in improved re-entry outcomes which reduce recidivism.

Description:

The Department of Corrections, Rehabilitation and Reentry (ADCRR) carries out its mission by incarcerating inmates safely in correctional facilities and providing rehabilitation opportunities and programs designed for successful community re-entry. During incarceration, community standard healthcare services are provided to inmates. Opportunities for vocational skill development, educational attainment from literacy to undergraduate degrees, and substance abuse treatment increase the likelihood of successful and sustained re-entry upon release. ADCRR supervises offenders released to community supervision using a continuum of services and evidence-based programs. ADCRR returns to custody offenders who choose not to engage in their own rehabilitation and continue to present a threat to public safety. We embrace challenges and successes as opportunities to continuously improve our operations resulting in an exceptional return on investment for the citizens of Arizona which serves as a national model for corrections.

<p>Mission: Providing safer communities by implementing court imposed sentences and removing those who victimize our citizens to appropriately secured environments. Facilitating structured programming designed to develop inmates' personal responsibility for their successful re-integration to the community through rehabilitative opportunities for change. Upon return of these citizens to our communities, we provide effective supervision designed to result in improved re-entry outcomes which reduce recidivism.</p>
<p>Agency Description: The Arizona Department of Corrections, Rehabilitation and Reentry (ADCRR) carries out its mission by incarcerating inmates safely in correctional facilities, providing rehabilitation opportunities and programs designed for successful community re-entry. During incarceration, community standard healthcare services are provided to inmates. Opportunities for vocational skill development, educational opportunities from literacy to undergraduate degrees and substance abuse treatment increase the likelihood of successful and sustained re-entry upon release. ADCRR supervises offenders released to community supervision using a continuum of services and evidence-based programs. ADCRR returns to custody offenders who choose not to engage in their own rehabilitation and continue to present a threat to public safety. We embrace challenges and successes as opportunities to continuously improve our operations resulting in an exceptional return on investment for the citizens of Arizona which serves as a national model for corrections.</p>

5 Year Plan

Issue 1 Sustaining a Well Run Organization / Achieve Operational Excellence

Description Maintain safety, security and accountability with sound population management and critical infrastructure improvement.

Solutions:

FY 2021 strategies continue efforts reducing inmate assaults on staff, work injuries and completion of the ASPC-Lewis Lock Project. New strategies for FY 2021 include a comprehensive plan towards population management and pursuing American Correctional Association accreditation.

Issue 2 Staff Engagement - Improve Recruitment, Retention and Job Satisfaction

Description Historical vacancies and turnover requires initiatives to increase employee retention by utilizing available compensation strategies, expanding communication and leadership training and ensuring a safe work environment.

Solutions:

FY2021 strategies include identifying resignation hot spots, enhancing leadership development in the Sergeant, Lieutenant and Captain job classes. Implement strategies obtained by onsite institutional operational assessments. Implement Warden, Deputy Warden of Operations Onboarding for leadership development. Enhance technology for real time communication for frontline staff.

Issue 3 Improving Inmate Quality of Life

Description Supporting and increasing opportunities of inmate programming, visitation, education, and job training through deployment of new technology and upgrading critical infrastructure.

Solutions:

FY2021 strategies include ongoing deployment of inmate tablets and video visitation. Expanding capacity and utilization for programming and treatment to increase program completions. Utilize technology in delivery of virtual programming and virtual training.

Issue 4 Effective External Stakeholders/Healthcare, Mental Health Contractors

Description Sustain excellent inmate health care provision, using data to manage performance and establishing specialized training for contractors.

Solutions:

FY 2021 strategies include sustaining excellent inmate health care provisions, using data to manage performance and establish specialized training for contractors.

Issue 5 Effective Recidivism Reducing Programs

Description Improve overall system outcomes, reduce the historical reliance on posting Sergeants and COIIs which adversely impacts provision of programs. Initiatives include increasing the treatment and program capacity to meet the needs of the inmate population and improving communication in the transition from inmate to offender.

Solutions:

FY 2021 strategies include improving pre-release handoffs between inmates and Community Corrections and continue to build and implement capacity to meet inmate population need for Substance Abuse Treatment.

Issue 6 Improve Public Confidence

Description Improving engagement with external stakeholders by enhancing customer service. Further develop community partnerships by increasing public awareness and confidence.

Solutions:

FY 2021 strategies include enhancing communication with external stakeholders, revitalizing community partnerships and enhancing awareness of Agency Operations and Programs.

Issue 1 Other Operating Expenses

Description Other Operating Expenses

Solutions:

The Board of Cosmetology, (BOC), must be able to effectively and continually improve and update services rendered to its licensees and consumers. The BOC provides, with great efficiency, services to approximately 118,295 licenses within the BOC's database, a number that had been kept at a steady pace of growth annually.

The BOC will continue to use "operating expenses" to educate consumers, licensees and Board Members, through circulars and website updates. Due to the Board's continued endeavors and provided education, we continue to see a reduction in serious injuries to Arizona Consumers.

To allow the Board to fulfill its mandate within constraints of a limited appropriated budget, the Board is seeking to increase our appropriation without intervening with operational demands, the extra time to scan files, additional Infection Protection/Law Review Classes which will increase due to A.R.S. § 32-506 (14) a legislative change, more applicants due to the new Universal Recognition License A.R.S. § 32-42-4302, increase of examination applications, outside & professional & temporary services, supplies, facility maintenance and other operating expenses.

Issue 2 Improved Enforcement Efficiency

Description Improved Enforcement Efficiency

Solutions:

One of the priorities for The Board of Cosmetology, (BOC), is to fill the two (1) vacant Inspector, (1) vacant Admin II and (1) vacant Customer Service Position. The importance in conducting health and safety inspections at least once a year is a priority for the protection of consumers and the education of licensee's through inspections. These goals cannot be met, due to the lack of Inspector positions. The hiring of one additional inspector will allow the agency to continue with the Risk Based Salon Inspection approach. We are presently working with only two Inspectors and three Investigators where we need at least one additional Inspector in the field in order to reach the strategic goal of the 1 year inspection requirement, these goals cannot be met at this time due to the increase of licensed salons and schools. With the additional inspector the office would require an additional Admin support.

At the present the agency employees two customer service representatives with an additional customer service representative would relieve the workflow. Due to our current appropriation constraints, we are unable to fill the three vacant positions in order to meet the agencies goals. The Arizona State Board of Cosmetology plans to request additional appropriation in order to support the cost of additional staff.

The implementation for the mobile cellular inspection devices for Inspectors is a goal to be reached by 2021/2022 which will allow Inspectors out in the field to have the capability to retrieve license information that is in our database to assist in their inspections with up to date information.

Issue 3 System maintenance Support, Equipment Replacement, Enhancement, & Upgrades.

Description System maintenance Support, Equipment Replacement, Enhancement, & Upgrades.

Solutions:

Solutions:

The Arizona State Board of Cosmetology (BOC) must continue to work on the efficiency and accuracy of licensee's electronic filling. Acquiring a new licensing system will allow BOC enhance the out dated functions and will allow user friendly and increase application on-line.

By 2022 – The BOC must complete the mobile cellular inspection devices. The first phase of the inspection software module will be completed, but lacking the mobile cellular devices.

By 2023 – The BOC will need to purchase a new enterprise solution to replace our unfriendly and unfavorable database system.

By 2023 - The BOC would develop the lacking inspection route mapping and tracking and risk base inspection rating method. The project further aligns with the state's initiative for agencies to conduct business electronically where possible.

Funding Issue

GL Suites/Replacement – Agencies Database

BOC is requesting a one- time additional appropriation for purposes of replacing the current licensing database system. The BOC has been faced with numerous operational function issues and lack of security with the agencies database. Changes or updates with the current database takes several months to complete, lack of constant vendors staff & support and the increasing cost of the database has forced the agencies decision to migrate to the statewide enterprise solution.

BOC is currently working with ADOA ASET to select a single vendor, and to finalize the PIJ for this migration. ADOA/ASET has notified OSPB about the situation that the board is facing with completing the PIJ by July 1, 2022 and the selection of the new database. Since there has been issues with other agencies moving over to the states eLicensing platform, BOC is very cautious on what vendor that will be selected. BOC will have a complete assessment of all internal needs & wants for the complete migration system in order to capture the business requirements for all areas of business. This assessment will be completed by a 3rd party that specializes in IT Assessments. This will take place prior to FY 2023, in order to start "Phase One" of our migration. ASET and AZBOC understands the cost for this project will be an enormous to start up, but it must be done to be part of the statewide enterprise solution.

AZBOC, database houses over 118,295 plus licensees, complaint files, student hours and inspections. The requirements for a new database must include customization of school student's hour report module, agencies online applications to include; renewals, first time applications, certifications and the mobile inspections module. The inspection mobile module would be partly in place but will require the agencies licensing database to allow the completion of the project. The BOC hopes that when the vendor has been selected the agencies contract, potentially the cost could be lowered, but based on an assessment of other agencies licensing systems quotes provided in 2022.

Equipment Replacement:

-Continued upgrades and replacement computers, and laptops

System maintenance support, enhancement, and upgrades:

-Network services reviewed and renewal of service contracts.

Issue 4 Budget Contingency Plan

Description Budget Contingency Plan

Solutions:

The State Board of Cosmetology is requesting additional appropriation to support other Personal Services, PS, and Employee Related Expenses, ERE, to fund three vacant positions.

The Arizona State Board of Cosmetology has an FTE count of 24.5 positions. The current number of filled position is 19, with 5.5 vacant positions. During the fiscal year of 2020, five recent separated position have been replaced. Leaving 5.5 vacant position without appropriations. The Due to the rising cost to maintain the Agency's operations with professional and outside and other operation expenses, the agency has been unable to fill all of its vacant positions.

The Board continues to see and record the continued growth within the Cosmetology community and along with the increase of licenses, there will be an increase of inspections, complaints, investigations, classes administered by staff, fraud investigations, multiple types of applications to be processed and customer service to be provided to licensees and the public.

The number of professional licenses increased 11,794 during Fiscal Year 2020. For Fiscal Year 2020, the Board completed and processed 2,920 examinations, 2,119 salon applications, 3,353 inspections, administered 1,868 classes, and investigated 723 complaints. Numbers are lower due to COVID-19 and lack of staff.

The fundamental function of the board is to provide the optimal level of service to the public and licensees. The Board would like to continue to meet the Agency's strategic and annual goals, which includes the ability to reduce the number of delinquent licenses, increase the number of required inspections, and reduce the turn-around time for all applications and related transactions. Without an appropriation increase for the vacant full time employees, this may have a negative impact on the level of productivity, and affect the level of service provided by the Board. An increase of appropriation to fill the vacant positions is crucial for the Board to continue to function at a higher level and further serve the public to the best of its ability.

Continued services provided by Rule Writing - In process of updating our rule package and eliminating rules. A rule writer continues to be a service needed by our agency.

Issue 5 A Quality continuity Plan

Description A Quality continuity Plan

Solutions:

To provide continued public protection even in times COVID-19 and/or disaster, a workable continuity plan for a small agency must be in place. This will require finding a place to set up an office away from the current Board's office in case of a local tragedy, perhaps by coordinating with another State Agency for the use of their offices. There must be a provision in law and rule to allow for licensees to provide services outside of a salon setting in a disaster. Our database is hosted at an outside location providing extra security and minimal down time to the public.

Issue 6 External Partners

Description External Partners

Solutions:

Continuing to maintain its relationship with current partners, the leadership involvement that has proven to assist the Board to benchmark and remain current both as a regulatory agency and as a leader in the Cosmetology profession. These partners include The Internal Revenue Service (for small business participation and investigative tax fraud), National Interstate Council of State Boards of Cosmetology, National Accreditation Commission of Cosmetology Arts and Sciences, Council for Licensure, Enforcement and Regulation Federation Association of Regulatory Boards, AACCS American Association of Cosmetology Schools, The Salon Association, ACIA (Arizona Cosmetology Industry Association), PCS (Professional Credential Services, Prometrics and others. All require travel to meeting locations or electronic participation at the very least which must continue to be funded. Board members hold office at National levels. Board Chairman, Executive Director, Deputy Director & Co- Chair National committee positions.

Issue 7 Public Communication

Description Public Communication

Solutions:

Ongoing communication with the Arizona Legislature and State Administrations about the importance of the appropriation necessary to continue responsible regulation, is required. Regulatory pamphlets, health and safety educational classes, and issues of public interest, to answer regulatory questions and issues. Reorganization and the continuing restructuring of the Agency website is needed to improve communication . By 2022 and 2023 printing brochures and/or circulars for licensees, salons, and schools for distribution, is a goal of the Board. By 2022 – 2023 by continuing services with our state printing vendors and distributing information will bring employment and information to the public.

Issue 8 Rule Promulgation

Description Rule Promulgation

Solutions:

Rule promulgation needs to be on going to promote consumer protection - fighting deregulation. All license renewal applications to be accompanied with current photographs. With an updated system those pictures would be scanned and printed on licenses. At this time the BOC requires pictures to be submitted for all first licenses, but requires rule promulgation for renewals. The goal of the BOC is to continue to update the rules to ensure clarity and to eliminate outdated burdensome rules.

Issue 1 Criminal Justice Records Integration

Description The Records Improvement Program is an ongoing, long-term effort to coordinate the process of the integration of all criminal justice information systems. This is accomplished through the development and implementation of a comprehensive criminal justice records improvement plan.

Activities in this area include, but are not limited to encouraging and facilitating the development of common data standards among criminal justice agencies, facilitating the development and implementation of automated records systems and processes, encouraging and facilitating interagency cooperation and information sharing, and other activities intended to increase the accuracy, completeness and timeliness of criminal justice and criminal history information.

Solutions:

Objectives

To improve the criminal history records in the State of Arizona as well as manage criminal justice records integration and criminal justice system improvements throughout the state.

Strategies

- To establish and publish technology and data standards for criminal justice agencies of the state annually.
- To improve disposition reporting of each county to the central repository each year.
- To introduce legislation to change/improve criminal history reporting as needed.
- To administer, monitor, and evaluate grant projects on a continual basis.
- To develop a strategic plan and allocation plans for utilization of available funds on an annual basis to assist in the completion of the Arizona Records Improvement Plan.
- To apply for available funds from federal Justice Department agencies.

Performance Measures

- Stakeholder meetings coordinated to discuss record improvement challenges by records coordinator.
- Percentage increase in disposition reporting utilizing the Records Quality Index (RQI) tool for record improvement projects funded through the program annually.
- Bills submitted to Legislature.
- Bills passed by the Legislature for the improvement of criminal history record reporting.
- Site visits to grantee agencies.
- Program progress and financial reports received on a quarterly basis from each grantee agency to monitor progress and ensure funding expenditure occurs prior to grant expiration date.
- Grants awarded to agencies for improvement of criminal justice/history records.
- Updates submitted to the integration strategic plan by the Policy Team annually.
- Development and publication of criminal justice records improvement plan for the criminal justice system in Arizona, including evolutionary revisions to the plan.
- Number of grant applications submitted to proper agencies.
- Number of grant awards provided to the Commission by the various granting agencies.
- Number of applicants requesting funding.

Issue 2 Data Driven Policy Decisions

Description To improve the criminal justice system in Arizona through the use of data obtained from the Statistical Analysis Center for data driven policy decisions.

The Statistical Analysis Center's purpose is to oversee the research, analysis, studies, reports, and publications regarding crime and criminal justice statistics for the benefit of criminal justice agencies across the State. The Statistical Analysis Center also conducts the biennial Arizona Youth Survey (AYS) which provides critical information to the Governor and Legislature regarding various risk and protective factors among students in Arizona. Other statistical and research projects are conducted by the Center with the approval of the Executive Director.

Solutions:**Objectives**

To improve the criminal justice system in Arizona through the efforts of a quality Statistical Analysis Center.

Strategies

- To develop, implement and sustain processes that provide a relevant, reliable source of information on crime and the criminal justice system in Arizona.
- Maintain an effective and relevant criminal justice research program.
- Develop, implement and operate data and information producing programs and processes on crime activity and the criminal justice system in Arizona.

Performance Measures

- Number of studies/research projects proposed by internal and external customers.
- Number of studies/reports completed and published.
- Number of research products mailed via US mail to external customers (paper reduction).
- Number of public and media data requests processed.
- Number of legislative and policy-maker data requests processed.
- Number of public presentations by SAC staff.

Issue 3 Coordination of Legislative Issues Among Criminal Justice Stakeholders

Description To monitor the progress and implementation of new and continuing criminal justice legislation. Develop and deliver recommendations for constitutional, statutory, and administrative revisions that are necessary to develop and maintain a cohesive and effective criminal justice system.

The coordination of legislative issues is a constant endeavor involving all aspects of the criminal justice system. In accordance with ARS 41-2045.A, The Arizona Criminal Justice Commission shall: 1. Monitor the progress and implementation of new and continuing criminal justice legislation. The ACJC continues to work closely with all stakeholders, as well as other entities affected by criminal justice legislation, on new and current legislation. Representatives from criminal justice stakeholder agencies meet throughout the legislative session to discuss legislative issues impacting the criminal justice system. The Commission also makes recommendations to the Governor and the Legislature as well as provides direction to legislative staff on the position of the Commission regarding new legislation.

Solutions:**Objectives**

Monitor the progress and implementation of new and continuing criminal justice legislation. Develop and deliver recommendations for constitutional, statutory, and administrative revisions that are necessary to develop and maintain a cohesive and effective criminal justice system.

Strategies

- To acquire and distribute timely, accurate information regarding relevant criminal justice legislation at both state and federal levels and to provide an effective mechanism for both legislative advocacy and related informational resources.
- To provide a continuous, organized forum for the discussion of the criminal justice system, the identification of changes needed, the development of change mechanisms, including legislative proposals, and the coordination of information regarding these activities.
- To develop, implement and sustain processes that provide a relevant, reliable source of information on crime and the criminal justice system in Arizona.

Performance Measures

- Sustain an effective number of agency legislative events.
- Dissemination of criminal justice related legislative information and materials through meetings, publications, reports, and direct personal contact.
- Organize, support and conduct meetings under the Commission responsibility to produce effective results.
- Liaison with congressional and legislative officials and other officials at all levels of federal, state, county, and municipal governments that produce coordination, cooperation and effective outcomes.

Issue 4 Criminal Justice Coordination

Description The Arizona Criminal Justice Commission is a statutorily authorized entity mandated to carry out various coordinating, monitoring and reporting functions regarding the administration and management of criminal justice programs in Arizona. The ACJC serves as a resource and service organization for Arizona's criminal justice community on issues including; drugs, gangs and violent crime; victim assistance and compensation; and record improvement programs.

As the funding for these programs continues to decline it has become vital that all criminal justice stakeholders continue to work cooperatively to leverage the minimal resources available. The goal of the Arizona Criminal Justice Commission is to facilitate working collectively to fulfill the strategic plan of Arizona while still meeting the needs of those stakeholders with available funds.

Solutions:**Objectives**

To continue to improve criminal justice coordination throughout Arizona and the nation.

Strategies

- Build consensus among criminal justice stakeholders.
- Serve as the forum for identifying issues and their solutions.
- Facilitating cooperation that will improve public safety.
- Draw upon state, local and federal agencies and individuals to develop recommendations and strategies.
- To effectively manage the allocation and administration of state and federal funds to provide a high probability of improving the criminal justice system in Arizona.

Performance Measures

- Percent of programs reviewed reflecting compliance with certified assurances and fiscal management practices.
- Conduct training of county and local agency participants in the administration of the programs.
- Administer, monitor, and evaluate program projects and required reports regarding the program.
- Applicants requesting funds.
- Grants awarded in a timely manner.
- Program audits reflecting no deficiencies.
- Program single audits reflecting compliance with Administrative Rules.
- Develop and implement strategies/plans for federal and state resources allocated to commission authority in Arizona.
- Solicit grant applications and funding requests, evaluate requests, and efficiently allocate available resources to appropriate agencies and activities statewide.
- Facilitate focused discussions on criminal justice topics with supporting research.
- Identify, track and highlight trending national criminal justice topics.
- Recommend and periodically review policies for the coordinated implementation of policies.
- Identify needs and recommend agency allocations and resources to meet these needs when appropriate.
- Identify legal and administrative barriers to effective service delivery.
- Review agency funding criteria and make recommendations when appropriate.
- Review plans and make recommendations for plan format and content.
- Review annual performance data and make recommendations for improved service delivery, operating procedures or funding when appropriate.

Issue 5 Staff Development and Retention

Description Recruit, retain, and develop talented personnel to contribute to the mission of ACJC and Arizona’s criminal justice stakeholders.

Although ACJC has 25 authorized positions, through automation and restructuring of the agency, we have worked very effectively for several years with 22 employees. The overwhelming majority of our 22 staff members are multiple degreed professionals who are also well established in their field of expertise. In the last few years, ACJC has had a 35 percent turnover among our employees. The costs associated with training and acclimating new employees further burdens strained budgets and staffing challenges. The majority of employees leaving ACJC are being hired by other public entities and are being lured by higher salaries.

Solutions:**Objectives**

Recruit, retain, and develop talented personnel to contribute to the mission of ACJC and Arizona’s criminal justice stakeholders.

Strategies

- Work with ADOA on new retention strategies.
- Expanded distribution of employment opportunities.
- Membership in professional associations related to key position expertise.
- Identify entities/industries/organizations with corresponding expertise.
- Survey topics among employees to identify methods of increasing employee satisfaction.
- Seek increased state appropriation to use towards salary increases and training opportunities.

Performance Measures

- Maintaining averages of academic achievement among employees.
- Recruit employees with expertise beyond the minimum requirements.
- Raise average tenure of employees.
- Reduce employee turnover rates.
- Reduce training costs associated with training and acclimating new employees.

Program Summary

CRIME VICTIMS

Heather Bohnet, Crime Victims Program Manager
 Phone: (602) 364-1168
 A.R.S. §§ 41-2407 et. seq.

Mission:

To administer the Crime Victims Programs under the authority of the Arizona Criminal Justice Commission in a reliable and accurate manner which provides support to all agencies that assist and compensate the victims of crime.

Description:

The Crime Victims Program administers the Arizona Crime Victim Compensation Fund, the Arizona Crime Victim Assistance Fund, and the Office of Justice Programs, Office for Victims of Crime, Victims of Crime Act (VOCA) victim compensation grant. The funds are disseminated on a state-wide basis through a grant and formula allocation to public and private service providers and operational units. These provide financial assistance, services, and reimbursement to victims of crime. This program also monitors all victim-related legislation on both the federal and state levels and disseminates this information to victim advocates and programs.

CRIME CONTROL

Tony Vidale, Crime Control Program Manager
 Phone: (602) 364-1155
 A.R.S. § 41-2402

Mission:

To enhance and coordinate the funded efforts to deter, investigate, prosecute, adjudicate, and punish drug, violent crime, and criminal street gang offenders.

Description:

The program administers the federally funded Edward Byrne Memorial Justice Assistance Grant (Byrne JAG Grant Program), a congressionally consolidated local law enforcement program in 2004 previously known as Edward Byrne Memorial State and Local Law Enforcement Assistance Grant Program and the Local Law Enforcement Block Grant Program (LLEBG). This grant program provides enhanced funding to state and local law enforcement and related agencies to carry out the purposes set forth under A.R.S. § 41-2402. The Arizona Criminal Justice Commission is designated as the State Administrative Agency (SAA) for this program. In 1996 the Arizona Criminal Justice Commission was also designated as the State Administrative Agency for the Residential Substance Abuse Treatment Grant Program. This program also administers a number of non-grant projects such as Fill the Gap funds for distribution to counties.

Agency Summary

ARIZONA STATE SCHOOLS FOR THE DEAF AND THE BLIND

Annette Reichman, Superintendent
Phone: (520) 770-3704
A.R.S. §§ 15-1300 et seq.

Mission:

To empower children and students who are hard of hearing or deaf or have vision loss by providing the educational opportunities necessary to succeed in college, career, and life.

Description:

Arizona State Schools for the Deaf and the Blind (ASDB) was founded in 1912. ASDB provides education and support services to over 2,000 children who are blind, visually impaired, deaf, hard of hearing, or deafblind, from birth to grade 12. ASDB operates two schools for the deaf, one school for the blind, a statewide birth-to-three early childhood and family education program, and five regional cooperatives that provide services to students attending local schools.

ASDB is committed to excellence and innovation in (a) education for all Arizona children who are hard of hearing or deaf or have vision loss; (b) leadership and service; (c) collaboration with families, school districts, communities, and others; and (d) partnership with other agencies that will enable children who are hard of hearing or deaf or have vision loss to succeed now and in the future.

5 Year Plan

Issue 1 Enhancing curriculum and instructional accountability

Description Instructional accountability continues to be a critical focus area of the Agency.

Solutions:

A large data base has been collected to compare results of standardized testing with fixed factors. Training is provided for teachers to enhance their use of results from standardized assessment in planning the educational program for their students.

Issue 2 Improving recruitment and retention of employee procedures

Description Hiring qualified teachers is critical to the success of ASDB. The competition for teachers and other specialized staff has become very intense with many districts offering bonuses as well as other incentives.

Solutions:

The Agency works with several university programs around the country to recruit talented future professionals to ASDB. Presentations are made by ASDB staff at universities and colleges that have teacher preparation programs to communicate information regarding ASDB. Student teachers and graduate interns are encouraged to come to ASDB to complete their university program.

An extensive staff development program has been implemented to educate staff in strategies and techniques to improve student classroom performance. Regularly scheduled staff meetings, as well as weekly blocks of time, are reserved for more in-depth staff development opportunities.

Compensation issues are currently not being addressed adequately. The Agency continues to compare salaries of staff with other equal positions at other state agencies and at school districts to keep information current.

Issue 3 Incorporating technology into instructional and operational activities of the Agency

Description Educational technology has become an agency wide effort. Representative groups have worked together to develop an Educational Technology Plan, which was submitted and approved by the Arizona Department of Education. Staff benefit state-wide by actively participating in a variety of technology workshops.

Solutions:

The Agency database is in the process of being centralized for use from anywhere in the state to provide the most up-to-date information on students. The database provides demographic information that can be used for accountability reports at the local and state level. The database will be expanded to include additional information on student progress. The infrastructure of the technology system has been enhanced at ASDB to make communication more effective and efficient. New methods of communication are being provided for students who are Hard of Hearing or Deaf through the implementation of an agency-wide video relay system.

In order to facilitate communication, Internet and e-mail access is available to all agency personnel as well as the public. All programs in the Agency are now connected and able to access the Internet for resources. An updated E-mail system has increased the ability of staff to communicate across the state and results in faster services to students.

The current infrastructure is under review to improve functionality, security, and to reduce downtime. Specifics could include the tying together of (1) assistive technology, (2) dormitory wiring/fiber/wireless, (3) Tucson Campus building wiring/fiber/wireless, and (4) upgrade and combination of overall technological capabilities and resources.

Issue 4 Developing and maintaining a proactive work environment within the Agency

Description The ASDB Human Resources Department is implementing a number of changes to be more responsive to employee needs and requests.

Solutions:

ASDB is part of the HRIS system which will better track work schedules, leave, etc. Specialists in HR have developed a schedule for visiting ASDB sites outside of Tucson. They are conducting employee meetings to answer questions about benefits, policies, etc.

The Professional Development Leadership Team conducted a survey of the schools to assess the environment and to provide information to be used as part of a strategic plan to improve the organizational climate in the most effective and efficient manner possible.

Issue 5 Fostering the development of parent and community partnerships

Description The Principals have implemented and coordinated a number of activities to involve more parents with the schools and their child's educational program.

Solutions:

Parent folders are used to inform parents of learning occurring in the classroom, activities at the school, and events in the community. Parent groups are also active on all three campuses. Parent groups provide support and information to other parents regarding the education of students who are blind or visually impaired and students who are Deaf or Hard of Hearing.

Staff is involved in presenting information to community organizations and parents regarding advocacy and general information for accessing educational programs. Agency staff provide speakers, location, and child care for meetings to occur, and to encourage a larger number of parents. ASDB is developing cooperative arrangements with other community agencies to support provision of service for our students. ASDB participates in local organizational meetings with other professionals in the education field, in the rehabilitation area, and community businesses to foster cooperation and increased success of our students and improve community relations. ASDB works with employers to support students in occupations that will be sustainable after graduation. ASDB works, in conjunction with other agencies serving Hard of Hearing, Deaf, or visually impaired individuals, to increase choices and opportunities for the students.

Description:

There are two components to the Early Learning Program offered by ASDB - Early Childhood and Family Education (ECFE) and Preschool. ECFE provides services to children (and to the parents of children) from ages birth to three who are deaf, hard of hearing, blind, visually impaired or deaf-blind. The statewide program serves every county in the state of Arizona. ASDB participates with the Arizona Early Intervention Program (AzEIP) in providing early intervention services to families and their children with sensory impairments under IDEA (The Individuals with Disabilities Education Act) Part C. The AzEIP participating State Agencies are the five state agencies identified in A.R.S. §§ 8-651 and 8-652 as responsible for maintaining and implementing a comprehensive, coordinated, interagency system of early intervention services. The five participating state agencies identified in A.R.S. § 8-652 are: Arizona Department of Economic Security (DES), Arizona State School for the Deaf and the Blind (ASDB), Arizona Department of Health Services (ADHS), the Arizona Health Care Cost Containment System (AHCCCS), and the Arizona Department of Education (ADE). The Preschool program serves children from 3 to 5 in a structured learning environment on the Tucson campus and in Phoenix at several locations throughout the metropolitan area. Services offered to eligible children, their families and school districts include the following: Family education, developmentally appropriate center based preschool education, comprehensive educational assessment, functional vision assessments, audiological assessment, orientation/mobility services, physical therapy, sensory integration therapy, occupational therapy, speech/communication therapy, feeding therapy, transition to kindergarten and transportation. For the child and family, an Individualized Family Service Plan (IFSP) is developed that focuses on the early intervention services that a family needs to help them enhance the development of their child.

Mission:

To empower children and students with the educational opportunities necessary to succeed in college, career and life.

We are committed to excellence and innovation in:

-Education for all children, throughout Arizona, who are hard of hearing, deaf or have vision loss

-Leadership and Service

-Collaboration with families, school districts, communities, and others

-Partnership with other agencies that will enable children who are hard of hearing, deaf or have vision loss to succeed now and in the future.

Description:

Arizona State Schools for the Deaf and the Blind (ASDB) was founded in 1912 – the year of Arizona statehood. ASDB provides education and support services to over 2,000 children who are blind, visually impaired, deaf, hard of hearing, or deafblind from birth to grade 12. ASDB operates two schools for the deaf, one school for the blind, a statewide birth-to-three early childhood and family education program, and five regional cooperatives (which provide services to students attending local schools). ASDB is dedicated to empowering young children and students with the educational opportunities necessary to succeed in college, career, and life.

COMMISSION FOR THE DEAF AND HARD OF HEARING

Sherril L. Collins, Executive Director
 Phone: (602) 542-3336
 A.R.S. §§ 36-1941 to 36-1978

Mission:

To ensure, in partnership with the public and private sectors, accessibility for the deaf, hard of hearing, deafblind, and persons with speech difficulties, to improve their quality of life.

Description:

The Commission for the Deaf and the Hard of Hearing (ACDHH) acts as an information bureau for the deaf, hard of hearing, deafblind, and individuals with speech difficulties. The Commission works with State and local government agencies and other public and private community agencies to educate staff to better provide services to their deaf, hard of hearing, and deafblind consumers. ACDHH administers a telecommunications equipment distribution voucher program that loans equipment to qualified Arizona residents. The Arizona Relay Service (7-1-1), which allows equal accessibility of public telephone service, is also administered by the Commission. The relay service is required by the Federal Communications Commission. ACDHH is also mandated to license American Sign Language interpreters and certify American Sign Language teachers.

BOARD OF DENTAL EXAMINERS

Ryan Edmonson, Executive Director
Phone: (602) 542-4493
A.R.S. §§ 32-1201 and 32-1299

Mission:

To provide information and professional, courteous service to the dental profession and the public, and to protect the oral health, safety, and welfare of Arizona citizens through a fair and impartial system of examination, licensing, complaint adjudication, and enforcement processes.

Description:

The Board of Dental Examiners examines, licenses, and certifies professionals to practice in the field of dentistry; registers business entities providing dental services; and permits mobile dental facilities. The Board also accepts complaints against licensees, certificate holders, business entities, and mobile dental facilities; investigates allegations; and administratively adjudicates complaints. The Board regulates approximately 9,900 business entities and professionals that are licensed or certified to practice in the state, and serves all Arizona citizens who receive their professional services.

5 Year Plan

Issue 1 Improve employee efficiencies with technology

Description When employees can be more efficient by having access to relevant and up-to-date technology, it is beneficial to both licensees and the public. The impact of the online renewal application, which allows dentists, dental consultants, dental hygienists and denturists to renew their license online, continues to be a convenience to the licensees using the online renewal application and in reducing the manpower required to move a paper renewal through the process. The Agency will continue to enhance the online renewal application to increase the number of licensees using the application.

With the success of online renewals, the Agency sees opportunity for other online functionality with the same result of convenience to the licensees/applicants, decreasing manpower and real time information available to the public.

As the Dental Practice Act is amended, the Agency is challenged to maintain a database, which supports new processes and allows for consistency and increases employee efficiency. Looking to the future, the Agency acknowledges new levels of dental providers are emerging whose regulation will be added to the Dental Practice Act.

Staying current with technology is important. The Agency is challenged to maintain, upgrade and secure the database to prevent frustration and lack of confidence in the Agency's technology by the public using the online directory of licensees, the licensee using an online function and staff maintaining the data.

Using technology to improve employee efficiencies includes the challenge of eliminating the flow of paper through the office.

Solutions:

Strategy 1

The Agency plans to build on the realized efficiencies by developing an online renewal component for business entities, online initial license application submission, and online address changes to include the ability to order and pay for additional licenses.

Strategy 2

The Agency will ensure database enhancements will be ongoing to support the complaint process. Knowing that the Dental Practice Act may be amended at any legislative session, the Agency must be prepared to make database modifications as they are legislated. The Agency has budgeted funds and allocated manpower to continue the relationship with the database vendor.

Strategy 3

The database is web-based which requires the Agency to stay current with technology to include hardware, software and internet services. The Agency plans to consult with state IT professionals for their expertise in what hardware, software and internet services are best practices for the Agency to follow. Replacement equipment will be budgeted for as needed.

Strategy 4

In FY22, the Agency hopes to continue to use the Enterprise Imaging Solution from the State Procurement Office assuming a one-time appropriation is granted.

Issue 2 Agency website has no fillable forms.

Description The Agency would like to continue to be paperless and more efficient through fillable forms.

Solutions:

Strategy 1

The agency will transition from paper forms to online fillable forms for all required documents by FY2022. This will not require any addition allocation of resources. The agency will use current staff knowledge to build the required forms.

EARLY CHILDHOOD DEVELOPMENT AND HEALTH BOARD

Marilee Dal Pra, Chief Executive Officer

Phone: (602) 771-5100

A.R.S. Title 8, Chapter 13, and A.R.S. § 8-1181

Mission:

To partner in creating a family-centered, comprehensive, collaborative, and high-quality early childhood system that supports the development, health, and early education of all Arizona children from birth through age five.

Description:

The Arizona Early Childhood Development and Health Board seeks to ensure the quality and accessibility of early childhood development and health programs at the community level. A voter-approved initiative, Proposition 203, created the Board, which is commonly known as "First Things First."

First Things First establishes regional partnership councils throughout the state. Each regional council is funded based on the number of children, from birth to age five year, living in the area, as well as the number of young children whose family income does not exceed 100% of the federal poverty level. Programs funded through First Things First may be conducted by grantees in the region or by the regional partnership council. First Things First receives revenues from an additional tax levied on tobacco products.

5 Year Plan

Issue 1 All children have access to high quality, culturally responsive early care and education that promotes their optimal development.

Description a. Early Care and Education System Development and Implementation-Convene partners and provide leadership in the development and implementation of a comprehensive early care and education system that is aligned both across the spectrum of settings and with the full continuum of the education system.

Goal-Identify and align early care and education programs and services to ensure a comprehensive early childhood system with coordination and efficient use of resources.

b. Quality Early Care and Education Standards, Curriculum and Assessment-Convene partners, provide leadership, and provide funding for the development and implementation of quality standards for early childhood care and education programs and related curricula and assessments.

Goal-Increase use of research/evidence-based curriculum and comprehensive assessment that is aligned with the Arizona State Standards for birth - PreK.

c. Quality, Access and Affordability of Regulated Early Care and Education Settings-Convene partners, provide leadership, and provide funding for increased availability of, and access to, high quality, regulated, culturally responsive and affordable early care and education programs.

Goal-Increase the number of Arizona children, birth through five, with access to, and participation in, quality early care and education.

Solutions:

a.

- Continue coordination, alignment and leveraging of resources of state and federal programs to support alignment of state and federal programs and common intake systems to support families in enrolling their children in early care and education programs.
- With partners establish an integrated data system to provide data that can be used to evaluate and monitor the Early Care and Education System.

b.

- Alignment of curriculum and child assessment components with Federal, State, and tribal requirements.
- Support early care and education programs in the use of research/evidence-based curriculum and comprehensive assessment,
- Support early care and education programs in establishing at minimum, an assessment process for: Screening measures; Formative assessment for all children; and Kindergarten entry.

c.

- Make available quality, affordable and culturally responsive early childhood education programs to all children and families across Arizona focusing on access to early care and education programs serving infants and toddlers, children in the child welfare system, children with special needs, and high poverty areas; and bringing Quality First—Arizona's Quality Improvement and Rating System—to scale.

Issue 2 All children have access to high quality, preventive and continuous health care, including physical, mental, oral and nutritional health.

Description a. Access to Quality Health Care Coverage and Services—Collaborate with partners to increase access to high quality health care services (including oral health and mental health) and affordable health care coverage for young children and their families.

Goals-

i. To increase the number of Arizona children birth through five with access to preventive health services, including oral health, behavioral health, and immunizations. This includes oral health, behavioral health, immunizations, and services for families that address the social determinants of health.

ii. To increase the number of Arizona children birth through five that are receiving care coordination services and healthcare through a medical and dental home.

iii. To increase parents and caregivers knowledge and understanding on how to support their child's optimal health and development.

b. Early Screening and Intervention—Collaborate with partners to increase awareness of and access to a continuum of information, support, and services for families and their children who have or are at risk of having developmental, physical, and/or mental health issues.

Goals-

i. To increase the number of Arizona children birth through five receiving appropriate developmental and health screening.

ii. To create, sustain, and expand the development of coordinated statewide and community based systems to identify and serve children with physical, behavioral, developmental and social needs.

iii. To increase the number of Arizona children birth through five that are receiving appropriate supports and intervention services based on screenings.

iv. To increase the number of Arizona pregnant women receiving early and adequate maternal health services, oral health screening, and immunizations.

Solutions:

a.

- Continue efforts to improve children's oral health and work to make sure that oral health care is unduplicated and coordinated for children with a focus on high risk and vulnerable children.

- Support medical homes (including tribal health partners) providing care coordination services for children with an emphasis on children with complex needs and high risk and vulnerable children.

- Work with system partners serving children birth through five to provide timely, coordinated, and appropriate care to families.

- Support health insurance outreach, enrollment and increase health insurance literacy.

- Collaborate with AHCCCS, managed care plans, and tribal health partners to work on issues affecting children birth through five, including:

- o Analysis of data on utilization of healthcare services, including EPSDT and other children's preventive health services. Use data to support work promoting children's access to early and periodic screening, diagnosis and treatment.

- o Support AHCCCS flexibility to provide children's preventive services through home visitation, screening and interventions, and behavioral health services.

- Explore ways to help rural and tribal children better access services such as community health workers, tele-health, transportation, and workforce capacity building.

- Support efforts to increase referrals to maternal health services, and services that address the social determinants of children's health across health programs and policies.

- Partner to increase the health literacy of families so they can effectively advocate within a complex health system for timely, appropriate, and coordinated care for their children.

b.

- Support standardized developmental, autism, oral health and sensory screening services. Screenings should include social determinants and toxic stress to better support the child and family. Refer mothers to maternal health services and screenings; and connect families to appropriate services and interventions.

- o Partner to ensure children are meeting national standards for appropriate screenings; getting referred for evaluation, and connected to services and treatment.

- o Work with partners to reduce duplication of services, coordinate screenings, help families understand the results, and support the appropriate follow up and referrals needed.

- o Convene partners to address children's access to appropriate and timely interventions

-
- o Continue to partner with efforts to increase sensory screening including identification of data sources.
 - Explore the use of telehealth services to expand capacity, with attention to shortage areas.
 - Work with tribal health partners to improve collaboration with state agencies to increase screening and decrease no show rates.
 - Partner to identify opportunities to leverage best practices around the integration of screening and referral for social determinants of health.
 - Support organizations working with young children to inform families about and increase access to screenings, maternal health services, and immunizations.

Issue 3 All families have the information, services and support they need to help their children achieve to their fullest potential.

Description a. Supports and Services for Families—Convene partners, provide leadership, provide funding, and advocate for development, enhancement, and sustainability of a variety of high quality, culturally responsive, and affordable services, supports, and community resources for young children and their families.

Goals-

- i. To increase the availability of and access to high quality family support services for families with young children.
- ii. To continuously improve the quality of family support services.
- iii. To increase coordination of planning, development, funding and delivery of family support services to meet the needs of families and leverage available resources.

b. Information and Education for Families - Convene partners, provide leadership, and provide funding for the development and coordinated dissemination of high quality, diverse, and relevant information and education on the importance of the early years, child development, health, early education, and related resources for families, providers, partners, and the public.

Goals-

- i. To increase families understanding and use of parenting practices that promote positive child development, health and literacy outcomes for their children.

Solutions:

a.

- Continue to support a continuum of quality family support strategies to meet the needs of families including social determinants of health ranging from low intensity and universal reach to all families to high intensity and reach to targeted populations.
- Continue to support the strengthening of Arizona’s Home Visitation System.
- Provide specialized professional development for family support providers to increase knowledge and skills to serve and meet the needs of families:
- Continue to coordinate with state agencies and partners to ensure resources are maximized, avoid duplication, and concentrate on complementary services.
- Provide support and technical assistance to employers to develop family-friendly work policies.

B.

- Increase parent/caregiver awareness with fact-based information and resources that are accessed, and universally, available through web-based, social media, mobile and other technology platforms.
- Partner and work with community partners to ensure parents/caregivers have access to information, activities, and available services.
- Coordinate across system partners to disseminate information and connect parent/caregivers to information, resources and services.
- Support parents/caregivers to be a resource to one another.
- Develop a communication strategy aimed at family, friend and neighbor providers, informing them of available supports.
- Create universal messages and information for all families and targeted messages for various high risk and target populations.

Issue 4 All early childhood education and health professionals are well prepared, highly skilled, and compensated commensurate with their education and experience.

Description a. Professional Development System and Recruitment and Retention of Professionals in the Early Childhood System - Convene partners, provide leadership, and provide funding for the development and enhancement of an early childhood professional development system that addresses availability, accessibility, affordability, quality, and articulation. Convene partners, provide leadership, and provide funding for the recruitment, adequate compensation, and retention of high quality, culturally diverse early childhood professionals.

Goal-

i. To implement, align, and continuously improve Arizona's Professional Development System that supports the education, recruitment, and retention of early childhood professionals.

Solutions:

a.

- Support partners across the early childhood system to promote and utilize the Arizona Early Childhood Career and Professional Development Network, including the Workforce Knowledge and Competencies (WFKC), Workforce Registry, and Instructor and Technical Assistance Provider Standards.
- Collect and maintain accurate and comprehensive early childhood workforce data to inform and support decision making.
- Develop and strengthen a continuum of intentional educational and professional development career pathways for the early childhood workforce, for both pre-service and ongoing in-service, specifically ensuring resources as well as access in rural, tribal, and high poverty areas.
- Design a quality assurance process that supports the delivery of PD based on the Instructor and TA Standards and use of research-based instructional strategies that support behavior change in teachers' implementation of best practices in early care and education.
- Support early childhood workforce compensation, incentives, benefits, work environment, and employee retention efforts through the review of research and use of data from the Registry.

Issue 5 The early childhood System is high quality, child and family centered, coordinated, integrated and comprehensive

Description a. Early Childhood System Leadership - Convene partners, provide leadership, and provide funding for the conceptualization and implementation of a high quality, child and family centered, coordinated, integrated, and comprehensive early childhood system that includes clearly defined roles and responsibilities.

Goals-

- i. To clearly describe Arizona's comprehensive early childhood system and define the roles and responsibilities of those involved in its implementation to increase coordination and leverage resources and services for young children.
- ii. To have a common understanding of the early childhood system among agencies and organizations involved in the system, share ownership in its implementation and agree to shared outcomes for young children.
- iii. To support State, tribal and local jurisdictions in their efforts to conceptualize and design high quality early childhood opportunities.
- iv. Early childhood is recognized as a core component of the P-20 education system.

b. Early Childhood System Funding – Secure, coordinate, and advocate for resources required to develop and sustain the early childhood system.

Goals-

- i. To leverage FTF resources to secure federal and foundation grants to build and sustain the early childhood system.
- ii. To strengthen relationships with Arizona business, individuals, and private sector foundations to secure philanthropic investments and partnerships to enhance and sustain the early childhood system.
- iii. To increase alignment of federal, state, local and tribal funding that supports a comprehensive early childhood system.

c. Early Childhood System Data and Evaluation-Define and carry out roles related to collecting, analyzing, and reporting data; utilize data to design, develop, plan, and evaluate the early childhood system; and provide leadership in the evaluation of the early childhood system and collaborate with partners to utilize the results to foster continuous improvement of the system.

Goals-

- i. To ensure that data needed to inform and guide program and policy decisions is available, coordinated and utilized at the state and local level.
- ii. To conduct a comprehensive evaluation of the early childhood system and use results for continuous improvement of the system.

Solutions:

a.

- Develop and implement a shared agenda across state agency partners that minimally includes:
 - o Prioritizing high risk and vulnerable populations across the health, education and family serving sectors;
 - o Aligning policies and increasing coordination to reduce duplication across health, education and family support; and
 - o Continuing focused efforts in improving quality early care and education, improving early language and literacy outcomes, strengthening and expanding professional development, strengthening the comprehensive early intervention system, and alignment with AHCCCS.
- Continue to align and support the intersection of the early childhood system with k-3 education including emphasis on developmentally effective and appropriate practice; leveraging and alignment of resources; and professional development
- Convene state and system partners to address barriers to availability and access to quality services, particularly in rural and tribal areas.
- Continue to develop and strengthen relationships with local governments and tribes and nations to support new and expand early childhood opportunities

b.

- Identify and establish philanthropic, federal, state and tribal partnership and investment opportunities that support and advance the early childhood system.
- Actively prospect, cultivate and steward strategic relationships with national and state foundations, individual/major donors and corporations to invite and secure private philanthropic investments to support established priorities.
- Continue to develop FTF's system to search, vet and pursue both public and private grant opportunities.
- Continue to cultivate and identify partnerships with federal agencies and programs.

c.

- Continue to enhance data to inform FTF strategy impact/outcomes that will link to the Integrated Data System.

- Plan and conduct studies, based on 2018-2022 FTF Research and Evaluation Plan, which will evaluate the impact of FTF-funded work that will inform Early Childhood System work.
- Coordinate with system partners on the development and implementation of an Integrated Data System by:
 - o Coordinating with system partners to standardize definitions, map, share, and access data indicators to understand impact.
 - O Data should inform child outcomes and system progress.
 - O Focusing on shared accountability among system partners on quality and integrity of data.
 - O Developing interagency agreements that allow for the exchange and sharing of data among state, tribal and other government agencies that are funding or providing services to young children and families.
 - O Executing a small-scale blueprint, to serve as a proof of concept, to demonstrate the feasibility of an integrated data system and how it has practical potential in meeting the Early Childhood System needs and coordinated use.
- Continue coordination with system partners to support implementation of common measure of school readiness.
- O Partner with ADE to work on the implementation of the Kindergarten Developmental Inventory with school districts including outreach, professional development, and analysis of data to understand children's school readiness.
- Demonstrate success with a small scale project at community level that evaluates how individual and collective work of early childhood system partners is impacting young children's school readiness.

Issue 6 All Arizonans understand the importance of the early years and the impact of early childhood development and health and education on Arizona's economy and quality of life and, as a result, substantially support early childhood development, health and education both politically and financially.

Description a. Building Public Awareness and Support—Convene partners, provide leadership, and provide funding for efforts to increase public awareness of and support for early childhood development, health and early education among partners, public officials, policy makers, and the public.

Goals-

- To increase the number of diverse constituencies who use consistent, compelling messages to actively raise awareness of and build public support for the importance of early childhood as an issue that impacts all Arizonans.
- To increase families' understanding of the importance of early childhood and awareness of resources available to help them ensure positive experiences in their child's first five years.
- To increase policymakers' recognition of the role early childhood plays in educational and economic outcomes and increase regular engagement of early childhood voices in public policy conversations.

Solutions:

a.

- Increase the engagement of diverse constituents across Arizona who act in support of building an effective early childhood system.
- Ensure consistent public messaging about early childhood and increase the presence of consistent early childhood strategic messaging across broad communications channels throughout the state.
- Engage parents and caregivers of young children with relevant, credible and appealing content through digital communications channels.
- Highlight the impact of FTF funded programs on young children and their families.
- Expand the profile and recognition of First Things First as a leader in early childhood policy and practice.
- Leverage opportunities to increase understanding of early childhood's impact on a broad range of topics among state, federal, tribal and local policymakers.
- Build recognition of First Things First strategies as synonymous with improving outcomes in early childhood.

Issue 7 FTF is a model for comprehensive planning and program implementation that integrates innovation and a systems thinking approach with an emphasis on data driven decisions and continuous quality improvement.

Description a. FTF staff and volunteers have the resources, structures and processes in place so that continuous learning can occur and be recognized.

b. Establish and maintain internal systems that promote accountability, efficiency and improvement.

Solutions:

a.

i. Develop fluent, adaptive and responsive systems thinkers who know how to apply systems thinking across the organization (staff and volunteers) and externally with system partners.

ii. Establish mechanisms by which Regional Councils can provide local leadership in developing an early childhood systems model.

b.

i. Implement statewide and regional funding plans that are consistent with FTF's indicators, benchmarks to progress, strategic direction, Standards of Practice based on best and evidence based practice, FTF logic model and the Arizona Model System.

ii. Advance fiscal policy that is transparent, accountable, a public sector model and that aligns with a systems approach to programmatic implementation.

Issue 8 FTF is a highly sought after place of employment and engagement that attracts and retains exceptional and diverse talent among staff and volunteers.

Description a. Early Care and Education System Development and Implementation—Convene partners and provide leadership in the development and implementation of a comprehensive early care and education system that is aligned both across the spectrum of settings and with the full continuum of the education system.

Goals-

i. Identify and align early care and education programs and services to ensure a comprehensive early childhood system with coordinated and efficient use of resources.

b. Quality Early Care and Education Standards, Curriculum and Assessment—Convene partners, provide leadership and provide funding for the development and implementation of quality standards for early childhood care and education programs and related curricula and assessments.

Goals-

i. Increase use of research/evidence-based curriculum and comprehensive assessment that is aligned with the Arizona State Standards for birth – pre-k.

c. Quality, Access and Affordability of Regulated Early Care and Education Settings—Convene partners, provide leadership, and provide funding for increased availability of and access to high quality, regulated, culturally responsive and affordable early care and education programs.

Goals-

i. Increase the number of Arizona children birth through five with access to and participation in quality early care and education

Solutions:

a.

- Continue coordination, alignment and leveraging of resources of state and federal programs to support alignment of state and federal programs and common intake systems to support families in enrolling their children in early care and education programs.
- With partners establish an integrated data system to provide data that can be used to evaluate and monitor the Early Care and Education System.

b.

- Alignment of curriculum and child assessment components with Federal, State, and tribal requirements.
- Support early care and education programs in the use of research/evidence-based curriculum and comprehensive assessment,
 - o Support early care and education programs in establishing at minimum, an assessment process for: Screening measures; Formative assessment for all children; and Kindergarten entry.

c.

- Make available quality, affordable and culturally responsive early childhood education programs to all children and families across Arizona focusing on access to early care and education programs serving infants and toddlers, children in the child welfare system, children with special needs, and high poverty areas; and bringing Quality First—Arizona’s Quality Improvement and Rating System—to scale.

Agency Summary

DEPARTMENT OF ECONOMIC SECURITY

Michael Wisehart, Director
 Phone: (602) 542-5757
 A.R.S. § 41-1954

Mission:

To make Arizona stronger by helping Arizonans reach their potential through temporary assistance for those in need and through care for the vulnerable.

Description:

The Department of Economic Security (DES) is an integrated human services agency that provides critical opportunity, assistance, and care for approximately two million Arizonans. Across its 40 programs, DES employees seek to serve fellow Arizonans with integrity, humility, and kindness.

More specifically, DES works with job creators to provide employment assistance, including vocational rehabilitation for individuals with physical or mental impairment and job training for economically disadvantaged adults and youth. Eligible working parents receive child care assistance. The Department manages the Unemployment Insurance Program, including collecting taxes and providing benefits.

DES provides assistance and services that support Arizonans' goals of obtaining greater self-sufficiency, including food, health care, and parental financial support to children; services to individuals with disabilities; assistance to victims of domestic violence; aid to individuals experiencing homelessness and hunger, and families needing assistance with utility bills; and protection for the vulnerable by investigating allegations of abuse, neglect, and exploitation.

The Department assists individuals and families by determining eligibility for temporary cash assistance, nutritional assistance, Medicaid, Social Security Disability Insurance (SSDI), and Supplemental Security Income (SSI).

The Department provides early intervention services for infants and toddlers with developmental delays and home and community-based services for clients with intellectual and developmental disabilities. The Department assists parents in receiving child support payments by locating absent parents, establishing paternity and the legal obligation to pay, and evaluating the absent parent's ability to pay.

Vision

All Arizonans who qualify receive timely DES services and achieve their potential.

Mission

DES will ensure the strength and economic stability of Arizona by providing timely, temporary benefit assistance, and aid to vulnerable, qualifying Arizonans.

Agency Description

DES is the human services agency for the State of Arizona that oversees more than 40 different programs and services and distributes benefits to more than 3 million Arizonans. We provide benefit assistance, care and services to some of Arizona's most vulnerable populations, including: Adult Protective Services; Developmental Disabilities; Nutrition, Cash and Medical Assistance; Vocational Rehabilitation; Child Support Services and Unemployment Insurance.

Executive Summary

DES will strengthen our service delivery to meet the needs of all Arizonans so we emerge from the COVID-19 pandemic stronger, leaner and more efficient for those we serve. In fiscal year 2020, DES will have invested approximately \$10 billion in services to critical Arizonans. We will enhance services by modernizing processes and streamlining service points of contact for our staff of more than 8,200 and the 3 million we serve.

The Arizona economy has been significantly impacted by the pandemic. As an essential service, DES provides basic needs like nutritional, cash, medical, and shelter services funding for the Arizona population. Unemployment has reached records levels in record time. Our developmental disabilities members are especially vulnerable. We will ensure services are provided timely and accurately, while caring for the health and safety needs of our team as well as the people we serve.

With crisis comes opportunity. DES is committed to using this opportunity to reshape, modernize, and enhance the way DES operates as an organization. We will reduce our costs and footprint, enhance team member engagement, and connect with the people we serve.

ATTORNEY GENERAL LEGAL SERVICES

Roberta Blyth, Chief Financial Officer

Phone: (602) 542-0183

A.R.S. § 41-191

Mission:

To provide the Department of Economic Security with high-quality and timely legal advice and representation to promote the safety, economic self-sufficiency, and well-being of children, adults, and families.

Description:

The Attorney General Child and Family Protection Division is responsible for providing legal services to all programs and business operations of the Department of Economic Security (DES). The division provides these services through two sections: the Child Support Enforcement Section, which represents the Division of Child Support; and the Civil, Criminal Litigation and Advice Section (CLA) which provides legal advice and representation in administrative hearings and state and federal courts to all other programs within the Department, as well as all personnel and operations matters. In addition, CLA prosecutes criminal cases relating to various DES programs, including recipient benefit fraud, employee embezzlement, provider fraud, and criminal nonpayment of child support.

NOTE: Goals and performance measures for this program are included in the Master List for the Attorney General, AGA 1.4, Child and Family Protection Division.

 A.R.S. § 41-1954

Mission:

To promote the safety, well-being, and self-sufficiency of children, adults, and families.

Description:

Division of Benefits and Medical Eligibility Operations includes the following areas:

The Family Assistance Administration (FAA) provides support to field staff by providing leadership, oversight, policy and procedures, training, system support, financial and purchasing control, human resources, and management information. FAA programs ensure conformity with federal and state laws in the Nutrition Assistance (formerly Food Stamps), Cash Assistance under Temporary Assistance for Needy Families (TANF), General Assistance, and Tuberculosis Control programs; coordinate eligibility determination for Medical Assistance programs; and provide child passenger restraint seats.

The Office of Program Evaluation (OPE) evaluates and monitors eligibility for the following programs: Cash Assistance, Nutrition Assistance, and specialized areas within the Arizona Health Care Cost Containment System (AHCCCS) through the application of approved quality control and performance measurements. OPE performs a management evaluation function by reviewing local office processes to determine Supplemental Nutrition and Cash Assistance program accuracy and compliance with state and federal mandates.

DISABILITY DETERMINATION SERVICES ADMINISTRATION

Roberta Blyth, Chief Financial Officer
Phone: (602) 542-0183
A.R.S. § 41-1954; 46-251

Mission:

To provide timely and accurate disability determinations for applicants

Description:

The Disability Determination Services Administration (DDSA) adjudicates Social Security Disability Insurance (SSDI) and Supplemental Security Income (SSI) benefit claims from Social Security offices in Arizona. Federal statutes and regulations require the states to administer the disability documentation and decision-making process for claimants who are residents. DDSA operates under federal statutes and regulations that require states to make SSDI and SSI disability determinations for their residents. The Social Security Administration (SSA) funds 100 percent of the program cost and mandates specific program guidelines and performance standards. In addition, DDSA reviews and determines entitlements for referred initial and continuing Arizona Health Care Cost Containment System acute care claims. The applicant's potential for vocational rehabilitation is considered, with referrals made as appropriate. DDSA measures are reported on federal fiscal year.

CHILD SUPPORT ENFORCEMENT

Roberta Blyth, Chief Financial Officer
 Phone: (602) 542-0183
 A.R.S. § 41-1954: Laws 1994, Ch 374

Mission:

To collect child support from parents who are legally obligated to pay, the Child Support Services program was established in 1975 as part of Title IV-D of the Social Security Act, a federal, state, and local program.

The goals are threefold:

- *To ensure that children are supported by their parents,*
- *To foster family responsibility by offering services and resources to families that will help them become more self-reliant, and*
- *To reduce the costs of welfare to the taxpayer.*

Description:

This program provides intake services, locates absent parents, establishes paternity, and establishes the legal obligation to pay child support and provide medical support in local and interstate cases. The program enforces child support obligations and medical support through various administrative and judicial remedies. Child support services are provided to custodial persons who receive Cash Assistance, Arizona Health Care Cost Containment System (AHCCCS) medical assistance services, foster care assistance, as well as to any other custodial or non-custodial person who applies. These services are provided pursuant to Title IV-D of the Social Security Act. Services in 12 counties are provided by the Department of Economic Security's Division of Child Support Enforcement (DCSE), in conjunction with the Attorney General's Office. DCSE has an intergovernmental agreement with the County Attorney to provide services in one county. The program also provides payment processing services statewide for all cases, Title IV-D and non-Title IV-D.

This Program Contains the following Subprograms:

- ▶ Child Support Enforcement Operations
- ▶ County Participation

BOARD OF EDUCATION

Alicia Williams, Executive Director
Phone: (602) 542-0120
A.R.S. §§ Title 15 et seq.

Mission:

To develop successful citizens through robust public education.

Description:

The State Board of Education is constitutionally charged with regulating the conduct of the public school system. Arizona law requires the Board to regulate and exercise general supervision over the conduct of the public school system and adopt rules and policies it deems necessary to accomplish this purpose. Regulation and supervision includes the following:

- (a) prescribe a minimum course of study and competency requirements for promotion of students from third and eighth grade as well as for graduation from high school;
- (b) supervise and control the certification of persons engaged in instructional work in a school district;
- (c) approve alternative teacher and administrator preparation programs;
- (d) adopt proficiency exams and passing scores for those exams;
- (e) adopt rules governing the methods for administering proficiency exams;
- (f) impose disciplinary action on all certificate holders who are found to have engaged in immoral conduct;
- (g) serve as the State Board for Vocational and Technological Education; and
- (h) delegate to the Superintendent of Public Instruction the execution of board policies and rules.

Issue 1 Statewide Assessment

Description To establish a statewide assessment system that assesses students' skills and knowledge of the academic standards in order to produce the data and tools necessary for parents, educators and policymakers to advance the academic success of Arizona students.

Solutions:

In accordance with the State Board of Education's (Board) Five Year Assessment Plan, adopted in 2019, the vendor for the new statewide assessment in grades 3-12 was selected at the June 2020 meeting. The new statewide assessment will be built by Arizona educators, utilizing Arizona's statewide standards.

The Board continues to prioritize a planned and deliberate rollout of the new assessment system by ensuring students, teachers and school systems have a pilot year of the new assessment, in order to analyze the validity and reliability of assessment questions and familiarize students, parents and educators prior to full implementation in spring of 2022. The new statewide assessment in high school will provide access to one of two college entrance exams to all students, at no cost to the students. Schools will have the opportunity to select one of the two exams based on community input and need. Data from the assessment system will inform Board policies, as the data will accurately reflect students' readiness for college and career.

Issue 2 School Accountability and Improvement

Description To implement the State Board of Education's (Board) Five-Year Assessment Plan, with new statewide assessments starting in the spring of 2022, while reviewing and updating the accountability systems for accuracy and impact, communicating timelines of implementation to the educational field and stakeholders and ensuring all Arizona students have access to a high quality education.

Solutions:

As the state moves towards a new statewide assessment system, the Board and staff will continue to work with stakeholders to collect and analyze accountability trends in Arizona, while following an adopted timeline of change and implementation. From this information, the Board will continually review and inspect potential revisions to the statewide accountability system for traditional schools. Finally, the Board will continue to plan and implement the accountability systems for alternative schools, online instruction schools, district and small school/K-2 schools to ensure accurate reporting.

As with any new assessment system, dips in educational gains may be present for the first three years, as students and educators become familiar with the new assessments. To ensure academic achievement of K-12 public school students by supporting and incentivizing the increase of A Schools and decrease of D and F schools, the Board will be working collaboratively with the Department of Education, the field and educational stakeholders to ensure resources are available to those schools who need assistance in school improvement. Furthermore, by utilizing the accountability system to determine need and recognizing success, the field will be able to collaborate with one another of similar demographics to implement best practices.

Because of school closures, and the move to online learning, the Board will study the impact of learning loss and potential educational gaps as it pertains to Move on When Reading and the pathways to meeting the Achieve 60 Initiative goals for postsecondary attainment. The Board will continue to work with stakeholders to develop new pathways for industry certification and recognizing that this may involve statutory language that recognizes student success in Career and Technical Education through a diploma seal. As the COVID-19 crisis continues, research on reading proficiency data and trends will continue to determine impact of reading levels for third grade students. The Board will engage in discussions and policy recommendations to drive outcomes to meet the statewide literacy expectation of 72% by 2030 for third grade students.

Issue 3 Educator Oversight and Discipline**Description** To prioritize the safety and well-being of students, by keeping disciplined educators out of the classroom**Solutions:**

Because of administrative changes, the State Board of Education (Board) was able to increase the number of adjudicated cases from 123 in the 2018-2019 school year, to 210 in the 2019-2020 school year. The Board anticipates the increase in adjudicated cases to continue, as it implements additional administrative changes. The Board is also taking steps to shorten the wait time on administrative hearings through the Board's Professional Practices Advisory Committee (PPAC), to hit the goal of adjudicating a case within 90 days of receipt.

Since 2012, out of 919 cases, 38.6 percent of cases adjudicated by the Board were sexual/inappropriate in nature. After meeting with stakeholders, the Board determined significant loopholes existed that allow an educator to elude administrative action, thus allowing an educator to teach at multiple schools and potentially impact multiple students within a career.

The Board was able to close many of these loopholes administratively, while running legislation last year to close the last loophole: noncertified educators. The Board will continue to run this legislation and monitor educator discipline data to drive field awareness, field training, and student safety.

DEPARTMENT OF EDUCATION

Kathy Hoffman, Superintendent of Public Instruction
Phone: (602) 364-1972
A.R.S. Title 15 et seq.

Mission:

To serve Arizona's education community, and actively engage parents, to ensure every child has access to an excellent education.

Description:

The Department of Education is administered by the Superintendent of Public Instruction, an elected position. The Superintendent leads the Department of Education in implementation of education laws and regulations. The Superintendent supports direct services to 236 locally governed school districts, including 14 career and technical education districts and eight accommodation districts. The Superintendent, in conjunction with the State Board for Charter Schools, oversees 569 charter school sites (as of August 2020). The Department executes education laws and regulations through evaluation, training, school improvement assistance, dissemination of information, and administration and allocation of funds. The Department also serves as the primary source for information on the status and needs of the public school system.

5 Year Plan

Issue 1 Student Equity and Achievement

Description Engaging and empowering the students of Arizona to reach their full potential and providing opportunities for equitable academic and social outcomes so all students have access to multiple pathways to achieve life-long success.

Solutions:

1. Provide targeted support to schools for improving outcomes for special populations
2. Develop and promote comprehensive teaching and learning frameworks
3. Develop and foster community partnerships to support the success of all Arizona students, particularly our most vulnerable student populations
4. Maintain rigorous Arizona academic standards
5. Support student readiness for college and career
6. Develop effective models and frameworks for research-based language immersion

Issue 2 Educator Recruitment and Retention

Description Inadequate retention and recruitment of teachers and other professionals providing specialized student supports, such as school counselors, has led to a staffing shortage in schools. Highly effective teachers in the classroom are the biggest predictor of student success. Arizona must elevate the teaching profession and foster a robust, diverse, statewide teaching profession where educators can grow and thrive professionally and personally.

Solutions:

1. Increase funding for recruitment and retention
2. Facilitate strategies to positively impact the recruitment and retention of diverse educators
3. Ensure education professionals enter the workforce with appropriate resources and preparation, which includes culturally responsive and social-emotional training
4. Strengthen beginning teacher inductive and mentoring programs
5. Provide teacher leadership opportunities
6. Provide effective and aligned professional learning and technical assistance

Issue 3 School Safety, Health and Wellness

Description Integral to every child's education is their social-emotional wellbeing, of which health and safety have a primary role. Schools need resources and information to sustain respectful, safe, healthy and inclusive environments for students, families, and educators.

Solutions:

1. Promote an evidence-based multidisciplinary team approach to multi-tiered systems of support that promote comprehensive school mental health initiatives in all schools
2. Develop and support implementation of policies and guidance based on recommendations from the Superintendent's School Safety Taskforce and Social Wellness Committee
3. Support the components of the Whole School, Whole Community, Whole Child model that includes physical activity, nutrition and chronic disease
4. Support implementation of the Social Emotional Learning competencies
5. Support implementation of Health Standards and competencies
6. Engage in cross-agency collaboration to support recruitment of mental health professionals in schools
7. Support and promote access to nutritious meals and supplements through USDA Child Nutrition Programs

Issue 4 Serving Arizona's School Community through the Pandemic and Beyond

Description ADE serves Arizona by supporting schools with targeted assistance and data-driven best practices to maximize student achievement. By providing the best service possible to our school communities and working collaboratively with other agency partners, ADE contributes to a well-functioning system that ultimately supports students, families and communities.

Solutions:

1. Provide internal leadership and staff development
2. Maintain focus on effective constituent services
3. Effectively utilize Agency funding to support students, teachers, leaders, families, and communities
4. Create partnerships and provide guidance and support for implementation of pandemic resilient teaching and learning
5. Provide access to research-based strategies and supports to accelerate student learning

Issue 5 Data Governance & Information Technology

Description Provide the public with transparent, reliable data and accurate information.

Solutions:

1. Provide clear, transparent, and reliable data to the public
2. Modernize technology systems for collecting and reporting data, grants management, and school finance
3. Facilitate collection of valid and reliable accountability data through data literacy training and technical assistance
4. Protect student privacy through implementation of best practices in data governance

OFFICE OF THE SUPERINTENDENT

Kathy Hoffman, Superintendent of Public Instruction
 Phone: (602) 364-1972
 A.R.S. § Title 15 et seq.

Mission:

To serve Arizona’s education community, and actively engage parents, to ensure every child has access to an excellent education.

Description:

Policy Development and Government Relations:

The Policy and Government Relations Office is focused on representing the Superintendent of Public Instruction and the department to all levels of local, state, and federal government. Policy and Government Relations keeps policymakers informed of the Department’s perspective on issues affecting K-12 education, while keeping internal customers informed of what changes are necessary to comply with state or federal policy changes. Policy and Government Relations also develops and disseminates guidance and technical assistance to the department’s external customers as necessary.

Office of Communications:

The Communications Office oversees the Department’s internal and external communications, works closely with the Policy and Government Relations team to message the Department’s policy and program objectives, and assists the Superintendent’s office with scheduling and staffing. To accomplish its objectives, the Communications Office emphasizes and facilitates highly effective communication, collaboration, and a commitment to excellence in all the Department does.

Satish Pattisapu, Chief Information Officer
 Phone: (602) 542-1562
 A.R.S. § 15-251-15-272, P.L. 107-110

Mission:

To provide information technology application development, as well as consulting services for integration of off-the-shelf services or custom development, while ensuring network and operations capability in order to exceed the expectations of both internal and external education stakeholders.

Description:

Information Technology (IT) is a subprogram of the Arizona Department of Education that manages the agency's overall technology management initiatives. Through working with all business units' subject matter experts and leadership, the subprogram focuses on internal and external education stakeholder needs and requirements. This subprogram implements established guidelines to ensure data quality and maximize technology resource utilization. The primary activities that IT supports include assisting stakeholders with data collection, data use, data security, data storage, data integration, and reporting. IT offers technical assistance to enable all of Arizona's educational stakeholders to effectively utilize ADE's offered technology services and information and recommends policy changes and additions based on best-in-class technology. Staff collaborate with strategic partners to provide timely technology tools needed to support reporting and decision-making by all education stakeholders (educators, the Arizona legislature, the state government, the federal government, business groups, researchers, parents, etc.), while also providing development and support for the implementation of the Arizona Education Learning and Accountability System (AELAS).

RESEARCH AND EVALUATION	
Wendy Davy, Chief Accountability Officer	
Phone: (602) 364-1983	
A.R.S. § 15-743, 15-746, P.L. 107-110	

Mission:

To serve the Arizona Department of Education and Arizona’s education system by providing reliable/valid research, and implementation of state and federal accountability of Arizona’s students, public schools and LEAs.

Description:

The ADE Accountability and Research team is responsible for measuring the growth in quality of Arizona schools and districts by producing timely and reliable accountability determinations as required by state and federal law and providing support services to the Agency in the areas of research, and data reporting that are aligned with the strategic objectives and mission of ADE divisions and the Agency. The section works closely with Assessments, Data Governance, School Improvement and the State Board of Education in order to accurately label schools in a fair and systematic manner. Staff support schools, districts, and other stakeholders to refine the system as well as utilize data in an appropriate and effective manner.

Accountability services are provided primarily to the State Board of Education who oversees the state accountability system. Accountability staff responds to data questions and provides impact data to the Board. They work closely with the field and IT to ensure data quality and accuracy. This subprogram is also responsible for implementing the state and federal accountability system delivering data, letter grades, and federal determinations to districts and schools through secure web-based applications and reports. Accountability additionally creates and produces data for state and school report cards.

Research services are provided at the request of other Agency programs and include project design, strategies and technical aspects of data collection, primary and secondary data analyses, literature and policy reviews, interpretation of findings, and implementation of findings into practice. Accountability and Research is also primarily responsible for producing publicly available data sets that meet state and Federal privacy laws.

◆ **Goal 1** To issue on time, valid and reliable evaluations of school and student performance as required by State and Federal statutes.

HEALTH AND NUTRITION SERVICES

Melissa Conner, Associate Superintendent

Phone: (602) 542-8709

Nat. School Lunch and Child Nutrition Acts, P.L. 108-265

Mission:

To ensure our customers receive the maximum benefits from all the programs we administer.

Description:

The Health and Nutrition subprogram provides technical assistance to support and improve the health environment of schools, daycare centers and homes, cash assistance, and donated foods to serve nutritionally adequate meals to children in schools, preschools, daycare centers, and homes. Over two-thirds of the children served are low income, based on free and reduced-income eligibility status. The free and reduced status is based on the federal poverty guidelines and is an indicator of a child's at-risk status. Training, technical assistance, and compliance reviews are conducted to ensure health and nutrition integrity and fiscal accountability as prescribed by the United States Department of Agriculture.

The Health and Nutrition subprogram includes various health programs, and the meals served in these programs are planned to meet the U.S. Dietary Guidelines for Americans. These guidelines provide advice about food choices that promote health and prevent disease, encouraging an increased intake of fruits, vegetables and grains, while limiting fat, salt, and sugar. These programs include: the National School Lunch Program, the After School Snack Program, the School Breakfast Program, the Child and Adult Care Food Program, the Summer Food Service Program, the Food Distribution Program, the Special Milk Program, the Fresh Fruit and Vegetable Program, and School Health Programs.

Explanation: *The score of 4.09 for FY19 was an expected result due to a change in the scale for the survey question in line with evaluation standards, based on the advice of an evaluation expert. Previously, the scale listed three positive choices and two negative choices that did not allow for a neutral response, which can force a false positive. Currently, the program views responses in percentages. This year's response to the survey question was 81.7%. Next year, the program anticipates an 84% positive response to the same question.

SCHOOL FINANCE

Lyle Friesen, Associate Superintendent

Phone: (602) 542-8250

A.R.S. § 15-185, 15-901-917, 15-941-15-1033, 37-521

Mission:

To distribute state aid for the education of students in preschool (with disability), kindergarten, and grades one through twelve, monitor compliance with statutory expenditure limitations, and provide prompt customer service while collecting and analyzing data required for the distribution of state aid.

Description:

School Finance disburses equalization assistance (Basic State Aid) to school districts and charter schools pursuant to a statutory formula, which requires the first portions of school district funding to be generated by a local property tax levy and a state equalization assistance property tax levy (levied by the counties). The equalization formula is designed to provide equitable per-pupil funding among school districts and charter schools for maintenance and operation and certain capital needs. Equalization assistance is based on the school district's or charter school's student count (Average Daily Membership) and funding levels set in statute.

School Finance collects student level data, which becomes the basis for payment of state aid and other monies. This data is also used by numerous other areas within the Department of Education. In addition to student data, transportation and employee data is collected. Assistance is provided to districts and charters to ensure accurate data is available for payment and budget analysis purposes.

School Finance also disburses other special formula funding for the following programs: (1) Additional State Aid (Homeowner's Rebate Program); (2) Assistance to School Districts (education of children whose parents or legal guardians are employed by certain state institutions); (3) Certificate of Educational Convenience (education of children who reside in areas of the state which are not included within an organized school district); (4) Residential and Institutional Vouchers; (5) County Jails and Detention Centers; (6) Juvenile Corrections and Adult Corrections; (7) Classroom Site Fund (additional funds for teacher compensation and other specified purposes); (8) Instructional Improvement Fund (also additional funds for teacher compensation and other specified purposes); and (9) County Small Schools Service Program; (10) Proposition 123; (11) Result Based Funding; (12) Unorganized Territory.

School district compliance with statutory expenditure limitations is determined for each school district based on each district's adopted budget. Monthly updates are provided throughout the year. Final compliance testing is performed after the close of the fiscal year, upon the submission of school districts' Annual Financial Reports.

Further, School Finance collects data to meet the reporting requirements for the National Public Education Finance Survey (NPEFS) and the federal Common Core of Data, fiscal (revenues and expenditure) and non-fiscal (student counts). Data submitted is the basis for determining Arizona's Title I monies, and is used in numerous studies and reports. In addition, School Finance provides education related data to other governmental agencies and taxpayers as requested and/or required.

A.R.S. § 15-531-15-551, 15-704, 15-919-15-920, P.L. 107-110

Mission:

To promote the development and the implementation of quality education for all learners by providing quality services and resources to schools, parent groups, parents and guardians, government agencies, and community groups, to enable them to achieve their goals.

Description:

The Highly Effective Schools (HES) Division, consisting of programmatic overview of Exceptional Student Services (ESS)/IDEA Dispute Resolution (DR), Adult Education Services (AES), Nita M. Lowey 21st Century Community Learning Centers (21CCLC), as well as operational management of Empowerment Scholarship Accounts (ESA) provides funding, technical assistance, and resource coordination to local education agencies and public/private organizations in their administration of preschool through adult programs including before and after school programming and summer programming and funding Empowerment Scholarships outside of the K-12 system. HES also provides development opportunities to teachers and administrative professionals and supports local efforts focused on parental and community involvement.

The HES Division is responsible for:

1. Exceptional Student Services (ESS)/IDEA Dispute Resolution (DR): Serves children with disabilities between the ages of 3 years and 22 years; ensuring that public education agencies in Arizona have special education programs, policies, and procedures that comply with the federal Individuals with Disabilities Education Act (IDEA) and its implementing regulations, and that eligible children and youth with disabilities receive a free appropriate public education (FAPE). Providing professional learning opportunities, providing technical assistance to schools, supporting the needs of families of students with disabilities, monitoring schools for compliance with the regulations that implement the IDEA, and administration of the IDEA Consolidated Entitlement grant (IDEA B 611/619 funds). In addition, DR offers districts and parents access to procedural safeguards under the IDEA and provide alternative dispute processes to resolve disagreements between districts and parents.
2. Nita M. Lowey 21st Century Community Learning Centers (21CCLC): Serving children whose economic, cultural, or intellectual situations create the need for additional school extension opportunities offered through school day extension programs that support academic achievement, family engagement and social/emotional growth.
3. Adult Education Services (AES): Serving Arizona's education community by ensuring adult learners, 16 years of age and older who are not enrolled in a K-12 school, have quality educational opportunities to support employment, job training and higher education aspirations. These services are an integral component of Arizona's statewide workforce system and enable adult learners to acquire the knowledge, skills and credentials necessary for effective participation in society. This is critical in order to grow and develop a skilled workforce to benefit employers and build thriving communities.
4. Empowerment Scholarship Accounts (ESA) Providing the opportunity to qualifying Arizona students under the direction of the Arizona State Legislature and funded by tax payer dollars, the Department administers the ESA program to provide educational opportunities for students with disabilities, or who otherwise qualify under state statute. Since the program was created by the legislative process, state law governs and houses its rules and regulations.

This Program Contains the following Subprograms:

- ▶ Exceptional Student Services
- ▶ School Improvement and Intervention
- ▶ Career and Technical Education

Mission:

To improve Local Education Agencies (LEAs) and school systems in order to significantly increase and sustain quality outcomes for Arizona students.

Description:

Support and Innovation (SI) provides innovative support and intervention services to LEAs and schools to dramatically improve outcomes for all students. SI provides leadership and evidence based technical support to close achievement and opportunity gaps for underserved students, and focus on system transformation to improve outcomes for all students, as required by State and Federal Accountability Systems. Through a tiered system of supports, SI employs evidence based decision-making to provide actionable data to inform the iterative process of continuous improvement planning increasing student achievement. SI's system of support emphasizes building the capacity of the LEAs/Charter Holders and site leadership to support the continuous improvement cycle. SI provides ELEVATE, an Executive Leadership Development Program as well as Multi-Tiered Systems of Support Professional Learning program for LEA and school teams. In addition SI provides Comprehensive Needs Assessment, root cause analyses and Integrated Action Planning trainings, guidance, support and monitoring, other professional development based on identified needs, onsite visits, desktop monitoring, programmatic progress monitoring and evaluation, fiscal monitoring, and compliance monitoring.

CAREER AND TECHNICAL EDUCATION

Cathie Raymond, Deputy Associate Superintendent/State Director

Phone: (602) 364-2211

A.R.S. § 15-781-15-790, P.L. 109-270

Mission:

To engage Arizona learners in relevant experiences leading to purposeful and economically viable careers.

Description:

The Career and Technical Education (CTE) subprogram at the Arizona Department of Education oversees all State and Federal funding specifically earmarked for all secondary and postsecondary CTE programs designed to prepare individuals for postsecondary education and transition to employment in current or emerging careers. This subprogram directs and is responsible for the quality of all CTE programs under secondary and postsecondary districts and all CTE programs under Career Technical Education Districts (CTED). This includes oversight of over \$28.6 million of Federal Carl Perkins funds and \$11.6 million of State Block Grant funding. The subprogram is responsible for assuring quality and compliance with all associated Federal and State legislation for CTE funding, including budgeting and directing funds to specific programs, providing reports to Federal and State entities, collecting, analyzing and reporting related data, including performance measures, and establishing fiscal accountability for funds.

The CTE subprogram is also responsible for directing the development and approval of quality CTE programs in 56 program career areas leading to placement of students in postsecondary education and/or into employment. The subprogram directs development of industry validated technical standards which not only meets occupational needs and employability skills but also focuses on related academic skills and standards. The subprogram oversees the development of end-of-program assessments and maintains the assessment management system. Leadership is provided for curriculum, assessment development, dissemination of materials and professional development opportunities, including pedagogy, and articulation of secondary to postsecondary education.

The CTE subprogram directs CTE research and assessment, which supports the need for specific programs, based on Arizona labor market information identifying occupations with high wage, high skill or in demand, and collects, reports and analyzes data for districts and other entities to provide accurate information and industry evaluation for continuous improvement of CTE programs. The CTE subprogram also supports implementation of new and emerging programs such as those in the Science, Technology, Engineering and Math (STEM) cluster, and the Bioscience areas, based on research in Arizona services workforce strategy by Battelle. The subprogram works with stakeholder groups to establish partnerships with business and industry and workforce development agencies to ensure the CTE programs are preparing students to be college and career ready by having the professional employability skills, technical skills and industry recognized certifications needed for careers leading to economic independence. The subprogram gives direction to identification of priorities, such as specific occupations or work-based learning, to align with labor market and business and industry needs into the future.

The subprogram oversees and conducts all Federal compliance reviews for CTE programs through Office for Civil Rights. The seven co-curricular CTE student organizations, FFA, FCCLA, Educators Rising Arizona, FBLA, DECA, HOSA and SkillsUSA, also function under this subprogram to provide students with leadership development and community service skills. Technical assistance in implementation and continuous improvement of quality CTE programs including the previously described initiatives is provided to all secondary and postsecondary districts offering approved CTE programs.

A.R.S. § 15-531-15-551, 15-919-15-920, P.L. 107-110

Mission:

To promote attainment of high academic achievement for all students through implementation of valid and reliable assessments and accurate measurement of school and student performance.

Description:

The Assessment program focuses on improving student achievement through development and administration of valid and reliable assessments and report academic outcomes in order to make informed decisions about students, classroom practice, schools, and districts in Arizona.

The Accountability Section measures performance and quality of Arizona schools, as required by State and/or Federal laws. The section works closely with School Finance, IT, Assessments, and the State Board of Education, in order to accurately label schools in a fair, transparent, and systematic manner. Accountability staff support schools, districts, and other stakeholders through appropriate and effectively reporting student outcome data for over 1 million students enrolled in almost 2000 charter and district schools throughout Arizona.

The purpose of Title I-Improving the Academic Achievement of the Disadvantaged of the Every Student Succeeds Act (ESSA) is to “provide all children significant opportunity to receive a fair, equitable, and high-quality education and to close educational achievement gaps”. Title I provides technical assistance, service and support to local educational agencies (LEAs) and schools to help ensure every child has access to an excellent education.

Effective Teachers and Leaders (Title II-A) is responsible for increasing student academic achievement through strategies to: improve the quality and effectiveness of teachers, principals, and other school leaders; increase the number of teachers, principals, and other school leaders who are effective in improving student academic achievement in schools; and provide low-income and minority students greater access to effective teachers, principals, and other school leaders. Effective Teachers and Leaders staff work closely with Local Educational Agencies (LEAs) to provide guidance, strategies, and resources to:

- Improve the effectiveness of teachers and leaders
- Achieve equitable access to effective teachers
- Support targeted professional development based on identified needs
- Assist with the implementation of the Arizona Framework for Measuring Educator Effectiveness

Title IV-A Student Support and Academic Enrichment (SSAE) is to improve students’ academic achievement by increasing the capacity of States, local educational agencies, schools, and local communities to provide all students with access to a well-rounded education; including Arts Education, improve school conditions for student learning, and improve the use of technology in order to improve the academic achievement and digital literacy of all students.

Support and Innovation seeks to improve LEA and school systems in order to significantly increase and sustain quality outcomes for Arizona students. The unit drives academic reform, promoting systemic change through on-site visits and desktop supports to LEAs and schools as well as a variety of professional learning opportunities. Support and Innovation actualizes systemic change in LEAs and schools by supporting the creation and sustaining of a culture of learning; planning and implementing of evidence-based Integrated Action Plans based on a comprehensive needs assessment and root cause analysis; growth of bold, turnaround leaders who significantly influence student learning, as well as, other aspects of school conditions; an instructional focus with processes and supports for teacher collaboration to constantly improve and refine standards-based, evidence based instructional and assessment practices; and data driven decision making with consistent processes for using data in all decisions as well as to measure both program implementation and student outcomes.

The Certification Unit at the Arizona Department of Education provides services to educators to assist them in obtaining and maintaining their Arizona Educator Certification. Educators are certified in a myriad of areas which include Early Childhood, Elementary, Secondary, CTE, STEM, Arts, Physical Education, Administration, Special Education, Adult Education and others as well as adding approved content areas and endorsements. The unit also assists out-of-state educators in obtaining Arizona Certification as well as supports Human

Resource departments through staff training and facilitating on-site certification events to meet the needs of their educators.

A.R.S. § 15-531-15-551, 15-919-15-920, P.L. 107-110

Mission:

To improve student achievement in public education through high quality professional learning, educator certification, credentialing, and evaluation systems that support effective teachers and administrators.

Description:

The Educator Excellence Section, within the Student Achievement and Educator Excellence Division consists of the following units: Effective Teachers and Leaders and Certification.

The Effective Teachers and Leaders unit is responsible for overseeing the implementation of ESSA federal legislation for achieving the goal of having an effective teacher in every classroom, achieving equitable access to effective teachers, working collaboratively with stakeholders and Institutions of Higher Education to design and implement a rigorous professional preparation program approval process and rigorous educator assessments based on the AZ professional educator standards, providing guidance/technical assistance to LEAs while reviewing and approving Title II-A grant applications and revisions, assisting LEAs with meeting federal and state requirements for principal and teacher evaluation, and overseeing pay for performance initiatives.

Additionally, the unit oversees and administers the Teacher Professional Development Scholarship to certified teachers in the state to be utilized to gain additional credentials and certifications to teach in math, science, technology, engineering, and career and technical education. Each \$2000 scholarship is designed to increase the teaching pool for these high-need content areas.

The Certification unit certifies teachers, administrators, speech language pathologists, speech language technicians, school psychologists, and guidance counselors. The unit provides technical assistance regarding certification statutes and state board rules to the field in the form of on-site visits, phone calls, counter service and e-mails. The Certification unit also implements new certification rules that have been created through legislation and State Board rule.

Explanation: ** The average processing time for certification evaluative services prior to COVID-19 and the move to telecommuting was 8.9 days from receipt to issuance. During the month of March we began the process of developing telecommuting capabilities, this led to a complete shift to how applications were received and processed. During the change and implementation of new processes to support remote work, our capacity was limited to processing applications via telecommuting to those applications that were received online. In a short time, systems were developed that allowed the team to begin processing applications received via mail while telecommuting. However, during the initial development of our new systems, a backlog of receipting paper applications was created. With the change to telecommuting and the implementation of new systems and processing, this has increased our average processing time from receipting to issuance from an average of 8.9 days to 13.8 days for this time period. Systems have been put in place and adjusted, we expect future processing of evaluation services to return to an average of around 10 days during the October through May time frame.

K-12 ACADEMIC STANDARDS

Sean Ross, Deputy Associate Superintendent
Phone: (602) 542-5342
A.R.S. § 15-704, P.L. 107-110

Mission:

To provide Arizona's educators with professional learning opportunities and resources that support best practices for standards-based teaching and learning for all students.

Description:

The K-12 Academic Standards section provides leadership in the development of the state's academic standards as well as support and provide assistance to schools in implementing the standards as adopted by the Arizona State Board of Education. We currently provide support for the following academic standards:

- Computer Science
- English Language Arts
- Educational Technology
- Mathematics
- Science
- Social Studies
- World and Native Languages

ADE-sponsored professional development and technical assistance in implementing Arizona's content standards are offered regularly for school/district teams, curriculum consortiums, and various stakeholder groups throughout the state to ensure that all teachers and administrators have the necessary skills and knowledge to teach Arizona's standards effectively. In addition to academic standards, our section also provides leadership in the implementation of the following programs and initiatives:

- Move on When Reading (MOWR)
- The Early Literacy Grant
- The Excellence in Civic Engagement Program
- The Seal of Biliteracy
- The Rural STEM Grant Program Fund
- The Balanced Assessment Framework
- Formative Assessment and Instruction
- Presidential Awards for Excellence in Mathematics and Science Teaching
- Student-Teacher Course Catalog Assistance
- The Seal of Personal Finance
- The Seal of Civic Literacy
- The American Civics Education Pilot Program
- The Computer Science Professional Development Program Fund
- Social and Emotional Learning Initiatives & Integration

The K-12 Academic Standards section also administers the State Tutoring fund, which represents the program available to all pupils in a school assigned a letter grade of D or F.

Explanation: *To support educators working with these children, the Early Childhood unit is focusing on bringing professional development and technical assistance to the field. This will be done by increasing awareness of positive social emotional teaching strategies through our early learning standard modules and having a social emotional summit for all early childhood educators in December of 2019. **Early Childhood was split between two units and is in the process of developing new measures.					
Percentage of preschool children in special education who met age level expectations in physical development at the end of the school year.	79.2*	80	**	80	80
Explanation: *To support meeting this goal, the early childhood unit will provide more support to educators around the verbiage in the tool measuring. For example, the tool measures how children move with balance. When it comes to children that are physical impaired we noticed teachers don't access this by marking a "Not Yet" for this child, when in fact, that child could sit with balance or reach with balance. We could do this by creating a physical development and GOLD training. **Early Childhood was split between two units and is in the process of developing new measures.

Explanation: *The early childhood unit is working on achieving this goal by providing our early learning standard module for language and literacy more intentionally across our state. It is going to be held regionally throughout our state so more educators can get face to face technical assistance on how to implement more intentional language teaching strategies to preschool students with disabilities. In addition to that, the early childhood unit will intentionally plan a Language track of breakout sessions at all of our conferences this year.

Subprogram Summary

TITLE III - OELAS

Melissa Castillo, Deputy Associate Superintendent

Phone: (602) 542-9689

A.R.S. § 15-241, 15-751-756.01-.13, 15-910, 41-1279.03, P.L. 107-110

Mission:

To be a critical partner invested in English learner, Foster, Homeless, and Migrant student success, using expertise and the cumulative experience of the practitioners in Arizona to guide LEAs, teachers, and families in compliant and effective ways to support the high achievement of all students.

Description:

The Office of English Language Acquisition Services (OELAS) was formally established on September 21, 2006, pursuant to A.R.S 15-756.07. This subprogram is authorized under the federal Every Student Succeeds Act of 2015 (ESSA) and the federal Civil Rights Act to provide technical assistance to local educational agencies for their English Language Learner (ELL) students. In addition, pursuant to A.R.S. § 15-751 through A.R.S. § 15-756.01, each school with enrolled ELL students must provide programs that allow these students to develop their skills in the English language and to give them the opportunity to meet Arizona Academic Standards.

The assistance the subprogram provides to LEAs consists of the following: (1) Providing notification to local educational agencies of their requirements/responsibilities for compliance under federal and state statutes; (2) Providing notification to local educational agencies of their requirements/responsibilities in regards to Arizona Department of Education policy and as described under the Flores lawsuit; (3) Providing methods/technical assistance to local education agencies for identifying, assessing, reassessing, reclassifying, and reporting on ELL students; (4) Providing information, materials, resources, and strategies for Structured English Language Immersion models; and (5) Providing professional development opportunities for teachers and administrators to ensure ELL student attainment of English language proficiency and academic achievement through the use of Structured English Language Immersion (SEI) models, Title III funding, and providing technical assistance for SEI budget calculation and submission; (6) Review and approve continuous improvement plans in ALEAT to ensure required Title III components have been addressed; (7) Review and recommend for Arizona State Board approval of SEI Endorsement Coursework.

Migrant Education:

The Migrant Education Program is a federally funded, state-operated program under the Elementary and secondary Education Act (ESEA) that provides supplemental program services to the children, ages 3 through 21, of seasonal or temporary agricultural workers. In Arizona, the program delivers services primarily through local educational agencies (LEAS) that design programs to meet the unserved needs of children residing in their area. To facilitate broader services, some provisions are delivered through statewide models which, in particular, are designed to meet the credit accrual and informational needs for students.

Homeless Education:

The Homeless Education program serves children whose cultural or economic situation challenges the educational system by ensuring homeless children and youth have access to a free, appropriate public education, comparable to that provided to the children of any Arizona resident and consistent with Arizona's mandatory school attendance laws.

ACCOUNTABILITY AND ASSESSMENT

Kelly Koenig, Associate Superintendent

Phone: (602) 364-2811

A.R.S. § 15-241, 15-741-15-747, 15-809, P.L. 107-110

Mission:

To promote attainment of high academic achievement for all students through implementation of valid and reliable assessments and accurate measurement of school and student performance.

Description:

The Assessment program focuses on improving student achievement through development and administration of valid and reliable assessments and report academic outcomes in order to make informed decisions about students, classroom practice, schools, and districts in Arizona.

The Accountability Section measures performance and quality of Arizona schools, as required by State and/or Federal laws. The section works closely with School Finance, IT, Assessments, and the State Board of Education, in order to accurately label schools in a fair, transparent, and systematic manner. Accountability staff support schools, districts, and other stakeholders through appropriate and effectively reporting student outcome data for over 1 million students enrolled in almost 2000 charter and district schools throughout Arizona.

The purpose of Title I-Improving the Academic Achievement of the Disadvantaged of the Every Student Succeeds Act (ESSA) is to “provide all children significant opportunity to receive a fair, equitable, and high-quality education and to close educational achievement gaps”. Title I provides technical assistance, service and support to local educational agencies (LEAs) and schools to help ensure every child has access to an excellent education.

Effective Teachers and Leaders (Title II-A) is responsible for increasing student academic achievement through strategies to: improve the quality and effectiveness of teachers, principals, and other school leaders; increase the number of teachers, principals, and other school leaders who are effective in improving student academic achievement in schools; and provide low-income and minority students greater access to effective teachers, principals, and other school leaders. Effective Teachers and Leaders staff work closely with Local Educational Agencies (LEAs) to provide guidance, strategies, and resources to:

- Improve the effectiveness of teachers and leaders
- Achieve equitable access to effective teachers
- Support targeted professional development based on identified needs
- Assist with the implementation of the Arizona Framework for Measuring Educator Effectiveness

Title IV-A Student Support and Academic Enrichment (SSAE) is to improve students’ academic achievement by increasing the capacity of States, local educational agencies, schools, and local communities to provide all students with access to a well-rounded education; including Arts Education, improve school conditions for student learning, and improve the use of technology in order to improve the academic achievement and digital literacy of all students.

Support and Innovation seeks to improve LEA and school systems in order to significantly increase and sustain quality outcomes for Arizona students. The unit drives academic reform, promoting systemic change through on-site visits and desktop supports to LEAs and schools as well as a variety of professional learning opportunities. Support and Innovation actualizes systemic change in LEAs and schools by supporting the creation and sustaining of a culture of learning; planning and implementing of evidence-based Integrated Action Plans based on a comprehensive needs assessment and root cause analysis; growth of bold, turnaround leaders who significantly influence student learning, as well as, other aspects of school conditions; an instructional focus with processes and supports for teacher collaboration to constantly improve and refine standards-based, evidence based instructional and assessment practices; and data driven decision making with consistent processes for using data in all decisions as well as to measure both program implementation and student outcomes.

The Certification Unit at the Arizona Department of Education provides services to educators to assist them in obtaining and maintaining their Arizona Educator Certification. Educators are certified in a myriad of areas which include Early Childhood, Elementary, Secondary, CTE, STEM, Arts, Physical Education, Administration, Special Education, Adult Education and others as well as adding approved content areas and endorsements. The unit also assists out-of-state educators in obtaining Arizona Certification as well as supports Human

Resource departments through staff training and facilitating on-site certification events to meet the needs of their educators.

Audra Ahumada, Deputy Associate Superintendent
 Phone: (602) 542-5450
 A.R.S. § 15-741 - 15-742, P. L. 107-110

Mission:

To develop and administer valid and reliable student assessments aligned to adopted State standards.

Description:

The Assessment Section develops, administers, and provides score reports for statewide assessments that meet both state and federal statutory requirements for student assessment. The assessments are developed in collaboration with Arizona educators, following nationally accepted scientific-based methods to produce valid and reliable assessments. The Assessment Section also creates support materials to help educators, parents, and students understand and prepare for these statewide assessments. The Assessment Section is responsible for:

- AzMERIT and AIMS Science which are statewide academic assessments that measure student proficiency of the Arizona content standards.
- MSAA and AIMS A Science which are statewide academic assessments for students with significant cognitive disabilities.
- AZELLA which measures English language proficiency of students identified as second language learners and determines placement for appropriate instruction.
- Menu of Assessments which are selected by LEAs and are administered to students in Grade 11 (Cohort 2021).

In addition, the Assessment Section supports the administration of National Assessment of Educational Progress (NAEP) and the international assessments PIRLS, PISA, and TIMSS. These assessments are given to small samples of Arizona students.

The Assessment Section collaborates closely with numerous other sections within ADE: Accountability, K-12 Standards, Office of English Language Acquisition Services (OELAS), Exceptional Student Services (ESS), and Informational Technology (IT).

Sheryl Hart, Deputy Associate Superintendent
 Phone: (602) 364-2707
 A.R.S. § 15-234, 15-702, P.L. 105-220

Mission:

To serve Arizona’s education community by ensuring adult learners have access to education that prepares them for success in college, career, and life.

Description:

To serve Arizona’s education community by ensuring adult learners have access to education that prepares them for success in college, career, and life.

Description: The Adult Education subprogram provides adult learners who are at least 16 years of age, legally present in the United States, and not currently enrolled in the public K-12 school system, access to quality educational opportunities that will support them in their employment, job training, and higher education aspirations. This subprogram also assists adult learners in acquiring the knowledge and skills necessary for effective participation in society.

Adult Education, one of four core programs authorized under the Workforce Innovation & Opportunity Act (WIOA), coordinates with Workforce Development, Employment Services, and Vocational Rehabilitation Services to provide learner-centered instruction below post-secondary levels to adult learners in one or more of the following areas: 1) English Language Acquisition, 2) Adult Basic Education, 3) Adult Secondary Education, including preparation for testing to obtain a High School Equivalency diploma, 4) Civics engagement, 5) Workforce preparation skills, and 6) Digital literacy skills.

Vision: The nation’s premier agency capable of responding to local, state and federal missions.

Mission: Provide military and emergency management capabilities to the citizens of Arizona and the nation.

Agency Description: The Arizona Department of Emergency and Military Affairs (DEMA) is administered and controlled by the Governor and headed by the Adjutant General of Arizona as Military Chief of Staff and agency Director.

The Department consists of the Army National Guard, Air National Guard, Joint Task Force-AZ, Division of Emergency Management, and Division of Administrative Services. Collectively these components provide military and emergency management capabilities and services to the citizens of Arizona in three distinct levels: community, state, and federal.

These components utilize state and federal resources to perform homeland defense and emergency management activities to protect the citizens of Arizona, provide trained military units in support of civil authorities for domestic emergencies, and support federal combatant commanders for national defense and homeland security missions.

Executive Summary: DEMA is the only state agency directly controlled by the Governor per state constitution and statute. DEMA supports the Governor’s priority of Protecting our Communities by ensuring our Commander-in-Chief has state military forces and emergency management capabilities ready and able to respond at a moment’s notice. DEMA continues to be the proven choice for the warfight, the first choice for homeland response, and the enduring choice for fostering strong partnerships both at home and abroad.

To maintain these capabilities, DEMA’s strategic plan focuses on manning and developing our Army and Air National Guard, sustaining our readiness-generating infrastructure, improving the state’s ability to jointly respond to disaster, and further integrating National Guard capabilities into state government to support the Governor and our public safety partners. Our efforts and desire for growth encompass a commitment to more effectively serve domestic and international missions, as well as increase opportunities for Arizonans to serve their state/country closer to home as a way to strengthen a collective commitment to public service and good citizenship.

The challenges we face in achieving our goals include the struggle to recruit and retain Citizen Soldiers and Airmen in a robust economy with competition for the same talent coming from other entities (federal Armed Forces, other states’ National Guards, and the public and private sectors) which often provide better incentives/benefits than we are currently able to offer. To more effectively man/develop the force, we will need to make progress in additional state investment in infrastructure and human capital.

Summary of Multi-Year Strategic Priorities

#	Five Year Strategy	Start Year	Progress / Successes

EMERGENCY MANAGEMENT

Allen Clark, Director
Phone: (602) 464-6379
A.R.S. § 26-301 et seq.

Mission:

To coordinate emergency services and the efforts of governmental agencies to reduce the impact of disasters on persons and property in Arizona.

Description:

The Division of Emergency Management directs and coordinates a statewide Comprehensive Emergency Management program to minimize personal and property losses from natural and human-caused disasters. This is accomplished through numerous preparedness, response, recovery, and mitigation activities and programs. The Division is organized along functional and statutory lines into three sections: Preparedness, Operations and Coordination, and Grant Administration.

This Program Contains the following Subprograms:

- ▶ Mitigation and Preparedness
- ▶ Response and Recovery

MITIGATION AND PREPAREDNESS

Matt Heckard, Assistant Director
Phone: (602) 464-6308
A.R.S. § 26-305

Mission:

To reduce or eliminate the loss of life and loss of property due to disaster and to prepare state agencies and local emergency management organizations to respond to, recover from, and mitigate disasters through planning, training, and exercise activities.

Description:

The Preparedness element is managed by the Preparedness Section and serves three main functions; technical assistance for the development of state and local emergency operations plans; training for emergency managers, elected officials, and first responders; and exercising the capabilities of state and local government. These activities will increase the overall capability to respond to, recover from, and mitigate disasters and thereby reduce the impact of disasters.

The Mitigation element integrates several funding programs managed by the Grant Administration Section that reduce repetitive losses caused by disaster by managing structural and non-structural projects that eliminate losses. The mitigation group provides technical assistance to political subdivisions to develop mitigation plans, analyze vulnerabilities, and to assess risks to support land use decisions.

RESPONSE AND RECOVERY

Lawrence "Butch" Wise, Assistant Director
 Phone: (602) 464-6350
 A.R.S. § 26-306

Mission:

To coordinate the actions of federal, state and local jurisdictions to respond to and recover from disasters.

Description:

The Operations and Coordination Section, divided into Response, Recovery, and Logistics, is responsible for the timely analysis of natural and human-caused hazards, recovery operations, and regional coordination support during emergency events. Operations and Coordination Section provides real-time awareness and monitoring of incidents and response activities within the State of Arizona and FEMA Region IX, coordinates activities related to recovery operations, and provides regional liaisons to our county partners.

The Grant Administration Section oversees the administration of several state and federal grants the Division receives to enhance emergency management capabilities throughout the state. The grants cover a wide range of activities, including training, exercises, planning, mitigation projects, infrastructure repairs, and emergency response and recovery efforts. As part of the administration of these grants, DEMA offers information, technical assistance, and guidance on the grant processes, as well as develop policy for state-specific application, reporting, and reimbursement policies.

Vision: To be the number one state in the nation in: Balanced, leading-edge environmental protection through technical and operational excellence and radical simplicity for customers and staff.

Mission: To protect and enhance public health and the environment of Arizona.

Agency Description: The Arizona Legislature established the Arizona Department of Environmental Quality (ADEQ) as the state's environmental regulatory agency under the Environmental Quality Act of 1986 to serve as a separate, cabinet-level agency to administer all of Arizona's environmental protection programs. Since then, ADEQ's enduring and vital mission is to protect and enhance public health and the environment of Arizona.

Executive Summary: ADEQ has identified five strategic issues for focus during this fiscal year to deliver tangible outcomes that benefit public health and the environment.

- Sites with Known, Ongoing, Unauthorized Impacts to the environment or public health are in backlog. Our strategy is to continue to attack this inventory with a Backlog Blitz to Accelerate Cleanups.
- Although many successes have been achieved, too many drinking water systems and surface waters are not meeting federal standards. Our strategy is to improve public health and enhance Arizona's unique environment.
- In order to increase State control of Federal environmental programs, ADEQ will work collaboratively with the EPA via Cooperative Federalism 2.0 to support environmentally responsible growth.
- More than 9% of ADEQ staff will be full pension eligible over the next three years. To enable ADEQ to continue to deliver results to our customers and stakeholders, ADEQ will engage our leaders in 21st Century Workforce Planning to recruit, train and retain top environmental talent.
- Environmental issues along the Mexico-United States border create challenges in shared resources of air and water. ADEQ will continue to work with our neighbors in Mexico to implement the Binational Strategic Plan.

Summary of Multi-Year Strategic Priorities

#	Five Year Strategy	Start FY	Progress / Successes
1	Accelerate Cleanups	2018	<ul style="list-style-type: none"> • Reduced the net # of Known, Ongoing, Unauthorized Releases from 107 to 97, total mitigated 198 since FY18. • Reduced the net # of open Leaking Underground Storage Tank sites from 328 to 253, total mitigated 343 since FY17.
2	Enhance Arizona's Unique Environment	2017	<ul style="list-style-type: none"> • Assisted over 3,583 motorists through the voluntary vehicle repair program – eliminating an estimated 50,516 lbs. of ozone precursors since 2017. • Reduced net # drinking water systems not meeting federal standards from 72 to 36. Total mitigated 122 since FY17.
3	Support Environmentally Responsible Economic Growth	2017	<ul style="list-style-type: none"> • myDEQ selected as CIO100 award winner. • Expanded myDEQ number of online services to 80, or 45% of services now online. FACILITY EMISSIONS CONTROL

Daniel Czecholinski, Air Quality Division Director, Acting
 Phone: (602) 771-2300
 A.R.S. §§ 49-401 to 49-593

Mission:

To protect and enhance public health and the environment in Arizona.

Description:

This subprogram supports ADEQ's mission by implementing an air quality permitting, compliance inspection and enforcement programs to address industrial sources of air pollution. The subprogram ensures that facilities get timely environmentally-protective permits so that they can legally commence construction and operation. Additionally, the subprogram ensures that facilities are monitored and held to the terms of applicable state and federal air quality rules.

VEHICLE EMISSIONS CONTROL

Daniel Czecholinski, Air Quality Division Director, Acting
 Phone: (602) 771-2308
 A.R.S. §§ 49-541 to 49-585

Mission:

To protect and enhance public health and the environment in Arizona.

Description:

This subprogram supports ADEQ's mission by overseeing a contract with a private employer that implements a basic and enhanced emissions inspection program in the Tucson and Phoenix areas respectively to reduce emissions of air pollution from vehicles, thereby reducing concentrations of air pollution in these planning areas. This subprogram also issues permits to companies to inspect their own fleets of vehicles, and performs inspections to ensure compliance with all air pollution plans, statutes, rules, permits and the contract; and takes timely and appropriate action to remedy and prevent noncompliance.

EMERGENCY RESPONSE

Laura Malone, Waste Programs Division Director

Phone: (602) 771-2300

A.R.S. § 49-108; Title 49, Chapter 1, Article 2

Mission:

To protect and enhance public health and the environment in Arizona.

Description:

The subprogram provides scientific support to ensure that the health, safety, and the environmental elements of the hazardous materials emergency management program are met. The Emergency Response Team (ERT) responds to environmental emergencies (e.g., highway crashes, oil and gas releases, facility malfunctions, etc.) to minimize and abate the impact these releases can cause to the public and environment. The ERT manages removal actions to protect human health and the environment. This is completed by either funding response actions directly or overseeing actions conducted by potentially responsible parties. Additionally, the ERT performs appropriate sampling for toxic and other harmful effects in areas that have been impacted by a chemical release or toxic fire.

UST AND LEAKING UST

Laura Malone, Waste Programs Division Director
Phone: (602) 771-2300
A.R.S. Title 49, Chapter 6

Mission:

To protect and enhance public health and the environment in Arizona.

Description:

The subprogram assures the proper operation and maintenance of underground storage tank (UST) systems in the state of Arizona and maintains an inventory of these systems. This program is also responsible for overseeing the cleanup of soil and groundwater contamination from leaking underground storage tanks. The program conducts inspections, collects and maintains compliance data and pursues enforcement actions for significant non-compliance. In addition, the subprogram provides outreach and compliance assistance to owners and operators of USTs to keep them aware of current compliance requirements. The subprogram responds to complaints regarding UST sites and fully investigates any potential violations of Arizona's underground storage tank laws.

To protect and enhance public health and the environment in Arizona.

Description:

The Water Quality Program ensures that regulated water systems deliver safe drinking water to customers; develops surface and groundwater quality standards; monitors and assesses the quality of surface and groundwater throughout the state; identifies water pollution problems and prepares plans to address them; regulates discharges to surface water and groundwater from wastewater treatment plants, mining operations, industrial facilities and stormwater through issuance of permits; investigates complaints and violations of Arizona's water quality laws, rules and permits; and works with federal, state and local partnerships within the state's watersheds to maintain and improve water quality.

This Program Contains the following Subprograms:

- ▶ Groundwater Protection
- ▶ Surface Water Protection
- ▶ Surface Water Quality Improvement Planning
- ▶ Safe Drinking Water
- ▶ Water Re-Use

GROUNDWATER PROTECTION

Trevor Baggione, Water Quality Division Director
Phone: (602) 771-2300
A.R.S. §§ 49-201 to 49-391

Mission:

To protect and enhance public health and the environment in Arizona.

Description:

The Groundwater Protection Subprogram protects groundwater which is essential to Arizona's safe drinking water supplies. The Aquifer Protection Permit program is designed to protect groundwater quality in Arizona's aquifers by issuing permits to discharging facilities, conducting compliance inspections of permitted facilities and enforcing permit conditions. This program also registers drywells, reviews engineering design plans and issues construction approvals for on-site wastewater treatment facilities and sewage collections systems; and reviews subdivision plans to ensure adequate provision of water, wastewater and refuse services. The Groundwater Protection Subprogram also manages the pesticide contamination prevention program for agricultural use pesticides, monitors groundwater basins throughout the state and provides technical assistance to industry and the public.

SURFACE WATER PROTECTION

Trevor Baggiore, Water Quality Division Director

Phone: (602) 771-2300

A.R.S. §§ 49-201 to 49-391

Mission:

To protect and enhance public health and the environment in Arizona.

Description:

The Surface Water Protection subprogram protects water quality in Arizona's streams, rivers, lakes and wetlands from point source pollution. Point source discharges include wastewater treatment plants, concentrated animal feeding operations, mining operations, industrial and commercial facilities, and stormwater discharges from construction and industrial sites. The Arizona Pollutant Discharge Elimination System (AZPDES) program issues permits to point source discharging facilities, conducts compliance inspections of permitted facilities and enforces permit conditions.

SURFACE WATER QUALITY IMPROVEMENT PLANNING

Trevor Baggione, Water Quality Division Director

Phone: (602) 771-2300

A.R.S. §§ 49-201 to 49-391

Mission:

To protect and enhance public health and the environment in Arizona.

Description:

The Surface Water Improvement subprogram develops surface water quality standards; monitors and assesses surface water quality; identifies water pollution problems and sources; develops Total Maximum Daily Load (TMDL) "pollutant budgets" and works with permitted facilities, local stakeholder groups and land management agencies to develop implementation plans to help waters meet their beneficial uses and attain water quality standards; provides funding to support projects to reduce nonpoint source pollution from activities including agriculture, forestry, mining and recreation; conducts effectiveness monitoring to measure the effectiveness of implementation projects.

SAFE DRINKING WATER	
Trevor Baggione, Water Quality Division Director Phone: (602) 771-2321 A.R.S. §§ 49-351 to 49-360	

Mission:

To protect and enhance public health and the environment in Arizona.

Description:

The Drinking Water Regulation program is federally mandated to ensure regulated public water systems provide safe drinking water to their customers. The program regulates public water systems based on state drinking water rules that are continually updated to conform to federally promulgated regulations. Staff reviews water system construction plans, conducts compliance inspections on drinking water systems, reviews water quality monitoring data, initiates enforcement actions in response to continued or significant noncompliance, and conducts outreach to educate stakeholders on regulatory requirements. The program also evaluates source waters to ascertain their susceptibility to contamination, promotes voluntary community programs aimed at protecting aquifers for drinking water use, and administers the monitoring assistance program to assist public water systems in complying with monitoring requirements under the federal safe drinking water act.

WATER RE-USE

Trevor Baggione, Water Quality Division Director
 Phone: (602) 771-2300
 A.R.S. § 49-203 (A) (6)

Mission:

To protect and enhance public health and the environment in Arizona.

Description:

The Reuse Water Regulation Program permits the beneficial use of treated wastewater from wastewater treatment plants. Use of this reclaimed water allows Arizona to conserve potable water sources for human consumption and domestic uses. The program regulates reclaimed water conveyances, issues general and individual permits to end users of reclaimed water, conducts compliance inspections of permitted facilities, and enforces permit conditions. Reclaimed Water Quality Standards are specified for five classes of reclaimed water. Standards are expressed as a combination of minimum treatment technology requirements and a limited set of numeric reclaimed water quality criteria.

Agency Summary

ECONOMIC OPPORTUNITY

Sandra Watson, Director
Phone: (602) 845-1215
A.R.S. § 41-5301

Mission:

To improve Arizona's workforce and business climate in Arizona through data-driven policy-making and effective workforce and economic development initiatives.

The Arizona Finance Authority is a one-stop resource for financing, supporting, expanding, and relocating businesses, communities' infrastructure needs, and first-time homebuyers. The AFA is committed to providing a streamlined, predictable process to help homebuyers receive affordable financing.

Description:

Laws 2016, Chapter 372 created three new governmental entities: The Office of Economic Opportunity (OEO), the Arizona Finance Authority (AFA), and the Arizona Industrial Development Authority (AZIDA). AFA is established in OEO and the AFA board serves as the board of AZIDA. The following agency budget includes all three entities' funding, though each is an operationally unique unit.

The Office of Economic Opportunity coordinates Arizona's workforce planning with economic development, supports the Workforce Arizona Council, and provides economic, demographic, regulatory, and tax research and analysis, at both the state and local levels.

WIFA finances the acquisition, construction, rehabilitation, and improvement of drinking water, wastewater, wastewater reclamation, and other water projects.

GADA helps lower the costs of financing for local governments and tribal entities on debt incurred for infrastructure development and construction.

AZIDA is a non-profit corporation designated as a political subdivision of the State that issues both taxable and tax-exempt bonds for commercial activities.

Vision: Arizona is the top location for high-quality business growth.

Mission: To grow and strengthen Arizona’s economy and facilitate the creation of quality jobs for its citizens by supporting and attracting businesses in targeted, high-value base sectors throughout the state.

Agency Description: The Arizona Commerce Authority (ACA) was established in 2011 as a public-private partnership whose primary objective is advancing and diversifying the state’s economy, primarily through high-value job creation. The ACA serves as Arizona’s leading economic development organization, leading and coordinating economic development and marketing efforts throughout the state. The ACA also houses the Office of Economic Opportunity (OEO), established in 2016, (A.R.S. § 41-5301) which coordinates Arizona’s workforce planning with economic development, supports the Workforce Arizona Council, and provides economic, demographic, regulatory, and tax research and analysis, at both the state and local levels.

Executive Summary:

To achieve its core mission, the ACA utilizes a three-pronged strategy focused on attracting businesses to Arizona, growing Arizona’s existing businesses and creating new Arizona businesses.

The ACA executes these three strategies through ten specific tactics:

1. Monitor and strengthen competitiveness
2. Increase awareness
3. Lead economic development efforts
4. Target high-value industries
5. Accelerate advanced manufacturing
6. Cultivate entrepreneurial ecosystem
7. Expand international trade
8. Create workforce of the future
9. Encourage infrastructure
10. Enhance rural economic growth

1 & 2	Expand reach of Arizona Career Readiness Program throughout Arizona.	Increase number of individuals enrolled	
3	Facilitate the creation of \$75 million in new capital formation by ACA early-stage clients.	Investment in Arizona's early stage companies	Expand support for early-stage tech companies through Arizona Innovation Challenge (AIC) -Venture Ready program. Leverage and activate ACA involvement with the 1500+ start-ups that have been advised through the AIC.
4	Lead the development of the state's longitudinal integrated data system, Arizona Workforce Evaluation Data System (AWEDS)	Launch AWEDS	Work with Arizona Strategic Enterprise Technology (ASET) Office and Google to develop AWEDS infrastructure Manage collaboration between OEO, the Department of Economic Security, the Arizona Department of Education, and post-secondary partners including Maricopa and Pima Community Colleges
4	Enhance use of data visualization to improve usability/accessibility of OEO/ACA data.	Increase the use of OEO website tools by 20% over 2019 baseline; Produce 12 new tools to increase analytical capability of the users.	Develop training material, resource documentation, and an outreach strategy to engage state and local partners. Identify underutilized data sources and develop a suite of tools to enhance analytical capabilities.

5 Year Plan

Issue 1 Arizona compares unfavorably to the rest of the nation in unemployment and labor force participation, while paradoxically, the business community complains of a shortage of trained workers with relevant skills.

Description

Solutions:

The Office will pursue a strategy of engaging the business community to determine their needs then engaging in constant coordination of the many partners in system to address gaps.

Issue 2 The State has a taxation and regulatory environment that lacks systematic review and analysis that facilitates the least burdensome government possible.

Description

Solutions:

The Office will establish the relevant processes and data products to enable policy maker's high quality decision needs.

Issue 3 There is a scarcity of relevant workforce data that can be used to drive the decision making processes of the business community, policy makers, workforce professionals, and job seekers.

Description

Solutions:

OEO will create new data products, provide more effective outreach to our partners, and make data driven policy analysis and recommendations that address our stakeholders' immediate and future needs.

ARIZONA FINANCE AUTHORITY

Dirk Swift, Director
Phone: (602) 771-1091
A.R.S. § 41-5351

Mission:

Description:

The Arizona Finance Authority (AFA) is a one-stop finance shop established in the Office of Economic Opportunity that includes the Water Infrastructure Finance Authority (WIFA) and the Greater Arizona Development Authority (GADA). WIFA is an independent entity authorized to finance the construction, rehabilitation and/or improvement of drinking water, waste water, waste water reclamation, and other water quality facilities/projects. As a "Bond Bank", WIFA is authorized to issue water quality bonds on behalf of communities for basic water infrastructure. Generally, WIFA offers borrowers below market interest rates on loans for 100% of eligible project costs. GADA assists local communities and tribal governments in developing and financing public infrastructure projects. The AFA also authorized the creation of the Arizona Industrial Development Authority (AZIDA), in accordance with Laws 2016, Chapter 372.

Agency Summary

STATE BOARD OF EQUALIZATION

George Shook, Acting Chairman
Phone: (602) 364-1601
A.R.S. §§ 42-16151 et al.

Mission:

To provide an independent appeal process for taxpayers, county assessors, and the Arizona Department of Revenue in disputes relating to the valuation and classification of property for ad valorem tax purposes. Consistent with this responsibility, the Board provides a venue for non-judicial hearings in which due process of law is afforded to taxpayers in matters concerning the valuation and classification of their respective properties.

Description:

The State Board of Equalization is comprised of 41 members: 21 (including the chairman) appointed by the Governor and 10 each from Maricopa and Pima counties (appointed by the boards of supervisors of those counties). The Board of Equalization's jurisdiction is primarily over locally assessed real and personal property in Maricopa and Pima counties. Under A.R.S. § 42-14001 et al., the Board's authority extends to centrally assessed property statewide. By statute, the Board also can provide hearing officer services for outlying counties; currently, the Board provides services to Cochise, Mohave, Pinal, Santa Cruz, and Yavapai counties.

5 Year Plan

Issue 1 Replace the Board's Information Technology system. The goal is to improve Information Security to provide protection for the agency and the public.

Description Microsoft no longer supports the current custom application software. A newer application is required to accommodate current and future Information Security requirements.

Solutions:

1.1 Funding must be obtained for the build of a new software application.

Issue 2 Information Security must be upgraded. This is a work in progress with the ever changing IT security requirements to protect all computer applications.

Description This agency will upgrade and update all hardware and software to the latest technology required to implement the State's Information Security plans.

Solutions:

1.1 The Board will utilize all state ASET available assets and resources to become compliant with all information security requirements.

Issue 3 The Board has completed construction of a permanent hearing room in the capital Annex building at 400 W. Congress, Tucson, AZ. This project is 98% complete for FY 2020. Enhancements of the electrical wiring is expected to be completed in FY21.

Description This project resulted from the opportunity to obtain space at the location where all appeals in Pima County take place. Prior to having a permanent room the Board was only able to obtain hearing rooms from other agencies at the times those rooms were not being used by the agency. Much of this logistics burden has been relieved and the dependency for use of personnel from a gratuitous agency to set up the rooms for hearings and returning files back to Phoenix has been minimized.

Solutions:

Use of vacancy savings and operational savings allows for the funding of this project without requiring a request for supplementing funds. Enhancement to the project will occur over a two-year period. The room will be furnished, over time, with items obtained from Arizona's Surplus Property.

◆ **Goal 1** To build a custom computer software application for automation of the appeals filing system. To obtain the required hardware and interface devices to handle the greatly increased demands caused by changes in the assessors', Arizona Department of Administration ASET, and State of Arizona IT security requirements. The objective is to automate tasks manually performed and reduce margins of error in data processing and dissemination. To continue the growth in electronic filing and transmittal of statement of changes made to the valuation of any property in Maricopa or Pima County. This effort will also expand the Board's electronic capabilities to integrate the "client" counties (currently Cochise, Mohave, Pinal, Santa Cruz and Yavapai Counties) into the appeals application.

Agency Summary

BOARD OF EXECUTIVE CLEMENCY

Kathryn Blades, Executive Director
Phone: (602) 542-5646
A.R.S. §§ 31-401 et seq.

Mission:

To protect public safety and contribute to a fair and effective justice system by ensuring that persons who remain a threat to society remain incarcerated and persons who no longer present a risk are released to become productive citizens.

Description:

The Board of Executive Clemency is a five-member board appointed by the Governor and is statutorily empowered to make decisions regarding:

- (a) discretionary release of those inmates who are eligible for parole and/or home arrest (inmates whose crimes were committed on or before December 31, 1993);
- (b) revocation of parole (or community supervision for crimes committed on or after January 1, 1994) for offenders found to be in violation of the terms and conditions of their release;
- (c) absolute discharge from parole; and
- (d) modification of release conditions and release rescissions.

The Board also makes clemency recommendations to the Governor on requests for commutation of sentence, including death penalty sentences; reprieves in matters related to death penalty cases; and pardons.

Funding:

	<u>FY 2020 Actual</u>	<u>FY 2021 Estimate</u>	<u>FY 2022 Estimate</u>

Total Funding	1,095.2	1,214.6	1,214.6
FTE Positions	14.5	14.5	14.5

5 Year Plan

Issue 1 Enhance the Board's decision-making process.

Description Establish a guided decision-making process, which will provide a solid base for board members to form independent thoughts, opinions, and ultimately prudent decisions for each hearing. Moving toward a more structured decision-making process will help the Board meet its mission to ensure public safety.

Solutions:

The Board consulted with the National Institute of Corrections to establish a structured decision making process. However, a less rigid, more flexible guide is preferred. Board staff will research the availability of other avenues besides structured decision making that will assist Board members in reaching consistent and just decisions.

Issue 2 Establish continuous board member training and development

Description The Board has set the following objective for this issue:
Establish an ongoing training program for the board in compliance with Board policies (8 hours per year)

Solutions:

The Board has set the following performance indicators to ensure that the Board members are given continuous training and development:

Track number of hour long monthly trainings put on for Board(goal of 8)

Issue 3 Maintaining on-going staff training and development in efforts to conduct daily operations seamlessly.

Description The Board has set the following objectives related to this issue:
Cross-train all staff on packet preparation for all hearing types
Create standard work for all staff positions

Solutions:

The Board plans to ensure ongoing staff training and development is met by tracking the following performance indicators:

Percentage of staff members cross-trained on packed preparation

Percentage of job categories with standard work completed

Issue 4 Meet hearing timeframes in accordance with the law

Description Caselaw establishes a goal of holding revocation hearings within 60 after a parolee or individual on community supervision has been arrested. Additionally, the Board has developed a backlog of commutation hearings due to shortage of staff and Board members. The Board has set the following objectives related to this issue:
Eliminate commutation backlog within one year
Schedule 90% of revocation hearings within 60 days and 100% within 90 days of arrest
Schedule all probable cause hearings within 10 days of arrest

Solutions:

The Board plans to ensure it is meeting hearing time frames in accordance with the law by measuring the following performance indicators:

Number of commutation hearings is greater than number of applications

Number/% of revocation hearings held in a month that were received within 60 and 90 days prior

Average number of days between arrest and a probable cause hearing

EXPOSITION AND STATE FAIR BOARD

Wanell Costello, Executive Director
Phone: (602) 252-6771
A.R.S. § 3-1001

Mission:

To provide opportunities for all Arizonans to celebrate the state's heritage, industry, traditions, and future.

Description:

The Arizona Exposition and State Fair (AESF) is a 96-acre entertainment facility that showcases a variety of events, including one of the preeminent state fairs in the country. The AESF, which owns the property and buildings it occupies, rents its facilities to a variety of tenants and promoters, such as the Arizona National Livestock Show and the Maricopa County Fair. The AESF provides a location to showcase industry, agriculture, education, and entertainment for the enjoyment of Arizona citizens.

5 Year Plan

Issue 1 Funding facility improvements

Description Given a large, aging facility, the Arizona Exposition and State Fair (AESF) must constantly perform building renewal and capital improvement projects on the Fairgrounds in order to maintain functionality, keep it viable for rental, and ensure the safety of the visiting public. AESF has 26 structures and approximately 80 acres of parking lot/grounds to maintain, covering a total of 96 acres.

Solutions:

AESF plans to tackle large projects in a multi-phase method, as it can afford over the next five years. Projects will be prioritized by health, safety and welfare of guests, stakeholders and employees, then by business operational needs. AESF contracts with ADOA's General Services Division for large project management. Projects will then be broken into phases based on financial resources available and the greatest priority within each project on a case-by-case basis. AESF's capital maintenance and improvement plan's execution is contingent upon available funds and sufficient appropriation.

Issue 2 Improve the Fair's product

Description Given a land-locked location at 19th Avenue between Grand, McDowell, Encanto and 19th Avenue, the Arizona State Fair (ASF) is limited in ways it can expand its current operations to offer more entertainment and better entertainment to our customers. As a self-funded state agency, and to ensure future operation, the Fair must continue to innovate to maintain the existing customer base, as well as appeal to a new generation of Arizonans to add them as new customers. Innovation at the current location requires investment in the Fair product.

Solutions:

The most effective way to currently grow the Fair's offerings is to increase revenues so ASF can afford better quality entertainment and more entertainment overall. The strategy to increase Fair revenues involves increasing overall attendance, which has a positive effect on parking, gate admissions, food percentage, and ride revenue streams. AESF intends to increase attendance by attracting new visitors, increasing repeat visits with current guests, creating attractive promotions, and offering exciting entertainment options. In addition, ASF plans to continue to identify new revenue streams and partner with local businesses in sponsorship and vendor opportunities.

Agency Summary

BOARD OF FINGERPRINTING

Matthew A. Scheller, Executive Director
Phone: (602) 265-3747
A.R.S. § 41-619.52

Mission:

To fairly, expeditiously, and responsibly consider applications for good-cause exceptions and central registry exceptions and determine whether applicants are rehabilitated from their history of criminal behavior or acts of child abuse or neglect.

Description:

The Arizona Board of Fingerprinting evaluates good-cause exceptions for people who require a fingerprint clearance card and whose fingerprint clearance cards have been denied or suspended by the Department of Public Safety. The Board also determines central registry exceptions for individuals who fail to clear a background check.

Funding:

	<u>FY 2020 Actual</u>	<u>FY 2021 Estimate</u>	<u>FY 2022 Estimate</u>
General Fund	0.0	0.0	0.0
Other Appropriated Funds	0.0	0.0	0.0
Other Non Appropriated Funds	3,274.9	690.6	690.6
Total Funding	3,274.9	690.6	690.6
FTE Positions	6.0	7.0	7.0

Issue 1 Timeliness and statutory time frames

Description The Board’s statutes require portions of the application process to be completed within specific time frames. A.R.S. § 41–619.55 requires the Board to comply with the following time frames.

- 20 days from receipt of application (which is defined in A.A.C. R13-11-104) to expedited review (which is the initial review by the Board of the application without the applicant being present)
- 45 days from expedited review to administrative hearing
- 80 days from administrative hearing to Board decision

In FY 2020, the Board Investigator exceeded the Board’s goal for the percentage of recommendations accepted at an expedited review. This very high acceptance rate makes Board meetings more efficient. The Board received a record number of cases this year – 4,460. This represents a 22.2% increase in applications from FY 2019. The Board continues to process applications very efficiently. Overall wait times for applicants continues to decline. Even with the record increase in applications received, the average number of days to dispose of cases decreased by 4.05%. The Board is in 100% compliance with all statutory time frames. The Board communicates with applicants effectively and efficiently based on the high level of applications completed on initial submission.

In upcoming fiscal years, the Board will continue to take steps to reduce the time for processing applications and continue to achieve full statutory compliance in all areas. Reducing processing time will help return eligible applicants to work more quickly.

Solutions:

- Improve the database and Board technology to reduce the amount of time spent entering data.
- Assess whether additional staff are needed to handle the increasing workload.
- Cross-train staff to help cover the investigator's caseload during high-caseload periods.
- Schedule hearings more frequently to decrease applicant wait time.

Issue 2 Improve e-government services

Description Government agencies have increasingly used new technology to improve the accessibility and ease of use of government services. Although there are some obstacles unique to the Board—for example, it receives documents from numerous agencies, especially in rural areas, that still rely on paper—the Board nonetheless believes that opportunities exist for electronic services. The Board enhanced its website in FY 2020, and is working on having its application processes available for submission online by FY 2022.

The Board believes that improving e-government services is necessary not just for the purpose of keeping up with dominant business-process trends but also to increase accessibility to applicants. The Board does not have the resources to establish field offices or to travel extensively, but some applicants live far from Phoenix and would benefit from the ability to attend meetings and hearings by videoconference. Expanding these services would limit the disproportionate impact on applicants who live far from Phoenix. In addition, allowing for hearings by videoconference will enable those who have been affected by the Covid-19 pandemic to attend their hearing virtually helping to maintain the safety of all participants.

Solutions:

- Identify security and legal issues and, as necessary, receive ASET approval.
- Work with ASET on a plan to migrate the Board application process to a web based interface.
- Approve funding in budgets for future fiscal years.
- Update Board Rules to allow for testimony by telephone or electronic means.

Issue 3 Review of statutes

Description A.R.S. §§ 41–1758.03 and 41–1758.07 identify the crimes that require the Department of Public Safety to deny or suspend a fingerprint clearance card. These lists of crimes were developed and modified primarily through collaboration among several state agencies: the Board, the Department of Public Safety, and the agencies that require fingerprint clearance cards. On occasion, these agencies have reviewed the lists to identify new needs and changes to the criminal code and have requested legislative changes and to identify areas where the statutes are not working well.

In 2012, the Legislature established the central-registry exception process at the Board of Fingerprinting. Since the establishment of the central registry exception, the Legislature has added new programs to the system of using Central Registry background checks. The statutes for the central-registry exception application process require periodic review and appropriate modification. The Board should review of the process and have a discussion with appropriate stakeholders.

Solutions:

- Hold regular meetings of stakeholders to discuss appropriate modification or clarification of statutes.

Vision: An Arizona whose diverse landscapes are healthy and whose people are protected from the theft of fire.

Mission: Foster, maintain, and enhance collaboration with partners, stakeholders, and cooperators' to: proactively promote the health and safety of Arizona' forests, woodlands, deserts and watersheds; encourage fire-adapted communities; provide leadership and oversight of resources in wildfire response; and ensure fire safety in public buildings through the enforcement of the state of fire code.

Agency Description: The Arizona Department of Forestry and Fire Management (DFFM), in partnership with local, county, state, and federal agencies, protects Arizona's people by: providing coordination and resource response for the suppression and management of wildland fire; delivering education to aid in the prevention of wildland fire; providing information, education, technical assistance, and integrated management strategies through forestry programs; collaborating in forest restoration; and ensuring fire and life safety through regular building inspections, permitting, and plan reviews.

Executive Summary: The Arizona Department of Forestry and Fire Management (DFFM) identified four strategic priorities to reach our vision.

Improving the Natural Environment: Promote and assist in landscape-scale forest restoration throughout Arizona. Increase the effectiveness of our Hazardous Vegetation Removal and invasive plant treatments.

Promoting Public Safety: increase overall compliance rates of facilities inspected by the Office of the State Fire Marshal.

Increase Fire Management Program Effectiveness and Efficiency: Improve coordination and collaboration with partners for efficient response and use of resources.

Maximizing Agency Effectiveness and Efficiency: integrate the Arizona Management System into agency practices and conduct a thorough analysis of DFFM activities.

Summary of 5 Year Strategic Priorities

#	Multi-Year Strategy	Start Year	Progress / Successes
1	Improve the Natural Environment	2019	Successfully engaged with the United States Forest service on Four Forest Restoration Initiative(4FRI) Request for Proposal development. Hazardous Fuels Reduction (HVR) program implemented in 2016. Increased acres treated 2017-2020. Invasive Plant Eradication fund and program created in 2020.
2	Promote Public Safety	2016	Kaizen blitz of Office of the State Fire Marshal (OSFM) completed fall 2019. Assistant Director of the OSFM hired fall 2019. Kaizen recommendations implemented 2019-2020.
3	Increase Fire Management Program Effectiveness and Efficiency	2018	Reduced cooperator invoice processing time from 90 days to less than 10 days. In FY 2020 the Governor increase BSF monies available to reimburse cooperators to \$20 M. Negotiations with the feds allow for more frequent invoicing. Kaizen/analysis of fire program initiated 2020 starting with agency dispatch center.
4	Maximize Agency Effectiveness and Efficiency	2016	DFFM started implementing Arizona Management System (AMS) in 2016 under previous leadership. Agency Full reboot in process. Agency AMS Liaison with Government Transition Office appointed.
5	Hire, develop and retain an informed and engaged workforce	2019	Human resource positions created and filled in 2019.

Strategy #	FY21 Annual Objectives	Objective Metrics	Annual Initiatives
1	The successful award of a 4 Forest Restoration Initiative (4FRI) contract to treat 30-40,000 acres per year for 20 years.	Number of acres awarded under 4FRI Contract.	Influence the implementation and successful execution of 4FRI contract. Year two : Awarding of RFP; development and deployment of plan of prioritization and effectiveness.
1	Increase number of acres treated in priority areas for invasive plant eradication.	Dollars encumbered. Acres under agreement/plan in priority areas. Cost per acre. Values at risk protected Leverage state dollars	Create multi-year state-funded invasive plant species eradication program. Year two: Strategic plan developed, create project inventory system, establish cooperator agreements, ensure available funding is encumbered, create tracking and monitoring system.
1	Increase number of acres treated using the Hazardous Vegetation Removal (HVR) program.	Dollars encumbered. Acres under agreement/plan. Cost per acre. Values at risk protected.	Enhance HVR program through leveraging federal and state funds to maximize acres treated. Year two: Fully deploy Fuels Treatment Tracking tool with dashboard. Continue to develop “shelf stock” consisting of shovel ready projects. Leverage state funding with federal and local funding.
2	Increase the OSFM’s ability to meet national fire code requirements relating to the organization and	Increase the number of compliant inspections.	Initiate the evaluation of minimum performance requirements regarding effectiveness and efficiency of the OSFM based upon an approved Community Risk Reduction (CRR) Plan
3	Increase % of DFFM staff trained in resource utilization and cost-sharing negotiation. Increase percent of cooperator agreements that have standardized equipment rates.	% of staff trained for each type of incident. % of cooperators agreements with standardized equipment rates. Cost per acre for cost share and state fires. Cost per acre for Cost Share and State Fires.	Improve coordination and collaboration with partners for efficient response and use of resources. Year two: Collect data on fuels treatment effectiveness and create an easy to understand database for managers; Utilize aspects of Risk Management and Incident Business Management Practices, along with cooperation of partners to effectively manage incidents strategically and financially.
4	Increase % of staff trained in and utilizing AMS tools. Increase AMS Maturity Score.	% of staff trained in and utilizing AMS tools. AMS Maturity Score	Automate our auditing functions by investing in a fire billing software that will improve the accuracy, timing, and speed of payments to our vendors. Increase the standardization of work products.
5	Increase the participation and compliance of teleworking. Hire, develop and retain an informed and engaged workforce.	% of participation of agency employees % of staff trained	Develop and implement the program. Develop the criteria; and develop for those who are eligible. Create curriculum that is consistent. Standardization of practices between fire districts.

5 Year Plan

Issue 1 Improving the natural environment.

Description Promote and assist in landscapescale forest restoration throughout Arizona. Increase the effectiveness of our hazardous vegetation removal and invasive plant treatments.

Solutions:

- The successful award of a 4 Forest Restoration Initiative (4FRI) contract to treat 30,000 - 40,000 acres per year for 20 years.
- Increase number of acres treated for invasive plant eradication.
- Increase number of acreas treated using the Hazardous Vegetation Removal (HVR) program.

Issue 2 Promoting public safety.

Description Increase overall compliance rates of facilites inspected by the Office of the State Fire Marshal.

Solutions:

- Building inspection frequency and plan review requirements re-established.

Issue 3 Increase fire management program effectiveness and efficiency.

Description Improve coordination and collaboration with partners for efficient response and use of resources.

Solutions:

- Increase percent of DFFM staff trained in resource utilization and cost-sharing negotiation.
- Increase percent of cooperator agreements that have standardized equipment rates.

Issue 4 Maximize agency effectiveness and efficiency.

Description Integrate the Arizona Management System (AMS) into agency practices and conduct a thorough analysis of DFFM activities.

Solutions:

- Increase percent of staff traned in and utilizing AMS tools.
- Increase AMS maturity score.

Issue 5 Hire, develop and retain an informed and engaged workforce

Description Human resources engage the workforce with teleworking, while creating a training curriculum that is consistent.

Solutions:

- Percentage of workforce participating and compliantce of teleworking.
- Percentage of staff trained.

BOARD OF FUNERAL DIRECTORS AND EMBALMERS

Judith R. Stapley, Executive Director
Phone: (602) 542-8152
A.R.S. §§ 32-1301 et seq.

Mission:

To maintain and enforce a set of standards that provide protection for the health, safety, and welfare of Arizona citizens by educating consumers and actively and impartially regulating licensees that provide funeral goods and services.

Description:

The Board of Funeral Directors and Embalmers examines and licenses individuals that provide funeral goods and services. The Board also receives complaints against licensees, investigates allegations, and administratively adjudicates complaints.

5 Year Plan

Issue 1 Seek to reclassify one full-time position to two, part-time positions.

Description The Board has had four, full-time employees on staff for more than forty years to maintain daily operations and remain compliant with inspecting all licensed establishments and crematories. Previously, staff consisted of the Executive Director, Deputy Director, Compliance Officer and an Administrative Assistant. This was disrupted when funds were swept from the Board cash balance a few years back. Since that time, Board staff have struggled to remain compliant with inspections, investigations, licensing requirements as well as the overall daily operations of the agency. Presently, Board staff consists of the Executive Director, Investigator (this position was previously the Deputy Director), Licensing Administrator and a quarter-time Administrative Assistant. When the agency previously tried to fill the Deputy Director position, although no reasons were ever given, the Director of Arizona Department of Administration (ADOA) would not allow the agency to use the term "Deputy Director". For this reason, the position title was changed to Investigator. The change of moving the Administrative Assistant to a part-time position and the addition of a part-time Compliance Officer will not change the staffing count of the current 4 full-time employees, rather restructure it to better accommodate the agency. Additionally, Board staff are entering into an Interagency Service Agreement with the Veterinary Board to begin inspecting all pet crematories in the State as well as reviewing if jurisdiction should be ultimately transferred to the Funeral Board. Lawmakers are also seeking the jurisdiction of all funeral escort employees, businesses and vehicles be licensed and inspected by the Funeral Board. The Agencies current revenue level is sufficient to support this reclassification, however, additional appropriation is required.

Solutions:

The Executive Director will seek to work with Department of Administration/Human Resources to reclassify one full-time position into two part-time positions. Additionally, the Director will seek funding appropriation through a budget justification for FY22.

Issue 2 Seek rule moratorium exemption to amend several items directly related to going paperless and moving all processes online.

Description There are several rules that need to be changed in accommodating the Board's new E-Licensing process. There are many requirements for a notarized signature that could easily be replaced with online signatures or attestation.

Solutions:

The Executive Director will seek to have the rules amended that impede the online, paperless initiative.

Issue 3 Seek rule moratorium exemption to amend the current requirement for Continuing Education for licensed Funeral Directors and Embalmers.

Description Currently, licensed Funeral Directors and Embalmers are required to complete twelve hours of Continuing Education annually. This is not in line with national standards and should be reduced to six hours annually.

Solutions:

The Executive Director will seek to have rules amended to reduce the requirement for Continuing Education hours from twelve to six annually for licensed Funeral Directors and Embalmers.

Issue 4 Seek to improve the E-Licensing process so that the basic functionality meets the needs of all users.

Description Since going live with an online licensing process, the Board of Funeral Directors and Embalmers has continued to work with ADOA ASET to correct problems within the system. The database should not be proprietary; however, if users are not utilizing Google Chrome as their browser, they are not able to upload necessary documents within the system. Additionally, the online process does not support the use of any device other than a personal computer. The Board continues to have issues with the database processing applications for licensure, which are impeding the overall process. The way the database was implemented leaves Board staff unable to correct many of the problems that arise in the system. The result of Board staff not being able to correct many problems leaves the only option of creating a ticket that is sent to ADOA ASET every time a problem needs to be addressed.

Solutions:

The Board appears to have no choice other than continuing to work with ADOA ASET, and all other Boards involved in this new online process. We will carry on the pursuit to identify how best to continue implementation of a working E-Licensing process that will benefit all users in the state. ASET is handling all negotiations with programing and those with administrative privileges, utilizing their expertise in technology in an effort to correct the current inefficiencies, resolve problems, and assist the Boards.

Issue 5 Consideration of implementation of Alkaline Hydrolysis as another method of disposition.

Description Currently, twenty-one states recognize Alkaline Hydrolysis as a legal method of disposition. This issue is gaining momentum throughout the nation as the rate of cremation continues to increase. Arizona currently has a rate of 70% cremation that has had a steady increase over the last many years.

Solutions:

The Executive Director will continue to research the topic and work with local authorities to explore the possibility of implementing this method of disposition in Arizona including seeking necessary legislative change.

Issue 6 Seek rule moratorium exemption to eliminate and improve clarity and verbiage of antiquated rules.

Description There are several rules that need to be eliminated or changes to reflect current industry practice and issues.

Solutions:

The Executive Director will seek to have these rules amended.

Vision: To be the national conservation leader supporting the continuation of the North American Model of Wildlife Conservation and Arizona’s most trusted, respected and credible source for wildlife conservation products, services and information.

Mission: To conserve Arizona’s diverse wildlife resources and manage for safe, compatible outdoor recreation opportunities for current and future generations.

Agency Description: The Department carries out its mandates under policy direction of the five-member Arizona Game and Fish Commission. The Department is part of the executive branch of Arizona state government. State law mandates that the Department manage Arizona’s wildlife resources, regulate watercraft use and enforce off-highway vehicle laws. Implementing rules and policies, the Department: takes actions to conserve; preserve; manage wildlife; enforce laws that protect wildlife, public health and safety; and provide information and safety education programs.

Executive Summary: Multi-Year strategies are built around the Commission Priority of **Fiscal Sustainment**; the Department’s two lines of business: **Wildlife Conservation** and **Recreation**; and **Modernizing Technological Infrastructure**. All while facing challenges to the Commission and Department’s authority to manage wildlife.

Being an agency that receives no general fund tax dollars and to ensure financial sustainability into the future, the Department is developing and beginning to implement entrepreneurial business models to generate new revenue and to recover or reduce costs.

Wildlife Conservation is subdivided into two programmatic areas: Aquatic and Terrestrial Wildlife, and share many issues and goals. Recreation is subdivided into four programmatic areas: Wildlife Recreation, Shooting Sports, Watercraft, and Off-Highway Vehicle Recreation.

To perform our Mission, communicate, engage, and do business with our customers at the level of a pioneering Conservation Agency, the Department is continuing to promote and move services online and to develop the most updated and innovative information and technology services and systems.

Summary of Multi-Year Strategic Priorities

#	Five Year Strategy	Start Year	Progress / Successes
1	Ensure financial sustainability to fund critical work	2019	<p>Governor’s promotion of Department collaboration with private enterprise for its Conserve and Protect Campaign.</p> <p>Department met its annual objective to increase revenue from traditional and nontraditional sources without increasing fees.</p> <p>License Dollars retained by the Department that historically went to third party dealers exceeded \$500K.</p> <p>Over \$325K in new revenue to allocated Agencies from new nonresident Off-Highway Vehicle Indicia Program.</p>
2	Manage Arizona’s diverse wildlife resources and conserve their habitats	2017	<p>Over 90 unique wildlife translocation actions in the last year. Includes 23 Bighorn Sheep, 59 turkeys, and 9 different species that are listed as Threatened or Endangered.</p> <p>On the ground improvements that benefited over 1.6M acres in the last two years.</p>
3	Provide safe, ethical, responsible, and diverse outdoor recreational opportunities	2017	<p>Community Fishing Program continued to expand and currently includes 47 waters in 23 communities, with more planned in FY21.</p> <p>Complete renovation and opening of the Sterling Springs fish hatchery.</p>
4	Modernize technological infrastructure	2017	<p>Successful implementation to an online only Draw.</p> <p>Development of new online reservation system for the Ben Avery Shooting Facility.</p>

Strategy #	FY20 Annual Objectives	Objective Metrics	Annual Initiatives
1	Increase Revenue	Increase Discretionary Revenue	Continue to explore and expand upon areas to increase revenue from traditional and nontraditional sources identified from Commission priorities, the Department's Business Planning Team, Innovation Team, and private enterprise. Assess current market value and price points for products and services excluding licenses.
		Revenue produced at Ben Avery Shooting Facility	Opening additional shooting and training opportunities to the public. BASF fee increase approved by Commission and after a public comment period will start July 1 st .
1	Build workforce capacity without increasing costs	Volunteer Value	Increase volunteer opportunities by implementing recruitment, communication, and technology strategies.
2	Actively manage and conserve Arizona's wildlife	Number of sites for Wildlife Population Enhancement actions	Improve communication strategies with Federal Land Management Agencies to facilitate Section 7 consultations.
2	Habitat Conservation	Number of acres of habitat improved	Compete for external grant opportunities including an expiring Regional Conservation Partnership Program Grant for the Arizona Strip.
		Number of Aquatic Invasive Species Decontaminations and Seals	In collaboration with ADOT, provide voluntary inspection and decontamination stations to the public at existing ADOT locations.
3	Provide safe recreational opportunities	% of hatchery improvement projects	Increase number of available on-call contracts thru procurement process. Dedicated Engineer FTE for hatchery improvements.
		Pounds of Sportfish Stocked	
		% of Boating Access Improvements	Execute agreement with Maricopa County Parks to complete Lake Pleasant/Aqua Fria River.
		Officer Field Days	Maintain a schedule of two recruitments per year.
3	Digitally engage with customers across multiple platforms	Digital Engagement Rate	Promote and expand live streaming interviews and Q&A's with Department subject matter experts and Spanish speaking outreach.
4	Develop the Wildlife Conservation System (Enterprise Resource Planning)	Number of third-party dealers providing online licenses to customers	Third-party dealers' technological infrastructure readiness to provide online sales e.g. internet connectivity and forward facing devices for customers.

5 Year Plan

Issue 1 Active Wildlife Conservation in a state that is diverse, culturally and in wildlife-related interests

Description The ability of the Department to adequately represent current public interests is being tested by an ongoing societal shift in the way people value and interact with wildlife. The Department conserves game, sport fish and nongame wildlife species, primarily using revenues from discretionary spending of customers relating to hunting and fishing license sales. Increasingly, fewer people are participating in hunting and fishing, yet there has been growth in other forms of wildlife-related recreation, such as wildlife viewing. Although valuable and contributory to local economies, these activities (e.g. wildlife viewing) provide little direct revenue for the Department. Tied to these trends is the increasing interest in providing input in how wildlife is managed. People have many different preferences for wildlife-related programs and services. Greater diversity in viewpoints has contributed to increased conflict, as well as contradictory social values among stakeholders. Because of these challenges, the Department will continue to endure challenges to its authority through mechanisms such as legislation, ballot initiatives and public referenda.

Adding to the challenges are demographic changes that have led to greater ethnic diversity and a more urbanized society. Given the growing influence of minorities, engaging those communities in the Department's management is important to the Department's future. The long-term success of the Department is contingent upon its ability to reach and provide services for audiences that are diverse, both in terms of their cultural heritage as well as their wildlife-related interests.

Solutions:

- Maintain State's authority to conserve wildlife
- Encourage partner-hosted wildlife recreation events.
- Pursue funding to enhance wildlife viewing opportunities.
- Identify and reduce the barriers to participation in wildlife-related recreation.
- Encourage greater participation in commission meetings by holding them in various regions of the state and offer electronic means to participate for those that cannot attend.
- Perform social science research to achieve a greater understanding of the Department's constituency.
- Execute programs designed to engage ethnically diverse audiences.
- Ensure broad-based public input into hunt guidelines and recommendations, and Commission Orders.
- Provide law-enforcement to enhance wildlife conservation and public safety.
- Collaborate with other Arizona state agencies to address public resource issues.

Issue 2 Maintain and improve wildlife habitats

Description There are extensive demands on natural resources. The State is not out of its long-term drought yet, and severe wildfires over the past decade have significantly impacted wildlife habitats. Arizona is also still one of the fastest growing states, and urban sprawl, leap frog development, and associated infrastructure is negatively impacting wildlife. This trend is expected to continue. Invasive species are increasingly causing problems (quagga mussels in the Colorado River Lakes and Lake Pleasant; bufflegrass; and other invasive species). Habitat loss, fragmentation, and continued threats to the health and diversity of these habitats create challenges for the Department's wildlife management efforts. The Department must use its limited resources efficiently to maintain and improve habitats for Arizona's wildlife through habitat enhancements, sustainable land-use, water catchment development, wildlife translocations, and other means. Partnerships and cooperation with federal, state, tribal and local governments, conservation and recreational organizations, private landowners, and individual citizens will be crucial to future success.

Solutions:

- Secure and manage land and water for wildlife conservation and recreation.
- Seek to avoid, minimize or mitigate impacts to wildlife resources.
- Actively conserve statewide wildlife corridors and habitats through partnerships, policy, and direct conservation actions.
- Collaborate with private, federal, state, municipal, and other land and water management interests to ensure that the needs of wildlife and wildlife habitats are considered during long and short range planning processes.
- Develop plans, recommendations, and guidelines for mitigating losses or for enhancement of fish and wildlife populations and their habitats.
- Develop wildlife water sources to alleviate this limiting factor of wildlife in arid portions of Arizona.
- Reduce the impacts of introduced invasive species.
- Encourage landowners to utilize their land that is compatible with wildlife.
- Limit the impacts of off-highway vehicles on habitat.
- Reduce the transference of aquatic invasive species between water bodies.

Issue 3 Ensure financial sustainability to fund critical work

Description The Department receives no General Fund tax dollars, funding received by the Department to support wildlife management and recreation, and shooting sports, watercraft and OHV management is linked to expenditures of the public's discretionary funds. Revenues, whether from the purchase of licenses, tags or stamps, lottery tickets, gaming, watercraft registrations or off-highway vehicle decals are a result of discretionary purchases by the public. Some of these sources of revenue have had a decreasing trend but recent events have increased some revenue sources and the Department is in a unique position to recruit, retain and reactivate customers and their associated discretionary dollars.

Solutions:

- Develop entrepreneurial business models to secure adequate funding to support wildlife conservation and manage recreation.
- Maintain authority to set license structure by rule.
- Leverage partnerships with business, industry and nonprofit organizations to increase wildlife conservation capacity, funding and recreational opportunities.
- Foster a culture of individual fiscal responsibility and accountability.
- Encourage employee innovation and pilot and implement ideas with potential.
- Improve systems to enhance monitoring of budget and expenditures, and to ensure transparency.
- Modernize technological infrastructure to improve efficiencies in operations.
- Enforce the public use of off-highway vehicle decals.

Issue 4 Customer Service and Engagement

Description To retain existing customers and recruit new ones, the Department is focused on continuous improvement. Setting targets, tracking performance and employing necessary counter measures to close gaps are tools that allow the Department to protect public trust assets, ensure fiscal accountability, improve compliance with appropriate laws and regulations, all while protecting employees and customer health and safety to effectively maximizes value to customers while minimizing waste.

The Department must also be responsive to sometimes conflicting constituent desires, and must balance those desires with science-based management decisions and available financial resources. Arizona has the highest wildlife diversity of any inland state (over 800 species are native). Conserving and restoring wildlife diversity, on a landscape shared with humans, is fraught with controversy, legal implications and social barriers. Some Department wildlife management programs focus on identifying threats and stressors and reducing their effects. Ultimately, the Department aims to keep common species common and to conserve and restore imperiled species in the public trust

Solutions:

- Communicate to local and state entities, the economic value of hunting, fishing, wildlife and other outdoor-related recreation.
- Expand alliance with business and industry to support wildlife conservation and recreation.
- Provide services online and decrease wait times for customers.
- Provide information and education regarding wildlife and recreation.

Issue 5 Effective Workforce

Description Implementation of the Department's Mission, values and competencies demand a professional and well-trained work force that reflects the diversity of Arizona.

To manage operations consistent with revenue, full-time employees, temporary workforce (part-time employees, interns and volunteers) play an important role in helping the Department meet the goals and objectives to manage wildlife and provide wildlife recreational opportunity for current and future generations.

Solutions:

- Cultivate an engage, highly productive workforce to accomplish Agency objectives.
- Increase volunteer opportunities by implementing recruitment, communication, and technology strategies to extend the mission and capacity of the Agency.
- Develop future leaders.

WILDLIFE CONSERVATION

Jim DeVos, Assistant Director
Phone: (623) 236-7302
A.R.S. §§ 17-101 et seq;

Mission:

To conserve Arizona's diverse wildlife resources for current and future generations.

Description:

The Wildlife Conservation Program conserves wild mammals, birds, fish, reptiles, amphibians, mollusks and crustaceans. The Department organizes these types of wildlife into game, nongame and sportfish, each represented in its own subprogram. Additionally, this program houses the wildlife conservation subprogram that provides essential functions to enable other wildlife conservation subprograms. These support services include: enforcing of laws meant to conserve wildlife, providing governance, conserving habitat, conducting research, and providing public education.

This Program Contains the following Subprograms:

- ▶ Wildlife Conservation
- ▶ Game Wildlife Program
- ▶ Sportfish Program

GAME WILDLIFE PROGRAM

Josh Avey, Terrestrial Wildlife Branch Chief
 Phone: (623) 236-7385
 A.R.S. §§ 17-101 et seq;

Mission:
To manage game wildlife populations and their habitats to maintain the natural diversity of Arizona, and to manage for game wildlife oriented recreation opportunities.

Description:
 Arizona is host to many species of wildlife. Those mammals and birds which are actively hunted are considered game animals. Hunting can be a management tool for the Department and is an important recreational past-time and valued heritage for those who participate. Management of game includes inventory of game populations and regulation of harvest to provide sustained recreational opportunities. Management also includes assessing habitat conditions, evaluating formerly occupied habitat for potential re-introduction of species, enforcing regulations, and providing input on land management actions that potentially impact game habitats. The program also emphasizes the need to recruit and retain hunters so that the Department has managed hunts available as a management tool.

Vision: World-Class Gaming Regulation for a Stronger Arizona

Mission: To ethically and effectively regulate gaming, horse racing, and unarmed combat sports, while ensuring that they are conducted in a socially responsible manner.

Agency Description: The Arizona Department of Gaming (ADG) is the state agency charged with regulating tribal gaming, racing and pari-mutuel/simulcast wagering, and unarmed combat sports. ADG also provides and supports prevention, education, and treatment programs for people and families affected by problem gambling, through its Division of Problem Gambling and 24-hour confidential helpline, 1-800-NEXT-STEP.

Executive Summary: In the next five years, there will be significant change within the industries ADG regulates, most notably with the development and implementation of a new AZ Tribal-State Gaming Compact. ADG has identified five strategic priorities to achieve its vision and mission as an enterprise:

- Promote Fair and Effective Regulation While Fostering Social Responsibility
- Strengthen Resource Network
- Provide World-Class Customer Experience
- Increase Operational Effectiveness, Compliance, and Efficiency
- Develop a World-Class Team

5 Year Plan

Issue 1 Strategic Priority 1: Promote Fair and Effective Regulation While Fostering Social Responsibility.

Description Laws 1995, Chapter 76 established the Arizona Department of Gaming (ADG) to regulate Tribal gaming statewide. The General Election 2002's Ballot Proposition 202 (the "Indian Gaming Preservation and Self-Reliance Act") stated: "Two percent [of the tribal contributions made to the Arizona Benefits Fund], shall be used by the Department of Gaming to fund state and local programs for the prevention and treatment of, and education concerning, problem gambling." From this language, the Division of Problem Gambling was established under the auspices of ADG to help reduce the impact of problem gambling in Arizona. Finally, In 2015, ADG's responsibilities expanded once more to include regulation and oversight of statewide pari-mutuel wagering, racing and boxing and mixed martial arts events, when the legislature consolidated the Arizona Department of Racing under ADG.

Solutions:

FY21 Initiatives:

- 1) Monitor noncompliant issues and Compact violations, identify countermeasures, utilize PDCA
- 2) Continue racetrack substance abuse project and begin implementing countermeasures
- 3) Modernize racing rules
- 4) Continue racehorse fatality breakthrough project
- 5) Create standard work for pre-race exams and monitor adherence

Issue 2 Strategic Priority 2: Strengthen Resource Network

Description Part of promoting a fair and effective regulatory environment is transparency, communication and establishing trust with all ADG customers. Each of ADG's units communicates with a myriad of stakeholders and regulatory partners on an ongoing basis to ensure compliance through open dialogue and understanding each industry's challenges and needs. Strengthening our network of local, state and national partners is central to the success and safety of each industry ADG regulates.

Solutions:

FY21 Initiatives:

- 1) Create metric and set targets for # of meaningful collaborations with core strategic partners
- 2) Establish strategic partnerships to enhance recruiting

Issue 3 Strategic Priority 3: Provide World-Class Customer Experience

Description To align with Governor Ducey's initiative to "drive innovative IT solutions," and conduct "Government at the speed of business," ADG included in its five-year strategic plan the objective to provide a "world-class customer experience." Streamlining business operations, eliminating paper, waste and outdated processes is central ADG's mission to drive value back to ADG stakeholders through focused efficiency with an aim towards process improvement that customers can feel.

Solutions:

FY21 Initiatives:

- 1) Add all remaining payment types to payment portal
- 2) Ensure compliance with FBI standards in database
- 3) Achieve online problem gambling capability for problem gambling self-exclusion
- 4) Design tiered system for customer feedback

Issue 4 Strategic Priority 4: Increase Operational Effectiveness, Compliance, and Efficiency

Description ADG is dedicated to the idea of continuous improvement. In FY19, ADG employees submitted 27 separate process improvements that resulted in savings of time and resources across the agency. In FY20, ADG intends to continue to strengthen its culture of continuous improvement by developing a comprehensive internal audit structure to ensure compliance and efficiency of all ADG divisions.

Solutions:

FY21 Initiatives:

- 1) Design tiered system for employee idea reporting
- 2) Begin using Team AMS Improvement plans
- 3) Institutionalize efficiencies gained during Covid-19 by improving COOP and related policies and by modernizing processes with teleworking and technology
- 4) Conduct first Internal Compliance Review

Issue 5 Strategic Priority 5: Develop a World-Class Team

Description ADG achieved the highest employee engagement score in FY19 amongst all state agencies. Attracting, retaining and cultivating talent in a thriving economy requires a focus on the present and future states of a dynamic and ever-changing workforce. ADG is engaged in succession planning across all levels of the agency to ensure key are positions filled well into the future.

Solutions:

FY21 Initiatives:

- 1) Create and deploy formal employee training program
- 2) Complete employee experience breakthrough project

CERTIFICATION

Rudy J. Casillas, Deputy Director
 Phone: (602) 771-4263
 A.R.S. § 5-602

Mission:

To investigate, evaluate, and determine suitability of gaming employees, financiers, management contractors and providers of gaming services applicants for the issuance or denial of state certification.

Description:

The Department of Gaming receives applications from individuals and entities seeking state certification or recommendations for a Tribal license. The Department will issue a temporary state certification by the close of the next business day following its receipt of a complete employee application, unless the Department has a good faith basis to believe that the person may not qualify for state certification under Compact Section 5(f). Following the completion of a background investigation, if the applicant is found suitable, state certification is granted. At the conclusion of the background investigation of a tribal member, a recommendation is made to the Tribe as to whether the person should receive a tribal license. The Department also conducts background investigations and audits to certify corporations or other entities that provide gaming services to tribal gaming facilities in an amount that exceeds \$10,000 per month. Individuals or entities whom are denied, revoked or suspended may exercise administrative procedures pursuant to A.R.S. §§ 41-1092. This program is funded through certification fees and investigative costs established in Section 5(l) of the Tribal-State compacts.

Vision: Health and Wellness for all Arizonans.

Mission: To promote, protect, and improve the health and wellness of individuals and communities in Arizona.

Agency Description: The award-winning, nationally accredited Arizona Department of Health Services (ADHS) is responsible for leading Arizona’s public health system including responding to disease outbreaks, licensing health and child care facilities, operating the Arizona State Hospital, and improving the overall health and wellness of all Arizonans.

Executive Summary: The Arizona Department of Health Services (ADHS) identified five strategic priorities to reach our vision:
Improving Health Outcomes: through identifying the needs and aligning services to our vulnerable populations; and ensuring agreements improve health outcomes.
Promoting and Supporting Public Health and Safety: by preparing for emerging public health threats, addressing quality of care issues and public health risks including the opioid epidemic and investigating complaints at licensed facilities; and promoting healthy relationships and non-violent behavior.
Improving the Public Health Infrastructure: by enhancing our workforce through improved employee engagement.
Maximizing Agency Effectiveness: by integrating the AMS into agency practices and optimizing agency IT infrastructure.
Implementing the Arizona Health Improvement Plan: to address strategic action items for our leading public health issues.

Summary of 5 Year Strategic Priorities

#	Multi-Year Strategy	Start Year	Progress / Successes
1	Improve Health Outcomes	2018	Developed and implemented Maternal Mortality Action Plan to support workforce capacity and system of care. Developed ACEs Action Plan with coordinated efforts in resiliency and establishing poverty and public health partnerships.
2	Promote and Support Public Health and Safety	2016	Implemented GME and CME on Pain & Addiction Curriculum and launched MAT mentoring. Implemented statewide control efforts to address Hepatitis A outbreak. Developed and implemented Immunizations Action Plan.
3	Improve Public Health Infrastructure	2017	Continued progress on implementation of ADHS Culture Plan with a focus on retention, professional & personal development, communication, and empowerment. Completed reciprocity action items for licensed professionals in Arizona. Engagement score has increased from 1.7 in 2012 to 3.6 in 2019.
4	Maximize Agency Effectiveness	2017	Continued strengthening of agency-wide AMS implementation. Implemented IT plan including cloud optimization and ensuring statewide security controls.
5	Implement the Arizona Health Improvement Plan (AzHIP)	2015	Continued progress on health priority action items led by ADHS. Conducted prioritization with Steering Committee and stakeholders to define new 2021 - 2025 priorities and held 3rd annual AzHIP Summit in March 2020.

Strategy #	FY21 Annual Objectives	Objective Metrics	Annual Initiatives
1	Establish agreements to improve health outcomes	1. Percent of Maternal Mortality Action Plan items completed on time 2. Maternal mortality rate	Launch AIM safety bundle; offer training and education on early warning signs information and implicit bias for CHWs, providers and systems of care; promote routine screening for substance use, perinatal mood and anxiety disorders; produce a report on maternal fatalities and morbidity.
1	Support State Hospital as a Center of Psychiatric Excellence	1. ASH Performance Audit score	Staff education on current and upcoming requirements. Ongoing review of POCs developed from Audits to evaluate survey readiness and compliance.
1	Align services with needs of vulnerable populations	1. Percent of ACEs Action Plan items completed on time 2. Number of ACEs AZ children are exposed to	Launch social connectedness campaign to enhance protective factors for the public experiencing ACEs; adopt a trauma-informed approach across all programs serving vulnerable populations
2	Prepare for and respond to public health emergencies	1. Percent of Opioids Action Plan items completed on time 2. Number of opioid deaths	Implement MAT Mentoring Program in partnership with the U of A Center for Rural Health; launch online CME version of Pain & Addiction curriculum; pilot best practices with hospitals for discharge of overdose patients

5	Implement action items for high-impact strategies	1. Percent of new AzHIP 2021-2025 milestones completed on time	Develop the new Arizona Health Improvement Plan 2021 - 2025 focused on priorities of mental well-being, health equity, determinants of health, and rural health & underserved urban populations.

5 Year Plan

Issue 1 Improve health outcomes impacting the health and wellness of Arizonans

Description ADHS continuously monitors patterns and trends in the health status of Arizonans and leverages the State Health Assessment to identify successes and challenges related to health issues to then drive data for action. Strategic priorities for the 5-year plan then include areas of opportunity where the state experiences the greatest morbidity, mortality, and years of potential life lost.

Solutions:

Ensure agreements improve health outcomes:

- Reduce maternal mortality and morbidity

Identify and address emerging health issues:

- Reduce infant death
- Improve Arizona's ranking in the America's Health Ranking annual report
- Reduce STD rates in the state

Support the Arizona State Hospital as a Center of Psychiatric Excellence

- Meet 100% of items in compliance during performance audits

Align services with the needs of vulnerable populations

- Increase the number of home visits provided to support women's and children's health
- Reduce the number of adverse childhood experiences children are exposed to
- Increase the number of AHCCCS members enrolled in tobacco cessation services to reduce adult smoking rates

Issue 2 Promote and support public health and safety

Description ADHS ensures that the public health system of Arizona is prepared for public health emergencies, works to monitor, prevent, and control infectious diseases and environmental health concerns, improves health and well-being through education and health promotion, and advances policies impacting chronic disease risk factors. Within ADHS, the State Hospital promotes hope and wellness for our patients and creates opportunities to participate in planning, delivering, and evaluating services that assist with recovery.

Solutions:

Prepare for and respond to public health emergencies:

- Lead the COVID-19 public health response
- Receive reported pathogen case reporting on time
- Ensure employee response to after hours call downs
- Ensure all suspect EID cases are reported within the communicable disease surveillance system

Promote healthy relationships and non-violent behavior:

- Ensure all staff receive NVC training
- Increase teen pregnancy prevention services provided and reduce teen birth rate
- Reduce the rate of assaults at ASH per 1,000 patient days

Address quality of care issues and public health risks:

- Receive newborn screening bloodspot cards on time
- Reduce the number of opioid deaths
- Increase the percentage of kindergarteners vaccinated with MMR
- Reduce licensing application office time for medical and residential facilities licensing
- Ensure long term care facility complaints are addressed

Promote healthy and safe communities:

- Improve nutrition, physical activity, and breastfeeding trainings are completed to increase the percent of adults at a healthy weight

Issue 3 Improve the public health infrastructure of Arizona

Description The ability to achieve health and wellness for all Arizonans requires sufficient capacity to address health issues through a strong public health infrastructure including funding and workforce capacity. ADHS is the statewide public health agency and has a variety of programs that contribute to the state's public health capacity, as well as partnerships that engage community resources to support state efforts. These efforts impact Arizonans throughout their lifespan and include:

- Controlling epidemics;
- Educating people on healthy habits, such as nutritious eating and getting physical activity;
- Assisting people with tobacco cessation and disease self-management;
- Ensuring safe food and water;
- Testing virtually all newborns for metabolic disorders;
- Improving access to physical and behavioral health;
- Responding to public health emergencies;
- Monitoring hospitals, nursing homes, assisted living centers, ambulances, child care centers, & other licensed facilities and professionals; and
- Documenting every vital event in Arizona, including all births, deaths, and adoptions. ADHS also operates the Arizona State Hospital (ASH), which provides high acuity, inpatient psychiatric services to Arizona's most vulnerable residents. Three distinct facilities are operated on ASH's campus: civil, forensic, and the Arizona Community Protection and Treatment Center (ACPTC).

Solutions:

Build awareness of public health value:

-Implement the agency Communications Plan

Engage community partners:

-Complete the transition of the new 5-year Arizona Health Improvement Plan (AzHIP) 2021 - 2025

Enhance workforce development:

-Implement the agency Culture Plan and increase employee engagement

-Implement the agency retention and recruitment plans

-Reduce ASH turnover rate

Plan and implement the agency role in the health information exchange:

-Implement the IT Action Plan

Issue 4 Maximize Agency Effectiveness

Description By examining processes through a lens of continuous quality improvement and using strategic planning, ADHS seeks to methodically preserve a level of excellence in all agency endeavors. The agency provides services in an effective and efficient manner engaging with partners statewide to achieve results.

Solutions:

Improve coordination and consistency across programs:

-Implement the AzHIP priorities with a vision of healthy people, healthy communities

Leverage AMS to achieve results:

-Increase AMS maturity throughout all programs

Optimize agency resources:

-Increase the percent of labs reporting electronically

-Reduce the number of x-ray and non-ionizing facilities 90 days or less from inspection due date

5 Year Plan

Issue 1 To minimize the number of traffic fatalities in 2020

Description In 2020 GOHS set a fatality goal of 1,014. Based on the trends in fatalities in 2019, the number for 2019 has been reduced to 968 fatalities.

Solutions:

GOHS will analyze statewide/local traffic data and develop our yearly Highway Safety Plan (HSP), which serves as a means for the reduction of traffic crashes, deaths, injuries, and property damage resulting from the crashes on public roads.

GOHS develops, promotes, and implements effective education and enforcement programs geared towards ending preventable crashes and reducing economic costs associated with vehicle use and highway travel. This includes requesting grant proposals from jurisdictions for highway safety projects. These proposals will be reviewed by GOHS staff to determine performance during enforcement periods, past grant award expenditures and crash data provided from the jurisdiction that indicates a serious problem.

The HSP also promotes safety belt and child safety seat use through strong, cohesive statewide enforcement and education campaigns under the banner of "Buckle Up Arizona...It's the Law!" Arizona is a secondary safety belt violation state, but the law enforcement agencies implement a zero-tolerance policy when they encounter safety belts not being used when they stop for another traffic infraction.

Issue 2 Reduce the impaired driving involvement in crashes.

Description To combat the prevalence of impaired driving from alcohol and drugs and distracted driving, GOHS devotes significant resources to overtime enforcement, equipment, and training for law enforcement officers statewide.

Arizona's impaired driving program utilizes enforcement, education, training, and public awareness to reduce the number of crashes, fatalities, and injuries resulting from alcohol- and drug-impaired collisions.

Solutions:

To combat the prevalence of impaired driving, GOHS devotes significant resources for overtime enforcement, equipment, and training for law enforcement officers statewide. GOHS will pursue the following strategies to reduce impaired driving on our roadways:

1. DUI enforcement program;
2. Funding for equipment and supplies (Portable Breath Testing Devices (PBT), phlebotomy supplies, drug testing kits, urine and blood kits, and gas cylinders used to calibrate PBTs, Intoxilyzers, and Livescan Instruments);
3. Officers training (Standardized Field Sobriety Test (SFST) Drug Recognition Expert (DRE) Horizontal Gaze Nystagmus (HGN) DUI report writing and testimony, law enforcement phlebotomy, Advanced Roadside Impaired Driving Enforcement (ARIDE), and Drug Impairment Training for Educational Professionals (DITEP);
4. Traffic Safety Resource Prosecutor and electronic search warrant program with the courts by officers;
5. Public awareness activities including media releases.

GOHS will continue to fund these proven effective strategies to reduce the number of alcohol and drug driving-related fatalities by increasing the number of DUI arrests, training law enforcement on effective tools and techniques, and regularly informing the public about the danger associated impaired driving and the threat of arrest for those who break the laws.

Issue 3 Decrease serious traffic injuries due to speed and aggressive driving.

Description Speeding is the number one contributing factor in the State's fatal crashes. Countless tragedies are caused by excessive speed crashes, which injure and kill innocent people. Arizona's wide thoroughfares are conducive to driving far in excess of the posted speed limit, changing lanes, tailgating, and passing dangerously on the daily commute. Some drivers ignore the most important rules of safe driving, which are common sense and courtesy.

Solutions:

GOHS supports several strategies to reduce speeding, aggressive driving, and red light running. They include:

1. Law enforcement (overtime for sustained statewide traffic enforcement campaigns conducted throughout the year);
2. Equipment purchases (vehicles, speed trailers, Laser and Radar guns);
3. Materials and support for public information and media campaigns;
4. Training for project and program managers;
5. Annual public opinion surveys

ARIZONA HISTORICAL SOCIETY

W. James Burns, Executive Director
Phone: (480) 387-5366
A.R.S. § 41-821(A)

Mission:

To connect people through the power of Arizona's history.

Description:

The Arizona Historical Society is a member- and government-supported nonprofit State agency. It is governed by a Governor-appointed board consisting of one representative of each county, one representative of each of five historical organizations, and five appointees at large.

Museums and historic properties are located in Flagstaff, Tempe, Tucson, Yuma, Douglas, and Pine-Strawberry. The Society maintains an extensive library and archival collections used by a diverse audience, and it produces the Journal of Arizona History and various historical books. The Society certifies and supports 73 local historical societies in preserving and disseminating Arizona history. The Society also supports other board-approved community activities.

Issue 1 Unified Organization Identity

Description AHS strives to Create a unified identity for the organization (Internal and External)

Solutions:

Strategy 1.1. Establish AHS as a strong, recognizable brand.

Objective 1.1.1. Improve identification of historic sites and museums as entities within the AHS brand.

Objective 1.1.2. Standardize use of Arizona Historical Society as "The Brand", in all communications and marketing.

Objective 1.1.3 Engage staff to develop strong sense of unified AHS identity.

Objective 1.1.4. Increase public awareness of AHS.

Objective 1.1.5. Engage support groups and boards in discussions about the need for an AHS branded approach.

Objective 1.1.6 Establish universal AHS membership branding.

Strategy 1.2. Enhance the Certified Museum program.

Objective 1.2.1. Create greater value for AHS Certified organizations and greater identification with AHS as a respected historical organization and partner.

Strategy 1.3. Develop performance and financial reporting metrics to reflect new organizational structure.

Objective 1.3.1 Modify reporting, budgetary alignment to reflect functional alignment with emphasis on the AHS organization as a single entity.

Issue 2 Financial Resources

Description Enhance financial resources to advance our mission and ensure long-term sustainability and growth.

Solutions:

Strategy 2.1. Develop a planned giving program.

Objective 2.1.1 Diversify revenue streams to reduce dependence on appropriated funds.

Objective 2.1.2 Develop a high-functioning 501(c)3 for stewardship of gifts.

Strategy 2.2. Develop a grant-writing program.

Objective 2.2.1 Diversify revenue streams to reduce dependence on appropriated funds.

Strategy 2.3. Launch a capital campaign.

Objective 2.3.1. Build endowment, address deferred capital projects, create new exhibitions, and improve stewardship of collection and archival materials.

Strategy 2.4. Establish, develop and grow relationships with elected officials.

Objective 2.4.1. Build awareness of AHS' mission and vision and an understanding of the essential role that AHS plays in communities across Arizona.

Strategy 2.5 Maximize existing earned income streams and develop new earned income streams.

Objective 2.5.1 Diversify revenue streams to decrease dependence on appropriated funds.

Strategy 2.6. Involve affiliate organizations (boards and support groups) in overall fundraising plan.

Objective 2.6.1. Grow relationships with affiliate organizations.

Strategy 2.7. Optimize AHS' volunteer corps statewide.

Objective 2.7.1. Hire a volunteer coordinator.

Objective 2.8. Optimize AHS staff time by providing the necessary IT resources and skills (infrastructure, hardware, software, training) to do their jobs.

Strategy 2.8.1 Identify in-house staff to officially handle some IT tasks and external resources to handle other tasks.

Strategy 2.8.2. Evaluate training needs.

Strategy 2.8.3. Develop and prioritize IT needs list.

Issue 3 Community Trust

Description To become the most trusted authority on Arizona history.

Solutions:

Strategy 3.1. Market and communicate information about our historical resources (what we have) and what we do with those resources (publications, programs, exhibitions, events, history education).

Objective 3.1.1. Increase online presence by adding more collections and publications.

Objective 3.1.2. Create online exhibitions for our longtime exhibitions currently on display.

Objective 3.1.3. Develop traveling exhibitions for historical organizations across the State.

Objective 3.1.4. Develop internal resources and resource guide for inquiries requiring subject matter expertise.

3.1.4.1. Create a book club and suggested reading list.

Strategy 3.2. Reinvent the Journal of AZ History as a modern scholarly journal and a trusted source for AZ history.

Objective 3.2.1. Promote the Journal to scholars and recruit esteemed authors.

Objective 3.2.2. Broaden the topics in the Journal to be more reflective of the breadth of AZ history.

Objective 3.2.3. Improve the book review section.

Objective 3.2.4. Build a database of scholars with specialties and contact information.

Strategy 3.3. To become the "go to" place for helping to provide curriculum and lesson plans to Arizona's history / social studies teachers.

Objective 3.3.1. Develop a "Museum in a Box" program (digital or physical).

Objective 3.3.2. Explore the possibility of revising and republishing the Arizona history textbook.

Objective 3.3.3. Expand outreach program.

Issue 4 Collections

Description To improve our ability to collect, preserve, interpret, and disseminate Arizona's history.

Solutions:

Strategy 4.1. Concentrate collections on high-utility items

Objective 4.1.1. Remove items from collections that do not directly relate to mission and items that have low utility.

Objective 4.1.2. Actively collect high-utility items with strong provenance, research, exhibit and programming use.

Strategy 4.3. Seek federal grants to support exhibitions and programming.

Objective 4.3.1. Develop long term (3-5 years) programming and exhibition schedules.

Objective 4.3.2. Develop detailed budget for each exhibition and program.

Strategy 4.4. Develop digital and online educational programming.

Objective 4.4.1. Evaluate digital storage options.

Objective 4.4.2. Develop online educational programming.

Objective 4.4.3. Create online components for exhibitions.

Strategy 4.5. Develop a plan to disseminate historical content more broadly statewide.

Objective 4.5.1. Incorporate traveling exhibitions into long-term exhibition schedule and planning.

Objective 4.5.2. Market AHS online catalogs of objects and archival documents.

Issue 5 Audience

Description To attract audiences by creating transformative experiences through history.

Solutions:

Strategy 5.1. Engage visitors through interactive experiences using online and onsite technology.

Objective 5.1.1. Increase visitation and encourage audience growth using on-site technology.

Objective 5.1.2. Increase digital engagement to build new audiences.

Strategy 5.2. Provide visitors with participatory experiences that unite education with entertainment.

Objective 5.2.1. Create revenue-generating on and off-site tours that promote local history and environment.

Objective 5.2.2. Analyze existing programs, adopting the most successful statewide, as appropriate.

Objective 5.2.3. Develop merchandising/cross-sales opportunities.

Strategy 5.3. Develop experiences that are meaningful and relevant to today's audiences.

Objective 5.3.1. Create exhibitions, programs, and events that offer insights into modern day issues through a historical lens.

Objective 5.3.2. Evaluate all AHS activities to gather data that will inform future decision making about exhibitions, events, and programs.

Strategy 5.4. Conduct studies of the guest experience at each AHS location.

Objective 5.4.1. Identify opportunities to enhance guest experiences in ways that are relevant, implementable, and impactful.

Agency Summary

PRESCOTT HISTORICAL SOCIETY

Fred Veil, Executive Director
Phone: (928) 277-2002
A.R.S. § 41- 831

Mission:

To serve as an educational and cultural center, which fosters public and community understanding and appreciation of historical, social, cultural, and natural aspects of Arizona, with emphasis on the Central Highlands, and which promotes involvement in and support for research, collections, conservation, exhibits, and related programs.

Description:

The Prescott Historical Society operates the Sharlot Hall Museum, which was founded in 1928 and is located on the grounds of the first territorial Governor's residence and offices. The nearly four-acre landscaped campus features 11 exhibit buildings, including four restored historic structures: the territorial Governor's Mansion (1864), Fort Misery (1864), the Fremont House (1875), and the Victorian-era Bashford House (1877). The Lawler Exhibit Center (1977) hosts both permanent and changing exhibits, an historic theater, and storage of extensive historic and prehistoric objects. A large Archive Library (2008) houses a 10,000 book library and hundreds of thousands of images, documents, maps and oral histories.

In March 2013, a new support facility constructed with non-State funds was completed. In April 2014, a new admissions building, also privately financed, was added. A 10,000 square foot Education Center, financed entirely by the non-profit Sharlot Hall Historical Society, was completed in the summer of 2020. The Bob Stump VA Medical Center hosts a branch museum that interprets the history of Fort Whipple. Public programs include the annual Folk Arts Fair, Prescott Indian Art Market, Folk Music Festival, Frontier Christmas, Western History Symposium, musical and theatrical historical productions, living history interpretations in both indoor and outdoor settings, heritage gardens, lecture series, education tours, and outreach opportunities for children and adults.

5 Year Plan

Issue 1 Excellence in Education

Description Sharlot Hall Museum is dedicated to excellence in exhibitions, programs, and preservation of its collections for public benefit. As the top priority of the institution, comprehensive plans for both internal and traveling exhibits and programs, and wide use of websites and other means will offer patrons opportunities that excite, enrich, and educate a broad range of ages and a diverse public. As an overarching goal, efforts in this area will be based on appropriate Arizona curriculum standards where possible.

Solutions:

☑ Fund and continue implementation of the Museum's long-range exhibit plan

. Maximize the utilization of the new education facility for presentation, festivals, lectures, training, demonstrations, and related educational and cultural activities.

☑ Continue to implement and improve the Museum's education plan, with increased emphasis on school tours and youth oriented activities.

. Explore opportunities to expand the Museum's collections, including its archival materials

. Develop a plan designed to increase public awareness of the research opportunities offered by the Museum's Library & Archives.

. Evaluate and implement, as appropriate, opportunities to utilize technology in new and existing exhibits.

Issue 2 Long-Range Financial Planning

Description Sharlot Hall Museum is committed to sound and responsible stewardship of the public resources to ensure that we can continue to provide our members and visitors with an educational and cultural experience consistent with our mission.

Solutions:

☑ Provide a solid development plan to obtain funds for both short term and long term needs

☑ Continually evaluate the Museum's investment strategies to ensure maximum return within fiscally prudent guidelines

☑ Employ cost effective management principles in administering operational and capital funds

☑ Develop resource focused upon these sectors:

1. Endowments/planned giving/major gifts/naming opportunities;

2. Annual giving and membership base expansion;

3. Corporate and institutional connections/support opportunities;

4. Governmental relations; and

5. Fund raising events with a focus on those which maximize revenues and minimize impact on the Museum staff.

Issue 3 Long-Range Facilities Planning

Description The Sharlot Hall Museum's exhibit, facilities and space utilization plans describe the facilities changes, renovations, and required upkeep to accommodate the present physical plant and future growth. This initiative ensures that facilities will meet the needs of the Museum campus and community.

Solutions:

☑ Review and revise, as appropriate, these plans to reflect current needs and projected resources/sustainability to include proper space utilization

. Fund and convert the West Wing of the Lawler Exhibit Center into permanent and changing exhibit galleries.

☑ Produce a Five-Year Capital Improvement Plan

Issue 4 Economic and Political Support

Description This initiative is designed to assist Sharlot Hall Museum in its dual efforts to provide quality of life experiences for the community and to serve as a regional economic generator through civic tourism

Solutions:

- ☑ Maintain a high profile with state, county, and local government to assure tax base funding
- ☑ Develop partnerships with community businesses, leaders, and others
- ☑ Develop partnerships with complementary institutions/entities which offer learning and coalition building opportunities, facilities and event production sharing, etc.:
 1. Indigenous tribal entities
 2. Arizona Historical Society
 3. Local historical museums/entities/events (Phippen, Smoki, Westerners Corral, etc.)
 4. Service clubs
 5. Educational institutions

Issue 5 Public and Media Relations

Description Wide ranging efforts to publicize the unique nature and extensive quality offerings of the Sharlot Hall Museum is the foundation of sustainability. The Museum can only fulfill its mission if the public is aware of existence, and the many rewards it offers.

Solutions:

- ☑ Develop solid public relations, marketing and promotion plan;
.Continue to foster strong relationships with local media;
- ☑ Develop progressive membership plan, with increased emphasis on corporate memberships;
- ☑ Develop visitor surveys and other means to obtain audience input

Issue 6 Human Resources

Description A major challenge for the Museum over the next several years is to address the effects of an aging management team and the inevitable loss of years and even decades of expertise and institutional knowledge. It is anticipated that within the next 3 years, if not sooner, five of the eight key management employees will retire. Prudent management dictates that this human resources issue be addressed by the Board of Trustees and the Executive Director. Moreover, in recognition of the fact that personnel requirements are influenced by changing operational circumstances and other causes, a long-term evaluation of such needs is in order.

Solutions:

- i. The Board of Trustees, with input from the Executive Director, will develop a plan for the succession of the Executive Director in the event he should become incapacitated, die or retire.
- ii. The Executive Director, with input from staff, will develop a plan for the succession of other key management employees in the event of their incapacity, death or retirement.
- iii. The Executive Director, with staff input, will develop a needs-assessment for Museum staffing associated with long-range criteria, taking into account existing expertise, anticipated growth and projected changes in operational circumstances.

Agency Summary

DEPARTMENT OF HOMELAND SECURITY

Gilbert M Orrantia, Director
Phone: (602) 542-7013
A.R.S. § 41-4252

Mission:

To protect Arizona by providing strategic direction and access to federal grants and other resources for the state's homeland security stakeholders in preventing terrorist attacks; enhancing border security; heightening cybersecurity efforts; reducing Arizona's vulnerability to critical hazards; and enhancing the capacity and expertise to plan for, mitigate, respond to and recover from critical hazards that affect the safety, well-being, and economic security of Arizona.

Description:

The Department of Homeland Security administers federal grants to State and local agencies to protect our border and prevent or reduce Arizona's vulnerability to terrorist attacks.

Funding:	<u>FY 2020 Actual</u>	<u>FY 2021 Estimate</u>	<u>FY 2022 Estimate</u>
General Fund	0.0	0.0	0.0
Other Appropriated Funds	0.0	0.0	0.0

Total Funding	24,282.5	25,138.2	25,138.2
FTE Positions	16.0	16.0	16.0

Vision:

To be the nationwide best practice for grant management and administration among all state homeland security departments.

Mission:

Protect Arizona by providing strategic direction and access to resources that will enable all of the State’s homeland security stakeholders to achieve our collective goals of: preventing terrorist attacks; enhancing border security; heightening cybersecurity efforts; reducing our vulnerability to all critical hazards; enhancing the capacity and expertise to plan for, mitigate, respond to and recover from all critical hazards that affect the safety, well-being, and economic security of Arizona; and building the resiliency of Arizona.

Agency Description:

The Department administers federal grants to State and local agencies to protect our border and prevent or reduce Arizona’s vulnerability from terrorist attacks.

Executive Summary:

The focus of the department for Fiscal Year 2021 will be to comply with all grant guidelines including obligating funds within 45 days of receipt of the 2020 grant award and monitoring subrecipients to ensure their compliance with grant guidelines. The department is also focused on assisting in identifying resources that can be used and shared statewide to strengthen the ability to work together to address common threats and vulnerabilities across the state.

In addition, the director believes that the increased use of telework will help to create a more resilient and efficient department and therefore the department will develop and implement a telework program. Furthermore the department will increase efficiency by exploring automated systems, analyzing reimbursement data and engaging with stakeholders to minimize the amount of days to process completed reimbursements.

Summary of 5 Year Strategic Priorities

#	Multi-Year Strategy	Start Year	Progress / Successes
1	Effectively manage homeland security grant funds	2017	<ul style="list-style-type: none"> Operation Stonegarden Grants have funded 295,160 hours of law enforcement overtime, 106,187 vehicle stops, and 5,177 arrests, in an effort to secure our border AZDOHS has conducted 713 site visits and desk reviews of our stakeholders to ensure 100% compliance on grant awards Monitoring and oversight of grant funding has ensured over 99% of grant funding is utilized
2	Provide strategic direction and improve regional collaboration on homeland security issues within Arizona	2017	<ul style="list-style-type: none"> AZDOHS has conducted 40 Integrated Planning Team (IPT) meetings and 60 Regional Advisory Council (RAC) meetings which provide strategic oversight on deployment of regional assets based on federal grant funding Developed a cyber fraud investigation team with the Maricopa County Attorney’s Office Established the Arizona Cyber Safety Speakers Bureau to provide community training Conducted a Cyber Disruption Workshop for northern Arizona
3	Create a more efficient Department	2017	<ul style="list-style-type: none"> Engaged our stakeholders on a 1-on1 basis to ensure education and mentorship occurs Conducted stakeholder seminars to improve the reimbursement process Conducted outreach and updated website to provide current policies and procedures Decreased the AZDOHS average reimbursement processing time from 42 to 10.45 calendar days, in order to minimize stakeholder capital outlay (75% reduction)

#3	<p>Minimize days to reimburse stakeholders</p> <p>Increase the number or percentage of eligible telework hours</p>	<p>Process completed reimbursements and send to accounting within 14 days on average of receipt from stakeholder</p> <p>Percent of eligible telework hours</p>	<ul style="list-style-type: none"> • Continuously seek ways to improve our internal processes • Engage with stakeholders on a 1-on-1 basis • Continuously collect and analyze data to determine reasons for delays • Explore automated systems to enhance grant related processes • Develop and implement the telework program to include: establish eligibility criteria and schedules, update standard work, identify equipment needs, establish reporting and evaluation requirements, and design/redesign floor plans and functionality

Issue 1 SUSTAINING THE VIABILITY OF AZDOHS SECURITY WITH DRASTICALLY REDUCED FUNDING

Description IMPACT TO AZDOHS TO EFFECTIVELY PROVIDE HOMELAND SECURITY STRATEGIC DIRECTION, ENHANCE COLLABORATIVE EFFORTS AND ADMINISTER AND MANAGE GRANT FUNDS AWARDED TO THE STATE OF ARIZONA. The AZDOHS is the State Administrative Agency (SAA) responsible for the management and administration of the suite of grant programs available from the USDHS. As the SAA, there is a myriad of roles, responsibilities and reporting requirements to maintain eligibility to receive and maintain compliance with all of the grant guidance and award conditions.

Since 2015, Arizona’s homeland security grant funds have increased by more than 20.0%. However, with increased funding the SAA must still maintain compliance and meet all reporting requirements well after the end of a grant performance period regardless of any potential reductions of the grant programs.

While the AZDOHS has made every effort to be exemplary stewards of the funds awarded to the State, the department would be impacted by a reduction of funds.

A substantial reduction in funds will directly result in a reduction of current AZDOHS staffing levels. A reduction in current staffing levels will affect the department’s ability to sustain the collaborative efforts that have brought together and built working relationships across the various disciplines. The collaborative relationships built have served as a cornerstone involving collective efforts to share information, leverage resources, and increase the level of prevention and response capabilities.

Reduced staffing would impede the ability to efficiently and effectively manage and administer the grant programs as well as meet all of the state and federal reporting requirements. Failure to maintain compliance with the reporting requirements could result in Arizona being ineligible to receive homeland security grant funds or a reimbursement being held until such time compliance is achieved.

Reimbursement requests to stakeholders would be delayed thus imposing unintended budgetary consequences on local jurisdictions to be able to accept and utilize any potential grant funds that may have been awarded. Accordingly, stakeholder relationships and collaborative efforts would be affected.

Should federal homeland security grant funding be reduced, the overarching impact to the State of Arizona will negatively affect border security and counter-terrorism efforts. In addition, emergency management, preparedness and response efforts will also be impacted. Reduced funding could affect the sustainment of Arizona’s current levels of security, preparedness and emergency response.

Solutions:

SUSTAINING THE VIABILITY OF THE AZDOHS WITH POTENTIALLY REDUCED FEDERAL FUNDING - IMPACT TO AZDOHS TO EFFECTIVELY PROVIDE HOMELAND SECURITY STRATEGIC DIRECTION, ENHANCE COLLABORATIVE EFFORTS AND ADMINISTER AND MANAGE GRANT FUNDS AWARDED TO THE STATE OF ARIZONA.

To address reduction of funding to maintain and sustain the AZDOHS, the department will continue to use the Arizona Management System to analyze and assess our internal budget and internal processes.

Annual reviews and assessments will be conducted to determine viability of staff levels to maintain ongoing department responsibility requirements. If reduction in funds is experienced, reduction in force recommendations will be made to the director accordingly.

With limited resource options, it will be difficult to sustain the standards of excellence the AZDOHS has attained to be good stewards of the homeland security funds awarded to Arizona.

AZDOHS will continue to use the Arizona Management System to analyze and assess our internal budget and internal processes.

Issue 2 MAINTAINING THE SAFETY AND SECURITY OF ARIZONA’S RESIDENTS WITH REDUCED FUNDING

Description POTENTIAL IMPACT TO ARIZONA’S ENHANCEMENT OF BORDER SECURITY AND THE CAPABILITY AND CAPACITY TO PREVENT, PROTECT, MITIGATE, RESPOND TO AND RECOVER FROM TERRORIST ATTACKS AND ALL HAZARDS.

In today’s current environment, there is a persistent threat of terrorist attacks. It’s not a matter of if, but when these attacks will occur worldwide. It is more important than ever to provide as many resources as possible to homeland security initiatives to ensure the safety and security of Arizona’s residents.

There is an ongoing challenge to maintain and sustain the capabilities and capacity levels achieved over the past several years with the continuous looming potential reductions in federal funding. One of the major elements that is key to the capability and capacity to prevent, protect, mitigate, respond to and recover from terrorist attacks and all hazards is the collaborative partnerships that have been developed and fostered through the homeland security grant program.

As is the case with many federal grant programs, AZDOHS leadership is aware of the potential in reduced homeland security grant funding and continues to work with stakeholders to maximize the use of current grant funds. While AZDOHS may experience fluctuations in funding levels, there will be an ongoing requirement and expectation that Arizona will continue to assure border security operations are enhanced and sustained; and that the capabilities and capacity (built with homeland security grant funds) to address the ever-present and ongoing threats of terrorism, illegal border crossings, human and drug trafficking along the Arizona/Mexico border, and information-sharing among law enforcement entities (local, state, tribal, federal) to prevent adversarial attacks are sustained.

To provide safety and security to Arizona’s residents; the capability and capacity to conduct border security operations, maintain emergency response plans, and interoperable communications, and equipment to respond to acts of terrorism or other critical hazards is a priority for the well-being of all residents. It is also imperative that training and exercise continue to maintain and sustain a capable response force.

Reduced funding impacts Arizona’s border security operations by decreasing state, local and tribal high-visibility uniformed patrols along the Arizona/Mexico border and also affects the ability to prevent and protect Arizona’s residents from terrorism and other critical hazards. It is essential to maintain the strategic direction, capabilities and capacity to prevent, protect, mitigate, respond to and recover from an incident for the safety, well-being and economic security of Arizona.

The challenge is sustaining or enhancing the capacity levels in accordance with increasing threats/hazards in the current homeland security environment.

Solutions:

STRATEGY TO ADDRESS ISSUE 1 – MAINTAINING THE SAFETY AND SECURITY OF ARIZONA’S RESIDENTS WITH POTENTIALLY REDUCED FEDERAL FUNDING - POTENTIAL IMPACT TO ARIZONA’S ENHANCEMENT OF BORDER SECURITY AND THE CAPABILITY AND CAPACITY TO PREVENT, PROTECT, MITIGATE, RESPOND TO AND RECOVER FROM TERRORIST ATTACKS AND ALL HAZARDS.

The AZDOHS will continue to focus on border security, maintaining and sustaining the capabilities and capacities to prevent, protect, mitigate, respond to and recover from threats or acts of terrorism and all critical hazards with the grant funds awarded to Arizona through the FFY 2020 funding cycle. To address this issue, the AZDOHS will focus on the furtherance of enhancing regional partnerships and collaborative information-sharing activities.

It is the goal of the AZDOHS to manage and administer the available funds while maintaining compliance with the USDHS National Preparedness Goal and the National Preparedness System to sustain capabilities that can be regionally and federally deployed.

Although deployment is coordinated through the mutual aid compacts at the local, state and regional level, the SAA is the designated entity eligible to apply for and receive homeland security grant funds.

If federal funds are reduced, stakeholders would be encouraged to seek maintenance and sustainment support through their local governing body.

Vision: To promote, preserve and invest in affordable housing; protect consumers; and revitalize communities to make Arizona the best place to live.

Mission: Providing affordable housing and community revitalization to benefit the people of Arizona.

Agency Description: The Arizona Department of Housing is a cabinet level agency, created in 2002 by the State legislature to serve as the State's primary agency to address housing issues in the State. Primarily funded through Federal resources and fees, the agency administers housing and community development resources, serves as the State Public Housing Authority, and regulates Arizona's manufactured housing industry.

Executive Summary: The Department's focus for FY21 include: **Create the best living environment for Arizona's citizens and communities** by targeting its resources to encourage the development of sustainable, energy-efficient, accessible housing in areas of opportunity with private and community partners; working with rural cities and counties to make good and timely investments in community development and revitalization through federal resources; and operating at the speed of business to regulate the manufactured housing industry in order to protect consumers. **Coordinating efforts to reduce homelessness** by providing a safety net for struggling homeowners by providing timely assistance to avoid foreclosures; and reducing homelessness by working with other public and private partners and making resources available to re-house people. **Practicing fiscal responsibility** by providing efficient and effective financial services; wisely investing available resources; and addressing the challenging lack of resources in Arizona to improve the state's most critical housing problems by finding innovative ways to finance the Department's mission without general fund support.

Issue 1 Creating better living environments for Arizona's citizens and communities

Description The Department will focus on creating the best living environments for Arizona's citizens and communities by targeting its resources to encourage the development of sustainable, energy-efficient, accessible affordable housing in areas of opportunity with private and community partners; working with rural cities and counties to make good and timely investments in community development and revitalization through federal resources; and operating at the speed of business to regulate the manufactured housing and modular building industry in order to protect consumers.

While the Department has always taken a conservative approach to the utilization of its resources, it has had to increase its efforts to target its resources in order to demonstrate the greatest impact in Arizona with fewer resources. With an end goal of aiding in the creation of conditions that create and promote more productive living amongst all Arizonans, the Department is narrowing its focus, increasing efforts to maximize the number of new rental units it can produce throughout the state in order to address an ever growing deficit in available affordable housing.

Activities that are financed through Department resources that create better living environments include: the development of affordable rental housing units through new construction or acquisition and rehabilitation; rehabilitation and weatherization improvements of dilapidated owner-occupied housing stock with a priority for seniors, individuals living with disabilities, and families with children; monthly rental subsidy assistance for Arizona's lowest income households who otherwise would be homeless; development and support of transitional housing opportunities for Arizona's most vulnerable special needs populations, including those transitioning out of homelessness, victims of domestic violence, recovering substance abusers, and others; improved infrastructure and community facilities in Arizona's 13 rural counties; regulating the activities of the manufactured housing industry; and other community development and revitalization activities.

Solutions:

The Department's strategies to create better living environments includes: (1) targeting resources that promote development of affordable housing opportunities along public transportation hubs to increase transportation to jobs, education, and after school programs for family units and senior centers when properties focus on providing senior housing, in order to provide location efficient housing for low-income households; (2) tying financial assistance through the Department to projects that will create the highest economic impact in the shortest term; (3) requiring the incorporation of energy efficiency and green building practices for long-term energy savings and sustainability for Department-financed projects; (4) continuing to limit Department investments to only those projects that require a public subsidy to achieve viability – encouraging the use of limited resources for the creation of new units and the use of non-limited (e.g., 4% federal tax credit) resources for the rehabilitation and retention of existing rental stock; (5) collaborating with community partners to end homelessness by providing permanent supportive rental housing; (6) working with the Department's rural communities to make good and timely investments of federal resources; and (7) operating at the speed of business to provide timely inspection services to manufactured housing plants and installation sites.

Issue 2 Coordinating efforts to end homelessness throughout the state

Description The Department will coordinate efforts to end homelessness by providing a safety net for struggling homeowners by providing timely assistance to avoid foreclosures; and reduce homelessness by working with other public and private partners and making resources available to avoid evictions and re-house the homeless. Since the State began addressing the issue of homelessness, decades ago, there had not been a collective conscience fighting this issue until recently. In order for Arizona to make progress it will take a coordinated effort. Despite numerous challenges and obstacles, such as inadequate resources, significant progress has been made towards achieving our ongoing objective to end homelessness in Arizona.

While the foreclosure crisis has abated, with foreclosure levels falling to pre-recession levels, close to 18 percent of Arizona mortgage holders are still underwater and thousands of homeowners are still unable to afford their mortgages, as they are unable to find employment opportunities that match their pre-recession incomes, or have experience difficulties due to job loss or illness. Fortunately, through at least 2020, the Department will have resources to help such households avoid foreclosure. While the Department currently has no dedicated funding to aid renters in avoiding eviction, it will be looking for resources to address a growing need for this type of assistance to avoid homelessness.

By utilizing strategies like the “Housing First” concept, we are working to remove the instability that comes with being homeless by offering Rapid Re-housing resources. We have seen firsthand how people’s lives have been transformed once they are stabilized in housing that is supported with services that assist people to become self-sufficient.

The Department will continue to work with the Maricopa County, the City of Phoenix, and other community partners to address chronic homelessness in Maricopa County. The Men’s Overflow Shelter (MOS), operated by Central Arizona Shelter Services (CASS), in Phoenix, began in 2007 as a temporary, short term shelter in response to unusually high temperatures and heat related deaths of individuals experiencing street homelessness. However, the facility was not intended to remain open on a permanent basis despite housing an average of 500 people a night. In January 2014, the state fire marshal cited the MOS with five code violations. Various structural issues and upgrades to basic living conditions were cost prohibitive necessitating the need to close the facility. Working with our collaborative partners, Valley of the Sun United Way, Maricopa County, and the city of Phoenix we found short-term, mid-term, and long-term solutions to housing the individuals who depended heavily on the MOS facility. This coming together to work out a solution for the MOS has led to a renewed effort to look at the totality of all of these public and private efforts to end homelessness and a concerted effort to end homelessness together within the next five years.

Solutions:

The Department is taking a multi-pronged approach, by continuing to offer foreclosure assistance and looking for ways to avoid evictions to avoid homelessness in the first place; and then working with innovative approaches to re-house those persons and households who fall into homeless.

To assist still struggling homeowners, the Save Our Home AZ (SOHAZ) program continues to successfully assist Arizona homeowners who are either facing a potential foreclosure or are significantly underwater with their mortgage payments. Moving forward, the Department will: (1) continue to offer principal reduction assistance to homeowners who are living with the negative effects of paying against underwater mortgages; (2) continue to provide principal reduction assistance, when feasible, to buy down mortgages to an affordable payment for underemployed Arizonans; and (3) the Program will also continue to provide monthly mortgage assistance to homeowners who are completely unemployed or for whom a principal reduction is not a feasible solution. Such financial assistance is given as a loan so that as the housing market improves, homeowners who sell an assisted property may be repaying a portion of the assistance back to the State to recycle for future use.

People experiencing homelessness will continue to be identified through various outreach efforts and referred to the access points either for singles or families. Individuals generally access emergency shelters first and then are assessed for the appropriate housing interventions. Outreach teams identify individuals and families experiencing homelessness. The common assessment tool known as the Service Prioritization Decision Assessment Tool (SPDAT) is now being utilized to assess the needs of the individuals or families and match them to the most appropriate intervention. Often this can entail diversion, rapid-re-housing, or permanent supportive housing. The SPDAT has undergone rigorous testing. It has been reviewed by experts in healthcare, mental healthcare, housing and homelessness. It is effective in a range of population from an age, gender, and cultural perspective. The core premise is to get the right household to the right program at the right time to end homelessness, based upon evidence of strengths, understanding of needs and housing status.

The SPDAT has enhanced the homeless assistance providers’ ability to better serve in that it has reduced subjectivity and increased

objectivity in referring and working with people to see that they obtain the best service and housing for their needs. With agreement on using the same assessment tool, there is now consistency in the evaluation process. The use of SPDAT will greatly improve the screening processes, better serving homeless populations to get to the type of assistance they individually need.

The Department is focused and committed to finding permanent supportive housing options which are more effective and less costly than traditional shelter services. It does this by providing funding to build rental facilities that are designed to address the needs of formerly homeless individuals and families, and by providing Rapid Re-housing rental assistance, to assist those homeless individuals and families to simply need a stabilized living situation to recover. Working with our housing partners, we will continue to work on permanent supportive housing solutions, and other ways to reduce Arizona's homeless population.

Beginning in FY2018, the Department will be working with the Arizona Department of Corrections and other state agencies, to address housing issues of individuals exiting Corrections facilities in order to avoid homelessness and to provide more stable housing situations in order to aid in the reduction of recidivism.

Issue 3 Practicing Fiscal Responsibility

Description The Department will practice fiscal responsibility by providing efficient and effective financial services; wisely investing available resources; and addressing the challenging lack of resources in Arizona to improve the state's most critical housing problems by finding innovative ways to finance the Department's mission without general fund support.

Solutions:

Utilizing the Arizona Management System (AMS), the Department will continue to implement lean management practices that will assist with the most efficient and effective financial services and will lead to the wisest investing of the Department's available resources.

The Department will continue to focus on addressing the challenging lack of resources in Arizona to improve the State's most critical housing problems by finding innovative ways to finance the Department's mission without general fund support. Prior to the economic and ensuing state budget crises, the Department was the beneficiary of excess funding from the State's Unclaimed Property Fund, through a legislated formula of 55 percent of the fund, which was annually deposited into the State Housing Trust Fund. This resource amounted to approximately \$30 million a year that the state was dedicating to helping address affordable housing needs throughout the state. This was an important resource, in that it allowed the Department to address housing problems that no federal funding resource addresses. These types of activities included the development and support of homeless shelters, tribal housing issues, disaster-related housing assistance, emergency repairs for low-income homeowners such as roof and heat and air conditioning repairs, emergency eviction prevention programs, and other desirable activities for which no other resources exist. In FY2017, the Department began to be the beneficiary of excess fees earned through the State's mortgage programs, now operated by the Arizona Industrial Development Authority, which will be deposited into the State Housing Trust Fund. The Department will be looking for other such ways to finance its activities without putting a burden on the Arizona taxpayer.

Issue 4 Enhance agency practices to align with business needs

Description This new strategic initiative focuses on the alignment of agency functions with those of our industry partners to improve results through efficient and effective systems and practices.

Solutions:

The Manufactured Housing division of the Arizona Department of Housing utilizes and maintains an antiquated set of desktop and web applications for providing numerous public services to its stakeholders. In combination with these applications, new applications have recently been developed as-needed to introduce new public services electronically. This mixture of old and new has in turn created more difficulties with a rise in administration duties, a lack of information sharing, and no uniformity. With additional development projects on the wait list, continuing down the path of creating small as-needed applications, while ignoring aging ones, is not practical nor suggested. Having a single module-based web application designed from the ground up is recommended. In turn, each module could then share relational information within, create greater awareness, access information faster, reduce data entry, and vastly improve the quality of service and interaction between consumers and ADOH staff.

Vision: To be the best state in the proactive, collaborative, and steadfast protection of the life, health, safety, and welfare of the workforce.

Mission: To efficiently administer and effectively oversee all applicable laws related to the protection of life, health, safety, and welfare of employees within the state.

Agency Description: The Industrial Commission of Arizona (“ICA”) was established to oversee laws protecting the life, health, safety, and welfare of Arizona’s workers. The ICA administers the state’s Workers’ Compensation Act and other employee protections, such as laws related to occupational safety and health, minimum wage, unpaid wages, and youth labor. The ICA also provides workers’ compensation benefits to claimants of uninsured employers and bankrupt self-insured employers.

Executive Summary: With core missions to protect and assist workers both before and after a workplace injury, to collaboratively work with employers to promote workplace safety and health, and to efficiently resolve labor-related complaints, the ICA’s 2021 strategic plan is focused on proactive, collaborative workplace safety; continually-improved customer service, operations, and technology; and an engaged, high-performing workforce.

The ICA will continue to expand the reach and impact of the Arizona Division of Occupational Safety and Health (“ADOSH”) in an effort to eliminate hazards before injuries occur, to improve the operational efficiency of the Labor and Claims Divisions, and to use appropriate tools to reduce the volume of workers’ compensation litigation.

A solid foundation of online services for ICA customers has been laid, including online forms, community portals, and resources – saving stakeholders time and money. Continued efforts will focus on leveraging technology to improve manual, paper-based processes in several Divisions; enhancing virtual services; and increasing efficiency of teleworking employees.

Finally, significant progress has been made in the last four years to develop a high-performing, engaged workforce. Continued efforts will focus on the design of virtual AMS tools to support telework, creation and use of standard work, and improved onboarding of employees.

Issue 1 FIVE YEAR 2021 STRATEGIC PLAN

Description VISION:

To be the best state in the proactive, collaborative, and steadfast protection of the life, health, safety, and welfare of the workforce.

MISSION:

To efficiently administer and effectively oversee all applicable laws related to the protection of life, health, safety, and welfare of employees within the state.

AGENCY DESCRIPTION:

The Industrial Commission of Arizona (“ICA”) was established to oversee laws protecting the life, health, safety, and welfare of Arizona’s workers. The ICA administers the state’s Workers’ Compensation Act and other employee protections, such as laws related to occupational safety and health, minimum wage, unpaid wages, and youth labor. The ICA also provides workers’ compensation benefits to claimants of uninsured employers and bankrupt self-insured employers.

EXECUTIVE SUMMARY:

With core missions to protect and assist workers both before and after a workplace injury, to collaboratively work with employers to promote workplace safety and health, and to efficiently resolve labor-related complaints, the ICA’s 2021 strategic plan is focused on proactive, collaborative workplace safety; continually-improved customer service, operations, and technology; and an engaged, high-performing workforce.

The ICA will continue to expand the reach and impact of the Arizona Division of Occupational Safety and Health (“ADOSH”) in an effort to eliminate hazards before injuries occur, to improve the operational efficiency of the Labor and Claims Divisions, and to use appropriate tools to reduce the volume of workers’ compensation litigation.

A solid foundation of online services for ICA customers has been laid, including online forms, community portals, and resources – saving stakeholders time and money. Continued efforts will focus on leveraging technology to improve manual, paper-based processes in several Divisions; enhancing virtual services; and increasing efficiency of teleworking employees.

Finally, significant progress has been made in the last four years to develop a high-performing, engaged workforce. Continued efforts will focus on the design of virtual AMS tools to support telework, creation and use of standard work, and improved onboarding of employees.

Solutions:

STRATEGY 1: Model State for Worker Safety and Health

Start Year: 2018

Progress/Successes:

- *Increased construction consultation visits by ~ 70% (530) in FY18
- *Increased high-hazard consultation visits by ~7% in FY19 (753) and ~15% in FY20 (866)
- *FY20 – 53 ADOSH safety & health partnerships (>10% increase)
- *FY20 – Voluntary Protection Program (VPP) recognition in Phoenix
- *FY19/20 – Conducted 41 opioid reduction education programs
- *FY19 /20 – Opioid use in workers’ compensation decreasing
- *Statewide work-related injuries decreasing (FY19 : ~168 (notified claims/100,000 workers/month); FY20: ~154)
- *FY20: 11,172 Arizona employees participated in ADOSH training, 2,364 hazards abated, average abatement time reduced to 8.8 days, and 21,667 employees directly benefited from ADOSH work

FY 21 Annual Objectives:

- *Increase participation in partnership programs by 5% compared to FY20
- *Achieve 900 high-hazard consultation visits (A3)
- *Increase # of employees trained by 25% compared to FY20
- *Increase # of employees impacted by 15% compared to FY20
- *Complete agency VPP pursuit @ Tucson Building (A3)
- *Division focus on reduction of average Compliance lapse time (A3)
- *Division focus on reduction of average Whistleblower lapse time (A3)

STRATEGY 2: Operational Excellence Through Continuous Improvement

Start Year: 2018

Progress/Successes:

- *FY18 – 3 operational breakthroughs achieved (construction visits, electronic records, Special Fund processing)
- *FY19 – 2 operational breakthroughs (Earned Paid Sick Time (“EPST”) time limit, EPST average pending time)
- *FY19 – Deployed electronic filing system for standard work
- *FY20 – 3 operational breakthroughs (Faster Pay, Special Fund Audit, Full & Final/noncompensable settlements)
- *FY20 – Successfully deployed 100% of AMS elements with a maturity score of 3.78

FY 21 Annual Objectives:

- *Develop EPST, retaliation, wage, minimum wage, & youth labor A3s and coordinate balancing of programs
- *Insurance matching A3 to eliminate backlog of claims to be notified
- *Renew focus on achieving breakthrough goals for loss of earning capacity and average monthly wage claims

STRATEGY 3: Efficient Customer Service Through Wise Use of Technology

Start Year: 2018

Progress/Successes:

- *FY18 – Deployed online Claims Portal with library of online forms
- *FY19/20 – Launched and stabilized Salesforce-based Claims/Administrative Law Judge (“ALJ”) computer system w/ enhanced customer portal (stakeholder usage increasing)
- *FY19 – Launched Salesforce-based Legal case management system
- *FY20 – Division web page redesign completed
- *FY20 – Online payment portal launched (395 transactions in FY)
- *FY20 – Accounting document control system deployed

FY 21 Annual Objectives:

- *Deploy and strategically improve Labor Department Salesforce system with integrated document management and workflow automation
- *Complete standard work related to usage of new Labor system
- *Deploy Cloud-First storage solution (A3)
- *Deploy new Salesforce-based solutions and functionalities
- *Develop and deploy capital asset management system w/ standard work
- *Deploy building inventory and maintenance management system (MaxPanda)

FY 22 Funding Issue:

- *The ICA is requesting a one-time, non-general fund appropriation of \$1,171.6 million to provide funding for FY 2022 information technology (“IT”) projects. The \$1,171.6 million appropriation will fund the ICA’s technology modernization efforts to deploy new

Salesforce-based solutions and functionalities. Approximately \$600 thousand of the ICA’s annual appropriation will be used to fund Salesforce projects in both FY 2021 and FY 2022. The request for additional one-time funds of \$1,171.6 million for FY 2022 will allow the ICA to complete the following projects by the end of FY 2022: Phase 2 of the Labor and Claims systems, modernization of the ICA’s Finance and Budget system, and modernization of ADOSH systems.

STRATEGY 4: High Performing and Agile Workforce

Start Year: 2018

Progress/Successes:

- *FY19/FY20 – Increased professional development by over 100% (FY19-213 employees participated (breakthrough); FY20-213)
- *FY19 – Developed skill matrices for all agency positions
- *Rising engagement score (FY16-1.7; FY17-4.4; FY18-5.0; FY19-8.2)
- *FY19/FY20 – Increasing development of standard work (FY19-207 standard work documents published; FY20-226)
- *FY20 – Updated agency Continuity of Operations Plan and completed agency succession planning

FY 21 Annual Objectives:

- *Focus on virtual AMS tools to better support telework, including development of Division virtual huddle boards
- *Create and publish 200 standard work documents
- *Develop agency & division employee onboarding standard work

STRATEGY 5: Reduce Volume of Workers’ Compensation Litigation (Without Impacting Due Process)

Start Year: 2020

Progress/Successes:

- *FY18-19 – Full and Final settlement legislation adopted and judicial review process implemented (FY18/19-303 approved; FY20-391)
- *FY19 – Adopted complete evidence-based treatment guidelines
- *FY19/FY20 – Increasing number of employers obtaining insurance as a result of our efforts (FY19-510; FY20-678)
- *Increased Special Fund settlements (FY18-100, FY19-83, FY20-85)
- *FY20 – Claims training deployed (FY20-351 adjusters trained)
- *FY20 – Approximately 3 in 10 ALJ cases resulted in settlement

FY 21 Annual Objectives:

- *Special Fund mediation/settlement emphasis – increase Full & Final/non-compensable settlements by 33%
- *Implement supervisory claim review program (A3)
- *Deploy strategic improvements to the ICA mediation program and promote case mediation & settlement (A3)
- *Focus on proactive invitations to participate in MRO training
- *Develop and deploy MRO documentation system to improve and track customer concerns/inquiries

WORKERS COMPENSATION CLAIMS ASSURANCE

Ruby Tate, Manager
 Phone: (602) 542-4661
 A.R.S. § 23-901, et seq.

Mission:

To ensure that all workers' compensation claims are processed in accordance with the laws and rules of Arizona.

Description:

This program oversees activities of insurance carriers, self-insured employers, and third-party administrators to ensure the proper processing and payment of workers' compensation claims, which includes assessing penalties for bad faith or unfair claims processes and ensuring that claims are accepted or denied within 21 days of receipt of notices of claim. The Claims Division oversees the administration of medical and indemnity benefits for workers' compensation claims. This Division also includes the Ombudsman's office, which provides assistance to stakeholders.

ADJUDICATION OF DISPUTES

Michael A. Mosesso, Chief Judge
 Phone: (602) 542-5241
 A.R.S. § 23-941

Mission:

To resolve disputed matters in workers' compensation, youth employment, and wages efficiently, impartially and equitably as the administrative tribunal of the ICA in matters that arise under the jurisdiction of the ICA.

Description:

The vast majority of matters that are brought before the ALJ Division involve resolution of disputes in workers' compensation cases arising out of and during the administration of claims by insurance carriers, self-insured employers or the ICA as well as decisions made by the ICA. In addition, the ALJ Division hears matters arising under A.R.S. Title 23, youth employment, wage disputes, minimum wage cases, and earned paid sick time cases. Binding arbitration cases under A.R.S. § 38-961 (Public Safety Employees) are also heard by the ALJ Division.

LEGAL COUNSEL

Gaetano Testini, Chief Counsel
 Phone: (602) 542-5781
 A.R.S. § 41-192 (G)

Mission:

To further the strategic goals of the Industrial Commission of Arizona by: (1) skillfully managing the Commission's legal affairs; (2) providing timely and reliable legal advice and services that foster sound decision-making in all areas of operation; (3) proactively pursuing collection efforts; (4) promoting business compliance with workers' compensation coverage laws; and (5) recommending appropriate policies, practices, and procedures that minimize risk.

Description:

The Legal Division represents the Special Fund, ADOSH, and the Labor Department in all legal matters affecting or involving these Divisions. The program promulgates rules for the Agency, provides legal advice as requested by Commission and agency staff, represents the Agency in personnel matters, initiates collection of no-insurance accounts receivables and third party liens, and operates a program for processing and collecting of other delinquent accounts. The program also operates a compliance program that identifies Arizona employers who are operating without workers' compensation insurance.

Vision: Safe, innovative, competitive and readily available financial and insurance products and services with minimal regulatory and taxpayer burdens.

Mission: To help Arizonans receive the benefits and protections to which they are legally entitled by enforcing insurance and financial institution laws and by providing information and assistance, and to combat vehicle theft.

Agency Description: Licenses, monitors, investigates, examines, facilitates compliance of, and ensures the safety and soundness of, regulated entities; helps resolve consumer complaints against financial-services and insurance entities; takes action in response to violations of law; encourages competition, innovation and economic development; collects taxes and assessments that support State government operations; combats auto theft and insurance fraud through public awareness campaigns, and funding for law enforcement and dedicated prosecutors.

Executive Summary: The Department of Insurance and Financial Institutions identified the following two strategic priorities toward actualizing our vision:

Consumer Education and Protection by improving awareness and accessibility by increasing and improving citizen, consumer and industry outreach and publicity; and, by continuing to strive toward best practices in industry oversight.

Agency Modernization and Resilience by more meaningfully implementing Arizona Management System tools and approaches to strengthen operations, make best use of limited resources, and to anticipate and respond to technology, industry advances and evolving standards for industry regulation; by updating its continuity of operations plan, including the succession plan; and, by increasing staff training, thereby enabling the agency to better anticipate and respond to current and future opportunities and threats and reducing risks associated with impending retirements of employees with expertise.

Summary of 5 Year Strategic Priorities

#	Multi-Year Strategy	Start Year	Progress / Successes
1	Consumer Education and Protection	2017	Launched surprise out-of-network billing dispute resolution process and system; implemented part of an improved interactive web-based information resource that has already resulted in fewer health insurance questions; streamlined process for insurers to submit network adequacy, provider grievance, long-term care and health insurance annual reports; received mortgage regulatory program accreditation from the Conference of State Bank Supervisors and the American Association of Residential Mortgage Regulators in 2018; five-year reaccreditation by the National Association of Insurance Commissioners in FY 2019; increased opportunities for training and professional designation for insurance financial analysts.
2	Agency Modernization and Resilience	2016	Implemented a more robust licensing and regulatory information system; expanded online application and payment opportunities; eliminated cash fee payments; implemented an updated Internet website; eliminated numerous out-moded rules; worked with stakeholders to modernize insurance premium tax filing laws; implemented examination manual adjudged "exceptional" by Conference of State Bank Supervisors; completed pay parity project, improving consistency of pay among agency employees; improved availability of professional training opportunities for examiners; awarded two-year accreditation with a finding of "Excellent" by the Appraisal Subcommittee of the Federal Financial Institutions Examination Council; implemented cross-training program for financial services examiners.

JUDICIAL SYSTEM

Hon. Robert Brutinel, Chief Justice
Phone: (602) 452-3307
See Individual Programs

Mission:

To provide Arizona citizens with an independent, accessible, and integrated judicial system that maintains a high degree of public trust and confidence; serves as an asset by dispensing justice, resolving human disputes, and conducting its administrative functions in a fair, equitable, and just manner; and operates efficiently and expeditiously.

Description:

The Arizona Judicial Branch is an integrated, decentralized judicial system implementing its constitutional and statutory responsibilities throughout all levels of government - State, county, and city. The Judicial Branch consists of the Supreme Court, Court of Appeals, Superior Court, and limited jurisdiction (municipal and justice of peace) courts. The Arizona Constitution provides that the administrative supervision over all courts rests with the Chief Justice of the Supreme Court. The Administrative Office of the Courts is charged with assisting the Chief Justice in discharging his or her administrative duties. The Arizona Judicial Council, created in 1990, assists the Supreme Court and the Chief Justice in developing and implementing policies and procedures designed to accomplish the integration of the court system pursuant to the Court's constitutional mandate.

Issue 1 Goal 1 Promoting Access to Justice

Description The Arizona judiciary leads the nation in identifying and implementing best practices to transform the judicial branch from a system designed for judges and lawyers to a system open (and understandable) to all participants, regardless of their financial status, physical limitations, or ability to obtain legal representation. While the judicial branch has made significant improvements in promoting access to our courts, more is needed to ensure equal access to justice for all Arizonans.

Solutions:

1. Access to Justice

When the judicial branch simplifies court processes and procedures, the court system is faster and easier for the public to navigate.

A. Continue and expand on the Commission on Access to Justice's work.

a. Provide more information to the public through AZCourtHelp.org and azcourts.gov.

b. Work with the Foundation for Legal Services and Education and the State Bar of Arizona to improve access to legal services and legal information for individuals with modest incomes.

c. Form a workgroup to identify ways to simplify court processes and procedures, making them less costly and more efficient while maximizing use of courts' resources.

B. Evaluate whether online dispute resolution (ODR) pilot projects can be expanded statewide to improve access to justice through technology in such areas as:

a. Family court cases (for example, modifications of parenting time and enforcement of child support orders);

b. Municipal court cases (for example, misdemeanor pleas); and

c. Civil court cases (for example, resolving credit card debt, small claims, traffic citations, and other simple civil matters).

C. Implement the recommendations of the Task Force on the Delivery of Legal Services.

D. Continue and expand efforts to ensure individuals with disabilities of any kind are afforded equal access to our courts.

a. Provide training for presiding judges and court administrators on methods to eliminate existing or potential barriers experienced by litigants, defendants, or other court participants with disabilities.

2. Self-Represented Litigants

We must continue to make the justice system more accessible for individuals who cannot or choose not to obtain legal representation. We can improve accessibility by developing simpler ways to obtain information about court processes and procedures, providing ways to do court business away from the courthouse, and providing additional training for judges and court staff.

A. Expand training and resources for effective and appropriate support for self-represented litigants including:

a. Simple, on-demand, internet-based explanations of court and legal processes, including instructional videos explaining court processes for specific types of cases such as small claims, civil collection, and family court;

b. On-demand, internet-based tools that allow litigants to conduct more court business away from court buildings, such as interactive and simple court forms with e-submission options; and

c. On-demand and in-person educational programs for judges and court staff focused on assisting self-represented litigants.

3. Services for limited English-proficient litigants, defendants, and other court participants

We will continue expanding the services available to individuals with limited English language proficiency by increasing access to translated information, forms, and tools available at courthouses and online. Ongoing training will be provided to judges and court staff to ensure they are familiar with language access requirements.

A. Expand services for limited English-proficient litigants, defendants, and other court participants.

a. Provide education for the bench and bar on language access requirements and available services.

b. Explore opportunities for providing electronic services, such as ODR, in languages other than English.

c. Translate vital information provided by forms, web pages, and available videos into languages other than English.

B. Expand the scope of the Court Interpreter Program Advisory Committee to identify and address issues resulting from new requirements courts must meet to provide access to court interpreters.

Issue 2 Goal 2 Protecting Children, Families, and Communities

Description The Arizona judiciary has historically placed a high priority on the goal of protecting children, the elderly, families, and communities and will continue several initiatives that advance this important judicial branch responsibility. Specifically, we will continue developing and implementing best practices related to probationer release conditions. We will expand mental health and substance abuse services for probationers and others who enter the criminal and civil justice systems. We will improve our juvenile justice system by reviewing and updating rules, processes, and procedures in child dependency and delinquency cases along with programs for delinquent youth. We will continue efforts to protect families and victims of domestic violence through initiatives to improve the order of protection process and family court case processing. We will continue efforts to address the complexities of probate court rules and processes. Lastly, we will improve our work with community partners to help defendants identify and address issues leading to their involvement in the criminal and civil justice systems.

Solutions:

1. Fair Justice Initiatives

This agenda continues implementation of the Task Force on Fair Justice for All's recommendations to ensure the court system supports individuals in meeting family and financial obligations while at the same time holding these individuals accountable for violations. This includes expanding use of the pretrial release assessment tool to help courts make pretrial release decisions and using notification tools to assist defendants appearing in court to timely address their cases. We will continue to collaborate with community partners on initiatives addressing mental health and substance abuse issues faced by defendants and their families.

A. Continue refining and developing pretrial release initiatives that help determine release conditions and improve appearance rates.

a. Expand the Public Safety Assessment (PSA) to limited jurisdiction courts and help those courts with issues related to implementing the PSA tool.

b. Automate scoring and use of the PSA for felonies and misdemeanors.

c. Expand the use of text message and other notifications of court events and defendant obligations.

d. Continue judicial education of the pretrial release rules and best practices for deciding release conditions and improving appearance rates.

e. Implement legislative changes allowing mitigation of financial sentences, use of community restitution, and other options in sentencing.

B. Implement initiatives from the Committee on Mental Health and the Justice System and other initiatives addressing people with mental health issues who have been brought to court.

a. Expand access to health care services for probationers and others in both the criminal and civil justice systems by partnering with the Arizona Health Care Cost Containment System (AHCCCS) and other community health providers (sometimes called one-stop medical clinics).

b. Provide training for presiding judges and other court leaders on best practices for working with community stakeholders to address mentally ill persons in the justice system (for example, Convening Protocols Project).

c. Determine if changes are needed to the current standard for requiring involuntary treatment, and seek legislative amendments, as appropriate.

d. Explore the use of telemedicine/counseling services for adult offenders and their families.

e. Continue efforts working with executive branch agencies to improve the delivery of appropriate mental health services to defendants and others involved in the criminal and civil justice systems.

f. Explore additional changes to Rule 11 of the Arizona Rules of Criminal Procedure to identify ways in which court rules governing competency and mental health examinations can be updated, clarified, and improved.

2. Juvenile Court

In recent years, the juvenile justice population and the types of programs needed to serve this population have changed. For juvenile offenders, detention has decreased and the need for more community-based programs is growing. We will work to match juveniles to programs best designed to meet their needs and the needs of their families. Similarly, we will seek to improve dependency case processing and case management to ensure courts remain focused on the best interests of the children involved in those cases. In doing so, we will review the current juvenile court rules to identify changes needed to ensure efficient juvenile court case processing and management.

A. Review the Rules of Procedure for the Juvenile Court to identify ways in which court procedures can be restyled, clarified, and improved.

B. Identify ways to:

a. Expedite child dependency cases through trial and appellate courts;

b. Expedite court processes and procedures for adoptions; and

c. Enhance the Court Appointed Special Advocate (CASA) and Foster Care Review Board (FCRB) programs by providing opportunities to support trauma-based education and enhancing current business practices.

C. Expand the Dependency Alternative Program to divert families from the dependency system when other protective options are available.

D. Fully implement a statewide juvenile case disposition matrix that combines the current risk/needs assessment (i.e., Arizona Youth Assessment System, or AZYAS) with severity-of-offense data.

E. Assist juvenile courts with repurposing juvenile detention center space to better serve juveniles within their communities, including implementing a regional drug treatment program in one regional center.

F. Fully implement statewide policies for the Crossover Youth Practice Model.

a. Evaluate the Crossover Youth Practice Model for expansion to the youthful offender program as well as other programs, such as pretrial, juvenile court, and adult probation.

G. Review current juvenile court financial sanction and assessment practices.

H. Explore the use of telemedicine/counseling to provide mental health services to juvenile offenders and their families under the Substance Abuse and Mental Health Services Administration (SAMHSA) guidelines for Treatment Improvement Protocols.

I. Review provider service standards and expectations for treatment of juveniles with sexual abusive behaviors and make recommendations to align with the most current evidence-based practices in the field.

J. Develop medically assisted treatment as the standard of care for opioid-addicted youth.

K. Explore replicating Yavapai County's Milestones program in other counties to help address school violence issues.

L. Implement reporting of felony information to the National Instant Criminal Background Check System (NICS) and establish procedures for notifying juveniles about prohibitions against possessing a firearm after a probation term.

a. Work with local courts to ensure processes and procedures are in place for accurate and timely reporting of juvenile dispositions.

M. Produce a training curriculum for juvenile court judges assigned to handle delinquency cases.

3. Probation Supervision

In recent years, probation departments have seen a sharp increase in the number of high-risk individuals on probation. These

probationers are released from prison to a term of community supervision and are often individuals with chronic drug addictions or mental illness. We will re-evaluate traditional treatment and supervision models to ensure our probation departments provide an appropriate level of supervision and services to this higher risk population of probationers.

A.Re-evaluate probation supervision requirements and procedures to account for high-risk individuals on probation, such as those released from prison and the higher risk populations handled by problem-solving courts.

B.Develop treatment options for probation departments to provide to opioid-addicted adults, including medically assisted treatment using telemedicine/counseling.

C.Host regional forums with tribal courts and probation department leadership to identify ways to work together on state-tribal issues affecting probation supervision of both adult and juvenile tribal members.

D.Review national research on best practices for improving juvenile probation supervision, treatment services, and child and family outcomes to determine whether modifications to current services are needed.

a.Identify ways to improve parents' participation in juvenile probation services.

b.Implement recommendations and standards for courts to collaborate with law enforcement and school districts to improve educational outcomes.

4.Domestic Violence Initiatives

Efforts are underway to modernize the methods by which individuals seek and courts process requests for orders of protection. We will provide judges and court staff with the necessary tools and training to address order of protection and domestic violence issues. We will develop guides for the public and other community partners to better understand and follow the courts' order of protection processes concerning domestic violence issues.

A.Implement the newly required order of protection process allowing for online requests and for courts to electronically send orders to law enforcement for service and to maintain related information in the Court Protective Order Repository (CPOR).

B.Develop and implement new treatment and supervision models, including telemedicine/counseling options, for domestic violence offenders.

C.Provide training, education, and other information for judicial officers and court staff on domestic violence issues.

a.Expand the library of bench cards available to judicial officers on protective order processes.

b.Develop training and informational resources on relevant domestic violence topics.

c.Provide education on full faith and credit and enforcement of tribal court orders; federal and state laws on firearms and orders of protection and prohibited possessors.

d.Identify ways in which courts can improve access to courts for domestic violence victims.

e.Create guides for those who regularly assist with protective orders and for the public.

D.Work with tribal courts and law enforcement to improve the availability of tribal court orders of protection to law enforcement agencies outside of tribal jurisdiction.

5.Family Court

Given the complexity of family court issues, we will provide tools and resources to help individuals and families find necessary assistance and services in an understandable and timely manner. We will develop relevant training for judges and court staff on best practices in resolving issues in high-conflict family court cases.

A.Explore the redesign or improvement of family court processes.

a.Examine current judicial assignment processes for family court.

b.Consider tools, such as a “quick start” guide, to help individuals understand and navigate family court processes.

B.Develop ways to identify high-conflict family law cases involving domestic violence or mental health issues that require special handling and resources.

C.Develop training for judges and staff on handling high-conflict family cases.

D.Identify court and litigant resources needed to address high-conflict family case issues and develop a strategy on obtaining these resources.

E.Evaluate whether courts can better utilize parent education classes to help attendees understand family court processes.

F.Convene a committee of family court stakeholders to make recommendations addressing ongoing issues related to family court case processes and procedures.

G.Establish a committee to review updated economic data for the Schedule of Basic Support Obligations, findings from the federally mandated quadrennial Case File Review, and to further study and make recommendations on issues raised by the 2017 Committee for an Interim Review of the Child Support Guidelines.

6.Probate Court

The protection of incapacitated and vulnerable individuals is an ongoing priority of the Judicial Branch. Wide-sweeping changes were made in this area nearly a decade ago, but it is important to review the efficacy of the changes and consider other ways to improve and simplify probate court processes, forms, and policies.

A.Establish a task force to review current court processes, policies, and procedures for guardianships and conservatorship cases under the supervision of the probate court.

7.Restorative Justice

Many of our local courts face high case volumes driven by underlying social problems such as homelessness, mental illness, and other social issues. The expanded availability of specialty courts, along with expanded collaborative efforts with our community partners, is essential in ensuring the right services are available and provided at the right time to those in need. When courts and communities work to provide defendants the clinical support needed to resolve the underlying social circumstances that may have contributed to their criminal behavior, those communities can begin to heal both the offender and any victim.

A.Identify best practices for restorative justice programs and establish ways to expand access to such programs in courthouses and in communities.

B.Identify opportunities to expand and support specialty courts addressing homelessness, veterans’ issues, mental illness, domestic violence, and drug and alcohol abuse.

8.Criminal Justice Reform

It is important for the judicial branch to remain aware of criminal justice reform discussions and initiatives within the executive and legislative branches. When appropriate, the judicial branch must participate in those discussions and provide information to help the other branches make informed policy and legislative decisions.

A.Provide information to executive branch agencies and legislative committees regarding criminal justice reform.

Issue 3 Goal 3 Promoting Judicial Branch Excellence and Innovation

Description The goal of promoting judicial branch excellence and innovation requires continuing our examination of court operations at all levels to identify what we can do differently or better to achieve greater efficiencies and outcomes. This effort requires accurate data and the tools necessary for leadership to understand and use data to inform decision making. Where we can, we should address any real or perceived disparities in processes and practices and incorporate effective case management tools and practices for court decision making and daily court operations. We must examine our existing practices, and we should continue to innovate new approaches to streamline, simplify, and enhance our services and programs.

Solutions:

1.Data-Based Decision Making

To effectively manage court processes and programs, we need to ensure judges and court managers have the tools to efficiently and effectively perform their duties. The data we collect is vital to helping direct the best course of action in individual cases as well as overall court processes and policies. We need to identify key data both judges and court managers find most useful in performing their caseload and oversight functions. We need to ensure this data is accurate and readily available to make informed operations and policy decisions.

A.Establish a workgroup to identify the types of court data judges and court managers need to effectively and efficiently manage cases.

a.Develop goals for the use of data for decision making purposes.

B.Use technology to provide court management tools that assemble and present the data necessary to make informed policy and business-related decisions.

2.Civil Justice Reform

Recent innovative changes to civil case processing rules designed to streamline dispute resolution will be evaluated to determine the impact on litigants as well as on timeliness and cost. We will expand these new processes and procedures statewide and, as needed, make adjustments to achieve these goals.

A.Measure and evaluate the impact of new civil justice reform rules, including the commercial court rules, on case processing timeliness, cost of litigation, and litigant satisfaction.

B.Evaluate results from Pima County's Fast Trials and Alternative Resolution (FASTAR) pilot project and rules that make it easier and quicker to process qualifying cases, and consider expanding FASTAR statewide.

3.Case Management

Our courts' ability to efficiently and effectively manage cases is essential for the ongoing success of the judicial branch. We must continue emphasizing and incorporating a variety of approaches, including training and identification of best practices, as well as updating the tools available to judges to assist them in case management and decision making. This may include use of emerging technology, such as business intelligence tools, which will make it easier for judges and court administrators to more readily measure court performance and identify areas in need of improvement.

A.Provide leadership and judicial officer training on principles of and the judicial role in case management.

B.Rewrite judicial officer bench books to reflect changes in civil and criminal rules, particularly after civil rules reforms.

C.Strive to assure that each court adopts and follows case management practices and processes that constitute best practices for that particular court (i.e., appellate, general jurisdiction, or limited jurisdiction).

D.Improve the accuracy of court data by training court deputy clerks and staff, auditing data accuracy, and identifying data needs

for effective court management.

E. Investigate the availability and applicable use of business intelligence tools to measure court and caseflow performance.

F. Address modifications to the Arizona Rules of Probate Procedure to allow:

a. Tracking subsequent petitions in routine (true) probate and mental health cases; and

b. Tracking non-probate cases that are filed within, or consolidated with, a probate case.

G. Review the current system for capital cases to identify needed changes to statutes, rules, and processes and procedures.

4. Court Governance

To achieve a cohesive judicial system, it is important that judges and court administrators at all levels are confident in providing and receiving information and input from the Supreme Court and its administrative office. With this agenda, we will examine our current governance structure and identify any improvements that may be needed to help ensure the judicial system is more responsive to judges and court staff regardless of court size and resources.

A. Explore whether changes are needed to court governance structure, oversight, and level of assistance provided to local courts in addressing local issues.

B. Consider ways to better facilitate the transfer of information from superior courts and limited jurisdiction courts that will help court leadership get an early understanding of developing problems, and to work on local solutions.

5. Supreme Court Commissions

Just as we look to identify improvements and innovation in everyday court practices, it is time to similarly examine other judicial branch activities, such as judicial performance review, judicial conduct review, and bar exams oversight.

A. Review key Commission rules to ensure compliance with existing laws and procedures and examine opportunities for improvement and transparency to the:

a. Judicial Performance Review Commission Rules of Procedure and operating policies;

b. Commission on Judicial Conduct rules and procedures; and

c. Committee on Bar Exams grading policies and procedures.

6. Technology Initiatives

The courts face increasing public expectations to conduct business using technology. These expectations, with the rapid pace of technological change and emerging new technologies, require a constant effort to implement and update systems and programs to meet both the needs of our customers and judicial officers and staff. Technological needs in the courts range from expanding electronic access to services and documents, to completing the rollout and development of new case management systems, to providing additional system functionality and technological tools for courts across the state. In doing so, delivering information technology securely has become necessary for maintaining an environment of trust. We will continue enhancing court technology and processes to protect the courts, as well as the government agencies and the public that access court information, from ever-increasing cybersecurity threats.

A. Enhance case management system functionality and identify other technology tools to assist judges and court administrators in more efficiently and effectively managing cases, such as calculating the date when a judge needs to set the next hearing, identifying unnecessary hearings or other delays, and ensuring decisions are made within time standards.

B. Expand e-filing services to probate and family court cases and establish other case types eligible for e-filing.

C. Implement e-Access services, allowing public access to court records online.

D.Implement a new appellate court case management system.

E.Update the Supreme Court rules forum website to provide easier access and navigation for the public, courts, and attorneys.

F.Finish the rollout of the AJACS-LJ case management system for limited jurisdiction courts.

G.Adopt digital evidence management standards for courts.

H.Explore options and secure funding to maintain and support our existing technology infrastructure.

I.Explore the expansion of technology used in larger court jurisdictions to other jurisdictions (for example, remote appearances by litigants, defendants, and victims seeking protective orders).

J.Provide probation officers with technology that improves their efficiency and effectiveness in performing offender supervision.

K.Explore emerging technologies, such as augmented intelligence, data mining, and predictive/data analytics, to determine whether courts will benefit from their use and the impact on courts incorporating these technologies into their business practices.

L.Integrate data from Maricopa County's iCIS case management system into the JOLTSaz case management system to create a fully statewide juvenile justice data repository.

M.Continue efforts addressing cybersecurity.

a.Integrate older automation systems into newer platforms that better manage security risks.

b.Work closely with state and local governments to ensure that shared data, technology, and facilities are secure.

c.Continue to enhance training and processes within the courts to prevent security breaches.

7.Keeping the Record

With a growing shortage of qualified court reporters at both the state and national level, courts are faced with the ever-increasing challenge of keeping an accurate record of court proceedings. Through emerging innovations, including digital recording and remote court reporting, we will take necessary steps to ensure courts continue to create a complete and accurate record for each and every case.

A.Modernize statutes, rules, and the administrative code permitting courts to create and maintain a complete and accurate court record electronically to supplement court reporters and to reduce the time needed to produce a record and transcript for cases on appeal.

8.Courthouse Safety and Security

Our courthouses, the primary locations for addressing and resolving often emotionally tense disputes, must remain safe places. We will continue implementing court security standards, identifying safety and security needs in our probation offices across the state, and considering other opportunities to further improve and enhance courthouse security.

A.Continue implementing court security standards.

B.Review the security needs of probation offices and determine whether separate security standards and additional training programs are needed.

C.Consider ways to address violence in the courts, violence by litigants, and violence directed at court participants.

D.Create a committee to identify best practices to ensure the safe handling of toxic substances (such as fentanyl), as well as drugs laced with toxic substances, as evidence in the courtroom.

Issue 4 Goal 4 Enhancing Professionalism within Arizona's Courts

Description While education and leadership development have been a longstanding area of excellence and innovation in our judicial branch, we must continue refining our efforts to maintain a high level of service and professionalism throughout the court system.

Solutions:

1. Judicial Branch Leadership

Developing effective leadership skills among our current and future court leaders is essential to maintaining the Arizona judicial branch's reputation as an innovator in court programs and practices.

A. Develop leadership-judge and leadership-team training.

B. Develop a Senior Executive Leadership program.

2. Judicial Officer Excellence

To develop and maintain a strong core of judicial officers, we must ensure that judges who are newer to the bench receive ongoing training and development opportunities. We will use our more experienced judges to share their knowledge, courtroom experience, and best practices to provide new judges with the information and tools they need to effectively manage trials and caseload.

A. Establish a trial judge training academy.

3. Workforce Development

To ensure we provide a high level of service to the public with professionalism, integrity, accuracy, and timeliness, we must ensure court personnel possess the requisite skills and tools to perform their jobs and fulfill their responsibilities.

A. Update the probation officer certification academy curriculum to ensure the most current evidence-based practices are taught.

B. Continue offering judicial officer training in specialty areas as new topics arise and when updated material is available for existing specialty training topics.

C. Develop a court security officer certification program, officer arming requirements, and weapons training.

D. Continue providing training on diversity, inclusion, and implicit bias to judicial officers and court employees.

E. Provide quality interpreters in the court system through training and continuing to certify court interpreters.

F. Identify ways to develop and retain court employees.

a. Explore the feasibility and benefits of periodically compiling compensation and classification studies conducted for local jurisdictions to provide presiding judges with comparative information that may be helpful when seeking updated classifications and salaries.

G. Identify ways to expand training opportunities for clerks of court and their staff, as well as limited jurisdiction court staff.

4. Culturally Diverse Bench and Workforce

Though continually focused on the need for our courts to reflect the communities they serve, we acknowledge more can be done to encourage and develop a bench and workforce that is culturally diverse.

A. Increase diversity of judicial officers and court staff by:

a. Developing opportunities to encourage minority attorneys to seek judicial branch careers (for example, law student outreach, and the Chris Nakamura Judicial Appointment Workshop); and

b.Offering court leadership planning with a focus on diversity.

5.Judicial Officer, Staff, and Legal Community Well-Being

All too often, courts deal with cases involving tragic consequences. Not only do these cases impact the victims and their families, but judicial officers and court staff are similarly exposed to traumatic events on a routine basis. The impact of this untreated vicarious trauma can affect court personnel interactions with victims and the public; it also impacts the wellness and productivity of the workforce. Efforts to provide trauma-informed training must be expanded within the courts as well as among the legal community.

A.Offer opportunities for judges and court staff to address vicarious trauma resulting from handling court cases.

B.Support State Bar of Arizona efforts to address well-being in the legal profession, including pursuing the American Bar Association's (ABA) recommendations regarding The Path to Lawyer Well-Being.

Issue 5 Goal 5 Promoting Public Trust and Confidence

Description The more the judicial branch can do to inform the public about the role of courts, their place in our communities, and the importance of understanding and participating in the judicial process, the more we can promote the public's trust and confidence in a judicial system that is fair, just, and accessible to all.

Solutions:

1. Public Awareness

The judicial branch is committed to ongoing public awareness efforts to reach all Arizonans to educate and demonstrate how courts operate and the important role courts serve in our society. In doing so, we will continue efforts to partner with educators to promote civic education, bring court proceedings to local communities, and provide information about other court programs, such as judicial performance review.

A. Communicate effectively with the public about the role of courts in a free society, how courts serve our communities, and progress in achieving this agenda's goals.

B. Promote civic education by supporting programs such as "We the People," Mock Trial, Our Courts AZ, and iCivics; partnering with teachers and others in the education community; and conducting appellate arguments in local schools and other community locations.

C. Use juror "downtime" to provide prospective jurors with information about the role of courts and public involvement in the justice system.

2. Public Trust and Confidence

While informing the public about the role of courts, it is particularly important we identify and address concerns or issues that may affect the public's trust and confidence in our justice system.

A. Evaluate efforts by the National Center for State Courts and the Institute for the Advancement of the American Legal System to identify and address public trust in the courts, particularly among minority and low-income communities, and identify those efforts which would be beneficial for Arizona courts and local communities.

B. Develop a rapid response plan to improve the judicial branch's ability to counter attempts at spreading misinformation or undermining the public's confidence in the judicial process.

C. Improve the dissemination of Judicial Performance Review information to the public.

D. Examine and address issues regarding disproportionate minority contact with the justice system.

3. Jury Service

Many citizens are asked to perform their civic duty of jury service. We need to make sure everyone who is eligible to serve on a jury fully understands the importance of his or her time and service in this essential court function.

A. Communicate to the public the importance of jury service.

B. Work with a production company to produce a program about jury service and deliberation.

ADMINISTRATIVE SUPERVISION (COURTS AND AOC SUPPORT)

Dave Byers, Administrative Director

Phone: (602) 452-3307

AZ Constitution, Article VI, Sections 3, 7

Mission:

To assist the Chief Justice in carrying out the constitutionally prescribed responsibility for providing administrative supervision over the integrated Arizona court system and to support the Chief Justice and the Supreme Court in providing quality administrative leadership and assistance to Arizona's courts.

Description:

Court Administration is responsible, through nine operating divisions and the Office of the Administrative Director, for providing administrative support to the Chief Justice and Supreme Court; for liaison activities with executive and legislative branch agencies and other judicial departments; for coordinating strategic projects that have potential to change the way courts do business; and, for providing internal and external administrative support for the judicial department. The divisions are Administrative Services; Adult Services; Certification and Licensing; Court Services; Dependent Children's Services; Education Services; Human Resources; Information Technology; and Juvenile Justice Services. Court Administration is also responsible for facilities management and security for the Arizona Courts Building.

COURT REPORTERS

Mark Wilson, Division Director
 Phone: (602) 452-3362
 A.R.S. §§ 32-4001 et. seq.

Mission:

To certify individuals in the state who engage in the stenographic or voice writing reporting of proceedings in any Court and who take depositions for use in any Arizona court.

Description:

A.R.S. Title 32, Chapter 40, requires individuals who engage in stenographic or voice writing reporting of proceedings for use in any court in this state be certified by the Board of Certified Reporters. The Board administers examinations for the certification of reporters and recommends to the Arizona Supreme Court rules to implement and enforce the provisions of the law. The Board also has authority to investigate alleged violations of certified reporters and to take appropriate disciplinary action. The program began during FY 2000; effective January 1, 2007, voice writer reporters must be certified, in addition to stenographic reporters.

*Funding includes Regulatory Activities from all non appropriated funds in addition to certified reporter.

CONFIDENTIAL INTERMEDIARY

Mark Wilson, Division Director

Phone: (602) 452-3362

A.R.S. § 8-134

Mission:

To train, certify and monitor Confidential Intermediaries to facilitate contact between adoptees or adoptive parents and birth parents and biological siblings while protecting court and agency records and anonymity of those who desire it.

Description:

The Board certifies Confidential Intermediaries (CIs), as specified by the court, to act as a liaison between an adoptive parent, guardian or an adoptee or a birth parent or birth sibling in establishing contact. The CI has statutory authority to access confidential court and agency adoption records to facilitate the search. The program facilitates voluntary contact, while protecting the confidentiality of those who desire their adoption records to remain sealed. The Arizona Supreme Court has adopted rules and procedures to implement and operate the program, and established fees, training, and standards of conduct for CIs with appropriate disciplinary action as necessary. Effective January 1, 2008, CIs have the statutory authority to facilitate contact between siblings who have been separated as the result of dependency/foster care.

PRIVATE FIDUCIARY

Mark Wilson, Division Director
Phone: (602) 452-3362
A.R.S. § 14-5651

Mission:

To certify, audit and discipline licensed fiduciaries and fiduciary businesses who are court appointed to serve as guardians for incapacitated persons, conservators for persons in need of protection and personal representatives for decedent estates.

Description:

A.R.S. § 14-5651 requires persons, who serve for a fee and are unrelated to a person or not nominated by will, and are appointed by the Superior Court, to be licensed by the Arizona Supreme Court. The program licenses individuals who meet the statutory requirements and serve by court appointment as guardians, conservators, and personal representatives. The program develops and enforces the rules and policies necessary to implement A.R.S. § 14-5651. The program provides initial and renewal licensure for public and private fiduciaries. The program investigates alleged misconduct by fiduciaries and takes appropriate disciplinary action as necessary. The program conducts random compliance audits of licensed fiduciaries.

JUDICIAL EDUCATION

Jeffrey Schrade, Division Director
Phone: (602) 452-3000
ACJA 1-302, 1-108

Mission:

To improve the service the judiciary provides to the public and internal customers by increasing the expertise, skills and abilities of all judicial personnel through a comprehensive, relevant, accessible and high-quality system of judicial education.

Description:

In support of the division's mission, staff have an obligation to provide mandated training for certain categories of court personnel. This includes orientation for new limited and general jurisdiction judges; a certification academy and testing component for new probation officers; and offerings in required programs for judicial staff, including programs on the court system, communication skills, dealing with the public and current issues in the court. In these and other programs, the division strives to involve individuals in the court system in the planning and implementation of programs for their respective positions; to fairly provide programs for all categories of judicial personnel; and to utilize a variety of delivery mechanisms to assure the availability of programs for individuals of all job categories and geographic locations.

This program supports and maintains a statewide system of judicial education and manages oversight of personnel compliance with judicial education standards; maintains, staffs and facilitates a comprehensive system of curriculum and program development committees; maintains a statewide system of local training coordinators to sponsor and monitor local training; conducts and/or facilitates curriculum, program and faculty development programs/processes for statewide judicial education; coordinates and produces conferences, workshops, seminars, videos and broadcasts for judges and non-judge staff; and implements directives of the Committee on Judicial Education and Training and its subcommittees: the Judicial College of Arizona, the Committee on Probation Education, and the Judicial Staff Education Committee and the Court Leadership Institute of Arizona.

POST CONVICTION RELIEF

Kevin Kluge, Division Director
 Phone: (602) 452-3395
 A.R.S. § 13-4041

Mission:

To provide reimbursement to counties for state-funded representation of indigent defendants in first-time capital post conviction relief proceedings.

Description:

Laws 1996, Chapter 7, 7th Special Session provides that all indigent prisoners under a capital sentence are entitled to the appointment of counsel to represent them in the state PCR proceeding and requires the Supreme Court to appoint this counsel after the mandate affirming the defendant's conviction and sentence is issued. This legislation establishes a flat fee of \$7,500 to be paid to appointed counsel in a first state PCR proceeding unless the counsel is employed by a publicly funded office. The Supreme Court is required to reimburse the county, upon certification by the county that the amount is owed.

DEFENSIVE DRIVING

Marcus Reinskensmeyer, Division Director
Phone: (602) 452-3334
A.R.S. § 28-493

Mission:

To assist courts in enhancing case processing.

Description:

This program oversees the funds in excess of those needed to administer the Defensive Driving Regulation program. These excess funds are placed into the Traffic Case Processing Fund to aid courts. This is done by establishing new and better automation systems that will improve case management, fine collections, paperwork processing and Motor Vehicle Division reporting, and will reduce traffic case backlogs.

FAMILY SERVICES

Caroline Lutt-Owens, Director
Phone: (602) 452-3408
A.R.S. § 8-515.01

Mission:

To administer programs that are designed to ensure that the best interests of dependent children are served by providing a system of information, advocacy and review.

Description:

The Dependent Children's Services Division interacts with the courts, a variety of non-court agencies and organizations and the public throughout Arizona. The division administers three major programs: Foster Care Review Board, Court-Appointed Special Advocate and the Court Improvement Program. Other services include operating a parent assistance hotline program that provides court and other related information to parents and guardians whose children have been removed from the home by Child Protective Services.

This Program Contains the following Subprograms:

- ▶ Foster Care Review Board
- ▶ Court Appointed Special Advocate
- ▶ Model Court - Court Improvement Project

FOSTER CARE REVIEW BOARD

Lori Dennison, Program Manager
Phone: (602) 452-3408
A.R.S. § 8-515.01

Mission:

To ensure, through local volunteer review boards and a state advisory board, that children involved in dependency proceedings have a permanent placement plan consistent with their best interest.

Description:

The Foster Care Review Board is designed to assist the juvenile court judges. The boards are comprised of volunteer members who receive initial as well as on going training. The boards are responsible for reviewing, within six months of placement and every six months thereafter, the case of each child who remains in out-of-home placement and who is the subject of a dependent action. The case review determines what efforts have been made by the social services agency with whom the child has been placed, to carry out the plan for the permanent placement of the child. Review boards submit recommendations to the presiding juvenile court judge in each county to assist their court review and decision making process. The State Foster Care Board is statutorily required to review and coordinate the activities of the local boards. In addition, the State Board is mandated to make annual recommendations to the Supreme Court, the Governor, and the Legislature on the state's foster care statutes, policies, and procedures. Also included in this subprogram is the Parent Assistance Hotline. The hotline provides accurate information, education and referrals when children are involved with Child Protective Services (CPS), enabling parents and guardians to work more effectively with CPS and the juvenile court.

COURT APPOINTED SPECIAL ADVOCATE

Deidre Calcoate, Program Manager
 Phone: (602) 452-3583
 A.R.S. § 8-522

Mission:

To administer and monitor a community-based volunteer advocacy program in the Juvenile Court System for abused and neglected children.

Description:

The Arizona CASA Program is comprised of the state office, county programs, and volunteers who serve abused and neglected children. The state office administers the program by monitoring county programs to ensure compliance with all relevant statutes, orders, policies and procedures, and funding agreements. In addition, the state office provides services, including recruiting tools, training opportunities, and technical assistance and support to county programs and volunteers. County programs educate communities in order to recruit, maintain, and supervise qualified volunteers to advocate for children involved in juvenile court proceedings as required by A.R.S. §§ 8-522 to 8-523, and Arizona Rules of Court, Rules 22 and 22.1.

CASA volunteers are specially trained citizens who are appointed to an individual dependency case by presiding juvenile judges and function as independent advocates for children who are wards of the court. Volunteers help ensure that a child's right to a safe, permanent home is actively pursued. The CASA volunteer has three main roles: 1) to conduct an independent assessment of the case and advocate for needed services for the child and family; 2) to provide written reports and testimony to the juvenile court judge to enable the judge to make the best decision possible; and 3) to be a consistent presence in the child's life, acting as an advocate throughout the court proceedings.

The Court Appointed Special Advocate Fund receives 30 percent of unclaimed state lottery prize money pursuant to A.R.S. § 5-518 and 8-524.

MODEL COURT - COURT IMPROVEMENT PROJECT	
Rob Shelley, Program Coordinator	
Phone: (602) 452-3416	
A.R.S. § 8-824	

Mission:

To evaluate and improve Arizona's dependency case management in order to reduce the amount of time children spend in out of home placement.

Description:

In 1998, based upon a federal dependency court improvement initiative and the Pima County Model Court pilot, new laws governing dependency case time lines and processing were passed. The Court Improvement Program oversees the implementation of this re-engineering of the dependency court process. Program responsibilities include providing technical assistance, training and funding to juvenile courts as they implement the new and revised statutes and improve their handling of dependency petitions. This also includes the implementation of dependency operational reviews and expanding dependency data collection through the use of the Arizona Juvenile On-Line Tracking System, JOLTS.

JUDICIAL NOMINATIONS AND PERFORMANCE REVIEW

Kevin Kluge, Division Director

Phone: (602) 452-3395

AZ Constitution, Article VI, Sections 36, 42

Mission:

To nominate highly qualified individuals for appointment to the Supreme Court, the Court of Appeals, and the Superior Court in Coconino, Maricopa, Pima and Pinal counties and to evaluate the performance of all justices and judges who stand for retention and provide the results of those evaluations to the voters before each retention election.

Description:

Vacancies on the Supreme Court or the Court of Appeals are filled by appointment by the Governor from a list of not less than three nominees for each vacancy submitted by the 16-member Commission of Appellate Court appointments. Vacancies on the Superior Court for Coconino, Maricopa, Pima and Pinal Counties are filled by appointment by the Governor from a list of not less than three nominees for each vacancy as submitted by the 16-member Commission on Trial Court Appointments for Coconino, Maricopa, Pima and Pinal Counties. The five commissions operate under Rules of Procedure adopted by the Supreme Court.

Judicial Performance Review provides a mechanism for surveying attorneys, litigants/witnesses, jurors, peers, court staff, and administrative contacts about the performance of all merit retention justices and judges. The surveys are conducted twice during each term of office. The "pre-election" includes public hearings and the opportunity to comment on a specific judge in writing. Information is disseminated to the public before each general election as part of the Secretary of State's "Voter Information Guide." This program complies with the Americans with Disabilities Act and Federal Minority Rights Voting Act requirements. The information is also reviewed with the judge as a tool for professional growth and improvement. The Commission operates under Rules of Procedure adopted by the Supreme Court.

COMMISSION ON JUDICIAL CONDUCT

Margaret Downie, Executive Director
 Phone: (602) 452-3200
 AZ Constitution, Article VI.I

Mission:

To investigate and resolve all complaints of judicial misconduct.

Description:

The Commission, comprised of 11 members, is an independent agency that has jurisdiction over all judges in the state, including Supreme Court justices, Court of Appeals judges, Superior Court judges, Justices of the Peace and municipal judges. It also has jurisdiction over commissioners, hearing officers, judges pro tempore, retired judges with temporary assignments, and all other judicial officers serving within the judicial branch of government. When all are taken into account, the Commission's jurisdiction extends to more than 570 judges and judicial officers throughout the state.

The Commission is required to investigate all complaints of judicial misconduct and may resolve them in one of several ways. Complaints that are frivolous or unfounded may be dismissed for lack of jurisdiction, insufficient grounds to justify investigation or no evidence of judicial misconduct. Cases involving serious misconduct are decided in formal hearings, similar to trials, that are open to the public. At the conclusion of a hearing, the Commission can formally recommend to the Supreme Court that a judge be publicly censured, suspended, removed or retired. Discipline in less serious cases may be handled informally.

JUDICIAL COMPENSATION

Kevin Kluge, Division Director

Phone: (602) 452-3395

AZ Constitution, Article VI, Section 9, A.R.S. § 12-120

Mission:

To fund the state portion of the salary and employee related expenses of Superior Court judges.

Description:

The Arizona Superior Court, which has at least one judge in every county, is the state's only general jurisdiction court. Additional Superior Court judges may be authorized in each county having a census greater than 30,000 inhabitants and upon petition by the Board of Supervisors to the Governor. A Superior Court judge may be authorized for each 30,000 inhabitants or majority fraction thereof. Superior Court judges hear all types of cases except small claims, minor offenses or violations of city codes and ordinances. One-half of the Superior Court judges' salaries are provided by the state as required by A.R.S. § 12-128.

ADULT PROBATION SERVICES

Ed Gilligan, Division Director
Phone: (602) 452-3468
A.R.S. § 13-901

Mission:

To foster the continued development and effective implementation of a balanced approach to Adult Community Corrections, including protection of the public through offender accountability and rehabilitation, and restoration of the community primarily through the collection of restitution and completion of community service.

Description:

Arizona's adult probation system is decentralized, with each of the fifteen county probation departments reporting directly to either the presiding judge of the Superior Court in their respective county or the Court Administrator. The Adult Services Division of the Administrative Office of the Courts administers and oversees nine major state programs/funds which help support the adult probation system: Intensive Probation Supervision (IPS); Adult Standard Probation; Community Punishment Program (CPP); Criminal Justice Enhancement Fund (CJEF); Drug Enforcement Account (DEA); Interstate Compact (ISC); the Drug Treatment and Education Fund (DTEF); Transferred Youth (TY); and the Judicial Collection Enhancement Fund (JCEF). The Division works with the county probation departments to ensure adequate resources are available for them to meet required operational standards based upon applicable statutes, administrative orders and funding requirements. The Division also coordinates approximately 300 state vehicles provided for adult and juvenile probation and surveillance officers, facilitates training events, conducts research and statistical compilation, and provides technical assistance on a variety of probation related matters.

* Beginning with FY 2004, Maricopa County is not included in the statewide result.

This Program Contains the following Subprograms:

- ▶ Standard Probation
- ▶ Intensive Probation
- ▶ Community Punishment
- ▶ Interstate Compact
- ▶ Drug Treatment and Education
- ▶ Global Positioning Systems (GPS)

STANDARD PROBATION

Ed Gilligan, Division Director
 Phone: (602) 452-3468
 A.R.S. § 12-261

Mission:

To provide financial assistance to probation departments to promote public safety by the responsible supervision of probationers in the community.

Description:

The program provides funding in an effort to maintain the statutory caseload average of 60 adult probationers per probation officer (60:1) and creates the availability of state funding to supplement county funds in order to achieve or maintain that 60:1 ratio. The funding must be used primarily for the payment of probation officer salaries to attain the caseload average.

INTENSIVE PROBATION

Ed Gilligan, Division Director

Phone: (602) 452-3468

A.R.S. § 13-913 et. seq.

Mission:

To provide a highly structured and closely supervised probation alternative which emphasizes the payment of restitution.

Description:

The program provides intensive supervision, through the use of probation officer/surveillance officer teams, to offenders who would otherwise have been incarcerated in the Department of Corrections at initial sentencing or as a result of a technical violation of standard probation. Pursuant to statute, supervision teams of one probation officer and one surveillance officer can supervise a maximum of 25 intensive probationers and a team consisting of one probation officer and two surveillance officers can supervise no more than 40 probationers. In small counties, one probation officer is authorized to supervise up to 15 intensive probationers. Intensive probationers are required to: maintain employment or full-time student status or perform community service at least six days per week; pay restitution and monthly probation fees; establish residency at a place approved by the probation team; remain at their place of residence except when attending approved activities; allow the administration of drug and alcohol tests; perform at least forty hours (with good cause the court can reduce to twenty hours) of community service work each month except for full-time students, who may be exempted or required to perform fewer hours; and meet any other conditions set by the court.

* Beginning with FY 2004, Maricopa County is not included in the statewide results. Beginning in FY 2007, Maricopa and Graham Counties not included.

INTERSTATE COMPACT

Dori Littler, Interstate Compact and Program Manager
Phone: (602) 452-3324
A.R.S. § 31-461

Mission:

To provide supervision to probationers transferring to Arizona and monitor the supervision of probationers transferred to other states from Arizona.

Description:

The program provides for the supervision of probationers transferring to Arizona from other states, and probationers transferring from Arizona to other states. County probation departments investigate requests of probationers sentenced in other states who wish to transfer their probation supervision to Arizona. After investigation, these requests are either denied or accepted. If accepted, county probation departments provide supervision for transferred probationers. Arizona probation officers monitor compliance with probation conditions and initiate corrective action, if deemed necessary, through the state Compact Office. Arizona probation departments also maintain contact with probationers transferred from Arizona to other states and collect court-ordered monetary assessments, including restitution and fines.

* Beginning with FY04, Maricopa County is not included in the statewide result. Beginning in FY 2007, Maricopa and Graham Counties are not included

GLOBAL POSITIONING SYSTEMS (GPS)

Shanda Breed, Program Manager
Phone: (602) 452-3814
A.R.S. § 13-902(G)

Mission:

To provide global positioning system monitoring for probationers sentenced under ARS 13-902(G).

Description:

A.R.S. §13-902(G) provides that beginning November 1, 2006 after conviction of a dangerous crime against children as defined in A.R.S. §13-604.01, if a term of probation is imposed, the court shall require global position system monitoring for the duration of the term of probation. Many probationers sentenced under A.R.S. §13-902(G) are placed on probation for long terms extending up to life-time probation supervision.

The GPS program offers the highest level of community-based supervision available for those probationers convicted of Dangerous Crimes Against Children. Further, the GPS program allows probationers to receive treatment while in the community or continuing their treatment once released from incarceration. This balanced approach results in short-term public safety through monitoring and potential long-term public safety by offering the probationer the opportunity to change their behavior through treatment.

◆ **Goal1** To monitor all GPS offenders on probation as prescribed by statute

INTENSIVE PROBATION

Chris Varner, Program Manager
 Phone: (602) 452-3456
 A.R.S. § 8-351

Mission:

To effect positive change in a high risk juvenile population through a highly structured community based probation program committed to the prevention of further juvenile offenses and the protection of the community.

Description:

The program provides probation teams that deliver intensive supervision, which emphasizes surveillance, treatment, work, education and home detention, to juvenile offenders. The program seeks to reduce commitments to the Arizona Department of Juvenile Corrections and other institutional or costly out-of-home placements, thus reserving space for more serious youth offenders. Probationers are required to participate in one or more of the following for 32 hours per week: school, court-ordered treatment, employment or community service; if able, to pay required court-ordered fees; to remain at a place of residence, except as allowed and approved by the supervising probation officer; to allow administration of drug and alcohol tests; and to meet other conditions set by the court.

TREATMENT SERVICES

Holli Sanger-Alarco, Program Manager

Phone: (620) 452-3246

A.R.S. § 8-322

Mission:

To administer a comprehensive continuum of community based treatment services and diversion programs for delinquent and incorrigible youth placed on probation to reduce repetitive juvenile offenses.

Description:

The Juvenile Treatment Fund is the primary fund that provides intervention services for youth on probation. The Administrative Office of the Courts administers the procurement, contracting and monitoring of statewide contracts for services provided to youth on probation. The fund provides the resources to assist the probation officer in enforcing the terms of probation through a comprehensive continuum of services to ensure accountability, skill development, community safety and crime reduction.

FAMILY COUNSELING

Teasie Colla, Program Manager
 Phone: (602) 452-3451
 A.R.S. §§ 8-261 et seq.

Mission:
To oversee the development of programs for families in crisis which strengthen family relationships and reduce juvenile delinquency.

Description:
 The program provides the basic crisis and supportive counseling services to children and their families. Funds are used to provide counseling not only to children who have already come to the attention of the court, but also to their families and siblings, in an effort to address family problems that may be contributing to unlawful behavior and to prevent escalation into more serious activity. For incorrigible children who would otherwise be unable to obtain counseling services, these funds provide the courts with the critical resources needed to improve the family's ability to deal with conflicts and exercise proper control.

JUVENILE CRIME REDUCTION

Teasie Colla, Program Manager
 Phone: (602) 452-3456
 A.R.S. § 41-2401D.5

Mission:

To support the development and replication of specific initiatives and community-based prevention, early identification and intervention, and recidivism reduction strategies which promote crime free lifestyles for Arizona youth.

Description:

Funding is provided through the Criminal Justice Enhancement Fund. JCRF is used as seed monies for the development and initial implementation of community-based programs targeted at preventing a juvenile from becoming involved in illegal activity or providing an array of intervention services and sanctions to deter a juvenile from becoming further involved in the juvenile justice system. Grants may be administered by local courts, schools, local units of government, tribal agencies, state agencies, and the AOC. Program categories considered for funding are based on national research that supports promising strategies, such as academic achievement, after-school activities, mentoring, immediate consequences, and graduated sanctions. Programs are awarded funds through an annual application process; funding recommendations are submitted to the Chief Justice for final approval. Funds may also be used to implement legislative mandates and to support special projects and statewide strategic initiatives administered by the AOC, such as the Juvenile On-Line Tracking System (JOLTS), LEARN labs (Literacy, Education, and Resource Network computer-assisted learn centers), operational reviews of local probation departments, juvenile detention centers, and special projects.

JCRF is also used to provide technical assistance and to oversee the distribution of federal education dollars, which the division receives from the Department of Education and passes through to counties to provide educational services to detained youth. Twelve counties maintain juvenile detention centers; two counties share a regional facility and one county contracts with a neighboring county for detention services.

ADULT AND JUVENILE DRUG COURT

Susan Alameda, Treatment Manager
 Phone: (602) 452-3558
 A.R.S. § 13-3422

Mission:

To fund and manage a coordinated system of adult and juvenile drug courts that help reduce recidivism.

Description:

The Administrative Office of the Courts (AOC) provides funding and statewide oversight of Adult and Juvenile Drug Courts. Arizona’s Drug Courts are special, problem-solving courts with the responsibility to intervene with medium to high-risk probationers at risk for failure on probation and in the community because of continued drug or alcohol use. Each drug court is comprised of a local Drug Court Team responsible for the effective implementation and operation of the drug court. All of Arizona’s drug courts have judicial leadership combined with probation supervision and community-based treatment services.

The drug court program includes Memorandum of Understanding (MOU) between participating parties, judicial management, probation supervision, screening and assessment of participants, random and scheduled drug testing, individual, group and family counseling services, incentives and sanctions, community work service and parental/family involvement.

Vision: To be a nationally recognized leader that advances public safety through the rehabilitation of seriously delinquent youth.

Mission: To rehabilitate the youth in our care by providing evidence-based treatment, pro-social, and educational and career training programs which will lead them to become productive, law-abiding members of society.

Agency Description: The Arizona Department of Juvenile Corrections (ADJC) is responsible for youth committed to its jurisdiction by the county juvenile courts. ADJC is accountable to the citizens of Arizona for the promotion of public safety through the evidence-based treatment, supervision, rehabilitation, and education of the youth committed to its care and the continuum of programs and services provided to the youth as they transition from the state's secure care facility back to their communities.

Executive Summary: The Arizona Department of Juvenile Corrections (ADJC) has a vision to be a national recognized leader that advances public safety through the rehabilitation of seriously delinquent youth.

As a public safety agency, ADJC is charged with protecting the public, our employees, and the youth committed to our care. We are committed to reducing violent incidents and injuries by focusing on prevention and intervention and increased training for staff.

Juvenile justice is based upon public safety through effective programming. ADJC delivers evidence-based programs to the youth in our care. We will work to ensure youth successfully complete individualized education, treatment, and behavior programming, allowing them to transition into the community and become productive members of society. To meet that requirement, ADJC must attract, retain and develop a professional and engaged workforce.

By fully integrating the Arizona Management System into agency practices and building meaningful relationships with internal and external stakeholders, ADJC will continue to improve agency processes and services.

Vision: We envision being a leader in state liquor licensing and enforcement, focused entirely on delivering exceptional services that meet customers needs and enrich the communities we serve.

Mission: To protect public safety and support economic growth through the responsible sale and consumption of liquor, and to efficiently license qualified applicants.

Agency Description: The department licenses and regulates the production, distribution, and sale of alcoholic beverages throughout the State of Arizona.

In instances involving allegations against licensees, the department investigates complaints, develops police reports, and enforces civil and criminal laws. State liquor laws are in Arizona Revised Statutes, Title 4 with supporting rules in Arizona Administrative Code, Title 19.

The department maintains key partnerships in and outside government with emphasis on youth education and outreach addressing underage drinking.

Executive Summary: We endeavor to realize the Governor’s vision to deliver “government at the speed of business,” applying effort in key areas tied to our mission.

Technology improvements present the greatest accelerator to success. A new licensing system, implemented in *February 2018*, connects stakeholders to a central system and provides for essential services online like never before. This impacts the speed of business, department performance, and economic opportunities. Continuous improvement of this system and supporting tools in the years to come will be sure to optimize outcomes.

A commitment to continuous improvement through the Arizona Management System (AMS) has proven instrumental for leveraging and developing talent necessary to lean out processes plus optimize resources. Continued application of AMS to analyze processes is certain to result in further process improvement wins.

The number of licensed businesses compared to department staff makes securing public safety challenging. At FY20 close, there were 14,744 active licenses and 37 employees. To set safety policy, enforce laws, and protect children and families, innovative solutions and mobilizing partnerships are needed.

Summary of Multi-Year Strategic Priorities

#	Five Year Strategy	Start Year	Progress / Successes
1	21 st Century Business - enrich technology tools and opportunities	2016	Replaced 26-year old data management system in February 2018 with new e-license tool. Spent remaining fiscal years 2018 and 2019 with staff and industry on user integration training and identifying system enhancements. Created and implemented e-license user orientation and FAQ page on agency website. Completed eight (8) system enhancements in FY 2020, plus built an additional eight (8) web-based licensing tools orphaned in the new e-license system project.
2	Accelerate agency performance	2016	In FY 2017, reduced the # of days to issue a new license and updated agency forms to retain only value added content. Next, standardized license application processing methods to improve staff effectiveness. In FY 2019, reduced the # of days to complete a site inspection, which had direct impact on days to issue a license. Also increased professional training opportunities for civilian employees. In FY 2020, created a web-based audit tool that simplified annual reporting for licensees and saved staff time through automation.
3	Promote and act to create safe communities	2015	In fiscal years 2016 and 2017, reduced the # of days to resolve a citizen complaint. In FY 2018, tackled reducing alcohol sales to persons under 21. In 2019, increased prevention activities to promote abstinence of alcohol among those under 21, plus collaborated with other state agencies on addressing wrong way driver fatality cases on freeways. In FY 2020, created the web-based audit tool shown in Strategy 2. The nexus here was about remediating restaurateurs not in compliance with state restaurant licensing laws.

INVESTIGATIONS

Michael Rosenberger, Deputy Director
 Phone: (602) 542-9076
 A.R.S. § 4-111 et seq.

Mission:

To investigate liquor law violations and maintain open lines of communication with licensees and the law enforcement community in order to obtain the maximum level of compliance with state statutes and rules.

Description:

The Investigations Division conducts criminal and administrative liquor law related investigations in order to promote public safety and ensure that licensees are complying with A.R.S. Title 4 and departmental rules; provides training and support to local law enforcement agencies enhancing their ability to enforce liquor laws; conducts criminal background checks through fingerprint records of individuals associated with liquor licenses as required by law; liaisons with state and federal law enforcement agencies, as well as city, town, and tribal police departments, and sheriff’s offices; conducts covert operations and collaborates with other law enforcement agencies to investigate Title 4 violations; conducts routine liquor inspections of licensed establishments; and maintains an investigative database accessible to police agencies. The Audit Unit conducts compliance audits of restaurant and hotel license-types as required by law. The Compliance Unit receives actionable reports of liquor law violations and resolves those cases through communication with licensees and issues formal compliance actions when appropriate.

Vision: To be Arizona’s first choice for gaming entertainment.

Mission: To support Arizona programs for the public benefit by maximizing net revenue in a responsible manner.

Agency Description: The Arizona Lottery was established to maximize net revenue dedicated to a variety of beneficiaries assigned through a statutory distribution formula. An advisory commission and an executive director, both appointed by the Governor, oversee operations. The lottery sells products through a licensed retailer network to provide players with innovative, entertaining and rewarding games of chance.

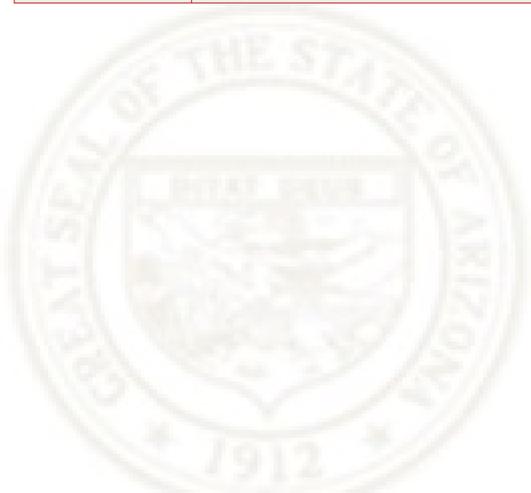

Executive Summary: Working towards our vision to be Arizona’s first choice for gaming entertainment, we identified four strategic priorities to maximize transfers to our beneficiaries:

- 1. Workforce success:** Investing in our most valuable resource, we are adapting our work environment to meet the challenges of the post COVID-19 era through workplace flexibility and safety.
- 2. Retail network:** Increasing accountability to providing retailers a better lottery experience. Creating media opportunities for retail partners.
- 3. Player base:** Continue strengthening player base by expanding winner experiences and the Players Club platform to provide more entertainment value.
- 4. Lottery impact on the state of Arizona:** Utilize Lottery platform of Community giving to position Arizona Lottery as an industry thought leader in an effort to increase awareness of Lottery impact post COVID-19.

BOARD OF MASSAGE THERAPY

Tom Augherton, Executive Director
Phone: (602) 542-8217
A.R.S. § 32-4201

Mission:

To protect the health, safety, and welfare of the citizens of Arizona by regulating and maintaining standards of practice in the practice of massage therapy.

Description:

The Board of Massage Therapy licenses and regulates massage therapists who are entrusted to increase wellness, relaxation, stress reduction, pain relief, postural improvement, or provide general or specific therapeutic benefits. The Board evaluates the professional competency of massage therapists seeking to be licensed in Arizona. Further, the Board promotes continued competence and fitness by investigating complaints against massage therapists, holding hearings, monitoring the activities of its licensees, and enforcing the standards of practice for the massage therapy profession as set forth by law.

FTE Positions	5.0	5.0	5.0

5 Year Plan

Issue 1 Seek opportunities to update/amend the Board's statutes and rules through either legislation or rule-making.

Description The current statutes and rules are dated and there are several areas where improvement is needed.

Solutions:

Executive Director to form an informal committee and facilitate meetings with current stake holders seeking input.

Issue 2 Seek a new licensing database that is functional, secure and efficient.

Description The Board currently uses a database that is outdated and offers very little efficiency to the Board and very little to the public. The Board's existing database has consistent data fields that collect current information, but does not easily allow board staff the ability to create reports or query data collected, nor does it allow for manipulation of the fields based on changes. An example of a change would be through legislation passed.

A new database will allow for more user efficiencies, plus it will offer better public integration, such as online renewals and online payment.

Solutions:

To work alongside ProcureAZ and to identify a vendor who will meet the goals of the Board. Collaborate with ADOA ASET with their knowledge and expertise in the information and technology environment, and eventually award the contract to the most deserving vendor. The vendor would then migrate all data into the new database and the database would interface with the Board's website to offer user friendly online tools, applications, submittals and requests.

Issue 3 The Board currently has no capacity for field investigations.

Description Currently all investigations are done in the office via telephone. The Board continues to receive an increasing number of consumer and licensee complaints regarding bad practices and consumer victimization statewide. Prostitution and human trafficking continue to be a problem in Arizona.

Solutions:

Restoration of two FTEs and appropriation authority for two Field Investigators. With additional FTE resources, the Board would be able to work collaboratively with State, County, and Local law enforcement on removing convicted offenders from the industry.

ARIZONA MEDICAL BOARD

Patricia E. McSorley, Executive Director

Phone: (480) 551-2791

A.R.S. §§ 32-1401 et seq. and A.R.S. §§ 32-2501 et seq.

Mission:

To protect public safety through the judicious licensing, regulation, and education of physicians and physician assistants.

Description:

The Agency staff supports the Arizona Medical Board, which licenses and regulates allopathic physicians ('MDs'), and the Arizona Regulatory Board of Physician Assistants ('PAs'), which licenses and regulates physician assistants. The Agency processes applications for licenses, handles public complaints against licensees, and disseminates information pertaining to licensees and the regulatory process. The Agency determines and administers disciplinary action of the respective Arizona practice acts. Together, the Agency regulates over 29,000 licensees.

5 Year Plan

Issue 1 Essential Agency functions focused on public protection through licensing, investigation, examination of regulatory issues, ongoing education of Staff and Agency members, active dissemination of public information and outreach and collaborating with other health regulatory agencies.

Description The Arizona Medical Board and the Arizona Regulatory Board of Physician Assistants (Boards) continually strive to proactively explore areas influencing healthcare delivery and public safety. The Boards focus on essential agency functions and concentrate on those matters that directly affect the health and well-being of the people of Arizona.

The Agency is often a source for communicating statutory changes and other information related to the practice of medicine by utilizing various available communication avenues: email, newsletter, Twitter and the Agency's websites.

The Agency actively engages with other health regulatory agencies to address concerns related to public health and safety. The Agency participated in the State Disaster Medical Advisory Committee (SDAMC) formed by the Arizona Department of Health Services (ADHS) in FY2020 to consider and provide recommendations on the implementation of crisis standards of care to address COVID -19 concerns in Arizona. In FY 2020, the Agency collaborated with the ADHS to implement COVID-19 temporary emergency licenses for both physicians and physician assistants, developing an expedited pathway to meet the increased need for healthcare providers during the pandemic. In FY 2020, 191 COVID licenses were issued (174 MD, and 17 PA). All fees were waived to encourage physicians and physician assistants to apply for licensure.

The Agency continued its participation as member of the Arizona Repository Advisory Workgroup established to create rules to implement the Healthcare Professionals Workforce Data Repository (Repository). The purpose of the Repository is to collect high quality data with the goal of using the information to improve healthcare delivery in the State of Arizona. The Agency is a critical member of this group as the proposal is to obtain the data from the license applications submitted to the Agency.

Agency Staff focused on increasing public awareness activities and exceeded its FY2020 goal. Staff addressed multiple groups and provided presentations to a wide range of audiences, including University of Arizona medical students, Arizona State University regulatory policy students, MATFORCE, (a Yavapai County coalition addressing substance abuse issues) and the Arizona Telemedicine Policy Symposium.

Solutions:

Devote activities to public safety, healthcare and regulatory issues.

Increasing time spent addressing public safety, healthcare or regulatory issues through subcommittee discussion and adoption of relevant substantive policy statements and rules.

Increasing the availability of educational and regulatory information to licensees, stakeholders, and the general public.

Issue 2 Modernization of the Agency’s database and operations by transitioning to a SaaS product pursuant to the Governor’s Cloud First Initiative to improve the Agency’s efficiency by reducing licensing and case resolution timeframes.

Description In FY 2020, after planning and procuring the appropriate resources, the Agency began transitioning its database operations to the cloud in alignment with the Governor’s Cloud First Initiative. This transition and modernization will allow the Agency to advance its processes and functions in tandem with developing technology. By aligning its database operations with the recommendations and products identified by the State, the Agency will have the capability to tap into new technologies and security features with potential cost sharing as the State leverages its enterprise abilities in procuring services.

By moving its operations to the cloud, the Agency will improve the services it offers its consumers including: the ability for applicants to upload their own documents to the licensing files thereby reducing the number of pieces of mail that Staff needs to sort and assign; the ability to pay licensing fees on-line by using a credit card with the assurance that state of the art data security is in place, with the ultimate goal to develop the Agency's technology to allow all persons transacting business with the Agency to do so through hand-held devices. By implementing and utilizing a SaaS system, the Agency will have enhanced its ability to obtain statistical information and data to assist in its decision making.

In addition to the move to the cloud, in FY 2020 the Agency invested in equipment to allow appropriate Agency Staff to telecommute during the COVID-19 pandemic. In FY 2021, the Agency plans to implement additional technology to allow for more interactive virtual public meetings.

In FY 2021, the Agency also plans to continue to work with our partners at the Arizona Department of Administration (ADOA) to finalize the move to the cloud and to identify additional technological improvements.

In FY 2020, in addition to implementing the COVID-19 temporary emergency license, the Agency added another new pathway allowing for expedited licensure, the Universal Recognition License. This license is applicable to all licensed professionals and allows the Agency to expeditiously license a physician or physician assistant, licensed by another state for more than a year and who has established residency in Arizona. The Universal Recognition License provides an expeditious process since many of primary source documents related to training and employment are not be required. In FY 2020, the Agency received 141 MD Universal applications, and 98 Universal MD licenses were issued. There were 27 PA Universal applications received, and 18 Universal PA licenses were issued.

The Agency continues to issue licenses through the Interstate Medical Licensure Compact (IMLC) under a statutory agreement approved in FY 2017 by the Arizona Legislature. In FY2020, the Agency issued 363 letters of qualification to Arizona licensed physicians seeking licensure through the IMLC, and granted 157 Arizona licenses to physicians licensed in another state through the IMLC agreement. Other legislation approved issuance of temporary licenses by statute, and to date the Agency received 28 requests for a temporary license and 16 were approved/issued.

The Agency continues to issue fee waivers pursuant to statute. The fee waivers are intended to create greater accessibility to low income applicants. In FY 2020, there were 4 allopathic physicians who requested a fee waiver. Two of those fee waiver requests were approved. A fee waiver was requested by 47 PAs, and 43 were approved.

The Agency continues to practice LEAN principles. The creation of standard work procedures reduced the number of days to issue a license. There has been a significant reduction in total days to approve a license based on the application received by date to the approved date, which excludes deficient days. In FY 2019, the number of days to approve a license was 86. In FY 2020, this was reduced to 75 days. A statute change in FY 2019 eliminated the requirement to obtain hospital affiliations via an official source document and letterhead for verification of employment for the five years previous to the application, A.R.S § 32-1422.(11) (b). This statute amendment continues to allow for improvement in the number of days to issue a license.

The Agency, at the request of the Board Members, established a structural change to the current measurements used to report the average number of days to approve a License (both MDs and PAs). Previously the measure only reported the actual time Staff spent processing an application, and excluded the time spent waiting for the submission of required documentation. The new measure reflects the actual time (in average days) to process from receipt of the application to issuance/approval of an application thereby providing a more accurate and meaningful measurement. This timeframe is also consistent with the metric used by the Agency in its Lean process.

The Agency continues to seek out opportunities to improve the speed of the delivery of services, with an emphasis on decreasing licensing issuance timeframes, and disseminating information in the interest of the public.

Solutions:

Maintaining or improving upon prior year performance levels in license processing,
Maintaining or improving upon prior year performance levels in complaint investigation and case resolution.

Agency Summary

STATE MINE INSPECTOR

Joseph E. Hart, State Mine Inspector
Phone: (602) 542-5971
A.R.S. §§ 27-121 et seq.

Mission:

To administer and enforce the Mining Code of the State of Arizona for the protection of the life, health, and safety of mine employees and the public in Arizona's active, inactive and abandoned mines.

Description:

The State Mine Inspector is a statewide elected constitutional officer and director of the Office of the State Mine Inspector. The Office enforces laws and regulations applicable to mine safety, health, explosives, and land reclamation. The Office inspects the health and safety conditions and practices at active mining operations; investigates mine accidents and employee and public complaints; and conducts federally certified miner and instructor safety training.

The Office administers reclamation financial assurance and enforces the mined land reclamation laws and regulations for the restoration of disturbed lands to a safe and stable environmental condition. The Office promotes public safety regarding abandoned mines. The Office conducts complaint investigations; issues mine-owner compliance notifications; and identifies, assesses, and secures mine safety hazards. The Office also issues permits, licenses, and certificates for elevators and electrical connections and monitors the manufacturing, storing, selling, transferring, and disposal of all explosives or blasting agents.

Issue 1 Inspection Division

Description The Arizona State Mine Inspectors Office is a constitutional office that has been charged with the Health and Safety of the Miner, it is a Life Safety Agency with legally mandated requirements.

The Arizona State Mine Inspector / ASMI, is required to inspect at least once a year every mine in the state for compliance to the Arizona Revised Statutes and the Rules and Regulations. In ARS 27-124 the inspector is further required to inspect the mining operation for conditions, safety appliances, machinery, equipment, sanitation and ventilation, the means of ingress and egress, the means taken to protect the lives, health and safety of the miners. Arizona Revised Statute 27-309, ASMI must investigate the cause of fatal accidents resulting in a death occurring at the mine and file written report. Arizona Revised Statute 27-308, ASMI is required to investigate written safety complaints and will accept verbal complaints that are reasonably likely to be fatal.

Inspections has been reduced by one Inspector, from five to four Inspectors, this is a 10% drop in our abilities. During the late 1990's and the early 2000's ASMI had to defend itself against liability lawsuits in which a lack of required inspections and the quality of the Health & Safety Inspections were a factor. ASMI paid large settlements in several cases. With a reduction of inspectors, the remaining inspectors are pressed to do more with less resulting in less time and quality spent performing the actual required Health and Safety inspection at each mine in an attempt to keep up. Currently two of the four Inspectors are eligible for retirement. Mine Inspectors are very specialized, requiring knowledge in mine safety, mine processes and regulatory requirements.

It is imperative that ASMI prepare for succession by recruiting an additional inspector and to have a minimum of 3 years to develop the knowledge, skills and abilities to inspect mine sites for health and safety inspections on the regulatory side. If the Agency is not funded for this mandatory obligation it will leave the Agency and the state of Arizona open to multiple liabilities for subsequent administrations.

Arizona Revised Statute 27-303 requires the operator to notify ASMI when a mine will be temporarily or permanently closed. In the case of temporary suspension of operations excluding labor disputes, exceeding six months or in the case of permanent termination of mining operations, the operator shall notify the inspector, in writing, before the suspension or termination date. All shafts, portals, adits or other openings shall be secured to prevent unauthorized entry and to protect public health and safety pursuant to ARS 27-318. With a reduction of inspectors, mines that have closed do not get inspected for compliance resulting in potential exposure to legal action.

The Arizona State Mine Inspector's office in order to comply with ARS 27-318 after receiving notification of ARS 27-303 inspects the closed, abandoned or inactive mining shafts, portals, pits or other excavations which are dangerous to persons legally on the premises. ASMI inspects and issues notices of violations to mine operators who fail to cover, fence, fill or otherwise secure the mine hazards and post warning signs. A reduction in inspections would result in non-compliance to 27-318 and promote abandoned mine hazards at a later time when the mine operator cannot be found or is no longer in business, leaving the problem for the land owner and the State of Arizona with potential exposure to legal action. Mine closures in the aggregate industry has increased in the last four years with decline of the economy.

Inspections Training, Continuing Education and Certifications:

To reduce legal liability and stay current in inspections, codes and equipment, continuing education for 2021 budget would include:

- MSHA Conferences & Inspections Training in Beckley WV.
- Tailings and Impoundment Dam Safety
- Industrial Hygiene
- Elevators
- Hoist & Lifting Gear
- Boilers & Pressure Vessels
- NFPA, UFC, UBC Codes

Solutions:

Request additional funding for one additional Inspector, equipment and continued education for inspectors.

Issue 2 Abandoned Mine Division

Description Challenges faced in reducing or preventing further fatalities and serious accidents at mines sites include limited funding, lack of administrative and field staff. As documented in past budget submittals, at least three (3) more positions are needed to operate an effective abandoned mines inventory and closure program. Two abandoned mines supervisors would coordinate and partner with the mine industry, private sector, and other government groups to determine how a needed closure can be most effectively and efficiently completed. Additional duties are: visit abandoned mine sites to locate and survey, inventory, classify and eliminate public safety hazards and participate in the actual implementation of mine closures. An administrative assistant to assist with data entry, issuing and tracking of Notice of Violations and corrective actions as a result of issuing Notice of Violations.

Solutions:

Request additional appropriations for abandoned mine staff and closures.

Issue 3 Education and Training Division**Description**

The FY2021 Congressional Budget Justification calls for the \$10.5 million to be fully funded for the State Grant Program.

Arizona's mining incident and injury rate has been below the national average rate for many years, due to the training materials and mandatory MSHA training courses conducted by the Arizona State Mine Inspector's Education and Training Program. At a time when the mining industry continues to expand to meet an increased demand for natural resources the state grants program will be an important program to assist mine operators in maintaining safe and healthful workplaces, and ensure that miners are provided adequate health and safety training. ASMI believes that the recognition and understanding of workplace hazards are the most critical building block for a safe and healthful workplace. This building block is constructed and supported through effective training.

The majority of metal and nonmetal mines are small business operations, and many have no formal safety program. However, smaller mines do not mean fewer risks; mine hazards are inherent in the work of moving and processing extremely large volumes of materials. Just as mining is vital to the American economy, a safe and healthy workforce is critical to the continued successful operation of the mining industry.

Solutions:

Continue with class registration fees.

Issue 4 Mined Land Reclamation

Description It is important to note, that all approved sites must continue to submit annual status reports in accordance with A.R.S. §27-1277, along with financial assurance mechanisms for annual review (reclamation bonding etc.), which is generally a yearly process submittal. Some aggregate mine site owners and operators have been cancelling leases, closing down operations, and/or transferring mine sites from 2010 through 2019 which is creating an ownership and reclamation responsibility tracking problem. Therefore, continual tracking of mining site facility transfers and financial assurance is extremely vital, especially in the state of Arizona's current economic environment. If the reclamation bonds and tracking of the aggregate mine sites does not continue to occur, it will be difficult to track the mining companies who are currently responsible for the reclamation of the mining disturbances. This is a timely process of reviews and site compliance inspections. This includes issues of any safety or surface disturbance damages caused by the mining, especially when the properties are abandoned or left in disrepair temporarily or permanently. The state and local municipalities (or flood control districts) could then be left with the responsibility for a remedial or rehabilitation of the property for safety and surface reclamation damages, which would impact the State Mine Inspector's office.

Solutions:**Issue 5** Vehicle Replacement

Description The Arizona State Mine Inspector's office (ASMI) will have 2 vehicles that will exceed the criteria set through legislative action for replacement policy. The policy states "that the department not replace vehicles until an average or 150,000 miles or later". ASMI currently has two (2) vehicles that will meet these criteria in fiscal year 2022.

Solutions:

Notify the Arizona Department of Transportation that a minimum of two vehicles will need to be replaced by FY2022

MINING SAFETY ENFORCEMENT

Tim Evans, Assistant State Mine Inspector
 Phone: (602) 542-5971
 A.R.S. § 27-124

Mission:

To enforce the Mining Code of the State of Arizona for the protection of the life, health and safety of the employees in Arizona's active mining operations.

Description:

The Mine Safety Enforcement Program performs quarterly and annual health and safety inspections at active underground and surface mines and related facilities; conducts investigations of mine accidents, employee and citizen complaints; and provides certification classes in mine rescue and first aid. The program issues violations, cessation orders, mine elevator operating, electrical connection permits and underground diesel equipment operating permits as tools to promote safe and healthful work conditions. Operations under this program's jurisdiction include asphalt hot plants, concrete batch plants, aggregate pits, quarries and processing plants; underground and open pit mines, quarries, mills, SX-EW Plants, smelters, refineries, and rod plants. Jurisdiction also covers contractor employees working at mine sites and the administration of Sand and Gravel Districts. Deputy Mine Inspectors also perform complaint investigations and land owner compliance inspections at abandoned mines to support the Abandoned Mines Program.

Program Summary

ABANDONED MINES

Laurie Swartzbaugh, Deputy Director

Phone: (602) 542-5971

A.R.S. § 27-318

Mission:

To promote public safety by field identification, hazard assessment, mine owner compliance notification and administration of the securing of dangerous abandoned mines in compliance with the endangered species and plant acts, historical acts and environmental acts.

Description:

The Abandoned Mines program’s efforts fall into two categories: the inventory of abandoned mine sites and the administration of the securing, remediation and closure of abandoned mines. Field surveys are prioritized to primarily locate mines on State lands, secondly on other public lands, and then thirdly on private lands within the 73 million acres that comprise the State of Arizona. The survey records the exact location of abandoned mines using a global positioning satellite system. The inventory’s objective is to produce an accurate count of abandoned mines and describe the significant safety hazards and potential environmental hazards occurring with them. The database of surveyed abandoned mines is used to prioritize the significant public and environmental hazards for remediation and reclamation planning. The inventory also allows the Office to accurately investigate public complaints about abandoned mines in a timely manner. An abandoned mine may be used for criminal activities, such as a cache for stolen explosives or a body disposal site. The program assists law enforcement criminal and missing persons investigations and body recoveries. The administration of securing abandoned mines first prioritizes sites on State owned lands listed in the inventory based on the severity of the threat posed to public and environmental safety. Through this prioritization, structures are designated as necessary for abandoned mine closures on State lands. The cost of field construction work to secure these mines is provided by the Abandoned Mine Safety Fund through mining industry donations, private citizen donations and a matching appropriation from the Legislature. The program performs regular monitoring to assure mine closures remain in good condition. The program coordinates the identification and securing of abandoned mines with local, state, and federal agencies as well as other states and volunteer groups. Groups include the Yuma County Sheriff’s Search and Rescue Group, the Maricopa County Sheriff’s Office Mountain Search and Rescue Group, Arizona Department of Mines and Mineral Resources, Maricopa County Parks, Arizona State Land Department, Arizona Game and Fish, Arizona State Historic Preservation Office, Arizona Department of Environmental Quality, Department of Labor Mine Safety and Health Administration, Bureau of Land Management, Forest Service, Environmental Protection Agency, and the National Association of Abandoned Mined Land Programs, which is comprised of 27 states and three Indian Tribes.

EDUCATION AND TRAINING - FEDERAL GRANT

Frank Rabago, Education & Training Program Manager
 Phone: (602) 542-5971
 A.R.S. § 27-124, Title 30 CFR

Mission:

To educate and train inexperienced and experienced mine employees in safe work practices and compliance with state and federal mine safety regulations.

Description:

The Mandatory Safety and Health Standards for all mines in the United States are subject to the Federal Mine Safety and Health Act of 1977. The purpose of these standards is the protection of life, the promotion of health and safety, and the prevention of accidents.

The Office of the Arizona State Mine Inspector holds true to the same concerns, values and goals of protecting current and future miners and the public. The Arizona State Mine Inspector and staff regulate and follow the Mining Code of the State of Arizona which contains the guidelines of the Arizona Revised Statutes and Rules and Regulations. Our goal is the protection of miners and the public through regulation, enforcement rules, education and training.

Mine safety and health education and training is very important to Arizona’s mine operators, their employees, contractors and the public. The Education and Training department provides the mandatory federal mine safety training classes to the Arizona mining community. Requests for safety training from Arizona’s mine operators, contractors and workers is in great demand.

The Education and Training Program certifies instructors, develops lesson plans, conducts classes and organizes safety conferences for mine safety education and training. The emphasis is placed on miners' rights and current health and safety regulations in compliance with the Mining Code of the State of Arizona, A.R.S. § Title 27, and the Federal Mine Safety and Health Act of 1977, Title 30 CFR, Parts 46, 48, 49, 56, 57,58, and 62. In addition to mining company employees, all contractors, vendors, rescue teams, and others regularly exposed to mine hazards at a mine property are required to have various levels of training furnished by the Education and Training Program.

MINED LAND RECLAMATION

Amanda Lothar, Reclamation Specialist
 Phone: (602) 542-5971
 A.R.S. §27-921 & A.R.S. §27-1221

Mission:

To promote the restoration of lands disturbed by mining to a safe and stable environmental condition through enforcement of the Mined Land Reclamation laws, rules and regulations as applicable to new mineral exploration, new mines and the expansion or closure of existing active mines.

Description:

The Mined Land Reclamation Program, working in cooperation with mining companies, consultants and other state and federal governmental agencies, approves or rejects mine reclamation plans and financial assurance mechanisms submitted by all metalliferous mining units, aggregate mining pits, quarries and exploration operations with surface disturbances greater than five acres. Annual reviews of financial assurances and on-site inspections for on-going reclamation projects and of the regulated mines are parts of the continual monitoring process to establish compliance to the Mined Land Reclamation laws.

◆ **Goal1** To promote the restoration of lands disturbed by mining to a safe and stable environmental condition. The Arizona Revised Statutes Title 27, Chapter 1, Article 2 identifies the need for a State Mine Inspector Agency. Chapter 5 & 6 were established for Mined Land Reclamation and Aggregate Mined Land Reclamation, and provides for a Division within the State Mine Inspector Agency, to administer the reclamation plans within the state.

Tracking of the percentage of mined acreage disturbed and reclaimed;

Tracking of mandated required financial assurance from an aggregate mining operation to ensure funds are available to reclaim the land;

Tracking of industry reclamation plan goals, which are tracked by release of financial assurance mechanisms;

Complete administrative and technical reviews of reclamation plans; and

Adequate management to enhance public benefit, responsible development and economic value.

Note: The Reclamation Plans Review program is still needing resources (or manpower) necessary to manage a Division for this Plan review process, and for field verification compliance inspections (Especially in Aggregate transfers of properties, and renewal of Financial Assurances). Hardrock plans and site expansions, as well as tracking, has not been considered in this report, but still remains a considerable duty of the Reclamation Division. A compliance tracking database is strongly needed to assist with due dates for annual update reporting dates.

NATUROPATHIC PHYSICIANS BOARD OF MEDICAL EXAMINERS

Gail Anthony, Executive Director
 Phone: (602) 542-8242
 A.R.S. § 32-1501

Mission:

To protect the public through the regulation of the practice of naturopathic medicine.

Description:

The Naturopathic Physicians Board of Medical Examiners issues licenses and certificates, including specialty certificates and certificates to dispense, to applicants who meet the requirements of Arizona law for naturopathic medicine. Further, the Board certifies naturopathic assistants, graduates who participate in postdoctoral training programs, and naturopathic students to engage in clinical training programs. The Board also conducts investigations and hearings into allegations of medical incompetence and unprofessional conduct.

NAVIGABLE STREAM ADJUDICATION COMMISSION

George Mehnert, Director
Phone: (602) 542-9214
A.R.S. §§ 37-1101 to 37-1156

Mission:

To determine navigability of watercourses, determine which of Arizona's rivers and streams were navigable at the time of statehood, determine the public trust values of those rivers and streams that are determined to have been navigable.

Description:

The Arizona Navigable Stream Adjudication Commission (ANSAC) is a single-program agency. The Commission is charged with gathering evidence, holding hearings, and making determinations regarding navigability of the 39,039 streams and rivers in Arizona as of February 14, 1912. Part of this responsibility is to respond to issues raised by the Arizona Court of Appeals and returned to the Commission for additional hearings regarding specific topics. The Commission must litigate cases in court, including defending appeals and other legal actions that are filed in State Court against the Commission, and must complete Commission reports to be recorded in each appropriate county following the appeals processes.

5 Year Plan

Issue 1 Three final ANSAC determinations of non-navigability (Salt, Gila, and Verde Rivers) were appealed to Maricopa County Superior Court in August 2019. Maricopa County Superior Court upheld ANSAC's final determinations in all three cases. We have been informed that the Maricopa County Superior Court's decision will be appealed to the Arizona Court of Appeals. That appeal filing will be due at the Arizona Court of Appeals in September 2020.

Description It appears appeals of ANSAC'S final determinations and Maricopa County Superior Court's decision to uphold ANSAC's determinations regarding three rivers (Salt, Gila, and Verde Rivers) will be filed appealed the Arizona Court of Appeals.

Solutions:

To defend any appeals and to file any necessary legal actions.

Issue 2 The Commission ratified all five remaining reports for the Gila, Salt, San Pedro, Santa Cruz, and Verde Rivers on June 28, 2018, including determinations that each river was non-navigable at time of Statehood, February 14, 1912.

Description Ratifying Commission reports begins the clock for time during which parties and others may file appeals in Superior court

Solutions:

To defend appeals and file court actions on behalf of ANSAC.

Issue 3 ANSAC Sunset Date has been continued to June 30, 2024.

Description The ANSAC Sunset date has been continued to June 30, 2024, to accommodate cases in court. Three appeals of ANSAC's final determinations of non-navigability in three ANSAC cases (Salt, Gila, and Verde Rivers) were filed in Maricopa County Superior Court. Superior Court upheld ANSAC's final determinations and we have been notified that appeals of the Superior Court's decisions will be filed in September 2020 with the Arizona Court of Appeals.

Solutions:

ANSAC recently completed successful defense of three cases in Maricopa County Superior Court. ANSAC will further need to defend those cases in the Arizona Court of Appeals and may also file necessary legal actions of its own.

Issue 4 Relating to appeals, ANSAC may file its own legal actions if necessary.

Description It may become necessary for ANSAC to file its own court actions relating to appeals or during the appeals process.

Solutions:

ANSAC will instruct its attorney to file its own necessary legal.

Issue 5 Public Trust Value Hearings

Description In the event courts rule specific watercourses or portions of watercourses were navigable at time of statehood; there is a statutory requirement that ANSAC hold proceedings to determine the Public Trust Value of such watercourses or portions of watercourses.

Solutions:

ANSAC will schedule and hold public trust value hearings as necessary.

Issue 6 Recording of Final Reports

Description Recording of ANSAC final reports in every county in which a watercourse travels is required following completion of all hearings and appeals.

Solutions:

ANSAC, through its attorney, will record all remaining final reports in each county in which each river travels. For example the Gila River travels in six Arizona counties.

- ◆ **Goal 1** To determine watercourse navigability. The navigability of all of approximately 39,039 Arizona watercourses with streambed/property titles impacting more than an estimated 100,000 Arizona citizens and businesses has been completed (in some instances for the second time and in other cases for the third time) with all watercourses determined to have been non-navigable. The navigability determination of the final five of these (San Pedro, Santa Cruz, Gila, Salt, and Verde) were determined by vote of the commission to have been non-navigable at statehood. These determinations were completed on June 28, 2018. The commission determinations of non-navigable of three of these five cases, (the Gila, Salt, and Verde) were appealed to Maricopa County Superior Court. An appeal of Ansac's final determinations in these three cases was filed in Maricopa Superior Court. ANSAC's determinations were upheld in Maricopa County Superior Court and it is anticipated that decision will be appealed to the Arizona Court of Appeals in September 2020.

- ◆ **Goal 2** To defend in State and Federal Court all Appeals of Commission determinations. The Arizona Court of Appeals returned six cases to the Commission in 2012 for additional work/hearings. Two of those cases have been consolidated into a single case, therefore five case remain and are in various stages of the hearing process which including writintg Commission final reports. However as of Auigust 2020 there are only three cases remaining (the Salt, Gila and Verde rivers). An appeal of Ansac's final determinations in these three cases was filed in Maricopa Superior Court. ANSAC's determinations were upheld in Maricopa County Superior Court and it is anticipated that decision will be appealed to the Arizona Court of Appeals in September 2020.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
To defend any actions filed against the Commission regarding the six remand cases retuned to the Commission on October 21, 2011 for the Commissions consideration. NOTE: While six cases were returned to the Commission for additional work two of those cases were consolidated into a single case so five, not six, cases remain and are presently in various hearing stages; and of these five cases three remain and during early calendar 2019 were filed as appeals of ANSAC's non-navigability determination in Maricopa County Superior Court. These three remaining cases are the Gila, Salt, and Verde Rivers.	0	3	3	3	3

- ◆ **Goal3** To defend all other legal actions filed against the Commission, and to file legal actions by the Commission deemed appropriate. An appeal of Ansaac's final determinations in the Salt, Gila, and Verde river cases was filed in Maricopa Superior Court. ANSAC's determinations were upheld in Maricopa County Superior Court and it is anticipated that decision will be appealed to the Arizona Court of Appeals in September 2020.

Explanation: There are no numbers included as there are no actions pending other than actual appeals and legal actions related to those.

- ◆ **Goal4** To record each Commission report in the appropriate county seat either following expiration of appeal times or completion of Court mandated work and completion of appeals and court actions.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate

- ◆ **Goal 6** To defend all legal challenges of ANSACs final determinations. ANSAC's final determinations of non-navigability in three cases (Salt, Gila, and Verde Rivers) were appealed in 2019 to Maricopa Superior Court. ANSAC's determinations were recently upheld by Maricopa County Superior Court and it is anticipated that Court's decisions will be further appealed to the Arizona Court of Appeals in September 2020. ANSAC has also responded to all court directives. Superior Courts as well as the Arizona Court of Appeals have given directions to the Commission.

Performance Measures	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
To take actions that will comport with court instructions and determinations, beginning with the Arizona Court of Appeals instructions on October 21, 2011 and including future instructions and determinations from any State Courts appeals are filed in.	5	3	3	3	3
To insure court directives are completed by the commission. No directives are pending.	5	3	3	3	3

LICENSING AND REGULATION - RN/LPN

Jo Elizabeth Ridenour, Executive Director
 Phone: (602) 771-7801
 A.R.S. §§ 32-1601 to 32-1669

Mission:

To establish standards and requirements for initial licensure of new nursing graduates and nurses moving into the State; to protect the public by investigating complaints against licensees ensuring that due process is upheld; to assist nurses with problems of chemical dependency to obtain treatment; to monitor such activity, all with the intent to protect the public from nurses who are unsafe to practice.

Description:

The Board of Nursing (ASBN) licenses all nurses practicing in the State except those practicing in federal facilities. In order to license nurses, the Board administers the National Council Licensure Examination (NCLEX) to new graduates and verifies licensure status in other states for nurses moving into Arizona. The Board investigates licensees who have been reported for possible violations of the Nurse Practice Act. Through a comprehensive investigation process, the agency ensures the public safety from incompetent, unsafe, or unprofessional nurses. The Chemically Addicted Nurses Diversion Option (CANDO) Program of the Board consists of three year contracts with licensees which include and are monitored for: initial intensive treatment, aftercare, participation in Alcoholics Anonymous or Narcotics Anonymous, random biological-fluid screens, nurses support groups and quarterly employer evaluations. Licensees are also monitored when the Board determines probational discipline is needed to ensure that public risk is reduced. The Hearing Department schedules hearings for licensees/certificate holders who have been denied licensure/certificates and for those who request their disciplinary procedure be heard by an Administrative Law Judge whose recommendation is forwarded to the Board for approval of the final order.

BOARD OF EXAMINERS OF NURSING CARE INSTITUTION ADMINISTRATORS AND ADULT CARE HOME MANAGERS

Allen Imig, Executive Director
Phone: (602) 542-8156
A.R.S. § 36-446.02

Mission:

To protect the health, welfare, and safety of Arizona citizens who seek and use the services of nursing care institution administrators and assisted living facility managers.

Description:

The Board of Nursing Care Institution Administrators and Assisted Living Facilities Managers evaluates and processes initial applications and renewals from individuals seeking nursing home administrator licenses and assisted living facility manager certificates. As administrators and managers are required by law to meet continuing education requirements, the Board also approves continuing education programs. In addition, the Board approves, renews, and regulates assisted living facility manager and caregiver training programs, and investigates complaints received from the public or the Department of Health Services and imposes disciplinary action on licensees or certificate holders when necessary. All Board functions are accomplished through a fee-financed program of examination, licensure, and regulation.

5 Year Plan

Issue 1 Evaluate the qualifications of applicants for licensure.

Description The Board has seen a steady increase of the number of applications for new licenses and the number of renewals each year. The new eLicensing system has improved the process by eliminating the need for Board staff to enter data from a written applications.

Solutions:

A. The Board of Occupational Therapy is pursuing changes to statues and rules to increase the efficiency of application processing, while still ensuring qualified applicants receive a license.

Issue 2 Establish the mechanisms for assessing continuing professional competence of occupational therapists and occupational therapy assistants.

Description The Board of Occupational Therapy currently reviews 100% of continuing education certificates submitted by renewal applicants. This is a time-consuming task for Board staff.

Solutions:

A. Board staff is pursuing changes to statutes and rules to allow random audits of continuing education. Reducing the percentage of audited application from 100% to 50% would greatly improve application processing times.

Issue 1 5 yr Strategic Plan

Description ARIZONA STATE BOARD OF DISPENSING OPTICIANS

FIVE-YEAR STRATEGIC PLAN

8/27/20

Mission:

To protect the visual health of the citizens of Arizona by regulating and maintaining the standard of practice in the field of opticianry.

To this end, the Board regulates the opticianry profession through administering examinations, issuing licenses to qualified opticians and optical establishments, proposing legislation, enacting rules and regulations and investigating complaints brought to the Board against licensed opticians and optical establishments

Description:

The Board of Dispensing Opticians examines and licenses professionals to practice in the field of opticianry and licenses optical establishments. This Board is distinguished from the Board of Optometry, which regulates optometrists, whereas dispensing opticians fill orders for and fit persons with corrective eyewear. The Board of Dispensing Opticians accepts complaints against licensees, investigates allegations, and administratively adjudicates complaints.

Goals and Objectives

Goal #1: To ensure high standards of professional and ethical conduct in the field of opticianry through efficient processing of examination, establishment and optician license applications and administration of the State Board Practical Examination.

Objective #1: By December 2020 the Board will review National Organizations' Practical Examinations. The Board will bring any recommendations for a full Board vote.

Objective #2: By December 2020, the Board will meet with other states who are utilizing the National Practical Examinations and verify results.

Objective #3: Update database to allow for on-line application and renewal.

The Board has available resources to accomplish objective #1: however, an increase in out-of state travel funds will be necessary to accomplish objective #2. Objective #3 has been funded for initialization, however, an increase will be required to cover maintenance and ongoing costs. The Board has the available resources in the Dispensing Opticians Fund to accommodate an increase in appropriations.

Goal #2: To investigate and adjudicate consumer and Board initiated complaints in accordance with statutes and rules in order to protect the public from incompetent services and unprofessional and unethical conduct.

Objective #1: By the end of fiscal year 2021, the Executive Director will increase the number of optical establishments visited and inspected.

Objective #2: By the end of fiscal year 2021, the Board will actively recruit more retired licensed opticians to serve as investigators.

The Board will request another increase in travel funds to accommodate the establishment inspections. The Board has the available resources in the Dispensing Opticians Fund to accommodate an increase in appropriations.

Goal #3: To better protect the public through the administration of the continuing education requirement in order to maintain the integrity of the profession of opticianry in accordance with the Board's mandate.

Objective #1: The Board is in process of implementing a Rule package. And, when allowed by Governor's office and GRRC, to Amend/Repeal number of Rules to allow the Board more flexibility in accepting national practical examination results versus the Board proctoring a practical every six months.

Existing funds will be used to initiate action to attain goals and accomplish objective.

Goal #4: To maintain consistency in opticianry licensure and regulation with other states through membership in governmental and industry associations (FARB, CLEAR, AADO, OAA, NCSORB and ABO-NCLE) and to interact with the optical industry on a statewide basis.

Objective #1: At least one Board member or the Executive Director will attend no less than one governmental or industry related seminar each fiscal year.

Objective #2: Development of an annual newsletter and mailing list or email list, containing an update on changes in regulation, etc., to be mass mailed to licensees and other members of the ophthalmic industry within Arizona and in other states.

An increase in appropriations will be necessary to implement these goals and accomplish objectives. The Board has the available resources to accommodate an increase in appropriations.

BOARD OF OSTEOPATHIC EXAMINERS

Justin Bohall, Executive Director
Phone: (602) 771-2522
A.R.S. §§ 32-1800 et seq.

Mission:

To protect the public health and safety of people in Arizona through the regulation of physicians licensed to practice osteopathic medicine and surgery in the state.

Description:

The Board of Osteopathic Examiners regulates osteopathic physicians in Arizona. The Board is responsible for the licensure of osteopathic physicians and residents, the enforcement of standards of practice, and the review and adjudication of complaints. The Board protects the public by setting educational and training standards for licensure and by reviewing complaints made against osteopathic physicians, interns, and residents to ensure that their conduct meets the standards of the profession, as defined by A.R.S. § 32-1854.

5 Year Plan

Issue 1 Identifying and resolving pending complaints on a more timely basis. Complete the investigation so they can be resolved more timely by the Board.

Description The Board is continuing to receive a large number of complaints and will need to work to investigate those new complaints as well as existing complaints in a timely manner.

Solutions:

The Board has approved a policy and procedure to streamline the complaints process. The process focuses on internal operations that can be elevated to reduce investigations time. Additionally, staff is restructuring the administrative duties to allow for the Investigator and Medical Consultant to focus on case investigation rather than the administrative items.

Issue 2 Complaints are taking more than 180 days to resolve and the Auditor General has set a guideline of 180 days or less to resolve complaints. We need to complete our complaint process within 180 days.

Description Our goal is to reduce the average number of days to investigate and resolve a complaint to an average of 180 days or less. We recognize that some complaints, due to the difficulty of the case, require further investigation, evaluation or chart review after the Board reviews the matter initially. We are trying to identify these cases before they go to the Board in anticipation of their request. Other factors such as continuances at the request of the licensee can also extend the timeframes for resolving these cases. With the consolidation of many medical offices, plans and hospitals, we are finding it is more difficult to get timely responses to requests for records and subpoenas. This outside delay is affecting our internal process and slowing down our resolution timeframes.

On average, we should meet the timeframes. Cases that go for an Investigative Hearing or that are sent to the Office of Administrative Hearings can take a longer period of time to resolve as these cases may result in a revocation or a suspension of greater than 12 months of a license. However, we will continue to strive to timely resolve such cases as quickly as possible. We are offering more Consent Agreements for surrender versus taking the matters to hearing.

Again, this is a critical item to our Board as it affects the public and our licensees. When we identify a serious case involving possible immediate danger to the public, the Board addresses these matters on an immediate basis and with possible summary suspensions.

Solutions:

We continue to reduce the outstanding number of complaints and we are receiving a large number of new complaints.

We continue to evaluate our processes to determine if there are methods or processes available to us to increase our complaint resolution rate. The Board has established a new policy and procedure for staff to implement. The goal of this policy will be to reduce case load and investigation time drastically.

Issue 3 Our agency efficiently processes applications while continuing to meet with statute, rule and timeframe requirements. We will evaluate and determine if online applications would be effective and cost efficient for our agency in response to a customer service driven model.

Description The Board strives to make improvements in an processes and policies. Staff has restructured the licensing division and now has two dedicated staff members to process licensing applications.

Solutions:

The Board plans to implement a new updated database which will allow for the Board's Initial Application to be completed online. This will reduce delays in that Application time-frame and allow for additional services to be completed online.

Vision: Arizona State Parks and Trails is the national leader in sustainable outdoor recreation for current and future generations.

Mission: To conserve Arizona’s natural and cultural resources and provide enjoyable, safe, and sustainable outdoor recreation opportunities that educate and inspire current and future generations.

Agency Description:

Arizona State Parks and Trails (ASPT) protects and preserves 35 State Parks and Natural Areas. The agency also includes the State Trails Program, outdoor-related Grants Program, statewide outdoor recreation planning, the State Historic Preservation Office, and Off-Highway Vehicle Program. ASPT not only promotes physical, spiritual and mental health and wellness within our Arizona communities, we help drive the economy, enhance and protect local communities and cultures.

Executive Summary:

The Governor’s vision for the State to be #1 specifically calls out ASPT as a key driver – “...the number one state to play, recreate...”. Our 5 year strategies reflect the drive toward that shared vision.

The ASPT ability to adapt to ensure parks operated safely during the pandemic crisis is a testament to the efforts of the agency to deploy systematic processes and increased effective communication. Our success is predicated on the crucial balance of operational flexibility, consistency, and sustainability today and in the future.

A strong and vital agency culture where the workforce is engaged and motivated, responsible and accountable, and celebrated for success is critical to achieve our promise of value to our customers and partners.

A focus on diversification of recreational users at Parks and Trails broadens the agency’s role in the Arizona outdoor economy.

Our Ecosystem Review uncovered new constraints/risks and punctuated existing ones that pose challenges to our attaining our vision. These challenges are a driver in our focus for the objectives defined for FY21.

Summary of Multi-Year Strategic Priorities

#	Five Year Strategy	Start Year	Progress/Successes
1	Parks - Optimize Park and Trail system vitality	2020	Developed process for the prioritization of update to State Park Master Plans. Deployed visual management project tracking for the development group to effectively manage Development projects. Developed an improved and robust process for public feedback. ASPT Motorized and Non-Motorized Trails Plan and accompanying “Economic Value of Trails in Arizona” report.
2	Partnerships - Grow new, and leverage existing key partnerships to maximize ROI	2020	Progress made in re-establishing the partner relationship with the State Parks Foundation. ASPT received the first donation from the Foundation in over 3 years. Strengthened relationship with the Forest Service working to ensure State Parks on federal land remained open during the Covid-19 pandemic.
3	People - Create an environment to cultivate a highly engaged workforce	2020	Completed focus group sessions with regional park and central office employees to drill further into Strengths, Weaknesses, Opportunities and Threats as we worked to rebuild a vital ASPT culture . Analysis from workforce feedback identified opportunities to increase workforce engagement through Reward & Recognition, Idea Generation Program, and Succession Planning. Design of Reward & Recognition program and Idea Generation program using cross-agency teams kicked off in Q3 but due to Covid 19 pandemic further work was suspended as workforce is focused on Covid 19 directives. In FY21 we will resume focus on these programs and the succession planning effort
4	Pocketbook - Maximize financial sustainability and revenue growth	2020	The financial analysis defining “cost per widget” by park was completed. This information will be leveraged further as we further move to optimize our budget. Defining the carrying capacity by park and providing financial/budgeting dashboard tools for Park Managers is a focus building on the work done in FY20.

Issue 1 Optimizing System Vitality

Description The implementation of the Arizona Management System, a statewide initiative, requires the application of best business practices and lean management principles to make government processes more efficient, reduce waste and enhance customer satisfaction. In order to include these efforts in agency priorities, and to be consistent with priorities identified in the 2018 SCORP, Arizona State Parks and Trails has identified a pillar around which the agency Strategic Plan is organized - Optimizing System Vitality. Optimizing the vitality of a system encompasses the responsible use of existing resources to maximize opportunities for constituents and visitors, in addition to seeking additional funding sources and innovative means of optimizing long term sustainability and vitality to adapt to changing economic times.

Securing sustainable funding for the stewardship of our state’s recreation areas is an ongoing issue. In an age of user-generated funding cycles, organizations and agencies are routinely required to seek creative ways to do more with less, and use existing resources efficiently. Seeking innovative collaborations, private/public partnerships, and grants opportunities is required to keep up with ongoing maintenance of facilities and existing infrastructure and to add new amenities to public lands. It is important to take into account demand and supply when allocating alternative funding.

Solutions:

In order to optimize system vitality, the agency will 1) strive for the strategic and responsible investment in resources to promote growth, and 2) foster a culture of continuous improvement.

Issue 2 Conservation of Natural and Cultural Resources.

Description The National Recreation and Parks Association (NRPA) has identified conservation, social equity and health and wellness as the three key impacts of Parks and Recreation agencies across the nation, regardless of size or jurisdiction. These impacts are the pillars of the profession around which all of the organization’s efforts revolve. Parks and recreation agencies contribute to conservation by “protecting open space, connecting children to nature, and engaging communities in conservation practices” (NRPA, 2017).

Protection, conservation, and stewardship of Arizona’s natural and cultural resources, public lands, recreation areas, and scenic landscapes to ensure that current and future generations have access to outdoor recreation areas is a top priority in the 2018 SCORP. Population growth and urbanization increase the demand for recreation areas and place more pressure on resources. Additionally, naturally occurring events exacerbated by human activities, such as wildfire, flooding, erosion, and the spread of invasive species, increase the need for stewardship of resources. Conservation efforts should include consulting with tribes on public land projects early and often to identify potential issues and mitigation measures that may be needed.

In addition, today’s youth are spending less time outdoors in part due to dependence on technology. Although this lack of early exposure to nature can lead to reduced environmental ethics and outdoor recreation experience, technology is here to stay. Opportunities to engage youth in outdoor activities need to integrate these two areas in order to grow the next generation of outdoor recreation enthusiasts. Outdoor recreation providers need to assess their marketing, education, and communication efforts to ensure that their messaging is reaching the intended audiences.

Solutions:

Arizona State Parks and Trails will conserve cultural and natural resources by 1) improving the user experience and economic development without compromising resources, and 2) fostering stewardship through education, awareness and engagement.

Issue 3 Social Equity

Description The National Recreation and Parks Association (NRPA) has identified conservation, social equity and health and wellness as the three key impacts of Parks and Recreation agencies across the nation, regardless of size or jurisdiction.

By providing parks and recreation opportunities that are accessible to all community members regardless of race, ethnicity, age, income level or ability, agencies contribute to social equity in communities, which leads to community cohesion, and reductions in crime.

Arizona's growing population is changing, becoming older and ethnically and culturally diversifying. These demographic trends may require changes in how outdoor recreation opportunities are provided and what facilities are necessary to meet the needs of changing populations. Further research needs to be completed to better understand the needs, barriers, and preferences pertaining to outdoor recreation. In addition, available funds need to be funneled to underserved communities to ensure fair & equitable access to recreation resources.

Solutions:

Arizona State Parks and Trails will address issues of social equity by: 1) seeking to understand the needs of diverse user groups and 2) attempting to increase diversity in the workforce.

Issue 4 Thriving Individuals and Communities

Description The National Recreation and Parks Association (NRPA) has identified conservation, social equity and health and wellness as the three key impacts of Parks and Recreation agencies across the nation, regardless of size or jurisdiction.

Through affordable and accessible programs, and the operation and maintenance of spaces to engage in outdoor recreation, these agencies contribute to the health and wellness of citizens and visitors.

Because these health benefits extend beyond the individual and also contribute to healthy, integrated, engaged, economically vital communities, this pillar was changed to "Thriving Individuals and Communities".

Solutions:

Arizona State Parks and Trails will promote thriving individuals and communities by developing and nurturing connections between individuals, parks, and communities.

STATE PERSONNEL BOARD

Robin Van Staeyen, Executive Director

Phone: (602) 542-3888

A.R.S. §§ 41-781, 41-782, 41-783 and 38-531 et seq.

Mission:

To provide an efficient and impartial hearing process while carrying out the Board's statutory mandate to hear and review disciplinary appeals and whistleblower complaints filed by covered State employees, former State employees, and other individuals referenced in statute.

Description:

The State Personnel Board is responsible for hearing and reviewing, via an administrative hearing process, appeals filed by covered State employees who have been dismissed from State service, suspended for more than 80 working hours, or involuntarily demoted resulting from disciplinary action. The Board also hears and reviews complaints filed under the whistleblower statute. Under the direction of the presiding hearing officer, the proceedings are conducted on an informal basis through the taking of direct testimony, the cross examination of witnesses, and the admission of evidence. A record of the proceedings is taken and made available, upon request, to hearing officers, board members, and parties to the appeal. The hearing officer determines the facts based on the evidence presented and makes a recommendation regarding discipline to the Board. Board members are subsequently provided with case information so they may determine whether proper discipline has been imposed.

5 Year Plan

Issue 1 Fair, impartial, and expeditious hearing process

Description The State Personnel Board is responsible for hearing and reviewing, via an administrative hearing process, appeals filed by covered state employees who have been dismissed from covered state service, suspended for more than 80 working hours, or involuntarily demoted resulting from disciplinary action. The Board also hears and reviews complaints filed under the whistleblower statute. Under the direction of the presiding hearing officer, the proceedings are conducted on an informal basis through the taking of direct testimony, the cross examination of witnesses, and the admission of evidence.

Solutions:

The Board finds that the statutory timeframe of thirty (30) days for holding a hearing for an appeal or complaint from the date it is filed is unrealistic. Therefore, in an attempt to limit continuances so appeals and complaints are completed as expeditiously as possible, the Board is considering changing the statute to add additional time to allow for the parties to prepare for the hearing and to also consider the parties' input for scheduling the date of the hearing. Once statute is changed it is more likely that the Board will meet the objective of expediting the process with less continuances.

Currently, the stakeholders are only provided a survey after a case has gone to hearing in order to ascertain deficiencies in the hearing process and make improvements. However, many cases are dismissed and never reach the hearing process; therefore, there is valuable input lost as to the services that were or perhaps were not provided to the stakeholders even without a hearing. The Board is in the process of posting a survey on their website that can be prepared and submitted to the Board at any phase of the process so all aspects of service provided to stakeholders can be collected and evaluated for potential improvements.

BOARD OF PHARMACY

Kam Gandhi, Executive Director

Phone: (602) 771-2740

A.R.S. §§ 32-1902 and 32-1904 et seq.

Mission:

To protect the health, safety, and welfare of the citizens of Arizona by regulating the practice of pharmacy and the distribution, sale, and storage of prescription medications and devices and non-prescription medications.

Description:

The Board of Pharmacy has four primary functions. The first is to issue licenses to pharmacists, pharmacy interns, and pharmacy technicians. Additionally, it is responsible for issuing permits to pharmacies, manufacturers, wholesalers, and distributors. The Board also conducts compliance inspections of permitted facilities and investigates complaints and adjudicates violations of applicable State and federal laws and rules. The Board promulgates and reviews State rules and regulations in regard to the industry. The Board oversees the Controlled Substance Prescription Monitoring Program (CSPMP), which is a tool that enables practitioners to prescribe appropriately.

5 Year Plan

Issue 1 Drug Supply Chain Securities Act (DSCSA)

Description All product via prescription grade or OTC should be trackable and traceable. This process will require ASBP to revisit existing language to mirror federal guidelines. The ultimate goal is to eliminate counterfeit drugs from entering the supply chain.

Solutions:

More detailed inspections monitoring accurate records.

Authority to visit and inspect location that are not currently permitted through ASBP

Ensure permitted locations are only doing business with permitted locations.

Issue 2 Growth and modernization of sterile drug compounding pharmacies without oversight from the U.S. Food and Drug Administration. Epidemic situation with Controlled Substance Abuse. Making the CSPMP database the best in the industry to help with the opioid over use situation.

Description Operated by licensed pharmacists, compounding pharmacies are regulated by State Boards of Pharmacy and are not regulated by the U.S. Food and Drug Administration (FDA) as they are not viewed as drug manufacturers under federal law. Compounding pharmacies have modernized since most compliance officers graduated. Specialized training is required to fulfill the mission of the Board and protect the health, safety and welfare of Arizona consumers. Compounding pharmacies produce and distribute sterile drugs including injectable steroids, eye drops, etc. If compounding is performed incorrectly, contamination can occur which can lead to serious health risks for consumers. Disease outbreaks due to contamination have made headlines in recent years across the country, including a fungal meningitis outbreak in 2012 that sickened 680 people and was linked to injectable steroid medication produced by a compounding pharmacy in Massachusetts.

Prescription controlled substance abuse has become a national epidemic. Ninety % plus of the controlled substances prescribed and use takes place in the United States.

Solutions:

1. Provide compliance officers with specialized training in modern compounding practices in order to effectively monitor and regulate sterile drug compounding.

2. Engage with the National Association of Boards of Pharmacy to support federal legislation requiring compounding permits for compounders who wish to practice outside the scope of traditional pharmacy practice.

3. Educate prescribers on utilization of the controlled substance prescription monitoring program (CSPMP)

4. Encourage utilization of the CSPMP for better patient care.

5. Market/Educate/Train practitioners on the Mandate of using the CSPMP and the benefits to the patients.

6. Expand the ease of use of CSPMP by putting together a task force to have constant feedback on improvements to the CSPMP.

Issue 3 Continue the efforts on the Opioid Crisis

Description Opioid prescribing and dispensing has been identified to be the cause of many overdoses. The CSPMP database is designed to help make smarter decisions when prescribing and dispensing.

Solutions:

1. Add to the inspection process, utilization of the CSPMP by pharmacists.

2. Cooperate with law enforcement on investigations.

3. Cooperate with professional agencies on investigations.

4. Continue to educate and create awareness on the benefits of using the CSPMP

Agency Summary

BOARD OF PHYSICAL THERAPY EXAMINERS

Karen Donahue PT, DPT, Executive Director
Phone: (602) 274-1361
A.R.S. § 32-2001

Mission:

To process applications for licensure as a physical therapist and certification as a physical therapist assistant, and to enforce the statutory provisions of the Arizona Physical Therapy Practice Act for purposes of protecting the health, safety, and welfare of the public from the incompetent, unethical, and/or illegal practice of physical therapy.

Description:

The Board of Physical Therapy Examiners licenses physical therapists, certifies physical therapist assistants, registers physical therapy business entities, investigates and adjudicates complaints, assesses continuing competence, and enforces the standards of practice for the physical therapy profession. The Board also regulates business entities that provide physical therapy services.

5 Year Plan

Issue 1 1.Establish the mechanisms for assessing continuing professional competence of physical therapists to engage in the practice of physical therapy and the competence of physical therapist assistants to work in the field of physical therapy.

Description a.The Board of physical therapy currently requires licensed physical therapist to complete 20 contact hours of continuing competence activities during each compliance period. The compliance period is two years in length, beginning September 1 of an even numbered year and ending August 31 of the next even numbered year.
b.Certified physical therapist assistants currently have 10 contact hour continuing competence activity requirement.

Solutions:

A.The earliest implementation of changes to continuing competence activities requirements would be in the 2020 renewal cycle. The rules were approved in April 2019.

Issue 2 2.Regulate the practice of physical therapy by interpreting and enforcing this chapter.

Description a.The Board received between 50 and 70 complaints per year.
b.The Board currently maintains a 1 FTE to investigate all complaints received against physical therapists, physical therapist assistants, and business entities.
C.The Board has seen an increase in the number of complaints filed beginning in 2009 as well as an increase in the complexity of the cases. We will be tracking these figures and monitoring the numbers. The Board believes its efforts at education of students, licensees and certificate holders is contributing to no indication of increase of cases being forwarded to the Board.

Solutions:

2.The Board has seen marked improvement in investigations completeness time frames. However, a backlog of formal hearings remains. The Board requested and received a change in AG to assist with timely adjudication of Formal Hearings. This change took place in July 2020. Two individuals (1FTE) investigate complaints which has significantly decreased the time from submittal to adjudication.

Issue 3 3.Evaluate the qualifications of applicants for licensure and certification; and provide for national examinations for physical therapists and physical therapist assistants and adopt passing scores for these examinations.

Description a.The Board has seen an increase in the number of application filed in any calendar year from 600 in 2012 to 956 in 2019. In addition, the number of physical therapists renewing active licenses increased to 5900 in 2020. Number of physical therapist assistants renewing active certificates increased to 1900 in 2020.
b.The national examinations for physical therapist and physical therapist assistants have been changed from tests given on a continuous basis on almost every day of the year to tests provided only four times each per year.

Solutions:

3.The Board physical therapy is currently addressing the need for improved processes for the increased number of applicants and the change in their availability of national tests.
A. On March 15, 2012, changes in the timing of allowing applicants to attempt passage of their national examinations were signed into law. A.R.S. §32-2024 was modified to allow applicants to test for their national examinations before completing their full educational programs, which allows increased options in taking one or more of the four tests allowed per year. The average time awaiting licensure from the time it is administratively complete dropped to 1 days in FY 2017.
C. The Board acquired e-Licensing software solution to better increase consumer access to Board services online, receive payments online, and process services such as applications online.
D. In August 2019, the Board voted to enable the Executive Director to approve applications that are complete without issue requiring Board review and approval. The result has been a substantive improvement to decrease the number of days from submission to approval of license or certificate.

ARIZONA PIONEERS' HOME

Ted Ihrman RN, Superintendent
Phone: (928) 445-2181
A.R.S. § 41-921

Mission:

To provide a home for Arizona pioneers and disabled miners that delivers the optimal physical, emotional, and spiritual care in a homelike and compassionate environment. Quality of care is provided in a professional manner, protecting dignity and honoring the personal directives of each resident in life as well as death while considering the uniqueness of each individual.

Description:

The Arizona Pioneers' Home was established in 1909 by the territorial government of Arizona as a home for the aged and infirm to repay the faithful and longtime Arizona residents who helped pioneer and build the state. It opened its doors in 1911. In 1929, the scope of the home was broadened to serve also as Arizona's hospital for disabled miners. The Arizona Pioneers' Home is a continuing care retirement home that serves 105 Arizona pioneers and disabled miners. Pioneers' Home employees provide direct nursing care, food service, activities, social services, housekeeping, laundry, maintenance, and business and administrative services and support to the residents, and strive to meet Department of Health Services residential facilities licensing standards through modeling best practices. The Home is surveyed periodically by the Department of Health Services.

5 Year Plan

Issue 1 ALTC enrollment

Description Enroll Arizona Pioneers' Home (APH) Residents in the Arizona Long-Term System for potential revenues.

Solutions:

The Arizona Pioneers' Home is currently assessing Residents' for qualifying medical and financial criteria. Those found to be eligible will be referred to ALTCS for enrollment to the ALTCS program with the Resident's or Resident's representative's authorization. Future APH applicants will be assessed for ALTCS enrollment as part of the application process for residency at APH.

Issue 2 To enhance the internal and external restoration and décor of the Home to maintain its historic presence and functional lifetime.

Description Much of the Home's historic building is over 101 years old requiring continuous maintenance.

Solutions:

Beginning in FY2019 and continuing through FY2021 the Pioneers' Home will improve the physical structure and plant operations by upgrading exterior windows and doors, remodeling resident restrooms, upgrading emergency monitoring systems and improving drainage systems at the cemetery.

Issue 3 Challenges in increasing the proportion of resident admissions from counties other than Maricopa and Yavapai counties.

Description The Arizona Pioneers' Home has, over the years, had a disproportionate number of residents from Yavapai County applying for and being admitted to the Home. This is partially due to many Arizona residents retiring to Yavapai County prior to admission as well as the many active mines in the county. The Home actively seeks opportunities to increase awareness of and admissions to the Home to residents of the state residing in counties other than Maricopa and Yavapai.

Solutions:

The Pioneers Home will increase our community outreach to include additional residents from outside Yavapai and Maricopa Counties. Specifically, we will partner with the Area Agency on Aging and Councils of Government to provide information on the benefits and admission process for the Arizona Pioneers' Home.

BOARD OF PODIATRY EXAMINERS

Heather Broaddus, Executive Director
Phone: (602) 542-8151
A.R.S. § 32-801 et seq.

Mission:

To protect the health, safety, and welfare of the citizens of Arizona by regulating and maintaining standards of practice in the field of podiatric medicine.

Description:

The State Board of Podiatry Examiners licenses and regulates doctors of podiatric medicine who practice in the diagnosis and treatment of the foot, ankle, and lower leg. The Board evaluates the professional competence of podiatrists seeking to be licensed in the State of Arizona. Further, the Board investigates complaints made against practitioners, holds hearings, monitors the activities of its licensees, and enforces the standards of practice for the podiatric profession as set forth by law.

Funding:

5 Year Plan

Issue 1 Seek rule moratorium exemption to amend fees to better support board operations.

Description Fees are set by statute and promulgated in rule. The Board has room under its statutory authority to increase the fees for licensing.

Solutions:

The Executive Director has submitted an exemption request to the rule-making moratorium to the Governor's Office to increase the annual renewal fee. The Governor's Office did not approve the exemption request to increase fees. The Board will continue to look at increasing the annual renewal fee.

Issue 2 Seek opportunities to update/amend the Board's statutes and rules through either legislation or rule making.

Description The current statutes and rules are dated and there are several areas where improvement is needed.

Solutions:

The Executive Director has submitted an exemption request to the rule-making moratorium to the Governor's Office. A rule-package will become effective September 2020 that will update the Board's rules.

The Board ran legislation in 2020 to update the Board's statutes but all non-essential Bills were stalled. The Board will look at running legislation in 2021 to update the Board's statutes.

Issue 3 Seek to improve the new eLicensing database without expending excessive funds.

Description The Board of Podiatry Examiners currently has a new eLicensing database (established May 2018). The database has deficiencies such as it is not capable of printing documents that look professional. Cost continues to be an issue with the system which impacts the Board's fund and in turn, the Board's constituents.

ADOA/ASET is not sufficiently staffed to support all the agencies that utilize the eLicense system.

Solutions:

The Board will continue to work alongside ADOA ASET, the vendor, and the other impacted Boards to identify how to implement a working eLicensing system that is a benefit to the state.

Issue 4 Digitization

Description Although Licensees and Applicants are able to apply for a new application or a renewal application through the eLicense system, the Board is not completely paperless. Digitization would improve the efficiency of the Board as well as decrease paper usage.

Solutions:

Research cost of digitization. Research state contracted vendors.

COMMISSION FOR POSTSECONDARY EDUCATION

Dr. April Osborn, Executive Director
Phone: (602) 542-7232
A.R.S. § 15-1851

Mission:

To expand access to and increase success in postsecondary education for Arizonans.

Description:

The Arizona Commission for Postsecondary Education (ACPE) is composed of 16 commissioners, 14 of whom are appointed by the Governor. Commissioners represent public and private postsecondary education and its constituencies. Core responsibilities of the ACPE are related to student financial assistance programs, including administration of State grants, scholarships, forgivable loans, and the Arizona Family College Savings (529) Program. The Commission provides timely and effective communication and programs to help students and their families plan, transition, and succeed in postsecondary education. The Commission offers the single forum where all sectors of postsecondary education dialogue, collaborate, and problem-solve issues of common interest.

Funding:

	<u>FY 2020 Actual</u>	<u>FY 2021 Estimate</u>	<u>FY 2022 Estimate</u>
General Fund	1,680.0	1,680.9	1,993.3

Issue 1 Student financial assistance dollars have been reduced and the scarcity of funding is impeding access and completion of postsecondary education for Arizonans.

Description Arizona’s postsecondary students have been highly impacted since the great recession by a reduction in state student aid and the loss of all federal student aid passing through the state. Unfortunately, the Private Postsecondary Education Student Assistance Program has been on suspension since FY 2011. The Early Graduation Scholarship Grant was repealed in the 51st Special Legislative Session in 2014. The U.S. DOE’s denial of Arizona’s College Access Challenge Grant Maintenance of Effort Waiver request, the termination of federal LEAP and Special LEAP funding, along with a lack of funding for the recently amended 2017 Private Postsecondary Education Grant, all demonstrate the great need for increased financial aid program funding.

As the state’s representative to the National Association of State Student Grant and Aid Programs, Commission staff recognize many states have experienced reductions, but few lost over 60% as experienced in Arizona. In FY 2018, \$2.6M represented flow-through funds dedicated to student grants and scholarships. As compared to FY 2008 when the student financial assistance dollars were \$7.5M. All Arizona students miss these financial aid dollars. The Commission staff members are dedicated to making sure each remaining dollar of student aid is available in a timely manner and that existing financial aid programs are well administered.

An important response of the Commission to the meager levels of state and federal student aid has been to heighten efforts to raise the awareness and participation in the Arizona Family College Savings (529) Program (AFCSP). This state-sponsored program provides investments where earnings grow tax-deferred and distributions are tax-free when used for qualified college expenses. Moreover, Arizona provides a state income tax deduction for 529 plan contributions of up to \$2,000 for individual tax filers and up to \$4,000 for married couples filing jointly. The AFCSP provides a great opportunity for families to prepare for college expenses and today holds \$1.4B in assets under management. The following strategies under Goal 1 are designed to address the loss of financial aid for Arizona students.

Solutions:

Goal 1: Maximize student financial assistance available and support efforts to restore and increase student aid.

Strategy 1.1: Provide effective and efficient administration of the Arizona Leverag-ing Educational Assistance Partnership (AzLEAP).

- 1.Maintain administration similar to state and federal guidelines to provide consistency for both institutions and students.
- 2.Survey postsecondary institutions regarding effectiveness of ad-ministration.
- 3.Annually assess opportunities for continuous improvement of ad-ministrative processes.
- 4.Develop, test, and implement streamlined processes, as needed.
- 5.Develop and implement new AzLEAP procedures for auditing par-ticipating postsecondary institutions to ensure program compliance.
- 6.Prepare and distribute reports on students served by program to policy makers.

Performance Measures:

- Achieve 90% satisfaction with administration of program as evaluated by institutional constituencies annually.
- Document annually any opportunities for continuous im-provement.
- Document the process improvements implemented, including the new audit, and describe administrative benefits.
- Complete and distribute an annual report to policy leaders in-forming them about participants and the benefits to the State.

Strategy 1.2: Ensure that the Arizona Teacher Student Loan Program, (formerly known as the Arizona Math, Science, Special Education Teacher Loan Forgiveness program or MSSE) is bringing about equity by at-tracting individuals into teaching preparation programs and alterna-tive teaching certificate programs who will take on a mission of ser-vice in order to repay their loans in one of four ways: by teaching at a low-income school (60% Free and Reduced Lunch schools); by teaching math, science, or special education; by teaching in a rural school; or by teaching in a school located on an Indian Reservation.

- 1.Increase and improve the promotion of the Arizona Teacher Stu-dent Loan Program to better meet the State’s needs for equity and elimination of the achievement gap for Arizona’s low-income and minority children.
- 2.Seek to increase the appropriated funds for this program by \$250,000 in order to begin to increase the teacher pipeline for math, science, special education subjects, for low-income, rural, and schools on tribal lands. This will secure an additional 30-40

individuals per year committed to teacher service in Arizona.

3. Identify ways to recruit and financially support individuals who are seeking teacher certification and are motivated, and will take steps in the school and the classroom to close the achievement gap for low-income and minority K-12 students.
4. Integrate the Arizona Teacher Student Loan Program (ATSLP) into the AzGrants website providing a simple application for student aid.
5. Market and promote to all Arizona students already enrolled in public and private teacher education programs for maximum exposure of these opportunities to eligible students.
6. Prepare an annual report describing student and institutional participants as well as teacher retention, loan forgiveness, and loan repayments.

Performance Measures:

- ATSLP represents a cohesive forgivable loan program with achievable and measurable goals.
- Application process is simple for students and integrated into the AzGrants web portal to enable students to apply quickly and easily.
- Students apply, colleges certify eligibility, and funds are received in a timely manner contributing to the success of the program and its goals.
- Adequate numbers of eligible students apply and receive funds.
- An annual report to policy leaders is compiled and distributed including data regarding pre-service student participation, institutions participating, data on teacher service in shortage areas, and teacher retention data.

Strategy 1.3: Ensure the sustainability of the AzGrants.az.gov website and a secure web portal which supports access to state student grants, scholarships, forgivable loans, and additionally serves as the web portal for the exchange of sensitive data and reports with high schools for FAFSA Finish Line, College Application Campaign, and College Goal FAFSA Student Progress Reports.

1. Maintain AZGrants.az.gov, a public facing website providing links to financial aid options and resources.
2. Maintain a single secure web portal which accepts state student aid applications and is programmed to complete the back end administrative processes necessary to award student financial aid.
3. Portal provides high school staff and designated entities secure access to Student Progress Reports and individual FAFSA completion status data.
4. Portal provides financial aid professionals from postsecondary institutions across the state secure and user-friendly access for verification and certification of student eligibility for state financial aid.
5. Portal allows students to track the progress of their application.
6. Data is collected through the website regarding students and institutions to be used for reports and making data-rich policy decisions.

Performance Measures:

- Number of grants, scholarships, and loans issued annually.
- Number of reports with sensitive data transferred in a secure manner e.g. individual FAFSA Finish Line reports and Student Progress Reports.
- Website allows the Commission to support high schools with up to the minute data on FAFSA status reports enabling high school staff to target needs and aid the students in the completion of their application.
- Assessment of enhanced security provided through the portal.
- Allows compilation of annual reports for policy leaders describing characteristics of students, the institutions participating, as well as data from students regarding barriers and incentives to persistence to degree.

Administration of the Arizona Family College Savings Program, established in 1997, is being transferred to the State Treasurer on September 30, 2020.

Strategic Issue 2: Forty-eight percent of Arizona K-12 students live at 200% of poverty or below and these students and families will benefit from information and support to take the necessary steps to enroll, finance, and complete a postsecondary education.

As compared to other states across the nation Arizona has:

- (1) one of the lowest college-going rates with only 52.6% of the 2017 seniors enrolling in a postsecondary education experience leaving 33,812 students with no further education options, likewise

-
- (2) one of the lowest college attainment rates with only 27.3% of a senior class (2011) graduating from a 2-year or 4-year postsecondary institution 6 years following high school graduation; and only
 - (3) 44% of Arizonans complete some form of postsecondary education.

These outcomes coexist with the prediction from Anthony Carnevale's "Help Wanted: Projections of Jobs and Educational Requirements through 2018" published by Georgetown Public Policy Institute's Center on Education and the Workforce that three out of five jobs in Arizona, or 61%, will require some training beyond high school by 2018. No longer is high school graduation the finish line. Arizona must improve the education outcomes of our K-12 and postsecondary education systems in order to meet projected workforce and social capital needs.

College and Career Goal Arizona (C2GA) is a statewide initiative coordinated by the Arizona Commission for Postsecondary Education. It promotes partnerships with Title 1 high schools and postsecondary institutions statewide to implement strategies designed to (1) increase the number of students making an application to a postsecondary education institution and (2) increase the number of seniors applying for and securing student financial aid, and (3) build a sustainable college-going community to support future students' college dreams.

College and Career Goal Arizona (C2GA) includes the Arizona College Application and College Goal FAFSA Campaigns, along with FAFSA Finish Line Reports. The College and Career Goal Arizona Campaign promotes equity by providing a supported, cohort approach where high school staff and peer support together, take on the role played in middle class families by an experienced, college knowledgeable adult. The role of this family member includes informing, motivating, and even prodding students toward submitting, on time, a college application. In order to participate in the Arizona College Application Campaign (CAC), high school principals and counselors sign a pledge to dedicate time and space, generally over 1-3 days, when every student is provided computer time to complete at least one application for postsecondary education. High schools also agree to a goal of 100% participation.

More than 1.2 million applications were filed in 50 states following this format last fall through the American College Application Campaign organized by ACT's Center for Equity in Learning. Arizona mounted a very successful seventh year campaign with 76 high schools representing over 24,000 seniors who participated in the 2019 CAC events.

College Goal FAFSA also provides cohort support for seniors to file the Free Application for Federal Student Aid (FAFSA). All high schools participating in the College Application Campaign were invited to join the College Goal FAFSA Campaign in 2019. One hundred and ten high schools chose to put on 187 workshops and 167 high schools signed up to receive FAFSA Finish Line Reports. Over the past 22 years, the Arizona Commission for Postsecondary Education has coordinated the College Goal FAFSA program with the support and partnership of the Arizona Association of Student Financial Aid Administrators (AASFAA). As the program has expanded, members of the Arizona College Access Network (AzCAN) have also volunteered hundreds of hours in support of this statewide effort. An additional challenge present for College Goal FAFSA is the application requirement of collecting parental income information and one parent's signature on each student's FAFSA application. Successful FAFSA completion must be a family affair.

Implementing College and Career Goal Arizona programs in Title I high schools statewide is expected to increase the number of Arizona seniors who complete a college application and successfully file the FAFSA, which will result in an increased college-going rate in participating high schools. Moreover, the environment in these high schools and their communities will develop into a persistent college-going culture, supporting postsecondary education options for all graduates into the future.

The College and Career Goal Arizona Campaign promotes equity by providing a supported, cohort approach where high school staff and peer support together, take on the role played in middle class families by an experienced, college knowledgeable adult. The role of this family member includes informing, motivating, and even prodding students toward submitting, on time, a college application. In order to participate in the Arizona College Application Campaign (CAC), high school principals and counselors sign a pledge to dedicate time and space, generally over 1-3 days, when every student is provided computer time to complete at least one application for postsecondary education. High schools also agree to a goal of 100% participation.

More than 872,575 applications were filed in 50 states following this format last fall through the American College Application Campaign organized ACT's Center for Equity in Learning. Arizona mounted a very successful sixth year campaign with 70 high schools representing 21,661 seniors who participated in the 2018 CAC events.

College Goal FAFSA also provides cohort support for seniors to file the Free Application for Federal Student Aid (FAFSA). All high schools participating in the College Application Campaign were invited to join the College Goal FAFSA Campaign in 2018. Ninety-six high schools chose to put on 112 workshops while 165 high schools signed up to receive FAFSA Finish Line Reports. Over the past 22 years, the Arizona Commission for Postsecondary Education has coordinated the College Goal FAFSA program with the support and partnership of the Arizona Association of Student Financial Aid Administrators (AASFAA). As the program has expanded, members of the Arizona College Access Network (AzCAN) have also volunteered hundreds of hours in support of this statewide effort. An additional challenge present for College Goal FAFSA is the application requirement of collecting parental income information and one parent's signature on each student's FAFSA application. Successful FAFSA completion must be a family affair.

Implementing College and Career Goal Arizona programs in Title I high schools statewide is expected to increase the number of Arizona seniors who complete a college application and successfully file the FAFSA, which will result in an increased college-going rate in participating high schools. Moreover, the environment in these high schools and their communities will develop into a persistent college-going culture, supporting postsecondary education options for all graduates into the future.

Solutions:

Goal 2: Provide support from knowledgeable professionals and accurate and timely information to help students and families take the steps to enroll, finance, and succeed in postsecondary education.

Strategy 2.1: Establish College and Career Goal Arizona to develop and support a college-going community within Arizona high schools and communities where every high school senior is encouraged and expected to apply and seek financial assistance to support a postsecondary education experience.

-
- 1.Promote the C2GA senior year initiative statewide.
 - 2.Establish and develop relationships with key decision-makers and pertinent staff at Arizona postsecondary education institutions and high schools.
 - 3.Encourage community “buy-in” via three groups: 1) ACPE Com-missioners, 2) the College & Career Goal Arizona Advisory Com-mittee, 3) and Achive60AZ Alliance Members.
 - 4.Groups will assist in establishing partnerships and collaborations, identifying and securing funding, and recruiting volunteers.
 - 5.Develop a Fundraising Partnership Plan inclusive of a case state-ment, goals, strategies, outcomes, and indicators for success.
 - 6.Execute the College and Career Goal Arizona Fundraising Part-nership plan.
 - 7.Adjust activities and outcomes to meet the budget.

Performance Measures:

- Key leadership supports the statewide initiative.
- Funding, collaborations, and partnerships provide desired as-sistance in specific areas of need for FY 2021, FY 2022, FY 2023, FY2024, and FY 2025.
- Increase the number and proportion of Arizona high school graduates going on to college over a four-year period of time.
- Increase the number and proportion of college-going high schools and communities in Arizona.

Strategy 2.2: Coordinate the statewide College Application Campaign.

- 1.Secure external funding sources to implement program elements.
- 2.Develop marketing and public relations materials to invite high school administrators and counselors to participate in building a college-going community.
- 3.Identify and develop relevant web-based content rich materials for AzCAC website to support high schools, volunteers, and postsec-ondary institution personnel.
- 4.Mentor site coordinators via email, phone calls, digital resources and visits as needed.
- 5.Recruit high schools with a focus on Title 1 and rural.
- 6.Connect with non-profit volunteer organizations and college ac-cess organizations to share resources and collaborate.
- 7.Develop partnerships and collaborations with postsecondary insti-tutions from all three sectors to ensure adequate support is provid-ed for each of the participating high schools and staff.
- 8.Annually evaluate all aspects of the AzCAC program and make program changes accordingly.

Performance Measures:

- Program is adequately funded to support data analysis, high school giveaways, promotional materials, and evaluation.
- Increased number of high schools and seniors participating while retaining the focus on Title 1 and rural.
- Volunteer groups provide manpower for events at high schools.
- Postsecondary institution admissions and outreach profes-sionals from all 3 sectors attend high school events and pro-vide expert advice for program success.
- Media and newspaper coverage promotes AzCAC and touts the outcomes.
- Data on program success is gathered through evaluations from all stakeholders and analyzed for program improvements to be implemented.
- Promote program success at all levels.
- Participating high schools will be invited to participate as a College Goal FAF\$A high school.
- Increase the number and proportion of Arizona high school seniors who apply to a postsecondary education institution in the fall of their senior year.

Strategy 2.3: Coordinate the statewide College Goal FAF\$A events.

- 1.Secure external funding sources to implement program elements.
- 2.Promote College Goal FAF\$A events.
- 3.Curate and develop relevant, web-based, content rich materials which support the needs of high school personnel, volunteers, students, their families, as well as participating postsecondary in-stitutions.
- 4.Coordinate and execute the on-going statewide College Goal FAF\$A community events along with high school-based events to assist college-bound seniors, their families, and returning adults in filing the Free Application for Federal Student Aid (FAFSA).

-
5. Mentor site coordinators via email, phone calls, digital resources and visits as needed.
 6. In collaboration with the Arizona Association of Student Financial Aid Administrators (AASFAA) and the Arizona College Access Network (AzCAN), recruit more than 260 professionals from all sectors of postsecondary education to participate in College Goal FAFSA events.
 7. Provide webinar-based College Goal FAFSA volunteer training for community members, alumni, neighborhood organizations and local businesses interested in supporting the high schools in their community.
 8. Host an online calendar and registration site where community volunteers and financial aid experts can sign up to assist at high school and community FAFSA completion workshops.
 9. Evaluate and analyze data from survey responses of site coordinators, volunteers and workshop experts, as well as family/student participants, to make improvements.

Performance Measures:

- Programs are adequately funded to support high school give-aways, promotional materials, and program evaluation.
- Increased number of College Goal FAFSA events held and well attended over prior year.
- Financial aid professionals and members of AASFAA and AzCAN support the program with their expert advice at both community sites and high school events.
- College and Career Goal Arizona Student Exit Reports indicate target audience is served and benefits are realized.
- Increased number of FAFSA's completed at participating high schools and community sites over prior year.
- Track growth and usage of online registration tool for FAFSA completion events.
- Increased number of digital resources distributed, webinar registration and attendance, and unique website visits over prior year.

Strategy 2.4: Provide student level FAFSA Completion data in the form of FAFSA Finish Line reports to participating secondary schools, Local Education Agencies, and designated entities for the purpose of increasing student FAFSA completion.

1. Commission secures written agreements with high schools, Local Education Agencies (LEAs), and designated agencies, following the U.S. Department of Education requirements.
2. Commission requests state appropriation for annual technology, web portal, upkeep and maintenance, and 1 FTE to work with high schools to access, utilize, and analyze FAFSA Finish Line reports.
3. Professional development and web-based support materials are provided for counselors and advisors to understand data and how they can assist seniors.
4. A secure portal is established and maintained by the Commission enabling high schools, LEAs, and designated entities to upload requests for informational reports every week with the goal of providing targeted assistance to students and improving FAFSA completion.
5. Statewide, district, and individual high school FAFSA completion rates are displayed in Arizona FAFSA Challenge dashboard.

Performance Measures:

- All contracted schools, LEAs, and designated entities receive both a manual and instruction about the use of the portal and reports.
- High schools act on information and specific knowledge to assist students to complete their FAFSA.
- High school personnel statewide become aware of the value of the FAFSA Finish Line Completion reports and identify strategies to assist students in completion of individual FAFSA's.
- High schools and designated entities statewide see an increase in students FAFSA completions; thereby students obtain more funds for college attendance.
- Track the number of FAFSA Finish Line reports that are downloaded.

Strategy 2.5: Develop and promote the Arizona FAFSA Challenge among Arizona high schools in order to increase the FAFSA completion rate for the state and support a state-wide college-going initiative that will result in an educated workforce.

1. Secure funding for statewide marketing and promotion, website development, and on-going technology support.
2. Achieve a 52% FAFSA completion rate for the state gradually increasing the goal to 78% by year 2030.
3. High schools set a goal to increase their senior cohort FAFSA completion rate by at least 5% over the year prior.
4. Market and promote the AZ FAFSA completion dashboard and website statewide.
5. Encourage high schools to participate in AZ FAFSA challenges and promote friendly statewide competition through recognition for FAFSA completion rate growth and improvement.
6. Collaborate with partner organizations to promote the program and support the utilization of FAFSA completion data to improve statewide rates.

Performance Measures:

- Track the number of FAFSA Finish Line agreements signed in order to measure the increase in program participation from the prior year.
- Count the number of participants enrolled in formal AZ FAFSA trainings- evaluate post webinar trainings for effectiveness and content covered.
- Track the number of completed FAFSA's for each year as a percentage of the statewide senior cohort.
- Prepare a website traffic report for fafsachallenge.az.gov including the number of website visits, number of times forms and website content has been downloaded, pages viewed, time spent on individual web pages/content.
- Track social media activity promoting the AZ FAFSA Challenge and engagement (followers, retweets, posts etc.).

Strategy 2.6: Provide current and relevant web, social media, and print-based information on college-going and financial assistance for families and students.

1. Secure external funding sources.
2. Develop content/program elements.
3. Identify outreach/distribution methods using partnerships and collaborations.
4. Implement, maintain, and evaluate the publications and websites including the Arizona College and Career Guide and ACPE websites: highered.az.gov, collegegoal.az.gov, azgrants.az.gov, az529.gov, and fafsachallenge.az.gov.
5. Implement, maintain, and evaluate social media activity and engagement of College and Career Goal Arizona and the Arizona Family College Savings (529) programs.

Performance Measures:

- Funds are adequate to support each project.
- Number of visits per website, numbers of publication requests
- Constituency feedback regarding value of communication and information.
- Staffing is adequate to plan, maintain, and evaluate a quality product.
- Track social media activity and engagement of College and Career Goal Arizona and the Arizona Family College Savings (529) programs (followers, retweets, posts etc.)

Issue 3 Private and public postsecondary education sectors can enhance student success and leverage resources by working together.

Description The postsecondary education system in Arizona comprises 3 public universities, 10 community college districts, and more than 250 private universities, colleges, technical, and vocational schools. The membership of the Arizona Commission for Postsecondary Education has representation from these three sectors and additionally two K-12 superintendents and one individual from commerce and industry, all at the senior management level.

The composition of the Commission provides a unique opportunity for discussion, identification of problems and opportunities, and consideration of solutions from many perspectives. Commissioners benefit from the diverse perspectives among the group and gain a depth of knowledge about all sectors of postsecondary education. Through its work described previously in this report in the areas of equity in postsecondary opportunity and efforts to assist in closing the gap in postsecondary education attainment for low-income and minority students. The Commission, through its work in these areas, seeks to strengthen relationships among all sectors of higher education, as well as encourage cooperation between levels of education.

Solutions:

Goal 3: Provide a forum where all sectors of postsecondary education dialogue, partner, and problem solve issues of mutual interest.

Strategy 3.1: Use the ACPE meetings, statewide programs, and conferences both to problem solve and identify opportunities that cross sectors of postsecondary education

1. Hold productive meetings at least four times per year. Host a Developing Arizona's Human Capital conference every other year.
2. Use expertise of Commissioners and constituents to identify areas of opportunity and problems.
3. Use sub-committee or collaborative task force structures to achieve the identified goals.
4. Promote work of these groups to capitalize on opportunities and solve problems.
5. Executive Director and staff participate in collaborative efforts whenever possible and contribute to joint efforts for improvement.
6. Evaluate outcomes of meetings, conferences, and revise plan annually.

Performance Measures:

- Commissioners rate meetings as effective in achieving goals.
- Areas of opportunity and problems are identified through conversation and interaction.
- Collaborative work groups are established with Commissioner participation and leadership to achieve solutions or engage opportunities.
- Plans are revised and adapted to meet changing needs.

Strategy 3.2: Encourage, lead, and participate in collaboration/partnerships to promote college access and success.

1. Seek avenues to encourage collaboration/partnerships that contribute to the ACPE mission, such as College and Career Goal Arizona Advisory Committee and the Arizona Family College Savings Program Oversight Committee, and lead these groups in a manner that maximizes community input and buy-in.
2. Participate and contribute to collaborative initiatives such as the Arizona College Access Network, the Arizona Career Leadership Network, GEAR UP, Expect More Arizona, Achieve60AZ, and the Governor's Office of Education.
3. Review the effectiveness of existing initiative investments.
4. Share resources to assist in sustaining or initiating appropriate efforts.
5. Complete an annual review of these efforts and re-allocate personnel and resources as necessary.

Performance Measures:

- Number of collaboration/partnership investments.
- Assessment of contributions received and new contributors gained.
- Reallocation of resources based on evaluation.

Strategy 3.3: Initiate research through the Arizona Minority Education Policy Analysis Center (AMEPAC) that promotes equity and supports the closing of the achievement gap in order to accomplish the mission of ACPE.

1. Develop and support policy analysis center.
2. Use research to identify necessary initiatives and goals.
3. Identify research and infrastructure partners.
4. Disseminate and use research to promote policy change.

Performance Measures:

- Publish the Arizona Minority Student Progress report every two years to serve as a benchmark for progress and to analyze Arizona’s success in closing the achievement gap over time.
- Take on issues or policy studies in between regular two-year schedule.
- Track the number of studies produced that forward opportunity and equity.
- ACPE staff sustain AMEPAC through leadership, infrastructure, and fundraising support.
- Research and its findings are promoted throughout the community.
- Document the impact of the studies.

Agency Summary

POWER AUTHORITY

Ed Gerak, Executive Director
 Phone: (602) 368-4265
 A.R.S. §§ 30-101 et seq.

Mission:

To responsibly administrate the Hoover Power allocation to the State of Arizona. In fulfilling this responsibility, the Power Authority strives to be an active leader in managing electric resources in a safe and environmentally prudent manner, and to provide active representation on behalf of the State of Arizona at federal, state, and local forums on issues that impact the public power community as a whole and that specifically involve Arizona and the Authority's power resources.

Description:

The Arizona Power Authority (APA) manages Arizona's allocation of hydroelectric power from the Hoover Dam for the overall benefit of the state. The APA cooperates with federal, state, and non-governmental agencies to address regulatory, environmental, and other matters that impact electric power and water uses of the Colorado River. In addition, the APA serves as an information resource for its customers on topics that impact their electric resources and the utilization of these resources. The Authority may also pursue generation and/or transmission projects that are within the APA's legislative mandate and are in the best interest of the state.

STATE BOARD FOR PRIVATE POST-SECONDARY EDUCATION

Kevin LaMountain, Executive Director
Phone: (602) 542-5716
A.R.S. §§ 32-3001 et seq.

Mission:

To protect the health, safety, and welfare of the public by regulating private postsecondary educational institutions and providing services to their students.

Description:

The Board for Private Postsecondary Education licenses and regulates 222 private postsecondary educational institutions that serve approximately 231,743 students annually. The Board determines compliance, investigates complaints and violations, and takes disciplinary action. The Board also administers the Student Tuition Recovery Fund, which provides financial restitution to students injured by private postsecondary institutional closures and provides students access to their educational records.

5 Year Plan

Issue 1 Maintaining effective and efficient regulation of the private postsecondary education sector.

Description The PPSE Board was established by the State Legislature in 1970 to license and regulate private institutions offering vocational and degree-granting programs. The programs offered by the private postsecondary educational institutions range from dog grooming to a Ph.D. in many fields, including Juris Doctorate and a Doctor of Dental Medicine. The programs are offered campus-based, online or a combination of both.

Solutions:

Strategies:

1. Improve and enhance the e-Licensing platform to streamline the licensing processes (renewals and all supplemental license applications for new programs, change of locations, change of owners or change of name) for both licensees and Board staff.
2. Pursue legislative changes to increase fees. The fund balance will continue to decline if action is not taken
3. Improve knowledge and breadth of understanding in the increasing complex federal regulations and accrediting standards.
4. Work with licensed institutions to improve policies and procedures to improve the operation of the institution and to the benefit of the students.
5. Continue to serve with the Community Colleges and the State University on the AZ-SARA Council.

Issue 2 Improve Regulatory Rules and Processes

Description

The PPSE Board acts on new institutional applications, license renewals, new programs, changes/new locations and change of ownerships to determine compliance with statutes and rules.

The PPSE Board is a partner in the federal "Triad" in terms of oversight for the federal student loan program. The other partners include the U.S. Department of Education and the regional, national accrediting agencies.

Solutions:

Strategies:

1. Regular review of policies and procedures for improvement and efficiency.
2. Recurring assessment of regulatory knowledge for licensing and licensing of professionals.
3. Increase knowledge and breadth of understanding of increasing complex federal regulations and accrediting standards.
4. Keeping abreast of emerging trends in the postsecondary sector.

Issue 3 To improve the Student Complaint Process

Description The PPSE Board is responsible to protect consumers/students and to assist institutions through regulatory enforcement and processes that are reasonable, consistent, firm, fair and timely.

Solutions:

Strategies:

1. Require the institutions to respond to requests within a 10-day time period.
2. Encourage the students and licensed institutions to resolve the complaint amicably and fairly.
3. Continue to work with the licensed institutions to take corrective action to inequitable policies or to improve consumer protection.

Issue 4 Enhance the internal personnel structure and leadership capacity to respond to the growing complexity of the private postsecondary sector.

Description The PPSE Board demonstrates its commitment to the private postsecondary sector by supporting the success of students and licensed institutions. The PPSE Board also supports the evolving innovation for improving effectiveness and performance.

Solutions:

Strategies:

1. Improvement and enhancement to the e-Licensing platform.
2. Improved training and development of current staff.
3. Continue to provide prompt, courteous and professional services to all stakeholders and partners.

Performance Measures:

1. Number of new institutions, renewals and supplemental license applications licensed with the established timeframes.
2. Number of new institutions, renewals and supplemental license applicants.

Licensed outside of the established timeframes.

3. Number of students enrolled.
4. Number of adverse actions taken (remedial action required, additional reporting requirements and monitoring, higher surety bond).
5. Customer service satisfaction is above 90%.
6. Number of student complaints resolved/dismissed.
7. Number of student complaints resulting in disciplinary action.
8. Number of non-student complaints resolved/dismissed.
9. Number of non-student complaints resulting in disciplinary action.
10. Average number of days in investigating and adjudicating student complaints.
11. Average number of days in investigating and adjudicating non-student complaints.

Issue 5 To assist a closing institution in conducting a orderly closing and possible teach-out.

Description The PPSE Board administers the Student Tuition Recovery Fund. Through this program, the Board works with the closing institution to provide alternative options for students to continue their education at another institution. The PPSE Board provides assistance to the students who are currently enrolled and attended the closing/closed school.

Solutions:

Strategies:

1. Work with the closing institution to open communications with the currently enrolled students to inform the students of the available options.
2. Work with currently licensed institutions to provide available teach-out opportunities for the students in the closing institution.
3. Process Student Tuition Recovery Fund claims in a timely manner.

Issue 6 To collect and secure monies sufficient to provide for student financial restitution.

Description Through the Student Tuition Recovery Fund, the PPS Board provides financial restitution to students who were currently enrolled at the time of a school closure and unable to transfer to another institution.

Solutions:

Strategies:

1. An assessment will continue for FY2022 - FY2025 in order to maintain the \$500,000 minimum STRF Requirements.
2. Require at-risk institutions to provide the State Board with electronic copies of student records.
3. Discuss legislative changes to increase the STRF to \$1,000,000, revise the assessment calculation and require all institutions to pay the assessment.
4. Increase STRF reach to include previously exempt "regional" institutions.

Issue 7 To continue to provide students copies of their educational records in a timely manner

Description The PPSE Board takes possession of student educational records to further their education or for verification of employment.

Solutions:

Strategies:

1. Secure student educational records from institutions that may be at risk.
2. Work with RMC in digitizing the currently housed student records.
3. Update the internal record keeping of the location of the student's educational records.
4. Require licensed institutions to maintain student records digitally to improve efficiency in retrieving student records information.

Performance Measures:

1. Student records are processed within 10 days of receipt.
2. Student tuition recovery claims are processed/approved within 90 days.
3. Responsible fiscal management.

STUDENT TUITION RECOVERY FUND

Kevin LaMountain, Executive Director
 Phone: (602) 542-5716
 A.R.S. §§ 32-3071 to 32-3077

Mission:

To protect the health, safety, and welfare of the public by regulating private postsecondary educational institutions and providing services to their students.

Description:

The Board administers the Student Tuition Recovery Fund, which provides financial restitution to students injured by private postsecondary institutional closures and provides students access to their educational records. This fund also provides financial support for records storage (transcripts must be kept in perpetuity) of over 4M documents, and support staff.

Agency Summary

BOARD OF PSYCHOLOGIST EXAMINERS

Heidi Herbst Paakkonen, Executive Director

Phone: (602) 542-3018

A.R.S. §§ 32-2061 et seq.

Mission:

To protect the health, safety, and welfare of the public by regulating the professions of psychology and behavior analysis.

Description:

The State Board of Psychologist Examiners licenses and regulates professionals to practice in the fields of psychology and behavior analysis. The Board accepts complaints against licensees, investigates the allegations associated with the complaints, and administratively adjudicates the complaints. The Board provides information to the public concerning the lawful practice of psychology and behavior analysis.

5 Year Plan

Issue 1 The eLicensing system used by the agency is not accurately configured to accept and process applications for initial licensure for psychologists and behavior analysts. The application requirements in the system, in their current form, do not conform to the applicable statutes and administrative rules. To function properly in compliance with the requirements established in Arizona law, eLicensing requires deployment of a development project to modify the system requirements for applications for initial licensure.

Description In June 2018, the agency implemented the eLicensing system which was designed for online intake and processing of applications for initial applications for psychologists and behavior analysts, as well as for license renewals for both professions. While the system is effectively processing license renewal applications, in April of 2019 the initial applications were disabled at the agency's request as the application requirements and system configurations did not comply with the agency's licensure requirements established in statute and rule. At that time the Arizona Strategic Enterprise Solution (ASET) team lacked sufficient resources to promptly identify the system deficiencies, and to develop and deploy fixes to remedy the deficiencies. The agency pays an annual eLicensing subscription fee for a system that isn't fully functional and isn't meeting the business needs for which it was intended.

Solutions:

In FY20 the agency received approval through the Arizona State Procurement Office to engage a private vendor (MST Solutions) with expertise in the system software platform (Salesforce) to document a development plan to not only address the eLicensing deficiencies where initial applications are concerned, but also to develop a blueprint to modify the eLicensing system to perform virtually all of the agency's business tasks in the major functional areas (license renewal, account service requests, complaints investigation processing, and claims investigation processing). MST Solutions prepared a detailed business development report that has been submitted to ASET. Acknowledging that ASET will need to acquire additional development resources to implement the necessary system changes for it to function effectively and in compliance with the agency's requirements established in statute and administrative rule.

Beginning in FY21 and continuing through FY22 the agency will work with the ASET team, including the eLicensing Development Manager (a new resource whose purpose is to more promptly address and resolve eLicensing system development needs) to design, develop and implement a series of development projects that will bring the necessary enhancements and improvements to the system. Using the MST Solutions development plan as a roadmap, the projects will ensure the eLicensing system accurately reflects the requirements of the agency's statutes and administrative rules, as well provides accurate reporting, information, and data collection.

The agency is addressing some of the costs of the development plan in FY21 within its current appropriation, focusing on the highest priority items. However the agency and the ASET team recognize that additional work will need to be completed in FY22 for which approval of a decision-package appropriation is required. Estimating the costs to continue the project to FY22 is a daunting challenge given the many variables and unknowns that are involved – most significantly the level of system improvements that will be achieved in FY21. The agency has sought the counsel of the Director of Engagement Management and Strategic Oversight for the ASET team, and in the process affirmed that at this stage of the process, a precise cost estimate cannot be determined. Given this, the funding request is for \$20,000. If the project cost in FY22 is under \$20,000, the unspent funds will revert back to the agency fund.

Fiscal Impact:

eLicensing Development \$ 20,000
TOTAL \$ 20,000

Issue 2 An additional 0.5 FTE is required to assist in the processing of applications for initial licensure, given a 35% increase in applications submitted from FY17 to FY20. Without an additional resource, the agency will be out of compliance with processing time frames established in Board rule, and applicants will experience delays in the issuance of their licenses at a time when behavioral and mental health needs are escalating due to COVID-19 and its impact on Arizonans.

Description Between FY17 and FY20, applications to the agency for behavior analyst licensure increased by 42%. According to a study of the Behavior Analyst Certification Board (BACB) "US Employment Demand for Behavior Analysts 2010-2018", "Annual demand for individuals holding [behavior analyst] certification has increased each year since 2010, with a 1,942% increase from 2010 to 2018 and a 127% increase from 2017 to 2018. In addition, increases in demand occurred in every state since 2010. Recent demand (April 2018 to March 2019) is highest in 5 states (ordered from most to least): California, Massachusetts, Texas, Illinois, and Arizona. These 5 states account for 53% of the recent demand for behavior analysts." With academic programs ramping up capacity to graduate professionals applying for behavior analyst licensure, the agency anticipates sustained dramatic growth and the need for additional staff resources to keep pace.

Between FY17 and FY20, applications for psychologist licensure increased by 32%. In its November 2017 publication titled "Trends report: Psychology is more popular than ever", the report cites the U.S. Bureau of Labor Statistics (BLS) finding that employment for psychologists will grow by 19% between 2014 and 2024, much faster than the 7 percent average growth predicted for all occupations. Jobs for clinical, counseling and school psychologists are expected to increase by 20 percent in this 10-year period, driven by demand for services by older people with aging concerns, veterans with war-related trauma and people with autism, according to the BLS. Student enrollment in doctoral-level psychology programs is increasing in response to the projected demand, and this translates to a sustained trend of increased applications year-to-year.

Of note, the agency's performance metric for number of days to administratively process applications increased significantly from FY19 to FY20. COVID-19 played a role in this increase, but the volume of applications also had an adverse impact on this area of agency performance.

Additionally, in response to the COVID-19 pandemic, from April 1 through July 31, 2020 the agency has issued 192 temporary licenses to out-of-state psychologists and behavior analysts. A temporary employee has been engaged to process temporary licensure applications, and to issue the appropriate notifications to applicants as these responsibilities exceed the current capacity of the agency's personnel (4.0 FTEs).

Finally, the interstate compact called PSYPACT began issuing compact privileges July 1, 2020; these privileges allow for a period of temporary practice in PSYPACT member jurisdictions, and also permit telepractice. Through PSYPACT, consumers will have greater access to care, and the compact will better facilitate licensed psychologists providing continuity of care as clients and patients relocate. Additionally psychologists will also be able to reach populations that are currently underserved, geographically isolated or lack specialty care. PSYPACT will also help states ensure the public will be better protected from harm. Fifteen U.S. jurisdictions are currently participating in PSYPACT and another 16 jurisdictions have proposed legislation to join the compact. PSYPACT's Commission is projecting high demand for practice privileges which increase requests to this agency for license verifications. While preparing and issuing verification is a corollary function to license application, the demand will exacerbate the current workload challenges.

From January 1, 2020 to mid-August the agency has incurred \$2,411 in staff overtime and \$4,456 in temporary employee costs, totaling nearly \$7,000. These are intended to be only temporary stop-gap strategies to manage the workload until such time as the agency can implement a sustainable solution in the form of an increase its staffing level by 0.5 FTE to a total of 4.5 FTE.

Solutions:

The agency requires an additional 0.5 FTE to assume the increasing demands and responsibility of intake and processing of behavior analyst applications, and behavior analyst applications for renewal. This allows the senior Licensing Specialist to focus on intake and processing of psychologist applications. The position will be classified at Grade 19.

The agency's ideal solution is to shift the temporary employee into the 0.5 FTE position given the knowledge, skills and abilities this individual has acquired while processing applications for temporary licenses. This individual is currently employed at the 0.5 FTE level with the Arizona Board of Physical Therapy. Formally hiring the individual to this agency will create some efficiencies given the person's established employment status with the State of Arizona.

Given the revenues collected for behavior analyst applications in FY20 exceeded \$163,000 and program costs were less than \$81,000, the Behavior Analyst program fund can easily support and sustain the costs associated with an additional 0.5 FTE described below. Additionally, in FY20 the Behavior Analyst program fund increased by 77% (starting balance of \$255,619 and ending balance of \$333,211).

Fiscal Impact:

Personal Services \$ 24,000
Employee Related Expenses \$ 13,500
Equipment \$ 1,000
Other Operating Expenses \$ 500
TOTAL \$ 33,800

Issue 3 The agency intends to allow applicants for psychologist licensure to submit applications through the Psychological Licensure Universal System®, a program of the Association of State and Provincial Psychology Boards (ASPPB) of which the agency is a member.

Description The Psychology Licensure Universal Systemor ("PLUS") is an online system designed to allow individuals to apply for licensure in any state, province, or territory in the United States or Canada currently participating in the PLUS program. The PLUS also enables concurrent application for the ASPPB Certificate of Professional Qualification in Psychology (CPQ)® and the ASPPB Interjurisdictional Practice Certificate (IPC)®. All application information collected is deposited and saved in the ASPPB Credentials Bank®: a Credentials Verification & Storage Program (The Bank) where it can be accessed by the applicant or forwarded to any other licensing board, organization, entity, or individual, upon request. As of August 2020, 16 United States jurisdictions and Canadian provinces accept applications through PLUS.

While PLUS does not interface with the eLicensing system, for some applicants it will streamline the process for, and remove some of the barriers to, applying for and obtaining licensure in multiple jurisdictions. For some applicants, PLUS will enhance professional license mobility.

Solutions:

The agency is currently working with ASPPB to formalize participation in, and acceptance of, the PLUS program. It is anticipated that the PLUS will be available to qualifying applicants on or before January 1, 2022.

Issue 4 The agency has statutory authority to establish a confidential reporting program for the monitoring of impaired psychologists. Eligible psychologists include those who are chemically dependent, or who have psychiatric, psychological, or behavioral health disorders that may be impacting their ability to provide psychologist services competently and safely.

Description A confidential reporting and monitoring program for impaired psychologists consists of the licensee voluntarily requesting admission or accepting an offer of admission to the program, and acknowledging that chemical dependency, psychiatric, psychological or behavioral health disorders are impairing their ability to safely and competently practice psychology. Additionally the program requires the psychologist to consent to an appropriate evaluation by a Board-approved professional, and to comply with all elements of the recovery agreement. Given the enhanced pressures and stress that mental health professionals are experiencing under the COVID-19 pandemic, such a program is essential for purposes of rehabilitating practitioners to safe and competence practice.

Solutions:

In Fiscal Year 2017, the agency began reviewing various options for establishing a confidential reporting and monitoring program for impaired psychologists. Due to a series of personnel changes in the roles of Executive Director and of Deputy Director (the agency's primary investigator) between Fiscal Years 2018 and 2020, the program has not yet been established. The current Executive Director and Deputy Director will resume this effort and will develop a proposal for adoption by the Board, and for implementation by Board staff. Stakeholder groups such as the Arizona Psychological Association (AzPA) will be requested to assist the Board in promoting awareness of the program.

Issue 5 The agency is not using a centralized system to capture data sets for purposes of tracking and reporting performance metrics. An array of spreadsheets and word processing files are maintained for purposes of tracking investigation time frames, licensing time frames, customer satisfaction rates, and other data that is subject to annual reporting requirements in accordance with various statutes. This process requires excessive time to collect for reporting purposes, and is conducive to potential recording and reporting errors.

Description In June 2018, the agency implemented the eLicensing system which was primarily designed for online intake and processing of applications for initial applications for psychologists and behavior analysts, as well as for license renewals for both professions. While the system is also capable of managing many more data sets (such as those associated with complaint investigations, petitions, licensing time frames, public records requests, and licensee demographics) the agency is not effectively using eLicensing as a centralized repository for capturing, tracking and reporting data and performance metrics.

Solutions:

*NOTE: This is a shared strategy with that described in the Strategic Issue Priority #1. This is not an additional strategy.

In FY20 the agency received approval through the Arizona State Procurement Office to engage a private vendor (MST Solutions) with expertise in the system software platform (Salesforce) to document a development plan to not only address the eLicensing deficiencies where initial applications are concerned, but also to develop a blueprint to modify the eLicensing system to perform virtually all of the agency's business tasks in the major functional areas (license renewal, account service requests, complaints investigation processing, and claims investigation processing). MST Solutions prepared a detailed business development report that has been submitted to ASET. Acknowledging that ASET will need to acquire additional development resources to implement the necessary system changes for it to function effectively and in compliance with the agency's requirements established in statute and administrative rule.

Beginning in FY21 and continuing through FY22 the agency will work with the ASET team, including the eLicensing Development Manager (a new resource whose purpose is to more promptly address and resolve eLicensing system development needs) to design, develop and implement a series of development projects that will bring the necessary enhancements and improvements to the system. Using the MST Solutions development plan as a roadmap, the projects will ensure the eLicensing system accurately reflects the requirements of the agency's statutes and administrative rules, as well provides accurate reporting, information, and data collection.

The agency is addressing some of the costs of the development plan in FY21 within its current appropriation, focusing on the highest priority items. However the agency and the ASET team recognize that additional work will need to be completed in FY22 for which approval of a decision-package appropriation is required. Estimating the costs to continue the project to FY22 is a daunting challenge given the many variables and unknowns that are involved – most significantly the level of system improvements that will be achieved in FY21. The agency has sought the counsel of the Director of Engagement Management and Strategic Oversight for the ASET team, and in the process affirmed that at this stage of the process, a precise cost estimate cannot be determined. Given this, the funding request is for \$20,000. If the project cost in FY22 is under \$20,000, the unspent funds will revert back to the agency fund.

Vision: To be the national model in providing customer-oriented state-level law enforcement services.

Mission: To protect human life and property by enforcing state laws, deterring criminal activity and providing vital support to the State of Arizona and its citizens.

Agency Description: The Department of Public Safety (DPS) enforces state law with primary responsibility in the areas of traffic safety, criminal interdiction, narcotics, organized crime, auto theft and regulatory functions. Services include homeland security, criminal intelligence, scientific analysis, air rescue, criminal information systems, training and statewide communications.

Operational and technical assistance is provided to local and state agencies and other components of the criminal justice community.

The Department also promotes and enhances the quality of public safety through cooperative enforcement and community awareness programs.

Executive Summary: The Department's Strategic Plan aligns with Governor Ducey's priorities to protect our community by combatting drug trafficking and drug addiction; being fiscally responsible; advancing the way the Department conducts its business, building public trust and securing the future safety of Arizona.

The Department has expanded its deployment and use of AMS this year with the creation of strategic plans and budget requests at the division levels. Those plans were the foundation for the Department's overall FY2021 strategic plan.

For FY2021, the Department will continue its efforts in cadet trooper and professional staff hiring and improvements remote trooper housing to produce and retain a world-class, diverse workforce. The Department will also continue to investigate the overprescribing of pharmaceuticals, improve aviation service abilities, combat wrong-way drivers and improve computerized criminal information systems.

The Department will work towards new improvements in vehicle fleet management, backlog reductions and strengthening community engagement and public trust in law enforcement.

5 Year Plan

Issue 1 Cadet troopers and professional staff.

Description Achieving and maintaining an adequate and diverse workforce to keep pace with service demands and emerging public safety issues.

Solutions:

Strategic Plan Strategy #1, improve the recruitment of diverse cadet troopers and professional staff.

Issue 2 Tactical Diversion Unit

Description Arizona has an identified epidemic opioids abuse that is ruining lives, families, and the economic stability of the state.

Solutions:

Strategic Plan Strategy #1, detect and disrupt criminal activity by the tactical diversion unit focusing on the overprescribing or other illegal distribution of controlled substances, specifically opioids.

Issue 3 Aviation air rescue availability.

Description The Department seeks to provide more reliable air rescue services and criminal apprehension assistance to our law enforcement partners.

Solutions:

Strategic Plan Strategy #2, increase aviation availability for law enforcement and search and rescue missions.

Issue 4 Maintenance time frames of DPS vehicles.

Description The Department intends to reduce the preventative maintenance down times for DPS vehicles to make more efficient use of vehicles for patrol response and other mission needs.

Solutions:

Strategic Plan Strategy #2, reduce the percentage of the fleet in preventative maintenance to less than 3%.

Issue 5 ACJIS computerized database systems.

Description Antiquated computer systems and software hinder the Department's ability to provide efficient services to the public and other criminal justice agencies in the modern business environment.

Solutions:

Strategic Plan Strategy #2

By June 2021, fully implement a new platform for the Arizona Criminal Justice Information System (ACJIS) to replace the antiquated 30-year old mainframe.

Issue 6 Community Involvement.

Description The Department values its partnerships with the communities it serves and strives to address and understand the issues the community identifies.

Solutions:

Strategic Plan Strategy #4: Enhance community engagement by establishing a Community Advisory Board by June 30, 2021.

Issue 7 Trooper remote housing.

Description Outdated trooper remote duty housing negatively impacts trooper retention and quality of life for trooper families.

Solutions:

Strategic Plan Strategy #3, A3 Breakthrough: improve or replace identified outdated trooper housing where maintenance costs and efficiency losses exceeds the value of replacement.

Issue 8 Proliferation of wrong-way drivers.

Description The Department recognizes the serious, life-threatening hazards wrong-way drivers pose to innocent motorists, troopers, and themselves on Arizona's highways.

Solutions:

Strategic Plan Strategy #1, To improve public safety in Arizona by intercepting wrong-way drivers on Arizona's highways.

Issue 9 Administrative backlog reduction.

Description The Department has a back log of records that have not been purged according to state retention schedules.

Solutions:

Strategic Plan Strategy #2, Improve service delivery and value to internal and external customers.

PUBLIC SAFETY PERSONNEL RETIREMENT SYSTEM

Michael F. Townsend, Administrator
Phone: (602) 689-9695
A.R.S. § 38-841

Mission:

To provide uniform, consistent, and equitable statewide retirement programs for those public safety, correctional and elected personnel in the employ of the State or its political subdivisions.

Description:

PSPRS manages the retirement systems for most law enforcement officers, correctional officers, and elected officials in Arizona. The PSPRS system consists of three separate retirement plans for public safety, elected officials and correction officers. The system provides pension payments and retirement benefits to nearly 59,000 active and retired members, and surviving beneficiaries, from more than 250 employers groups (municipalities, agencies and districts) statewide. The three system plans are governmental pension plans under section 401(a) of the Internal Revenue Code. The system is governed by a nine-member Board of Trustees. Membership of the Board of Trustees is split between members of the system - law enforcement and fire department - and trustees representing employers and taxpayers.

5 Year Plan

Issue 1 Stabilize Funding

Description Successfully repealed pension benefit increases tied to portfolio performance that varies year-to-year. Adopting new investment asset allocation and investment policies to allow for better alignment to our strategy. Engaged new actuary in April 2019 and proposing revising actuarial assumptions.

Solutions:

We will improve the long-term financial stability of our plans by doing the following:

1. Improve in-house investment staff research and expertise with new investment research tools.
2. Align assets, and portfolio diversification, correlation and risk. Align investment policies to asset allocation. Align assets and portfolio Review the system's asset allocation and make adjustments as needed to achieve returns at least equal to our assumed earnings rate on a long-term basis through

Issue 2 Retaining Top Talent

Description ADOA has approved PSPRS new Special Pay Plan based on recommendations from an independent third party to address Investment staff compensation. PSPRS has also completed a "Products and Services" exercise to ensure [process are documented for succession planning.

Solutions:

We will hire and retain top talent and retain institutional knowledge by doing the following:

1. Recruit, engage, develop and retain qualified, motivated management and staff.
2. Conduct a personnel supply, needs and gap analysis to determine where gaps exist.
3. Document procedures and processes for each of the products and services we provide to customers, beginning with the highest priorities, and ensure staff are cross-trained on all critical products and services.
4. Implement a cross-functional skills training program.
5. Implement a leader-employee development training program.
6. Improve engagement and tools available to staff to meet the mission.

Issue 3 Stakeholder Engagement and Education.

Description PSPRS conducted a Annual Employer Seminar in 2019. PSPRS has outreach through its Local Board and Employer Relations liaisons. PSPRS also created an Advisory Committee of stakeholders to ensure a the voice of the customer is heard.

Solutions:

We will improve communication, outreach and training with our members, employers, local boards and external stakeholders by doing the following:

1. Conduct XX employer and 20 local local board trainings on Plan options and requirements.
2. Provide a new customer "partnership, and role and responsibility" presentation at the annual conference.

Issue 4 Information System Development

Description PSPRS has obtained a third party assessment and recommendations, and has now implemented a new Agile IT development methodology. PSPRS is engaging in its first pilot of Agile through user stories and sprints associated with member refunds.

Solutions:

We will improve our work processes and electronic systems using the following strategies:

1. Conduct an evaluation of our existing software infrastructure and architecture and determine the best way to move toward the next version of our underlying pension software.
2. Implement an agile software development methodology so that the software we develop meets the needs of our stakeholders.
3. Implement a requirements management and issue tracking software application.
4. Implement an automated testing and quality assurance software application.
5. Improve delivery and functionality of EPIC, allowing us to move away from manual processing.

Issue 5 Address Information Security Threats

Description PSPRS has conducted an IT risk assessment and taken action against identified issues. PSPRS has engaged a third party valuation of IT operations with a focus on information security. PSPRS is hiring additional resources to ensure capacity to meet the strategy.

Solutions:

We will continually improve the overall IT security environment of PSPRS by doing the following:

1. Conduct third party IT operations and IT development assessment.
2. Identify priorities in alignment with industry standards.

Issue 1 Strategic Issue #1: Provide Excellent Customer Service

Description The real estate industry, the Department, the State of Arizona, and, most importantly, the public are experiencing a period of growth in the Arizona real estate market. Despite the current challenges of COVID-19, the economic picture relating to real estate in Arizona has stabilized. It is important to retain consumer confidence in real estate professionals. The Department will always take a customer first approach when serving the public.

The Department treats real estate licensees as a profession and always encourages policies that "raise the bar" in the industry. Education, knowledge sharing, and raising the bar has addressed many of the historic areas that may reduce consumer confidence. Some of the areas which the Department receives consumer complaints are as follows:

- Property management mishandling and/or depletion of trust accounts by licensed individuals;
- Fraudulent real estate and subdivision schemes – i.e. lack of public report, distressed properties;
- Mortgage and real estate documents fraud involving licensed individuals;
- Property management schemes/violations conducted by unlicensed individuals;
- Unlicensed entities in Arizona, as well as, out-of-state companies, conducting real estate activities;
- Advertising violations, where misleading false and deceptive marketing is used; and
- Auctions, where unlicensed individuals facilitate the sale of properties; without real estate professional representation for the consumer.

Solutions:

The Arizona Department of Real Estate will continue to utilize the Arizona Management System (AMS) to continue fulfilling its principles, values and mission.

As a regulatory agency charged with protecting the public, and facilitating service for the real estate industry, the Arizona Department of Real Estate's continued emphasis will be on building partnerships within the industry and with other state agencies, in serving and protecting Arizona's constituents through an attitude of supporting a TEAM (Together Everyone Achieves More) concept.

This partnership will continue to focus on "raising the bar" of the real estate industry, thus minimizing the actions that cause harm to the public and educating the public on what to be aware of in their real estate transactions. This task will be achieved through the commitment of open communication, transparency and the sharing of information and knowledge. The Department will create a synergistic approach to problem solving by gathering feedback from all, then implementing changes and improvements as needed.

Through proactive education and information broadcasting, the Department will seek to ensure public and industry awareness of fundamental laws pertaining to real estate transactions in Arizona. The Department's focus will continue to consist of balanced regulation, ensuring that licensees and/or repeat offenders who are proven to have violated the law and harmed the public are dealt with quickly and stringently, while addressing the more minor infractions that do not effect and/or harm the public, and will work from a more educational perspective. Additionally, the Department will continue to streamline processes, implement the Arizona Management System and allow staff to work through cases thoroughly, yet efficiently.

Issue 2 Strategic Issue #4: Drive Innovation through Technological Advancement

Description The Arizona Department of Real Estate's Information Technology infrastructure must continue to advance in order to facilitate more efficient internal processes, and to keep pace with the technologically-savvy real estate industry and public the Department serves. Keeping pace with technology and creating the ability to transact nearly all business Online is the way that the ADRE can continue to deliver a high level of service to the steadily increasing number of real estate licensees over the past many fiscal years.

Based on the Department's business technology assessment and the review of the State of Arizona IT Strategic Plan, the Department has developed an IT Strategic Plan to update communication systems, providing opportunities for re-engineering appropriate business processes throughout all areas of the agency. Implementation and integration of these systems will provide faster, more efficient customer service to the public, as well as enhance staff efficiencies by reducing duplication of effort and shortening time spent on various data-gathering and verification tasks.

Solutions:

The Department will focus on continuing to promote quality online services and increase services available for the customer online. This includes implementing further enhancements to the public database and online license system.

Issue 3 Strategic Issue #2: Strengthen Real Estate Education

Description Real estate education is a fundamental element of enhancing the highest level of knowledge and professionalism within the real estate industry, benefiting Arizona's constituents. Included in the real estate industry's contribution to a thriving Arizona economy are the Real Estate Educators, which are a growing industry in Arizona.

Pursuant to ARS §32-2135, in addition to being responsible for issuing real estate school licenses, approving the credential of instructors and the subject matter content of courses to be taught, the Department is tasked with ensuring that, once the aforementioned has been done, all schools and instructors are complying with applicable statutes and rules thereafter. This is performed by conducting audits to ensure the information and materials being taught and distributed have been approved by the Commissioner and that certification of student attendance, and/or performance is properly documented.

Solutions:

The Volunteer Monitor Program utilizes volunteers from the real estate industry who review the delivery of courses, to confirm compliance with the stated application specifics and approval guidelines from the Department. Volunteer monitors allow the Department to save personnel costs, while also allowing industry professionals to remain active in participation and compliance. The volunteer monitor program has maintained a high level of class monitor assignments each year since it was implemented.

The Department will focus on pass rates, and review average annual pass rates of first time Pre License test takers.

Issue 4 Strategic Issue #3: Lead All National State Real Estate Agencies in Operational Efficiency and Effectiveness

Description The Arizona Department of Real Estate strives to be a provider of responsive and reliable services to Arizona's real estate industry and the public served by this industry. The Department's efforts focus on ensuring that the delivery of quality, timely and cost-effective core services. The day-to-day activities of the Department rely on efficient internal business systems. The Department has implemented the Arizona Management System with all agency staff. Performance Metrics will be followed on the FY 2021 agency scorecard, which addresses each division of the Department, and is designed to drive improvement in all areas.

The Arizona Department of Real Estate adapted to the challenges presented with COVID-19 by embracing telework for the majority of staff positions during this time. Moving forward, the Department will continue to explore further efficiencies in telework, and embrace it to the greatest extent possible.

Solutions:

The Department recognizes that it has an obligation to the citizens of Arizona to ensure that Department resources are being used as efficiently and effectively as possible. To this end, the Department continues to explore and implement efficiency and cost-saving strategies wherever possible, and to look for better ways to deliver services. The Department also remains committed to cross training staff and sharing knowledge of positions across divisions. Agency leadership has seen that knowledge sharing has had an effect on streamlining services as processes are known by all individuals that may influence an outcome.

The Department will focus on leveraging business technology solutions for data driven decision making.

Issue 5 Strategic Issue #5: Developing an Engaged, Professional Workforce

Description As of June 30, 2020, the Arizona Department of Real Estate employs 27 FTE, while appropriated 37 FTE for FY 2021. Leaner staffing levels, a stable lower budget, and greater efficiencies than the previous year, is what the public and industry has come to expect from the ADRE. To achieve greater efficiencies and success the agency must continue to promote knowledge sharing, position growth opportunities, internal training among experienced and newer staff, and focus on staff retention.

Solutions:

Demographic shifts will continue to be the largest single influence on the Department workforce over the next several years, as increasing numbers of experienced employees may retire, or choose to pursue other career opportunities. The Department's continued focus moving forward will be on the ability to implement strategies to mitigate anticipated departures of valuable employees, to preserve and transfer the historical institutional knowledge of retiring staff, and to implement recruitment measures to attract top talent and improve on staff job satisfaction.

Issue 6 Strategic Issue #6: Adhere to Fiscal Guidelines

Description Over the past many budget cycles the ADRE's appropriation has remained approximately \$2.9 million, while maintaining the number of appropriated FTE's. As of June 30, 2020 the ADRE has 27 FTE. While this level of staffing is not likely to remain this lean, the Department has delivered a high level of professional service, while remaining fiscally responsible.

Solutions:

The Department will continue adherence to strict fiscal responsibility to utilize available resources, while focusing on continuing to improve on the excellent delivery of services to the real estate industry, as well as the regulation of that industry, while striving always to protect the public. The entire Department "TEAM" will always be apprised of the budget that the Department is committed to operating within, and will receive a consistent status update on how the Department is performing.

Agency Summary

RESIDENTIAL UTILITY CONSUMER OFFICE

Jorge C. Fuentes, Director
Phone: (602) 364-4840
A.R.S. §§ 40-461 et seq.

Mission:

To represent the interests of residential ratepayers before the Arizona Corporation Commission and advocate for reasonable utility rates and reliable, safe utility service.

Description:

The Residential Utility Consumer Office (RUCO) is an agency comprised mainly of attorneys and financial analysts. RUCO participates in matters before the Corporation Commission regarding utility rate increases, renewable energy standards, and Commission rulemaking. RUCO reviews utility financial records, conducts discovery, offers testimony and presents witnesses at evidentiary hearings to argue positions in favor of residential utility ratepayers.

5 Year Plan

Issue 1 Handling the increasing number of utility cases and relevant issues currently before the Arizona Corporation Commission.

Description Over the last few years the number of rate applications and policy discussions that directly affect residential ratepayers has increased substantially. There doesn't appear any sign of this trend slowing. The major electric utility has been ordered to file a new rate application so the Commission can review their current rates to see if they are just and reasonable and in the public interest. Other gas and water utilities have and will be filing rate cases as well, which will require RUCO's review and intervention. Rulemaking issues are arising at the Corporation Commission such as retail electric competition, energy planning, and the issues surrounding Johnson Utilities, that are taking significant amounts of time.

Solutions:

Perform preliminary analyses of all pertinent proceedings, filed at the ACC, to determine necessity of intervention. Intervene in all necessary proceedings, as resources permit. Staffing addressed in Issue 3.

Issue 2 Understanding and analyzing the complexity of new issues contained in rate case filings.

Description The regulatory environment is in a constant mode of change. Due to the reasons stated above, new issues are constantly arising and RUCO is in a position to respond to the utilities' concerns and protect residential ratepayers.

Solutions:

Provide training opportunities for employees to stay current on new and emerging relevant regulatory topics. Engage other state commissions, consumer advocacy groups and publications to see how they have handled common issues. Track the Office's measure of efficacy to ensure Arizona residential ratepayers are receiving a benefit from the Office's services.

Issue 3 Planning ahead so the Office is prepared for the ever changing regulatory horizon.

Description In today's changing world it is critical that RUCO recruit and retain qualified personnel to meet the mission of the Office. The regulatory area is highly specialized and finding and retaining competent and knowledgeable personnel is challenging. It is imperative that we keep these individuals, provide proper training, reward individuals accordingly and provide a good work environment.

Solutions:

Ensure that staff has the proper mix of disciplines to meet these changing times. This is an ongoing process and we will be adding additional personnel and hiring more consultants with specific areas of expertise. Provide the proper internal and external training and equipment so that our staff is prepared efficiently to deal with the rapidly changing regulatory environment.

Issue 4 Ensuring that we are providing the best possible advocacy for the residential ratepayer that we represent.

Description RUCO's mission and primary objective is to guard and protect the residential ratepayer in proceedings at the Arizona Corporation Commission.

Solutions:

Track overall rate reductions to demonstrate the Office's beneficial worth to Arizona residential ratepayers. Compare the overall rate reductions to the Office's operating budget to develop a savings per dollar spent calculation. Execute solutions defined in Issues 1, 2 and 3 above.

BOARD OF RESPIRATORY CARE EXAMINERS

Jack Confer, Executive Director
Phone: (602) 542-5995
A.R.S. §§ 32-3521 to 32-3558

Mission:

To exercise State regulatory authority over respiratory care practitioners by granting licenses; maintaining public records for all practitioners within Arizona; and enforcing rules and statutes to ensure the public health, welfare, and safety.

Description:

The Board of Respiratory Care Examiners regulates the practice of respiratory care in Arizona. Respiratory care practitioners work in therapeutic, surgical, and/or clinical settings to monitor respiration and lung health, as well as to diagnose and treat disorders. The Board examines and licenses respiratory care practitioners based on minimum competence standards set by the Legislature. Additionally, the Board enforces State laws, rules, and regulations set forth to ensure public safety and investigates complaints filed against members of the respiratory care community.

Issue 1 ARIZONA BOARD OF RESPIRATORY CARE EXAMINERS
STRATEGIC PLAN
Fiscal Years 2018-2022

Description The Arizona Board of Respiratory Care Examiners (“Board”) is a quasi-judicial state government Agency that licenses and regulates the respiratory care profession in the State of Arizona. The Board consists of seven (7) members who are appointed for three year terms by the Governor. The Board consists of two (2) public members, three (3) licensed respiratory therapists, one (1) physician and one (1) hospital administrator.

Respiratory Therapist care for patients who have trouble breathing—for example, from a chronic respiratory disease, such as asthma or emphysema. Their patients range from premature infants with undeveloped lungs to elderly patients who have diseased lungs. They also provide emergency care to patients suffering from heart attacks, drowning, or shock.

Nationally, respiratory therapists held about 119,300 jobs in 2012. Arizona currently approximately 4,100 licensed therapists. Most respiratory therapists work in hospitals. Others may work in nursing care facilities or travel to patients’ homes.

Employment of respiratory therapists is projected to grow 19 percent from 2012 to 2022, faster than the average for all occupations. Growth in the middle-aged and elderly population will lead to an increased incidence of respiratory conditions such as emphysema, chronic bronchitis, and pneumonia. These respiratory disorders can permanently damage the lungs or restrict lung function.

Laws 1990, Chapter 256 § 1, state that:

The Legislature also recognizes that the practice of respiratory care is a dynamic and changing art and science which is continually evolving to include new developments and more sophisticated techniques in patient care, thus creating a need for continuing education and maintenance of minimum standards of competence for those who practice in this area.

The intent of the legislature in this act is to provide clear legal authority for functions and procedures which have common acceptance and usage. In this act, the legislature also intends to recognize the existence of overlapping functions between physicians, registered nurses, physical and occupational therapists, respiratory care practitioners and other licensed health care personnel and to continue to allow appropriate sharing of functions among the various health care professions.

The Board ratifies every new license and renewal application and conducts random audits of required continuing education.

The Board has a well-structured process for investigating complaints made against its’ licensees. The investigation process is clearly separated from the adjudication process. Written procedures were developed to outline the complaint process and the order in which things occur, so the complaint is investigated properly and to ensure the due process of the licensee or certificate

MISSION

The mission of the Arizona Board of Respiratory Care Examiners is to benefit, educate and protect the public through regulation of licensure; enforcement of the rules, regulations and statutes governing the safe practice of respiratory care.

VISION

The Arizona Board of Respiratory Care Examiners is committed to the enhancement of the health and safety of the people of Arizona by ensuring:

- Protection for and confidence by the consumer through enforcement of laws governing the practice of respiratory care.

- Highly qualified therapists work as health care professionals.
- Fair and ethical standards of professional conduct.
- Excellence in therapist training and education.

Solutions:

STRATEGIC ISSUES

Goal 1: Complete investigations with 180 days.

Strategy: By January 2021, the Board will complete and resolve complaints within 180 days from receipt.

Goal 2: By December 2020, the Board will implement a new database solution (E Licensing) that accurately tracks licensing timeframes and provides realtime application updates online.

Strategy: By December 2020 add all service to the Web Portal so that all transactions may be paid with a credit card or electronic funds transfer.

5 Year Plan

Issue 1 Maintain Sustainable Benefit Plans

Description Sustainability refers to the ability of the ASRS to provide and maintain the Pension, Health Insurance Supplement, and Long-Term Disability plans without the need for significant plan design changes or significant increases in contribution rates.

Solutions:

The ASRS focuses on the sustainability of the plans through the development, implementation, management, and monitoring of our funding policy, investment management program, and plan design modifications for consideration through the legislative process. The goal of the ASRS Funding Policy is to ensure that a thorough process has been developed, documented, and implemented to fully fund benefits in a manner consistent with the capital market, demographic, risk tolerance, and other parameters. The goal of the investment management program is to ensure that investment strategies are designed and implemented to meet the required investment objectives to fund the plans. The purpose of reviewing plan design features for legislative consideration is to ensure that potential plan design flaws and inequities are conveyed to legislative bodies for consideration.

Issue 2 Achieve Investment Goals

Description The financial health of the ASRS significantly depends on the ability to generate high levels of investment returns for acceptable levels of risk. Investment returns have one of the largest impacts on determining long-term contribution rates.

Solutions:

Design, implement, manage, monitor, and modify investment strategies considering forecasts in the capital markets, funding goals, risk tolerances, and market conditions.

Issue 3 Enhance Risk Management Capabilities

Description As the threat landscape continues to evolve, pension funds must continue to enhance their risk management capabilities to protect pension fund assets, systems, and data.

Solutions:

Enhance the agency's enterprise-wide risk management (ERM) program to ensure that the agency has identified and is monitoring, managing, and mitigating risks most likely to impact the agency. For this planning period, emphasis will be placed on fraud detection, information security, information privacy, and cash controls.

Issue 4 Optimize Operational Effectiveness

Description Continue to perform analysis and identify opportunities to improve the agency's operational effectiveness.

Solutions:

Utilize peer benchmarking, lean analysis, ongoing budget monitoring, and enhanced technology to improve productivity, increase service, or reduce cost where room for improvement has been identified.

Issue 5 Provide Outstanding Customer Service

Description To ensure members continue to receive high levels of service, the ASRS must regularly monitor, review, and manage its customer service to ensure members remain satisfied with the service they receive.

Solutions:

Continue to utilize peer benchmarking and internal surveys to monitor customer service. When required, develop strategies to address any issues that are present.

Issue 6 Ensure Operational Continuity

Description To successfully achieve agency priorities, the ASRS must recruit, retain, and develop a workforce that is high-performing and engaged.

Solutions:

Develop effective recruitment and transition management plans. Work with management to develop strategies to maintain high levels of employee engagement. Cultivate an employee development plan that mentors and develops future leaders.

Vision: Funding Arizona’s priorities through excellence in innovation, exceptional customer experience and public servant-led continuous improvement.

Mission: Serving Taxpayers!

Agency Description:

The mission of the Arizona Department of Revenue is to serve taxpayers. The department administers and enforces collection of individual and corporate income tax, transaction privilege (sales), use, luxury, withholding, property, fiduciary, bingo, and severance taxes. The department oversees county assessors in the administration of locally-assessed property taxes.

Executive Summary: The Arizona Department of Revenue has identified four strategic priorities in furtherance of fulfilling our vision. This holistic strategy engaged every level of the ADOR workforce and is aligned to the agency’s core purpose of collecting and distributing revenue to the State of Arizona. We will accomplish this through focus on the foundational pillars of the Department of Revenue:

Optimize Employee Culture: Create an environment focused on well-being, goal alignment, vision & purpose from recruitment to retirement.

Maximize Agency Effectiveness & Efficiency: Review processes to ensure focus on what is required and realistic. Prioritize by impact and frequency with financial tools that promote reduction in time, costs, and resources.

Enhance Services & Automation: Real-time taxpayer data available on demand used to identify trends, needs, and opportunities by increasing automation of key processes that eliminates waste.

Legislative Agility: Enable agency to respond to changing priorities quickly to better support the taxpayers of Arizona through implementing legislation in a technically sound and administratively feasible manner.

Summary of 3-Year Strategic Priorities

AUDIT AND ASSESSING

Tom Johnson, Assistant Director of Education & Compliance
Phone: (602) 716-6090
A.R.S., Title 42

Mission:

To serve taxpayers!

Description:

The Audit subprogram is responsible for providing an integrated, coordinated and uniform system of tax administration designed to ensure that taxpayers correctly calculate and report their corporate income taxes, individual income taxes, withholding taxes and transaction privilege, use and severance taxes. The Audit subprogram provides education to taxpayers through the process of field audits, desk audits, and developing training for taxpayers. The Audit subprogram ensures that auditors are versed in analyzing taxpayers' books and records, arriving at a correct tax calculation based on application of Arizona laws to each tax type, and explaining how Arizona laws, rules and regulations apply to each taxpayer. The Audit subprogram is further responsible for training and supervision of municipal auditors and uniform administration of both state and local transaction privilege and use taxes levied by counties, cities, towns and other special districts. The Audit subprogram provides services to other agencies (e.g., the Department of Defense regarding claims by Native Americans, or the Department of Health Services regarding compliance with tax laws by the medical marijuana dispensaries). The Audit subprogram is further responsible for reviewing refunds submitted by taxpayers and protecting Arizona state revenues by denying issuing of those refund claims that are fraudulent or unsubstantiated. Following completion of an audit or refund review, the Audit subprogram continues to provide education and support to taxpayers and agency representatives necessary to assist with resolution of taxpayer protests and to provide oversight during litigation.

COLLECTIONS

Tom Johnson, Assistant Director of Education & Compliance
Phone: (602) 716-6090
A.R.S., Title 42

Mission:

To serve taxpayers!

Description:

The Collections subprogram secures the payment of receivables, delinquent taxes and filing of delinquent returns through correspondence, telephone, and field contacts with taxpayers.

All collection activity is performed under the overview of the Taxpayer Bill of Rights to promote fairness, confidentiality, and consistency of application of the tax laws. Arizona was the first state to have a Taxpayer Bill of Rights in 1986, and the 1994 updated version again put Arizona in the leadership role of protecting taxpayer rights, while ensuring that all taxpayers pay their fair share of the tax burden.

The subprogram also works with delinquent taxpayers by entering into payment arrangements and educating them in compliance (filing obligations) issues. Upon the taxpayer's action to void the agreement, enforcement collections activity is pursued including filing liens, levies, and seizures of assets.

Vision: To be the Arizona school districts' trusted partner and resource focused on delivering our services fairly and efficiently for achieving optimal student learning environments.

Mission: To collaborate and support as advocate and partner with State of Arizona stakeholders to ensure universally safe, secure, healthy, and engaging learning environments.

Agency Description: The School Facilities Board (SFB) is a capital and grant management agency. The SFB maintains a facilities database consisting of information reported by each school district that aids in determining the eligibility for State funding from the New School Facilities (NSF) and Building Renewal Grant (BRG) funds and evaluates demographic data to determine eligibility for State Funding for new school construction. The SFB is mandated to ensure compliance with the minimum school facility guidelines and routine preventative maintenance guidelines with respect to the construction of new buildings and maintenance of existing buildings. The SFB also administers an Emergency Deficiencies Correction (EDC) program and validates Adjacent Ways expenditures.

Executive Summary: By partnering with school districts and other stakeholders, the SFB will modernize the guidelines to which all Arizona school buildings are constructed and maintained. The Building Renewal Grant (BRG) fund is a critical resource in assisting school districts to meet these standards. As a capital and grants management agency, the SFB works to sustain the fund by identifying opportunities to optimize resources, with the aim of preventing avoidable expenditures and minimizing disruption to students.

A.R.S. §§ 41-121 et seq; 29-301 et seq; 44-1271 et seq; 44-1441

Mission:

To provide services in Arizona in order to preserve our history, promote engagement, and protect the future, in a trusted, accessible, innovative and secure manner.

Description:

The Department of State is headed by a publicly elected Secretary of State, who serves as Acting Governor in the absence of the Governor and succeeds the Governor should a vacancy occur. The Secretary of State is the keeper of the Great Seal of the State of Arizona and is also the Chief State Election Officer who administers election functions, including canvass and certification of statewide elections, and coordinates statewide voter registration. The Secretary of State's office receives and records various filings, including Uniform Commercial Code transactions, trademark and trade name registrations, and limited partnership and limited liability partnership filings. The office also registers lobbyists and accepts periodic lobbyist and campaign finance filings; publishes all official acts of the State of Arizona including laws, the Arizona Administrative Code, and the Arizona administrative Register; files the notices of the Governor's appointments to Stateboards and commissions; appoints notaries public; and applies apostilles to all international transactions.

The Arizona State Library, Archives and Public Records division provides general information services as well as research and reference services in the subject areas of law, government, public policy, genealogy, and Arizona. The division administers state and federal grants for public libraries and offers consultant services to both public libraries and government agencies. The division also offers special library and information services for anyone who is unable to read or use standard printed materials as a result of temporary or permanent visual or physical limitations, manages public record archival retention programs, and creates exhibits to educate the public regarding governmental and Arizona history and the legislative process.

5 Year Plan

Issue 1 Ensure safe and secure elections.

Description Following the 2016 Elections, officials, from the federal government to local municipalities, realized the work that needs to be done to ensure that the public has faith in our democratic institutions and to protect the integrity of the vote.

Solutions:

HAVA funds have made addressing this issue easier at the state and county level by providing much needed resources for the counties to enhance the security of their systems. We need to continue to explore what is needed to be done to protect from any vulnerabilities that might exist. Partnerships established through the policy academy, state, local, and federal entities have greatly enhanced our preparedness to respond to any threats we face. . Additionally, a priority for Election Day preparedness is to ensure that each county has a Threat Liaison Officer that coordinates communication and responses between local officials on the ground with the state and federal partners monitoring activity at the state and national level. These efforts will be on-going and continue beyond the 2020 Elections.

Issue 2 Pending litigation

Description The Secretary of State's Office will always be at the center of litigation, whether it be challenging elections laws or dealing with notary complaints. There is a need to ensure that resources are available for support from attorneys in the Attorney General's Office and, for when there's a need, outside counsel.

Solutions:

Appropriate resources need to be made available to the Secretary of State for litigation expenses.

Issue 3 Upgrade and enhance the IT Systems for the Secretary of State's Office.

Description In 2018, a Gartner Cyber Security Assessment revealed a multi-year plan to replace aging systems, enhance firewalls and other protections, and implement policies and procedures to ensure that the multiple divisions of the agency could keep up with security protocols intended to keep sensitive government systems operational and secure.

Solutions:

Follow the recommendations of the Gartner Assessment. This multi-year approach will bring the SOS up to date in terms of technology and security.

Issue 4 Meet current statutory obligations of administering statewide elections

Description Given adequate funding and resources, the Secretary of State's office intends to adequately meet all current statutory obligations of administering statewide elections.

Solutions:

As required by the Arizona Constitution and Arizona Revised Statutes, the Secretary of State will accurately certify all ballot candidates, certify and canvass results of statewide elections in a timely manner, appropriately test and certify voting devices for use by counties, implement testing for logic and accuracy of counties' election equipment, responsibly certify initiatives and referenda for the ballot, publish and mail or email the publicity pamphlet to every household with a registered voter, seek to educate the voting public by conducting Town Halls in all fifteen counties on ballot measures, and provide pamphlets in Spanish and Native American translation.

Issue 5 Conduct outreach to communities that have historically low rates of voter registration and/or voting.

Description The Secretary of State is committed to ensuring that all people who are eligible to vote have access to voter registration and to opportunities to cast one's ballot. A particular focus will be with Native American Communities throughout the state of Arizona, but there is also a focus on African American, Hispanic, youth, people with disabilities, rural communities, active duty military and overseas citizens, among others.

Solutions:

Continuing to expand efforts to reach these communities is a top priority. The Secretary has created an Advisory Committee to assist with this effort statewide, and the department wishes to expand its capacity for outreach through communications/public awareness and support staff who can work to support efforts in these communities.

Issue 6 Records Management

Description The Archives and Records Management program is inefficient and unable to meet the state's current and future records management needs leading to increased costs and liabilities for government bodies due to lack of resources and outdated records management procedures. Storage of all the state government bodies paper and electronic records costs the state a significant amount of money per year and inefficient records management contributes to that cost.

Solutions:

As outlined in A.R.S. 41-151.13, the agency will create a robust records management program that assists government bodies with managing their public records efficiently and effectively. With an effective Archives and Records Management program, overall storage costs will be reduced. The enhanced Archives and Records Management program will update and review retention schedules regularly, provide records disposition training to ensure unneeded records are being disposed of properly and consistently, and provide guidance for managing and storing digital records in accordance with industry standards. The updated records management program will help all levels of government save money and assist citizens with gaining access to public records in a timely manner. This work will require that the cash under the Records Services Fund is sufficiently appropriated to support the program operations as outlined in the fiscal year 2022 budget issue titled "Increase Records Services Fund Appropriation."

Issue 7 Build additional improvements in meeting our business services mandates

Description The state of Arizona is working towards a One-stop-shop model of business development that will connect those wishing to do business in the state of Arizona with the Arizona Department of Revenue, the Arizona Corporation Commission and the Secretary of State's Office in one online portal.

Solutions:

The SOS will work with the Arizona Department of Administration to connect business systems. Resources will be required to build the underlying SOS system for the filing of trade names, trademarks, and limited partnerships, as well as the interface to the other state departments. The Business management system currently in use by the SOS is in need of replacement, but this will take an appropriation and investment of staff IT resources to implement and maintain.

Issue 8 Access & Inclusion

Description Continue to develop services to facilitate access to resources, records and information for ALL Arizonans.

Solutions:

The agency will improve access to Arizona's underserved and unserved populations with a particular emphasis on training, digital inclusion, resource development, and user experience.

Issue 9 Resource Development

Description Continue to seek outside funds for special projects, initiatives, and exhibits at the Libraries, Archives and Capitol Museum.

Solutions:

The State Library and Archives has raised over \$61 million dollars in grant funds for Arizona cultural institutions and for its own services. Although general operating funds must come from governmental sources (state general fund and federal IMLS funds), private and other governmental funds will be sought for special projects, pilot projects, events and exhibits. The agency will seek new ways to expand fiscal resources and make more effective use of existing resources.

Issue 10 Preservation of Permanent Records

Description Storage, Intellectual Control, and Access to the State of Arizona’s permanent records will continue to demand increased resources. The Archives is challenged to meet statutory obligations with existing resources and staff. Even though most records are now created electronically, there is still an estimated 50 years’ worth of permanent paper records held by state government bodies. While many state and local government bodies are implementing digitization programs, the cost of digitizing records to meet preservation standards can be higher than the cost of preserving the paper record. The digital records must meet a specified set of standards and disposition for ingest into the state archives’ digital environment that ensures the long-term preservation and authenticity of the records.

Solutions:

Meet this challenge with a three-pronged approach: sufficient staffing with required expertise, a future Trusted Digital Repository to preserve digital information, and continued support to the environment and processes of the Archives that preserve and provide access to permanent records – analog and digital. Grow the staff of the Archives and Records Management to meet the records needs of the state at classification levels that can draw appropriate candidates. Provide long-term funding for trusted platforms to store and preserve digital information. Continue to invest in the Polly Rosenbaum building by adding high capacity shelving to house the incoming paper records.

ELECTION SERVICES

Bo Dul, Director

Phone: (602) 542-6167

A.R.S. §§ 16-101 et seq.; 19-101 et seq.; 38-541 et seq.

Mission:

To work in close partnership with federal, state, local, and nongovernmental stakeholders to ensure free, fair, and secure elections in Arizona that are accessible to all eligible voters.

Description:

The Election Services Division ensures that the Secretary of State, as the Chief Election Officer, fulfills her statutory mandates relating to election oversight and administration in the following areas:

- **Election Security:** Implementing robust cyber and election security measures, and working in close partnership with federal, state, and local stakeholders to continually improve election security throughout the state.
- **Elections Procedures Manual:** Provide uniform election procedures through publication of an updated Elections Procedures Manual every odd-number year;
- **Voter Registration:** Maintaining and improving the new statewide voter registration database and coordinating ongoing maintenance and operation of the statewide database; and coordinating state responsibilities for voter registration under the National Voter Registration Act of 1993, including coordination with Department of Transportation/Motor Vehicles Division and public assistance agencies.
- **Election Officer Certification:** Provide training, certification, and re-certification of county recorders and election officials in odd-numbered years.
- **Election Equipment Certification and Testing:** Reviewing and certifying, according to national and state standards, new voting systems and election equipment and updates to existing systems and equipment used by the counties; conduct logic and accuracy tests of all election equipment used by the counties prior to each federal, statewide, and legislative election;
- **Elections Technology:** Ensuring proper maintenance, operation, and updating of election technology necessary for the fulfillment of statutory duties, including statewide voter registration database, Election Management System, Election Night Reporting, Candidate Portal, E-Qual, campaign finance filing system (Beacon), campaign finance reporting system (Spotlight), UOCAVA portal, Circulator Portal, lobbyist filing system, and public portal for voters.
- **Candidate Nomination:** Receiving nomination papers and petitions from and certifying for the ballot candidates for federal, statewide, and legislative office.
- **Ballot Measures:** Receiving initiative, referendum, and recall applications and petitions; processing and certifying for those petitions for the ballot; providing information to the public on ballot measures by publishing and mailing the publicity pamphlet; and coordinating statewide Town Hall meetings on ballot measures.
- **Campaign Finance & Financial Disclosures:** Provide professional, courteous service in the administration of campaign finance laws, including registering candidate and political committees, accepting required campaign finance filings, reviewing campaign finance complaints, and referring appropriate complaints and non-filers to the Attorney General; coordinating and accepting financial disclosure filings from office holders.
- **Lobbying:** Provide professional, courteous service in the administration of lobbyist laws, including registering lobbyists, principals, and public bodies, accepting required filings, reviewing lobbyist complaints, and referring appropriate complaints and non-filers to the Attorney General.
- **Federal Compliance:** Overseeing compliance with federal election laws, including the Help America Vote Act (including providing a statewide complaint system for uniform, nondiscriminatory response to grievances), the National Voter Registration Act, and the Uniformed and Overseas Citizens Absentee Voting Act (including maintaining the electronic portal for uniformed and overseas voters).
- **Public Information and Public Records:** Providing professional and courteous customer service to Arizonans on all areas of division responsibility, including promptly responding to telephone and email inquiries; publishing handbooks on key areas of statutory responsibility in order to provide uniform guidance to the regulated community and other stakeholders; producing public records and filings for the public upon request.
- **Voter Education:** Developing and implementing an effective voter outreach and education program in partnership with other stakeholders at the state and local levels; and providing courteous and professional customer service to voters.
- **Official Canvass and Electoral College:** canvassing and certifying the results of elections for federal, statewide, and legislative office; issuing certificates of nomination and election; and planning and executing the meeting of the Electoral College

ARIZONA STATE LIBRARY, ARCHIVES, AND PUBLIC RECORDS

Holly Henley, State Librarian
 Phone: (602) 542-6181
 A.R.S. §§ 41-151 through 41-151.24

Mission:

To provide Arizonans access to information about their government, their state, and their world by offering content in a variety of formats, preserving Arizona's history for future generations, and empowering local institutions to engage their communities in learning.

Description:

The Arizona State Library, Archives and Public Records Division collects, preserves, and provides access to materials relating to law, political science, economics, sociology, subjects pertaining to the theory and practice of government, genealogy, and Arizona history. The format of materials may vary. Access to collections is provided by the State Library through a general and legal reference service, a records management and archives program, a state and federal government documents depository program, a library development service, museums for educational purposes, and a service for persons who are visually or physically unable to use traditional print materials The State Library serves as the "state library administrative agency" with its Director given responsibility to accept and administer state and federal funds, including grants (A.R.S. 41-151.)

STATE BOARD OF TAX APPEALS

David V. Medina, Executive Director
Phone: (602) 364-1102
A.R.S. § 42-1252

Mission:

To provide an independent appeals process for taxpayers with adverse decisions from the Department of Revenue and/or the Office of Administrative Hearings, and to resolve jurisdictional disputes between municipalities regarding the imposition of transaction privilege and use taxes.

Description:

The State Board of Tax Appeals hears and decides appeals filed by taxpayers and Arizona municipalities concerning income, transaction privilege, use, luxury, and estate taxes.

Funding:

5 Year Plan

Issue 1 To strive to expedite tax appeals in a manner that minimizes delays in the appeals process.

Description The State Board of Tax Appeals hears and decides appeals filed by taxpayers and Arizona municipalities concerning income, transaction privilege, use, luxury, and estate taxes.

Solutions:

Maintaining a current appeals process continues to be the Board's chief priority. The timely issuance and publication of decisions not only benefits the parties involved in the appeals, but also provides much-needed guidance to tax attorneys, CPAs and tax partitioners, as well as others involved in the field of State taxation. Budget constraints over the past several years have forced the Board to compress the number of appeals heard into fewer scheduled hearing dates. This translates into a significant increase in the number of months to complete the appeals process because of the additional time between proposed decisions rendered by the Board and the final approval of the formal decisions. Over the past years the Department of Revenue has added a significant number of new auditors to its staff. Because the Board's caseload is directly related to the number of appeals generated at the Department of Revenue, more audits will certainly increase the number of appeals filed with the Board, and with no corresponding increase to the Board's budget, this will directly impact the Board's caseload. In the future, the Board may be compelled to request additional funding.

BOARD OF TECHNICAL REGISTRATION

Melissa Cornelius, Executive Director
Phone: (602) 364-4933
A.R.S. §§ 32-101, 32-106, 32-107

Mission:

To protect the health, safety, and welfare of the public by establishing appropriate registration qualifications and efficiently and fairly enforcing the statutes and rules governing the practice of the professions and occupations under the Board's jurisdiction.

Description:

The Board of Technical Registration regulates the firms and individual practice of alarms services, architects, engineers, geologists, home inspectors, landscape architects, and land surveyors. The Board also has jurisdiction to investigate and discipline the unregistered practice of professions and occupations under A.R.S. § 32-106.01 and A.R.S. § 32-106.02.

Funding:

	<u>FY 2020 Actual</u>	<u>FY 2021 Estimate</u>	<u>FY 2022 Estimate</u>

Other Appropriated Funds	1,861.7	2,263.1	2,491.3

Total Funding	1,914.7	2,263.1	2,491.3
FTE Positions	25.0	25.0	25.0

5 Year Plan

Issue 1 The Board's records are maintained solely in paper form, creating storage retrieval obstacles and requiring substantial space for storage.

Description Prior Board administration did little to centralize and maintain registrant records for easy access. All records are stored in paper form in multiple locations. The Board intends to organize the records and digitize them for storage and retrieval purposes

Solutions:

The Board is centralizing current records and destroying archaic records in preparation for the transfer to digital files. The Board will seek an appropriation for FY2022 to engage the services of a company on contract with the State to digitize and organize the records for registrants and enforcement case records. Although the Governor's budget recommendation did include the Board's FY2021 request for the appropriation, the final budget did not include any new appropriations requests. The Board has approximately 40,000 active registrants, as well as records that need to be maintained by the retention policy. It is currently estimating 1.5 million pages for digitization and organization. Due to the volume, this is projected to be a two to three year project.

Strategic issue number 2 focuses on moving to a new database/e-licensing system. It is anticipated that by the time the digitation of paper records is completed, new paper records will be scanned and uploaded to the same digital record system and the e-licensing system will feed directly into the data digital record system.

The cost of the digitalization service will be \$144,800.

Issue 2 IT Analyst, E-licensing and data management system

Description The Board attempted to implement a new data management and e-licensing system starting in 2015. A vendor was selected through an RFP process. Unfortunately, the vendor was unable to deliver a functioning system and the project was terminated in early 2018. The data that was retrieved by the Board required cleaning and organization, as well as a merger with the Board's old database. Now that that step of the process is done, ASET recommends that the agency engage an IT business analyst to assist the agency in determining any remaining repairs to be completed prior to moving to a new system, determine when the current CRM 365 data system is at an optimum for data transfer, provide guidance for an RFP, and represent the agency during the project development phase.

Solutions:

The Board will submit an appropriation request for FY22 to engage an IT business analyst to maintain the current CRM 365, resolve any remaining issues and provide an analysis for the next step of moving to a Salesforce platform.

In addition, the Board will research the procurement of a vendor for a Salesforce platform, create a feasible strategy for a small agency to transition to a new database and e-licensing system and create the procedures required to design and implement a new system.

The first step necessitates research of system development options and cost. The Registrar of Contractors has migrated to a Salesforce platform. Given the similarities of the ROC and AZBTR, the Board will use ROC as a base to consider strategies and structure for approaching a new system, flesh out financial and human resource needs to implement and maintain such a system and determine timelines for implementation and completion.

The next step will be to develop a RFP and go through the procurement process to determine the project cost and timeframes. The Board will submit a continuing appropriation request, most probably for FY2023. Based on the Board's experience this is anticipated to be two year process due to the Board's small staff and limited ability to commit human resources to the project while continuing full agency operations.

The cost of the IT business analyst is anticipated to be \$50,000

The move to a Salesforce e-licensing system is anticipated to be approximately 2 million

Issue 3 Eliminate Formal Administrative Hearing backlog and resolve Formal Administrative Hearings in a timely manner in the future

Description Last year, the Board had 44 formal hearings pending resolution, with some dating back to FY14 and FY15. The Board committed vacancy savings funds in FY20 and FY21 to eliminating the backlog by entering into an additional ISA with the Office of the Attorney General for the sole purpose of prosecuting or otherwise resolving the matters pending hearing. However, our records document that the Board will add approximately 17 new matters to the hearing log each year. Without funds dedicated to resolution of hearings on an ongoing basis, the Board will continue to be challenged with a backlog of hearings that fails to protect the public or service the Board's registrants.

Solutions:

The Board has dedicated \$30,000 from its legal expense line item to enter into an ISA with the Office of the Attorney General with the intention of using those attorney resources to resolve matters awaiting Formal Administrative Hearings. The back log was reduced to 20 pending hearings in FY20. The Board will continue to dedicate the financial resource of \$30,000 a year to engage an Assistant A.G. for the sole purpose of concluding pending hearings either through consent agreements or formal proceedings.

Vision: To make Arizona the leading travel destination for visitors.

Mission: To stabilize and strengthen Arizona's economy through travel and tourism promotion.

Agency Description: The Arizona Office of Tourism (AOT) leads the state's tourism industry in the development of global marketing programs to promote Arizona as a travel destination. With multiple research-based initiatives including advertising campaigns, cooperative programs, trade and media relations and community outreach, AOT sets into motion a positive and profitable cycle of visitation, spending, job growth and tax revenue.

Executive Summary: For FY21, AOT will continue to monitor travel consumers' response to our Rediscover Arizona campaign launched in late FY20. The recovery campaign was designed specifically to help rebuild the state's tourism economy and offset the substantial loss of spending and tax revenue generated due to the COVID-19 crisis. AOT will leverage our marketing expertise to analyze the response to our recovery campaign, pivot the campaign as needed and determine how best to balance travel demand with new social distancing restrictions and consumer concerns.

To further help communities across the state that face diminished or eliminated marketing budgets, AOT will continue with our robust marketing and community outreach programs. AOT will also work with communities to convert day visitation into overnight stays extending the benefits for tourism to their area.

Our goal to cultivate a productive Arizona tourism industry is now more important than ever. AOT is developing a one-year recovery plan with a well-respected industry consultant to address the specific needs of Arizona communities in regaining lost economic activity.

MARICOPA COUNTY TOURISM PROMOTION

Debbie Johnson, Director
Phone: (602) 364-3717
A.R.S. § 41.2306

Mission:

To provide quality assistance, management and financial incentives to Destination Marketing Organizations (DMOs) within Maricopa County to promote tourism.

Description:

This program provides funding to TOA, as well as to eligible Destination Marketing Organizations (DMOs) within Maricopa County, strictly for tourism marketing activities. The purpose of this funding is to promote a variety of tourism-related products and activities in specific individual destinations as well as Maricopa County as a whole. The funds are restricted from use for administrative or operational expenses. Under the guidance of the Prop 302 Maricopa County Program Committee, TOA oversees the guidelines, application process, level of individual fund allocations and the monthly distribution to each eligible participant in the Maricopa County Prop 302 program annually.

Vision: Moving AZ. Becoming the safest, most reliable transportation system in the nation.

Mission: Connecting AZ. Everyone. Everywhere. Every Day.

Agency Description: The Arizona Department of Transportation is responsible for planning, constructing, and maintaining the State's transportation system.

The Department also provides drivers license and registrations services; is responsible for commercial vehicle enforcement and registration compliance; and operates the Grand Canyon National Park Airport.

Executive Summary: Our vision to be the safest, most reliable transportation system in the nation means we can't just be concerned with how to get through this week, this month, or even this year, but how to get through the next 3-5 years and beyond. What challenges are heading our way? And is our organization prepared for what is to come?

To address these issues, we have focused our strategic plan on the following key areas:

Transportation Safety: implementing the most effective safety improvement countermeasures will help promote safe driving behaviors and reduce roadway crashes in high risk areas.

Employee Engagement: ensuring that our employee's basic needs are met and that they are inspired and enabled to function at the highest level will allow ADOT to thrive well into the future.

Customer Value: creating an enterprise-wide understanding of customer value and leveraging the customer-supplier relationship to improve and innovate our business processes will ensure we stay ahead of changing customer needs.

Maximize Resources: pursuing innovations and organizational efficiencies will save money, increase agency capacity, and lead to more investment in the transportation system.

TRIBAL RELATIONS

Kristine M. FireThunder, Executive Director
Phone: (602) 542-4421
A.R.S. § 41-2051 to 41-2054

Mission:

To assist agencies in implementing tribal consultation and outreach activities

Description:

The Governor's Office on Tribal Relations has a legislative mandate to assist each state agency in providing equitable programs, services and establish inter-government agreements with tribal nations and communities. In doing so, the office shall annually report on the implementation of tribal consultations policies; host an annual state-tribal summit, request information to advance intergovernment cooperation; facilitate Indian Nations and Tribes Legislative Day; implement town hall forums for American Indian people to impart their knowledge on statewide issues; serve as an informational clearinghouse and provide training on cross-cultural situations; promote increased participation of American Indians in state affairs; design and initiate programs to stimulate economic growth of the American Indian Population. The office may establish executive committees as needed.

ARIZONA STATE UNIVERSITY

Dr. Michael Crow, President
Phone: (480) 965-8972
A.R.S. § 15-1601

Mission:

To demonstrate leadership in academic excellence and accessibility; establish national standing in academic quality and impact of colleges and schools in every field; establish ASU as a leading global center for interdisciplinary research, discovery and development by 2025; and enhance our local impact and social embeddedness.

ASU is a comprehensive public research university measured not by whom it excludes, but by whom it includes and how they succeed; advancing research and discovery of public value; and assuming fundamental responsibility for the economic, social, cultural, and overall health of the communities it serves.

ASU has become the foundational model for the New American University, a new paradigm for the public research university that transforms higher education. ASU is committed to excellence, access, and impact in everything it does.

Description:

Arizona State University (ASU) is “one university in many places” - four distinctive campuses throughout metropolitan Phoenix that create a federation of unique colleges and schools. They are all ASU, providing access to all the university’s strength and innovation, yet each offers attributes and focuses to meet the needs of any learner. ASU at the Tempe Campus, which includes the Downtown Phoenix campus, is a major public research university offering programs from the baccalaureate through the doctorate. ASU at the West Campus is a comprehensive campus that balances the traditions of liberal arts education with responsiveness to the dynamics of workforce requirements. ASU at the Polytechnic Campus is a nexus for studies in interdisciplinary sciences, engineering, management, technology, and education. Industry partnerships are key to the campus’ distinctive course offerings, which provide opportunities for project-based learning within advanced laboratory spaces.

Issue 1 Increase participation in postsecondary education and ultimately increase baccalaureate degree production

Description To broaden access to a quality education for all segments of the population, ASU must be positioned to accommodate the expected growth in high school graduates, particularly minority populations and a growing pool of older students requiring new job skills. Our knowledge-based economy and an ever-increasing trend toward globalization are changing the skills needed for success in the labor force. Yet, rising costs, growing financial insecurity among families, and years of underfunding of public investments in higher education place the idea of access at risk. Tuition rates approved by the Board of Regents in recent years and future changes consistent with Board policy will help to meet some of the increasing need for financial aid and improve affordability for a greater number of students.

ASU is strongly committed to providing access to college for all qualified students, and to providing them with the services, resources, and tools necessary to help them succeed through to graduation. Furtherance of these goals requires bold and sustained planning to provide the educational resources and services to meet the needs of the projected increases in students. Continued investment will be necessary to provide the infrastructure for the enrollment growth envisioned at each of the campuses.

Solutions:

Strategy 1: Increase efforts to enroll more Arizona high school graduates.

Strategy 2: Increase enrollment of students from minority populations and older students.

Strategy 3: Enhance services and resources to students that will lead to increased retention and graduation rates.

Strategy 4: Enhance partnerships with the community colleges to facilitate increased enrollment of and improved outcomes for Arizona community college transfer students.

Strategy 5: Increase ASU Online program offerings to increase access for students seeking ASU degrees.

Strategy 6: Provide flexibility in course offerings and educational modalities, including increasing pathways into ASU.

Strategy 7: Increase affordability for all students.

Strategy 8: Pursue programs and partnerships that provide an opportunity for students to complete baccalaureate degrees in varied locations and/or at lower costs.

Issue 2 Improve the quality of undergraduate and graduate education

Description Undergraduate and graduate education are the cornerstones of the university enterprise. Students seek a high quality education that prepares them to be successful in their careers, to contribute to society, and to become lifelong learners. Today's graduates must have strong communication, team building, and critical thinking skills as well as a global perspective to be successful.

A continued emphasis on providing a quality educational experience requires examining and evolving how the university designs and delivers its instructional programs to maximize the impact of education. Improvements can be accomplished through new pedagogical techniques, such as adaptive learning, collaborative learning, service learning, and other learner-centered approaches; through the appropriate use of technology to enhance the learning environment; through undergraduate education that focuses on the student as an individual; by providing seamless access to the services and resources required for learning and creative and intellectual inquiry; and by providing an environment that fosters student scholarship. ASU continues to conceptualize and create a wide range of new interdisciplinary schools, institutes, centers, and programs that will foster the development of new knowledge. In addition, ASU is enhancing learning environments that facilitate learner-centered delivery with improved instructional technologies and flexible room design. Necessary public investments will provide the resources needed to improve the learning environments, to accommodate the increased student population, and to hire the faculty necessary to establish national standing for colleges and schools in every field.

Solutions:

Strategy 1: Increase the number of tenured and tenure-track faculty.

Strategy 2: Enhance the technologies and tools that provide students with information to assist with their academic planning and progress.

Strategy 3: Emphasize learning experiences that are outcomes-focused.

Strategy 4: Expand the use of innovative instructional methodologies and delivery methods that improve the learning outcomes and success of students.

Issue 3 Recruit and retain faculty and staff in highly competitive national and local markets during a period of limited resources

Description Quality faculty members are fundamental to a quality university education. Without the best faculty members, providing Arizona citizens the superior quality higher education they deserve and the output of research innovations they expect is impossible, and Arizona will not be able to achieve the necessary cultural and economic vitality required for the state to thrive. At ASU, hiring and retaining outstanding faculty members continues to be a concern. Like the other Arizona universities, ASU struggles to consistently compete in the demanding marketplace of top institutions. ASU has made some progress in improving faculty salaries since fall 2014, as demonstrated in the most recent ABOR Annual Personnel Report, enabling the University to recruit and retain highly recognized and respected academics in a variety of fields, but the average salary for faculty members continues to fall below most of its peer institutions. Staff salaries also continue to fall further behind comparable jobs in the relevant markets. Turnover among staff continues to be a significant problem, in part due to salaries that are not competitive with the local market.

Solutions:

Strategy 1: Close the gap on salaries as defined in the ABOR Annual Personnel Report through an ongoing commitment of performance salary adjustments. Public investment in faculty salaries is critical at this time to retain key faculty members as well as enabling ASU to continue attracting and successfully competing for the highest qualified new faculty members.

Strategy 2: As budgetary constraints allow, continue to implement an ongoing commitment of salary improvement to address the significantly negative market position of staff (non-academic) salaries by targeting budgetary funds at a level anticipating salary movement of 3 - 4% per year, with allocations tied directly to outcome-driven performance measures.

Strategy 3: Develop and maintain the laboratory facilities and the network and computational resources required by the research community. Maintaining competitiveness in research, faculty and student recruitment and retention requires well-equipped modern facilities as well as secure access to high capacity network connectivity; computational, data, and analytic resources required to support researchers; and the systems and application support staffing required by individual researchers, clusters, and research teams.

Strategy 4: Maintain the program to improve salary and benefits for graduate research and teaching assistants. Other universities with whom ASU competes for top-quality graduate students have better salary and benefits packages. Excellent graduate students are essential for improving the quality of both graduate programs and the broader research enterprise.

Issue 4 Expand research capabilities

Description ASU continues to vigorously pursue long-term initiatives in such areas as space exploration, health and biosciences, advanced materials, global security, renewable energy and sustainability, learning sciences, informatics and communications. ASU is one of the fastest growing research enterprises among U.S. universities [source: NSF HERD survey]. ASU's goal is to establish itself as a global center for interdisciplinary research, discovery and development by growing its research expenditures to more than \$815M annually by 2025. To support those aspirations, ASU has defined seven strategies and four key focus areas that will allow for continued exceptional growth, serve the surrounding community, and increase the impact of the research and scholarly work of our faculty.

Solutions:

Strategy 1: Differentiate ASU from the competition through the procurement of large projects (> \$10 million) in several key target areas: health and biosciences, global futures and sustainability, light-inspired energy, personalized learning, global security, and space exploration. This is done through active efforts to build faculty teams and leverage core competencies in order to seize new major research opportunities.

Strategy 2: Pursue one or more University Affiliated Research Center (UARC)-like entities (a research laboratory) on the scale of \$20-\$100 million per year, in space exploration, energy, sustainability, advanced materials, national security, or biosciences in collaboration with corporate and clinical partners.

Strategy 3: Continue to promote and support ASU's projects from across the university through the improvement of the Office for Research and Sponsored Project Administration (ORSPA) infrastructure, reduction of faculty burden, and providing assistance to the academic units for opportunity identification and development.

Strategy 4: Continue to expand philanthropic funding for ASU research programs by working closely with the ASU Foundation to support its activities.

Strategy 5: Expand our collaborative research activities with industry to take advantage of their desire to shift basic and applied research requirements to university labs.

Strategy 6: Continue to pursue angel and venture investment in emerging companies. Activities will include developing a best-in-class intellectual property team and entrepreneurship strategy.

Strategy 7: Develop and implement plans to ensure that research facilities and infrastructure required to meet the research goals of the University are in place.

Key Focus Area #1: Incorporate new approaches, including continued focus on interdisciplinary research

In keeping with the spirit of the New American University vision, ASU will continue to expand our research capabilities through an interdisciplinary approach. Interdisciplinary research involves not only drawing upon the expertise across the University but also includes partners such as industry, national laboratories, academia and clinical entities. We are focusing our efforts in bringing together researchers from disparate disciplines to tackle complex questions central to the areas of strategic interest. The Biodesign Institute and its research centers exemplify this approach. We are working on new industry-university consortium models that bring together industry and University researchers working collaboratively to address national challenges and result in significant educational and economic impact. We are increasingly focusing our research on global problems with local relevancy. We are also creating the ecosystems for promotion of innovation and entrepreneurship activities.

Key Focus Area #2: Increase participation in multi-institutional grants and consortiums

It is a strategic goal of ASU to be successful in securing several multi-institution, multi-disciplinary, multi-year, multi-million dollar (4M) research projects. A specific goal is to secure a national research laboratory or its equivalent by 2025. To achieve this objective, we will cultivate, identify, target and develop 4M research opportunities leveraging ASU strengths in strategic research areas. Competitive teams and consortia will be constructed by bringing in complementary strengths through partnerships with national laboratories, academia, industry and government partners to successfully secure these grants.

Key Focus Area #3: Accelerate technology transfer initiatives

As ASU's research enterprise has expanded over the past several years, Skysong Innovation has undertaken a variety of activities in

furtherance of its mission to facilitate advancement of University technology into the marketplace.

- Closely align Skysong Innovation functions and support with established and new research initiatives
- Continue focus and support of existing initiatives and programs
- Increase connectivity with investors and industry through conferences and other outreach activities
- Form a seed stage venture capital fund led by ASU to accelerate the number of faculty related spin-outs
- Increase technology exposure through cross marketing activities with other universities
- Increase faculty interaction and outreach, including the establishment of an Skysong Innovation office on campus to foster faculty relationships and commercialization activities

Key Focus Area #4: Improve infrastructure to support research

Achieving our research expenditure goals will require additional research space. The University must develop plans to repurpose existing space and construct new facilities. To develop these plans, the University has undertaken an effort to survey unused and underused space, determine return on investment of allocated space and consistently revisit space allocation to respond to the dynamic research needs. Results will be shared with all stakeholders and plans to refurbish and repurpose will be developed to meet current and future needs. Funds for construction of new buildings will involve State, Federal and Philanthropic entities. The University will work with the State to clearly define research priorities and communicate current and future space requirements. Federal and Philanthropic funding opportunities will also be explored where appropriate to address the current and future space requirements.

The University's information technology infrastructure is continuously challenged to keep pace with the rapid increase in externally funded research. To meet the demands of research growth and to plan for future growth, new tools must be designed and implemented across the Research Enterprise in a way that leverages existing IT infrastructure and increases functionality for the entire Research community. Implementation of an end-to-end research administration system will allow for immediate process improvements and continued research expenditure growth. The improvement of the information technology infrastructure will be executed concurrently with the reorganization of research administration personnel and business processes.

Issue 5 Enhance our local impact and social embeddedness

Description Central to ASU's charter is a commitment to be fundamentally responsible for the economic, social, cultural and overall health of the communities we serve. To achieve this bold mission, ASU partners with the community in mutually beneficial ways – deeply rooted in our place as a vital anchor institution in the local community and beyond.

By leveraging ASU's vast range of intellectual and institutional resources and valuing the profound knowledge and expertise of our community partners, we can create powerful impact sufficient to drive change in the most complex of social challenges.

To achieve this, ASU empowers all faculty, staff, students and alumni to engage with the community. The six models of engagement -- community-based teaching and learning, civic engagement, community-engage research, knowledge mobilization, capacity building, and place-based partnerships – highlight some of the ways that ASU is socially embedded and striving to fulfill our role as an anchor institution.

Solutions:

Strategy 1: Strengthen Arizona's interactive network of teaching, learning and discovery resources that reflects the scope of ASU's comprehensive knowledge enterprise.

Strategy 2: Co-develop solutions to the critical social, technical, cultural and environmental issues facing 21st century Arizona.

Strategy 3: Meet the needs of 21st century learners by empowering families in the education of their children, increasing student success through personalized learning pathways, through our Prep Digital high school programming, and promoting a college-going culture in Arizona's K-12 schools.

Strategy 4: Establish, with Mayo Clinic, innovative health solutions pathways capable of educating 200 million people about health care, engaging 20 million people in online health care delivery, and enhancing treatment for 2 million patients.

Issue 6 Contribute to increasing Arizona’s competitiveness by responding to the increasing demands for a workforce prepared to succeed in the New Economy

Description To have a competitive edge in the new, digital economy, Arizona must foster innovation through a highly skilled workforce, a dynamic business environment, and strong public universities. To achieve this position, Arizona must work hard to counteract a broad range of challenges, which include one of the country’s lowest college-going and graduation rates, a very low in-migration to Arizona of college graduates under 30, and a high risk of future job replacement through automation in the state’s relatively large service sector. The state’s public universities play an essential role in developing the type of innovation ecosystem required to position Arizona for success in the New Economy.

With each successive year, Arizona State University (ASU) plays an increasingly vital role in Arizona’s ability to achieve long-term economic expansion; never has this role been more critical than in the state’s current economic environment. To sustain its trajectory, ASU seeks a total of \$64.9 million of incremental base public investment in Fiscal Year 2022 for a New Economy Initiative and resident education. Of the total amount, \$46.0 million is part of a far-reaching plan to increase Arizona’s competitiveness in the New Economy, a revolution that will be dominated by agile companies where automation and data-enabled decision-making power future industries. In this era, diverse technologies spanning fields such as advanced computing, biology, artificial intelligence (AI), autonomous systems, and distributed 3D manufacturing will define industrial growth in the 21st century.

The economic fundamentals are clear: the state needs to further develop its current high wage sectors, expand into tangential industries that build on current strengths, and later expand into wholly new high wage industries. This is how the state sets the foundation for the private sector to thrive and allow individuals to reach their full potential. ASU’s proposal for a New Economy Initiative will address these needs and is comprised of three pillars aimed at maximizing economic return on the public’s investment.

This \$46.0 million proposal is comprised of three components: (1) investments in academic programs and student support; (2) funds to support faculty hiring in the Fulton Schools of Engineering; (3) and an investment to establish five Science and Technology Centers (STCs) that will attract to Arizona a broad range of new companies specializing in New Economy fields. Funding will provide a workforce ready for success in the New Economy. This includes growing enrollments in a broad range of high-demand fields and launching the largest center for engineering education and research in the United States. To do so, ASU must accelerate its faculty recruitment in a range of fields to keep pace with student demand as well as build and leverage the use of STC’s which rely upon close partnerships among government, industry, and the university.

The Fiscal Year 2021 General Appropriations Act, referred to as the "skinny budget," removed \$18.9 million from ASU's Fiscal Year 2020 general fund appropriation. In the current fiscal year, the Arizona Board of Regents has requested a supplemental appropriation to restore the \$18.9 million for ASU’s FY 2021 budget. For Fiscal Year 2022, ASU is seeking the state's commitment to make permanent the appropriation of \$18.9 million to fund investments critical to serving resident student demand for instruction and degree completion. An ever growing amount of this learning is taking place in fields that are important to Arizona's success in the New Economy.

To accommodate the growth in existing programs and the launch of new ones, ASU has continued to invest in tenured/tenure-track faculty and student support staff. These increased university investments come at a time of declining base general fund appropriation per resident student. The proposed increase to base general fund appropriation will empower ASU to further support its resident students with faculty and student support staff integral to their postsecondary success. In addition to people resources, ASU will further enrich the student experience by providing more student research and internship opportunities, expanding its library acquisitions, and leveraging its information technology assets to enhance student learning.

The Fourth Industrial Revolution will fundamentally change the way we live, work, and relate to one another. This transformation has been accelerated by COVID-19 and to thrive in the post-pandemic economy, Arizona must build a skilled workforce and develop an innovation-led business environment that attracts New Economy firms and supports local entrepreneurship in these fields. In realizing these ambitions, Arizona will enjoy a future of high employment, strong economic growth, and resilience to future economic shocks while reinforcing its values of individual freedom, self-reliance, equality under the law, and full participation in our democracy.

While ASU anticipates increased public investment in Fiscal Year 2022, it continues long-standing efforts to diversify its

revenue base and identify ways to reduce and contain costs. In terms of revenue diversification, ASU’s Campaign ASU 2020 has already exceeded its fund raising goal by 28 percent with three months remaining until the campaign end. Additionally, Fiscal Year 2018 NSF HERD research expenditures of \$617.7 million represent a 13 percent increase over the prior year. As for cost containment, ASU units reduced expenses by a cumulative \$17+ million in Fiscal Year 2020. Some examples of cost reduction actions include:

- ASU’s Office of Knowledge Enterprise reduced international and domestic travel, consolidated and reorganized its finance team, and realigned capital projects and facilities service contracts in Fiscal Year 2020, resulting in cost savings of \$1.6 million.
- ASU’s University Technology Office (UTO) has continued to deliver ways to reduce costs via competitive bidding, price negotiations, rightsizing and consolidation of software and hardware, and cloud cost optimization resulting in \$1.7 million of cost savings and avoidance.
- ASU executed a university-wide budget decentralization initiative that generated \$9.1 million per year in savings that were reallocated for mission-critical investments.

Solutions:

Strategy 1: Restructure current funding mechanisms to create a sustainable enterprise financial model that relies on the state as one of many investors.

Strategy 2: Continue to look for ways to reduce costs while supporting student retention and graduation, faculty research productivity, and the economic development of the State of Arizona.

INSTRUCTION

Melinda Gebel, Director
 Phone: (480) 965-2318
 A.R.S. § 15-1601

Mission:

To offer high quality academic degrees, general studies, and honors programs that prepare graduates for personal growth, fulfilling careers, and lifelong contributions to the quality of intellectual life in the community, state, region, and nation.

Description:

Instruction is comprised of activities carried out during the academic year, summer sessions, and other periods outside the regular term and associated with degree credit and non-credit academic courses. This program also includes faculty departmental research and public service activities that are not separately budgeted and academic administration where instruction plays an important role, such as at the dean and department chair levels.

NORTHERN ARIZONA UNIVERSITY

Dr. Rita Cheng, President
Phone: (928) 523-3232
A.R.S. §§ 15-1601 et seq.

Mission:

To lead the way to a better Arizona and a sustainable world through personalized attention to student success and scholarly excellence.

Description:

Founded in 1899, Northern Arizona University (NAU) is a vibrant university committed to teaching as learning, research as innovation, and service as shared leadership.

With an estimated enrollment in fall 2020 of approximately 29,600 students, NAU reaches out to students regionally with statewide campuses and opportunities for distance learning. From its inception, NAU has implemented innovative and accountable teaching practices, including the effective use of technology.

Accredited by the Higher Learning Commission, the university embraces diversity and promotes inclusion across the university community as a means to prepare graduates to contribute to the social, economic, and environmental needs of a culturally rich society. It inspires students to become active citizens, leaders, visionaries, and problem solvers with an understanding of global issues. The reaffirmation of the university's accreditation occurred in 2017-2018, and the university celebrated its successful reaccreditation extension through 2027-2028.

In addition to integrating sustainability themes across curriculum, NAU's 829-acre campus models sustainable operations through multi-modal transportation, environmentally responsible waste disposal, energy-efficient green construction, and sustainability in food procurement. In March 2017, the University maintained a gold rating from the Sustainability, Tracking, Assessment and Rating System (STARS) of the Association for the Advancement of Sustainability in Higher Education, a rating initially achieved in 2014.

5 Year Plan

Issue 1 Education Excellence

Description The core of the university mission is to provide outstanding education through high-engagement, high-impact instruction that provides the foundation for transformational student opportunities. Northern Arizona University serves a wide range of students reflecting the population of Arizona. With a high research activity residential campus, statewide campuses and online programs, NAU offers a variety of delivery models and tuition levels to meet student needs.

Solutions:

- Improve retention and student success and persistence to graduation through impactful practices and data driven analysis in alignment with ABOR Enterprise 2025 Metrics
- Invest in distinctive, high demand programs in healthcare fields, STEM and education
- Leverage technology to promote student success, degree quality and cost containment
- Serve and graduate an increasing number of Arizona students, including Arizona Teachers Academy graduates
- Offer and cultivate student use of effective academic resources, student services and co-curricular activities

Issue 2 Access

Description To help drive towards Arizona's educational attainment goals, students with competing priorities, or who are time-or-place-bound, find access to high quality degrees and credentials through NAU's partnerships with community colleges, including NAU Yuma and NAU Yavapai, as well as online programs.

Solutions:

- Expand transfer student pipeline through renewed relationships with community colleges, tribal colleges and universities, and streamlined university processes that support attainment of ABOR Enterprise 2025 Metrics
- Build out Personalized Learning, competency based education, with additional degree programs
- Maintain distributed learning options for baccalaureate degrees
- Leverage and optimize merit and need based financial aid
- Provide services that resonate with students' background and experiences
- Increase number of certificate and credential offerings

Issue 3 Research Capabilities

Description The university's research, funded mostly through federal and state grants and contracts, is nationally recognized in targeted areas of excellence. Both research and public service activities have deep regional roots and global impact ranging in areas from astronomy and health sciences to land management and environmental sciences. The university will build on these areas while developing additional strategic strengths in emerging technologies and big data, bioengineering, informatics and cybersystems.

Solutions:

- Increase research and scholarly activity in alignment with ABOR Enterprise 2025 Metrics
- Cultivate interdisciplinary collaboration among principal investigators
- Increase number of research-active faculty and post-doctoral scholars
- Incentivize participation in technology transfer and increase technology marketing efforts
- Foster biomedical research partnerships
- Support research centers and institutes focusing on regionally-relevant public service
- Provide sufficient research infrastructure
- Enhance opportunities for undergraduate research

Issue 4 Financial Stability

Description With a relatively young Foundation and lower overall endowment levels, the university is primarily dependent on tuition revenue and state funding to serve Arizona’s higher education and workforce needs. With lower state funding to support each student, the university must carefully manage its resources to support the pursuit of the 2025 Enterprise metric targets.

Solutions:

- Promote a stable state investment funding strategy that will advance Arizona competitiveness in the new economy
- Balance tuition rates, financial aid and enrollment strategies in conjunction with the state investment model
- Develop and maintain an agile and efficient organizational structure with focus on continuous improvement
- Address priorities for capital projects and aging infrastructure through Arizona university infrastructure bonding initiative and annual allocations for deferred maintenance, while leveraging 3rd party partnerships
- Optimize revenue streams through grants and contracts, philanthropy and auxiliary services revenue
- Recruit, develop and retain a diverse, high quality, and motivated workforce
- Increase the percentage of engaged alumni

Mission:

To increase the educational attainment of Arizona citizens by producing enough high-quality university degrees for the state to be nationally competitive by the year 2025.

Description:

Northern Arizona University, a public, high research activity university, serves over 21,000 (fall 2020, preliminary) students at its main campus in Flagstaff and nearly 8,000 students at more than 20 sites across the state and online.

With its solid reputation as a university with all the features of a large institution, but with a personalized touch, NAU carefully balances teaching, scholarship and service with a faculty and staff dedicated to each student's success.

NAU combines outstanding undergraduate education with a wide range of graduate programs and research opportunities that are offered that extend to such national concerns as forest health and bioterrorism. NAU has carefully integrated on-campus education with educational opportunities online and at campuses and sites throughout Arizona, forming seamless avenues for students to earn degrees.

YUMA INSTRUCTION

Bjorn Flugstad, Vice President
 Phone: (928) 523-4240
 A.R.S. § 15-1601

Mission:

To serve the higher educational learning needs of Yuma and the lower Colorado River Region.

Description:

NAU-Yuma offers a variety of degrees and programs that provide access to higher education learning experiences for Yuma, Arizona students. Areas of study include biological and natural resource sciences, business and administration, education, justice studies, logistics and supply chain management, nursing, psychology, social work, sociology, Spanish, and industrial technology management. Select NAU-Yuma degrees and programs are also available online and at NAU statewide sites.

NAU-Yuma was designated as a regional branch campus of Northern Arizona University in 2006 and as a Hispanic Serving Institution (HSI) by the U. S. Department of Education in 2007. The campus provides NAU faculty with opportunities for research areas such as trans-border studies, economic development, public safety and health, multicultural education, and environmental sustainability as well as opportunities to work with faculty and staff in educational institutions across the border in Mexico. It is a critical component of efforts to meet the goal of increasing the number of Arizona residents with a bachelor's degree, which includes serving the Hispanic population in the border region and the state of Arizona.

Co-located on a beautiful campus with Arizona Western College (AWC), NAU-Yuma is a student-oriented educational community, offering schedules designed for traditional and working students, smaller classes, and individualized academic advising. NAU-Yuma's Student Success Center provides tutoring, mentoring, testing, and writing support services to students. It also provides library access and information services through the Cline Library and its partnership with AWC's library.

A.R.S. § 15-1601

Mission:

To advance knowledge and economic development through integrated, intentional research and scholarship on the Flagstaff campus and throughout Arizona communities.

Description:

Northern Arizona University’s research and creative activities result in new knowledge and innovation that:

- strengthens the outstanding education provided by the university;
- fosters the continued learning of faculty, staff and students;
- and benefits the environmental, economic, and cultural vitality of our region and society.

Research, professional preparation, and graduate education at NAU are tightly linked. NAU offers over 120 master's, doctoral, and certificate programs, which provide students outstanding opportunities to be mentored by top scholars in the disciplines and develop skills necessary for forward thinking careers. NAU offers strong master's degree programming with a clear professional and applied focus. Many of these opportunities are available online or at statewide locations, for maximum flexibility and convenience. Outstanding doctoral programs drive research in NAU's foundational research strengths: environmental sciences, forest restoration, biological sciences, applied linguistics, and education. NAU has also launched new graduate programs that connect and expand strengths in informatics, health disparities, astronomy and planetary sciences, bioengineering, and material science.

YUMA PUBLIC SERVICE

Bjorn Flugstad, Vice President
Phone: (928) 523-4240
A.R.S. § 15-1601

Mission:

To develop structures and practices that promote ties between NAU-Yuma and local business, industry, and cultural connections.

Description:

NAU-Yuma is highly engaged in the community. The campus is continually developing undergraduate research projects that address issues relative to the region, as well as internships and service learning opportunities with local companies and agencies. NAU-Yuma works in collaboration with other institutions of higher education and the community to ensure that workforce and civic educational needs of the community are met.

NAU is a sponsor of the One Book Yuma program, a community effort that began in November 2006. The One Book Yuma program chose "Indianapolis: the True Story of the Worst Sea Disaster in US Naval History and the Fifty-Year Fight to Exonerate an Innocent Man" by Lynn Vincent and Sara Vladic for 2019-2020.

ACADEMIC SUPPORT

Bjorn Flugstad, Vice President
Phone: (928) 523-4240
A.R.S. § 15-1601

Mission:

To support quality student learning and to foster excellence in educational practices that promote persistence to graduation.

Description:

The primary goals of academic support services are to ensure a commitment to student success and high expectations for student learning by all faculty, staff, and students. Academic support services support instruction through functions such as faculty learning opportunities and professional support for effective instructional design, technology enhanced learning, and pedagogy.

The Faculty Professional Development Program provides the resources and support that help faculty be successful, which ultimately promotes the learning and success of students. Faculty professional development learning experiences include, one-on-one consultations, workshops, discussion groups, mentoring, and learning communities and communities of practice.

The e-Learning Center assists faculty in the effective use of technologies to enhance teaching and learning. The focus is good design and effective delivery of fully online courses. Phone support, small group training, and one-on-one consultation are provided to help faculty learn to build appealing online courses, develop engaging online teaching methods, and to find or create appropriate media and course materials to encourage student engagement and success.

NAU is also participating in grant-funded efforts sponsored by the American Association of State Colleges and Universities to integrate and extend existing student success institutions throughout the nation. The Frontier Set is a select group of colleges and universities, state systems, and supporting organizations committed to significantly increasing student access and success and eliminating racial/ethnic and socioeconomic disparities in college attainment. The Frontier Set is made up of 29 colleges and universities and two state systems from across the nation that represent a broad cross-section of higher education. Frontier Set sites will focus on institutional transformation, including the integration of three key solution areas:

1. Redesigned Planning, Advising and Student Services,
2. Digital Learning and Next Generation Digital Courseware, and
3. Developmental Education Reform and Supports for Learning,

while strengthening capacities that enable implementation and integration of the key solutions, including leadership, culture, strategic finance, IT infrastructure, institutional research and data, and policy.

FLAGSTAFF AND STATEWIDE STUDENT SERVICES

Bjorn Flugstad, Vice President
Phone: (928) 523-4240
A.R.S. § 15-1601

Mission:

To recruit and retain students and provide services leading to student success and higher persistence to degree.

Description:

A variety of innovative programs have been designed to attract students and help them persist to degree at NAU.

Enrollment Management (EM) attracts new students through the operations of University Admissions & Orientation, Admissions Processing, Student Financial Aid, Enrollment & Student Services, EM Communications, Analytics & Assessment, and Enrollment Services Business Analyst Team. For prospective students, University Admissions & Orientation hosts daily campus visits as well as represents NAU at hundreds of in-person and virtual high school events, college fairs, graduate fairs, and open houses throughout the year. UAO staff also conduct thousands of one-on-one appointments and host orientation sessions for new students. Enrollment and Student Services supports students online, at statewide sites, and on the Flagstaff campus by providing a one-stop shop for admissions, registrar, student accounts, and financial aid questions and processes. Additionally, Enrollment and Student Services staff located at statewide sites are uniquely positioned to serve 2NAU and other transfer students as they transition to the university and assist statewide campus students navigate through to graduation. Other EM units support student recruitment efforts through data analysis, processing, communication, and technical functional support.

Unions and Student Activities strive to offer the finest services, conveniences, and amenities for the students of NAU, while providing cultural, social, leisure and recreational opportunities as part of a well-considered plan for the campus community. In addition, several units provide valuable experiential learning opportunities and leadership development opportunities through student employment.

Career Development and Student Employment provides programs and services that connect students early and often to career through one-on-one support, workshops and programming, and networking events. Students served include those on the main Flagstaff campus, as well as statewide sites and online learners. Services also include internships and employer engagement programs.

Students studying at statewide campus sites or online have access to a broad array of student services, such as online orientation, access to Cline Library, tutoring and study skills, tools for exploring degree programs, tracking degree progress, and planning a career in addition to one-on-one support from professional staff on site or remotely to meet a variety of other student needs.

Undergraduate students at all campuses (Flagstaff, Statewide, and Online) are assigned a professional academic advisor. Academic advisors guide and support students as they progress through their academic careers by assisting with degree selection, course selection and sequencing, resource and tool referral, enrollment, policy interpretation, and overall coaching.

AUXILARY PROGRAM

Bjorn Flugstad, Vice President
Phone: (928) 523-4240
A.R.S. §§ 15-1601 et seq.

Mission:

To promote operations of substantially self-supporting activities such as student housing, student unions, and intercollegiate athletics.

Description:

Between the two Academic Success Centers-north and south, the ASC supplies various forms of tutoring: One on One, Drop-In tutoring and Subject-Based tutoring in numerous academic areas. The ASC also offers Supplemental Instruction in various areas and Academic Success Workshops covering nine topics. In addition, the ASC offers Academic Mentoring, test taking strategies and other academic resources for students.

In August 2011, the 270,603 square foot Health and Learning Center (HLC) opened its doors to engage students in holistic learning by integrating recreation, health services, athletics, and academics into one central location.

NAU, a member of the Big Sky Conference and Western Athletic Conference for swimming and diving, sponsors 15 NCAA Division I level athletic programs. The Northern Arizona University athletics department recorded a cumulative grade point average of 3.21 among its approximately 342 student-athletes during the 2019-2020 academic year. In addition, 157 student athletes earned Big Sky/WAC All-Academic honors achieving a minimum of 3.20 cumulative grade point average or higher.

FLAGSTAFF AND STATEWIDE AUXILIARY PROGRAM

Bjorn Flugstad, Vice President
Phone: (928) 523-4240
A.R.S. §§ 15-1601 et seq.

Mission:

To promote operations of substantially self-supporting activities such as student housing, student unions, and intercollegiate athletics.

Description:

Auxiliary Programs includes expenses of organizational units that furnish services to students, faculty and staff, and the general public for a fee directly related to the cost of the service and are managed as essentially self-supporting activities.

Campus Services and Activities funded the upgrade of Prochnow Auditorium in the University's historic North Union through auxiliary funding. The space is able to host a wide range of campus events and support academic and social initiatives throughout the year.

Campus Recreation strengthened partnerships with academic departments to add new programs, enhance existing programs, and increase opportunities for student participation.

Campus Dining continues to offer a total of 28 restaurants throughout campus, including two all-you-care-to-eat establishments, two mobile locations, and fine dining. Campus Dining has also added mobile online ordering with expedited pick-up for student convenience and robotic delivery services throughout campus. In addition, the NAU Bookstore continues to lower the cost of course materials through partnerships with open education resource providers and negotiations with publishers to convert materials to electronic formats whenever possible.

University Housing manages a variety of on-campus options for freshmen and upper-division students including traditional freshman residence halls (10), upper division suites (3), upper division apartments (8), family housing (1), and the Honors College managed by NAU in partnership with American Campus Communities (ACC). Three partnered-housing properties through ACC offer students additional convenient on-campus housing options.

All freshmen students are assigned into Residential Colleges according to their academic college. Each Residential College is supported by college faculty, peer college ambassadors and academically related programming designed to promote persistence and connections to the faculty and the college. The Honors College Living and Learning Facility opened Fall 2018, housing 634 Honors students along with all college faculty, advisors, and other administrative staff offices and classrooms.

5 Year Plan

Issue 1 Engaging

Description Design the Arizona experience so that 100 percent of our students have the opportunity to engage in integrating and applying their knowledge through real-world experiential learning.

Goal: Through a learning experience tailored to individual students' needs, the UA will graduate future leaders who have the skills to apply their knowledge and solve the world's grand challenges.

Solutions:

Strategies, Actions, and Initiatives:

E1. Recruit and retain a diverse student body of undergraduate, transfer, and graduate degree-seeking students who represent the state, national and global demographic landscape.

E1.1 Leverage merit- and need-based aid.

E2. Optimize student access and success.

E2.1 Enhance partnerships with high schools and community colleges nationally and internationally.

E2.2 Identify students early in their careers who can benefit from programmatic intervention and increase opportunities for academic recovery.

E2.3 Improve retention with greater support in advising, learning specialists, coordination, hardware, and software.

E2.4 Decrease graduate-level time to degree.

E3. Provide students with a dynamic educational experience.

E3.1 Promote actions that help us ensure 100 percent student engagement, including the addition of targeted program coordinators, evaluations, and operational support.

E3.2 Expand study-abroad options to contribute to the 100 percent student engagement goal.

E3.3 Support online course and program development.

E4. Graduate individuals who will be sought out by the best employers and postgraduate programs.

E4.1 Redesign courses incorporating workshops, new uses of information technology, specialized equipment, and facilities.

E4.2 Update classroom facilities to better support an active learning environment.

E4.3 Emphasize graduate workforce development in selected master's programs.

E5. Graduate individuals ready to engage in productive lives and personally satisfying work.

E5.1 Establish engagement credits in the areas of global, civic, and research activities.

Issue 2 Innovating

Description Expand our research and creative inquire to not only discover new knowledge and create new ideas, but also to innovate new ways of knowing and seeing that will ensure our continued leadership in interdisciplinary scholarship.
Goal: While supporting our values, invite new resources into the University in support of innovative scholarship and research. Prioritize our scholarly and research activities to reflect both the grand challenges we face, and the expectations of our partners for integration and application.

Solutions:

Strategies, Actions, and Initiatives

I1. Promote core strengths to address grand challenges.

I1.1 Capitalize on existing and growing research and clinical strengths in the UA's health sciences colleges in Tucson and Phoenix, other clinical entities

across the state, and relevant UA colleges.

I2. Expand opportunities for interdisciplinary collaboration.

I2.1 Increase institutional capacity for interdisciplinary and interprofessional community-engaged scholarship addressing the most urgent needs of

Arizona's diverse citizenry and generating solutions for the public good with global applications.

I2.2 Increase large multi-investigator, multi-site proposal submissions and awards.

I3. Hire, nurture, and retain a diverse, outstanding faculty.

I3.1 Create diverse new faculty candidate pools that approximate the national availability of talent.

I3.2 Improve faculty retention rates, with a particular emphasis on reducing retention disparities among assistant professors from underrepresented

groups.

I4. Attract, educate, and engage first-rate doctoral students.

I5. Diversity external sources of research support.

I5.1 Develop industry expertise to expand public-private partnerships.

I5.2 Increase research expenditures.

I6. Improve support for the development of major proposals and new initiatives.

I6.1 Provide optimum shared research instrumentation infrastructure to advance our capabilities and competitiveness for external research support.

I6.2 Create a world-class informatics infrastructure and research program that will revolutionize the capability to extract useful information from

massively large sets of data.

I6.3 Stabilize and increase the number of research-active faculty in key focus areas.

I6.4 Ensure that the capacity of central and college-based research support functions keeps pace with the growing volume and complexity of research,

thereby ensuring high-quality grants support as well as critically important compliance with federal and other regulations.

I7. Expand strategic external partnerships.

I7.1 Attract funding for and investment in start-up companies in Arizona, including University start-ups.

I8. Decrease pre-award preparation time and speed post-award access to funds.

I9. Improve recognition for interdisciplinary research in promotion and tenure process.

I9.1 Enhance our institutional infrastructure base to support research advancement.

Issue 3 Partnering

Description Create novel, substantive, and entrepreneurial partnerships with businesses, community groups, and governments to support and enhance our impact on the local and global community.
Goal: The University will share our knowledge, research, and creativity and become a more active partner in creative enterprises and innovation to enhance the quality of life for the people of Arizona and the world.

Solutions:

Strategies, Actions, and Initiatives:

P1. Better adapt our land-grant mission for the 21st century, including a global strategy.

P1.1 Modify promotion and tenure guidelines and criteria to recognize engagement and community-based research and knowledge application to align University, College and Departmental criteria.

P1.2 Develop more and better service-learning and applied-research opportunities for students in Arizona and abroad.

P1.3 Position the UA to serve as a preferred consultant in innovating, developing, executing, and assessing critical knowledge-based and capacity development projects worldwide.

P2. Expand, develop, and sustain community and industry partnerships, locally and globally, via innovative programs.

P2.1 Improve internal business processes to facilitate and leverage community and industry relationships with the University.

P2.2 Expand the roles of community and business partners in Academic Program Reviews.

P2.3 Provide more opportunities for employers, educators, and families to become more deeply engaged with the University through events, roundtables, and boards.

P2.4 Encourage and support more partnerships among internal academic programs and with key external partners.

P3. Increase capacity in critical and emerging fields such as education, health sciences, STEM, and cultural competence.

P3.1 Better engage business and community partners to expand internship opportunities.

P3.2 Define and develop appropriate pathways for competency-based evaluation and credit.

P3.3 Determine the best use of technology and other modes of delivering educational and informational content to best engage with learners and communities locally and abroad.

P3.4 Significantly grow our educational offerings face-to-face, online, and hybrid, to better address growing needs in crucial and emerging fields and to better define the UA's role in connecting learners to knowledge and to each other.

P4. Align output with workforce and knowledge needs, in our region and around the world.

P4.1 Expand opportunities to collaborate with schools, agencies, and industry on professional development and certificate programs statewide, nationally, and abroad.

P4.2 Coordinate with K-12 school districts to ensure that a curriculum adequately prepares students for postsecondary work and that students have clear and preferred pathways to the UA.

P4.3 Work with business and community leaders to develop integrated workforce and economic development plans.

Issue 4 Synergy

Description Build an infrastructure for change that cuts across all elements of our mission and all aspects of our plan, advancing our distinctiveness in interdisciplinarity, diversity, and sense of place while implementing business practices that are effective, efficient, and entrepreneurial.

Goal: Embedded in the University's fundamental commitment to knowledge, culture, art, and diverse disciplinary work, we will:

- Redesign the University to avoid isolation and specialization in ever-narrowing disciplines.
- Optimize our campus resources and virtual reach to engage students more fully.
- Create engaged University citizens who can apply our resources in pursuit of collective goals.
- Emphasize diversity as part of our institutional culture, at all levels.
- Adopt transparent practices that reward productivity, effectiveness, and entrepreneurship.

Solutions:

Strategies, Actions, and Initiatives:

S1. Elevate interdisciplinary collaborations.

S1.1 Develop promotion and tenure guidelines that ensure that collaborative efforts are identified and valued.

S2. Build on and strengthen the diversity of our community.

S2.1 Improve campus infrastructure for diversity at all levels, focusing on accountability.

S3. Expand global connections and deepen regional roots.

S3.1 Invest in interdisciplinary centers that address local issues with global applications.

S4. Optimize our physical resources and virtual reach.

S4.1 Expand and align IT capacity to meet instructional, research, outreach, and administrative requirements.

S4.2 Enhance the UA's reach through improved and cohesive branding and marketing.

S4.3 Develop programs for improving online teaching and course-building skills.

S5. Implement a business model that rewards productivity, effectiveness, and entrepreneurship.

S5.1 Align priorities with opportunities.

S5.2 Integrate RCM into the university's budgeting model to enhance research and instructional performance.

S5.3 Align the administrative structure to better support undergraduate and master's level programs.

PUBLIC SERVICE

Jane Hunter, Vice President for Strategic Initiatives
 Phone: (520) 621-5168
 A.R.S. § 15-1601

Mission:

To make knowledge generated at the University of Arizona more accessible and more relevant to Arizona’s citizens, to the nation at large and to the global community, and to inspire in each of these connections the parallel desires to learn and to create beneficial change, both in partnership with the University of Arizona.

Description:

Global Initiatives and the College of Agriculture and Life Sciences through their extensive Cooperative Extension programs and Experiment Stations facilitate the efforts of University of Arizona faculty in integrating their teaching, research, and service missions, and in translating and advancing those efforts to broader audiences. Our outreach efforts facilitate programs and services that meet the academic access, economic, and regional development needs for communities throughout Arizona—a major tenet of the land grant mission. In addition to offering youth and senior programs, incubating programs and facilitating UA credit courses and continuing education, outreach collaborates with academic initiatives and student success and academic departments to aid and promote collaborations with partners around the world.

STUDENT SERVICES

Jane Hunter, Director
 Phone: (520) 621-3030
 A.R.S. § 15-1601

Mission:

To recruit and retain a diverse and talented student body; to assist students in their efforts to achieve access, academic success, and efficient degree completion in conformance with prevailing regulation; to promote student development in a safe environment in which diversity is valued and embedded in daily operations; and to provide opportunities for personal and educational enrichment through the development of student, faculty, staff, and community partnerships.

Description:

This program includes enrollment services and other student related programs and services designed to promote student success, by supporting students' personal, intellectual, cultural, and social development outside the context of the formal instructional program. Programming extends to the entire campus community to meet disability needs and to promote a healthy, diverse, engaged, and civil community. The activities include: early outreach, admissions, orientation, financial aid, registration, campus recreation, and health services, cultural events, student programs/organizations, bookstore, newspaper, housing and food service, academic support, career services, programs designed to promote faculty/student interaction outside the classroom, and programs dedicated to special needs, such as disability related services and the cultural resource centers.

AUXILIARY PROGRAM

Ravneet Chadha, Director
Phone: (520) 621-3030
A.R.S. § 15-1601

Mission:

To provide quality goods and services at the least possible cost to faculty, staff, students and University departments.

Description:

Auxiliary units are most closely related to "real world" businesses in that they are expected to be self-supporting and charge fees that are related to the costs of providing goods or services. Major retail and service activities include the U of A Bookstore, Student Union food services, Residence Life student dormitories and family housing, Parking and Transportation parking permits and Sun Tran passes, UA Presents performances, U of A Press publications, and Intercollegiate Athletics events. Internal service departments that provide wholesale services to other departments on campus include Facilities Management's repair, maintenance, and custodial services; Printing and Publishing Support Services; Telecommunication's telephone services; and the University Research and Instrumentation Center's design and fabrication service.

COLLEGE OF AGRICULTURE AND LIFE SCIENCES

Ravneet Chadha, Director
Phone: (520) 621-3030
A.R.S. § 15-1601

Mission:

To educate students and communities in ways that enable their future success in the regional and global economies and to develop new knowledge and new technologies to benefit society

Description:

The College of Agriculture and Life Sciences coordinates undergraduate and professional education for a wide range of career opportunities within six general subject areas: animal systems; environment and natural resources; family, youth, and community; human nutrition; food safety and health; marketing, trade, and economics; and plant systems. Education in the professional knowledge area is combined with foundation courses in the natural and social sciences, communications, and the humanities to develop a well-rounded academic experience offering majors leading to careers associated with the college subject areas. Programs include on-campus instruction and distance education in cooperation with other institutions. The college awards B.S., M.S., and Ph.D. degrees. Though separate entities by Federal statute, the Arizona Cooperative Extension System and the Arizona Experiment Station are affiliated with and share senior administration with the college.

5 Year Plan

Issue 1 Engaging

Description Design the Arizona experience so that 100 percent of our students have the opportunity to engage in integrating and applying their knowledge through real-world experiential learning.

Goal: Through a learning experience tailored to individual students' needs, the UA will graduate future leaders who have the skills to apply their knowledge and solve the world's grand challenges.

Solutions:

Strategies, Actions, and Initiatives:

E1. Recruit and retain a diverse student body of undergraduate, transfer, and graduate degree-seeking students who represent the state, national and global demographic landscape.

E1.1 Leverage merit- and need-based aid.

E2. Optimize student access and success.

E2.1 Enhance partnerships with high schools and community colleges nationally and internationally.

E2.2 Identify students early in their careers who can benefit from programmatic intervention and increase opportunities for academic recovery.

E2.3 Improve retention with greater support in advising, learning specialists, coordination, hardware, and software.

E2.4 Decrease graduate-level time to degree.

E3. Provide students with a dynamic educational experience.

E3.1 Promote actions that help us ensure 100 percent student engagement, including the addition of targeted program coordinators, evaluations, and operational support.

E3.2 Expand study-abroad options to contribute to the 100 percent student engagement goal.

E3.3 Support online course and program development.

E4. Graduate individuals who will be sought out by the best employers and postgraduate programs.

E4.1 Redesign courses incorporating workshops, new uses of information technology, specialized equipment, and facilities.

E4.2 Update classroom facilities to better support an active learning environment.

E4.3 Emphasize graduate workforce development in selected master's programs.

E5. Graduate individuals ready to engage in productive lives and personally satisfying work.

E5.1 Establish engagement credits in the areas of global, civic, and research activities.

Issue 2 Innovating

Description Expand our research and creative inquire to not only discover new knowledge and create new ideas, but also to innovate new ways of knowing and seeing that will ensure our continued leadership in interdisciplinary scholarship.
Goal: While supporting our values, invite new resources into the University in support of innovative scholarship and research. Prioritize our scholarly and research activities to reflect both the grand challenges we face, and the expectations of our partners for integration and application.

Solutions:

Strategies, Actions, and Initiatives

I1. Promote core strengths to address grand challenges.

I1.1 Capitalize on existing and growing research and clinical strengths in the UA's health sciences colleges in Tucson and Phoenix, other clinical entities

across the state, and relevant UA colleges.

I2. Expand opportunities for interdisciplinary collaboration.

I2.1 Increase institutional capacity for interdisciplinary and interprofessional community-engaged scholarship addressing the most urgent needs of

Arizona's diverse citizenry and generating solutions for the public good with global applications.

I2.2 Increase large multi-investigator, multi-site proposal submissions and awards.

I3. Hire, nurture, and retain a diverse, outstanding faculty.

I3.1 Create diverse new faculty candidate pools that approximate the national availability of talent.

I3.2 Improve faculty retention rates, with a particular emphasis on reducing retention disparities among assistant professors from underrepresented

groups.

I4. Attract, educate, and engage first-rate doctoral students.

I5. Diversity external sources of research support.

I5.1 Develop industry expertise to expand public-private partnerships.

I5.2 Increase research expenditures.

I6. Improve support for the development of major proposals and new initiatives.

I6.1 Provide optimum shared research instrumentation infrastructure to advance our capabilities and competitiveness for external research support.

I6.2 Create a world-class informatics infrastructure and research program that will revolutionize the capability to extract useful information from

massively large sets of data.

I6.3 Stabilize and increase the number of research-active faculty in key focus areas.

I6.4 Ensure that the capacity of central and college-based research support functions keeps pace with the growing volume and complexity of research,

thereby ensuring high-quality grants support as well as critically important compliance with federal and other regulations.

I7. Expand strategic external partnerships.

I7.1 Attract funding for and investment in start-up companies in Arizona, including University start-ups.

I8. Decrease pre-award preparation time and speed post-award access to funds.

I9. Improve recognition for interdisciplinary research in promotion and tenure process.

I9.1 Enhance our institutional infrastructure base to support research advancement.

Issue 3 Partnering

Description Create novel, substantive, and entrepreneurial partnerships with businesses, community groups, and governments to support and enhance our impact on the local and global community.
Goal: The University will share our knowledge, research, and creativity and become a more active partner in creative enterprises and innovation to enhance the quality of life for the people of Arizona and the world.

Solutions:

Strategies, Actions, and Initiatives:

P1. Better adapt our land-grant mission for the 21st century, including a global strategy.

P1.1 Modify promotion and tenure guidelines and criteria to recognize engagement and community-based research and knowledge application to align University, College and Departmental criteria.

P1.2 Develop more and better service-learning and applied-research opportunities for students in Arizona and abroad.

P1.3 Position the UA to serve as a preferred consultant in innovating, developing, executing, and assessing critical knowledge-based and capacity development projects worldwide.

P2. Expand, develop, and sustain community and industry partnerships, locally and globally, via innovative programs.

P2.1 Improve internal business processes to facilitate and leverage community and industry relationships with the University.

P2.2 Expand the roles of community and business partners in Academic Program Reviews.

P2.3 Provide more opportunities for employers, educators, and families to become more deeply engaged with the University through events, roundtables, and boards.

P2.4 Encourage and support more partnerships among internal academic programs and with key external partners.

P3. Increase capacity in critical and emerging fields such as education, health sciences, STEM, and cultural competence.

P3.1 Better engage business and community partners to expand internship opportunities.

P3.2 Define and develop appropriate pathways for competency-based evaluation and credit.

P3.3 Determine the best use of technology and other modes of delivering educational and informational content to best engage with learners and communities locally and abroad.

P3.4 Significantly grow our educational offerings face-to-face, online, and hybrid, to better address growing needs in crucial and emerging fields and to better define the UA's role in connecting learners to knowledge and to each other.

P4. Align output with workforce and knowledge needs, in our region and around the world.

P4.1 Expand opportunities to collaborate with schools, agencies, and industry on professional development and certificate programs statewide, nationally, and abroad.

P4.2 Coordinate with K-12 school districts to ensure that a curriculum adequately prepares students for postsecondary work and that students have clear and preferred pathways to the UA.

P4.3 Work with business and community leaders to develop integrated workforce and economic development plans.

Issue 4 Synergy

Description Build an infrastructure for change that cuts across all elements of our mission and all aspects of our plan, advancing our distinctiveness in interdisciplinarity, diversity, and sense of place while implementing business practices that are effective, efficient, and entrepreneurial.

Goal: Embedded in the University's fundamental commitment to knowledge, culture, art, and diverse disciplinary work, we will:

- Redesign the University to avoid isolation and specialization in ever-narrowing disciplines.
- Optimize our campus resources and virtual reach to engage students more fully.
- Create engaged University citizens who can apply our resources in pursuit of collective goals.
- Emphasize diversity as part of our institutional culture, at all levels.
- Adopt transparent practices that reward productivity, effectiveness, and entrepreneurship.

Solutions:

Strategies, Actions, and Initiatives:

S1. Elevate interdisciplinary collaborations.

S1.1 Develop promotion and tenure guidelines that ensure that collaborative efforts are identified and valued.

S2. Build on and strengthen the diversity of our community.

S2.1 Improve campus infrastructure for diversity at all levels, focusing on accountability.

S3. Expand global connections and deepen regional roots.

S3.1 Invest in interdisciplinary centers that address local issues with global applications.

S4. Optimize our physical resources and virtual reach.

S4.1 Expand and align IT capacity to meet instructional, research, outreach, and administrative requirements.

S4.2 Enhance the UA's reach through improved and cohesive branding and marketing.

S4.3 Develop programs for improving online teaching and course-building skills.

S5. Implement a business model that rewards productivity, effectiveness, and entrepreneurship.

S5.1 Align priorities with opportunities.

S5.2 Integrate RCM into the university's budgeting model to enhance research and instructional performance.

S5.3 Align the administrative structure to better support undergraduate and master's level programs.

To provide quality goods and services at the least possible cost to faculty, staff, students and University departments.

Description:

Auxiliary units are most closely related to "real world" businesses in that they are expected to be self-supporting and charge fees that are related to the costs of providing goods or services. Major retail and service activities include the U of A Bookstore, Student Union food services, Residence Life student dormitories and family housing, Parking and Transportation parking permits and Sun Tran passes, UA Presents performances, U of A Press publications, and Intercollegiate Athletics events. Internal service departments that provide wholesale services to other departments on campus include Facilities Management's repair, maintenance, and custodial services; Printing and Publishing Support Services; Telecommunication's telephone services; and the University Research and Instrumentation Center's design and fabrication service. While many of the retail and service activity centers are located on Main Campus, they service AHSC as well. The College of Medicine has auxiliary units including Arizona Telemedicine and Biomedical Communications as well.

Mission:

To provide medical students with the knowledge, skills, and attitudes basic to the practices of medicine; to provide education and training programs for residents, graduate students, fellows, and other health professionals and practicing physicians; to work with clinical affiliates to teach and model interprofessional health care delivery; to make contributions to biomedical research; to model and promote innovations in patient care and disease prevention and cure, including utilization of the multidiscipline health care team approach; and to use biomedical informatics and work with industry to address quality and cost of health care.

Description:

The College of Medicine-Phoenix offers a professional program leading to the M.D. degree and graduate degree programs. The COM-PHX also supports the education of other health professionals and the public. The educational program leading to the M.D. degree is conducted at the Phoenix Biomedical Campus and at clinical sites located in Phoenix, Tucson, and throughout the State. The faculty members conduct research programs in molecular biology, clinical translational science, medical education, therapeutics, prevention, and clinical outcomes. It is a rapidly evolving leader in biomedical informatics and health care education and this will translate into a high quality education program regarding health care issues for all in the State and critically enhancing and improving on delivery of care to our citizens.

Summary of Multi-Year Strategic Priorities

Vision:

Arizona Veterans, Service Members and their families will have no barriers to benefits and services they have earned

Mission:

To be the catalyst in response to the evolving needs of Arizona Veterans, Service Members and their families

Agency Description:

The Arizona Department of Veterans' Services (ADVS) assists Veterans, Service Members and their dependents with obtaining Federal and State earned benefits. The Department operates State Homes for Veterans (ASVH) and Veterans' Memorial Cemeteries throughout Arizona. The homes are self-funded, skilled-nursing facilities that provide short and long term care services to Veterans and their spouses. The Department manages the State Approving Agency (SAA) that qualifies schools to offer curriculum to Veterans under the GI Bill. The Department also administers the Military Family Relief Fund (MFRF), the Veterans' Donation Fund (VDF), coordinates statewide services to eliminate homelessness among Veterans, decrease Veteran suicides and increase employment opportunities for Arizona Veterans.

Executive Summary:

Fiscal Year 2020 was a year of great success and great challenge. ADVS strengthened its commitment to AMS by implementing metrics to show improvement in 1:1 completions, standardized work creation and revisions, continuous improvement ideas implemented at the recommendation of our customers and Gemba walks. This emphasis allowed us to continue to excel as COVID-19 attacked our state. We were prepared and stood strong. Our Veteran suicide prevention efforts earned national praise, even being touted in the New York Times. Our State Veteran homes continue to excel. ASVH-Tucson has been a 5-Star facility for the third consecutive year and ASVH-Phoenix raised from 3-Stars to 4-Stars. Both homes were recognized by US News and World Report with their highest rating. Our two new ASVH's construction continues to progress on schedule. Two of our cemeteries completed National Cemetery Administration audits and one was rated 97%. The Veteran Benefits Counselors (VBC) assisted Arizona Veterans in receiving over 600 million dollars in federal Veterans Affairs (VA) entitlements and the Department provided over 19,000 monthly direct services to customers. Our IT Risk score remains one of the highest in the state. FY21 will be a year of change. We will analyze our successes during the COVID-19 crisis to improve our processes. We will complete construction and implement our detailed staffing plans for our two new ASVHs. We will complete more outreach and grow our partner base. The departments superior fiscal stewardship of the money entrusted to us ensures that we "Serve More Veterans Better".

#	Five Year Strategy	Start Year	Progress / Successes
1	Significantly reduce the Veteran suicide rate in Arizona	2018	Launched the Be Connected Roadshow across Arizona, adding 99 new partners. ADVS has become a national model (recognized by The New York Times) through their efforts participating in the Governor's Challenge to reduce Veteran suicide. Be Connected calls increased by 10% – Added 1.2 million dollars to the budget for service delivery, training and coordination – 85% of our VBCs and 50% of our Public and Intergovernmental Affairs staff attended suicide prevention training.
2	Operate four long term care facilities that all carry 5-Star ratings	2018	ASVH-Tucson has carried the 5-Star rating for three years while ASVH-Phoenix has risen from 3-Stars to 4-Stars in the past year. Both homes also achieved the US News and World Report's highest rating. A restorative care program was created in ASVH-Phoenix. Construction for ASVH-Flagstaff and ASVH-Yuma are on schedule.
3	Support significant increases in Veterans' Services through management of staff, funding and effective communication	2019	FY20 was a year of emphasis on honing our AMS skills. We saw a marked increase in 1:1 completions, standard work revisions, continuous improvement ideas implemented and process improvement projects completed. Through that emphasis we were able to adjust to meet the COVID-19 challenge without a degradation in services. We improved our relationship with ADOA and have shown progress in working with key suppliers like Knowledge Services. Our IT risk score remains one of the highest in the state.
4	To be Arizona's proven top choice for Veterans' services	2017	Arizona Veterans currently receive over \$54 million per month in VA monetary benefits, an increase of 11% over the last year. SAA was recognized by the VA as a model for best AMS practices. ADVS handled over 800 dignified burials during the fiscal year. ADVS has increased the speed of the MFRF processes and payments.

5 Year Plan

Issue 1 Significantly reduce the Veteran suicide rate in Arizona

Description Arizona is home to over 500,000 veterans and their families. Arizona's overall general population risk of suicide is higher than the national average to begin with. We know from the Arizona Violent Death Reporting System that the risk of suicide is 3x higher for veterans and 4x higher for older veterans. The impacts of suicide and suicide attempts are far reaching on the individual, the family, our workplaces, our schools and our communities. Nationally, suicide and suicide attempts cost society \$70 billion per year in combined medical and work loss costs (<https://www.cdc.gov/violenceprevention/suicide/consequences.html>).

According to the 2017 Arizona Veteran Survey of almost 5,000 individuals, conducted by the Arizona Department of Veterans' Services and the Arizona Coalition for Military Families:

- 5% of service members and veterans had experienced moderate to severe stress in the week prior to the survey.
- 41% of veterans have had thoughts of suicide.
- 1 in 3 respondents know a service member or veteran who needs mental health care but is not getting it.
- Arizona's rural counties have a significantly larger percentage of veterans experiencing mental health conditions.
- 1 in 3 veterans have had traumatic experiences that put them at risk for elevated chronic physical and mental health conditions.
- 1 in 10 veterans are using substances to cope with trauma, depression and anxiety.

Solutions:

While the increased risk is alarming, Arizona has strengths as a state that we can build upon to address this important issue.

1. Veterans are a specific sub-population of the state that can be targeted for prevention, intervention and postvention strategies to address suicide risk.
2. Arizona has a strong military and veteran public/private partnership that has been actively working to connect people, organizations, systems and communities across the state since 2010 when the first Governor-appointed team started convening to focus on how we can best support all those who serve and their families. This provides a strong foundation upon which we can implement strategies.
3. Arizona partners have a track record of successfully decreasing suicide risk in the military community. In 2010, the Arizona National Guard experienced the highest rate of suicide ever within the organization. The "Be Resilient" program was implemented. The program focused on culture change, training and equipping, 24/7 support and increased access to resources. Throughout the three years the "Be Resilient" program was in operation at the Arizona National Guard, there were zero suicides and an increased utilization of the available resources.
4. Over the past two years, the key stakeholders in Arizona have developed the "Be Connected" program, a statewide suicide prevention effort focused on service members, veterans and their families. "Be Connected" builds upon the successful "Be Resilient" model and expands the reach to the entire military and veteran community statewide. "Be Connected" includes three components: Call - a 24/7 support line for everyone; Match - navigation to the right resources at the right time; Learn - in-person and online training to equip everyone in our community to help. "Be Connected" is being implemented in alignment with principles from the Arizona Management System.
5. "Be Connected" is being looked at as a best practice model for state-level suicide prevention with the military and veteran community. The key stakeholders continue to strengthen and evolve the program to benefit our community and for potential replication in other states.
6. Arizona appropriated \$1,225,500 for suicide prevention in FY20 and in FY21; this appropriation will allow the Department to continue to partner with non-governmental organizations and the Federal VA to expand the services described above. This is a critical time and opportunity to address this issue. The public and private sector partners have aligned efforts. The infrastructure to grow and expand "Be Connected" is in place. It is key to fully resource this effort now in order to reach and impact the hundreds of thousands of Arizonans who have served and now need support to fulfill their potential and continue to be thriving members of our community.

This proposal is directly related to the Department's Goal to "Significantly reduce the Veteran suicide rate in Arizona" and to the Department's Objective to "Increase the number of pre-crisis interventions."

."

Issue 2 Operate Four Long Term Care Facilities that All Carry 5-Star Ratings

Description The Arizona Department of Veterans' Services (ADVS) currently operates two State Homes for Veterans; a 200-bed facility in Phoenix and a 120-bed facility in Tucson. Additionally, ADVS is building two new 80-bed skilled nursing homes for Veterans in Flagstaff and Yuma. ADVS broke ground and began construction of both facilities in June 2019 and expects to complete them by June 2021. After these new facilities are certified and begin operation, Arizona will have four State Homes for Veterans distributed throughout the State with a total of 480 beds available to serve Veterans and their families.

Arizona has been very supportive of Veterans needing this type of services and has allocated \$27.2 million (19.2 million from the General Fund and \$8 million from the State Homes for Veterans Trust Fund) to pay for its share of the cost to build and establish these new facilities in Flagstaff and Yuma. Although the Federal VA formula for determining State long-term care needs indicates that Arizona will require 1,520 long-term care beds in order to serve its veteran population in the year 2020 (38 CFR 59.40), Arizona has been able to secure the funding to build and establish new, modern facilities totalling 480 beds in the year 2021.

In order to serve Veterans and their families requiring skilled nursing facilities with dignity and respect, ADVS will continue to improve all its quality and customer service measures to ensure a 5-Star rating for all four Homes. The State Home for Veterans in Tucson, which began operations in 2012, has held a 5-Star rating for three years and is in route to maintaining it for a fourth year. The Phoenix facility, which was rated as a 1-Star facility, has recently seen its rating raised to a 4-Star facility, an incredible achievement in less than two years. ADVS is implementing various strategies to be able to maintain Tucson's rating as a 5-Star, increase Phoenix from 4-Star to 5-Star and operate the new facilities in Flagstaff and Yuma as 5-Star facilities from their opening and certification forward.

Solutions:

Building on ADVS's recent success, operating the State Home for Veterans in Tucson as a 5-Star facility for three years and increasing the State Home for Veterans in Phoenix from 1-Star rating to 4-Star, ADVS developed a restorative care program for Phoenix and will develop one for the new facilities in Flagstaff and Yuma. Additionally, ADVS will continue to increase advanced training opportunities for clinical staff, deploy a plan that promotes teamwork and reduces need for temporary help and identify specific areas for which resources may be leveraged most effectively to increase quality of care and customer service for residents and be able to attract prospective residents while providing a dignified environment for residents, employees and visitors.

This proposal is directly related to the Department's Goals to "Operate four long-term care facilities that all carry 5-Star ratings." ADVS believes that by expanding the number of long-term care beds in the State, it will impact the following objectives: "Increase combined rating to an average of 5-Stars" and "Ready ASVH-Flagstaff and ASVH-Yuma for opening."

Issue 3 Support significant increases in Veterans' Services through management of staff, funding and effective communication

Description The Arizona Department of Veterans' Services (ADVS) received additional General Fund monies in FY20 and in FY21 for its suicide prevention program (\$1.2 million) and for a new trauma treatment services training program (\$450,000); additionally, ADVS continued construction of two new 80-bed skilled nursing facilities in Flagstaff and Yuma. ADVS is requesting funding to increase services at all four State Homes for Veterans. These new programs and new facilities require additional resources and result in additional transactions in every area of Administration.

The suicide prevention program (Be Connected) included funding for a coordinator to facilitate work between ADVS, non-governmental organizations working in this initiative and the Federal VA to ensure the successful continuation and expansion of Be Connected; ADVS has contracted a non-profit organization to provide direct services to the veteran population. The trauma treatment services training program operates as a grants program making the entire appropriation (\$450,000) available to uniquely qualified service providers; ADVS absorbs the cost to operate this program.

The establishment of the 80-bed facilities in Flagstaff and Yuma will require the creation and subsequent hiring of 263 FTEs (127 FTEs at each facility plus nine FTEs for oversight and support services). ADVS is currently authorized for 760.3 FTEs. In terms of the number of residents, ADVS is increasing the number of beds offered from 320 beds (200 beds in Phoenix and 120 beds in Tucson) to 480 beds (an additional 80 beds in Flagstaff and 80 beds in Yuma) or a 50% increase. Historically, ADVS serves approximately 293 residents (175 residents in Phoenix and 118 residents in Tucson) or 91 occupancy, but ADVS is working to increase its occupancy rate to at least 93% (469 out of 480 beds), which means a 60% increase in the number of residents served. Independently of how the data is analyzed, ADVS must prepare for a significant increase (at least 50%) in the volume of transactions, personnel and services provided to residents of the State Homes for Veterans.

Solutions:

ADVS developed staffing plans for the two new State Homes for Veterans in Flagstaff and Yuma to create and fill all needed positions in a timely basis, ensuring that positions are not filled too early either. ADVS will stagger hiring of the various positions needed to enhance all its policies, procedures and guidelines for new employees in new locations before those employees begin. Since managers and hiring supervisors should be able to select their teams and plan for their hiring as each location serves more veterans, ADVS will select those hiring managers following a hiring plan to ensure success according to the hiring plan.

Added transactions result from increased resources, including higher budgets and responsibilities for managing those budgets; therefore, ADVS has begun a training program for Assistant Deputy Directors in each Division including each State Home for Veterans Administrator to ensure that accurate financial information, interpreted correctly, is made available to each Division Head promptly. In that manner, decisions can be made more effectively and individuals can be held accountable for those decisions while promoting an agency enterprise approach for the administration of available resources.

This proposal is directly related to the Department's goal to "Support significant increases in Veterans' Services through management of staff, funding and effective communication." It supports the Department's objectives to "Staffing to desired levels" and "Increase effective use of our budget."

Issue 4 To be Arizona’s proven top choice for Veterans’ services

Description Approximately 13% of Arizona's population is veterans (around 500,000); this number does not include service members or families. The Arizona Department of Veterans' Services (ADVS) has 42 VBC positions, but only 30 of them are funded and filled. These employees serve over 52,900 veterans and their families each year (seven appointments per work-day, each VBC). However, many veterans and their families encounter barriers to accessing VBC services. The barriers include: distance, lack of transportation, lack of internet access for Virtual VBC appointments, long wait-times for an appointment (in some locations, as much as three weeks), VBCs having to turn away walk-in clients because they are already seeing other clients (appointments are offered), socioeconomic status and unawareness of VBC services.

VBCs are essential to carry out ADVS's mission by providing critical information, counsel, advocacy and assistance to Arizona veterans, their dependents and survivors. VBCs develop and file veterans' claims for benefits in the areas of disability, pension, insurance, education, home loans, social security, burial and other social services. VBCs, in fulfilling their responsibilities successfully, are able to generate Federal VA payments into the Arizona economy that may not be claimed otherwise. VBCs assistance to veterans bring over \$55 million each month or over \$660 million each year.

Solutions:

ADVS will actively pursue resources to increase the number of residents served at all four of its nursing home facilities; two currently operational (Phoenix and Tucson) and two currently under construction (Flagstaff andd Yuma). ADVS invested and will continue to invest on better technology solutions to enhance the customer's experience while receiving services from ADVS remotely and for those who receive services at the State Homes for Veterans. Veterans Benefit Counselors (VBCs) are able to see clients virtually (through video conferencing solutions) throughout the State; this allows them to reduce the time clients have to wait them because a VBC in one area can see a client from the opposite side of the State, eliminating the need to travel for the client and the VBC. These enhanced services allow VBCs to increase the number of appointments which benefit more clients. Other technology enhancements being deployed will eliminate duplication of efforts, ensure all forms are completed correctly and eventually allow many clients to schedule their own appointments. Expedited access to information from clients ensures that VBCs have more time to see more clients and to provide more effective communication with each client seen.

Additionally, ADVS redesigned its Military Family Relief Fund processes to expedite applicants' emergency payments, ADVS will amend the Road Map to Veteran employment, ADVS developed and deployed an improved complaint process and initiate headstone alignment projects in all three State Veterans' cemeteries.

This proposal is directly related to the Department’s Goal to “To be Arizona’s proven top choice for Veterans’ services” and to the Department’s Objective to “Eliminate barriers to quality service.”

STATE VETERANS' HOMES

John F. Scott, II, Deputy Director
 Phone: (602) 234-8416
 A.R.S. § 41-608.01

Mission:

To serve America's heroes by providing compassionate, professional care in a comfortable home-like environment.

Description:

The first Arizona State Veteran Home (ASVH) was opened in 1995 in Phoenix. The mission is to provide integrated health services that maximize the quality of life for each resident and allow residents to function at their highest level. That facility has designated 150 beds as skilled nursing care and 50 beds for a specialized wandering/dementia unit. The Tucson Home was opened in 2012 and provides 120 additional skilled nursing care beds to veterans in southern Arizona. The final critically needed approval by the U.S. Department of Veterans Affairs (VA) for the Tucson Home was received June 12, 2012. Arizona Department of Veterans' Services received an award from the US Department of Veterans' Affairs to establish two new State Homes for Veterans' facilities of 80 beds each in Flagstaff and Yuma. The Department broke ground for both facilities in June 2019 and expects their completion by June 2021.

STATE VETERANS' CEMETERIES

R. Scott Fincher, Assitant Deputy Director
 Phone: (602) 234-8432
 A.R.S. § 41-601.D

Mission:

To provide a final resting place that honors the memory of Arizona veterans and their dependents.

Description:

The Arizona Department of Veterans' Services (ADVS) operates three cemeteries; Southern Arizona Veterans' Memorial Cemetery (SAVMC) in Sierra Vista, State Veterans' Memorial Cemetery (SVMC) in Marana and SVMC in Camp Navajo. SAVMC in Sierra Vista opened in 2002 and was designed to meet the needs of southern Arizona veterans for the next 40 years. SVMC in Marana and SVMC in Camp Navajo were completed and began operations in the later part of FY16.

VETERINARY MEDICAL EXAMINING BOARD

Victoria Whitmore, Executive Director
Phone: (602) 542-8150
A.R.S. § 32-2201

Mission:

To protect the health, safety, and welfare of Arizona citizens as well as the welfare of animals by the regulation of veterinarians, veterinary technicians, veterinary premises, and animal crematories.

Description:

The Veterinary Medical Examining Board is responsible for licensing veterinarians, certifying veterinary technicians, licensing veterinary medical premises, and licensing animal crematories. The Board administers examinations for veterinarians and veterinary technicians, inspects all fixed locations for veterinary medical premises and animal crematories, investigates complaints and violations, and takes appropriate regulatory disciplinary action to ensure the public's protection.

5 Year Plan

Issue 1 To continue to streamline internal processes and offer customers more online options, the agency needs to invest in careful planning and take steps to identify, develop, and launch an e-licensing system that includes improvements for customers and staff users.

Description The agency continually strives to increase efficiency, cost-effectiveness, and customer satisfaction. By providing an online solution for license applications and other needs, all these are expected to be enhanced.

Adding web-based capabilities for licensees to track their continuing education credits, notify the Board of address and employment changes, request license verifications, etc. would significantly improve customer satisfaction and save funds and staff resources. As well, the ability to apply for licenses online and provide payment is a critically needed improvement. As more of our licensees and applicants embrace online activities, the Board wants to be able to address their needs with the most time-efficient and cost effective methods available.

Solutions:

Research on e-licensing systems began in FY16. There are various possibilities open to the agency, including expanding on the online license renewal system currently under development, and/or procuring a new e-licensing system.

In FY19, the agency began a detailed study of e-licensing/customer management software system options. This includes reviewing costs, successes, and risks of systems used by other states' health care licensing boards and State of Arizona boards. In FY20, options were further narrowed. This process is expected to continue in FY21 moving to FY22 for the first needed step of documenting workflows, current systems and agency needs, prior to developing a RFP for an e-licensing system.

Besides accepting new applications online with payment, the vision is to offer more online customer services, such as allowing licensees to update their address/employment information online, request license verifications, etc. As well, the back-end of such a system would have a customer (licensee) management component, capability to send group emails (such as renewal reminders), and generate form letters and licenses. Ideally, the system would coordinate with document imaging software.

While the Board had planned to create an online license verification ordering/payment option, the American Association of Veterinary State Boards (AAVSB) has developed an automated system (no-cost to agencies), which streamlines the verification process for all member State Boards. This process ends the use of paper verifications that are mailed to other states. Administrative Rule changes would need to occur.

The agency is working with the American Association of Veterinary State Boards to develop electronic methods for licensees to easily track and maintain records of continuing education completed that is necessary for license renewal.

Issue 2 To operate more efficiently and cost-effectively, while improving customer service, the transition away from paper documents is critical.

Description The agency has limited space for storing paper documents that must be kept for long timeframes. Keeping those documents safe from fire, flood, etc. is also a concern. The public and licensees increasingly expect instant access to public records via the website and other methods. Electronic management and easy retrieval of documents by staff will increase productivity, allowing more time for direct program-related activities. A project to procure and implement a document imaging/storage system is proposed.

Obtaining a high-quality document imaging/management system would provide many solutions. Retrieving and organizing records would be simplified, creating more efficient internal operations as well as enhanced customer satisfaction, as it is expected that more public records could be provided electronically or posted on the agency's website. Currently, most public records requests involve staff manually pulling a record file, photocopying needed pages, then mailing to the requestor.

Depending on the system obtained, it is possible that record retention management could also be automated by use of an electronic system with storage/destruction capabilities.

Solutions:

Procuring and implementing a document imaging/management system is planned to solve the issues noted and enhance the agency's capability to more quickly respond to public record and Board requests. As most organizations move to electronic documents as the norm, we expect that additional uses would follow in the next few years as well.

The document imaging/management system planning is expected to be developed in FY21-23. Part of the research prior to procuring a vendor involves study of state laws and best practices pertaining to digital records and how such a system could synchronize with an E-licensing system. An enterprise solution offered by the State, if available, will also be considered. Because this system may enhance or conflict with any future E-licensing systems, this project needs to be considered alongside the E-licensing system research and development.

Issue 3 Few resources exist for licensees to seek support and treatment when challenged with substance abuse issues. Currently, Board staff implements and monitors Board Orders for individuals who have been ordered into treatment/monitoring.

Description As part of the Board's mission to ensure that veterinary professionals provide competent care to animals, taking action to assist a professional struggling with substance abuse issues is sometimes necessary. The Board has the statutory authority to develop a monitored treatment program specifically for the agency's licensees and certificate holders, in which they may confidentially enter if no other Board action is pending.

Solutions:

Efforts have been underway to research best practices in regulatory board diversion programs and consider partnerships with other boards to develop a treatment/monitoring program. Upon review, the agency determined that a program specific to each profession was more desirable to licensees. Efforts are underway to launch the new program by FY22, depending on funding availability. While costs for treatment, testing, and monitoring will be paid by the licensee, the agency will have expenses related to assistance needed from the program's medical director and staff for expert witness duties and other consultations.

Once implemented, the Board's resources to direct treatment and monitor licensees will be decreased, as the treatment/monitoring program's administrator will take on the majority of that role.

Issue 4 On-site premises inspections were stopped in April 2020 due to COVID-19 indefinitely. This has created an increasing backlog of inspections to be conducted in person.

Description By law, new applicants for premises licenses must be inspected to determine if the facilities/practices comply with standards stated in statute and administrative rules. The agency has always been able to ensure that these inspections took place in the timeframe required. As well, while not required, the agency conducts "random" inspections, as resources allow, to visit premises that were previously licensed.

On-site inspections were stopped in April 2020 due to COVID-19 and the related safety of Board staff and staff of premises to be inspected. As of August 2020, this practice remains in place indefinitely. The Board in the interim has worked with premises to conduct "self inspections" which were submitted to Board staff for review and noted corrections needed. The intention is to return to these premises in-person once safety of all is better assured. However, new license applications will continue to be submitted and those will take priority for in-person inspections.

The agency employs one staff member who is responsible for premises inspections and all administrative tasks related to premises licensing and license renewals. With only one inspector, the agency was already stretched to complete as many "random" inspections as would be desirable to ensure that premises maintain the standards that they had previously shown to meet. The number of premises now is significantly higher than 2 decades ago when the position of inspector was created. Now, with the backlog of inspections created by COVID, more staffing is needed.

Solutions:

During FY21, the agency will research the process for adding a new position to the agency for a premises compliance inspector. This process will involve researching the issue of lack of physical space within the agency's small office to identify options. A funding issue for FY23 is planned once this information has been gathered and considered by the Board.

DEPARTMENT OF WATER RESOURCES

Thomas Buschatzke, Director
Phone: (602) 771-8500
A.R.S. §§ 45-101 et seq.

Mission:

To protect, conserve, and enhance Arizona's water supplies by confronting water management challenges in a bold, thoughtful, and innovative manner.

Description:

The Department of Water Resources (DWR) administers the State's water laws through the compilation and analysis of water supply and demand data, coordination of research to augment water supplies for future demand and development of policies that promote conservation and water availability.

DWR defends the integrity of the state water supply by overseeing surface water, groundwater, and Colorado River water supplies. As the technical experts for the state, DWR represents and supports the General Stream Adjudication proceedings and negotiates with national and international partners.

DWR protects Arizona against the loss of life and property through the implementation of the dam safety, flood warning, and floodplain management programs.

ADWR's Vision: Reliable Water Supplies to Meet the Needs of Current and Future Arizonans

Mission: To protect, conserve, and enhance Arizona's water supplies by confronting water management challenges in a bold, thoughtful, and innovative manner

Agency Description: ADWR administers the State's water laws through the compilation and analysis of water supply data, coordination of research to augment water supplies for future demand and development of policies that promote conservation and water availability.

ADWR defends the integrity of the state water supply by overseeing surface water, groundwater, and Colorado River water supplies. As the technical experts for the state, ADWR represents and supports the adjudications proceedings and negotiates with national and international partners.

ADWR protects Arizona against the loss of life and property through the implementation of the dam safety, flood warning, and floodplain management programs.

Executive Summary:

ADWR has identified six priorities to accomplish our mission:

Protect the Colorado River System by distributing DCP monies, finalizing groundwater conservation grants and preparing for the renegotiation of the 2007 interim guidelines.

Support General Streams Adjudication by improving web tools available to the public to further completion of necessary reports.

Protect the Life and Property of Arizonans by taking steps to help dam owners address safety deficiencies at a high-hazard dam.

Improve the Accessibility and Accuracy of Arizona's Water Data by launching an agency-wide data quality strategy and by creating a central query of frequently used reports and data sets.

Advance Water Planning Priorities by completing 4th Management Plans, completing the research phase for 5th Management Plans, and by filling modeling positions authorized by FY 2020 budget.

Recruit, Retain, and Develop Highly Skilled Personnel by reclassifying Hydrologist and Engineer positions to be more competitive and by continuing to sustain increased telework as appropriate.

Summary of Multi-Year Strategic Priorities

#	Five Year Strategy	Start Year	Progress / Successes
1	Protect the Colorado River System	2017	Implemented interstate & intrastate components of the Drought Contingency Plan. Began coordination with Central Arizona Water Conservation District to consult with Arizona stakeholders regarding post-2026 operating guidelines.
2	Support General Streams Adjudication	2017	Completed reorganization of Adjudications to meet program needs. Filled 6 positions funded by FY 2020 budget by promoting from within (lack of qualified external candidates). Completed 89 Court assignments, including multi-year reports for the Navajo Reservation and the Lower Little Colorado River Watershed.
3	Protect the Life and Property of Arizonans	2017	Developed process to prioritize and help address safety deficiencies at high-hazard dams. Enhanced program for identifying, prioritizing & capping open hazardous wells.
4	Improve the Accessibility and Accuracy of Arizona's Water Data	2018	Upgraded data management site in accordance with best practices. Produced an internal guide to increase efficiency of water level measurement collection. Enhanced and updated publicly accessible databases. Published online dashboards displaying water data.
5	Advance Water Planning Priorities	2019	Addressed groundwater, augmentation, desalination and future management plan considerations through committee activities. Completed Phoenix Active Management Area (AMA) 4 th Management Plan (MP). Released Pinal and Santa Cruz AMA draft 4 th MPs, Pinal AMA Ground-water Model, Buckeye Waterlogged Area Assessment, and NW Basins Groundwater Assessment.
6	Recruit, Retain, and Develop Highly Skilled Personnel	2018	Prepared and submitted a classification plan for ADOA consideration. Expanded hiring outreach for potential applicants to professional organizations and universities. Implemented suggestions from employees to sustain strong engagement scores.

5 Year Plan

Issue 1 Protect the CO River System

Description ADWR seeks to protect the Colorado River System and reduce the percentage probability of arriving at a critically low Lake Mead elevation.

Solutions:

To reduce the risk of Lake Mead falling to critical levels, ADWR will continue implementing the DCP by 1) distributing monies from well infrastructure and system conservation, 2) completing contracts for groundwater conservation grants and 3) gathering input from stakeholders to inform the State's strategy for the renegotiation of the 2007 Interim Guidelines.

For more information, see ADWR's Strategic Plan that is posted online.

Issue 2 Support General Streams Adjudication

Description ADWR provides technical and administrative support for the general streams adjudication. The agency's goal is to complete 100% of court assignments by deadline.

Solutions:

ADWR seeks to improve its web tools to aid in the completion of reports being developed during FY 2021 and to better inform stakeholders. Additionally, ADWR will update standard work to aid in the training of the high number of new employees within the agency's Adjudications division.

For more information, see ADWR's Strategic Plan that is posted online.

Issue 3 Protect Life and Property of Arizonans

Description ADWR seeks to protect life and property through implementation of a process to assist dam owners in decreasing safety deficiencies at high-hazard dams.

Solutions:

ADWR has created a process to address safety deficiencies at a high hazard dam. The agency intends to complete 5 of the 9 milestones in FY 2021 to address safety deficiencies at a high priority dam identified in an analysis completed during FY 2020.

For more information, see ADWR's Strategic Plan that is posted online.

Issue 4 Improve the Accessibility and Accuracy of Arizona's Water Data

Description ADWR seeks to increase public ability to query and retrieve quality data.

Solutions:

During FY 2021, ADWR will begin implementation of an agency-wide initiative to improve data quality and to create a central library of important queries, reports and datasets.

For more information, see ADWR's Strategic Plan that is posted online.

Issue 5 Advance Water Planning Priorities

Description ADWR seeks to advance its water planning priorities by expanding and updating the coverage of groundwater models and by adopting remaining 4th Management Plans and making program toward development of 5th Management Plans for the 5 Active Management Areas.

Solutions:

In order to reduce the number of groundwater basins that are not covered by a current model, ADWR will identify up to 5 groundwater basins with that have a critical need for updated or original groundwater models.

In FY 2021, ADWR intends to complete the Pinal and Santa Cruz AMA 4th Management Plans and to complete the initial research phase for development of the 5th Management Plans.

For additional information, see ADWR's Strategic Plan posted online.

Issue 6 Recruit, Retain, and Develop Highly Skilled Personnel

Description ADWR has determined that in order to better recruit, retain, and develop the skilled personnel necessary to fulfill ADWR's mission, salary levels for certain positions need to be brought closer to market. Additionally, ADWR seeks to promote increased ongoing telework over the next year.

Solutions:

During FY 2021, ADWR will obtain permission to use ADEQ's classification structure for Hydrogeologist positions and ADOT's Engineer structure. Additionally, ADWR will seek to compensate ADWR employees in accordance with performance.

ADWR will also modify agency telecommute policy to allow for increased ongoing telework as well as assess existing and potentially necessary IT resources to support any increased ongoing telework.

For additional information, see ADWR's Strategic Plan posted online.

This program is responsible for managing all surface water rights and groundwater rights. This program develops and implements water management plans, regulates water use, collects data necessary to assess water supplies, and provides technical and administrative support to the Arizona courts presiding over the General Stream Adjudication in Arizona. The program represents the State on Colorado River and interstate water issues and provides technical assistance to water users.

This Program Contains the following Subprograms:

- ▶ Groundwater Management
- ▶ Surface Water Administration and Adjudication
- ▶ Colorado River Management
- ▶ Statewide Planning
- ▶ Hydrology

HYDROLOGY

Jeffrey Inwood, Assistant Director

Phone: (602) 771-8500

A.R.S. §§ 45-104, 45-105

Mission:

To provide the Agency and citizens with timely and accurate hydrologic data collection and data analysis. The Division serves as the Agency's technical advisor on hydrologic and water resource issues to ensure that public policy is based on sound technical analysis.

Description:

This subdivision collects groundwater, surface water, microgravity and land subsidence data from thousands of wells and monitoring locations throughout the state. This subdivision develops, maintains and updates numerical groundwater flow models for the Active Management Areas and other areas of significant groundwater use. The collected hydrologic data and models are used by the agency to study past and present groundwater conditions: and to project future conditions in many of the major aquifers in the state. The hydrologic data and models assist water managers and other water information-users with both complex and everyday water resource planning and decision making. Hydrologic data, groundwater models and reports are published and available on the agency's website to the general public and water industry professionals.

Glossary

Part 1: Budget Terms

90/10 Professional and occupational regulatory agencies funded through the collection of fees and the issuance of licenses. These agencies retain 90% of the fees collected annually in separate agency fund accounts and deposit 10% of the fees collected into the *General Fund*.¹

A

accountability Monitoring, measuring, and evaluating the performance and progress of policies, plans and programs to ensure that results are achieved.

actual expenditure An expenditure made in the prior *fiscal year* as reported in the State of Arizona Annual Financial Report, including *Personal Services, Employee-Related Expenditures, All Other Operating Expenditures* and all *below-the-line items* as authorized by the Legislature.

administrative adjustment Adjustments made to reflect expenditures made by an agency after the close of the *fiscal year*. Administrative adjustments include the time period from the close of the 13th month to June 30 of the next fiscal year.

administrative cost An expense associated with the support, management and oversight of services delivered pursuant to the agency or program *mission*. Typical administrative costs include those associated with accounting, human resources, budgeting, strategic planning, public information, auditing, executive management, etc.

AFIS The Arizona Financial Information System is the statewide accounting system maintained by the Department of Administration.

AHCCCS The Arizona Health Care Cost Containment System is the State's Medicaid program designed to deliver quality managed healthcare to qualifying individuals.

All Other Operating Expenditures (AOOE) Category of expenditure accounts that include Professional and Outside Services, In-State Travel, Out-of-State Travel, Food, *Other Operating Expenditures*, and *Equipment*.

ALTCS The Arizona Long Term Care System is a single federally defined program providing services through two State agencies: AHCCCS, which serves the elderly and physically disabled, and the Department of Economic Security (DES), which serves the developmentally disabled.

annualization An adjustment, made to the current year funding base, that will allow a partially funded program to operate for a full year or accounts for a full-year of budget savings due to mid-year reductions.

appropriated fund The Legislatively mandated segregation of funds. It is used and monitored by the *General Accounting Office* as a separate self-balancing set of accounts.

Arizona Administrative Code (AAC) State agency rules of practice setting forth the nature and requirements of all formal procedures available to the public.

Arizona Revised Statutes (A.R.S.) The laws governing the State of Arizona.

B

base budget An adjusted budget base that reflects the current year appropriation, amended to include changes for *standard operating adjustments*.

below-the-line item A specific expenditure or budgetary account that has been singled out through the appropriation process to provide high visibility of expenditure. Also known as "special line item."

biennial budgeting A process that estimates revenues and appropriates funding for a two-year period.

block grant Allocations of federal money to a state or its subdivisions in accordance with a distribution formula prescribed by law or administrative regulation, for activities of a continuing nature within a restricted subject area (e.g., social services, maternal and child health, and childcare).

budget A financial plan that estimates the revenues and expenditures for a given period of time. (SEE ALSO: *capital outlay* and *operating budget*).

budget program Functions and activities of a *budget unit* or within a budget unit that are pre-planned to fulfill a distinct *mission*.

budget reform legislation Refers to the provisions contained in Laws 1993, Chapter 252; Laws 1994, Chapter 218; Laws 1995, Chapter 283; Laws 1996, Chapter 339; Laws 1997, Chapter 210, and Laws 2002, Chapter 210.

budget unit A department, commission, board, institution or other State organization receiving, expending, disbursing or incurring obligations against State funds.

C

capital outlay Expenditures for upkeep, preservation, development, improvement or acquisition of lands, buildings or certain associated equipment.

Capital Outlay Stabilization Fund (COSF) A fund into which rent monies collected from agencies occupying State-owned rental space are deposited. The monies partially offset building operating and maintenance costs.

Career and Technical Education Districts (CTEDs) Formerly known as "Joint Technical Education Districts (JTEDs)", are school districts that offer high school career and technical education programs to partner school districts.

¹ Italicized terms are defined in this Glossary.

categorical eligibility Automatic eligibility for certain federal-State matched public assistance programs, based on criteria established in federal law. Admission to a program (e.g., Medicaid) is mandatory to certain groups of beneficiaries who meet the legal criteria for eligibility to the specified program.

categorical program A broad category of joint federal-State public assistance programs that provide financial assistance to individuals or that may subsidize a particular activity (e.g., Medicaid pays for medical services on behalf of certain groups of low-income persons).

certificate of participation (COP) A financing tool used by the State for the acquisition and construction of State facilities.

comptroller object An obsolete identifier that was formerly used in the statewide accounting system to identify the detailed revenue or expenditure account affected by a transaction; replaced in the new accounting system by *object*.

continuing appropriation An appropriation that is automatically renewed without further Legislative action, period after period, until altered, revoked or liquidated by expenditure.

current services budget A financial plan that incorporates the *base budget* needs of an agency and the addition of funding to support demographic growth in client caseloads and workload functions.

D

decision package A funding request made by State agencies.

defined contribution A predetermined contribution amount set aside for an employee's future retirement.

defined benefit plan A retirement plan in which contributions over time will provide a retiree with a predetermined amount of retirement income.

detail fund A fund designation used in the statewide accounting system to segregate agency-specific activity. The balance of an *appropriated fund* is comprised of the sum of all of its detail funds.

Disproportionate Share Hospital (DSH) A hospital that serves a disproportionate share of low-income and Medicaid patients, thereby qualifying for federal aid pursuant to Section 1923 of the Social Security Act. The federal basis for payments is either a reflection of a hospital's number of Title XIX in-patient days or a "low-income" utilization rate. States may also establish optional payment categories. Arizona has established optional groups that include county, State and private hospitals.

E

Employee-Related Expenditures (ERE) The State's contribution to an employee's benefit package. ERE include FICA; retirement; Worker's Compensation; health, dental, and life insurance; unemployment insurance; Personnel Division charges; Government Information Technology Agency charges; and uniforms for certain classes of employees.

entitlement program A broad category of *categorical* public assistance programs that provide services (e.g., cash assistance, medical services, etc.) to certain population groups (e.g., low-income families with minor children). Admission is often mandatory for qualified individuals who meet the legal eligibility criteria (e.g., individuals who are low-income and aged, blind or disabled), hence the reference "entitlement."

Equipment In the operating budget, a specific item of expenditure divided into capitalized equipment (purchased for \$5,000 or more) and non-capitalized equipment (usually between \$300 and \$4,999).

ERE rate The quotient of *Employee-Related Expenditures* and *Personal Services* expressed as a percentage.

Executive Issue An adjustment to the prior-year appropriation to change the scope of current programs or service levels.

expenditures See *actual expenditures*.

F

federal funds Amounts collected and made available to the State by the federal government, usually in the form of categorical or block grants and entitlement programs.

Federal Insurance Contribution Act (FICA) Requires employees and employers to make matching contributions into the Social Security fund.

Federal Waiver Program Experimental, pilot or demonstration projects that, in the judgment of the Secretary of the U.S. Department of Health and Human Services, are likely to assist in promoting the objectives of the Medicaid Statute. Projects approved under this authority are referred to as "waiver" programs.

fiscal year The State's yearly accounting period beginning July 1 and ending June 30. (The federal fiscal year begins October 1 and ends September 30.)

FPL (Federal Poverty Level) Refers to the poverty guidelines, in relation to income standards, as updated annually in the FEDERAL REGISTER by the U.S. Department of Health and Human Services.

free and reduced lunch (FRL) Meals provided at no cost or low-cost to public and nonprofit private schools and residential child care institutions through the federal meal assistance program known as the National School Lunch Program.

full-time equivalent (FTE) position A position budgeted at 2,080 hours per year.

fund An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves and equities, which are segregated for the purpose of carrying on specific activities in accordance with limitations, restrictions or regulations.

fund balance The excess of the assets of a fund over its liabilities and reserves.

G

General Accounting Office (GAO) A division of the Department of Administration that provides diverse statewide financial services and ensures compliance with related *statutes* and rules.

General Fund The primary State account into which monies are collected for the general purposes of government. The primary sources of revenues for the General Fund include sales taxes, income taxes and other taxes and transfers. The General Fund is also the major expenditure source from which agencies make payments for specified purposes.

I

inflation An allowance made for an increase in price levels of operating expenditures from one *fiscal year* to the next.

input A *performance measure* that identifies the amount of resources needed to provide particular products or services.

J

JLBC Staff The Legislative counterpart to the Governor's *Office of Strategic Planning and Budgeting (OSPB)*. The Joint Legislative Budget Committee Staff is often referred to as the JLBC but should not be confused with the Legislative committee of the same name. The JLBC Staff prepares an analysis of the Executive Budget as soon as it is presented to the Legislature. The analysis includes the JLBC Staff's recommendations for revisions in expenditures.

Joint Committee on Capital Review (JCCR) A Legislative committee created by Laws 1986, Chapter 85, to establish the Building Renewal Formula, approve the creation of Building Systems, and review the State Capital Improvement Plan. The JCCR is also responsible for reviewing all construction projects before commencement of the project. The JCCR consists of the following 14 members of the Legislature: Chairs of the House and Senate Appropriations Committees, majority and minority leaders from the House and Senate, four members of the House Appropriations Committee, and four members of the Senate Appropriations Committee.

Joint Legislative Budget Committee (JLBC) A Legislative committee consisting of the following 16 members of the Legislature: Majority Leaders of both the House and Senate; Chairs of both the House and Senate Appropriations Committees; Chair of the Senate Finance Committee; Chair of the House Ways and Means Committee; five members of the House Appropriations Committee; and five members of the Senate Appropriations Committee. The JLBC meets as often as is necessary to transact business related to fiscal management of the State's resources.

Joint Substance Abuse Treatment Program (JSAT) Also known as "Arizona Families First," JSAT is a substance abuse program jointly administered by the Department of Child Safety and the Department of Health Services. The program pays for services to parents, guardians or custodians whose substance abuse is a significant barrier to preserving the family. Services can also be provided to federal Temporary Assistance for Needy Families (TANF) Block Grant recipients whose substance abuse is a significant barrier to obtaining or maintaining employment.

L

lapsing appropriation An appropriation that terminates automatically. Except for a *continuing appropriation*, an appropriation is made for a certain period of time, generally one year. At the end of this period (including an *administrative adjustment* period), unexpended or unencumbered balances revert to the fund from which the appropriation was made. Also known as a "reverting appropriation."

line item appropriation A method of appropriation that separates the budget into specific objects of expenditure. The specific items include *Personal Services*, *ERE*, Professional and Outside Services, In-State Travel, Out-of-State Travel, Food, *Other Operating Expenditures*, and *Equipment*.

lump-sum appropriation An appropriation made for a stated purpose, or for a named department, without specifying further the amounts that may be spent for specific activities or for particular objects of expenditure.

M

Master List of State Government Programs *Budget reform legislation* requires *OSPB* to publish a "Master List" of programs run by or overseen by State government. Laws 2002, Chapter 210 slightly changed the format of the Master List and designated this annual submittal as the operational plan for State agencies and conformed to the budget cycles. Required information for each agency, program and subprogram includes the agency description, *mission* statement, strategic issues, and financial and *FTE* position information, as well as the description, *mission* statements, goals, and *performance measures* for all programs and subprograms.

means-tested program Eligibility to a public assistance program restricted by an applicant's income or other resources specified by law. Resources include bank accounts and similar liquid assets as well as real estate, automobiles and other personal property whose value exceeds specified financial limits.

mission A brief, comprehensive statement of purpose of an agency, program, or subprogram.

modified lump-sum appropriation A method of appropriation in which *Personal Services*, *Employee-Related Expenditures*, *All Other Operating Expenditures* and *below-the-line items* are specified in the appropriations bill.

modified standard adjustment The difference, as calculated by the agency, between the actual *Personal Services* base and the amount allocated for *Personal Services* by the agency in its expenditure plan. Any amount identified as a modified standard adjustment must be explained by the agency requesting the adjustment.

N

non-appropriated funds Generally, funds set up as Enterprise or revolving funds. These funds are considered statutorily appropriated and are not subject to the annual or biennial appropriation process.

non-lapsing appropriation An appropriation that does not revert to the fund from which it was appropriated at the end of the *fiscal year*, as provided by law. (SEE *continuing appropriation*).

O

object The unit used in the State accounting system to identify, categorize and group governmental expenditures.

object category The aggregation of similar objects of expenditure or revenue in the State accounting system.

objective A specific and measurable target for accomplishing goals.

one-time adjustment A budget adjustment that must be made because of a one-time circumstance that is not continued through the next *fiscal year*. The end of a project would bring about a one-time decrease the following year.

operating budget A plan of all proposed expenditures other than capital expenditures (SEE *capital outlay*). An operating budget is composed of various objects of expenditure, such as *Personal Services*, *Employee-Related Expenditures*, In-State Travel, etc.

operational plan A practical, action-oriented guide that directs goal-setting to achieve meaningful results with the existing resources through the shorter budget cycle period. The operational plan should provide incremental steps towards achieving the strategic long-range plan. See also: *Master List*

OSPB (Office of Strategic Planning and Budgeting) A State agency charged with preparing the Governor's budget guidelines and the Executive Budget recommendation for review by the Governor. The Office also facilitates a strategic planning process for State government and is responsible for implementing many of the provisions of *budget reform legislation*. The OSPB staff is the Executive counterpart to the *JLBC Staff*.

other appropriated funds All amounts, excluding *General Fund* amounts, appropriated by the Legislature for predetermined uses. These include Special Revenue Funds, revolving funds, etc.

other operating expenditure According to the ARIZONA ACCOUNTING MANUAL, everything using an object code of 7000. This refers to operating expenditures necessary to operate a budget unit, e.g., office supplies, utilities, communication, etc.

outcome A *performance measure* that reflects the actual results achieved, as well as the impact or benefit, of a program.

output A *performance measure* that focuses on the level of activity in a particular program or subprogram.

P

per diem compensation Compensation paid to board or commission members for their work. Per diem compensation is a daily rate set statutorily.

per diem travel Cost of meals and incidentals reimbursed to employees and board or commission members.

performance accountability A means of judging policies and programs by measuring their progress toward achieving agreed-on *performance targets*. Performance accountability systems are composed of three components: defining performance measures (including outcomes), measuring performance and reporting results.

performance measure Used to measure results and ensure accountability. (SEE ALSO: *input*, *output*, *outcome*, and *quality*).

performance target Quantifiable estimate of results expected for a given period of time.

personal services Line item of expenditure for salaries and wages paid to employees, elected officials and board or commission members. Payments for leave categories, overtime and other miscellaneous earnings are also recorded in this line item.

privately owned vehicle (POV) Those miles to be used in calculating reimbursement of staff for use of private vehicles on State business.

privatization The opening of government markets allowing for equitable competition between the private and public sectors for the privilege of delivering services to the public.

program budgeting A budget system that focuses on program *missions*, program achievements, and program cost effectiveness. Pursuant to *statute*, the *program structure* for program budgeting is governed by the *Master List* structure. Program budgeting is linked to planning and *accountability* through alignment of the structures and merging of the planning and budget information.

program enhancement An upward revision in the funding level of a specific program in order to enhance the level of services being provided by that program.

program structure An orderly, logical arrangement of an organization's programs and subprograms. This structure provides the

framework for planning, budgeting and strategic program authorization review.

Proposition 105 Voter Protection Act A 1998 voter-approved constitutional amendment that prohibits the Legislature from amending or repealing voter-approved referendums except under certain circumstances. Amendments to voter-approved language may only be passed by a three-fourths vote of the Legislature and must further the original intent of the voter-approved measure.

Proposition 108 A 1992 voter-approved constitutional amendment that requires a two-thirds vote of the Legislature to increase state revenues through taxation.

Proposition 123 Arizona Education Finance Amendment A 2016 voter-approved constitutional amendment that increased the total state land trust distribution contribution to the Permanent State School Fund from 2.5% to 6.9% to pay for new school construction debt service, school maintenance and operations, and Classroom Site Fund distributions.

Proposition 204 Medical Program A 2000 voter-approved AHCCCS program that expands eligibility to include individuals whose annual incomes are at or below 100% of the *FPL*. The program is funded through monies received by the State from the tobacco litigation settlement, tobacco tax funds, and the Hospital Assessment Fund.

Proposition 206 A 2016 voter-approved initiative that provides a series of increases in the Arizona minimum wage for private-sector employees and entitles most Arizona wage earners and salaried employees to paid sick leave.

Proposition 301 A 2000 voter-approved initiative that dedicates a six-tenths of a cent sales tax to Arizona education programs. The original Proposition 301 was set to expire in 2021; it was renewed legislatively until June 30, 2041 by Laws 2018, Chapter 74.

Q

quality A *performance measure* that reflects the effectiveness in meeting the expectations of customers and stakeholders.

R

receipt Unless otherwise defined, cash received. There are five general categories of receipts: taxes, licenses and permits, charges for services, fines and forfeitures, and other receipts that do not fall into another category.

resource allocation Determination and allotment of resources or assets necessary to carry out strategies within the priority framework established in the goal-setting process.

results-based funding An incentive program that rewards top performing public schools with funding for teacher salary increases, teacher professional development, and replication.

revenue Additions to assets that do not increase any liability, do not represent the recovery of an expenditure, do not represent the cancellation of certain liabilities without a corresponding increase in other liabilities or a decrease in assets, or do not represent contributions of fund capital in Enterprise and Intergovernmental Service Funds.

revenue source The tax, fee or fine that generates income to a fund.

risk management The charges assessed by the Department of Administration to guard against the risk of loss by an employee or agency acting on behalf of the State of Arizona.

S

special line item See *below-the-line item*

standard adjustment Change to the current year's appropriation to arrive at the new year's base budget. Examples include annualization of programs partially funded during the current year, annualization of the pay package, restoration of vacancy savings, and one-time increases and decreases.

standard operating adjustment An adjustment to the base budget that includes annualization of programs partially funded by the Legislative appropriation during the current year; a one-time increase or decrease to the operating budget.

State service All offices and positions of employment in State government except offices and positions specifically exempted by law from the State personnel system.

statute A written law, either new or revised, enacted by the Legislature and signed by the Governor.

strategic management Process of positioning an organization so it can prosper in the future. The overall framework within which policy development, strategic, operational, quality planning, budgeting, capital outlay planning, information technology planning, program implementation, and evaluation and accountability take place.

strategic plan A visionary guide, based on an examination of internal and external environmental and political factors, that directs goal-setting and future resource requirements to achieve meaningful results over time. Strategic projections are long-range and usually cover a five-year period.

subprogram An integral component of a program that can be separately analyzed to gain a better understanding of the larger program.

subtask In AFIS, the element used to represent each of the subprograms of an agency as established by the Governor's Office and Legislature.
