# **Building a Budget**

Preparing the General Fund budget is a year-'round process that determines the size and scope of government

RIZONA REVISED STATUTES § 35-101 establishes a bifurcated budget process by defining 16 agencies as "annual budget units" and the remaining agencies as "biennial budget units." Agencies identified as annual budget units include the following:

- Department of Education
- Board of Regents
- Arizona State University
- · University of Arizona
- Northern Arizona University
- School Facilities Board
- Department of Economic Security
- Department of Corrections
- Department of Juvenile Corrections
- Arizona Health Care Cost Containment System (AHCCCS)
- Department of Health Services
- Department of Administration
- Department of Transportation
- The Judiciary (Supreme Court, Court of Appeals, Superior Courts)

In accordance with the statutory definitions, the Executive Recommendation provides funding on a bifurcated basis. In addition, A.R.S. § 35-125, as added by Laws 2012, Chapter 244 requires the General Appropriations Act to include the revenue and expenditure estimates for the following three years. While Executive recommendations are made for biennial agencies for FY 2014 and FY 2015, estimates are also presented for FY 2016.

### **Budget Process**

The budget process begins on or before June 1, when the Governor's Office of Strategic Planning & Budgeting (OSPB) issues instructions and forms required for agencies to submit their budget requests. Agency requests must be submitted to OSPB by September 1 unless an extension is granted by the OSPB Director. Copies of the agencies' budget requests are also provided to the Joint Legislative Budget Committee (JLBC) Staff.

Annually, from September 1 to no later than five days after the opening of the Legislative session, the Executive reviews budget submissions and prepares the Executive Budget. The Budget contains operating and capital outlay expenditure plans, estimated revenues, and any Legislative changes necessary for implementation.

Legislative review and deliberation of the Executive recommendation and other budget options typically begin shortly after the regular session convenes. Public hearings may be held by the Senate and House Appropriation committees. The committees may

recommend adoption of the Executive budget, or they may elect to recommend a budget containing other elements. Committee recommendations may subsequently become part of floor discussions in both chambers. Legislative leadership must assemble a budget package acceptable to a majority of members in each chamber.

Before July 1, the Legislature adopts the budget through the passage of a General Appropriations and Capital Outlay Acts and any Legislative changes necessary for the implementation of the adopted budget. Once adopted by the House of Representatives and the Senate, the bills are then presented to the Governor for consideration

Upon presentation, the Governor has five days to sign the bills into law, veto them in their entirety, line-item veto individual items of appropriations, or allow the bills to become law without a signature. The Legislature may, with a two-thirds vote, override a veto or line-item veto.

The operating budget is prepared and enacted using a cash basis of accounting, which recognizes expenditures when paid and revenues when received by the Treasurer.

Budgetary control is maintained by appropriation and the allocation of an appropriation over the course of the year.

Unless specifically enacted, operating appropriations lapse at the end of the fiscal year and the cash reverts to its fund source. Capital outlay appropriations continue until the project is completed or abandoned.

### **Budget Request Guidelines**

State agencies were not restricted in what could be requested. Budget requests for information technology in excess of \$25,000 must have a Project Investment Justification (PIJ) previously approved by the Strategic Enterprise Technology Office at the Department of Administration.

### **Budget Boundaries**

The starting point in building the budget, the base appropriation, is the amount appropriated to an agency for FY 2013. The incremental changes recommended in the Executive Budget for both FY 2014 and FY 2015 are the changes from the FY 2013 appropriation.

### **Recommended Changes**

The executive is recommending three basic types of changes to agency appropriations:

 Standard adjustments are technical changes to fundamental operating costs, such as annual changes for rent, retirement contributions, health and dental insurance premiums, or risk management (liability insurance). Standard adjustments are displayed and calculated separately from the rest of each agency's budget recommendation. The itemization of each standard adjustment for each agency and fund is located in the standard adjustment section.

- Baseline changes are comprised of caseload changes, changes
  due to legal mandate from a court, or actions needed for
  continued efficient operations. Caseload increases or decreases generally require funding changes, assuming the
  agency's mandates for services are unchanged.
- Executive issues include all recommendation outside standard or baseline adjustments and are designed to improve or change what the State does or how an activity is funded.

### **Administrative Costs**

To comply with A.R.S. § 35-115, each agency reports administrative costs with its budget submission. The calculation is based on administrative costs as a percent of total funds, which may include General Fund, Other Appropriated Funds and Non-Appropriated funds. The definition of what constitutes an administrative cost is unique to each agency. The calculations provided are strictly for compliance with A.R.S. § 35-115 and should not to be used for any other purpose.

### **Budget Format**

The Executive Budget contains agency descriptions and budget performance measures.

**Budget Performance Measures.** In accordance with A.R.S. § 35-115, the Executive Budget Recommendation includes selected performance measures for the budget unit for the previous fiscal year and for the budget recommendation years.

OSPB has selected a series of performance measures that will most accurately communicate what the agency is doing and how well the agency is doing it. The hope is that this will offer decision makers and citizens a better understanding of agencies and their operations with a continuity of data, as the performance measures published will remain largely consistent from year to year.

In addition to the performance measures, OSPB publishes the MASTER LIST OF STATE GOVERNMENT PROGRAMS annually, available at <a href="http://www.azospb.gov/publications">http://www.azospb.gov/publications</a>. This reference document contains a comprehensive list of descriptions and performance measures for every program and subprogram within State agencies.

### **Standard Adjustments**

The FY 2014 Executive Budget Recommendation contains a series of technical adjustments, including:

- retirement rate changes for all retirement systems;
- risk management premium changes;
- State-owned, private, COP and PLTO rent charges;
- annualization of the FY 2013 pay increase; and
- · human resources pro-rate changes.

The general guidelines used in building the Executive Recommendation are discussed below.

**ERE.** Two separate rates are used in calculating Employee-Related Expenditures (ERE) funding requirements for changes to the number of employees or personal services:

- A health, dental, and life insurance premium rate calculates the costs per full-time-equivalent employee based on specific rates of participation in the State's insurance programs.
- A personal services marginal rate is calculated by adding the rates of FICA, workers' compensation, unemployment insurance, a pro rata charge for personnel costs, a pro rata charge assessed for information technology, long-term disability insurance, retirement sick leave pro rata, and retirement.

The sum of the rates is multiplied by any change in total personal services for an agency.

The following rates are used for the development of each of the various ERE components:

FICA. The rate is comprised of a 6.2% Social Security tax on the first \$113,700 of an employee's personal services and a 1.45% Medicare tax on the full amount of an employee's personal services.

Workers' Compensation. The Department of Administration's Risk Management Division develops rates every two years based on data provided by the National Council on Compensation Insurance, agency loss histories, and program budget needs. The Executive Recommendation includes adjustments for the new rates effective in July 2012.

 ${\it Unemployment\ Insurance}.$  The rate of 0.15% of personal services is used for FY 2014. Any additional funding issues include this cost.

Personnel Division Pro Rata. The rate of 0.98% of personal services is assessed on the payroll of the majority of State agencies, to fund the operations of the Personnel Division of the Department of Administration.

Information Technology Pro Rata. The rate of 0.2% of personal services is assessed on all agencies (except the universities and community colleges) to fund the operations of the Strategic Enterprise Technology Office at the Department of Administration.

*Disability Insurance.* The rate of 0.24% of personal services is used for employees not covered by the State Retirement System, which provides disability insurance to active employees.

Retirement. The following rates were used for FY 2014:

| RETIREMENT GROUP   | RATE          |
|--|---------------|
| ASU Police   | 27.43         |
| Attorney General Investigators   | 111.76        |
| Capitol Police   | 12.86         |
| Correctional Officers  | 13.45         |
| DEMA Fire Fighters   | 23.07         |

| University Optional Retirement   | 7.00          |
| Potiroment rate change funding is included in the standard adjustments re- | commondations |

Retirement rate change funding is included in the standard adjustments recommendations.

*Health and Dental Insurance.* The Executive expects no rate changes for health, dental, and life insurance.

Retirement Accumulated Sick Leave Fund. Funding from a 0.4% pro rata assessment against personal services is used to compensate retiring employees for a portion of unused sick leave.

**Risk Management.** As reported by the Department of Administration, changes to risk management charges for FY 2014 and FY 2015 are included as standard adjustments.

**Rent.** Rent adjustments are recommended as standard adjustments for each agency.

The square footage calculation is based on documentation prepared by the Department of Administration's General Services Division. The amounts required to cover Certificate of Participation (COP) and Privatized Lease to Own (PLTO) payments are based on data distributed by the Department of Administration General Accounting Office and General Services Division.

All rent amounts for agencies occupying private space are based on rent charges reported by the agencies.

### Other Recommendations

**Judiciary and Legislature.** Except for standard adjustments, the Executive Budget continues Legislative agencies at the FY 2012 amounts. The same is true for Judicial agencies, except for the addition of funding for a Superior Court judge created during FY 2013.

**Appropriation Format.** Each Executive recommendation for an agency's appropriation format is located at the end of the agency's recommendation.

**Legislative Changes.** Some recommendations require Legislative changes to implement the Executive Budget. These required changes are addressed in the Executive Budget Summary book.

Actual Expenditures for FY 2012. By law, the Executive Budget contains a reporting of the amounts actually expended from the immediately preceding fiscal year's appropriations, by accounting object. The actual expenditures reported are provided by each agency and are reconciled by OSPB to the State Accounting System, by accounting object, upon finalization of the General Accounting Office's final reconciliation before publish the State Annual Financial Report. •

# **State Board of Accountancy**

The Arizona State Board of Accountancy consists of five Certified Public Accountants (CPAs) and two public members, all of whom are residents of the state and are appointed by the Governor. The Board qualifies candidates for the Uniform CPA Examination, certifies individuals to practice as CPAs, registers accounting firms owned by CPAs, and biennially renews certificates for CPAs and registered accounting firms. The Board also receives and investigates complaints, takes enforcement action against licensees for violation of statutes and regulations, monitors compliance with continuing education requirements, and reviews the work products of CPAs to ensure adherence to professional standards through the Board's peer review program.

# **Acupuncture Board of Examiners**

The Board licenses and regulates acupuncturists and certifies auricular (ear) acupuncturists for detoxification or substance abuse programs. The Board also oversees the licensing and certification of acupuncture training and preceptorship training programs, continuing education programs and visiting professors. The Board evaluates professional competency, investigates complaints, and enforces the standards of practice for the acupuncture profession. The Board regulates the educational, clinical, and clean needle technique programs approved to teach the practice of acupuncture in the State.

| Total                      | 18.8    | 18.8    |

### **Major Executive Initiatives and Funding Recommendations**

### **Board Member Compensation**

State law allows the three consumer Board members to receive \$50 in compensation for each Board meeting. According to Board staff, funding was never specifically appropriated for board member compensation.

The Executive recommends funding to all the Board to compensate the three consumer Board members at \$50 per monthly Board meeting.

| Funding                             | FY 2014 | FY 2015 |
|-------------------------------------|---------|---------|
| Acupuncture Board of Examiners Fund | 1.8     | 1.8     |
| Issue Total                         | 1.8     | 1.8     |

### **Rulemaking**

To adapt to national licensing, the Board will develop a proposal to redraft Arizona acupuncture statutes and rules. The project will begin in FY 2014 and extend through FY 2015. The Executive recommends \$5,000 in FY 2014 and FY 2015 to contract with a rule writer to assist with the drafting process.

| Funding                             | FY 2014 | FY 2015 |
|-------------------------------------|---------|---------|
| Acupuncture Board of Examiners Fund | 5.0     | 5.0     |
| Issue Total                         | 5.0     | 5.0     |

### **Temporary Services**

Since FY 2003, the number of acupuncturist license renewals processed by Board staff has increased by almost 100%. The Board is staffed by 1.0 FTE and requires additional staff in order to keep pace with work associated with the increase in licensees and investigations. Although the Board does not have the resources or the need to hire an additional employee on a full-time basis, the Executive recommends \$12,000 to allow the Board to contract for a temporary worker to provide administrative support during busy times.

# **Arizona Department of Administration**

The Arizona Department of Administration (ADOA) provides leadership, direction, and management information and support; financial and procurement support services; facility planning, design, development, construction, operations, and maintenance; employee and retiree health and benefits programs; timely, customer-driven human resources services; business-enhancing information services for the Department, state agencies, and Arizona citizens; customer service for small licensing agencies in general accounting and centralized office support; distribution of surplus state and federal property through a system that maximizes the dollar return on property sold; clean, safe, and environmentally friendly vehicles; an orderly environment where visitors, employees, and other persons conducting business with the state will be safe and secure; and services to agency customers and the public for the state's property and liability exposures and for state employee customers who have work-related injuries. The Agency has three goals: (1) To maintain the continuity of state government operations to ensure the safe and efficient delivery of government services, (2) To attract and retain a high-performance team of employees, and (3) To aggressively pursue innovative solutions and opportunities.

### **Major Executive Initiatives and Funding Recommendations**

### **Automation Projects**

As the state continues to modernize and transform its IT infrastructure, critical large-scale projects involving several state agencies are in the early stages of implementation. These projects necessitate centralized oversight and project management that will best be provided by the Arizona Strategic Enterprise Technology Office (ASET) of the Department of Administration (ADOA). To facilitate this consolidation of IT projects, ADOA's Automation Projects Fund will be used as the projects' sole funding mechanism. In FY 2014, the Executive recommends that an additional \$30.6 million from the General Fund supplement revenues already in the Automation Projects Fund to pay for the following projects: AFIS replacement, Department of Environmental Quality e-licensing, Department of Corrections AIMS replacement and the Department of Revenue encryption project. The Executive also recommends that money currently appropriated to the Arizona Department of Education be used to support K-12 oversight activity in the Automation Projects Fund in FY 2014.

| Funding      | FY 2014  |
|--------------|----------|
| General Fund | 30,600.0 |
| Issue Total  | 30,600.0 |

### **Education Learning and Accountability System**

The Executive recommendation moves the \$7.0 million appropriation for the Arizona Education Learning and Accountability System (AELAS) from the Department of Education (ADE) to ASET for oversight and management. Of the \$7.0 million, \$5.4 million is appropriated from the General Fund and \$1.6 million will be transferred by ADE from the Arizona Education Learning and Accountability fund. ASET may use up to \$130,000 of the monies for administration of the project. ASET will collaborate with ADE and the Data Governance Commission on the planning and implementation of the data system.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 5,400.0 |
| Issue Total  | 5,400.0 |

### **Personnel Division**

With the implementation of personnel reform in FY 2013, an increase in the Personnel Division Fund was implemented to support the new personnel system. However, this appropriation was not sufficient to fund the additional expenditures associated with reform on an ongoing basis. The Executive recommends an increase to support the personnel reform initiative in FY 2014.

Additionally, the Executive recommends a statutory change to adjust the pro rata assessment on personal services from State Personnel System agencies from the current statutory rate of 1.1% to 0.98% due to the addition of five new agencies to the system.

| Funding                 | FY 2014 |
|-------------------------|---------|
| Personnel Division Fund | 2,282.5 |
| Issue Total             | 2,282.5 |

### **Security System Replacement**

ADOA is responsible for security in 49 State buildings in Phoenix and Tucson. The current security system is obsolete and failing. Problems exist with badging and hardware failures and there is no mass communication through the fire alarm system. These conditions pose a threat to security and safety and must be resolved. The Executive recommends an increase in FY 2014 to replace ADOA's antiquated physical security infrastructure.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 0.0     |
| Issue Total  | 0.0     |

### **Federally Disallowed Costs**

Some types of cost activities are disallowed by the federal government for certain funds in which there is federal participation. It has been determined by federal auditors that a number of state activities have disallowed costs. ADOA has developed a solution by changing the types of activities that are paid out of certain funds. The Executive recommends an increase from the State Web Portal Fund to supplant funding from the Information Technology Fund and the Automation Operations Fund that would result in disallowed costs and refunds to the federal government. In order to facilitate this change, a decrease from the Web Portal Fund into the Automation Projects Fund is needed to ensure that the Web Portal Fund remains balanced (see next issue).

| Funding                     | FY 2014   |
|-----------------------------|-----------|
| Automation Operations Fund  | (1,260.9) |
| State Web Portal Fund       | 2,654.2   |
| Information Technology Fund | (1,393.3) |
| Issue Total                 | 0.0       |

### **ASET Automation Projects Fund**

Essential technology projects funded in FY 2013 are continuing through the next fiscal year from the Automation Projects Fund, but changes to funding levels and sources are necessary to continue the projects and to stay within available revenue. The continuing projects include (a) implementation of critical business continuity improvements at the State Data Center; (b) enhancing statewide security and privacy capabilities and training; (c) expanding egovernment and mobility capabilities; (d) accelerating statewide enterprise architecture adoption and asset management; and (e) strengthening project management and oversight. The Executive recommends that the following adjustments for the Automation Projects Fund take place in FY 2014.

| Funding                     | FY 2014   |
|-----------------------------|-----------|
| State Web Portal Fund       | (3,078.9) |
| Information Technology Fund | 500.0     |
| General Fund                | 5,228.9   |
| Issue Total                 | 2,650.0   |

### Health Insurance Trust Fund (HITF) Sweep

The Executive recommends a sweep of the non-appropriated Health Insurance Trust Fund to the General Fund in FY 2014 due to an excess reserve balance that has accumulated.

| Funding                      | FY 2014 |
|------------------------------|---------|
| Special Employee Health Fund | 0.0     |
| Issue Total                  | 0.0     |

### **Baseline Recommendations**

### **Travel Reduction Office Bus Subsidies**

Valley Metro is proposing a fare increase effective January 1, 2013. Fare increases are anticipated to increase the cost of providing transit subsidies by nearly 15%. At current funding levels, this would require the state's subsidy for bus passes to decrease from the current 50% level to 35%. The Executive recommends maintaining transit subsidies at the current 50% level.

| Funding          | FY 2014 |
|------------------|---------|
| Air Quality Fund | 213.0   |
| Issue Total      | 213.0   |

### **AFIS Replacement**

In FY 2013, \$16.8 million was appropriated to begin replacing the Arizona Financial Information System (AFIS). As determined in FY 2013, this amount will increase to \$20.0 million in FY 2014. The Executive recommends an increase from the General Fund to support activity in the Automation Projects Fund for these additional AFIS replacement costs.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 3,200.0 |
| Issue Total  | 3,200.0 |

### **Adjust Insurance Claim Related Expenditures**

On an annual basis, an independent actuary prepares a study on the state's exposures and claims history of its property, liability, and workers' compensation programs. As a result of the study, the Executive recommends an increase from the Workers' Compensation Losses special line item, a decrease from the Risk Management Losses special line item and an increase from the non-appropriated Construction Insurance Fund to correctly adjust claims forecasts to align with actuarial projections.

| Funding              | FY 2014 |
|----------------------|---------|
| Risk Management Fund | 965.0   |
| Issue Total          | 965.0   |

### **COP Technical Issue**

The Executive recommends a decrease in the Personnel Division Fund Human Resources Information Solution (HRIS) certificate of participation special line due to the satisfaction of associated obligations. There will be no further payments from this special line in the future.

| Funding                 | FY 2014   |
|-------------------------|-----------|
| Personnel Division Fund | (3,319.6) |
| Issue Total             | (3,319.6) |

### **Reduce Expenditures for Water Settlement**

A FY 2013 appropriation provided \$2.0 million for the state's obligation in a settlement of the White Mountain Apache Tribe's water rights claim. Because the monies are non-lapsing and the amount is sufficient for the settlement, the Executive recommends a decrease to the White Mountain Apache Waters Settlement special line for FY 2014.

| Funding      | FY 2014   |
|--------------|-----------|
| General Fund | (2,000.0) |
| Issue Total  | (2,000.0) |

### **Revenue and Expenditure Alignment**

The Executive recommends reducing appropriations to the Federal Surplus Materials Revolving Fund to align the appropriation with the revenue into the Fund.

| Funding                               | FY 2014 |
|---------------------------------------|---------|
| Admin - Surplus Property/Federal Fund | (351.6) |
| Issue Total                           | (351.6) |

### **Supplemental Recommendations**

### Federal Reimbursement

One of ADOA's key funding mechanisms consists of several enterprise funds that collect funding for administrative and infrastructure services to state agencies and other entities that benefit from those services. One key beneficiary of those services is the federal government, which enlists state governments as a partner through federal financial participation in a variety of programs. The federal government holds equity shares in the funding and maintains a close watch on expenditures of these funds and monitors for disallowed costs. Federal auditors have notified ADOA that cost activities in several ADOA funds have been disallowed, and ADOA may be required to settle those disallowed costs in FY 2013. While GAO anticipates making a payment to the federal government from the nonappropriated portion of the Health Insurance Trust Fund (HITF), the Executive recommends giving authority to ADOA's General Accounting Office to settle a portion of those debts from the Risk Management Fund.

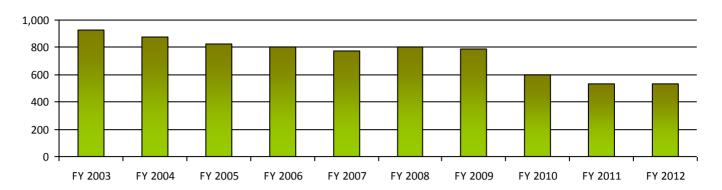

| Funding              | FY 2013  |
|----------------------|----------|
| Risk Management Fund | 10,000.0 |
| Issue Total          | 10,000.0 |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

# **Arizona Health Care Cost Containment System**

Arizona Health Care Cost Containment System (AHCCCS), the State's Medicaid Agency, uses federal, state and county funds to provide health care coverage to the State's acute and long term care Medicaid population and low income groups. Since 1982, when it became the first statewide Medicaid managed care system in the nation, AHCCCS has operated in accordance with a federal Research and Demonstration Waiver that allows for a total managed care model of service delivery.

Unlike programs in other states, that rely solely on fee-for-service reimbursement, AHCCCS makes prospective capitation payments to contracted health plans responsible for the delivery of care. The result is a managed care system that mainstreams recipients, allows them to select their providers, and encourages quality cost-effective care and preventive services.

The AHCCCS Administration is responsible for planning, developing, implementing, and administering the health care programs for low income Arizonans. Specifically, the AHCCCS Administration provides direction and oversight of operations related to eligibility, enrollment, quality of care, contracted health plans and providers, and procurement of contracted services.

AHCCCS oversees three main programs:

### **AHCCCS Acute Care**

The majority of Acute Care Program recipients are children and pregnant women who qualify for the federal Medicaid Program (Title XIX). Although most are enrolled in AHCCCS contracted health plans, American Indians and Alaska Natives in the Acute Care Program may choose to receive services through either the contracted health plans or the American Indian Health Program. AHCCCS also administers an emergency services only program for individuals who, except for immigration status, would qualify for full AHCCCS benefits.

### **ALTCS**

The Arizona Long Term Care System (ALTCS) provides acute care, behavioral health services, long-term care, and case management to individuals who are elderly, physically disabled, or developmentally disabled and meet the criteria for institutionalization. Whereas ALTCS members account for less than 4.0% of the AHCCCS population, they account for approximately 26.0% of the costs. The ALTCS program encourages delivery of care in alternative residential settings. As in the Acute Care Program, elderly physically disabled and developmentally disabled members of all ages receive care through contracted plans called program contractors.

### KidsCare

The Children's Health Insurance Program (CHIP), referred to as KidsCare, offers affordable insurance coverage for low-income families. Children under age 19 may qualify for the program if their family's income exceeds the limit allowed for Medicaid eligibility, but is below 200% of the Federal Poverty Level (FPL). With the exception of American Indians, who are exempt in accordance with federal law, parents pay a monthly premium based on income. The KidsCare program results in a federal contribution that equates to a \$3.00 federal match for every \$1.00 spent by the State. As with the Medicaid Acute Care Program, American Indian and Alaska Native children may elect to receive care through an AHCCCS-contracted health plan or the American Indian Health Program. The majority of children enrolled in KidsCare, however, are enrolled in AHCCCS health plans and receive the same services available to children in the Medicaid Acute Care Program. In an effort to comply with Maintenance of Effort (MOE) requirements in the face of significant State budget concerns, enrollment in the KidsCare Program was frozen as of January 1, 2010. As of July 1, 2012 15,331 KidsCare members remain enrolled.

Major medical programs include acute care, long term care, and behavioral health services. The AHCCCS Administration determines eligibility for the Arizona Long Term Care System (ALTCS), Children's Health Insurance Program (KidsCare), Qualified Medicare Beneficiaries, and other Supplemental Security Income (SSI)-related Medical

Assistance Only programs. Federal funding through Title XIX and Title XXI of the Social Security Act is provided to AHCCCS by the Centers for Medicare and Medicaid Services (CMS), a federal agency within the U.S. Department of Health and Human Services.

|---|------------|
| Expand Adult AHCCCS Coverage to 133% of Federal Poverty Level | 27,110.5   |
| Shift Proposition 204 General Fund Costs to Provider Tax      | (81,848.3) |
| Total   | (54,737.8) |

### **Major Executive Initiatives and Funding Recommendations**

### **ACA Adult Expansion**

While the Governor has consistently opposed the Affordable Care Act (ACA) as it worked its way through the Congress and the Supreme Court, the Court and the voters have spoken.

The Executive estimates that, for Arizona, the expansion of Medicaid eligibility to 133% of the federal poverty level represents a major opportunity: for a state match of a little over \$150 million in FY 2015, Arizona can draw \$1.6 billion in federal funds into its health care sector - a return on investment more than 10-to-1.

Given the continued struggles of many Arizonans, including hospitals, physicians and other health care providers, the Executive recommends seizing this opportunity.

However, the Executive is certainly mindful of the continued struggles to balance the State General Fund and the importance of adequately funding education and public safety. Thus, as a separate budget issue, the Executive proposes that the provider tax adopted by the City of Phoenix be expanded statewide in order to remove from the General Fund the costs of the Proposition 204 expansion, consistent with the stated intent of the ballot measure when it was presented to Arizona voters.

In FY 2014, as the expansion begins on January 1, 2014 and membership increases over several months, the Executive recommends \$27.1 million General Fund.

### **Provider Tax Offset**

As discussed previously, the Executive recommends that Arizona expand Medicaid eligibility to 133% of the federal poverty level (FPL).

To offset the General Fund impacts of expanding eligibility, the Executive proposes that the provider tax adopted by the City of Phoenix be expanded statewide on January 1, 2014. This will remove from the General Fund the state match costs of the Proposition 204 expansion in excess of the amount supported by tobacco tax and settlement revenues, consistent with the stated intent of the ballot measure when it was presented to Arizona voters.

The Executive recommends that this revenue be deposited in the non-appropriated AHCCCS Fund and be expended from that fund. For FY2014 the Executive recommends a reduction to the General Fund of (\$81.8 million), which will be offset by expenditure of provider tax funds in the AHCCCS Fund of the same amount.

| Funding      | FY 2014    |
|--------------|------------|
| General Fund | (81,848.3) |
| Issue Total  | (81,848.3) |

### **Baseline Recommendations**

### **Baseline Caseload and Inflation**

The Executive has produced separate forecasts for baseline caseload and inflation and for costs associated with mandatory elements of the federal Affordable Care Act (ACA).

For baseline caseload and inflation, which assumes a continuation of the childless adult freeze through at least FY 2016, the Executive forecasts a reduction in population of (4.2%) for June 2013 over June 2012 and a further reduction of (1.6%) in June 2014 over June 2013. Excluding the effects of the continuing freeze on childless adults, the growth rates become nearly flat at (0.4%) and (0.3%), respectively.

This forecast reflects the effect of the continued slow recovery of the economy. (AHCCCS caseloads tend to be counter-cyclical, rising when the economy slows and people lose their jobs and health insurance.)

Capitation rates paid to health plans consist of two elements, outside of policy changes: medical inflation and permember utilization of services. Each of these elements grow at approximately 3% annually, based on historical averages. In the baseline forecast, the Executive proposes that AHCCCS fund only utilization growth, for an estimated capitation rate change of 3%.

The recommendation also includes a Federal Medical Assistance Percentage (FMAP) of 65.68% for one quarter of FY 2014 and 67.23% for the remaining three quarters of FY 2014.

As Tobacco Tax revenues are used to offset General Fund obligations, the General Fund includes an increase of \$9 million to offset the forecast decrease of (\$9 million) in AHCCCS Tobacco Tax revenues. Included in the Tobacco Tax decreases are (\$2.1 million) from the appropriated Tobacco Tax and Health Care Fund (Medically Needy Account) and (\$2.2 million) from the appropriated Tobacco Products Tax Fund (Emergency Health Services Account). The non-appropriated Proposition 204 Protection Account is also forecast to shrink by (\$4.7 million). The Executive forecasts no change in the non-appropriated Tobacco Litigation Settlement Fund.

The recommendation also includes a reduction of (\$8.1 million) in the appropriated portion of the Children's Health Insurance Program (CHIP) Fund to reflect the continued effect of the program's closure to new members.

| Issue Total                              | (37,808.9) |
|--|------------|
| General Fund                             | (25,416.9) |
| Tobacco Tax and Health Care Fund         | (2,118.7)  |
| Tobacco Products Tax Fund                | (2,243.9)  |
| Children's Health Insurance Program Fund | (8,093.8)  |
| Budget Neutrality Compliance Fund        | 64.4       |

### **ACA Mandatory Costs**

The Executive has produced separate forecasts for baseline caseload and inflation and for costs associated with mandatory elements of the federal Affordable Care Act (ACA).

- \* ACA mandates include an expansion of coverage for children up to 133% of the federal poverty level (ACA also includes a 5% income disregard, making the top level effectively 138%).
- \* The Executive believes that a provision of ACA often referred to as "the mandate" that taxes persons not carrying insurance, as well as the publicity surrounding the ACA implementation, will produce a significant "woodwork" effect causing those already eligible for AHCCCS to join the program.
- \* ACA includes a 1.3% tax on insurers, including Medicaid providers, that will be passed on as AHCCCS costs.
- \* ACA has modified the way in which Medicaid will handle member redeterminations, which will likely result in members staying on continuously rather than dropping from and returning to the program.
- \* There is a requirement that primary care physicians be reimbursed by Medicaid at Medicare rates (which are generally higher). While the federal government is paying 100% of the necessary increases from rates in effect on July 1, 2009, the State has to pay state match to restore, for primary care physicians, a series of provider rate cuts that were made during the recession.
- \* These cost increases are partially offset with the ACA's extension to managed care systems of a mandated rebate from prescription drug manufacturers to state Medicaid programs.

In FY 2014, the Executive believes that the net effect of these mandates on the General Fund needs of the State is \$20.9 million, including both AHCCCS and the Department of Health Services. The Executive recommends appropriating \$24.2 million in increased available funds in the Prescription Drug Rebate Fund. Because all of the Prescription Drug Rebate savings (or rather cost offsets) are allocated to AHCCCS rather than DHS, the AHCCCS portion of General Fund ACA mandates is actually a (\$5.5 million) savings.

| Funding                       | FY 2014   |
|-------------------------------|-----------|
| Prescription Drug Rebate Fund | 24,232.9  |
| General Fund                  | (5,537.6) |
| Issue Total                   | 18,695.3  |

### **Healthcare Group Administrative Decrease**

HealthCare Group, a State-sponsored program that provides health coverage to uninsured businesses in Arizona, is expected to shift its members to the Health Exchange on January 1, 2014. With the program's elimination in the last half of FY 2014, the Executive recommends a reduction to HealthCare Group's adminstrative budget.

| Funding               | FY 2014   |
|-----------------------|-----------|
| Healthcare Group Fund | (1,215.8) |
| Issue Total           | (1,215.8) |

### **Supplemental Recommendations**

### **Baseline Tobacco Taxes**

For baseline Tobacco Tax revenues, which are used to offset General Fund obligations, the Executive includes a forecast decrease of (\$5.4 million). Included in the Tobacco Tax decreases are (\$638,600) from the appropriated Tobacco Tax and Health Care Fund (Medically Needy Account) and (\$1.5 million) from the appropriated Tobacco Products Tax Fund (Emergency Health Services Account). The non-appropriated Proposition 204 Protection Account is also forecast to shrink by (\$3.2 million). The Executive forecasts no change in the non-appropriated Tobacco Litigation Settlement Fund.

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

The Executive recommends a lump-sum appropriation by program with special lines.

# **State Board of Appraisal**

The State Board of Appraisal processes the applications of those applying for real estate appraiser licensure, certification, or tax agent registration assuring that all candidates meet the education and experience requirements as set forth by the Appraisal Qualification Board of the Appraisal Foundation. The Board acts as a disciplinary body to ensure conformity to the statutes, rules, and regulations governing the agency. In addition to protecting the interests of the general public, the Board provides services for appraisers, course providers, property tax agents, other state appraisal boards, and lending institutions. The Board is also charged with the registration and regulation of all Appraisal Management Companies.

#### **Major Executive Initiatives and Funding Recommendations**

#### On Staff Investigator

The Board currently reviews and investigates complaints using private investigators. The Executive recommends 1.0 FTE investigator position to review complaints prior to Board meetings and make recommendations to the Board about which complaints warrant further investigation. The investigator will also oversee any contracted investigations. The position will be paid from current contract spending. No additional appropriation is needed at this time.

| Board of Appraisal Fund | 0.0     | 0.0     |
| Issue Total             | 0.0     | 0.0     |

#### **Temporary Staff to Full-Time Staff**

The Board currently contracts for administrative services. This is costly due to extensive training of temporary personnel. The Executive recommends 1.5 FTE support positions to be paid from current operating appropriation expended on contract services.

The Executive recommends a lump-sum appropriation to the agency.

## Arizona Commission on the Arts

The Arizona Commission on the Arts is a 47-year old agency of the State of Arizona whose primary functions include providing leadership, programs, services and grants to support the availability and sustainability of arts/culture and arts education programs. These functions are coincident with the agency's statutorily required duties which include (A.R.S. § 41-982, §41-983):

- Stimulating the arts in Arizona by encouraging the study and presentation of the arts as well as encouraging public interest and participation;
- Working with arts organizations in the State to encourage public participation in and appreciation of the arts; and
- Encouraging public interest in the State's cultural heritage and expanding the State's cultural resources.

The Arts Commission is governed by a 15-member, Governor-appointed Commission of unpaid volunteers.

Through the Arts Commission, the State of Arizona and the National Endowment for the Arts make strategic investments of public dollars to support the statewide arts and culture sector, helping Arizona communities to attract and retain skilled workers and creative businesses. This public investment leverages additional contributions from the private sector, increasing the sustainability of Arizona's arts and culture sector and thereby promoting statewide economic growth.

The Arts Commission's other significant function is to compete for, receive and disburse federal arts funding from the National Endowment for the Arts (ARS §41-983). (60% of the NEA's grantmaking budget is delivered via direct grants to nonprofit organizations across the nation; 40% is delivered via a competitive grant process to state and regional arts agencies, as Partnership Agreements.) To receive federal arts funding, state arts agencies must meet criteria outlined by the NEA.

In addition, in keeping with the arts and culture sector's "matched investment" infrastructure, state arts agencies are required to match their annual NEA grant on a one-to-one basis with a guaranteed allocation of state funds. Since its inception, the Arizona Commission on the Arts has successfully competed for over \$32 million in federal funding, which was delivered through grants, programs and services statewide.

Annually, Arts Commission grants and programs serve 7.5 million people, and 1.5 million Arizona youth are served by Arts Commission-sponsored arts education programs in charter, private and public schools. The Arts Commission maximizes resources in three key areas: Leadership and Partnerships; Programs and Services; and Strategic Funding.

# **State Board of Athletic Training**

The Board of Athletic Training is a regulatory board, which issues and annually renews approximately 530 licenses for the athletic training profession and continues to monitor 337 closed licenses. By law, the Board requires that each applicant meet minimum standards of education, experience, and competency. The Board also receives and investigates complaints, takes appropriate disciplinary action and responds to inquiries from consumers as to the license status of individual athletic training professionals.

# **Attorney General - Department of Law**

The Attorney General is a Constitutionally established, elected position and holds office for a four-year term. The Attorney General is legal advisor to all state agencies, boards and commissions, except those few exempted by law. Other primary responsibilities include prosecuting and defending proceedings in which the State has an interest and rendering written opinions upon questions of law.

To fulfill these responsibilities, the Department of Law is divided into legal divisions and operations services. The legal divisions are the Child and Family Protection Division, Civil Division, Civil Rights Division, Criminal Division and Public Advocacy Division. Each division is further organized into sections that specialize in a particular area of practice. Other areas performing administrative and other functions are the Solicitor General's Office. Administrative Services Division, Business and Finance Division and the Community Outreach Program.

Legal, Policy, Administrative and Support functions are coordinated and promoted by the Executive Office.

| Increased Victims Rights program appropriation | 749.1   | 509.7   |
| Total  | 749.1   | 509.7   |

### **Major Executive Initiatives and Funding Recommendations**

### **Victims Services Appropriation Increase**

The Attorney General's Office operates the Victim Services Program, which provides grant funding for various victimrelated programs. The program receives funding from surcharges on civil and criminal fines and fees, and is permitted to spend 12 percent on operating the grant program. The remaining 88 percent is provided to agencies that provide victim services. The Executive recommends increasing the annual appropriation from the Victims Rights Fund.

| Funding             | FY 2014 | FY 2015 |
|---------------------|---------|---------|
| Victims Rights Fund | 509.7   | 509.7   |
| Issue Total         | 509.7   | 509.7   |

## **Victims Services Grants Management Software**

The Victims Services Program provides grants to criminal justice agencies throughout the state that provide victim services. As a requirement of receiving grant funds, grantees submit to the Attorney General's Office annual reports that must be prepared manually. The Executive recommends a one-time \$239,400 increase from the Victims Rights Fund to purchase a grants management program which will make the annual reporting more efficient.

The Executive recommends a lump-sum appropriation to the agency with special lines.

# **Automobile Theft Authority**

The Authority administers grants provided to law-enforcement agencies for the most effective and efficient law enforcement strategies and tactics to combat auto theft. Auto theft in Arizona is significantly a crime of facilitation and is an integral part of the human and drug trafficking trade that permeates our State.

The Executive recommends a lump-sum appropriation to the agency.

## **Board of Behavioral Health Examiners**

The Board licenses and biennially renews licensure for approximately 8,300 behavioral health professionals requiring these professionals meet minimum standards of education, experience, and competency as measured by examination. The Board also receives and investigates complaints, takes necessary disciplinary action, and responds to inquiries from consumers regarding the licensure status and complaint history of individual behavioral health professionals.

#### Main Points of Executive Recommendations

|                                 | FY 2014 | FY 2015 |
|---------------------------------|---------|---------|
| Investigation Staffing Increase | 153.0   | 127.3   |
| Back Out IT Costs               | (105.6) | (105.6) |
| Total                           | 47.4    | 21.7    |

### **Major Executive Initiatives and Funding Recommendations**

#### **Investigation Staffing Increase**

Complaints outpace the Board's capacity to address them. The Auditor General, in its August 2012 Performance Audit and Sunset Review of the Board, reported that the Board takes an average of 306 days to resolve a complaint, 70% longer than the 180-day standard recommended by the Auditor General. The number of overall complaints received by the Board has steadily increased since FY 2008 and is projected to continue rising.

There has also been an increase in serious harm complaints, i.e., those involving substance abuse, sexual conduct with a client, fraud, embezzlement, or sexual harassment. Investigations of serious harm complaints are expedited and require more staff time and cause further delays in resolving non-serious harm complaints.

The Executive recommends increasing the Board's appropriation to allow the Board to hire 3.0 additional FTE investigative positions.

| Funding                          | FY 2014 | FY 2015 |

| Issue Total                      | 153.0   | 127.3   |

#### **Baseline Recommendations**

### **Remove One-Time Appropriations**

The Board's FY 2013 appropriation included an additional \$105,600 to provide information technology upgrades and to implement a credit card payment system. These were one-time expenditures, and the Executive recommends that the Board's FY 2014 and FY 2015 appropriations return to FY 2012 levels.

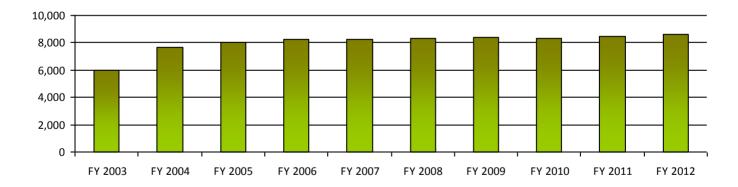

| Funding                          | FY 2014 | FY 2015 |

| Total   | 3.0     | 12.0    |

## **Major Executive Initiatives and Funding Recommendations**

#### **Moving Fees for Office Relocation**

The Board's current private rental lease terminates in FY 15. The Executive recommends moving the Board into Stateowned space at that time.

| Funding                           | FY 2014 | FY 2015 |
|-----------------------------------|---------|---------|

| Issue Total                       | 0.0     | 9.0     |

#### **Rent Increase**

The Board's current private rent has increases built into it. The Executive recommends funding for these increases until the lease expires in FY 2015.

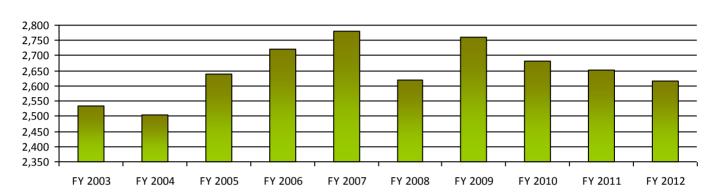

| Funding                           | FY 2014 | FY 2015 |

# **Citizens' Clean Elections Commission**

The Citizens' Clean Elections Act was a campaign finance measure approved by voters in 1998. The Act provides public funding to qualified candidates. Candidates wishing to utilize public funding for statewide and legislative offices must agree to abide by all contribution and expenditure limits imposed in the Act and also obtain a certain number of five-dollar qualifying contributions, depending on the office sought. The Commission sponsors debates and develops a procedure for publishing a document having space for a message chosen by each candidate. The document is mailed before the primary and general elections to every household that contains a registered voter.

| Operating Aid Formula    | (1,026.8) |
| Total                    | 663.2     |

## **Major Executive Initiatives and Funding Recommendations**

## **Capital Outlay Formula Funding**

A.R.S. § 15-1464 outlines a formula to calculate General Fund appropriations to be used for capital outlay at the community colleges. The Executive's recommended increase was determined by funding the rate for both dual and non-dual enrollment per full-time student equivalents (FTSE) at 50% of the amounts in the formula, and excluding the Pima and Maricopa community college districts.

The Executive recommends appropriating \$3.2 million from the General Fund to the community colleges for capital outlay in FY 2014. This recommendation partially reinstates capital formula funding at the community colleges, and the Executive intends that it become a part of the base funding calculation.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 3,252.1 |
| Issue Total  | 3,252.1 |

#### **Baseline Recommendations**

#### **Equalization Aid Formula Adjustment**

The Equalization State Aid Formula is constructed to provide support to community college districts that have an insufficient property tax base as compared to the minimum assessed value is described in A.R.S. § 15-1402. The Executive recommends reducing the appropriation to Cochise and Graham counties by (\$906,200) and (\$796,100), respectively, and increasing the appropriation to Navajo County by \$140,200 based on the formula outlined in A.R.S. § 15-1468.

| Funding      | FY 2014   |
|--------------|-----------|
| General Fund | (1,562.1) |
| Issue Total  | (1,562.1) |

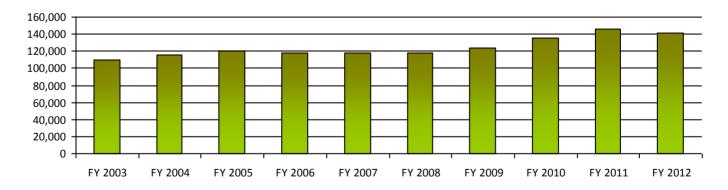

## **Operating State Aid Formula Funding**

The Operating State Aid formula is based on enrollment changes in each community college district from the previous year. The Executive recommends reducing Operating State Aid in FY 2014 to community colleges, pursuant to A.R.S. § 15-1466.

| Funding      | FY 2014   |
|--------------|-----------|
| General Fund | (1,026.8) |
| Issue Total  | (1,026.8) |

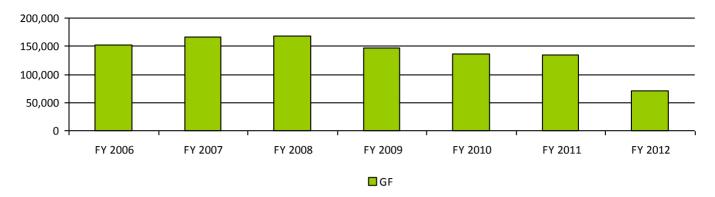

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

## **Full-Time Equivalent Student Enrollment**

# **Agency Expenditures**

(in \$1,000s)

In FY 2012, there was a total operating expenditure reduction of (6.2)% allocated across the Community College system, reflected here in the reduction between General Fund expenditures in FY 2011 and FY 2012.

# **Registrar of Contractors**

The Registrar of Contractors (ROC) was established in 1931. The ROC licenses and regulates residential and commercial contractors. The licensing process consists of reviewing license applications and issuing licenses to qualified applicants. The regulatory process consists of investigating and facilitating the resolution of complaints against licensed and unlicensed contractors. Complaints against licensed contractors that go unresolved may result in discipline of licenses. Complaints against unlicensed contractors may result in criminal convictions; including jail time, fines, and restitution.

In 1981, the Legislature established the Residential Contractors' Recovery Fund as a function within the ROC. Statute requires residential contractors provide \$200,000 for consumer protection. This protection may be established by (a) furnishing a \$200,000 surety bond or cash deposit, or (b) paying the required assessment to participate in the Recovery Fund. Like a surety bond or cash deposit, the Recovery Fund reimburses homeowners for poor workmanship or non-performance by a licensed residential contractor. Currently the assessment to participate in the recovery fund is \$300 the first year and \$150 every year thereafter. The maximum liability for the Recovery fund is \$200,000 per license and \$30,000 per person.

The ROC is a 90/10 agency. This means that the agency is funded by 90% of its licensing fees. The remaining 10% of licensing fees are deposited into the State General Fund. The ROC does not receive State General Fund money.

### **Major Executive Initiatives and Funding Recommendations**

### **Funding Restoration to Pay Recovery Fund Claims**

The Residential Contractors' Recovery Fund had \$8.5 million of trust monies swept into the General Fund in FY 2009 and FY 2010. Due to this sweep, there have been insufficient funds to timely pay claims to aggrieved homeowners. The Executive recommends transferring \$2.7 million from the Registrar of Contractors Fund to the Residential Contractors' Recovery Fund to pay all the 324 homeowners who are awaiting payment of their claims.

### **Statute Change for Recovery Fund Operation**

The operating budget for the Residential Contractors' Recovery Fund was originally set at 10% of the fund balance. After legislative fund transfers and increasing claims, the fund balance neared zero. Per the recommendation of the Auditor General, session law was used to notwithstand permanent statute and authorized the Registrar of Contractors to use 14% of prior year revenue to operate the Recovery Fund. This change should be made permanent since it better correlates with operational expenditures and prevents the possible manipulation of fund balances to increase spending authority.

The Executive recommends a lump-sum appropriation to the agency with special lines.

# **Corporation Commission**

The Corporation Commission was established by Article 15 of the State Constitution and is composed of five elected Commissioners. Commissioners are currently serving terms that expire in 2012 or 2014. The seats are staggered in four-year terms. Staffing is provided in seven divisions, each headed by a division director serving under the Commission's Executive Director, who is the chief executive officer and responsible for the day-to-day operations of the divisions. The Commission's primary responsibilities include reviewing and establishing public utility rates, regulating the sale of securities, ensuring pipeline and railroad safety, and administering the Arizona Corporations Code. The Commission also serves as the repository of corporate annual reports and other publicly available documents filed by corporations in accordance with state law.

#### **Baseline Recommendations**

#### **Hearing Room One-Time Costs**

In FY 2013, the Corporation Commission was provided an appropriation for the construction of a hearing room. The Executive recommends eliminating that one-time appropriation.

| Funding                           | FY 2014 | FY 2015 |
|-----------------------------------|---------|---------|
| Utility Regulation Revolving Fund | (350.0) | (350.0) |
| Issue Total                       | (350.0) | (350.0) |

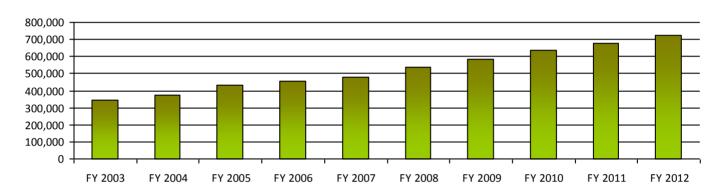

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

The Executive recommends a lump-sum appropriation to the agency with special lines.

# **Department of Corrections**

The Department serves and protects the people of the state of Arizona by incarcerating inmates in correctional facilities and supervising conditionally released offenders in the community. During incarceration, welfare services and health care services including medical, nursing, dental, mental health, and pharmacy are provided to inmates. In addition, work, education, career training, substance abuse treatment, religious services, and recreation are provided to inmates to promote employability, literacy, sobriety, and accountability to crime victims and to increase the likelihood that released inmates will become law-abiding citizens upon release. In the community, the Department supervises offenders released from prison to serve the remainder of their sentence on community supervision. The Department also provides for the return to custody of those offenders who violate conditions of supervision and who represent a serious threat to the safety of the community.

#### **Major Executive Initiatives and Funding Recommendations**

#### Yuma Prison Building Repair

Two buildings in the Yuma Prison Complex's Cheyenne Unit are structurally unsound due to weakened beams damaged by water exposure from rooftop evaporative cooling air handlers. The damaged area contains the kitchen, laundry, dining hall and program areas. Meals must now be prepared off-site and transported in for distribution, driving up food costs and creating operational inefficiencies.

The Executive recommends transferring \$6.0 million from the Prison Construction and Operations Fund, \$1.3 million from the State Charitable, Penal & Reformatory Land Earnings Fund, and \$750,000 from the Corrections Fund to the Building Renewal & Preventative Maintenance Fund. A non-lapsing appropriation from the Building Renewal & Preventative Maintenance Fund is recommended to repair the two buildings and relocate air handlers to the ground.

#### **Baseline Recommendations**

#### **Activate 500 Medium Custody Private Prison Beds**

Contracting for 1,000 medium-security, private, male beds was authorized by Laws 2012, Chapter 302. Language specified the opening of 500 beds in January 2014 and the second 500 beds in January 2015. A contract has been awarded with a per diem rate of \$67.22. The Executive recommends funding to load 100 beds per week beginning January 1, 2014. The recommendation includes 6.0 FTE positions and \$374,500 for a Department monitoring team.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 5,913.9 |
| Issue Total  | 5,913.9 |

#### **Authorized FTE Realignment**

Due to the privatization of health services, the Department has reduced staffing by 519.2 FTE positions.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 0.0     |
| Issue Total  | 0.0     |

### **Start-up 500 Maximum Custody State Beds**

Laws 2012, Chapter 295 authorized 500 State-operated, maximum-security male beds, which are scheduled to open in July 2015. Prior to loading the beds, it will be necessary to provide equipment and personnel to operate the facility. The Executive recommends 183.0 FTE positions for training and funding for start-up of the new unit at Lewis Prison in Buckeye.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 3,163.8 |
| Issue Total  | 3.163.8 |

#### **Transition Services Appropriation Transfer**

In FY 2012, \$2.8 million was appropriated from the Transition Program Fund to offset a portion of the cost to the Department for eliminating furlough days, which had been in place the previous year. This appropriation is unsustainable for FY 2014. The Executive recommends a partial shift to the Prison Construction & Operations Fund.

| Funding                                 | FY 2014   |
|---|-----------|
| Prison Construction and Operations Fund | 2,185.0   |
| Transition Program Fund                 | (2,185.0) |
| Issue Total                             | 0.0       |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

# **Board of Cosmetology**

In order to achieve its mandate of protecting the public in Arizona, the Board of Cosmetology issues 12 categories of licenses to salons, schools and individuals who qualify by reciprocity or through the administration of a written and practical examination. The Board enforces regulation by routine health and safety inspections of salons and schools, investigates consumer complaints, conducts hearing and imposes enforcement action when appropriate. The Board also establishes health and safety standards, educational and curriculum standards and oversight, and provides monthly classes on infection control and law and regulation practices for the general licensing population by registration. The Board also uses the educational classes for remediation and regulatory rehabilitation of violators by Board Order as terms of probation, and Laws 2011 Chapter 199 mandates infection protection and law classes for all reciprocity applicants. Furthermore, the Board offers electronic services to customers to increase efficiency and reduce the demands on full-time staff. The Board is recognized by national industry entities as being progressive, insightful, and a leader in cosmetology regulation.

## **Major Executive Initiatives and Funding Recommendations**

#### **Drug and Gang Prevention Resource Center Fund**

Monies from the Drug and Gang Prevention Resource Center Fund may be expended solely for the Arizona Youth Survey. The Fund accumulates approximately \$365,000 more in revenue than is appropriated annually. The Executive recommends that excess revenues to the Fund be deposited into the Public Safety Equipment Fund in FY 2014 and FY 2015.

| Funding                                       | FY 2014 | FY 2015 |

| Issue Total                                   | 0.0     | 0.0     |

#### **State Aid to Indigent Defense**

The FY 2012 budget appropriation diverted revenues from the State Aid to Indigent Defense Fund to the Department of Public Safety's Border Security Subaccount within the GIITEM Fund. The Executive recommends making this diversion permanent, transferring any remaining fund balance to the Public Safety Equipment Fund, and eliminating the fund on July 1, 2013.

## Arizona State Schools for the Deaf and the Blind

The Arizona State Schools for the Deaf and the Blind provide education and evaluation to children and youth, with a vision or hearing loss, from birth to 22 years of age. School-aged children are served in one of the schools located in Tucson or Phoenix or in their home school district. The Tucson campus provides a residential program. Preschool children are served in both Tucson and Phoenix. Infants and toddlers with vision or hearing loss receive services in their homes throughout the State. ASDB also provides comprehensive evaluation services for some children referred with multiple disabilities.

#### **Major Executive Initiatives and Funding Recommendations**

#### **Dorm Remodel**

The Tucson residential facilities, which were built between the 1950s and 1970s, are outdated and do not comply with American Disabilities Act accessibility standards. Nine dormitories on the Tucson campus house 107 students; at least six dorms must be operable to house the current number of students due to the diversity in age, gender and student needs. The Agency has received Building Renewal Grant monies to update the fire alarm and fire suppression systems in the residential facilities. Renovating the facilities while the fire alarm and suppression systems are being installed limits the time the dorms must be vacant and unusable to students and staff.

In FY 2013, the Agency started the renovation process, with existing operating funds accrued through vacancy savings, and was able to complete renovations on two dorms (Ocotillo and Saguaro) and begin renovations on a third (Yucca). Construction on Yucca has been stalled due to the lack of available funding. Renovations have included updated bathrooms, plumbing, flooring, paint and lighting.

The Executive recommends a capital outlay appropriation of \$1.0 million in FY 2014 to complete renovations on Yucca and renovate two additional dorms (Palo Verde and Maricopa) at an estimated cost of \$55 per square foot. Completion of these three dorms will bring the total capacity in remodeled dorms to 144 beds and provide a more comfortable and accessible home for students.

#### **Baseline Recommendations**

#### **Appropriation Adjustment**

The Executive recommends adjusting the agency's appropriation by program to align with expected expenditures for each program.

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

The Executive recommends a lump-sum appropriation by program.

# Commission for the Deaf and the Hard of Hearing

The Arizona Commission for the Deaf and the Hard of Hearing (ACDHH) acts as an information bureau for the Deaf, Hard of Hearing, Deaf Blind, and individuals with speech difficulties, as well as for state agencies and institutions providing services to those consumers. Local government and other public and private community agencies also benefit from ACDHH information, programs and activities. For example, ACDHH Deaf and Hard of Hearing Specialists provide sensitivity training for state agencies and other organizations and groups that work with the Deaf, Hard of Hearing, Deaf Blind, and individuals who have speech difficulties.

ACDHH also administers a telecommunications equipment distribution voucher program that loans equipment to qualifying Arizona State residents. The Arizona Relay Service (7-1-1), which allows equal accessibility of public telephone service, is available through ACDHH as well. The service is administered by ACDHH and is required by the Federal Communications Commission. ACDHH is also mandated to license American Sign Language interpreters and certify American Sign Language teachers.

## **State Board of Dental Examiners**

The State Board of Dental Examiners examines, licenses, certifies professionals to practice in the field of dentistry, registers business entities providing dental services and permits mobile dental facilities. The Board also accepts complaints against licensees, certificate holders, business entities and mobile dental facilities, investigates allegations, and administratively adjudicates complaints. The Board regulates approximately 8,300 professionals licensed or certified to practice in the state and approximately 300 business entities, as well as serves all Arizona citizens who receive their professional services.

# **Arizona Early Childhood Development and Health Board**

The Arizona Early Childhood Development and Health Board (AZECDH) or First Things First (FTF) is a voter approved initiative to ensure the quality and accessibility of early childhood development and health programs at the community level. Proposition 203 created a new, state-level board, the Arizona Early Childhood Development and Health Board, which provides oversight and guidance on the implementation of the Proposition. First Things First is also the name of the state agency created to carry out the work of the Arizona Early Childhood Development and Health Board.

The Arizona Early Childhood Development and Health Board receives revenues from additional tax levied on tobacco products. Ninety percent of the monies deposited into the Early Childhood Development and Health Fund are devoted to the program costs and ten percent are devoted to administrative costs.

First Things First establishes Regional Partnership Councils throughout the state. The Regional Partnership Councils are to include eleven members who reside or work in the region. Funding is allocated based on the number of children ages birth to five years living in the area, as well as the number of young children whose incomes do not exceed 100% of the federal poverty level. Programs funded through the AZECDH Board may be conducted either by grantees in the region or directly by the Regional Partnership Council.

# **Department of Economic Security**

The Department of Economic Security (DES) is an integrated human services agency that provides critical protective and assistance services each month to more than one million of Arizona's children, adults and families.

Together, DES' programs enhance the safety, well-being and self-sufficiency of Arizonans. Some of these programs include: child protective services; children's services to provide families the tools they need to care for their children; child care assistance for working parents; adult protective services; domestic violence shelter and supports; early intervention services for infants and toddlers at risk of developmental delays; home and community-based services for individuals with developmental disabilities and the aged; independent living programs for both seniors and young adults; unemployment insurance; employment assistance including vocational rehabilitation and job training; nutrition assistance; child support enforcement and medical assistance eligibility.

The Department is working to move beyond simply delivering services to partnering with our community to help individuals and families gain the tools they need to increase their independence by becoming self-sufficient. As a result, DES recognizes the interconnectedness and interdependence between its services and community resources. Therefore, the Department works closely with a network of faith-and community-based partners, other state agencies, local governments, Tribal Nations, as well as federal agencies that oversee Department programs, in the delivery of services to the people of Arizona.

## **Major Executive Initiatives and Funding Recommendations**

#### **CPS Emergency and Residential Placement**

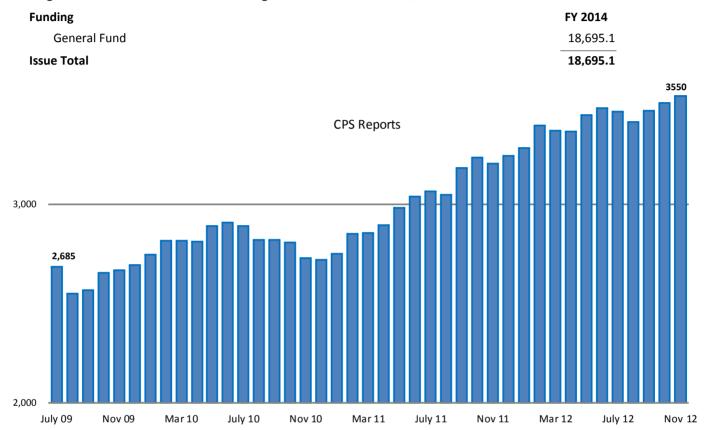

Between FY 2011 and FY 2012, the average number of children in emergency and residential group homes funded by Child Protective Services (CPS) increased by more than 24%. The growth in the number of children in these types of congregate care settings is being driven primarily by an increase in the number of child abuse and neglect reports to CPS. DES is able to manage the influx of children into the CPS system using existing resources in FY 2013; however, these resources will be exhausted by the end of FY 2013. In addition to requesting funding for this issue, DES is implementing several process-improvement initiatives, including efforts to improve recruitment of foster homes, a less costly and, in many cases, a better setting than congregate care for the health and welfare of a child. The Executive recommends \$29.7 million General Fund in FY 2014 for increased emergency and residential placements of children.

| Funding      | FY 2014  |
|--------------|----------|
| General Fund | 29,736.5 |
| Issue Total  | 29,736.5 |

## **CPS Staffing**

From FY 2011 to FY 2012, the number of reports of child abuse and neglect increased by over 16%, and the number of CPS children in out-of-home settings increased by more than 13%. Ongoing process improvements and efforts to increase retention of trained CPS caseworkers will help to partially alleviate the CPS staffing shortage. Additionally, the Executive recommends 200.0 FTE positions to address this critical need. 50.0 of the positions will be hired in FY 2013 and 150.0 of the positions will be hired at the beginning of FY 2014. Policymakers should monitor caseloads and CPS's progress in hiring on an ongoing basis throughout FY 2013 and FY 2014 to ensure that optimal resources are being devoted to this issue. State funding will be combined with \$4.1 million of federal funds.

#### **Foster Care Placement**

Between FY 2011 and FY 2012, the average number of Arizona children in licensed foster care increased by nearly 9%. This growth is expected to continue through FY 2013 and FY 2014 as DES increases efforts to place more children in foster care homes rather than congregate care settings. The Executive recommends funding for the growth in CPS foster care placements. The average number of children per month in licensed foster care was 5,485 in FY 2012. This funding will allow for 6,850 foster care placements in FY 2014.

In many cases, foster care settings have proven to be better than institutional group homes for the well-being and development of children. Additionally, foster care is much less expensive than placing a child in an emergency and residential placement. In FY 2012, the cost of placing one child in an emergency and residential placement was \$3,159 per month, while foster care homes cost the State an average of approximately \$580 per child per month.

DES is in the process of establishing foster care receiving homes, or foster homes available 24/7 to receive children on a temporary basis until other placement options become available. Additionally, DES has been successful in targeted marketing and outreach efforts to families more likely to become foster parents. Aided by the Governor's ArizonaSERVES task force, DES has also made gains in working with faith- and community-based organizations to recruit families. Between September 2011 and September 2012, the Department increased the number of licensed foster homes by 448. This growth is expected to continue through FY 2014.

The growth in foster care placements affects other parts of the child welfare system. For example, the courts experienced a more than 43% increase in the number of dependency petition filings for the first quarter of calendar year 2012 over the first quarter of 2010. This growth in dependency filings resulted in a substantial increase in workload for the Foster Care Review Board.

#### **Legal Support for CPS**

The Protective Services Section (PSS) of the Attorney General's Office provides legal representation for the DES Division of Children, Families and Youth, which includes Child Protective Services (CPS). Unprecedented increases in the number of CPS child abuse and neglect cases are driving an increase – nearly 37% between 2008 and 2012 – in the number of legal cases handled by PSS attorneys, whose caseloads average nearly 104 cases per attorney. The tremendous workload demanded of PSS attorneys contributes to a high level of burnout and turnover. Since 2008, the Section hired 88 attorneys; however, during the same period 73 attorneys resigned. Without increased staff, PSS will not be able to adequately meet the increasing demands for legal representation.

The Executive recommends \$1.5 million and 15.0 FTE from the General Fund for additional PSS attorneys. In combination with available federal funds, this will enable PSS legal support to hire 22 additional PSS attorneys.

#### **Child Care Caseload**

Due to funding constraints, since February 2009, DES has maintained a waiting list for new low-income families wishing to receive subsidized child care.

From FY 2011 to FY 2012, the number of children in the CPS system receiving child care assistance increased by 11%. This followed 18% growth in this population from FY 2010 to FY 2011. In FY 2012, the Department's average cost per month for a child in CPS-related child care was \$403.39, more than 27% higher than the \$316.54 per month for children of low-income working families receiving subsidized child care benefits from the Department. Due to the growth in children receiving CPS related child care assistance, DES will no longer be able to maintain the child care program without removing children from the program in FY 2014, unless additional funding is provided.

The Executive recommends funding to maintain a caseload of approximately 26,700 children in the DES child care program. Without this funding, DES will need to eliminate subsidized child care services for approximately 4,000 children of low-income working families. The additional funding will not affect the current child care waitlist for lowincome working families or allow DES to provide subsidized child care for children of families on the current waitlist.

#### **Adoption Services Caseload Growth**

The Adoption Services program provides adoption subsidies to parents who adopt a child with physical, mental or developmental disabilities. The average subsidy is currently \$750 per child per month. In many cases, permanent solutions, such as adoptions, result in better outcomes for children than being placed in group homes or other temporary settings.

The population receiving adoption subsidies is expected to grow by more than 8% in FY 2014. Due to the Department's success in meeting performance targets related to adoptions, DES received a \$5.1 million federal adoption incentive payment in August 2012. However, growth in the program will still outpace current available resources. The Executive recommends additional funding in FY 2014 for caseload growth in Adoption Services.

#### Long-term Care Fund Backfill

Due to a decline in revenues from federal sources, the FY 2013 General Appropriations Act appropriated \$44.2 million from the Long-Term Care System Fund to DES. This provision helped DES avoid reductions in services that would have occurred without the funding. DES expects to have \$42.6 million in revenues from the Long-Term Care system and other sources to cover most of the backfill cost again in FY 2014; however, these funds will not cover the entire need. The Executive recommends funding to partially backfill federal reductions in FY 2014.

## **Unemployment Program Collectors**

From 2008 to 2010, the average number of beneficiaries of Arizona's unemployment insurance (UI) program increased by over 400%. During this period, the federal government made more federal resources available to states to administer the UI program and to extend the unemployment benefit period. As the economy improves, the work associated with administering the UI program is also decreasing, along with the funding provided by the federal government for UI administration.

Although most of the work associated with administering the UI program has decreased, State government and Arizona employers will benefit from maintaining the number of staff dedicated to recouping erroneous or fraudulent UI benefits paid. As of the end of FY 2012, over \$180 million in outstanding UI debt was owed to the State by recipients of erroneous or fraudulent benefit payments. A portion of this debt is collectible and can be reinvested into the UI program if recouped. Collection of outstanding UI debt will provide a small benefit to the economy by helping to reduce employers' future UI tax liabilities.

The Executive recommends 21.6 FTE positions for UI program collectors. The recommendation shifts funding for these positions from Federal grants to the Special Administration Fund, allowing the Department to maintain UI collection efforts. This investment is expected to result in the collection of \$18.2 million in outstanding debt recovery in FY 2014. Without this funding, the Department will be unable to collect this debt.

## **Technical Adjustments**

In June of 2012, DES received a letter from the U.S. Department of Health and Human Services indicating the intent of the Hualapai Tribe to operate its own TANF program. The Executive Recommendation facilitates this change while allocating the Hualapai Tribe its share of TANF funds and historical General Fund expenditures as part of the JOBS program.

The Executive recommends shifting \$47,700 in TANF funding from the TANF Cash Benefits special line to the Tribal Pass-Through Funding special line. The Executive also recommends shifting \$53,600 General Fund from the JOBS special line to the Tribal Pass-Through Funding special line.

#### Align Appropriation with Planned Expenditures

The Executive recommends aligning appropriation amounts with the actual level of planned expenditures for each fund. These amounts should be monitored and adjusted if federal grants and other sources of cash become available after the publication of the Executive Recommendation. The Executive recommends authorizing the Department, if more Federal funding becomes available, to expend monies in excess of the appropriation.

#### **TXIX Developmental Disabilities**

The Division of Developmental Disabilities (DDD) serves vulnerable individuals whose disabilities were manifested prior to age 18 and are attributable to cerebral palsy, epilepsy, autism or cognitive disability. Those individuals also must have substantial functional limitation in three or more areas of major life activities, such as self-care, language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency.

This federally mandated program seeks to maximize the independence of individuals enrolled in the program. Due in part to advancements in medical diagnoses, In FY 2014, the population served by DDD is estimated to exceed 26,270 clients. The Executive recommends funding for 3.8% caseload growth in Title XIX Developmental Disabilities.

#### **Annualize DD Service Provider Rate Increase**

The FY 2013 General Appropriations Act authorized a 2% increase in the rate that DES pays to contractors providing services to developmentally disabled individuals. The Act made the rate increase effective on April 1, 2013, and provided enough funding to cover the cost of the increased rate for the last quarter of FY 2013. The Executive recommendation annualizes the 2% increase in FY 2014.

## **CPS Staffing**

From FY 2011 to FY 2012, the number of reports of child abuse and neglect increased by over 16%, and the number of CPS children in out-of-home settings increased by more than 13%. Ongoing process improvements and efforts to increase retention of trained CPS caseworkers will help to partially alleviate the CPS staffing shortage. Additionally, the Executive recommends 50 FTE positions as supplemental funding in FY 2013 to address this critical need. Policymakers should monitor caseloads and CPS's progress in hiring on an ongoing basis throughout FY 2013 and FY 2014 to ensure that optimal resources are being devoted to this issue. State funding will be combined with \$1.0 million of federal funds.

## **Children Support Services**

The Executive recommends supplemental funding to accommodate growth in services that help CPS reunify families and achieve better placement and living options for children within the legal care of the Department. These services include parent aid services, which provide for supervised visitation and counseling services for families involved with CPS. Funding is also utilized for substance abuse treatment, in-home intervention services and other services to assist families in crisis. As the number of families involved in the CPS system has increased, demand for these much needed services has also increased tremendously. As these services are designed to keep families together and prevent children from entering costly CPS care, they often result in a net savings to the State and a more stable and healthy environment for children. The Executive recommends funding to allow the Department to continue to offer these important family reunification services to families in need.

### **Align Appropriation with Planned Expenditures**

The appropriation reductions shown for FY 2013 reflect the actual planned expenditures for FY 2013. The FY 2013 appropriation from these funds in Laws 2012, Chapter 294 exceeds the available resources from the specific funds. This adjustment serves to more accurately depict FY 2013 activity in the sources and uses report of each fund.

The Executive recommends a lump-sum appropriation by program with special lines.

# **Department of Education**

The Department is administered by the Superintendent of Public Instruction, an elected position. The Superintendent, in conjunction with the State Board of Education, leads the State in developing and implementing educational guidelines and standards. The Superintendent oversees direct services to 238 locally-governed school districts, including 13 vocational districts and 9 accommodation districts. The Superintendent, in conjunction with the State Board for Charter Schools, oversees 390 charters. The Department executes the educational guidelines through evaluation, training, school improvement assistance, dissemination of information, and administration and allocation of funds. The Department also serves as the primary source for information on the status and needs of the public school system.

# **Major Executive Initiatives and Funding Recommendations**

### **Common Core Implementation**

In 2010, Arizona joined 45 states and the District of Columbia in adopting the Common Core State Standards to provide a consistent set of internationally benchmarked English language arts and mathematics standards that prepare all students for college and career. The Partnership for Assessment of College and Career (PARCC) is a state consortium made up of 23 states (including Arizona) working together to develop a common set of assessments in English language arts and math that align with the Common Core. The Web-based assessments will measure student progress in grades 3 through 11 and are scheduled for full administration in the 2014-2015 school year.

The Executive recommends a one-time increase of \$41.5 million to support Common Core implementation. This includes \$40 million to increase district and charter Additional Assistance by \$37.70 per student, to support the transition to the new standards and assessments. Monies shall be spent on implementation of Common Core and preparation for PARCC exams, including teacher stipends for professional development, curriculum and instructional materials aligned to the new standards, and technology and equipment that support Common Core implementation.

The recommendation also includes \$1.5 million to the Governor's Office of Education Innovation to fund Master Teachers at the Regional Centers and coordinate professional development efforts statewide. Funding will support 3.0 FTE positions per Regional Center for a total of 15.0 FTE positions. The Master Teachers will work in collaboration with the Department, County Education Service Agencies, and Local Education Agencies to provide comprehensive professional development opportunities and resources that are subject matter and grade level specific.

## **Common Core Technology Upgrades**

Arizona is one of 23 states that make up the Partnership for Assessing Readiness for College and Career (PARCC), a state consortium that is developing a common set of K-12 assessments aligned to the Common Core Standards. The new online assessments will be administered for the first time in school year 2014-2015 and will require significant statewide technology upgrades, including enhancements to broadband, equipment and software.

The Executive recommends a non-lapsing appropriation of \$20.0 million to the School Facilities Board in FY 2014 to complete a technology needs assessment and bring schools up to the required device and software specifications. Districts will receive funding through a grant process that will be based on the number of devices needed, with a target student-to-device ratio of 5:1. Grants will be targeted at high schools in year one. After the needs assessment is complete and more is known about what it will take to administer the tests, additional support for outgoing years will be considered. The School Facilities Board may retain up to 1% of the monies for administration of the project. The \$20.0 million recommendation is listed in the School Facilities Board section of the Executive Budget.

## **Performance Funding**

In 2012, the Governor tasked the Arizona Ready Council with developing school funding recommendations that promote desired results and create a highly educated, technically prepared workforce. After nine months of deliberations, the Council approved a proposal for district and charter performance funding. The proposal provides districts and charters, or Local Education Agencies (LEAs), with incentives for achievement and improvement on the A-F Accountability scale. The A-F Accountability letter grades consist of 200 points, 100 points each for academic outcomes and student growth.

Performance funding will be part of the school finance formula and paid for with new dollars and dollars reallocated from the existing school funding formula. Performance funding will be phased in over a five-year period until it makes up about 5% of total formula funding. The Executive Recommendation includes \$54.3 million in FY 2014 to implement year one of the reform, which includes \$36.2 million in new dollars and \$18.1 million in reallocated dollars. Dollars will be reallocated by reducing the base level as prescribed in A.R.S. § 15-901.

### **School Safety Program**

The Public School Safety Program is a state-funded grant that supports placement of School Resource Officers (SROs) and/or Juvenile Probation Officers (JPOs) and implementation of law related education programs in selected schools. Public school districts may apply to participate in the School Safety Program by submitting a program proposal to the School Safety Program Oversight Committee (SSPOC) by April 15 of each year. Program proposals must include: (1) a detailed description of the school safety needs of the school/s or school district; (2) a plan for implementing a law related education program, or a plan that demonstrates the existence of a law related education program as a prevention strategy; and (3) a plan to use trained SROs or JPOs in the schools. Grants are distributed on a three-year cycle and are subject to review and approval by the SSPOC.

The SSPOC reviews plans submitted by the applicants and selects sites that are eligible to receive funding based on school safety needs and available resources. The Committee also reviews renewal applications from participating sites.

The School Safety program receives \$7.8 million in Prop 301 monies each year. Prior to FY 2011, the program also received General Fund support. In FY 2012, 80 school districts applied for grants to cover the salary and benefits of 202 officers. Due to resource limitations, only 34 districts were awarded funding for 102 officers. The Executive recommends adding a 1:1 state-matching component to the program to fund eligible grant applicants that are not covered by Prop 301 monies.

## IT- AZ Education & Learning Accountability System

Over the past two years, the Department has been developing a data system to provide real-time and longitudinal student-level data to meet State and federal requirements. Enacted in 2011, A.R.S. § 15-249 authorized the development of the Arizona Education Learning and Accountability System (AELAS) to "collect, compile, maintain and report student level data for students attending public institutions that provide instruction to pupils in preschool programs, grades one through twelve and postsecondary educational programs in this state." ADE has organized the project into four systems that will be centralized to form the AELAS: (1) the Student Accountability Information System (SAIS), (2) the Student Longitudinal Data System (SLDS), (3) an instructional improvement system, and (4) an internal Departmental data system.

The Department was appropriated \$6.2 million in FY 2012 to build the new data system. Of the total appropriation, \$5.0 million was transferred from Basic State Aid and \$1.2 million was transferred from fees assessed on universities and community colleges. The \$6.2 million appropriation was continued in FY 2013.

The Executive recommends increasing the current appropriation to \$7.0 million to complete the SLDS. The SLDS is essential to implementation of education reforms that demand greater accountability at every level and set higher expectations for students and teachers.

In addition, the Executive recommends moving the appropriation and oversight of the project to Arizona Strategic Enterprise Technologies (ASET) at the Department of Administration. There are several large-scale IT modernization projects under development across the state. The FY 2014 Executive Recommendation centralizes oversight of IT projects, including AELAS, under ASET.

Of the \$7.0 million appropriation, \$5.4 million will be directly appropriated from the General Fund to the Automation Projects Fund at ADOA. ADE will transfer \$1.6 million (FY 2014 revenue) and any remaining fund balance from the Education Learning and Accountability Fund to the Project Automations Fund. The FY 2013 appropriation from the Education Learning and Accountability Fund is \$1.2 million, but revenue to the fund is estimated to be \$1.6 million.

#### **IT Academy**

Career and technical education programs prepare students to enter the workforce with the academic and vocational skills needed to compete successfully in the job market. There is growing demand in the job market for qualified individuals with skills in information technology (IT). As a result, the IT industry is partnering with states to provide education and training to high school students that leads to career and postsecondary education pathways.

The Executive recommends \$2.0 million to develop a contract between the Department and Microsoft to establish an IT Academy. The Microsoft IT Academy is a subscription-based membership program that gives students, teachers and support staff access to skills training and certifications. The program consists of Web-based training modules and instruction that enable students to master Microsoft applications. Through the program, students have the opportunity to earn certification as a Microsoft Office Specialist (MOS) or a Microsoft Certified Professional (MCP) by completing the Academy coursework and passing certification exams administered at registered testing sites across the state.

#### **Audit Unit**

Basic State Aid to school districts and charter schools, or Local Education Agencies (LEAs), makes up approximately 36% of the State's total General Fund budget. State Aid is based on average daily membership (ADM), which is reported by LEAs through the Student Accountability Information System. The ADM Audit Unit at the Department consists of 2.5 FTE and is responsible for performing audits on a selection of LEAs (238 districts, 390 charters) to verify compliance and validate computation of state funding. The Audit Unit is capable of conducting approximately eight audits per year, which includes less than half of the "hot leads" it receives and does not include LEAs that have not been forwarded by a lead. Many LEAs have never been audited by the Unit. If an audit determines an LEA to have overstated or understated ADM, auditors quantify the amount and adjustments are made to funding if necessary. The audit adjustment per auditor was \$573,000 in FY 2012. The Executive recommends \$392,800 to fund 4.5 FTE auditor positions. The additional auditors will increase the scope and quantity of audits, provide better guidance and customer service to schools, and deter potential fraud, waste and abuse.

#### **Accommodation Districts**

Accommodation districts are designed to serve either a military base or another facility that is not within the boundaries of a school district. They might also provide educational services to homeless children or offer other types of alternative education programs. Because funding for accommodation schools is largely consistent with funding for traditional schools, construction of accommodation schools is the responsibility of SFB.

In contrast to traditional schools, which receive capital funding through SFB, charter schools receive capital funding based on a per-pupil formula. The formula often causes charter schools to receive a higher funding level than traditional schools. SFB is not responsible for the construction or maintenance of charter schools.

The Executive recommends reclassifying accommodation districts as charter schools and increasing Basic State Aid to cover the increased costs associated with the charter school formula. With this change, counties will receive funding for their facilities based on the number of students enrolled in the charter schools. SFB will no longer be responsible for the construction of new accommodation schools. Therefore, the three current accommodation schools that have already been approved for construction, but where construction has not yet begun, will not be funded by the SFB.

## **School Finance Formula Simplification**

The equalization formula determines budget capacity, tax rates and State Aid for school districts. To calculate the base support level for a district, prior-year average daily membership (ADM) is multiplied by a weighted factor and by the statutorily determined support amount.

In addition to calculating the base support level, the formula incorporates funding for transportation, capital and soft capital. The formula's capital outlay revenue limit (CORL) component is for capital expenses but can be transferred to maintenance and operations to pay for salaries and benefits. CORL includes a per-pupil allocation and a high school textbook allowance.

Another component of the formula is the soft capital allocation (SCA), which can be used for a district's short-term capital expenses such as computers, technology, lab equipment, etc. Session law allows districts to use SCA funds on maintenance and operations as well.

To simplify the formula without creating any changes in funding level or spending authority, the Executive recommends consolidating CORL and SCA into one allocation. The new consolidated allocation, to be known as "Additional Assistance," will follow the same provisions as CORL in the existing formula.

#### **Baseline Recommendations**

## FY 2013 Basic State Aid Baseline Adjustment

The Executive recommends a baseline adjustment of (\$29 million) in FY 2014 due to lower-than-projected formula costs in FY 2013. FY 2013 projections are based on ADE payment data.

| Funding      | FY 2014    |
|--------------|------------|
| General Fund | (29,042.0) |
| Issue Total  | (29,042.0) |

#### **Enrollment Growth**

The Executive recommends a General Fund increase in FY 2014 for projected ADM growth of 0.8%. This includes a decrease of (0.2%) in school district ADM and 7.4% growth in charter school ADM. Statewide ADM declined in recent years as the economic crisis unfolded and population growth came to a halt. Population projections forecast stabilization and modest growth in the coming years, and student enrollment is expected to follow the same trend.

### **Inflation Adjustment**

The Executive recommends a General Fund increase in FY 2014 for a 1.8% inflation increase to school district transportation funding and charter school Additional Assistance. A.R.S. § 15-901 requires the Legislature to annually increase the base level or other components of the revenue control limit by the lesser of 2% or the change in the GDP price deflator for the prior calendar year. Transportation and charter school Additional Assistance have been the only factors increased for inflation in recent years. It would cost an additional \$87.2 million to increase the base support level for inflation in FY 2014.

### **Property Taxes from New Construction**

The Executive recommends a General Fund decrease of (\$59.1 million) in FY 2014 for a projected 2.5% increase in Net Assessed Value (NAV) due to new construction. Primary NAV is projected to decrease by (5.1%) in FY 2014, which includes a decrease of (7.6%) in existing property values and 2.5% growth from new construction. The NAV decline for existing property does not affect the General Fund share of formula funding, because Truth in Taxation requires the Qualifying Tax Rate be adjusted each year to offset changes in existing property values.

### **JTED QTR Offset**

The Executive recommends a General Fund increase to offset a reduction in QTR revenues at Joint Technical Education Districts (JTEDs) due to a projected decline in statewide property values. The 5¢ QTR levied in JTED member districts is not subject to Truth In Taxation and does not change with property values.

#### **Career Ladder Phase Out**

The Executive recommends a General Fund decrease of (\$7.2 million) for the phase-down of the Career Ladder program. The program provides increased expenditure capacity to participating districts to support performance pay. Originally 5.5%, the increase was limited to 3% in FY 2013. Pursuant to Laws 2011, Chapter 29, Section 32 (A), the Career Ladder program will continue to be phased down to 2% in FY 2014 and 1% in FY 2015 before being completely eliminated in FY 2016.

#### **Additional State Aid**

The Executive recommends a General Fund increase of \$6.3 million in FY 2014, which includes a baseline adjustment of \$19.5 million for higher-than-projected costs in FY 2013 and a decrease of (\$13.2 million) to adjust for property tax reforms enacted in Laws 2011, 2nd Special Session, Chapter 1. The (\$13.2 million) in adjustments include: \$4.8 million due to accelerated depreciation of business personal property; \$3.4 million for the phase down of the assessment ratio for class 1 personal property; (\$39.0 million) due to the limitation of the Homeowner's Rebate to primary residences; \$2.0 million to reimburse counties for costs associated with implementation of the Homeowner's Rebate reforms; and \$15.6 million for an increase in the Homeowner's Rebate percentage to offset class 1 and class 2 assessment ratio reductions.

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

# **Department of Emergency and Military Affairs**

The Department of Emergency and Military Affairs is divided into three programs: Administration, Emergency Management, and Military Affairs. The Administration program provides overall financial, contracting, personnel, and property management actions. Emergency Management prepares and coordinates emergency response plans for the State. Military Affairs contains the Army National Guard and Air National Guard, each of which develop, train, and sustain a military force for the protection of life and property, preservation of peace, maintenance of order, and public safety. It also administers the Joint Counter Narcotics Task Force.

# **Major Executive Initiatives and Funding Recommendations**

## **Restoration of Governor's Emergency Fund**

Currently, statute appropriates \$4.0 million to the Governor's Emergency Fund each year for liabilities incurred by the State because of declared emergencies. In recent fiscal years, session laws were enacted to reduce the statutory amount to \$2.9 million. The Governor's Emergency Fund currently has unpaid claims for eligible emergency expenditures of \$1.6 million.

The Executive recommends the full statutory appropriation of \$4.0 million for FY 2014 and FY 2015 to provide for emergency expenses of the State.

| Funding      | FY 2014 | FY 2015 |
|--------------|---------|---------|
| General Fund | 1,100.0 | 1,100.0 |
| Issue Total  | 1,100.0 | 1,100.0 |

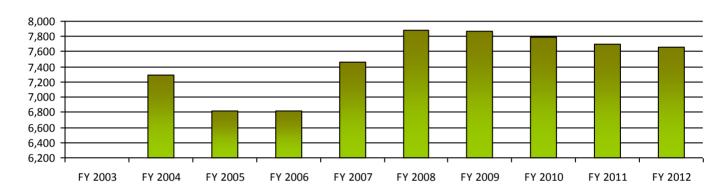

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

# **Major Executive Initiatives and Funding Recommendations**

#### **Restore WQARF Funding**

A.R.S. § 49-282(B) mandates that \$15.0 million of Corporate Income Tax revenue be deposited into the Water Quality Assurance Revolving Fund (WQARF) for cleanup of 36 designated sites. In FY 2008 and FY 2009, Corporate Income Tax revenue transfers were reduced to \$13.0 million; in FY 2010 through FY 2013, transfers were reduced to \$7.0 million due to the State's budget crisis. Restoration of full funding will allow the Department to more rapidly clean up hazardous waste sites around the state.

The Executive recommends reinstating the \$8.0 million deposit into WQARF over the next three fiscal years, beginning with an increase of \$2.7 million in FY 2014, followed by an increase of \$5.3 million in FY 2015.

| Funding      | FY 2014 | FY 2015 |
|--------------|---------|---------|
| General Fund | 2,666.7 | 5,333.4 |
| Issue Total  | 2,666.7 | 5,333.4 |

## **E-licensing**

The Department has recommended the development of an electronic permitting and record submission system in order to streamline processes, reduce the time required to grant permits, and improve overall customer satisfaction. For FY 2014, the Executive recommends transferring \$10 million from the DEQ Emissions Inspection Fund to the Automation Projects Fund at ADOA to help DEQ develop an electronic permitting system.

| Funding                       | FY 2014  | FY 2015 |
|-------------------------------|----------|---------|
| DEQ Emissions Inspection Fund | 10,000.0 | 0.0     |
| Issue Total                   | 10,000.0 | 0.0     |

# **Reinstatement of Recycling Program**

The Recycling Fund, which supports the Waste Control and Management Program, has an increasing balance that can support reinstatement of the recycling program that has been suspended since FY 2010 due to the State's budget crisis. The Executive recommends increasing the appropriation from the Recycling Fund and reinstating the recycling program mandated by A.R.S. § 49-837(B).

| Funding        | FY 2014 | FY 2015 |
|----------------|---------|---------|
| Recycling Fund | 1,000.0 | 1,000.0 |
| Issue Total    | 1,000.0 | 1,000.0 |

## **Eliminate Used Oil Fund Appropriation**

A transfer from the Underground Storage Tank Fund was the revenue source for the Used Oil Fund. The UST receives revenue from a \$0.01 excise tax on fuel which will expire on December 31, 2013. The Used Oil Fund will be empty by the end of FY 2013 and does not expect to receive any further revenue due to the expiration of the excise tax. There is no projected impact to the elimination of the appropriation as the Waste Control and Management Program at DEQ maintains oversight and activities formerly supported by the Used Oil Fund and described in A.R.S. § 49-818. The Executive recommends eliminating the Department's appropriation of \$138,900 from the Used Oil Fund in FY 2014 and FY 2015.

| Funding       | FY 2014 | FY 2015 |
|---------------|---------|---------|
| Used Oil Fund | (138.9) | (138.9) |
| Issue Total   | (138.9) | (138.9) |

# **Supplemental Recommendations**

## **Expenditure Adjustment**

| Funding       | FY 2013 |
|---------------|---------|
| Used Oil Fund | (1.1)   |
| Issue Total   | (1.1)   |

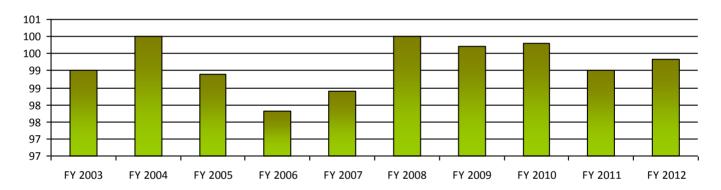

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

# **State Board of Equalization**

The State Board of Equalization (SBOE) is comprised of thirty-three members, thirteen appointed by the Governor, including the Chairman, and ten members from both Maricopa and Pima counties. The Board's jurisdiction is primarily over locally assessed real and personal property in Maricopa and Pima counties. Under A.R.S. §§ 42-14001 et al, the Board's authority extends to centrally assessed property statewide. The State Board of Equalization also can provide hearing officer services for outlying counties. Currently, the SBOE provides services to La Paz, Mohave, Navajo, Pinal and Yavapai counties. The Board, formerly Division I of the State Board of Tax Appeals, was created on August 1, 1995 through a consolidation of the appeals process.

The Executive recommends a lump-sum appropriation to the agency.

# **Board of Executive Clemency**

Each month the Board conducts parole hearings for inmates who have committed offenses prior to January 1994. Hearings include consideration for home arrest, work furlough, parole release, absolute discharge, rescission, modification, revocation (of both parole and community supervision), and absolute discharge from parole supervision. The Board also conducts clemency hearings which include commutation, pardon, and reprieve.

## **Major Executive Initiatives and Funding Recommendations**

### **Department of Financial Institution Restructure**

The Executive recommends restructuring the funds at the Department, with the objective of increasing fee transparency, improving operational efficiency, and utilizing more reliable funding sources.

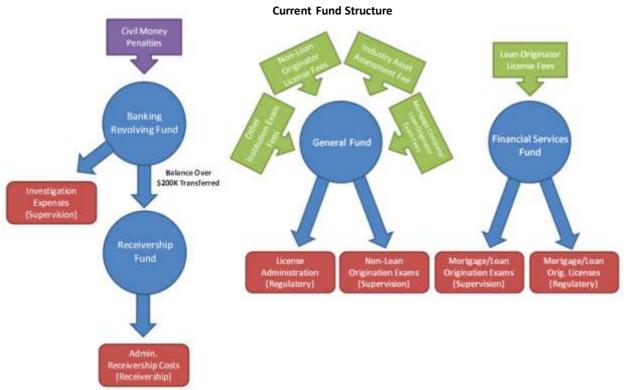

Creation of New Fund. A Financial Institutions Fund will be the main depository of all agency fees, except for mortgage recovery assessments. This will replace the old structure, under which most fees were deposited into the General Fund, from which the Department would receive an appropriation.

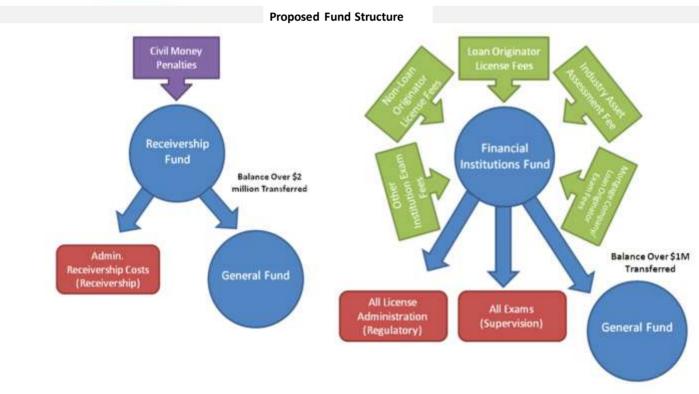

Elimination of Funds. The Financial Services and the Banking Revolving Fund would be eliminated. Currently, loan originator licensing fees are deposited into the Financial Services Fund, and civil money penalties are deposited into the Banking Revolving Fund. With the elimination of the funds, all of these fees would be deposited into the Financial Institutions Fund, and all Financial Services Fund fees would be deposited into the Financial Institutions Fund, along with appropriation authority to carry out loan originator licensing and examinations. In addition, civil money penalties would be deposited directly into the Receivership Fund.

Civil Money Penalties Will No Longer Be Available for Departmental Operations. Civil money penalties for department operations could represent a conflict of interest between the Department of Financial Institutions and its constituents. Moreover, these monies are an unreliable source of funding for operations. To ensure uninterrupted operations, appropriation authority would be increased in the newly created Financial Institutions Fund to offset the loss of access to these revenues.

Fund Balance Caps. Caps will be instituted on the new Financial Institutions Fund and the Receivership Fund of, respectively, \$1.0 million and \$2.0 million. This will provide adequate cash reserves for Department operations and prevent large cash balances from accumulating in the funds. Fund balances above the caps will be deposited into the General Fund.

| Funding                     | FY 2014 | FY 2015 |
|-----------------------------|---------|---------|
| Financial Institutions Fund | 0.0     | 0.0     |
| Issue Total                 | 0.0     | 0.0     |

### Shift Expenditures to the Financial Institutions Fund

The Executive recommends transferiring existing expenditures from the General Fund and Financial Services Fund to the new Financial Institutions Fund.

| Funding                     | FY 2014   | FY 2015   |
|-----------------------------|-----------|-----------|
| Financial Institutions Fund | 3,827.7   | 3,827.7   |
| Financial Services Fund     | (914.9)   | (914.9)   |
| General Fund                | (2,912.8) | (2,912.8) |
| Issue Total                 | 0.0       | 0.0       |

### **Appropriation Authority from Banking Revolving Fund**

The Executive recommends eliminating the Banking Revolving Fund and depositing into the Receivership Fund all civil money penalties currently being deposited into the Banking Revolving Fund. To ensure continuity of operations, the monies used in the Banking Revolving Fund must be offset by an appropriation from the Financial Institutions Fund. The appropriation will fund outside financial investigators, Attorney General legal services, four financial institution examiners and other operating and equipment needs that were previously funded from the Banking Revolving Fund.

| Funding                     | FY 2014 | FY 2015 |
|-----------------------------|---------|---------|
| Financial Institutions Fund | 1,017.4 | 1,011.4 |
| Issue Total                 | 1,017.4 | 1,011.4 |

### **E-licensing System Non-appropriation Authority Transfer**

The Department began updating its e-licensing system using non-appropriated monies in FY 2013 after it became clear that their current system was outdated and not adequate to handle a large increase in loan originator licensees. As part of the Executive's recommendation to restructure the Department funds, the Banking Revolving Fund will be eliminated. The Executive recommends transferring \$850,000 of the non-appropriated funds to the Financial Institutions Fund and appropriated for FY 2014 for the Department to complete the renovation of its e-licensing system.

| Funding                     | FY 2014 | FY 2015 |

| Financial Institutions Fund | 850.0   | 0.0     |
| Issue Total                 | 850.0   | 0.0     |

#### **Baseline Recommendations**

### **Remove One-Time Equipment Costs**

The Executive recommends the elimination of one-time FY 2013 funding of equipment.

# Department of Fire, Building and Life Safety

The Department of Fire, Building and Life Safety enforces safety standards for public buildings, manufactured homes, mobile homes, and factory-built buildings. The Department is comprised of the Office of Manufactured Housing and the State Fire Marshal.

The Office of Manufactured Housing licenses and regulates the production and ownership of manufactured housing; administers funds paid by manufacturers, mobile home park owners and residents; and administers funds reserved for claims filed against the payers or for involuntary relocation. Additionally, it acts on behalf of the Federal Department of Housing and Urban Development in the implementation and enforcement of regulations regarding manufactured and mobile homes in Arizona.

The State Fire Marshal enforces the State Fire Code through the inspections of schools and public buildings and enforces the Fire Safety Complaint Cigarettes and Fireworks Sales laws.

## **Major Executive Initiatives and Funding Recommendations**

#### Fee Revenue Allocation

The fees that the Department collects for Fire Marshal inspections and the licensing of mobile home manufacturers are currently deposited into the General Fund. While the Manufactured Housing Board and State Fire Committee have the ability to raise fees to cover costs for regulation of their respective industries.

Due to the loss of federal funding, the Department must shift operating costs to other sources. In order to preserve current review times for fire alarm systems, construction, and building plans by the State Fire Marshal and Office of Manufactured Housing, the fees for review were increased beginning in FY 2012. These new revenues are currently deposited in the General Fund.

The Executive recommends the creation of the Building and Safety Regulation Fund and statutory changes to deposit fees collected by the Department into the new fund. An appropriation of \$1.3 million is recommended from the fund to cover the cost of operations for the State Fire Marshal and Manufactured Housing programs.

## **State Forester**

The Forestry Division provides for the prevention and suppression of wildfires on 22.4 million acres of state and private unincorporated lands through the use of local fire departments, state and federal agencies and other persons organized to prevent and suppress wildfires. The division also maintains in-house firefighting capabilities through the qualifications of its own employees.

#### **Main Points of Executive Recommendations**

|                              | FY 2014 | FY 2015 |
|------------------------------|---------|---------|
| Computer Replacement Program | 71.3    | 71.3    |
| Total                        | 71.3    | 71.3    |

### **Major Executive Initiatives and Funding Recommendations**

#### **Capital Outlay**

The Executive recommends an increase to the Department's capital outlay appropriation for construction related to hazard classification compliance at the Black Canyon Dam. The original contractor failed to complete the project. While the performance bond will cover the amount of the original contractor's bid, the follow-up contractor's bid was not as low as the defaulting contractor.

| Funding            | FY 2014 | FY 2015 |
|--------------------|---------|---------|
| Game and Fish Fund | 0.0     | 0.0     |
| Issue Total        | 0.0     | 0.0     |

#### **Computer Replacement Program**

The Executive recommends funding to achieve a four-year life cycle for all of the Department's personal computers. Currently, not all personal computers are replaced on a four-year life cycle, and it is difficult to load newer software on older computers. The cost to maintain these older computers is also higher. In order to increase efficiency, the Department aims to put all current personal computers on a four-year renewal cycle.

| Funding                   | FY 2014 | FY 2015 |
|---------------------------|---------|---------|
| Watercraft Licensing Fund | 6.3     | 6.3     |
| Game and Fish Fund        | 65.0    | 65.0    |
| Issue Total               | 71.3    | 71.3    |

#### **Baseline Recommendations**

#### **Waterfowl Conservation Projects**

The Executive recommends funding to further develop waterfowl habitat conservation, research, and management throughout the State. Current revenues to the fund exceed its appropriation level. This increased funding will help to expand the Department's current efforts in these areas.

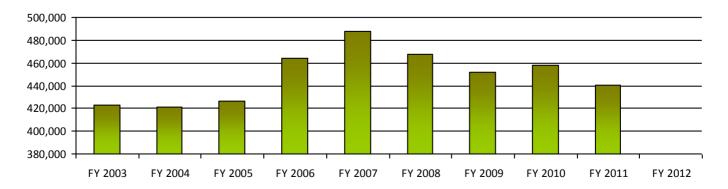

| Funding                     | FY 2014 | FY 2015 |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The Executive recommends a lump-sum appropriation to the agency with special lines.

# **Department of Gaming**

The Department of Gaming is responsible for enforcing Arizona's gambling laws. This includes enforcement of Arizona's illegal gambling laws (A.R.S. Section 5-602.J) and regulating and monitoring tribal compliance with the Tribal-State gaming compacts including their responsibilities concerning the nature, extent, and conduct of gaming activities; public health, safety, and welfare; and other operational requirements. The Department also conducts background investigations of all prospective gaming employees, management contractors, providers of gaming services, and manufacturers and distributors of gaming devices in order to ensure that unsuitable individuals or companies are not involved in Arizona's gaming industry.

#### **Main Points of Executive Recommendations**

|  | FY 2014 | FY 2015 |
|--|---------|---------|
| Increase appropriation to nine percent | 800.4   | 1,167.4 |
| Total                                  | 800.4   | 1.167.4 |

#### **Major Executive Initiatives and Funding Recommendations**

#### **Increase Appropriation-Problem Gambling**

The Gaming Compacts allow the Department of Gaming to use 2 percent of gaming revenues for problem gambling. The Department utilizes these monies to fund treatment for problem gamblers, operate a 24/7 helpline, and provide information to the public on compulsive gambling. The Department projects that, for FY 2014 and FY 2015, there will be more money available for problem gambling programs. The Executive recommends an increase of \$210,200 in FY 2014 and \$311,300 in FY 2015 from the Arizona Benefits Fund.

| Funding               | FY 2014 | FY 2015 |
|-----------------------|---------|---------|
| Arizona Benefits Fund | 210.2   | 311.3   |
| Issue Total           | 210.2   | 311.3   |

#### **Increased Appropriation- Department Operations**

The Gaming Compact allows the Department of Gaming to use the greater of \$8 million or 9 percent of gaming revenues for operations. With the opening of the new Twin Arrows Casino (Navajo Nation) in 2013, the Department is anticipating increased revenue. The Executive recommends an increase of \$800,400 in FY 2014 and \$1.3 million in FY 2015 to provide the Department an appropriation of 9 percent of gaming revenues.

| Funding               | FY 2014 | FY 2015 |
|-----------------------|---------|---------|
| Arizona Benefits Fund | 800.4   | 1,167.4 |
| Issue Total           | 800.4   | 1,167.4 |

## Office of the Governor

The Governor serves as the Chief Executive Office of the Arizona state government. The Constitution provides that the Governor shall be the Commander-in-Chief of Arizona's military forces and authorizes the Governor to grant reprieves, commutations, and pardons, pursuant to law. The Governor is also responsible for making appointments to positions in state government pursuant to law, representing Arizona in official dealings with other governmental entities, taking action on bills approved by the Legislature, and informing the public on issues affecting the state.

## **Major Executive Initiatives and Funding Recommendations**

### **Common Core Standards Implementation**

In 2010, Arizona joined 45 states and the District of Columbia in adopting the Common Core State Standards to provide a consistent set of internationally benchmarked English language arts and mathematics standards that prepare all students for college and career.

The Partnership for Assessment of College and Career (PARCC) is a state consortium made up of 23 states (including Arizona) working together to develop a common set of assessments in English language arts and math that align with the Common Core. The Web-based assessments will measure student progress in grades 3 through 11 and are scheduled for full administration in the 2014-2015 school year.

A statewide effort to prepare for the more rigorous standards and assessments is underway, and the Executive is committed to supporting this transition. The transition to the new standards and the PARCC exams will require a coordinated statewide professional development effort. The Department of Education (ADE) has partnered with the Regional Centers to provide training and professional development aligned to the Common Core. Additional resources are needed to provide statewide access to mentors and materials that can target training to subject area and grade level.

The Executive recommends \$1.5 million to the Governor's Office of Education Innovation to fund master teachers at the Regional Centers. The master teachers will work in coordination with (ADE), Education Service Agencies, districts and charters to support teacher training and professional development aligned to the Common Core.

# **Department of Health Services**

The Arizona Department of Health Services is a state government agency dedicated to promoting, protecting, and improving the health and wellness of individuals and communities in Arizona. In 1974 The Arizona Department of Health Services (ADHS) was created by consolidating several agencies into a single department with a variety of responsibilities. These areas included maternal and child health programs, communicable disease control, laboratory services, environmental health, behavioral health services and other programs to protect public health and safety.

Today ADHS is responsible for statewide public health services, including the Arizona State Laboratory, epidemiology & disease control, emergency medical services/trauma, public health emergency preparedness & response, public health statistics, vital records, border health, children with special health care needs, health systems development, minority health, chronic disease prevention & nutrition, oral health, tobacco education, and women's & children's health; behavioral health services, including general mental health services, substance abuse treatment & prevention services, services for the seriously mentally ill, title XIX/XXI adults and children, non-Title XIX/XXI adults and children, contract compliance, consumer rights, and quality management; the Arizona State Hospital, including adult civil services, adult forensic services, and the Arizona Community & Protection Treatment Center; and the licensing and certification of health care and child care facilities.

### **Main Points of Executive Recommendations**

|   | FY 2014 |
|---|---------|
| Electronic Medical Records for Arizona State Hospital | 4,450.0 |
| Division of Licensing Fund Consolidation              | 402.1   |
| Additional Funding for Alzheimer's Research           | 1,375.0 |
| Additional Funding for TGen                           | 2,500.0 |
| Total   | 8,727.1 |

## **Major Executive Initiatives and Funding Recommendations**

#### **Electronic Medical Record**

The Arizona State Hospital (ASH) utilizes a paper file system in conjunction with an electronic medical record (EMR) system for patient records. The EMR system was brought online in 1998 and no longer functions at full capacity. The Department has evaluated potential replacement systems and determined that the optimal solution would be to utilize the same system as the Maricopa Integrated Health System (MIHS) through an intergovernmental agreement. Utilizing MIHS's program will allow the Department to comply with the U.S. Department of Health and Human Services' Office of the National Coordinator for Health Information Technology rules for 2014, requiring the transmission of patient information to and from other providers. The Executive recommends \$2.7million for onetime start-up costs, equipment and annual licensing requirements and \$1.7 million for on-going costs.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 4,450.0 |
| Issue Total  | 4,450.0 |

### **Consolidating Licensing Funds**

The Department's Division of Licensing licenses medical, child care, behavioral health, long-term care and assisted living facilities, as well as midwives and hearing and speech professionals. The Division operates out of two funds, Health Services Licensing Fund and Hearing and Speech Professionals Fund. The Executive recommends eliminating the Hearing and Speech Professionals Fund and transferring the appropriation and remaining balance to the Health Services Licensing Fund. Additionally, the Executive recommends increasing the Health Services Licensing Fund appropriation back to FY 2012 levels.

| Funding                               | FY 2014 |
|---------------------------------------|---------|
| Hearing and Speech Professionals Fund | (309.9) |
| Health Services Licenses Fund         | 712.0   |
| Issue Total                           | 402.1   |

#### Alzheimer's Research

Arizona Alzheimer's Consortium receives \$1.1 million for Alzheimer's research. Of this amount, \$1 million is from Tobacco Tax money granted through the Arizona Biomedical Research Commission, and \$125,000 is from the Agency's operating lump sum. The Executive recommends increasing this amount to \$2.5 million, with a General Fund increase of \$1.4 million

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 1,375.0 |
| Issue Total  | 1,375.0 |

### **TGen Funding**

The Translational Genomics Research Institute (TGen) received a \$4.1 million grant from the Arizona Biomedical Research Commission in FY 2013. To ensure funding for TGen continues, the Executive recommends \$2.5 million General Fund for continued research efforts.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 2,500.0 |
| Issue Total  | 2,500.0 |

### **Baseline Recommendations**

### **ACA Mandatory Costs**

The Executive has produced separate forecasts for the Behavioral Health Services State Match for Title XIX and the costs due to mandatory elements of the federal health care reform bill, or Affordable Care Act (ACA).

- \* ACA mandates include an expansion of coverage for children up to 133% of the federal poverty level (ACA also includes a 5% income disregard, making the top level effectively 138%).
- \* The Executive believes that a provision of ACA often referred to as "the mandate" that taxes persons not carrying insurance, as well as the publicity surrounding the ACA implementation, will produce a significant "woodwork" effect causing those already eligible for AHCCCS to join the program.
- \* ACA includes a 1.3% tax on insurers, including Medicaid providers, that will be passed on as AHCCCS costs.
- \* ACA has modified the way in which Medicaid will handle member redeterminations, which will likely result in members staying on continuously rather than dropping from and returning to the program.
- \* There is a requirement that primary care physicians be reimbursed by Medicaid at Medicare rates (which are generally higher). While the federal government is paying 100% of the necessary increases from rates in effect on July 1, 2009, the State has to pay state match to restore, for primary care physicians, a series of provider rate cuts that were made during the recession.
- \* These cost increases are partially offset with the ACA's extension to managed care systems of a mandated rebate from prescription drug manufacturers to state Medicaid programs.

In FY 2014, the Executive believes that the net effect of these mandates on the General Fund needs of the State is \$20.9 million, including both AHCCCS and the Department of Health Services. However, as all of the Prescription Drug Rebate savings (or rather cost offsets) are allocated to AHCCCS, the AHCCCS portion is actually a (\$5.5 million) savings and DHS is an increase of \$26.4 million.

| Funding      | FY 2014  |
|--------------|----------|
| General Fund | 26,362.1 |
| Issue Total  | 26,362.1 |

#### **BHS State Match TXIX**

The Department is responsible for providing behavioral health services to Title XIX-eligible clients. These services, for both children and adults, are federally mandated and require the State match to be paid through a capitation rate. The amount the State is required to match is based on the Federal Medical Assistance Percentage (FMAP), which also determines how much the federal government will contribute each year. For FY 2014, the proposed rate will be 67.59 percent, and the total eligible population is projected to decrease by 1.6 percent. The Executive recommends capturing the savings from the decrease in population, backfilling the shortfall in Tobacco Tax revenues, annualizing the April 2012 provider rate increase, and providing a 3 percent capitation rate increase.

| Funding                          | FY 2014    |
|----------------------------------|------------|
| AZ Long-Term Care System Fund    | (1,379.6)  |
| Tobacco Tax and Health Care Fund | (2,296.9)  |
| General Fund                     | (18,545.3) |
| Issue Total                      | (22,221.8) |

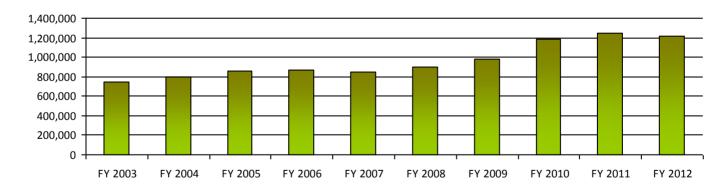

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

The Executive recommends a modified lump-sum appropriation by program with special lines.

# **Governor's Office of Highway Safety**

The Office of Highway Safety develops the Arizona Highway Safety Plan (HSP) through annual problem identification and analysis of traffic records, citations, convictions, judicial outcome, incarcerations, assessments, screening, treatment, prevention, and surveys. The Office serves as a means for the reduction of traffic crashes, deaths, injuries, and property damage resulting from accidents on public roads by developing, promoting, and implementing effective education and enforcement programs geared towards ending preventable crashes and reducing economic costs associated with vehicle use and highway travel.

# **Arizona Historical Society**

The Arizona Historical Society (AHS) is a membership and government supported, nonprofit, state agency. It is governed by a membership-elected board representing each county in the state. Museums are located in Flagstaff, Tempe, Tucson, and Yuma. The Society museums maintain extensive library and archival collections used by a diverse general audience. The Society produces the Journal of Arizona History and various historical books. The AHS Board develops the biennial budget and authorizes and approves all expenditures. The Administrative Division provides finance, budget, personnel, and management support to each of the divisions. AHS certifies and supports 63 local historical societies in preserving and disseminating Arizona history. The Society also supports other board-approved community activities.

### **Museum Attendance**

Attendance numbers for FY 2011 and FY 2012 include the attendance from the Centennial Museum. Operation of the museum was changed from the Arizona Department of Mines and Mineral Resources to the Arizona Historical Society in Laws 2010, Chapter 227.

## **Agency Expenditures**

(in \$1,000s)

\$1.7 million was appropriated in FY 2011 for the purpose of paying a one-time lease purchase balloon payment for the Papago Park Museum. In FY 2012, operations of the Centennial Museum, along with 1 FTE and \$589,000, were transferred from the Department of Mines and Mineral Resources to the Arizona Historical Society.

# **Prescott Historical Society of Arizona**

The Prescott Historical Society operates the Sharlot Hall Museum, which was founded in 1928 and is located on the grounds of the first territorial governor's residence and offices. The nearly four acre landscaped campus includes seven restored historic structures, featuring the territorial Governor's Mansion (1864) and the Victorian-era Bashford House (1877). A modern Museum Center (1977) hosts changing exhibits, historic theater, artifacts storage of extensive historic and prehistoric objects. A large Archive- Library, in an adjacent state of the art structure built in 1993 houses approximately 100,000 images and documents. A branch museum at the VA Center interprets the history of Ft. Whipple. Public programs include the annual Folk Arts Fair, Prescott Indian Art Market, Folk Music Festival, Territorial Christmas, and perdiocial musical and theaterical historical productions, historical reenactments in both indoor and outdoor settings, heritage gardens, lecture series, and education tours as well as outreach opportunities for children and adults.

# **Board of Homeopathic Medical Examiners**

The Board of Homeopathic and Integrated Medicine Examiners regulates the practice of homeopathic medicine in Arizona. Homeopathy is a form of alternative medicine in which the fundamental premise for treatment is the belief that diseases are cured by medicines, given in tiny doses, that create symptoms similar to those the patient is experiencing, triggering the body's natural immune reactions. The Board reviews and examines the education, experience, and background of applicants to determine if they possess the qualifications required by law to practice homeopathic medicine and any of the subspecialties within the scope of practice. Licensees renew their licenses and dispensing permits annually and provide updated information about the nature of their practices. Upon receipt of complaints against licensed homeopathic physicians, the Board conducts investigations and holds hearings, taking disciplinary action as necessary to protect the public safety. The Board also registers homeopathic medical assistants that work under the supervision of licensed homeopathic physicians within Arizona. Homeopathic medical assistants renew their registrations annually every December. Physician licenses are renewed every year on the initial month of licensure.

In 2011 the legislature expanded the Board's scope of regulation to include homeopathic doctors who will practice classical homeopathy and nutrition. The first homeopathic doctors will be licensed in January, 2015.

# **Arizona Department of Housing**

The Arizona Department of Housing provides housing and community revitalization to benefit the people of Arizona by addressing unique and changing housing needs in this state. When adequately housed, individuals, families, and communities flourish; without adequate housing, every aspect of life suffers as a result, including health, education, and the entire welfare of the community. Many of society's ills begin with and are exacerbated by poor housing choices and deteriorated neighborhoods. As Arizona continues to grow and the economic and housing needs of its population evolve, the Department is in a position to recognize changing market conditions and to respond throughout the state. Creative solutions are developed to be responsive to both rural and urban housing issues, and much of the Department's focus is on assisting Arizona's most vulnerable populations, who through no fault of their own, are challenged with finding decent, suitable housing. The Department is working toward sustaining current initiatives and simultaneously maintaining the flexibility to respond to new demands for affordable housing. The Department primarily administers federal funding to promote housing and community development activities as well as provides expertise and technical assistance to address these issues. Primarily, the Department works as a funding and financing pass-through agency, with community partners providing the bulk of the hands-on assistance in actually delivering the programs and resources entrusted to the agency. ADOH's partners include local governments, including counties, cities, and towns, tribal governments, public housing authorities, non-profit social service agencies, and forprofit and non-profit housing developers.

With a Federal budget of approximately \$100 million annually, as well as hundreds of millions of dollars worth of Federal tax credits and bonding authority in its tool belt, the Department and its rural bonding partner, the Arizona Housing Finance Authority ("AzHFA"), are available to assist with many of the most pressing housing and community development needs in the state. The agency receives no State General Fund monies for its operations and only a small amount of State Housing Trust Funds (\$2.5 million annually) helps provide its required Federal match.

In 2010, the agency added a third entity to its partnership – when the Arizona Home Foreclosure Prevention Funding Corporation ("AHFPFC"), a non-profit corporation, was established to meet the requirements for accepting the U.S. Department of the Treasury's mortgage foreclosure assistance award of \$267 million, which is available to the state through 2017. While the day-to-day administration of the non-profit's mortgage foreclosure program is handled by the Department, its resources are not a part of the state's budget per requirements of the U.S. Department of the Treasury.

# **Independent Redistricting Commission**

The Independent Redistricting Commission was established with the approval of Proposition 106 by voters in November 2000. The Commission has five members, four of whom are selected by the House and Senate majority and minority leadership. The final number is selected by the other four members and cannot be registered with a political party already represented on the Commission. The five-member Commission is responsible for redrawing Arizona's congressional and legislative district boundaries based on the decennial census.

The Executive recommends a lump-sum appropriation to the agency.

## **Industrial Commission of Arizona**

The Industrial Commission is a regulatory agency that was created in 1925 to oversee the state workers' compensation system. While the Commission is still responsible for its original charge, its role over the years has expanded to include other labor-related issues, including minimum wage laws; occupational safety and health; youth employment laws; resolution of wage related disputes; licensing of employment counseling and talent agencies; vocational rehabilitation; and providing workers' compensation benefits to claimants of uninsured employers, insolvent carriers, and bankrupt self-insured employers.

The Executive recommends a lump-sum appropriation to the agency.

# **Department of Insurance**

The Arizona Department of Insurance ("ADOI") is Arizona's state government agency dedicated to overseeing the financial solvency of insurance companies and protecting insurance consumers through administering insurance laws, responding to the needs of insurance purchasers, and stimulating the insurance market by encouraging competition. ADOI was established as an independent agency in 1954. Continued positive economic development of the insurance market through insurers and licensed insurance professionals depends upon Arizona insurance consumers having confidence in the industry's strength. The ADOI licenses insurance companies ("insurers"), insurance professionals (such as insurance producers, adjusters, surplus lines brokers), and a variety of other insurance-related entities, ensuring that only individuals and business entities that meet qualifications established in Arizona law are allowed to engage in insurance business in Arizona; monitors and promotes the financial soundness of insurers operating in Arizona and makes sure that insurers deliver on the promises they make in their insurance contracts with consumers; protects insurance consumers against unfair and illegal marketing, underwriting, and claims handling; assists consumers with insurance-related questions and problems; investigates insurance fraud (which inflates the cost of insurance); oversees the development of the captive insurance industry; and, annually collects over \$400 million in insurance premium taxes, license fees, and other revenues that benefit the General Fund.

### **Major Executive Initiatives and Funding Recommendations**

## **Increase in Insurance Plan Reviews**

Beginning in 2014, the Patient Protection and Affordable Care Act (PPACA) will require insurance companies to alter the benefits they offer under insurance policies. Arizonans will be able to use a health insurance exchange to apply for public benefits, tax credits and cost-sharing subsidies and to purchase insurance. Health insurance products ("plans") in the exchange will be (a) required to offer benefits that meet specified standards, and (b) categorized into one of five levels of coverage. The Department will need to review all new health insurance plans entering the health insurance exchange, as well as review existing insurance products that may be altered by insurance companies. The Executive recommends an appropriation for the addition of 1.0 FTE position to review additional rate and form filings emanating from changes required by the PPACA.

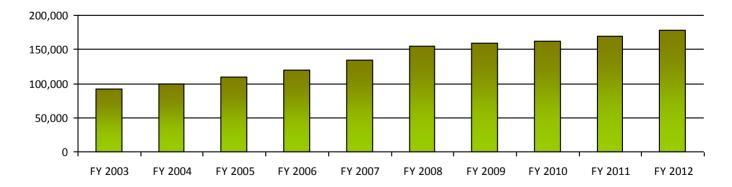

| Funding      | FY 2014 | FY 2015 |
|--------------|---------|---------|
| General Fund | 0.0     | 47.2    |
| Issue Total  | 0.0     | 47.2    |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

# **Judiciary**

The Arizona Judicial Branch is an integrated, but decentralized, judicial system implementing its constitutional and statutory responsibilities throughout all levels of government - state, county, and city. The Judicial Branch consists of the Supreme Court, Court of Appeals, Superior Court, and limited jurisdiction (municipal and justice of peace) courts. The Arizona Constitution provides for the administrative supervision over all courts to rest with the Chief Justice of the Supreme Court. The Administrative Office of the Courts is charged with assisting the Chief Justice in discharging his/her administrative duties. The Arizona Judicial Council, created in 1990, assists the Supreme Court and the Chief Justice in developing and implementing policies and procedures designed to accomplish the integration of the court system pursuant to the Court's constitutional mandate.

#### **Baseline Recommendations**

### **Superior Court Judge: Mohave Division 7**

Superior Court judges receive an annual salary, pursuant to A.R.S. § 41-1904, payment of which is shared equally by the State and the respective counties. In FY 2013, the Governor filled a new judgeship in Mohave County effective April 2013.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 117.4   |
| Issue Total  | 117.4   |

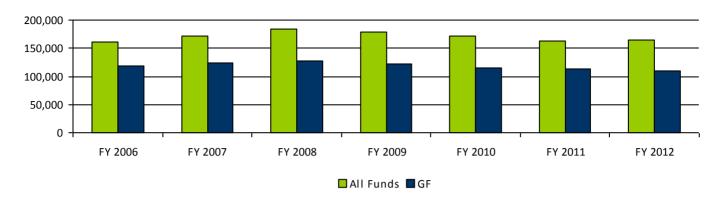

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

#### **Baseline Recommendations**

#### **Juvenile Education Fund Revenue Alignment**

The Executive recommends a decrease in FY 2014 from the State Education for Committed Youth Fund to bring the appropriation closer to expected revenues.

| Funding                                       | FY 2014 |

The Executive recommends a lump-sum appropriation to the agency.

# **State Land Department**

The State Land Department was established in 1915 to manage the State Trust lands on behalf of the thirteen beneficiaries of that Trust, as established by the State Enabling Act and State Constitution. Each of the approximately 9.3 million acres of land is assigned to one of the beneficiaries, the largest of which is the state's common schools. The Department works to sustain the long-term value for the Trust's beneficiaries by administering, selling, and leasing the State's Trust lands and natural products. The Department also administers the State's Natural Resource Conservation District Program, which involves funding and technical assistance for 32 districts across the State. The Department provides navigability studies to the State's Navigable Streambed Adjudication Commission and staffs the Governor-appointed State Land Board of Appeals. The Commissioner serves as the State Cartographer and the Surveyor-General and the Department provides statewide geological information system services including development and sharing of data layers through the Arizona Land Resources Information System program.

### **Major Executive Initiatives and Funding Recommendations**

#### **NRCD Funding**

Natural Resource Conservation Districts (NRCDs) receive funding from the General Fund and the Environmental Special Plates Fund, which receives revenues from the sale of a specialty license plate. Revenue from the sale of these plates is on a steady decline, and expenditures are expected to exceed the available fund balance beginning in FY 2014. The Executive recommends aligning expenditures with expected revenues for FY 2014 and FY 2015.

| Funding                          | FY 2014 | FY 2015 |
|----------------------------------|---------|---------|
| Environmental Special Plate Fund | (108.0) | (117.0) |
| Issue Total                      | (108.0) | (117.0) |

### **Operating Funding Source**

In FY 2010, the Trust Land Management Fund (TLMF) was created in an effort to transition the State Land Department to a self-funding structure. The transition was to be achieved by retaining up to 10% of permanent fund receipts for deposit into the TLMF, in addition to other fee revenues collected by the Department.

A lawsuit challenged the diversion of these monies and sought to bar the Department from using the sales proceeds portion of the TLMF for operational purposes. On January 9, 2013, the Arizona Supreme Court ruled that the planned diversion of the sales proceeds and their use by the Department for operational purposes is unconstitutional.

While the litigation was pending, the State funded the Land Department from the Risk Management Revolving Fund. In the wake of the Supreme Court's ruling, the Executive recommends shifting operational funding from the Risk Management Revolving Fund to the General Fund.

| Funding                        | FY 2014    | FY 2015    |

#### **Baseline Recommendations**

#### **CAP Water Rights Fees**

Under a subcontract with the Central Arizona Water Conservation District (CAWCD), the State holds rights to 32,076 acre-feet of Central Arizona Project water that benefits State Trust lands. The Department is responsible for capital charges on the rights. Based on the CAWCD Board's projections for FY 2014 and FY 2015, rates will increase by \$1.00 per fiscal year. The Executive recommends an increase to the CAP User Fees special line appropriation to accommodate increases in the user fee rate.

| Funding      | FY 2014 | FY 2015 |
|--------------|---------|---------|
| General Fund | 32.1    | 64.2    |
| Issue Total  | 32.1    | 64.2    |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

#### **Consolidation of Agency Functions**

The Law Enforcement Merit System Council has various statutory responsibilities relating to the Department of Public Safety (DPS), including establishing a classification and compensation plan, selection standards for promotion and retention, a performance appraisal system, and hearing employee grievances and appeals of disciplinary actions. The Council operates with two employees. The Business Manager is a DPS employee and is compensated by DPS. The other employee is an Administrative Services Officer, paid by the Council. Both employees are part of the DPS personnel system. The Council currently operates in DPS space and receives various office materials at no charge from DPS.

The Executive recommends consolidating the Law Enforcement Merit System Council with DPS in FY 2014 and FY 2015. The Executive recommends a decrease from the General Fund in FY 2014 and FY 2015 to accomplish this consolidation.

The Executive recommends a lump-sum appropriation to the agency.

# **Auditor General**

The Auditor General is appointed by the Joint Legislative Audit Committee and approved by a concurrent resolution of the Legislature. By law, the Auditor General is required to express an opinion on the financial statements of audited entities, and determine compliance with applicable federal and Arizona laws and conduct comprehensive performance evaluations of state agencies and the programs they administer. In addition, the Auditor General is required to conduct performance audits of school districts and monitor the percentage of dollars spent in the classroom. Beginning in fiscal year 2006-2007, the Legislature appropriated monies for the Auditor General to conduct performance and financial audits of English Language Learner programs.

#### **Lottery Distribution Changes**

The Lottery's beneficiaries include the following: Debt Service, Game and Fish, Healthy Arizona, Maricopa Mass Transit, Homeless Shelters, Arizona Competes, University Capital, and the General Fund. The General Fund receives distributions at three different points of the distribution flow.

The Executive recommends adding a distribution, to the ten counties with populations under 200,000 per the 2010 U.S. Census, of \$5.5 million, or \$550,000 each. This distribution will come before the distribution for University Capital. The Executive also recommends adding a \$2 million distribution to State Parks for capital improvement projects. This distribution will come before the second General Fund distribution, and that distribution will be decreased by \$2 million. No subsequent beneficiaries in the distribution will be affected.

#### **Product Development Assistant**

The complexity of the instant and drawing games has increased significantly over the past five years, requiring staff with advanced skills that are difficult to find or replace. The Commission has only one person who manages the instant ticket product line and, with the help of a technical position, coordinates the entire design, printing and delivery of tickets, as well as oversight of multi-million-dollar printing contracts.

Laws 2010, Chapter 126 required the Lottery to offer new instant pull-tab games specifically to benefit charitable organizations. The development and support of these games created additional workload without additional funding. The Executive recommends 1.0 FTE position for a Product Development Assistant.

| Issue Total  | 53.1    | 51.6    |

#### **Technology Productivity Upgrades**

The Commission currently relies on outdated and, in some instances, manual processes. The outdated, error-prone and time-consuming methods are impractical and inefficient. The Commission is in the Project Investment Justification (PIJ) process with the Department of Administration. Once that process is complete, the Executive will recommend funding Lottery IT projects through ADOA's Automation Projects Fund.

#### **Adjusted Revenue Estimates**

The Lottery's special line items for instant tickets, online vendor fees, retailer commissions and charitable commissions have appropriations that are percentages of sales. As sales estimates change, the estimated appropriations must change accordingly.

The Executive recommends a lump-sum appropriation to the agency with special lines.

# Arizona Medical Board

The Agency staff supports two Boards – the Arizona Medical Board which licenses and regulates allopathic physicians, and the Arizona Regulatory Board of Physician Assistants which licenses and regulates physician assistants. The Agency processes applications for licenses, handles public complaints against licensees, and disseminates information pertaining to licensees and the regulatory process. The two Boards determine and administer disciplinary action in the event of proven violations of their respective practice acts. Together, the two Boards regulate over 24,000 licensees.

# **State Mine Inspector**

The State Mine Inspector is a statewide elected constitutional officer and the director of the Office of the State Mine Inspector. This Office enforces statutes, rules and regulations applicable to mine safety, health, explosives and land reclamation. The Office inspects the health and safety conditions and practices at active mining operations; investigates mine accidents, employee and public complaints; and conducts federally-certified miner and instructor safety training. In 2007, the Office administered \$14.5 million in reclamation financial assurance and enforces the Mined Land Reclamation laws, rules and regulations for the restoration of disturbed lands to a safe and stable environmental condition. The Office promotes public safety regarding abandoned mines by "Stay Out Stay Alive" promotions, presentations and publications; complaint investigations; mine owner compliance notifications; and identification, hazard assessment, prioritization, posting and securing of safety hazards. The Office issues permits, licenses and certificates for elevators and electrical connections, and monitors the manufacturing, storing, selling, transferring and disposal of all explosives or blasting agents.

# **Naturopathic Physicians Board of Medical Examiners**

The agency regulates both naturopathic physicians and massage therapists, each overseen by a Governor-appointed board. The Naturopathic Physicians Medical Board regulates the naturopathic field of medicine, which uses various methods to treat patients including nutritional supplements, herbal medicine, homeopathy, pharmaceuticals, and lifestyle counseling. The Board regulates physicians who engage in the practice of naturopathic medicine, including certification of those in specialty practice. Further, the Board certifies graduates and medical students to engage in internship, preceptorship, and postdoctoral training programs and certifies medical assistants and approves clinical training programs for medical students. Finally, the Naturopathic Board certifies naturopathic physicians to dispense natural substances, drugs, and devices from their offices and conducts investigations and hearings into allegations of medical incompetence and unprofessional conduct.

The Board of Massage Therapy regulates and licenses massage therapists by recognizing a national examination, establishing rules, and conducting investigations and hearings into allegations of incompetence and unprofessional conduct.

# **Arizona Navigable Stream Adjudication Commission**

The State of Arizona did not determine ownership of and title to the beds of any of the 39,039 rivers and streams at the time of statehood and as a result, as many as 100,000 property titles remain clouded. Before ownership can be determined, it must be established if any of Arizona's waterways are navigable. This is because the portion of a streambed that is navigable is owned only by the State. The Commission is charged with gathering evidence, holding hearings, and making final determinations regarding navigability of the 39,039 streams and rivers in Arizona as of February 14, 1912. The Commission's work is presently scheduled to be completed by June 30, 2016.

# **State Board of Nursing**

The State Board of Nursing protects the public by assuring that standards of practice are defined and that persons engaged in the practice of nursing are competent. It approves individuals for licensure, registration, and certification; approves educational programs for nurses and nursing assistants; investigates complaints concerning licensee and certificate holder compliance with the law; and determines and administers disciplinary actions in the event of proven violations of the Nurse Practice Act.

#### Main Points of Executive Recommendations

|   | FY 2014 | FY 2015 |
|---|---------|---------|
| Two Additional Nurse Practice Consultants | 122.1   | 117.3   |
| Total                                     | 122.1   | 117.3   |

### **Major Executive Initiatives and Funding Recommendations**

### **Two Additional Nurse Practice Consultants**

The Board's Investigation Division receives approximately 2,000 cases per year. The Auditor General has set a benchmark of 180 days for an Arizona health regulatory board to settle a complaint, but the Board is unable to reach this benchmark due to the complexity and number of cases that it receives. To accelerate the processing of complaints, the Executive recommends an increased appropriation for two additional nurse practice consultants.

| Funding            | FY 2014 | FY 2015 |
|--------------------|---------|---------|
| Nursing Board Fund | 122.1   | 117.3   |
| Issue Total        | 122.1   | 117.3   |

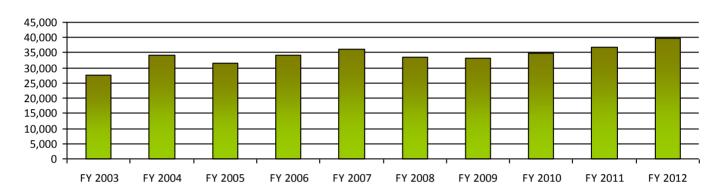

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

# **Nursing Care Ins. Admin. Examiners**

The Board evaluates applications from individuals seeking nursing home administrator licenses and assisted living facility manager certificates. The Board investigates the credentials and backgrounds of applicants, conducts examinations, and processes the applications. The Board also evaluates and processes applications for renewal of administrator licenses and manager certificates. Both administrators and managers are required by law to meet continuing education requirements. The Board approves continuing education programs and ensures that the requirements are met. The Board investigates complaints against administrators and managers received from citizens or the Department of Health Services. The Board imposes appropriate disciplinary action and enforces compliance with such discipline. The Board provides information to the public concerning applicants, licensees and certificate holders, and regulatory actions taken. All of these Board functions are accomplished through a fee-financed program of examination, licensure, and regulation.

# **Board of Occupational Therapy Examiners**

The Board of Occupational Therapy Examiners is a regulatory board that issues and renews over 3,000 licenses for occupational therapist and occupational therapy assistants. By law, the Board requires that each applicant meet minimum standards of education, experience, and competency. The Board also receives and investigates complaints, takes appropriate disciplinary action, and responds to inquiries from consumers as to the license status of occupational therapy professionals.

#### **Overtime Allowance and Cost Increases**

From FY 2010 to FY 2012, the number of occupational therapy and occupational therapy assistant licensees increased from 2,353 to 3,174, an increase of nearly 35%. The growth in licensees has caused Board staff to struggle to meet requirements during busy times. The Executive recommends \$5,100 from the Occupational Therapy Examiners Fund in FY 2014 and FY 2015, as an increase to the Board's budget, to allow for additional overtime and supply expenses during high work volume periods.

# **State Board of Dispensing Opticians**

The Board of Dispensing Opticians licenses professionals to practice in the field of opticianry and licenses optical establishments. This Board is distinguished from the Board of Optometry, which regulates optometrists, whereas dispensing opticians fill orders for and fit persons with corrective eyewear. The Board of Dispensing Opticians accepts complaints against licensees, investigates, and adjudicates.

### **OSHA Review Board**

The review board is an independent body that consists of five members appointed by the Governor. One member is a representative of management, one member is a representative of labor and three members are representatives of the general public. The Industrial Commission is responsible for all budgetary actions, including providing administrative support for the OSHA Review Board. The OSHA Review Board is otherwise considered independent of the Commission.

Under A.R.S. § 23-423, the review board hears and rules on requests for review of administrative law judge decisions of contested Occupational Safety and Health citations. All ADOSH cases start with an informal conference with the Industrial Commission's ADOSH division director. If a case is not resolved, the cited employer can request a hearing before an Industrial Commission administrative law judge. If either ADOSH or the cited employer disagrees with the outcome of that hearing, they can request review before the review board. The decisions of the review board can be appealed to the Court of Appeals.

### **Agency Expenditures**

(in \$1,000s)

The OSHA Review Board receives non-lapsing appropriations from the General Fund on an as-needed basis, as the funds are used to pay for the Board's expenses when hearings take place. The Board received a \$15,000 appropriation in FY 2012 but did not spend any of those funds in FY 2012.

#### **Main Points of Executive Recommendations**

|  | FY 2014 | FY 2015 |
|--|---------|---------|
| Administrative Hearing Services/Medical Expert | 24.0    | 24.0    |
| Equipment Replacement/New Software             | 24.9    | 24.9    |
| Increase in Accounting Expenses                | 1.3     | 2.0     |
| Increase in Attorney General Expense           | 10.0    | 13.0    |
| Total  | 60.2    | 63.9    |

#### **Major Executive Initiatives and Funding Recommendations**

#### Administrative Hearing Services/Medical Expert

Investigating a complaint against an osteopathic physician often requires an appropriate medical opinion by an outside medical expert to evaluate the complaint's legitimacy. Costs for medical experts are increasing, and the Agency expects an increase in the number of cases that require an expert. In order to keep up with rising costs associated with medical opinions, the Executive recommends an increase in FY 2014 and FY 2015.

| Funding                          | FY 2014 | FY 2015 |
|----------------------------------|---------|---------|
| Osteopathic Examiners Board Fund | 24.0    | 24.0    |
| Issue Total                      | 24.0    | 24.0    |

#### **Equipment Replacement/New Software**

Laptop computers used by Board members and staff are obsolete and in need of replacement. In addition, specific software upgrades need to be installed on each new laptop. The Board is also in need of a high-capacity scanner to scan medical records, move to a paperless records system, and increase office efficiency and productivity. In FY 2014 and FY 2015, the Executive recommends an increase for updated computer and office equipment.

| Funding                          | FY 2014 | FY 2015 |
|----------------------------------|---------|---------|
| Osteopathic Examiners Board Fund | 24.9    | 24.9    |
| Issue Total                      | 24.9    | 24.9    |

### **Increase in Accounting Expenses**

For FY 2014 and FY 2015, the Executive recommends an increase to cover rising accounting expenses billed by the Central Services Bureau.

| Funding                          | FY 2014 | FY 2015 |
|----------------------------------|---------|---------|
| Osteopathic Examiners Board Fund | 1.3     | 2.0     |
| Issue Total                      | 1.3     | 2.0     |

#### **Increase in Attorney General Expense**

The Board has an intergovernmental service agreement (ISA) with the Attorney General's Office for half-time of an assigned Assistant Attorney General. For FY 2013, the Board was charged more than in previous years for legal services covered by the ISA. With input from the Attorney General's office, it was determined that the increased FY 2013 amount will continue in FY 2014, with another increase anticipated in FY 2015. In order to pay for rising Attorney General costs, for FY 2014 and FY 2015 the Executive recommends an increased appropriation.

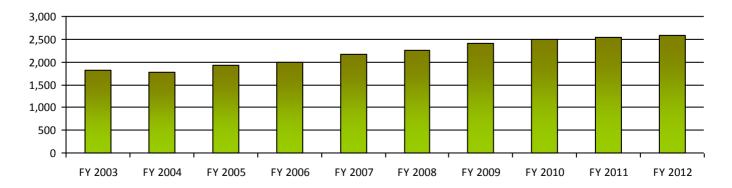

| Funding                          | FY 2014 | FY 2015 |
|----------------------------------|---------|---------|
| Osteopathic Examiners Board Fund | 10.0    | 13.0    |
| Issue Total                      | 10.0    | 13.0    |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

### State Parks Board

Arizona State Parks develops and manages 30 State parks and natural areas and provides safe and enjoyable facilities and programs for over 2.2 million visitors annually, 51% from out-of-state. There are 65,000 acres of park property, 1,300 campsites and 8 historic parks.

The agency also includes the State Historic Preservation Office, which is responsible for the identification, evaluation and protection of Arizona's prehistoric and historic heritage resources and compliance with federal and state laws. The agency coordinates two recreational trails programs; motorized and non-motorized trail activities as well as administers the Off-Highway Vehicle (OHV) Program and OHV Recreation Fund. The agency manages and distributes Growing Smarter State Trust Land Acquisition Grants.

#### Main Points of Executive Recommendations

|                              | FY 2014 | FY 2015 |
|------------------------------|---------|---------|
| Capital Improvement Projects | 2,000.0 | 2,000.0 |
| Total                        | 2,000.0 | 2,000.0 |

### **Major Executive Initiatives and Funding Recommendations**

#### **Capital Improvement Projects**

The State's recent budget crisis led to the complete elimination of capital funding at State Parks. Capital needs have begun to accumulate at numerous facilities. Some of the needs are critical. The Executive recommends an annual \$2 million increase to the State Parks Revenue Fund for capital improvement projects. Funding will be directed from Lottery distributions. This re-direction of funds to Parks will affect the second General Fund allocation and will not affect any other beneficiaries.

| Funding                  | FY 2014 | FY 2015 |
|--------------------------|---------|---------|
| State Parks Revenue Fund | 2,000.0 | 2,000.0 |
| Issue Total              | 2,000.0 | 2,000.0 |

#### **Baseline Recommendations**

#### **Fund Elimination and Balance Transfer**

The Reservation Surcharge Fund and the State Parks Publications Fund were eliminated, effective August 2, 2012. Revenues that had been deposited into these two funds are now deposited into the State Parks Revenue Fund. Spending authority for the two funds was also transferred to the State Parks Revenue Fund. To account for the elimination of the funds, the Executive recommends transferring the remaining fund balances to the State Parks Revenue Fund.

| Funding                              | FY 2014 | FY 2015 |
|--------------------------------------|---------|---------|
| Reservation Surcharge Revolving Fund | (90.0)  | (90.0)  |
| Issue Total                          | (90.0)  | (90.0)  |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

Agency Operating Detail State Parks Board 279

### Personnel Board

The Personnel Board is responsible for hearing and reviewing, via an administrative hearing process, appeals filed by covered state employees who have been dismissed from state service, suspended for more than 80 working hours, or involuntarily demoted resulting from disciplinary action. The Board also hears and reviews complaints filed under the whistleblower statute. Under the direction of the presiding hearing officer, the proceedings are conducted on an informal basis through the taking of direct testimony, the cross examination of witnesses, and the admission of evidence. A record of the proceedings is taken and made available, upon request, to hearing officers, board members, and parties to the appeal. The hearing officer determines the facts based on the evidence presented and makes a recommendation regarding discipline to the Board. Board members are subsequently provided with case information so they may determine whether proper discipline has been imposed.

# **Arizona State Board of Pharmacy**

The Board of Pharmacy has four primary functions. The first is to issue licenses to pharmacists, pharmacy interns and pharmacy technicians. Additionally, it is responsible for issuing permits to pharmacies, manufacturers, wholesalers and distributors. The Board also conducts compliance inspections of permitted facilities, and investigates complaints and adjudicates violations of applicable state and federal laws and rules. Lastly, the Board promulgates and reviews state rules and regulations in regard to the industry.

### **Major Executive Initiatives and Funding Recommendations**

#### **Board Room Equipment**

The Executive recommends funding for video equipment in the Board's meeting room. The project aims to provide greater accessibility to Board meeting content for members of the public that live outside of Maricopa County and cannot regularly attend meetings. The project includes video equipment and software to live-stream Board meetings. Broadcasting the meetings should promote public involvement and enhance access to Board meeting content.

# **Board of Physical Therapy Examiners**

The State Board of Physical Therapy licenses qualified physical therapists (PTs), certifies qualified physical therapist assistants (PTAs), registers physical therapy business entities, investigates and adjudicates complaints, assesses continuing competence, and enforces the standards of practice for the physical therapy profession. The Board regulates approximately 4,500 professionals licensed and certified to practice in the State. In addition, as of September 2011, the Board will regulate business entities that provide physical therapy services. The Board serves all citizens of and visitors to the state who receive physical therapy care by an Arizona licensed physical therapist or a certified physical therapist assistant.

### **Major Executive Initiatives and Funding Recommendations**

#### **Electronic Licensing Files**

The Board stores paper license files in a file room at its office in Phoenix. The office is small, and the available space is needed for other purposes. Further, the filing system does not allow for rapid file retrieval or electronic transfer of licensing information. In order to improve customer service, free up office space and improve file retrieval capabilities, the Board should store licenses electronically. The Executive recommends (a) \$24,700 as a one-time appropriation in FY 2014 to prepare, scan, process and index existing license documentation and (b) starting in FY 2015, \$4,000 as an ongoing appropriation for maintenance and operation of the Board's electronic licensing system.

| Physical Therapy Fund | 24.7    | 4.0     |
| Issue Total           | 24.7    | 4.0     |

### **Investigator Full Time**

From FY 2008 to FY 2013, Board investigations of complaints against physical therapists increased by 138%, with no staffing increase. As a result, the time to complete an investigation averages 267 days, far exceeding the Auditor General's recommended time frame of 180 days to complete an investigation. The Executive recommends \$34,200 and 0.5 FTE for the Board to upgrade the current investigator from part-time to full-time.

### Arizona Pioneers' Home

The Arizona Pioneers' Home was established in 1909 by the Territorial government of Arizona as a home for the aged and infirm to repay the faithful and longtime Arizona residents who helped pioneer and build the state. It opened its doors in 1911. In 1929, the scope of the home was broadened to also be Arizona's hospital for disabled miners. The Arizona Pioneers' Home is a continuing care retirement home presently serving 108 Arizona pioneers and disabled miners. The Pioneers' Home employees provide direct nursing care, food service, activities, social services, housekeeping, laundry, maintenance, business and administrative services and support to the residents, and strive to meet state and federal nursing facility standards through modeling best practices. The Home is surveyed each year by the Arizona Department of Health Service's Office of Long Term Care.

#### **Main Points of Executive Recommendations**

|  | FY 2014 | FY 2015 |
|--|---------|---------|
| Pioneers' Home Heating - Energy and Safety | 29.5    | 29.5    |
| Total                                      | 29.5    | 29.5    |

### **Major Executive Initiatives and Funding Recommendations**

### **Radiator Covers and Thermostatic Controls**

A July 2011 Department of Health Services survey recommended covering the Home's radiators to prevent potential burn injuries. Additionally, the Home uses thermostatic controls that allow only for "on" and "off" and does not use radiator reflectors. Purchasing thermostatic controls with temperature settings and radiator reflectors would result in energy savings. The Executive recommends an increased appropriation from the Miners' Hospital Fund in FY 2014 and FY 2015 to purchase equipment relating to heating and energy savings.

| Funding                              | FY 2014 | FY 2015 |
|--------------------------------------|---------|---------|
| Pioneers' Home Miners' Hospital Fund | 29.5    | 29.5    |
| Issue Total                          | 29.5    | 29.5    |

### **Baseline Recommendations**

### **Operating Funds**

The operating budget for the Pioneers' Home depends primarily on two funds: the State Charitable Trust Fund and the Miners' Hospital Fund. Historically, when the two funds have not received enough revenue to cover the Pioneers' Home's operating costs, the General Fund has made up the difference. Current revenue projections of the State Charitable Trust Fund are not sufficient to cover the same appropriation as in FY 2013. The Executive recommends shifting part of the State Charitable Trust Fund appropriation to the Miners' Hospital Fund in FY 2014 and FY 2015.

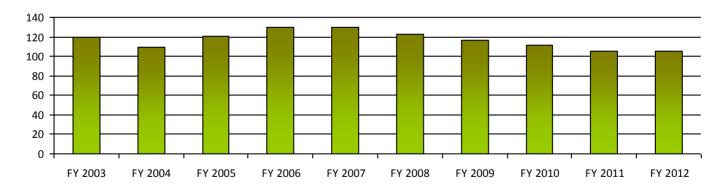

| Funding                                       | FY 2014 | FY 2015 |
|---|---------|---------|
| Pioneers' Home Miners' Hospital Fund          | 575.5   | 575.7   |
| Pioneers' Home State Charitable Earnings Fund | (575.5) | (575.7) |
| Issue Total                                   | 0.0     | 0.0     |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

# **State Board of Podiatry Examiners**

The Board licenses and regulates doctors of podiatric medicine who specialize in the diagnosis and treatment of the foot, ankle, and lower leg. The Board evaluates the professional competency of podiatrists seeking to be licensed in the State of Arizona. Further, the Board promotes continued competency and fitness by investigating complaints made against practitioners, holding hearings, monitoring the activities of its licensees, and enforcing the standards of practice for the podiatric profession as set forth by law.

# **Commission for Postsecondary Education**

The Arizona Commission for Postsecondary Education (ACPE), is comprised of 16 Commissioners representing all sectors (public and private) of postsecondary education constituencies. Core responsibilities of the ACPE are related to student financial assistance. ACPE administers federal and state financial aid programs as well as the Arizona Family College Savings (529) Program. The Commission provides information to students and families to plan for, transition into, and succeed in postsecondary education through a variety of educational programs and publications. The Commission also provides a forum for all sectors of higher education to dialogue, partner, and resolve issues of mutual interest.

### **Major Executive Initiatives and Funding Recommendations**

### **Reduce Expenditures to Align with Revenues**

Revenues to the Postsecondary Education Fund are projected to be lower than the current appropriation from the Fund. The Executive recommends reducing expenditures from the Az LEAP special line item by \$102,700 in FY 2014 and FY 2015 and reducing expenditures by \$64,800 in FY 2013, FY 2014 and FY 2015 from the operations budget.

| Postsecondary Education Fund | (167.5) | (167.5) |
| Issue Total                  | (167.5) | (167.5) |

### **Special Postsecondary Education Grant**

In FY 2013, the Special Postsecondary Education Grant (SPEG) was created at the Commission for Postsecondary Education in order to meet the maintenance of effort (MOE) requirements for the U.S. Department of Education's College Access Challenge Grant. A two-year program, SPEG provides forgivable loans of up to \$2,000 to juniors and seniors attending private postsecondary educational institutions. In FY 2014, the Executive recommends a transfer of \$546,800 from the Early Graduation Scholarship Grants Fund to the IGA/ISA Fund at the Commission to fund SPEG for its final year.

|--------------|---------|---------|
| General Fund | 0.0     | 0.0     |
| Issue Total  | 0.0     | 0.0     |

### **Elimination of Family College Savings SLI**

Since FY 2011, all of the provider fees and administrative costs of the Family College Savings Program have been transitioned from the Postsecondary Education Fund to the Family College Savings Program Trust Fund. In FY 2012, all remaining applicable FY 2011 revenues were transferred to the Family College Savings Program Trust Fund. The Executive recommends eliminating the Family College Savings Program's appropriation to reflect operational changes.

# **Power Authority**

The Arizona Power Authority (APA) manages Arizona's allocation of hydroelectric power from the Hoover Dam for the overall benefit of the State. The APA cooperates with federal, state, and non-governmental agencies to address regulatory, environmental, and other matters that impact electric power and water uses of the Colorado river. In addition, the APA serves as an information resource for its customers on topics that impact their electric resources and the utilization of these resources. The Authority may also pursue generation and/or transmission projects that are within the APA's legislative mandate and are in the best interest of the State of Arizona.

# **State Board for Private Postsecondary Education**

The Board licenses and regulates 247 private postsecondary educational institutions who serve approximately 850,000 students annually. The Board determines compliance, investigates complaints and violations, and takes disciplinary action. The Board also administers the Student Tuition Recovery Fund, which provides financial restitution to students injured by private postsecondary institutional closures and provides students access to their educational records.

#### Main Points of Executive Recommendations

|   | FY 2014 | FY 2015 |
|---|---------|---------|
| Position Reclassification and Allocation Adjustment | 41.0    | 41.0    |
| Transfer to Student Tuition Recovery Fund           | 245.6   | 0.0     |
| Total   | 286.6   | 41.0    |

### **Major Executive Initiatives and Funding Recommendations**

#### Position Reclassification

The Board submitted a request to the Department of Administration to reclassify an Administrative Assistant II position (grade 15) as a Program Manager position (grade 21). ADOA performed a desk audit in October, 2012 and the reclassification was approved.

The Board has also requested a change in the way it distributes personnel expenditures between its two funds, the non-appropriated Student Tuition Recovery Fund and the appropriated Private Postsecondary Education Fund. The Board requests shifting \$12,200 in personnel expenditures from the Student Tuition Recovery Fund to the Private Postsecondary Education Fund. Additionally, the Board requests that the newly reclassified Program Manager position be supported by the Private Postsecondary Education Fund which includes an increase of \$28,800 in personal services and ERE expenditures.

The Executive recommends that the Board reclassify the Administrative Assistant position as Program Compliance Manager and be appropriated \$41,000 from the Private Postsecondary Education Fund to fund the position and adjustments in FY 2014 and FY 2015.

| Funding                              | FY 2014 | FY 2015 |
|--------------------------------------|---------|---------|
| Private Postsecondary Education Fund | 41.0    | 41.0    |
| Issue Total                          | 41.0    | 41.0    |

### Transfer \$245,600 to Student Tuition Recovery Fund

The Executive recommends transferring \$245,600 from the Private Postsecondary Education Fund into the Student Tuition Recovery Fund and increasing its fund balance in order to avoid assessing a fee to private postsecondary educational institutions.

| Funding                              | FY 2014 | FY 2015 |
|--------------------------------------|---------|---------|
| Private Postsecondary Education Fund | 245.6   | 0.0     |
| Issue Total                          | 245.6   | 0.0     |

#### **ERE Adjustment**

The Executive recommends increasing the ERE appropriation by \$15,000 in FY 2014 and FY 2015 to allow the Board to align with actual expenditures.

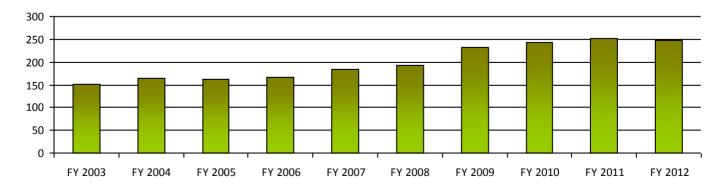

| Funding                              | FY 2014 | FY 2015 |
|--------------------------------------|---------|---------|
| Private Postsecondary Education Fund | 14.4    | 14.4    |
| Issue Total                          | 14.4    | 14.4    |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

#### **Major Executive Initiatives and Funding Recommendations**

#### **ACTIC Operating Costs**

The Arizona Counter Terrorism Information Center (ACTIC), which opened in October 2004, is a fusion center to facilitate the sharing of intelligence that may be useful in criminal investigations or counter-terrorism operations. ACTIC's mission is to "protect the citizens and critical infrastructures of Arizona by enhancing and coordinating counter-terrorism intelligence and other investigative support efforts among local, state and federal law enforcement agencies."

Operating costs have been funded largely by federal grants provided through the Arizona Department of Homeland Security (AZDOHS). As federal grants to AZDOHS have decreased in recent years, ACTIC's funding is expected to be reduced. The Executive recommends an increase from the General Fund in FY 2014 and FY 2015, to fund ACTIC for half of FY 2014 and all of FY 2015.

| Funding      | FY 2014 | FY 2015 |
|--------------|---------|---------|
| General Fund | 750.0   | 1,500.0 |
| Issue Total  | 750.0   | 1,500.0 |

### **Crime Lab Backlog**

As of October 1, 2012, the DPS Crime Laboratory had backlogs of 7,165 cases and 3,163 DNA samples waiting to be profiled and entered into the DNA database. The DNA Identification System Fund receives more in revenue than is appropriated. The Executive recommends an increase to reduce the backlogs.

| Funding                        | FY 2014 | FY 2015 |
|--------------------------------|---------|---------|
| DNA Identification System Fund | 850.0   | 850.0   |
| Issue Total                    | 850.0   | 850.0   |

### **Consolidation of Agency Functions**

The Law Enforcement Merit System Council has various statutory responsibilities relating to the Department of Public Safety (DPS), including establishing a classification and compensation plan, selection standards for promotion and retention, a performance appraisal system, and hearing employee grievances and appeals of disciplinary actions. The Council operates with two employees. The Business Manager is a DPS employee and is compensated by DPS. The other employee is an Administrative Services Officer, paid by the Council. Both employees are part of the DPS personnel system. The Council currently operates in DPS space and receives various office materials at no charge from DPS.

The Executive recommends consolidating the Law Enforcement Merit System Council with DPS in FY 2014 and FY 2015. The Executive recommends a decrease from the General Fund in FY 2014 and FY 2015 to accomplish this consolidation.

| Funding      | FY 2014 | FY 2015 |
|--------------|---------|---------|
| General Fund | 70.5    | 70.5    |
| Issue Total  | 70.5    | 70.5    |

#### State Aid to Indigent Defense Fund

For FY 2012, revenues from the State Aid to Indigent Defense Fund were diverted to DPS. The Executive recommends permanently diverting revenue from the State Aid to Indigent Defense Fund to the Public Safety Equipment Fund. The Executive also recommends that the balance of the State Aid to Indigent Defense Fund be transferred to the Public Safety Equipment Fund on July 1, 2013.

The Executive recommends an increase from the Public Safety Equipment Fund in FY 2014 and FY 2015. This will allow DPS to expend the revenues that come into the Public Safety Equipment Fund from the State Aid to Indigent Defense Fund on radios, vehicles, vests, and other public safety equipment needs.

| Funding                      | FY 2014 | FY 2015 |
|------------------------------|---------|---------|
| Public Safety Equipment Fund | 1,964.2 | 982.1   |
| Issue Total                  | 1,964.2 | 982.1   |

### **Drug and Gang Prevention Fund**

The Drug and Gang Prevention Resource Center Fund receives revenues from a 1.31% allocation of various Supreme Court fees. The Arizona Criminal Justice Commission (ACJC) is appropriated \$235,500 from the Fund for the sole purpose of conducting the Arizona Youth Survey. Fund revenues exceed the appropriation by approximately \$365,000 annually.

The Executive recommends permanently diverting all revenue above \$235,500 from the Drug and Gang Prevention Resource Center Fund to the Public Safety Equipment Fund. The Executive recommends an increase from the Public Safety Equipment Fund to allow the Department to expend the diverted revenues on radios, vehicles, vests, and other public safety equipment needs.

| Funding                      | FY 2014 | FY 2015 |
|------------------------------|---------|---------|

#### **Baseline Recommendations**

#### **Retirement Contribution Increases**

On July 1, 2012, the Department's contribution rate for the Public Safety Personnel Retirement System (PSPRS) increased from 33.7% of payroll to 43.7%. On July 1, 2013, the Department's contribution rate for the PSPRS system will increase from 43.7% to 52.0%. The Department's contribution rates for employees in the ASRS system will also increase by 0.40% on July 1, 2013.

The increase in contribution rates to the PSPRS system will cost the Department approximately \$6.1 million in FY 2014 and \$12.2 million in FY 2015. The increase in contribution rates to the ASRS system will cost the Department approximately \$150,100 in FY 2014 and \$300,200 in FY 2015.

The Executive recommends an increase to fund increased retirement contribution rates that the Department would otherwise have to absorb by eliminating other activities.

| Funding      | FY 2014 | FY 2015  |

| General Fund | 6,272.6 | 12,545.0 |
| Issue Total  | 6,272.6 | 12,545.0 |

#### **Automated Fingerprint Revenue Alignment**

The Executive recommends a decrease in FY 2015 from the Automated Fingerprint Identification Fund to bring the Fund's appropriation into closer alignment with its revenue.

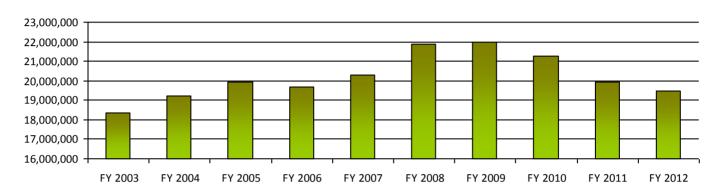

| Funding                              | FY 2014 | FY 2015 |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

The Executive recommends a lump-sum appropriation to the agency with special lines.

# **Radiation Regulatory Agency**

The Arizona Radiation Regulatory Agency provides protection from unnecessary radiation exposure through inspection of radiation sources and their uses, effective response to radiological incidents, environmental sampling, and the certification of those using nuclear medicine technology, those operating x-ray equipment and cosmetic laser technicians.

#### **Main Points of Executive Recommendations**

|   | FY 2014 | FY 2015 |
|---|---------|---------|
| Additional X-ray Inspectors             | 142.7   | 199.2   |
| Monitoring Radiation in the Environment | 0.0     | 60.0    |
| Total                                   | 142.7   | 259.2   |

### **Major Executive Initiatives and Funding Recommendations**

### **Additional X-ray Inspectors**

The Agency's four inspectors are responsible for inspecting 15,135 registered X-ray devices, a workload that is expected to grow by over 3% a year. The Agency has a backlog of inspections, and 39% of X-ray tubes are behind schedule for inspection in FY 2012, increasing the risk of improper X-ray exposures to the public. In order for the Agency to inspect the X-ray tubes on a timely manner, the Executive recommends funding for three inspectors in FY 2014 and one additional inspector in FY 2015.

| Funding                       | FY 2014 | FY 2015 |
|-------------------------------|---------|---------|
| Radiation Regulatory Fee Fund | 0.0     | 59.8    |
| General Fund                  | 142.7   | 139.4   |
| Issue Total                   | 142.7   | 199.2   |

#### One Position to Monitor Radiation in Environment

A.R.S. § 30-654 requires the Agency to conduct radiological monitoring of the environment. Prior to FY 2007, the Agency maintained a statewide monitoring system, but it has ceased all such monitoring except in the area of the Palo Verde Nuclear Generating Station. As a result, the Agency is unable to respond to public requests for the concentrations of radioactive materials in their milk, air or water outside of the Phoenix area. The Executive recommends funding for one position to monitor radiation in the environment.

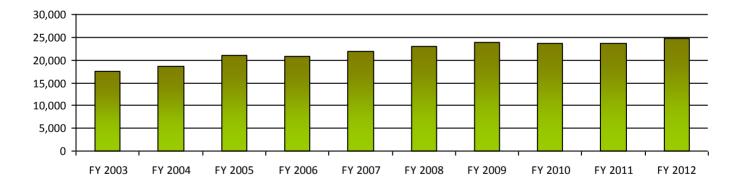

| Funding      | FY 2014 | FY 2015 |
|--------------|---------|---------|
| General Fund | 0.0     | 60.0    |
| Issue Total  | 0.0     | 60.0    |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

# **Department of Real Estate**

Pursuant to A.R.S. Title 32, Chapter 20 and the Administrative Code Title 4, Chapter 28, the Department regulates real estate licensees (including residential sales, brokers, companies, property managers, business brokers, and commercial brokers), private cemeteries, and membership camping licensees. The Department also regulates real estate educators and schools, monitoring pre-licensing and continuing education courses to ensure the quality content of courses and the competence of instructors, as well as the quality and timeliness of materials being taught. The Department oversees the administration of licensing examinations as well as the activities of licensees to ensure compliance with the Arizona Revised Statutes and the Commissioner's Rules.

### **Major Executive Initiatives and Funding Recommendations**

#### **Department of Real Estate Restructure**

The Department is a "95-110" agency, meaning that every year it must revise its fee schedule for revenues to stay between 95% and 110% of the Department's General Fund appropriation. The Executive recommends restructuring the Department to a "90-10" funding structure, with the goal of increasing fee transparency and improving operational efficiency. Under the recommended structure, 90% of all licensing revenues collected will be deposited into a new fund called the Real Estate Fund, and 10% will be deposited into the General Fund. All Department operating expenditures will be appropriated out of the new Real Estate Fund. The Executive does not recommend any changes to the Department's organizational structure, and it will remain an Executive agency.

#### **Baseline Recommendations**

### **Decrease Appropriated FTE Count**

The Executive recommends decreasing the Department's FTE authority by (22.0) FTE to better align with current filled positions and planned expenditures.

## **Board of Respiratory Care Examiners**

Respiratory Care Practitioners work in therapeutic, surgical, and/or clinical settings to monitor respiration and lung health, as well as to diagnose and treat disorders. The Board of Respiratory Care Examiners regulates the practice of respiratory care in Arizona. The Board examines and licenses respiratory care practitioners based on minimum competency standards set by the Legislature. Additionally, the Board enforces state laws, rules, and regulations set forth to ensure public safety and investigates complaints filed against a member of the professional community.

## **Main Points of Executive Recommendations**

|                              | FY 2014 | FY 2015 |
|------------------------------|---------|---------|
| Personal Services Adjustment | 4.8     | 4.8     |
| Total                        | 4.8     | 4.8     |

## **Major Executive Initiatives and Funding Recommendations**

#### **Personal Services Adjustment**

The Executive recommends an increase in appropriated spending for personal services and ERE. This increase includes funding for an employee that the agency has increased from half time to full time.

| Funding                                  | FY 2014 | FY 2015 |
|--|---------|---------|
| Board of Respiratory Care Examiners Fund | 4.8     | 4.8     |
| Issue Total                              | 4.8     | 4.8     |

## **Supplemental Recommendations**

#### **Redistribution of Expected Expenditures**

This change to the Agency Summary more accurately reflects the categories of planned expenditures for the Board for FY 2013.

| Funding                                  | FY 2013 |
|--|---------|
| Board of Respiratory Care Examiners Fund | 0.0     |
| Issue Total                              | 0.0     |

## **Supplemental Appropriation**

The Executive recommends a Supplemental Appropriation for FY 2013 in order to cover increased personal service expenditures incurred by the Board. Of this funding, \$10,000 is for an employee that the agency has increased from half time to full time without the appropriated spending authority. The other \$5,500 is for other personal services increases for staff initiated without the appropriated spending authority. Staff salary levels have been returned to their former levels.

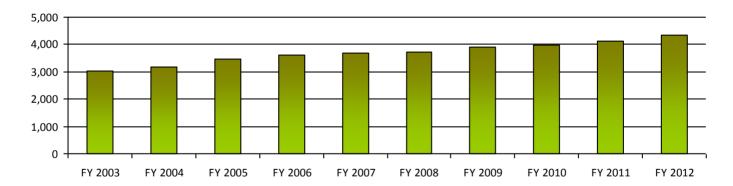

| Funding                                  | FY 2013 |
|--|---------|
| Board of Respiratory Care Examiners Fund | 15.5    |
| Issue Total                              | 15.5    |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

## **Major Executive Initiatives and Funding Recommendations**

#### **ASRS Oracle Modernization**

Several ASRS internal applications are in an outdated Oracle system. Oracle no longer enhances the forms and reports, and it has become increasingly difficult for ASRS to obtain support and to recruit employees that know how to develop and manage the system.

The Executive recommends increases to transition the ASRS applications to a more standard Java-based system. These increases reflect the first two years in a five-year, \$10.2 million modernization of the Oracle system.

| Issue Total                         | 1,390.0 | 1,915.0 |

### **Special Line Appropriation Adjustments**

The Executive recommends decreases to remove one-time funding provided in FY 2012 by Laws 2012, Ch. 88 and Laws 2012, Ch. 362.

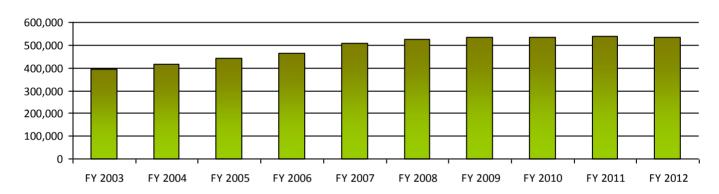

| Funding                             | FY 2014 | FY 2015 |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

## **Major Executive Initiatives and Funding Recommendations**

#### **In-House Attorneys**

The Department is currently represented by the Attorney General's Office in all legal matters. Prior to 1998, the Department was serviced by a Tax Section at the Attorney General's Office, with 12 experienced tax attorneys, three paralegals and four secretaries. Since then, the number of attorneys and staff assigned to advise and defend the Department has steadily declined, to four full-time attorneys, one part-time attorney and one secretary.

The Department is in critical need of adequate legal representation to enforce and defend enacted laws and policies. By its nature, the Department is involved in hundreds of lawsuits and controversies, some involving hundreds of millions of dollars. Between 2003 and 2011, 38,778 audits were protested; 3,095 went to an administrative hearing and 364 went to the Board of Tax Appeals and/or Tax Court. Moreover, tax issues have become very complicated, and challenges now can be filed as class actions, making the need for adequate legal representation more vital than in the past.

The Executive recommends funding for the Department to hire its own legal counsel and support staff to exclusively represent the Department's cases and controversies on a daily basis. The Executive recommendation provides for seven attorneys, three paralegals and two secretaries, the minimum level needed to efficiently provide general tax advice, hearing, litigation and appeal services in tax areas administered by the Department.

#### **Data Security**

The Executive recommends \$4.9 million from the Automation Projects Fund at DOA in FY 2014 for an information technology project to enhance the Department's data security. Ongoing cost of \$421,500 for hardware and software maintenance is recommended in FY 2015 as part of the Department's operating appropriation.

#### **Baseline Recommendations**

### **Continuation of BRITS Technology Refresh (ADOA)**

In FY 2013, the Department of Revenue (DOR) received funding from the newly created Automation Projects Fund administered by the Department of Administration (DOA) to overhaul its tax system, commonly known as BRITS (Business Re-engineering Integrated Tax System). While the work began in FY 2013, DOR has delayed some of the refresh until FY 2014 so that DOA can support other critical IT needs that are funded through the Fund. The Executive recommends that DOR receive the rest of the funding, \$1.7 million, in FY 2014 from the Automation Fund to complete the BRITS refresh project.

### Remove the SLI for Temporary Collectors

During the last four years, the Department received special line appropriation (SLI) for temporary collectors. The Executive recommends removing the SLI and make the funding part of the operating appropriation.

## School Facilities Board

The School Facilities Board is charged with the administration of three capital programs: a) New School Facilities, b) Building Renewal/Preventative Maintenance, and c) Emergency Deficiencies Corrections.

In order to effectively evaluate the State's school capital needs, the Board maintains a facilities database consisting of information reported by each school district that aids the Board in determining the funding level for building renewal and the construction of new facilities. Through periodic inspections, the Board is mandated to ensure compliance with building adequacy standards and routine preventative maintenance guidelines with respect to the new construction of buildings and maintenance of existing buildings. The Board also administers an Emergency Deficiencies Corrections program in the event that a school district has a serious need for materials, services, construction, or expenses in excess of the district's adopted budget that seriously threatens the functioning of the school district, the preservation or protection of property or public health, safety, and welfare.

### **Major Executive Initiatives and Funding Recommendations**

### **Maintenance Accountability Program**

The Executive recommends that the School Facilities Board (SFB) transition its Building Renewal program from formula-based aid to a Building Renewal Grant program. Instead of simply distributing Building Renewal funds to the districts, SFB would maintain a replacement schedule and a detailed database of all major school systems. To bridge the gap, the Executive recommends a one-time non-lapsing \$25 million Building Renewal appropriation from the General Fund to be deposited into the non-appropriated Building Renewal Grant Fund to pay for critical projects.

This approach better utilizes scarce resources because it ensures that funds are spent on the highest priority projects needed to maintain districts at minimum adequacy standards. Additionally, this approach better communicates school capital needs to State legislators while making districts more accountable for the preventive maintenance of their school systems. A life-cycle replacement schedule system has been used effectively in other states to accommodate school capital needs, and many school districts are already using this preventive maintenance system.

In order to create and maintain the database needed for an inventory-based system, the Executive recommends that SFB use a portion of the \$25 million appropriation to purchase the subscription for an online preventive maintenance system for all Arizona school districts, as well as to fund 5.0 FTE positions. The Executive estimates that it will take three years for school districts and SFB to inventory all systems and move to this new approach, as all districts would be required to use the system in order to receive Building Renewal grants.

The Executive estimates that the online preventive maintenance system will cost \$0.96 per student in FY 2014 (approximately \$933,500). Further, the Executive estimates that the 5.0 FTE positions (3.0 unfilled and 2.0 new) will cost about \$717,600 per year. This funding will provide for provide for personnel, travel expenses and administrative costs related to this program. These positions are necessary to execute this comprehensive effort of creating an inventory of all systems, training districts on effective preventative maintenance, and inspecting all Building Renewal grant requests.

#### **New School Construction**

Based on capital plans reviewed in FY 2012, SFB is required to project the average daily membership (ADM) through FY 2016. SFB currently estimates that they will need to acquire five new sites for construction during FY 2014. The Executive recommends an appropriation from the General Fund for new school construction. These funds will be used to fund projects previously approved for districts that have fallen below capacity.

### **Common Core Technology Upgrades**

Arizona is one of 23 states that make up the Partnership for Assessing Readiness for College and Career (PARCC), a state consortium that is developing a common set of K-12 assessments aligned to the Common Core Standards. The new online assessments will be administered for the first time in school year 2014-2015 and will require significant statewide technology upgrades, including enhancements to broadband, equipment and software. Such upgrades require knowledge, currently lacking, of what is necessary to administer the assessments and of schools' capacity.

The Executive recommends a non-lapsing General Fund appropriation of \$20 million to the School Facilities Board in FY 2014 to complete a technology needs assessment and bring schools up to the required device and software specifications. Districts will receive funding through a grant process that will be based on the number of devices needed, with a target student-to-device ratio of 5:1. Grants will be targeted at high schools in year one. After the needs assessment is complete, additional support for outgoing years will be considered. The School Facilities Board may retain up to 1% of the monies for administration of the project.

#### **Baseline Recommendations**

#### New Construction Lease-to-Own Debt Service

SFB held two bond issuances in FY 2011; as a result, the debt schedule in FY 2014 reflects an increase of \$4.7 million over FY 2013. Accordingly, the Executive recommends a General Fund increase of \$4.7 million for the previously authorized debt service.

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

### **Building Renewal Funding Formula**

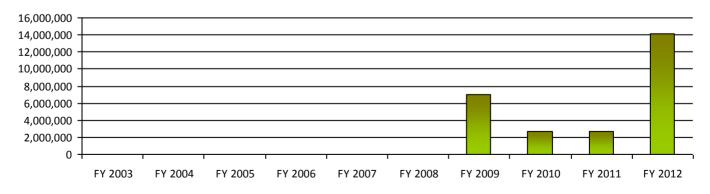

The Building Renewal Funding Formula is based on a statutory formula. Funds in this amount are to be distributed annually to school districts for building renewal projects to extend the useful life of the district facilities.

## **Building Renewal Formula Funding**

The chart above shows the amount of funding appropriated in accordance with the Building Renewal funding formula. The legislature did not provide an appropriation for Building Renewal funding in FY 2004. Additionally, there has been no Building Renewal formula funding since FY 2009.

### **Building Renewal Grants**

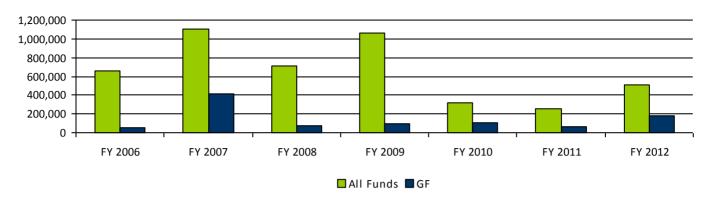

The Building Renewal Grant program was initiated in FY 2009 as an alternative to the Building Renewal formula. Under this program, the school facilities board distributes monies from the fund based on grant requests from school districts to fund primary building renewal projects.

# **Department of State - Secretary of State**

The Department of State is headed by a publicly elected Secretary of State, who serves as Acting Governor in the absence of the Governor and succeeds the Governor should a vacancy occur. The Secretary of State is the keeper of the Great Seal of the State of Arizona and is also the Chief State Election Officer who administers election functions, including canvass and certification of statewide elections, and coordinates statewide voter registration. The Secretary of State's office receives and records various filings, including Uniform Commercial Code transactions, trademark and trade name registrations, and limited partnership and limited liability partnership filings. The Office also registers lobbyists and accepts periodic lobbyist and campaign finance filings; publishes all official acts of the State of Arizona including laws, the Arizona Administrative Code, and the Arizona Administrative Register; files the notices of the Governor's appointments to State boards and commissions; appoints notaries public; and applies apostilles to all international transactions.

The Arizona State Library, Archives and Public Records division provides general information services as well as research and reference services in the subject areas of law, government, public policy, genealogy, and Arizona. The division administers state and federal grants for public libraries and offers consultant services to both public libraries and government agencies. The division also offers special library and information services for anyone who is unable to read or use standard printed materials as a result of temporary or permanent visual or physical limitations, manages public record archival retention programs, and creates exhibits to educate the public regarding governmental and Arizona history and the legislative process.

The Division of Library and Archives charges fees for materials stored for other State agencies and for other governmental entities. In July 2012 the fees were raised to help the Division fund two additional positions and purchase equipment to meet the increasing demands for digital storage and duplication services. The Executive recommends 2.0 FTE positions and \$35,500 for equipment upgrades from the Records Services Fund.

### **Major Executive Initiatives and Funding Recommendations**

#### **Burglar Alarm Program**

Under House Bill 2748, the Board was charged with a new certification program for alarm businesses and alarm agents beginning in FY 2013. The bill provided an additional \$180,000 of appropriation authority but did not include an increased FTE appropriation. Due to the increased responsibilities placed on the Board for the certification program, the Executive recommends the appropriation of 2.0 FTE positions. There is no additional funding necessary for the positions.

### **Arizona Office of Tourism**

As the only state agency promoting Arizona as a world-class travel destination, the Arizona Office of Tourism (AOT) develops and implements the state's travel and tourism marketing plan directed at strengthening and expanding Arizona's economy. AOT has defined a brand image for Arizona that resonates with consumers and is reflected in all marketing efforts such as national, international and in-state marketing plans. AOT serves as a central clearinghouse for tourism-related data, and manages research that guides statewide tourism development such as new and emerging markets. AOT collaborates extensively with statewide communities and tribes, providing educational programs and technical assistance on matters related to travel and tourism and the promotion of Arizona's tourism related businesses. AOT works closely with public land agencies to promote the magnificent national parks, state parks, public lands and tribal lands that constitute 70% of our state's geography, all of which are critically important to Arizona's appeal as a world-class travel destination.

## **Department of Transportation**

The Arizona Department of Transportation (ADOT) is the state agency responsible for collecting transportation revenues and for planning, constructing, and maintaining Arizona's highway infrastructure for the safe and efficient movement of people and products throughout the state. The transportation system, with more than 21,000 travellane miles, supports the state's economy and quality of life. In addition, ADOT issues development grants to public airports for improvement projects, and owns and maintains the Grand Canyon National Park Airport.

ADOT works with various customers and stakeholders to identify significant transportation issues in Arizona and improve existing systems and practices. The Arizona Long-Range Transportation Plan builds on numerous studies and plans that guide ADOT in identifying future needs, developing solutions, and delivering projects that address the transportation challenges Arizona will face over the next 20 years. The Five-Year Transportation Facilities Construction Program and the collection of the maximum amount of transportation revenue are critical to the delivery of major state transportation projects by assisting decision makers in prioritizing projects and allocating corresponding funds.

The Motor Vehicle Division (MVD) is responsible for providing motor vehicle title and registration services, issuing driver credentials, e-government (ServiceArizona) services and commercial motor carrier services. The division also operates several information call centers.

The Enforcement and Compliance Division is responsible for commercial vehicle enforcement, registration compliance, and conducting administrative hearings involving DUI-related offenses and driver license suspension/revocation. It also oversees the Agency's Office of the Inspector General.

Revenues collected from fuel taxes, motor carrier fees, motor vehicle registration fees, vehicle license taxes (VLT), and other miscellaneous fees build and operate the state's transportation systems and fund other related expenditures. The health of these revenues directly impacts ADOT's ability to successfully deliver a range of transportation projects that will help create jobs and deliver economic and quality-of-life benefits for Arizona residents and businesses.

FY 2014

### **Major Executive Initiatives and Funding Recommendations**

#### **Highway Maintenance Workload**

The Department is required to maintain and operate newly completed roadway miles that are added to the inventory through new highway construction. New lane-miles require additional in-house resources and service contracts to perform activities such as replacing signals and lighting, repairing guardrails and cable barriers, removing litter, and responding to roadway incidents. Added miles also result in increased utility costs as new lighting and landscaping are brought online. The Executive recommends providing funding to help maintain the State's transportation infrastructure, improve roadway conditions, and ensure the safety of highway users.

| Funding            | FY 2014 |
|--------------------|---------|
| State Highway Fund | 6,044.2 |
| Issue Total        | 6,044.2 |

#### **Risk Management Premium**

ADOT pays a fixed premium for risk management appropriated in the feed bill, which is set at \$16.8 million. The Executive recommends that ADOT's risk management premium be calculated by the formula that dictates other agencies' risk management premiums. In FY 2014, this amount is calculated to be \$12 million, which is about \$4.8 million less than in FY 2013. The change in risk management premium can be found in Standard Adjustments.

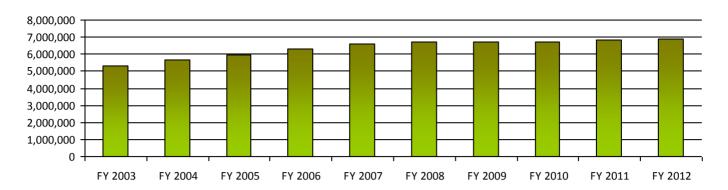

| Funding            | FY 2014 |
|--------------------|---------|
| State Highway Fund | 0.0     |
| Issue Total        | 0.0     |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

The Executive recommends a lump-sum appropriation by program with special lines.

### **State Treasurer**

The primary responsibilities of the elected State Treasurer are to receive and keep custody over all monies belonging to the State that are not required to be kept by some other entity; to pay warrants of the Department of Administration; and to keep an account of all monies received and disbursed. The Office also invests state monies and operates the local government investment pool for public entities throughout the State.

#### Main Points of Executive Recommendations

|  | FY 2014 | FY 2015 |
|--|---------|---------|
| General Fund Appropriation to Fulfill Justice of Peace Salary Payments | 90.0    | 90.0    |
| Total  | 90.0    | 90.0    |

### **Major Executive Initiatives and Funding Recommendations**

### **Justice of the Peace Salary Appropriation Increase**

The State is statutorily required to pay 19.25% of Justice of the Peace salaries for all counties except Maricopa County. The Executive recommends an increase for the Treasurer's Office to pay for the State's share of an increase in Justice of the Peace salary invoices to the State.

| Funding      | FY 2014 | FY 2015 |
|--------------|---------|---------|
| General Fund | 90.0    | 90.0    |
| Issue Total  | 90.0    | 90.0    |

#### **Supplemental Recommendations**

#### **Justice of the Peace Salary Appropriation Increase**

The State is statutorily required to pay 19.25% of Justice of the Peace salaries for all counties except for Maricopa County. The Treasurer's Office requires a supplemental appropriation from the General Fund for accumulated unpaid Justice of the Peace salary invoices from FY 2011 and FY 2012. Much of this amount is attributed to an audit which discovered that La Paz County had failed to bill the State for Justice of the Peace salaries.

| Funding      | FY 2013 |
|--------------|---------|
| General Fund | 116.9   |
| Issue Total  | 116.9   |

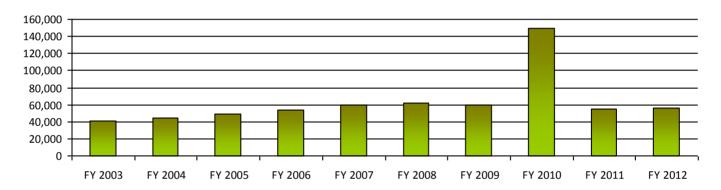

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

# **Arizona Board of Regents**

The Arizona Board of Regents is the governing body for Arizona's three state universities. Consistent with its constitutional authority, the Board makes planning and policy decisions regarding the state universities. The Board hires the university presidents and the president for the Board, to whom the Board assigns the responsibility of management. The Board is the legal entity responsible for the universities and accounts to the legislative and executive branches of government for the resources appropriated to the universities and the Board.

| Performance Funding | 7,694.5  |
| Soft Capital        | 10,826.0 |
| Parity Funding      | 10,222.2 |
| Total               | 28,742.7 |

### **Major Executive Initiatives and Funding Recommendations**

#### **Performance Funding**

The Board of Regents (ABOR) created a performance funding model used to allocate a requested university systemwide increase. This performance model uses degree production, research expenditures and credit hours as metrics for distribution of performance funding.

The Executive recommends an increase to the university system of 10% incrementally over the next three years to reward performance. The increase in FY 2014 will be calculated using 10% of the current fiscal year's base appropriation, divided over three years and added to the universities' General Fund appropriation.

Additionally, the recommended increase will require a two-to-one match from the universities. For FY 2014, 10% of the FY 2013 base is \$69.0 million. The first year of performance funding is \$23.0 million. Of the \$23.0 million, \$15.3 million will be new General Fund appropriation to the university system and \$7.7 million will be carved out of the universities' base General Fund appropriation. The \$7.7 million from the base will be distributed among the universities based on the total percentage of General Fund appropriation in FY 2013.

The Executive recommends a net General Fund increase of \$7.9 million to Arizona State University's Tempe campus, based on the performance model's allocation. ASU's FY 2013 base appropriation was 49.9% of the total university system General Fund appropriation; thus, \$3.8 million was carved out of its base for matching redistribution. Using the ABOR-developed performance funding model, ASU receives \$12.6 million of the total \$23.0 million. Of ASU's net General Fund increase of \$8.7 million, \$7.7 million is allocated to ASU Tempe.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 7,694.5 |
| Issue Total  | 7,694.5 |

#### **Soft Capital Investment**

"Soft capital" refers to items not permanently attached to a building, such as furniture, computers and lab equipment. To address soft capital needs, the Executive recommends appropriating \$20.0 million to the university system in FY 2014, to be allocated based on each university's percentage of the system's total enrollment. This appropriation is not intended to become a part of the universities' base appropriation. Pursuant to the recommended allocation, ASU will receive \$10.8 million for soft capital funding in FY 2014.

| Funding      | FY 2014  |
|--------------|----------|
| General Fund | 10,826.0 |
| Issue Total  | 10,826.0 |

Agency Operating Detail ASU - Tempe 377

### **Parity Funding**

In FY 2012, the State began providing additional funding to ASU and Northern Arizona University to address the disparity in per full-time equivalent student funding within the university system. A study commissioned by the Board of Regents calculated the disparity between ASU and the University of Arizona to be \$59.9 million and the disparity between UA and NAU at \$16.5 million. Together, the disparity totals \$76.4 million.

The Legislature appropriated \$15.3 million in FY 2013 as the first year of a five-year phase-in period. Of the \$15.3 million appropriated, \$12.0 million was distributed to ASU and \$3.3 million was distributed to NAU. The Executive recommends an increase of \$10.2 million to ASU Tempe's General Fund appropriation to fulfill the second year of parity funding.

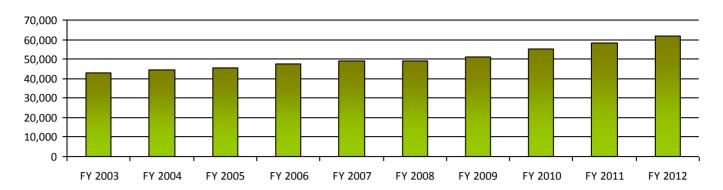

| Funding      | FY 2014  |
|--------------|----------|
| General Fund | 10,222.2 |
| Issue Total  | 10,222.2 |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

### **Major Executive Initiatives and Funding Recommendations**

#### **Performance Funding**

The Board of Regents (ABOR) created a performance funding model used to allocate a requested university systemwide increase. This performance model uses degree production, research expenditures and credit hours as metrics for distribution of performance funding.

The Executive recommends an increase to the university system of 10% incrementally over the next three years to reward performance. The increase in FY 2014 will be calculated using 10% of the current fiscal year's base appropriation, divided over three years and added to the universities' General Fund appropriation.

Additionally, the recommended increase will require a two-to-one match from the universities. For FY 2014, 10% of the FY 2013 base is \$69.0 million. The first year of performance funding is \$23.0 million. Of the \$23.0 million, \$15.3 million will be a new General Fund appropriation to the university system, and \$7.7 million will be carved out of the universities' base General Fund appropriation. The \$7.7 million from the base will be distributed between the universities based on the total percentage of General Fund appropriation in FY 2013.

The Executive recommends a net General Fund increase of \$489,300 to Arizona State University's Polytechnic Campus, based on the performance model's allocation. ASU's FY 2013 base appropriation was 49.9% of the total university system General Fund appropriation; thus, \$3.8 million was carved out of its base for matching redistribution. Using the ABOR-developed performance funding model, ASU receives \$12.6 million of the total \$23.0 million. Of ASU's net General Fund increase of \$8.7 million, \$489,300 is allocated to ASU's Polytechnic Campus.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 489.3   |
| Issue Total  | 489.3   |

#### **Parity Funding**

In FY 2012, the State began providing additional funding to ASU and Northern Arizona University to address the disparity in per full-time equivalent student funding within the university system. A study commissioned by the Board of Regents calculated the disparity between ASU and the University of Arizona to be \$59.9 million and the disparity between NAU and UA at \$16.5 million. Together, the disparities total \$76.4 million.

The Legislature appropriated \$15.3 million in FY 2013 as the first year of a five-year phase-in period. Of the \$15.3 million appropriated, \$12.0 million was distributed to ASU and \$3.3 million was distributed to NAU. The Executive recommends an increase of \$1.7 million to ASU Polytechnic's General Fund appropriation to fulfill the second year of parity funding.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 1,748.9 |
| Issue Total  | 1,748.9 |

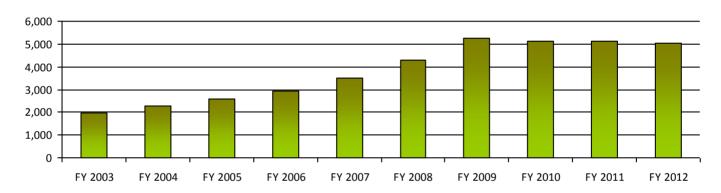

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

### **Major Executive Initiatives and Funding Recommendations**

#### **Performance Funding**

The Board of Regents (ABOR) created a performance funding model used to allocate a requested university systemwide increase. This performance model uses degree production, research expenditures and credit hours as metrics for distribution of performance funding.

The Executive recommends an increase to the university system of 10% incrementally over the next three years to reward performance. The increase in FY 2014 will be calculated using 10% of the current fiscal year's base appropriation, divided over three years and added to the universities' General Fund appropriation.

Additionally, the recommended increase will require a two-to-one match from the universities. For FY 2014, 10% of the FY 2013 base is \$69.0 million. The first year of performance funding is \$23.0 million. Of the \$23.0 million, \$15.3 million will be a new General Fund appropriation to the university system, and \$7.7 million will be carved out of the universities' base General Fund appropriation. The \$7.7 million from the base will be distributed among the universities based on the total percentage of General Fund appropriation in FY 2013.

The Executive recommends a net General Fund increase of \$554,100 to ASU West, based on the performance model's allocation. ASU's FY 2013 base appropriation was 49.9% of the total university system General Fund appropriation; thus, \$3.8 million was carved out of its base for matching redistribution. Using the ABOR-developed performance funding model, ASU receives \$12.6 million of the total \$23.0 million. Of ASU's net General Fund increase of \$8.7 million, \$554,100 is allocated to ASU West.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 554.1   |
| Issue Total  | 554.1   |

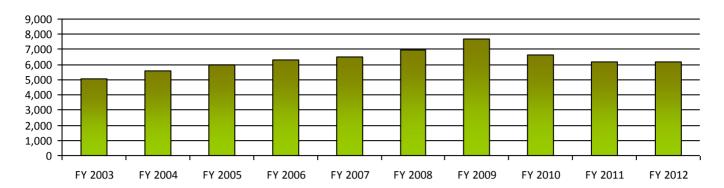

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

## **Northern Arizona University**

Founded in 1899, Northern Arizona University is a vibrant community committed to teaching as learning, research as innovation, and service as shared leadership.

Accredited by the North Central Association of Colleges and Schools, the university embraces diversity and promotes inclusion across the university community as a means to prepare graduates to contribute to the social, economic, and environmental needs of a culturally rich society. It inspires students to become active citizens, leaders, visionaries, and problem solvers with an understanding of global issues.

Northern Arizona University is a part of the Arizona University System and embraces its vision of being a "topperforming state university system, nationally recognized for excellence in academic and research pursuits that support and stimulate a growing vibrant economy and a high quality of life for Arizonans."

In addition to integrating sustainability themes across curriculum, Northern Arizona University's beautiful 740 acre campus models sustainable operations through multi-modal transportation, environmentally responsible waste disposal, energy-efficient green construction, and sustainability in food procurement. In August 2011, the university was awarded a silver rating from the Sustainability, Tracking, Assessment and Rating System (STARS).

With a growing enrollment over 26,000 students from all 50 states and 61 countries, Northern Arizona University reaches out to students regionally with satellite campuses and opportunities for distance learning. From its inception, NAU has implemented innovative and accountable teaching practices, including the effective use of technology.

### **Major Executive Initiatives and Funding Recommendations**

#### **Performance Funding**

The Board of Regents (ABOR) created a performance funding model used to allocate a requested university system-wide increase. This performance model uses degree production, research expenditures and credit hours as metrics for distribution of performance funding.

The Executive recommends an increase to the university system of 10% incrementally over the next three years to reward performance. The increase in FY 2014 will be calculated using 10% of the current fiscal year's base appropriation, divided over three years and added to the universities' General Fund appropriation.

Additionally, the recommended increase will require a two-to-one match from the universities. For FY 2014, 10% of the FY 2013 base is \$69 million. The first year of performance funding is \$23 million. Of the \$23 million, \$15.3 million will be new General Fund appropriation to the university System, and \$7.7 million will be carved out of the universities' base General Fund appropriation. The \$7.7 million from the base will be distributed among the universities based on the total percentage of the General Fund appropriation in FY 2013.

The Executive recommends a net General Fund increase of \$3.5 million to NAU based on the performance model's allocation. NAU's FY 2013 base appropriation was 16.8% of the total university system General Fund appropriation; thus, \$1.3 million was carved out of its base for matching redistribution. Using the ABOR-developed performance funding model, NAU receives \$4.7 million of the total \$23 million.

| General Fund | 3,471.2 |
| Issue Total  | 3.471.2 |

### **Soft Capital Investment**

"Soft capital" refers to items not permanently attached to a building, such as furniture, computers and lab equipment. To address soft capital needs, the Executive recommends appropriating \$20 million to the university system in FY 2014, to be distributed based on each campus's percentage of total system enrollment. This appropriation is not intended to become a part of the base appropriation for universities. The Executive recommends appropriating \$3.4 million to NAU in FY 2014 to address soft capital expenditure needs.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 3,426.0 |
| Issue Total  | 3.426.0 |

#### **Parity Funding**

In FY 2012, the State began providing additional funding to ASU and Northern Arizona University to address the disparity in per full-time equivalent student funding within the university system. A study commissioned by the Board of Regents calculated the disparity between ASU and the University of Arizona to be \$59.9 million and the disparity between UA and NAU at \$16.5 million. Together, the disparity totals \$76.4 million.

The Legislature appropriated \$15.3 million in FY 2013 as the first year of a five-year phase-in period. The Executive recommends an increase of \$3.3 million to NAU's General Fund appropriation to fulfill the second year of parity funding.

# **University of Arizona - Main Campus**

The University of Arizona in Tucson, including branch campuses in Sierra Vista and downtown Phoenix, is a land-grant, doctoral research university. Its research and development expenditures place it among the nation's top public universities and it is a member of the Association of American Universities. It offers a broad array of programs leading to degrees from baccalaureate through the doctorate. It has a total student body enrollment of 40,223 full-time and part-time students. As a land-grant university, it maintains programs in production agriculture, mining, and engineering and serves the State through its cooperative extension services, technology transfer, economic development assistance, distributed education, and cultural programming. The University provides distinguished undergraduate, graduate, and professional education; excels in basic and applied research and creative achievement; and promotes the integration of these activities and outcomes into advancement of Arizona's economy.

### **Major Executive Initiatives and Funding Recommendations**

#### **Performance Funding**

The Board of Regents (ABOR) created a performance funding model used to allocate a requested university systemwide increase. This performance model uses degree production, research expenditures and credit hours as metrics for distribution of performance funding.

The Executive recommends an increase to the university system of 10% incrementally over the next three years to reward performance. The increase in FY 2014 will be calculated using 10% of the current fiscal year's base appropriation, divided over three years and added to the universities' General Fund appropriation.

Additionally, the recommended increase will require a two-to-one match from the universities. For FY 2014, 10% of the FY 2013 base is \$69 million. The first year of performance funding is \$23.0 million. Of the \$23.0 million, \$15.3 million will be new General Fund appropriation to the university system and \$7.7 million will be carved out of the universities' base General Fund appropriation. The \$7.7 million from the base will be distributed among the universities based on the total percentage of General Fund appropriation in FY 2013.

The Executive recommends a net General Fund increase of \$3.1 million to UA, based on the performance model's allocation. UA's FY 2013 base appropriation was 33.3% of the total university system General Fund appropriation; thus, \$2.6 million was carved out of its base for matching redistribution. Using the ABOR-developed performance funding model, UA receives \$5.7 million of the total \$23.0 million.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 3,133.5 |
| Issue Total  | 3.133.5 |

#### **Soft Capital Investment**

"Soft capital" refers to items not permanently attached to a building, such as furniture, computers and lab equipment. To address soft capital needs, the Executive recommends appropriating \$20.0 million to the university system in FY 2014, to be distributed based on each campus's percentage of total system enrollment. This appropriation is not intended to become a part of the base appropriation for universities. The Executive recommends appropriating \$5.7 million to UA in FY 2014 to address soft capital expenditure needs.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 5,748.0 |
| Issue Total  | 5.748.0 |

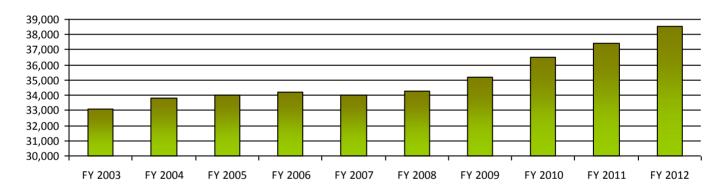

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

The Executive recommends a lump-sum appropriation to the agency with special lines.

# **University of Arizona - Health Sciences Center**

The Arizona Health Sciences Center (AHSC) in Tucson is the State's only academic health sciences center. It provides the State and its people education, research, patient care, and services through its Colleges of Medicine, Nursing, Pharmacy, Public Health, Phoenix Bio-Medical Campus, University Medical Center, and university physicians. AHSC serves as the core of a broad network of State-wide health services, health education, health restoration, health promotion, and illness prevention.

| Total                                   | 8,000.0 |

### **Major Executive Initiatives and Funding Recommendations**

#### **Increasing Medical Education in Arizona**

The Executive recommends appropriating \$8.0 million to the Phoenix Biomedical Campus at UA. This base increase to the UA budget will provide sufficient capacity to support the student body expansion to 80 students per year. Included in this appropriation are 45 new positions, specifically: 12.12 teaching faculty; 12.5 educational support staff; 3.2 simulation center staff; 12.5 building, facilities, security and IT staff; and 4.5 administrative support staff. Also included in this appropriation increase is operational support, such as IT support, anatomy lab supplies, additionally library subscriptions, and simulation center operations support.

| Funding      | FY 2014 |
|--------------|---------|
| General Fund | 8,000.0 |
| Issue Total  | 8,000.0 |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

The Executive recommends a lump-sum appropriation to the agency with special lines.

# **Department of Veterans' Services**

The core business of the Arizona Department of Veterans' Services (ADVS) is assisting veterans and their eligible dependents obtain federal entitlements, such as VA claims for disability, pension and insurance. All other agency services are derived from this central premise. Advocating for veterans to access their rightful benefits has a stabilizing effect on the Arizona economy. Federal funds entering into the Arizona economy as a direct result of its veteran population totaled \$2.79 billion in 2012.

ADVS's largest Division is the Arizona State Veteran Home Program, with Homes operating in Phoenix and Tucson. The Phoenix Home is a self-funded skilled nursing facility that provides long-term care services to veterans and their spouses. The Tucson Home opened on Veterans' Day 2011 and received its last critically-required survey June 12, 2012 to become fully operational.

The Department also serves as financial guardian and/or conservator to incapacitated veterans and their eligible dependents. ADVS operates a state veteran cemetery in Sierra Vista. The agency is designated as the State Approving Agency, working with institutions that provide education and training to veterans with educational benefits. It administers the Military Family Relief Fund to support Arizona veterans and their families with financial hardships due to their deployments to combat zones. A dedicated coordinator also monitors statewide services to eliminate homelessness amongst Arizona veterans.

# **State Veterinary Medical Examining Board**

The Board is responsible for licensing veterinarians, certifying veterinary technicians, licensing veterinary medical premises, and licensing animal crematories. The Board administers examinations for veterinarians and veterinary technicians, inspects all fixed locations for veterinary medical premises and animal crematories, investigates complaints and violations, and takes appropriate regulatory disciplinary action to ensure the public's protection.

| Total              | 14.0    | 39.9    |

### **Major Executive Initiatives and Funding Recommendations**

#### **Addition to Staff**

The Board is at the limit of its capacity in meeting workload demands and performing all necessary inspection activities. To improve customer service and increase inspection capabilities, the Executive recommends an increase for filling a vacant 0.5 FTE position beginning in FY 2015.

| Funding                                 | FY 2014 | FY 2015 |
|---|---------|---------|
| Veterinary Medical Examiners Board Fund | 0.0     | 24.9    |
| Issue Total                             | 0.0     | 24.9    |

#### **IT Updates**

As the Board modernizes and transitions to more automated processes, several information technology updates are necessary. First, the Board will be required to pay its share for required updates to accommodate cabling and hardware for the AZNet II upgrade. Second, an additional appropriation is needed to replace an obsolete database, which will result in improved automated transactions with the customer. The database is expected to be completed in FY 2014, with other functions and system capabilities added in FY 2015. Third, the Board requires a high-capacity scanner that will allow for paperless tracking and improved efficiency. The Executive recommends these updates for FY 2014 and FY 2015.

| Funding                                 | FY 2014 | FY 2015 |

| Issue Total                             | 14.0    | 15.0    |

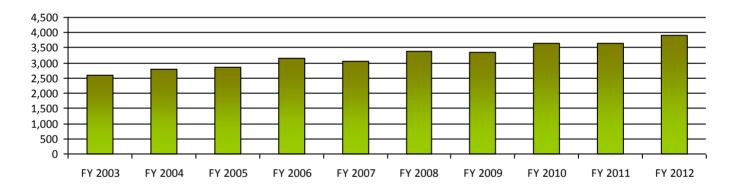

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

# **Department of Water Resources**

The Department of Water Resources administers all state water laws except those laws relating to water quality. Primary responsibilities include implementing the Groundwater Code, supporting the adjudication of water rights, ensuring the safety of dams, managing floods, implementing surface water laws, surveying water resources statewide, and assessing water quality in conjunction with the Department of Environmental Quality.

#### **Baseline Recommendations**

#### **Contractual Rent Increase**

The Executive recommends an increase in FY 2015 to the Department's General Fund appropriation to account for contractual private rent increases.

| Funding      | FY 2014 | FY 2015 |
|--------------|---------|---------|
| General Fund | 0.0     | 229.3   |
| Issue Total  | 0.0     | 229.3   |

#### **Fund Shift**

The Executive recommends a one-time increase to the Water Resources Fund and decrease to the Department's General Fund appropriation to offset an excessive fund balance.

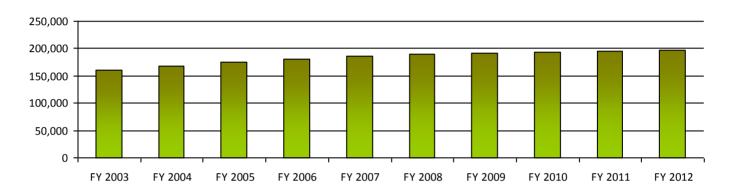

| Funding              | FY 2014   | FY 2015 |
|----------------------|-----------|---------|
| Water Resources Fund | 2,359.6   | 0.0     |
| General Fund         | (2,359.6) | 0.0     |
| Issue Total          | 0.0       | 0.0     |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

The Executive recommends a lump-sum appropriation to the agency.

# **Department of Weights and Measures**

The Department of Weights and Measures ensures that every commercial device used for the sale of commodities by either weight, measure or count is licensed and accurate for its intended use; ensures by way of random inspections that such commodities are properly labeled and priced in conformance with state rules and regulations; maintains custody of the state's primary standards and keeps an accurate record of all standards and equipment; collects samples of motor fuel that is stored, sold, exposed or offered for sale to determine if such motor fuel meets the required standards; inspects all mandated Stage I and Stage II vapor recovery systems in the state to determine if such systems are in compliance with the law.

#### **Major Executive Initiatives and Funding Recommendations**

#### **Metrology Laboratory Replacement of Equipment**

The Department is responsible for the State Metrology Lab, which is one of 19 labs nationwide that are certified by the National Institute of Standards and Technology (NIST). This certification provides Arizona businesses in fields such as aerospace and engineering an approved standard against which they calibrate standards they use in their manufacturing processes.

In order to maintain that certification, the Department's lab must have precise equipment in a temperature, humidity and vibration-controlled environment. Accordingly, the Executive recommends replacement humidifiers and a vibration-reduction pad for large mass scales in the Metrology Lab.

Additionally, several pieces of lab equipment are outdated and no longer supported with replacement parts by the manufacturer. These include three scales in its Tolerance Lab and ten one-gallon test measures for field use.

The Executive recommends a one-time General Fund appropriation to purchase this equipment.

| Funding      | FY 2014 | FY 2015 |
|--------------|---------|---------|
| General Fund | 86.5    | 0.0     |
| Issue Total  | 86.5    | 0.0     |

#### **Two Zeltex Motor Fuel Analyzer Devices**

Zeltex motor fuel analyzers allow the Department to field-test fuel samples for oxygen content. An inspector who does not have an analyzer is forced to bring samples into the central office for laboratory testing, thereby increasing travel time away from inspections and costing the Department more per sample than testing in the field. The Department's inspectors are cross-trained and inspect multiple types of businesses in a given day. The Department has only 13 Zeltex fuel analyzers for its 15 inspectors who perform fuel sampling. The Executive recommends onetime funding of \$20,900 from the Air Quality Fund for two Zeltex devices.

#### **Baseline Recommendations**

#### **One-time Vehicle Replacement**

The Executive recommends a reduction of (\$275,000) to back out a one-time FY 2013 appropriation for the Department to purchase a large truck used to test truck, contractor, freight and other large commercial scales.

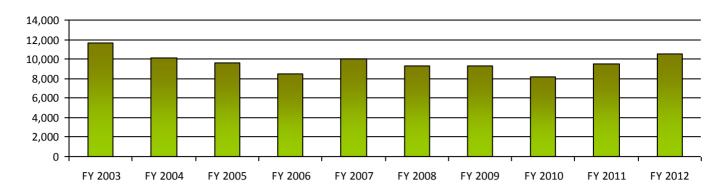

| Funding      | FY 2014 | FY 2015 |

| Issue Total  | (275.0) | (275.0) |

Standard adjustments for rent, risk management, retirement contributions, health and dental insurance premiums, health and dental insurance premium holidays, and the FY 2013 pay raise are not included in the amounts listed in this section. The recommended standard adjustment changes are included as part of the Executive Budget recommendation, but are shown in a separate section near the back of this book, immediately following the section for the Department of Weights and Measures.

# **Proposed Legislative Changes**

The following changes are needed to implement the FY 2014 Executive Budget Recommendation

#### Statewide

#### Five-Year Strategic Plan

In statute, require all executive agencies to submit a five-year strategic plan.

### Administration, Department of

#### **Automations Operations Fund**

As session law, allow the Department to use all revenues received by the Automations Fund.

#### COSF Reform

In statute, clarify that Capital Outlay Stabilization Fund (COSF) rent must be paid only for buildings for which ADOA provides operational and/or maintenance services.

#### **Delayed Benefits**

In statute, eliminate the current 90-day waiting period for State employee benefits.

#### Motor Pool Revolving Fund

As session law, allow the Department to use all revenues received by the Motor Pool Revolving Fund.

#### Pro Rata Assessment Adjustment

As session law, change the pro-rata assessment on personal services for the State Personnel System agencies from 1.1% to 0.98%.

#### **Settlement Authority**

As session law, authorize the Department to use the Risk Management Revolving Fund to settle any debts owed to the federal government due to fund transfers and disallowed charges

#### **Surplus Property Sales Proceeds**

As session law, allow Surplus Property Management Office to expend revenues it receives in excess of its appropriation.

#### Web Portal Revenue Collection

In statute, deposit to the Web Portal Fund all fees from the sales of Motor Vehicles Division record copies.

### Agriculture, Department of

#### **Continue Authority to Raise Fees**

As session law, continue to allow the Director to raise fees and exempt them from rulemaking.

#### **AHCCCS**

#### **Adult Expansion**

The Executive recommends expanding adult AHCCCS coverage to 133% of FPL, and modifying statute accordingly.

#### **AHCCCS Reimbursement Rate Reduction: Continuation**

As session law, continue the 5%t reduction in payments for institutional and non-institutional services that was in effect on October 1, 2011.

#### **CMDP Eligibility**

Under changes in the ACA, raise to 26 the age limit for children in foster care receiving AHCCCS coverage under the Comprehensive Medical and Dental Program (CMDP).

#### Children's Expansion

Among the changes in the Affordable Care Act (ACA) is an expansion of eligibility for children from 100% of the federal poverty level (FPL) to 133%, which was not made optional by the Supreme Court decision in *NFIB v. Sibelius*. State law should be modified accordingly.

#### **County Acute Care Contributions**

As session law, require counties to contribute \$50.5 million, through the Disproportionate Uncompensated Care (DUC) Pool and county acute contributions, for the AHCCCS Acute Care program.

#### **County ALTCS Contributions**

As session law, require counties to contribute a total of \$247.3 million for the AHCCCS Arizona Long-term Care System.

### **County Expenditure Limitations**

As session law, exempt from the county expenditure limitations all county payments that are deposited in the Budget Neutrality Compliance fund for Proposition 204 administration.

#### **Disproportionate Share Hospital**

As session law, cap the disproportionate share (DSH) payments, through December 31, 2013, from the Maricopa Special Health Care District at \$89.9 million and set the DSH payment to the Arizona State Hospital at \$28.5 million and private hospitals at \$9.3 million. Effective January 1, 2014, set the Maricopa Special Health Care District DSH payments at \$89.9 million but allow the payment to grow (as approved prior to FY 2012).

#### **Local and Tribal Spending**

As session law, continue provisions of Laws 2011, Ch. 234 allowing local and tribal governments to provide the state match necessary to draw down federal monies through December 31, 2013.

# Managed Care Organization Risk Contingency and Administrative Funding

As session law, in the capitation rates paid to the health plans, continue the reduction from 2% to 1% in risk contingency and from 8.5% to 8% in administrative allowance.

#### Outliers

In statute, authorize AHCCCS until September 30, 2014 (rather than September 30, 2013) to continue to pay extraordinarily expensive costs through its outlier methodology.

#### **Redetermination Period**

Under changes in the ACA, State law should be changed to redetermine all AHCCCS members for eligibility annually.

### Athletic Training, Board of

#### FY 2012 Expenses

As session law, allow the Board to expend \$4310f its FY 2014 appropriation for expenses incurred in FY 2012.

### **Community Colleges**

#### Community College Capital Funding Formula

As session law, suspend the Capital Outlay State Aid formula.

### Corrections, Department of

#### **AIMS Replacement**

As session law in FY 2014, allow the use of the DOC Revolving Fund for the replacement of the Adult Inmate Management System (AIMS).

### **Corrections Fund Transfer**

In statute, annually transfer \$2.5 million of Corrections Fund revenue to the DOC Building Renewal and Preventive Maintenance Fund.

#### One-Time Fund Transfer

As session law in FY 2014, make a one-time balance transfer of \$750,000 from the Corrections Fund, \$6 million from Prison Construction and Operations Fund, and \$1.25 million from the State Charitable, Penal, and Reformatory Land Fund to the DOC Building Renewal and Preventive Maintenance Fund.

### Yuma Prison Building Repair

As session law, make the \$8 million appropriation from the DOC Building and Preventive Maintenance Fund, for repairing the buildings at the Cheyenne Unit, non-lapsing.

#### **Criminal Justice Commission**

### Drug and Gang Prevention Resource Center Fund

In statute, permanently divert to the Public Safety Equipment Fund all revenues in excess of \$235,500.

#### State Aid to Indigent Defense Fund

In statute, permanently divert to the Public Safety Equipment Fund all revenue deposited into the State Aid to Indigent Defense Fund; transfer to the Public Safety Equipment Fund the remaining balance in the State Aid to Indigent Defense Fund; and eliminate the State Aid to Indigent Defense Fund.

### Economic Security, Department of

#### Arizona Long Term Care System Fund

As session law, continue the provision allowing the Department to utilize excess Arizona Long Term Care System Fund monies for any operational or programmatic expenses in FY 2014.

#### Child Care Assistance Adjustments

As session law, continue the provision allowing the Department to reduce maximum eligibility levels for child care assistance in order to manage within available funds.

#### Child Care Development Fund

As session law, authorize the Department to expend Child Care Development Fund revenues in excess of \$118 million in FY 2014.

#### Child Support Enforcement Fund

As session law, continue to authorize the Department to expend Child Support Enforcement Fund retained earnings, fees and federal incentives in excess of \$13.2 million.

#### **Domestic Violence Prevention Fund**

As session law, continue to authorize the Department to expend Domestic Violence Prevention Fund revenues in excess of \$2.2 million.

### Education, Department of

#### Additional Assistance, Lump-Sum Reduction

As session law, continue \$9.9 million in lump-sum reductions to charter school Additional Assistance.

#### **AELAS Fee**

As session law, continue to require community colleges and universities to transfer \$6.00 per Full Time Student Equivalent to the Arizona Department of Education by December 1, 2013, for deposit into the Education Learning and Accountability Fund. Require ADE to transfer all monies in the Fund (including the prior-year fund balance and new revenue) to the Automation Projects Fund at the Department of Administration.

#### **Common Core Implementation**

As session law, increase the district and charter Additional Assistance per-pupil amount by \$37.70 in FY 2014. Monies shall be spent on implementation of Common Core State Standards and preparation for the Partnership for Assessment of Readiness for College and Careers (PARCC) exams, including teacher stipends for professional development, curriculum, and instructional materials aligned to the new standards, and technology and equipment that support implementation of the new standards and exams.

#### **Deferral of State Aid**

As session law, continue the deferral of School District State Aid in the amount of \$952.6 million.

#### **Early Graduation Funding**

As session law, continue to suspend new funding for the Early Graduation Scholarship program.

#### Inflation Adjustment

In statute, increase by 1.8% the transportation funding levels prescribed in A.R.S. § 15-945(A)(5) and the charter school Additional Assistance amounts prescribed in A.R.S. § 15-185(B)(4).

#### Joint Technical Education District Funding

As session law, continue limiting JTED funding to 91%.

### K-12 Formula Simplification

In statute, eliminate the Capital Outlay Revenue Limit (CORL) and the Soft Capital Allocation (SCA) and consolidate the two allocations into one per-pupil allocation titled "Additional Assistance." The new Additional Assistance allocation for school districts will have the same provisions as CORL in the existing formula.

#### **School District Capital Lump-Sum Reductions**

As session law, continue \$31.1 million in lump-sum reductions to the new school district additional assistance allocation.

### Emergency & Military Affairs, Department of

### Military Installation Fund

As session law, continue to reduce the statutory appropriation to the military Installation Fund by \$4,825,000.

### Environmental Quality, Department of

#### Reduce WQARF Appropriation

As session law, continue to decrease the General Fund appropriation to the Water Quality Assurance Revolving Fund from \$15 million to \$9.7 million.

### Regulated Substance Fund Administrative Expenditures

As session law, allow the Department to utilize up to \$1.2 million from the Regulated Substance Fund in FY 2014 for administrative expenditures.

#### Safe Drinking Water

As session law, continue to appropriate Emissions Inspection Fund monies to the Safe Drinking Water Program.

#### Underground Storage Tank Revolving Fund Cap

As session law, suspend the administrative cap on the Underground Storage Fund and allow the Department to use up to \$6.2 million from the Regulated Substance Fund for administrative costs.

### Financial Institutions, Department of

#### **Agency Restructure**

In statute, create the Financial Institutions Fund for the depositing of Department-collected fees except mortgage assessment fees. The fund's appropriation will include the previous General Fund and Financial Services Fund spending authority, with additional appropriation authority to recognize the elimination of non-appropriated funding sources. Eliminate the Banking Revolving Fund and the Financial Services Fund and set yearend balance caps of \$1 million on the Financial Institutions Fund and \$2 million on the Receivership Fund.

#### **Financial Services Fund Transfer**

As session law, by June 30, 2013, transfer \$1 million into the Financial Institutions Fund from the Financial Services Fund to ensure an adequate beginning balance for FY 2014.

#### **Banking Revolving Fund Transfer**

As session law, transfer \$850,000 into the Financial Institutions Fund from the Banking Revolving Fund to complete the renovation of an e-licensing system within the changes to the Department's new fund structure.

### Fire, Building and Life Safety, Department of

#### Fee Revenue Allocation

In statute, create the Building and Safety Regulation Fund, deposit into the Fund all fees collected by the Department, and allow all deposited fees to be used for Department operations.

### Health Services, Department of
